

MIZZOU WEEKLY

University of Missouri-Columbia

September 20, 1985

Root out information about soybean transfusions and farm inventions at Agronomy Days Sept. 20 and 21. See calendar on page 4.

Employee programs introduced

Manager of Training and Development announces new programs for employees.

Susan Bliss, manager of Training and Development in Personnel Services, reported on new programs at the Sept. 12 Staff Advisory Council meeting.

A program called "Real People" instructs employees in communication techniques with customers and fellow workers, coping skills for trying situations and stress management.

"We need to have a service orientation, and to help people deal with customers and patrons," Bliss says. "We can bolster employees with ideas. They can learn to say things to people to help manage stressful situations." She also believes the program will help employees across campus be-

come better acquainted.

Starting in November, Bliss and her staff plan to repeat last year's popular lunch-bag seminars. Topics of the 11 a.m. to 1 p.m. sessions will include working parents, including community services for older children.

In conjunction with the seminars, an April Resource Fair will provide information on day camps, baby-sitting services and other community resources for children of working parents.

For employees interested in improving job performance, a new service will be provided this year. Bliss and her staff will assemble a drop-in center in Training and Development's new office in the Elm Street Building where employees may view 30-minute videotapes on telephone skills, creative problem-solving, dealing with difficult people and thinking like a manager. The ultimate goal of the center, Bliss says, is to provide tapes that employees may view at home. "We're looking for alternatives to classroom instruction, since some people just can't make it to a class."

The Adult Learning Program is designed for employees who want to improve basic math, reading and writing skills. They also can use the class as a study guide to earning their GED, or high school equivalency. The class started Sept. 17 and meets from 4:30 to 7 p.m. Tuesdays and Thursdays in 2 Johnston Hall.

Bliss also announced that New Employee Orientation will be held from 9 to 11 a.m. in the Elm Street Building the first and third Wednesday of each month.

In other business, the communications committee's fall

newsletter has been approved by Chancellor Barbara S. Uehling, announced Donna Turner, computer programmer I for Missouri Testing and Evaluation Services. Comments and suggestions from staff members will be welcome. The newsletter will be distributed by the end of September. (See related story on Page 2.)

Carol McAllister, assistant manager of Parking Operations, reported that Jim Joy, manager of Parking Operations, would be willing to discuss parking fees with the council. Chair Wilfred "Butch" Tolson, manager of patient admissions, said that Joy would be extended an invitation in the near future.

Martha Magill, senior academic adviser in Arts and Science, reported that the staff benefits and development committee had drafted a letter to be sent to UM personnel services and staff relations regarding educational assistance for employees' children. The letter states that by extending the assistance to employees' children, potential good students would choose to attend the University instead of going elsewhere for a college education. Also, faculty and staff who leave for higher salaries elsewhere might choose to stay because of the assistance.

The letter will next be sent to Faculty Council for its approval of joint participation in recommending the assistance program. Results of staff advisory council nominations were announced by Jim Bonuchi, mechanical trades specialist/electrician. A total of 54 people from the secretarial/clerical category have been nominated, 31 from administrative/professional, three from crafts/maintenance, and two from technical/paraprofessional.

Dedication opens new Health Sciences Library

Library dedication honors benefactor J. Otto Lottes, who donated \$1 million.

Larry Boehm photos

University officials gathered Friday with faculty, staff, students and guests to dedicate the J. Otto Lottes Health Sciences Library.

"It is an aesthetically inspiring building," University President C. Peter Magrath said. "It is built with imagination, loyalty, intellect, creativity and generosity of human spirit."

To the 350 people attending the event, UMC Chancellor Barbara S. Uehling said Lottes' contribution is "the largest gift any living individual has ever given to UMC. He has shown us the way."

The \$5 million library is named for J. Otto Lottes, a retired St. Louis orthopedic surgeon, who in 1979 gave 3,200 acres of Wayne County, Mo., land valued at about \$1 million.

"If it wasn't for Missouri U, I wouldn't be here today," said Lottes, expressing his loyalty to his alma mater. "They took me with nothing and gave me an education."

A 1935 graduate of the University School of Medicine, Lottes needed a part-time job to afford school during the Depression. When then Medical Dean Dudley Conley discovered Lottes was a soda-jerker at the Hopper-Pollard Drugstore downtown, Conley found the student a job as a night librarian in the medical school, a position that paid \$15.05 a month.

