Fall Schedule

1979

FALL SEMESTER 1979

SCHEDULE OF COURSES AND REGISTRATION INFORMATION

PETITIONING (Adding or Dropping Courses or making other changes in schedule) WILL BEGIN August 29.

IMPORTANT NOTES

1. *ALL STUDENTS* MUST FILL OUT THE COURSE REQUEST CARD.
2. *ALL STUDENTS* COMPLETE THE BACK OF STUDENT DATA UPDATE CARD.

TABLE OF CONTENTS - COURSE OFFERINGS

Accountancy 5
Administration and Public Affairs 5
Business Administration 5
Public Administration 5
Aerospace Studies 5
Agricultural Economics 5
Agricultural Engineering 5
Agriculture 5
Agronomy 5

NOTICE TO STUDENTS CONCERNING COMPULSORY EYE PROTECTION

On August 13, 1976, a Missouri State Law became effective which requires all students, faculty and visitors to wear an industrial quality eye protection device when participating in courses of instruction which involve a potential eye hazard. Further information concerning the specific courses which do involve eye hazards and instruction on how students can obtain (by loan or purchase) suitable protective devices is published in this schedule with course comments indicating type(s) of eye protection required. Explanation of how to obtain the proper type of eye protection is found in the narrative under the heading Notes and Symbols.

UNIVERSITY OF MISSOURI-COLUMBIA
Calendar, 1979-80

Fall Semester	**1979**
New Student Orientation and Registration	Thurs., Aug. 23
Registration	Fri., Aug. 24
Classwork begins, 7:40 a.m.	Mon., Aug. 27
Labor Day Recess	Mon., Sept. 3
Preregistration (Winter) begins	Mon., Oct. 22
Preregistration (Winter) ends	Wed., Oct. 31
Thanksgiving Recess Begins, 5:30 p.m.	Tues., Nov. 20
Classwork resumes, 7:40 a.m.	Mon., Nov. 26
First Semester Classwork ends, 5:30 p.m.	Tues., Dec. 11
Stop Day	Wed., Dec. 12
Final Examinations begin	Thurs., Dec. 13
First Semester closes, 5:00 p.m.	Thurs., Dec. 20
Winter Semester	**1980**
New Student Orientation	Thurs., Jan. 10
Registration	Fri., Jan. 11
Classwork begins, 7:40 a.m.	Mon., Jan. 14
Spring Recess begins, 12:30 p.m.	Sat., March 22
Classwork resumes, 7:40 a.m.	Mon., March 31
Preregistration (Summer & Fall) begins	Wed., April 2
Preregistration (Summer & Fall) ends	Tues., April 8
Second Semester Classwork ends, 5:30 p.m.	Wed., April 30
Stop Day	Thurs., May 1
Final Examinations begin	Fri., May 2
Second Semester closes, 5:30 p.m.	Fri., May 9
Annual Commencement	Sat., May 10

Summer Session	**1980**
Eight-Week Session	
Registration and Orientation	Mon., June 9
Classwork begins, 7:30 a.m.	Tues., June 10
Independence Day Recess	Fri., July 4
Summer Session closes, 5:00 p.m.	Fri., Aug. 1
Summer Commencement	Fri., Aug. 1
Four-Week Session I	
Registration and Orientation	Mon., June 9
Classwork begins, 7:30 a.m.	Tues., June 10
Session I closes, 5:00 p.m.	Fri., July 3
Four-Week Session II	
Registration	Mon., July 7
Classwork begins, 7:30 a.m.	Tues., July 8
Session II closes, 5:00 p.m.	Fri., Aug. 1
Summer Commencement	Fri., Aug. 1

*The attention of the Faculty is called to the respective religious holidays that a substantial number of students may wish to observe. The Faculty is encouraged to avoid scheduling examinations on day such as:
October 1, 1979 - Yom Kippur

PREREGISTRATION INFORMATION
FALL SEMESTER 1979

March 19-23

Students Enrolled Winter 1979 Semester

Please read carefully the following before returning your registration material to your Dean's Office:

Transfer of Division. All transfers of division must have been completed on or **before** March 2 in order to preenroll in March in the new school or college. Transfers into Business and Public Administration, Journalism, Graduate and Law Schools do not become effective until August, 1979. A student who did not transfer divisions by March 2 may not advance register in the new school or college in March.
Advisement. Schedules for advising are determined by the individual colleges and schools.

REGISTRATION MATERIALS

1. Students pick up their registration materials at their academic deans' or directors' offices. Graduate student materials will be in the Graduate Dean's Office.
2. Schedules for picking up the registration materials are determined by the individual colleges and schools.
3. Registration materials will be available at the deans' and directors' offices just prior to the first day of advance registration.

PREPARATION OF COURSE REQUEST FORM FOR PREREGISTRATION

1. To insure an accurate schedule, course request information must be copied on the Course Request Card *as it appears in the Schedule of Courses.*
2. Certain courses in Education (for example, student teaching and typing) and Music (for example, University Singers) cannot be scheduled unless the student secures advanced approval from the department concerned.
3. Consent of Instructor: Some courses in the schedule of courses bear the notation "Consent of Instructor required" or "Consent of Department required." For such courses, the student *must* obtain from the instructor or department an IBM *"Consent Card"* for that course and that specific reference number. The Consent Card *must* be included with the registration materials when being processed.
4. Class assignments are made *solely on the basis of reference numbers*, which are unique in their identification of specific course sections.
5. *All two-card or three-card courses* must have two or three reference numbers, respectively, on the Course Request Card.
6. Athletic time schedule cards or Dean's approved work schedules must be included with the registration materials.

