DECLARATION OF GENEVA

At the time of being admitted as Member of the Medical Profession,

I solemnly pledge myself . . . to consecrate my life to the service of humanity.

I will give to my teachers . . . the respect and gratitude which is their due.

I will practice my profession with conscience and dignity.

The health of my patient will be my first consideration.

I will respect the secrets which are confided in me.

I will maintain by all the means in my power . . . the honor and noble traditions of the medical profession.

My colleagues will be my brothers and sisters.

I will not permit consideration . . . of religion, nationality, race, party politics or social standing . . . to intervene between my duty and my patient.

I will maintain the utmost respect for human life.

Even under threat, I will not use my medical knowledge contrary to the laws of humanity.

I make these promises solemnly, freely and upon my honor.