Later, Conley loaned Lottes his first year's tuition for the remaining two years of medical school at the University of Louisville and provided him the microscope required for all medical students.

Lottes is known worldwide for developing the Lottes Nail, a pin for correcting fractured tibias. The tibia is the long bone between the knee and ankle.

Lottes married Dorothy Cresswell Lottes

in 1940. They have one son, George, who is a scuba diving instructor at the University of North Carolina-Greensboro.

The 39,000-square-foot library is three times larger than the old one, built in 1956. With room for more than 400 users and space for 350,000 volumes, it will serve 1,650 health-related and other students annually.

Special features of the library include a rare-book room on the third floor, made possible by a \$150,000 gift from the Department of Surgery; a media services section with audiovisual equipment and 30 personal computers; and access through the Medline data base to the latest information transfers from the National Medical Library.

The three-story library has two atriums

which run the full length of the building on the north and south. The atriums achieve passive solar energy through daylighting, which maximizes natural light.

The library is the first combination of state and private funding on the University campus. A total of \$3.2 million came from state bond money, and \$1.8 million came from private sources. Included in the private figures is \$264,000 in contributions from UMC faculty and staff members.

More than 500 private gifts were received. Among the corporate gifts over \$30,000 were: Anheuser Busch Inc., St. Louis; General American Life Insurance, St. Louis; J.B. Reynolds Foundation, Kansas City; MFA Foundation, Columbia; and Smith Glynn Callaway Foundation, Springfield, Mo.

Dedication speaker Hugh Stephenson, professor of surgery, solicited J. Otto Lottes' \$1 million gift over a bowl of soup. To his right are Chancellor Barbara S. Uehling, Lottes, President C. Peter Magrath and Curator Doug Russell.

Orthopedic surgeon J. Otto Lottes, BS Med '35, stands in the atrium of the library that bears his name.

CLASSES RETURN TO MIDDLEBUSH

Classes were scheduled to return to Middlebush Auditorium Friday upon completion of some renovation projects.

Gray carpet accented with blue and beige stripes has been installed in the entrance area and aisles, and the wooden seats have been partially refurbished with Formica tablet arms and freshly painted ironwork. Sound-muffling material was installed in the ceiling around the air handling system equipment used for air conditioning and heating.

The graffiti-carved chair backs and seats were returned to the auditorium temporarily to allow classes to meet. The 12 classes moved to Jesse Auditorium earlier this semester will

return, while three others will continue meeting in Allen Auditorium. Deep-marine blue plastic chairs will be installed upon arrival during semester breaks or on weekends, says Donald Hoehle, assistant dean for administration in Business and Public Administration.

Another project scheduled for the auditorium is installation of a color video projector with a 10- or 12-foot screen to replace the television monitors that have been removed, Hoehle says. The equipment can project satellite transmissions and computer images, he says.

A new sound system and materials to be installed on the walls and near the stage will improve acoustics, Hoehle says. "The auditorium will look 100 percent better. It looked like the pits before."

BROILING BEEF REDUCES CHOLESTEROL

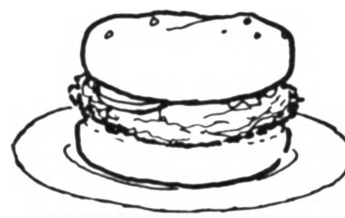

Cholesterol-conscious consumers may be wasting their money buying the leanest beef, as long as they're planning to cook it.

In a recent study, UMC researchers broiled 100-gram patties made from three common types of beef—regular, lean and extra lean. Kenneth Prusa and Karla Hughes, assistant professors of human nutrition, foods and food systems management, found that all three grinds contained an equivalent amount of cholesterol after broiling. The regular ground beef was higher in cholesterol than lean or extra lean grinds when raw.

Also, the burgers differed in fat

content by no more than 5 percent after cooking.

"Extra lean and lean ground beef lose about one-third of their raw weight after broiling, while regular ground beef loses an additional 4 percent or so. But for the price you're paying, the extra 4 percent isn't a very significant loss," Hughes says.

STAFF MEMBER GIVES 44 YEARS OF SERVICE

Doris Thomas, administrative secretary in the office of the associate dean for agricultural extension, retired Aug. 31 after 44 years of service.

She first joined the staff in 1939 and worked for 10 years. She returned in 1951 and worked for the University continuously until her retirement.

More than 175 friends and coworkers attended a reception in her honor Aug. 29.