S/U GRADING SYSTEM. Students cannot change from one grading system to the other after the seventh day of classes. Students cannot enroll in more than one course on an S/U basis, excluding courses offered only on an S/U basis. First semester freshmen and students on scholastic probation are not eligible to enroll in courses on an S/U basis. *S* is recorded for A, B, or C academic performance and *U* is recorded for D or F performance. You must indicate "S/U" in that specific course, by printing an "*X*" in the appropriate column, on the Course Request Card if you intend to be graded on the S/U system. During petitioning a change to or from the S/U grading system should be indicated on the petition form by marking an A/F or S/U in the credit hour column along with the credit hours desired.

REGISTRATION PROCEDURES

1. Make sure the *reference numbers* and *credit hours* on the Course Request Card are *clear and accurate* - this is the key to your registration.
2. A DEAN'S STAMP of approval is required on your Course Request Card, before your enrollment can be processed. Dually enrolled students must obtain the Dean's stamp from both schools and colleges.
3. GRADUATE STUDENTS ARE REQUIRED TO OBTAIN ADVISOR'S SIGNATURE ON the Course Request Card.
4. ANY STUDENT ENROLLING IN ANY JOURNALISM COURSES MUST OBTAIN the Journalism Dean's stamp of approval on the Course Request Card, as well as the Dean's stamp of approval for the division in which the student is enrolled.

DEAN'S OR DIRECTOR'S APPROVAL OF COURSE REQUEST FORMS

1. The location of dean's representatives who approve your registration material (i.e., course requests) will be determined by the individual school or college.
2. The final day to advance register is March 23. No registration materials will be accepted after that date.

PROCESSING OF ENROLLMENTS AND REGISTRATION PROBLEMS BY MAIL

1. After advisement and completion of the registration materials, the student returns to the dean's or director's office to obtain final approval of registration material. Registration materials are retained by the dean or director at the time the student obtains such approval. (The consent cards must be returned with the registration material.)
2. Students' course requests will be filled exactly as submitted, unless there are time conflicts or the section or course requested is closed.
3. If the section of the course that the student requests is closed, the student will automatically be placed in an open section. (No notification of this action will be sent to the student until the complete schedule is mailed during July.)
4. Students receiving a partial schedule will be notified by mail on how to obtain a complete schedule.
5. If a course is cancelled or closed, the student's registration will be processed on a partial enrollment. The student will be enrolled in only those courses remaining open at the time of registration.
6. Students choosing to have their registration processed on a partial enrollment will then have the opportunity to select an alternative course(s) at a special prepetitioning period on August 22 or during petitioning. *The August 22 option is open only to students who advance registered, received a partial schedule and paid their fees on or before the July fee payment deadline.* Adding to or changing the original schedule cannot be done by mail. This must be done in person on either August 22, the day just prior to Regular Registration, or during petitioning.

MAILING OF FEE STATEMENT TO STUDENTS

1. The Cashier's Office will *mail a statement of fees* to each student's billing address. (Fee statements will be mailed during July).
2. Students will be asked to mail their fee payment to the Cashier's Office. Fee payment or *written notice* of scholarship, loan, grant, etc. *must reach the Cashier's Office on or before the specified fee payment deadline, or the registration will be canceled.* (No exceptions can be made).
3. If for some reason a fee statement is not received by August 1, the Cashier's Office should be contacted in *writing immediately.*

Final Examinations. Check the Final Examination Schedule. It has been prepared so that you may avoid conflicts in those courses having department examinations (e.g., two departmental finals on the same day at the same hour), and so that you may avoid final examination conflicts which might be impossible to resolve. It is your responsibility to be aware of the date and time of the final examinations for each of your courses.
Withdrawal. Upon completion of registration, no student may *enroll* in a course without petitioning, or *withdraw* from a course without either petitioning or formally withdrawing from the University. The withdrawal or petitioning procedure must be initiated by the student.
Petitioning. *Petitioning* and/or *withdrawal* are begun and completed in the Dean's office.
Section Changes. *Section changes* within the same course do not require a petition. Section changes are made in the departmental office of the department offering the course.
Grade Reporting. A grade *must* be reported for each student enrolled in a course for six weeks or more. The six week period ends October 8.
Late Course Enrollment. No student will be permitted to register in any school or college of the University of Missouri-Columbia or in any course, other than Problems, Special Readings, or Research, after the expiration of six meetings of a class in regular session or the equivalent thereof in a shorter session.

IT IS THE STUDENT'S RESPONSIBILITY TO MAKE SURE THAT FEES ARE PAID ON OR BEFORE THE SPECIFIED FEE PAYMENT DEADLINE WHICH IS SHOWN ON THE FEE STATEMENT.

FEES

All statements as to fees contained in this schedule are by way of announcement only for the semester covered by this schedule, and are not to be regarded as offers to contract on the basis of those statements, inasmuch as the University of Missouri expressly reserves the right the change any and all fees and other charges at any time, without any notice being given in advance of such a change.

For the purpose of all rules regarding enrollment fees, courses taken as a hearer and courses taken for reduced credit shall be counted at their normal credit value as established by the department in computing the amount of fees to be paid. Students enrolling in an *S/U* course on a no credit basis shall be required to pay fees according to the number of hours of instruction.

General Provisions

TIME OF PAYMENT OF FEES: All fees at the University of Missouri must be paid at the time of registration as a condition of admission to classes. Students who pre-register must pay fees by the announced deadline or the advance registration will be cancelled and the student will be required to register again and pay fees during the regular registration period as indicated on the University calendar for the Columbia campus. Registration is not complete until all fees are paid.

PERSONAL CHECKS: Personal checks in payment of fees or obligations to the University will be accepted only when the amount of the check does not exceed the amount due from the student. Students whose checks remain unpaid after the student has been notified, will be reported to the Office of the Vice Chancellor for Student Affairs for disciplinary action. Furthermore if the check must be turned over to the General Counsel's Office for collection, a service charge of $3.00 will be assessed.
A student presenting a check to the University in payment of student fees which is returned unpaid and remains unpaid after the close of the regular registration period, shall be considered a late registrant, and shall be subject to the late registration fee.

CREDIT CARDS.* Master Charge and VISA (BankAmericard) credit cards are acceptable toward payment of fees to the credit limit of the card holder.

If you plan to use these as the method of payment of fees, you should be aware that the credit card company will impose a limit of $300.00 on the use of the card without prior approval. This means that charges for fees in the excess of $300.00 will have to be cleared

by a phone call, thereby resulting in a delay to the student in the Regular Registration (brief period just prior to the beginning of class work) procedure. As an alternative, you may wish to present your card for charges up to $300.00 and pay the remainder of your fees by check or cash in order to avoid delay.

Incidental fee. All students enrolled at the University of Missouri for one semester of 16 weeks are required to pay an incidental fee as follows:

Number of hours credit	*Undergraduate*	*Graduate/First Professional*
12 & over	360.00	396.00
1 - 11	30.00 per cr. hr.	33.00 per cr. hr.

Candidates for an advanced degree who have completed in a previous semester or term all requirements but the final examination and the submission to the graduate faculty of a thesis (if required), and who are not regularly enrolled in the Graduate School, must enroll in the Graduate School before the examination may be given or the thesis read. Such students must enroll for "Examination" for no credit and pay a fee of $33.00. Students who enroll under this plan are not entitled to Student Health Service benefits.

Student Activities Fee. Each student registered for resident work on the Columbia Campus for 11 or more hours is required to pay a Student Activities Fee of $22.00 for one semester of sixteen weeks. For partial enrollments, the Student Activities Fee shall be calculated at the rate of $2.00 per credit hour.

This $22.00 Student Activities Fee is allocated to the following:

Memorial Union Bond Retirement	$6.00
Warren E. Hearnes Multipurpose Bond Retirement	4.00
Missouri Students Association Student Activities	5.00
Divisional Student Council Programs	1.00
Student Activities Capital Improvements	4.00
Associated Students of the University	1.00
Intramural Program	1.00
	$22.00

No additional Student Activities Fee shall be charged if the student is enrolled simultaneously in a session or semester and in a special intersession.

No Student Activities Fee shall be charged during the period beginning with the close of regular summer session and ending with the beginning of the fall registration.

No Student Activities Fee shall be charged if the student is enrolled for courses which are offered off-campus or if the student is enrolled is evening courses.

Supplemental Fee for School of Medicine. Students registered in the School of Medicine for 12 or more hours shall pay a supplemental Medical School fee of $792.00 for one semester of sixteen weeks. For partial enrollments, the fee shall be calculated at $66.00 per credit hour.

Supplemental Fee for College of Veterinary Medicine. Students who register in the College of Veterinary Medicine for 12 or more hours shall pay a supplemental Veterinary Medicine fee of $396.00 for one semester of sixteen weeks. For partial enrollments, the fee shall be calculated at $33.00 per credit hour.

Supplemental Fee for School of Law. Students registered in the School of Law for 12 or more hours shall pay a supplemental Law fee of $99.00 for one semester of sixteen weeks. For partial enrollments, the fee shall be calculated at $8,25 per credit hour.

Special Fee for Field Instruction in the School of Public and Community Services. Students enrolled in the following Social Work courses will pay Field Work Practice fees each semester as follows:

390—Interventive Processes I—$25.00
391—Interventive Processes II—$25.00
491—Professional Leadership Practice—$40.00

Non-Resident Tuition: In addition to incidental fees, tuition will be charged any student who is not a Missouri resident at the time of original registration or who has not been a resident for at least one year immeditely preceding such registration. Aliens who are Missouri residents and who fulfill other requirements in the detailed "Tuition and Residence Rules" may be exempted from paying tuition.

No tuition is charged to a non-resident student who is a full-time academic or administrative staff member of this University, or is the unmarried minor child or spouse of such staff member. No tuition is charged to a non-resident student who is a minor child or spouse of an officer or enlisted man or woman on active duty in one of the regular branches of the armed services stationed in Missouri or outside the United States.

Non-resident graduate students on a 25% full-time equivalent or more teaching, research or extension assistantship appointment or on a full-time hourly status, or holding a fellowship which does not include payment of tuition, will not be charged tuition. A graduate student should contact the Graduate School or chairone of the department in which the student is interested to determine the fees that might apply in his case.

There is a provision for offsetting Missouri state income tax against tuition under certain provisions described in the detailed *Tuition and Residence Rules*.

It is the duty of each student to register under the proper residence and pay proper tuition fees, and it is his duty to raise the question if there is a possibility that he is subject to such fees.

The Manager of Cashiering, 123 Jesse Hall, or the Director of Admissions, 130 Jesse Hall, will furnish, on request, the pamphlet *Tuition and Residence Rules* which covers in detail the various cases.

Most non-resident students must pay tuition as follows:

REGULAR SEMESTER (16 WEEKS)

Number of credit hours	*Undergraduate*	*Graduate/First Professional*
12 or more hours	720.00	792.00
11 hours	600.00	660.00
10 hours	480.00	528.00
9 hours	360.00	396.00
8 hours	240.00	264.00
7 hours	120.00	132.00
1-6 hours inclusive	NONE	NONE

Late Registration Fee. Any student registering after the close of the regular registration period shall pay a late registration fee of $25.00 in addition to all other fees. A student presenting a check to the University in payment of student fees which is returned unpaid and remains unpaid after the close of the regular registration period, shall be considered a late registrant, and shall be subject to the late registration fee.