Power plant energized

The Board of Curators approved a \$23.4 million budget for equipment expansion at the UMC power plant at the Sept. 12-13 meeting in Columbia.

Major items in the improvement package are a boiler and turbine-generator, which will provide a system that can burn Missouri's high-sulphur coal in an environmentally acceptable manner and make UMC one of the few energy-efficient campuses in the nation, says Duane Stucky, vice chancellor for Administrative Services.

Currently, UMC pays the city of Columbia \$1.7 million a year for supplemental power, since the UMC power plant's capacity does not meet campus energy requirements. With a new turbine-generator, UMC will meet its electrical needs, provide cheaper electricity and end the need for "load-shedding" during summer months. Funding will be provided by a \$23 million, 20-year revenue bond package borrowed by the University Development Corp., a not-for-profit corporation. The University will make the bond payments and lease the

equipment until the debt is retired. The equipment then will become the property of the University. The remaining financing of \$384,000 will come from power plant repair and renovation funds.

In other matters, the curators:

- Authorized the University to accept the low bid of \$5.4 million from HRB General Contractors Inc. of Jefferson City for construction of an agricultural engineering classroom and laboratory building on the Columbia campus. Construction funds were appropriated by the state this year.

- Approved offering a bachelor's degree program in religious studies at UMC. The program must now be considered by the state Coordinating Board for Higher Education.

- Endorsed a cooperative effort between the University and the Missouri Department of Elementary and Secondary Education to research ways to reduce dropout rates among high-school students.

- Accepted the gift of a \$200,000 dining hall for athletes and office complex for football coaches from UMC alumnus Tom N. Taylor of Dallas, Texas.

- Approved a recommendation by President C. Peter Magrath that eight university programs be selected for national and international eminence. (See related story in Sept. 13 Mizzou Weekly.)

Q. Is there a sidewalk planned for University property on Ashland Gravel Road between College Avenue and Stadium Boulevard? There is so much pedestrian traffic on the curvy street that it presents a hazard to both pedestrians and drivers.

A. There's a two-part solution to the problem, says Bill Ruppert, campus landscape architect. The short-term solution is laying a gravel path over the existing dirt path on the University-owned north and east edges of Ashland Gravel Road. The gravel path will be accessible to the handicapped, and should be completed sometime this school year.

The long-term solution is being supplied by the city of Columbia, Ruppert says. The city's five-year street improvement program includes the rebuilding of Ashland Gravel Road, complete with curbs, gutters, and paved sidewalks. Ruppert expects this to be done within three years.

Q. There's been a problem of people feeding the parking meters all day in lot WG11. This causes visitors conducting business at Lewis and Clark halls to park as far away as Jesse Hall. Why don't they put a 30-minute time limit on the parking meters at WG11 so visitors to Staff Benefits can have a place to park?

A. The problem will be alleviated, says Jim Joy, manager of Parking Operations, when the Staff Benefits office moves to the Elm Street Building where there is ample visitor parking. Putting a 30-minute limit on meters won't solve the problem because 30 minutes isn't enough time for visitors to conduct business, he says. Only staff members with stickers for the lot and visitors are allowed to use WG11.

Q. What is UMC policy regarding written requests for information? For example, federal government agencies and all other universities I have been associated with are required by law to provide a written reply within 10 days. Is there such a time limit at UMC?

A. There is no such policy for setting a time of response to information inquiries at UMC, says Connie Wood, associate director of Personal Services/Employee Relations. Normal procedure is to make every effort to respond to such inquiries within one week, she says.

Send your questions about campus matters to Mizzou Weekly, 1100 University Place. You must include your name and telephone number so we can reach you if necessary. Your name will not be published.

FOR RENT: Three bedroom house, large living room, dining room with fireplace, hardwood floors, two baths, basement, located at 902 Hitt St. \$450 a month. Call Residential Life, 882-7275.

Newsletter for staff

Donna Turner, computer programmer I for Missouri Testing and Evaluation Services, enjoys her role as a Staff Advisory Council member.

"I find it rewarding for other staff to come and ask me questions," she says. "I think it's important for them to come to us and let us know what they're thinking. We want to hear from the staff."

Late this month, Turner and other members of the communications committee will send the council's fall newsletter to all staff members.

The newsletter's purpose, Turner explains, is to inform staff of the council's history, purpose and accomplishments. It also features space for comments, questions and suggestions from staff members. Staff members' comments will be turned over to the appropriate Staff Advisory Council committee for study and action.