Music Fees. In addition to the Incidental Fee there is a charge of $30.00 per semester of sixteen weeks for each subject in applied music to cover private instruction of two half-hours per week.

Laboratory Breakages. Breakage or loss of laboratory equipment due to personal negligence on the part of the student shall be assessed against the student when the actual value of the supplies exceeds $1.00. The amount of this charge shall be determined by the department chairone.

Hood Fee. Those granted Ph.D. or Ed.D. degrees are furnished hoods, the fee for which is $20.00.

Fee for Thesis or Dissertation. The following fees are charged in connection with submission of a thesis:

Master's Degree	Doctor's Degree
$2.00 Thesis Binding Fee	$31.00 Binding and
$2.00 Microfilming Fee	Microfilming Fee

REFUND OF FEES: Students leaving school or dropping courses for which they have paid fees will, subject to certain exceptions, receive, upon written request to the Manager of Cashiering, a refund of fees paid in accordance with the following schedule:

Time of Withdrawal	**Amount of Fee to be Refunded**
16-Week Semester	
Before the day classwork begins (Aug. 26, 1979)	Full Refund (Less $10.00 for the cost of handling registration)
Within two calendar weeks from day classwork begins (Aug. 27 through Sept 10, 1979)	70% Refund
After two calendar weeks and up to and including six calendar weeks (Sept 11 through Oct 8, 1979)	50% Refund
After six calendar weeks	No Refund

All refunds are made by mail and require three to five weeks processing time after withdrawal.

Deductions may be made from the above refund for any financial obligation due the University of Missouri-Columbia.

STUDENT HEALTH SERVICE

A STUDENT'S HEALTH has an important relationship to his ability to profit from and progress in his total educational endeavor. If a student is ill, incapacited by accident, or in generally poor health, he will be unable to study, attend class, and learn as effectively as he otherwise would. Consequently, the University of Missouri-Columbia offers a two part health program consisting of (1) a Student Health Service and (2) a supplementary sickness and accident insurance policy.

MEDICAL INFORMATION. All students enrolling in UMC for the first time are required to submit satisfactory medical information by completing the Report of Medical History. In some instances the Student Health Service may require further information in the form of medical reports from physicians who have treated the applicant. All medical information should be sent directly to the Director of the Student Health Service, since it is confidential. A delay in accomplishing this requirement may result in a delay in enrollment.

University of Missouri-Columbia Bulletin (USPS 651-820)
Volume 80 Number 7 March 14, 1979 General 1979 Series Number 7
Published by UMC Publications, 311 South Fifth Street, Columbia, MO 65211. Issued monthly as follows: three times in January, March, April and November; twice in February, May, June, July, August, September and October. Second-class postage paid at Columbia, MO.

The Report of Medical History form may be obtained from the Director of Admissions.

Facilities of the Student Health Service include the Student Health Center, west of Francis Quadrangle. The professional staff consists of a full-time medical staff and consulting specialists.

Clinic hours are Monday through Friday, 8 a.m. to 5 p.m.; Saturday 8 a.m. to noon.

SERVICES RENDERED. All student and residents of the University of Missouri-Columbia are entitled to the Student Health Service care. In some instances there are charges made for certain services. The medical service will be provided *only at the Student Health Center* located between the Francis Quadrangle and South Sixth Street, and consists of outpatient medical care, and the usual ancillary services such as laboratory, X-ray, and pharmacy.

LABORATORY, X-RAY, AND PHARMACY. The extent of services rendered in these areas is within the limits prescribed by the Director of Student Health. Charges are made for certain services.

IMMUNIZATIONS OFFERED. Several immunizations are offered at a nominal charge. These include smallpox, polio, influenza, typhoid, tetanus-diphtheria, and yellow fever. It is strongly advised that tetanus toxoid inoculations be taken by veterinary, forestry, and geology students, as well as by students who have any allergies such as asthma, hay fever, or hives. Desensitization injections for students with allergies who are under treatment by their family physician are provided at a nominal cost.

SUPPLEMENTAL SICKNESS AND ACCIDENT INSURANCE PLAN

This plan, sponsored by the University of Missouri-Columbia, is obtainable at an extremely low cost and will for the most part cover the student's needs for hospitalization, including surgery. It includes medical and surgical treatment, including accidents, for students while at home over weekends, holidays, and during the summer vacation period. This insurance can be purchased to cover spouse and dependents at an extra cost. Details concerning this plan are available at the Cashier's Office in Jesse Hall or the Student Health Center. It is strongly recommended that students purchase this hospital insurance if needed.

FINAL EXAMINATION SCHEDULE
Fall Semester 1979

I. The final class meetings for the fall semester will be held during the period Thursday, December 13, 1979 through Thursday, December 20, 1979.

II. Each class is to meet in the scheduled room at the scheduled period for examination or other instructional activity. NO ONE IS AUTHORIZED TO CHANGE THIS SCHEDULE IN ANY WAY WITHOUT PERMISSION FROM THE COMMITTEE ON SCHEDULE OF STUDIES AND EXAMINATIONS, UPON RECOMMENDATION OF THE APPROPRIATE DIVISIONAL DEAN.

III. Courses scheduled for four or five credit hours which meet at the *same* hour or at *different* hours during the week (e.g., 8:40 MWF, 10:40 TRS) and in which a three hour final examination is desired may hold final examinations at either or both of the two hour periods assigned in the examination schedule.
Courses scheduled for three credit hours which meet only twice each week will hold their examination at the time scheduled for the hour in which the class begins (e.g., 10:15-11:30 TR will hold examinations at time scheduled for 9:40 TRS classes).