The September newsletter contains a brief council history, the names and duties of seven standing committees, three goals for this school year, information about council meetings, and the names and telephone numbers of all Staff Advisory Council members.

Two newsletters were produced by the communications committee last year, and Turner hopes that another one will be published in January.

Council members are: Wilfred "Butch" Tolson, chair, 882-8715; Martha Magill, 882-3005; Carol McAllister, 882-4568; and Jack Watring, 882-7201, all from administrative/professional.

Crafts/maintenance members are Jim Bonuchi, vice chair, 882-7111; Bob Derryberry, 882-7211; Gary Fields, 882-6789; and Mary Miller, 882-6815.

From secretarial/clerical are Kathleen Edwards, 882-4656; Jo Pflieger, recorder, 882-7347; Barbara Olson Smith, 882-3741; and Bonnie Bass, 882-6831.

Toni Gordon, 882-4788; Jeannette Jefferson, 882-6191; Alice Prince, 882-3189; and Donna Turner, 882-4694, are from technical/paraprofessional.

Vol. 7 No. 4

A publication of the University of Missouri-Columbia faculty and staff, published every Friday during the academic year and twice a month during the summer by Publications and Alumni Communication, a department of Development, University and Alumni Relations Division, 1100 University Place, 882-7357. News deadline is noon Friday the week before publication. Annual subscriptions are available to retirees for \$10. Advisory board: Gerald Brouder, Brooke Cameron, Mike Chippendale, Sandy Clark, Bob Derryberry, Toni Gordon, Barbara Olson Smith, Bob Stewart, Harry Stoeckle and Donna Turner.

Editor: Karen Worley
Assistant editor: Carol Again
Photo editor: Larry Boehm

MIZZOU EMPLOYEES CREDIT UNION

721 Locust St. Columbia
7:30-5:30 M-F Closed 9-10 a.m. Tuesday

874-1477

DIRECT DEPOSIT

"Direct deposit for payroll deduction"

Parking lots scheduled for improvements this week are WC-20 and WC11c. Permit holders for those lots will be asked to use other portions of WC-11, RC-18 and WC-8.

A change has been made in the Student Shuttle Bus route from the Livestock Center. The pick-up point at the top of the steps has been moved to the AV-3 Parking Lot. We hope that this change will provide better service to the students using the system.

The Campus Parking Policy Committee will meet Thursday, September 26 at 3:40 p.m. in S-2 Memorial Union. Committee meetings are open and any interested person is invited to attend.

Faculty who teach evening classes may announce in class that student evening parking permits are available for sale. These permits allow students to use staff lots between 3:30 and 5:00 p.m.

Parking Space

Parking Operations 882-4568

SURPLUS ITEMS TO BE AUCTIONED

Materials Management is coordinating an auction of University surplus items at 10 a.m. Sept. 21 in the Rock Quarry Warehouse on Rock Quarry Road.

Furniture, tools, pickup trucks, desks and chairs will be auctioned. The items may be viewed from 1 to 5 p.m. Sept. 20 and prior to the sale Sept. 21. The departments from which the items originated will receive 80 percent of the proceeds.

HERO ANNOUNCES SPEAKER AGENDA

HERO, the Higher Education Rescue Operation, has announced its 1985-86 schedule of speakers. All speeches will begin at 7 p.m. in Gannett Aud.

Speakers include Shaila R. Aery, commissioner of the Coordinating Board for Higher Education, Oct. 2; Curator Jeanne V. Epple, Dec. 4; Duana Linville, governmental relations assistant to the UM president, Jan. 29; Marvin E. Proffer, House of Representatives' budget chairman, Feb. 27; and Reps. Christopher S. Kelly and Ken Jacob and Sen. Roger Wilson, March 27.

CENTER PRESENTS FREE CONCERT

The jazz band from the UMKC Conservatory of Music will present a free open-air concert from 4 to 6 p.m. Sept. 28 at the University's Powell Center. The horticulture and natural resources center is located 35 miles east of Kansas City on U.S. 50 near Lone Jack, Mo.

An hourlong nature walk led by a naturalist from the Missouri Department of Conservation will begin at 2:30 p.m.

Visitors may order box dinners to eat during the concert by calling Judy Vismara at (816) 566-2600 in advance. Vismara suggests bringing folding chairs or blankets for seating.

The event was rescheduled from Sept. 22.

SHARE TALENTS WITH STUDENTS

The Residential Life Department invites faculty and staff to share their knowledge and talents with students. Topics are not limited to professional expertise—they may include special hobbies or other areas of interest.

Faculty and staff who participate respond to requests for specific topics. In some cases a program may not be requested during the school year.

Those interested in participating should contact Residential Life Programming, 101 Hatch Hall, 882-2834.

JOBS

For more information on the following teaching and research positions, contact the appropriate individual listed below. All positions are contingent upon funding and enrollment.

- Family and community medicine:** Librarian II, deadline Nov. 30. Contact D.T.A. Vernon, 882-1584.
- History:** Assistant/associate professor, deadline Dec. 1. Contact Charles Nauert, 882-6662.
- Industrial engineering:** Assistant/associate/full professor. Contact Owen Miller, 882-2691.
- Library and informational science:** Program director, extension and continuing education and lecturer, deadline Oct. 9. Contact Mary Lenox, 882-4546.
- Marketing:** Associate/full professor and department chair, deadline Nov. 29. Contact Albert Wildt, 882-2766.
- Missouri Fire and Rescue Training Institute:** Director and fire training specialist, deadline Nov. 1. Contact Glenn Gillespie, 882-7321.
- News editorial:** Professor, deadline Nov. 15. Contact Keith Sanders, 882-7685.
- State Historical Society of Missouri and Joint Collection of the Society Manuscripts and the Western Historical Manuscript Collection:** Director, deadline Oct. 1. Contact Thomas W. Shaughnessy, 882-4701.
- Veterinary medicine and surgery:** Assistant professor of small animal surgery, deadline Nov. 15. Contact M.J. Bojrab, 882-2754.
- Veterinary medicine and surgery:** Assistant/associate professor in equine surgery, deadline Nov. 15. Contact Eleanor Green, 449-3121.
- Veterinary medicine and surgery:** Assistant/associate professor-ophthalmologist, deadline Nov. 15. Contact Cynthia Wheeler, 882-4648.

The following staff openings were approved and posted Sept. 16 and may be filled at any time after meeting the required posting period. Anyone with CMS computer access may view campus and UM vacancies by logging on to CMS and typing help jobs. If your terminal is not linked to the campus disk, type link UMCCMS 191 192 RR, enter, access 192 D, enter, help jobs. Or, over the phone, recorded listings of new campus and UM job openings are available 24 hours a day. For professional vacancies call 882-2345; for secretarial/clerical positions call 882-2041; and for technical/service/maintenance openings call 882-2916. For more information or to apply for a job, contact Personnel Services, 201 S. Seventh St., west entrance, at 882-7976. Salary codes follow some listings in parentheses.

- PROFESSIONAL**
- Assistant supervisor, custodial services, Memorial Union/Brady Commons.
- Coordinator, media communications laboratory, Academic Support Center.
- Director, central computing facility, Central Computing Facility-UM, deadline Sept. 30.
- Director, development fund, Development Fund.
- Director, management information system, Information Systems-UM, deadline Sept. 30.
- Energy management engineer, Campus Facilities (electrical distribution design engineer).
- Golf course supervisor (M-58), Golf Course.
- Information specialist, KOMU-TV.
- Insurance manager, Property and Risk Management-UM.
- Manager (extension computing), University Extension Division.
- Museum curator, Museum of Art and Archaeology.
- Photographer (M-58), Academic Support Center.