IV. Courses numbered 400 to 499 may conduct final examinations anytime *during the examination period* which is agreeable to teacher and students. If examination is conducted at other than scheduled time, arrangements must be made for the use of necessary rooms. Examinations for all late afternoon and evening classes may be held anytime *during the examination period* which is agreeable to teacher and students. Classes beginning at 4:00 p.m. or later are considered late afternoon classes. *Arrangements must be made for the use of necessary rooms.* Any instructor who teaches a course which meets one day a week and who plans to give the final during the regularly scheduled final examination period should check with the Registration Office to see whether there is another class scheduled for the complementary day of the week at the same time in the same room. Should a conflict occur, it must therefore be resolved before final examination time.

V. Rooms for examinations are the same as those used for recitation during the semester, except in the case of group examinations. Rooms for all group examinations will be assigned by the Registrar and the Departments concerned will be advised as soon as practicable. The increasingly larger number of students in group examinations has made this change in procedure necessary.

VI. See Table of Contents for final examination schedule.

NOTES AND SYMBOLS

1. Credit

In general, the number of hours for each course is given following the title of the course. In case the credit is variable, to be fixed in consultation with the teacher, that fact is indicated by a range of credit indicating minimum and maximum credit such as 1.0-10.0. Some course sections, although approved for variable credit, may be offered for specific credit. This is identified in the section or course comment printed beneath the time offering of the course section or course title.

2. Frequently, courses and course sections have specific content. Usually these are courses named Problems, Special Readings, Research or Topics. The specific content is noted in the section or course comment.

3. Days of the meeting time of course sections are indicated as follows:

M - Monday	R - Thursday
T - Tuesday	F - Friday
W - Wednesday	S - Saturday

4. Abbreviations listed under "TYP" indicate type of instruction and have the following meanings:

LEC - Lecture	IL - Individual Lesson
RSD - Recitation/Seminar/Discussion	FLD - Field/Clinical Study
LAB - Laboratory	IS - Independent Study

5. Reference Numbers are what were previously called Rack Numbers.

6. Course Numbers.

1-199 Courses for undergraduates
1-99 Primarily for underclassmen
100-199 Primarily for upperclassmen
200-399 Courses for undergraduates and graduates
200-299 These courses do not carry graduate credit for students whose major is in the department in which the course is offered
300-399 Graduate credit without restriction as to a student's graduate major.
400-499 Courses primarily for graduates

7. The symbols Y and N, which immediately precede the reference numbers, are used in this publication to designate room accessibility for handicapped students. The Y indicates the room of the course section is accessible to students confined to wheelchairs and the N indicates that the room is not accessible.

8. Some courses offered have been determined by the UMC Safety and Risk Management Committee to have sufficient eye hazard that protective eye covering is required to meet eye protection regulations. These courses are identified in the Schedule of Courses by the insertion of a course comment appearing beneath the course title. The type of eye protection required is defined in the following:

Type	*Eye Protection Required*
1	Hazard requiring students to purchase approved eye protection wear. - Approved safety glasses meeting A.N.S.I. Standard A87.1 are available through the Student Health Service. - Safety goggles must meet A.N.S.I. Standard Z87.1 to be approved and are available through the bookstores.
2	Occasional eye hazard - eye protection will be loaned when necessary.
3	Special eye hazard - eye protection will be loaned by the department when necessary.

UNIVERSITY OF MISSOURI-COLUMBIA
SUPPLEMENTAL POLICY ON STUDENT RECORDS

Purpose

The purpose of this policy statement is to set forth the guidelines governing the protection of the privacy of student records and to implement the Family Educational Rights and Privacy Act of 1974. (Buckley Amendment; Pub. L. 93-380, as amended).

Notification by the University of Missouri-Columbia

The University of Missouri-Columbia shall inform its eligible students annually, by including in the "M" Book and Schedule of Courses, the following information:

1. "Educational Records" are those records, files, documents and other materials which contain information directly related to a student and maintained by the University of Missouri-Columbia. Those records made available under the Family Educational Rights and Privacy Act of 1974 are student financial aid, the student's cumulative advisement file, disciplinary records, the admissions file and the academic record.

2. The Director of Financial Aid, the appropriate academic dean, the Vice Chancellor for Student Affairs, the Director of Admissions and the Registrar are the officials responsible for the maintenance of each type of records listed in paragraph 1.

3. University of Missouri-Columbia students will have access to the educational records identified in paragraph 1 and in accordance with the Family Educational Rights and Privacy Act of 1974, the University of Missouri-Columbia will not make available to students the following materials:

A. Financial records of the parents of students or any information contained therein.

B. Confidential letters and statements of recommendation which were placed in the education records prior to January 1, 1975, if such letters or statements are not used for purposes other than those for which they were specifically intended.

C. Confidential recommendations respecting admission to the University, application for employment and receipt of an honor or honorary recognition, where the student has signed a waiver of the student's rights of access.

4. University of Missouri-Columbia "Educational Records" do not include:

A. Records of instructional, supervisory and administrative personnel and educational personnel ancillary thereto which are in the sole possession of the maker thereof and which are not accessible or revealed to any other person except a substitute.

B. The records and documents of the University of Missouri-Columbia Police Department that are maintained solely for law enforcement purposes and are not available to persons other than law enforcement officials of the same jurisdiction.

C. In the case of persons who are employed at the University of Missouri-Columbia but who are not in attendance at the University of Missouri-Columbia, records made and maintained in the normal course of business which relate exclusively to such person and that person's capacity as an employee where the records are not available for any other purpose.