- Police officer, University Police.
- Student services coordinator-orientation, Student Development, deadline Sept. 27.
- Student services coordinator-publications, Student Development, deadline Sept. 27.
- Supervisor, golf pro shop, Golf Course.
- RESEARCH/SERVICE**
- Animal health technician (M-56), Veterinary Medicine and Surgery.
- Drafting technician (M-58), Facilities Management-UM.
- Electronics systems technician (H-50), Campus Facilities.
- Engineering technician (M-61), Campus Facilities.
- Laboratory assistant (M-53), Veterinary Diagnostic Laboratory.
- Platemaker (H-24), Printing and Records Management Services-UM.
- Production assistant (M-53), KOMU-TV, one position 75 percent FTE, one position 100 percent FTE; UED-Information.
- Research engineering technician II, Physics and Astronomy.
- Research/laboratory technician (M-56), Child Health, Veterinary Biomedical Sciences.
- Research specialist, Dalton Research Center, Entomology, Environmental Trace Substances Research Center-UM, Microbiology (2).
- Senior audio-visual technician (M-57), Academic Support Center.
- Senior research/laboratory technician (M-59), Agricultural Engineering, Physiology, Veterinary Biomedical Sciences, Veterinary Diagnostic Laboratory.
- Senior research specialist, Surgery.
- Specification writer (M-61), Campus Facilities.
- SECRETARIAL**
- Administrative assistant (M-59), Education Dean's Office, Memorial Union (Accounting Services).
- Library assistant I (M-57), Ellis Library-Search/Cataloging, Ellis Library-Serials.
- Library assistant II (M-59), Ellis Library-Monographic Cataloging (one-year position).
- Library clerk II (M-53), Ellis Library-Acquisitions, Ellis Library-Serials; Ellis Library-Special Collections, one-year position; Ellis Library-Special Collections/Cataloging.
- Library clerk III (M-55), Ellis Library-Acquisitions, Ellis Library-Catalog Management, 75 percent FTE; Ellis Library-Serials Department (Marking Unit); Health Sciences Library (Information Services).
- Radio dispatcher (M-56), University Police.
- Secretary (M-55), Biological Sciences, Business Office Campus Computing, Educational and Counseling Psychology, Engineering Experiment Station, Health Services Management, Housing and Interior Design, Law, Mechanical and Aerospace Engineering (2), Medicine/Hematology-Oncology, Orthopaedic Surgery, Plastic Surgery, Psychiatry, Surgery, Surgery/Urology, UED-Special Courses.
- Senior secretary (M-57), Electrical and Computer Engineering, Medicine/Infectious Diseases, President's Office-UM, School of Nursing, Statewide Extension-UM (2), UED-Law Enforcement, UED-UMC Office of Conferences and Specialized Courses.
- Word processing operator II (M-55), Development Fund, Economics, Finance, Physics and Astronomy, Veterinary Pathology.

- CLERICAL**
- Clerk (M-51), Student Recruitment.
- Clerk typist II (M-53), Purchasing.
- Senior accounting clerk (M-55), Alumni/Development Fund.
- COMPUTER/TECHNICAL**
- Assistant manager, Bookstore/Computer Spectrum, University Bookstore.
- Computer programmer (M-59), Agricultural Engineering.
- Computer programmer/analyst II, Management Information Systems-UM.
- Reactor operator (M-62), Research Reactor-UM, rotating shifts.
- PART TIME OR TEMPORARY**
- Clerk typist II (M-53), Honors College, 10 to

- 12 hours a week.
- Research/laboratory technician (M-56), Ophthalmology (Research Photo Technician), 20 hours a month, permanent.
- Secretary (M-55), Pathology, 20 hours a week, permanent; UED-Education Extension, 20 hours a week, permanent.

The following job openings were listed by the UMC Hospital and Clinics Personnel Department Sept. 16 and may be filled at any time after meeting the required posting period. For more information, call 882-8186.

- ADMINISTRATIVE/PROFESSIONAL**
- Audiologist, Audiology.
- Clinical dietitian, Clinical Dietetics.
- Manager, MPIP, Clinic Administration; Plant Engineering.
- Occupational therapist, Occupational Therapy.
- Physical therapist, Physical Therapy, Rehabilitation; Physical Therapy, Hospital.
- CLERICAL**
- Chief accounting clerk, University Physicians.
- Senior accounting clerk, University Physicians.
- Senior secretary, Nursing Service.
- NURSING**
- 882-8701
- Administrative nurse I, Nursing Service (2).
- Education nurse I, Nursing Service.
- Staff nurse, Nursing Service (6), Professional Services, Pharmacy (I.V. Therapy).
- TECHNICAL**
- Computer project manager, Computer Services.
- Medical technologist, Pathology (Special Chemistry/Toxicology).
- Radiological technologist, Radiology.
- Registered respiratory therapist, Respiratory Therapy.
- Senior biomedical equipment technician, Clinical Engineering.
- Senior computer programmer analyst, Computer Services.
- Surgical technologist, SameDay Surgery Center, Professional Services (2).
- PART TIME OR TEMPORARY**
- Admissions clerk, Admissions, 50 percent FTE.
- Child life activity therapist, Nursing, 70 percent FTE.