D. All records on any University of Missouri-Columbia student which are created and maintained by a physician, psychiatrist, psychologist, or other recognized professional or para-professional capacity, or assisting in that capacity, and which are created, maintained, or used only in connection with the provision of treatment to the student, and are not available to anyone other than persons providing such treatment, provided, however, that such records can be personally reviewed by a physician or other appropriate professional of the student's choice.

5. Any student may, upon request, review his/her records and if erroneous information is included therein, may request the expunging of such information from his/her file. Such erroneous information will then be expunged upon authorization of the official responsible for that file.

6. University of Missouri-Columbia students desiring to challenge the content of their record may request an opportunity for a hearing to challenge the content of such student's education records in order to insure that the records are not inaccurate, misleading, or otherwise in violation of the privacy or other rights of such student, and to provide an opportunity for the correction or deletion of any such inaccurate, misleading or otherwise inappropriate data contained therein and to insert into such records a written explanation respecting the content of such records.

The University official charged with custody of the records will attempt to settle informally any disputes with any student regarding the content of the University's educational records through informal meetings and discussions with the student.

Formal Proceedings.

Upon the request of the student or University official charged with custody of the records the hearing required by paragraph 6 shall be conducted.

A. The request for a hearing shall be submitted in writing to the campus Chancellor who will appoint a hearing officer or a hearing committee to conduct the hearing.

B. The hearing shall be conducted and decided within a reasonable period of time following the request for the hearing. The parties shall be entitled to 10 days prior written notice of the time and place of the hearing.

C. The hearing shall be conducted and the decision rendered by an appointed hearing official or officials who shall not have a direct interest in the outcome of the hearing.

D. The student shall be afforded a full and fair opportunity to present evidence relevant to the hearing.

E. The decision shall be rendered in writing within a reasonable period of time after the conclusion of the hearing. A copy of this decision and any other supportive materials, shall become a part of the educational record.

F. Either party may appeal the decision of the hearing official or officials to the campus Chancellor. Appeal from the Chancellor's decision is to the President. Appeal from the President is to the Board of Curators.

7. The University of Missouri-Columbia considers "Directory Information/Public Information" to mean a student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student.

8. The University of Missouri-Columbia will mail grade reports to students at their permanent mailing address only. Grades will not be mailed to parents unless the students have completed the necessary authorization in the Registrar's Office.

9. The University of Missouri-Columbia may permit access to or release the educational records without the written consent of the students to the parents of a dependent student as defined in Section 152 of the Internal Revenue Code of 1954.

10. If any material or documents in the education record of a student includes information on more than one student, the student may inspect and review only such part of such material or document as relates to him/her or to be informed of the specific information contained in such part of such material.

11. Students desiring reproduction of copies of educational records will be charged at the rate of $.25 per copy. Official copies of transcripts will be charged at the rate of $1.00 each and unofficial copies at the rate of $.50 each.

ACADEMIC RULES AND REGULATIONS

Extension and/or Correspondence Enrollment

Students who enroll in extension and/or correspondence courses for the purpose of applying them to a degree program will coordinate such enrollment with the school or college offering the degree.

Part-Time Student

For an undergraduate student, registration for fewer than 12 hours in a given semester will be considered as constituting a part-time program. Undergraduate students may not enroll in a part-time program without the express permission of the Dean of the School or College in which the student is, or plans to be, enrolled.

Late Registration

No student will be permitted to register in any school or college of the University of Missouri-Columbia or in any course, other than Problems, Special Readings, or Research, after the expiration of six meetings of a class in regular session or the equivalent thereof in a shorter session.

Auditing A Course

With the consent of the Dean of the school or college in which the student is registered and of the instructor concerned, a student may enroll in a course as a hearer. Normally a hearer will attend the course on a regular basis; either the department or an individual instructor will stipulate the requirements for enrollment in a course as a hearer. At the request of the instructor a hearer may be dropped from a course for failure to comply with stipulated requirements. As instructor may request the Registrar to backdate a hearer's disenrollment from a course, so that no notation of the student's enrollment will appear on the student's permanent record. A hearer will receive no credit toward a degree. Once a student has elected to enroll in a course as a hearer, he may not change his status to that of a regular student after the free petitioning period. Nor can a student who is enrolled for credit change his status to hearer after the free petitioning period.

Withdrawal

A student who wishes to withdraw from any course in which he is officially enrolled must declare his intention by processing the appropriate form no later than the last scheduled day of course work in a given semester, provided, however, that the faculty of the student's school or college may establish earlier deadlines for withdrawal.

A student who wishes to withdraw from the University of Missouri-Columbia must process the appropriate form in the office of the Dean of the school or college in which he is registered. In no case may the withdrawal be dated after the last scheduled day of course work. Withdrawal forms will normally be dated according to the date the request was first received with the following exception: When health or other critical circumstances constitute the reason for withdrawal, the Dean may designate an earlier date to which academic rules will apply.

Dismissal

The Director of the Student Health Service will have the authority to exclude a student from classes and other University exercises and activities because of exposure to a communicable or contagious disease or to require a student to withdraw from the University of Missouri-Columbia at any time if he has a medical condition constituting a hazard to himself, to other students, or to the campus community.

At any time a Dean may, following such procedures as are reasonable, dismiss a student from a course, or from the school or college for failure to perform academic duties.

Attendance

Students are expected to attend all scheduled class sessions. A student who does not complete assigned academic work because of absence from class is responsible for making up that work in accordance with instructions provided by the faculty member consistent with any policy established by the faculty of the respective department or division. A divisional faculty, a department faculty, a course director or an individual instructor may establish attendance standards and will determine whether a student will be permitted to make up work missed as a result of absence(s). There will be no "Dean's Excuse" or "Official Absence."

Group Examinations and Final Examinations

This article is designed to protect students from irregularities in the administration of both multi-section group examinations administered during a semester and final examinations. In general, the Committee on Schedule of Studies and Examinations is responsible for the guidelines governing the administration of examinations, and it is charged with the responsibility of assuring that any conflict which may occur between a regularly scheduled examination and a multi-section group examination will not deprive a student of being eligible to take both examinations.

No teacher will hold an examination during any time other than the regular meeting time of the class or the time as approved by the Committee on Schedule of Studies and Examinations for both multi-section and final examinations. No one is authorized to change the schedules of multi-section examinations or final examinations in any way without permission from the Committee and then only upon recommendation of the appropriate department chairman and Dean.

Examinations in courses numbered 400 and above may be conducted at any time agreeable to both the teacher and students.

No group or class examination may be held during Stop Day.

Examination of individual students may be held at the discretion of the instructor. This particular regulation should not be interpreted to mean that "individual students" constitute an entire class.

Academic Dishonesty

The faculty and administration of the University of Missouri-Columbia recognize the necessity of encouraging procedures which assure to the extent possible an academic environment in which each student has the opportunity to be evaluated fairly on the basis of his own performance. The maintenance of such an environment requires that both faculty and students have access to these regulations regarding academic dishonesty and that early in each term the instructor provide the class any expectations unique to that course.

Any formal report of academic dishonesty will be made in writing through appropriate channels to the Office of the Vice Chancellor for Student Affairs. The report, which will be prepared without delay, will contain a detailed account of the incident, supporting evidence (if appropriate), and any disposition taken by the instructor.

Notice of violations and action(s) taken will be handled in accordance with Section 6.01 of the *Collected Rules and Regulations* of the University as published in the *M Book*.

When disposition of a case of academic dishonesty is made, a report is to be submitted to the instructor and the Dean of the school or college in which the student accused of academic dishonesty is enrolled.

Grades:

The purpose of the grading system is to provide a framework in which the faculty can report evaluation of student performance and achievement. This subsection of this article is not applicable to the Schools of Law and Medicine which award grades of *S* (Satisfactory) or *U* (Unsatisfactory). For the internal purposes of such school or college the faculty of such school or college may adopt a variant of the campus grading system.

The *A, B, C, D, F, W, WF* grading system is appropriate for those subjects and situations which allow discrimination in quality of achievement and performance. The *S/U* grading system is more appropriate for students wishing to take elective courses in a subject matter field in which they will be competing with majors, for mastery learning situations, and for courses graded primarily on the basis of attendance.

Grades carrying credit are: *A*, *B*, *C*, *D*, and *S*. Grades calculated in the grade point average are: *A* (4), *B* (3), *C* (2), *D* (1), *F* or *WF* (0). The grades of *S*, *U*, and *W* are not incorporated in the grade point average.

Incomplete Work (Grade of *I*). Whenever a student cannot be assigned a grade at the end of a course in which he has been enrolled because his work is for good reason incomplete, the instructor will postpone the grade of the student, reporting to the Registrar the fact that such student's grade is *I*. An *I* grade may be assigned only when (1) the completed portion of the student's work in the course is of passing quality, and (2) there is such evidence of hardship as to make it unjust to hold the student to the time limits previously fixed for the completion of his work.

The time allowed for the removal of an *I* grade is normally one calendar year from the date of its recording (assuming that the student is in continuous enrollment during the time period). When the incomplete work is accomplished, proper notification of the grade to be assigned will be provided to the Registrar and the student.

Assignment of Grades for Disenrolled Students. No grade will be assigned to a student who ceases for any reason to be a member of a course prior to the beginning of the seventh week of a semester or an equivalent period of time in a summer session. A student who officially withdraws from a course after beginning of the seventh week and who is doing failing work will be assigned the grade *WF*. If the quality of the student's work is not judged to be failing at the time of withdrawal, the grade W will be assigned.

Reporting of Previously Incomplete, Unassigned, or Erroneous Grades. Whenever it becomes necessary to assign to a student a grade in a subject in which his grade was Incomplete *(I)*, or to report the assignment of a previously unreported grade, or to correct a grade erroneously reported, proper notification will be sent to the Registrar on a form provided for that purpose. (Note: Grade corrections must be processed within one semester of the original reporting date.)

GPA:

Grade Point Averages, How Determined—Grades Excluded. In general, the grade point average for any period is obtained by dividing the grade points earned by the total number of hours for which the student was enrolled during that period. Grades of *S*, *U*, *W*, or *I* will not be included in determining the grade point average. Since, for internal purposes, there are variations in computing the grade point average among the several schools or colleges, the student should check with the appropriate Dean's Office to determine the system in effect for that division.

Academic Standing

A student whose term and cumulative grade point averages are 2.0 or higher is in good standing. (Note: The word term in these Regulations applies to semester, summer session, or intersession.)

A student in good standing whose term grade point average falls below 2.0 is placed on scholastic probation.

Any beginning student admitted to the University of Missouri-Columbia who does not meet the minimum entrance standards as specified in Article II, Admission, Advanced Standing, and Classification will enter on scholastic probation.

A student on scholastic probation must establish a 2.0 cumulative grade point average within two successive terms; otherwise, he is ineligible to re-enroll.

A student whose term grade point average falls below 1.0 is ineligible to re-enroll.

In the application of the foregoing rules, the Dean or the faculty committee of the division concerned will determine how an incomplete grade in a course will be considered in determining a student's academic standing.