- Data entry operator II, Pathology, 50 percent FTE.
- Distribution attendant II, Supply Distribution, 50 percent FTE.
- Licensed practical nurse, Nursing Care Bank.
- Pharmacy technician, Pharmacy, 50 percent FTE.
- Senior clerk typist, Nursing Service, 100 percent FTE temporary.
- Staff nurse, Nursing Care Bank; Nursing Service, four positions 60 percent FTE, one position 30 percent FTE, two positions 100 percent FTE temporary; University Physicians, 60 percent FTE.
- Telecommunications operator, Telecommunications (2), 50 percent FTE.
- Unit clerk, Emergency Services, two positions 50 percent FTE; Nursing, one position 60 percent FTE, one position 40 percent FTE, one position 20 percent FTE.
- Venipuncture technician, Pathology, 25 percent FTE.

CALENDAR

To list events in the calendar, send information to Paul Hoemann, Mizzou Weekly, 1100 University Place, by noon Friday the week before publication.

Highlights

PARADE: All UMC ROTC units will participate in the Tri-Service Fall Parade at 9 a.m. Sept. 21 on Francis Quadrangle.

COMPUTER NETWORK USERS: Support group for those who have or are interested in networking computers will meet from 10 a.m.-noon Sept. 25 in S110 Memorial Union. Call Harvey Summers at 882-2237 for more information.

EMPLOYEE DEVELOPMENT SEMINAR: Learn about your basic rights as a person and how to communicate so that your rights are respected from Jeanne Nolan, assistant program director, UM Extension, from 9 a.m.-noon Sept. 26 in the Training and Development Conference Room, lower level of Lewis Hall. Pre-enrollment required. Call 882-4859. Sponsored by UMC Training and Development and the UM Human Resource Development.

FALL FEAST-DINNER AUCTION: Sponsored by the Boone County Alumni Association, event will be held from 6-11 p.m. Sept. 26 at the Alumni Center. Cost: \$20. Call 882-6611.

20 Friday

AGRICULTURE AGRONOMY DAYS: Event will be held from 8 a.m.-3 p.m. today and from 7:30 a.m.-12:30 p.m. tomorrow at the Agronomy Research Center. Corn root-pulling demonstrations, soybean transfusions and the latest farmer inventions are on the program. Call 882-8237.

EXAM: College Level Examination Program (CLEP) will be given from 8 a.m.-4 p.m. Advance registration required. Call 882-4801.

MIDWEST ASSOCIATION FOR LATIN AMERICAN STUDIES: Association will hold its annual meeting from 9 a.m.-3:30 p.m. today and from 9 a.m.-12:15 p.m. tomorrow in the south wing of the Memorial Union. For registration information, call 882-2079 or 882-8320.

STAFF TRAINING: "Supervision," a workshop sponsored by UM Human Resource Development and UMC Training and Development, will be held from 10 a.m.-noon at the lower level Lewis Hall conference room. R. Dean Baxter, staff development specialist, will speak. UM and UMC employees welcome.

NURSING SEMINAR: "Computer Simulations: Designing Computer Software for Staff and Patient Education," sponsored by the School of Nursing Continuing Education Program, will be held from 1-10 p.m. today and from 9 a.m.-4 p.m. tomorrow at the Broadway Inn and Hill Hall. Cost: \$100. Call 882-6403.

ENGINEERING RECEPTION: Event to welcome back alumni, faculty, staff and friends of the college for the fall semester will be held from 5-6:30 p.m. in the Faculty-Alumni Lounge in the Memorial Union.

AIR FORCE ROTC: Dining-In event will be held at 7 p.m. at the Columbia Hilton. Brig. Gen. William Basnett will speak. Open only to cadets and staff.

LECTURE: In conjunction with its annual meeting, the Midwest Association for Latin American Studies will present a lecture by Jesuit Ignacio Martin-Baro, "The Church and Revolution in El Salvador," at 8 p.m. in Memorial Union Aud.

UNIVERSITY THEATER: "The Dining Room" will be performed at 8 p.m. in the Rhynsburger Theater, UMC Fine Arts Center. Tickets are \$5 for the general public, \$4.50 for faculty and staff, and \$2.50 for students and senior citizens. Call 882-7857.

21 Saturday

EXAM: The MCAT will be given from 8 a.m.-6 p.m. in 114 Physics Building. Call

882-4801 to register.
EXAM: The RELE will be given from 8:30 a.m.-1 p.m. in 126 Physics Building. Call 882-4801 to register.

PARADE: See Highlights.