A student who has been ineligible to enroll for a period of one year may be readmitted only upon the approval of the Dean of the school or college in which the student desires to enroll. As a condition of readmission, the Dean may set forth stipulations with regard to minimum standards of academic work which must be maintained by the student. If the student after readmission again becomes ineligible to re-enroll, his ineligibility is normally considered permanent.

These regulations are the prescribed minimal standards but do not limit the authority of the faculty of any school or college to adopt and enforce additional regulations affecting students enrolled therein.

The Dean of the appropriate school or college may, in extenuating circumstances, waive any of the foregoing regulations governing eligibility to re-enroll for an individual student.

INDEPENDENT STUDY COURSES
(Instruction through Correspondence)

INDEPENDENT STUDY COURSES

Students who desire to earn credit on either a bachelor's degree or a master's degree at the University of Missouri-Columbia are eligible for courses offered through the University of Missouri Extension, Center for Independent Study through Correspondence. Independent Study has course offerings in thirty-three subject areas. Courses by correspondence are a service to students who face a conflict in scheduling, as well as for those who do not reside on the Columbia campus or who desire to gain credit over the summer months.

Prepared and graded by University faculty members, Independent Study courses are equal to classroom work in thoroughness and comprehensiveness, as well as credit earned. Students may enroll at any time during the year, progress at their own rate of speed, and choose their own conditions and times for study. Consult your adviser concerning the possibilities of Independent Study. Courses developed on one of the other campuses of the University of Missouri are designated UMKC, UMR, or UMSL.

Catalogs may be obtained from the Center's office at 514 South Fifth St., Columbia, MO 65211. Phone (314) 882-2491.

Readings/Problems Courses

Readings courses, Problems courses, Special Investigations, etc., on the University 100-200-300-400 levels are offered by academic departments through the Center to students working toward degrees from the University of Missouri. You should come by our office to pick up an Approval Form. Students must also obtain approval from their advisers and make arrangements with appropriate faculty members to supervise their work.

NOTE: Students may enroll at any time during the year. Full-time resident students must have the approval of their Dean to begin or continue correspondence work while the University is in session.

DEGREE PROGRAM INFORMATION

Information needed on the dean's biographical card includes degree sought, degree program and emphasis area. These are listed by school and college with the abbreviations and codes. In order to fill in the cards:

1. Find your school or college.
2. Find the degree you are seeking.
3. Find your degree program.
4. Find your emphasis area if applicable to your degree program.
5. Print the abbreviation for the above on the appropriate line.

EXAMPLE: You are in the College of Agriculture seeking a bachelors degree in Agricultural Economics. The information would be recorded as follows:

BIOLOGICAL SCIENCES

BIO SC

STUDENTS INTERESTED IN TAKING CORE COURSES IN BIOLOGY (200 AND ABOVE) ARE RECOMMENDED TO TAKE 21 AND 22 BUT MAY TAKE 11 AND 12. IF A STUDENT TAKES 1 AND 2 AND DECIDES TO MAJOR IN BIOLOGY, THE FIRST COURSE IN THE MAJORS SEQUENCE MUST BE TAKEN FOR REDUCED CREDIT (2 HOURS). HOWEVER, IF A STUDENT HAS OBTAINED AN A OR B IN 1 AND 2, THE STUDENT MAY, WITH THE INSTRUCTOR'S PERMISSION, MOVE DIRECTLY INTO 22 WITHOUT PENALTY.

FINAL EXAMINATION SCHEDULE

Fall Semester 1979

I. The final meetings for the fall semester will be held during the period Thursday, December 13, 1979 through Thursday, December 20, 1979.

II. Each class is to meet in the scheduled room at the scheduled period for examination or other instructional activity. NO ONE IS AUTHORIZED TO CHANGE THIS SCHEDULE IN ANY WAY WITHOUT PERMISSION FROM THE COMMITTEE, UPON RECOMMENDATION OF THE APPROPRIATE DIVISIONAL DEAN.

III. Courses scheduled for four or five credit hours which meet at the *same* hour or at *different* hours during the week (e.g., 8:40 MWF, 10:40 TTh) and in which a three hour final examination is desired may hold final examinations at either or both of the two hour periods assigned in the examination schedule.
Courses scheduled for three credit hours which meet only twice each week will hold their examination at the time scheduled for the hour in which the class begins (e.g., 10:15-11:30 TTh will hold examinations at time scheduled for 9:40 TTh).

IV. Courses numbered 400 to 499 may conduct final examinations anytime *during the examinatrion period* which is agreeable to teacher and students. If examination is conducted at other than scheduled time, arrangements must be made for the use of necessary rooms. Examinations for all late afternoon and evening classes may be held anytime *during the examination period* which is agreeable to teacher and students. Classes beginning at 4:00 p.m. or later are considered late afternoon classes. *Arrangements must be made for the use of necessary rooms.* Any instructor who teaches a course which meets one day a week and who plans to give the final during the regularly scheduled final examination period should check with the Registration Office to see whether there is another class scheduled for the complementary day of the week at the same time in the same room. Should a conflict occur, it must therefore be resolved before final examination time.

V. Rooms for examinations are the same as those used for recitation during the semester except in the case of group examinations. Rooms for all group examinations will be assigned by the Registrar and the departments concerned will be advised as soon as practicable. The increasingly large number of students in group examinations has made this change in procedure necessary.

VI. The examination schedule follows:

COURSE OR CLASS MEETING TIME	*EXAMINATION MEETING TIME*	
*History 3, 11, 20; all sections	Thrusday, December 13	7:40- 9:40 a.m.
Accountancy 246; all sections	Thursday, December 13	7:40- 9:40 a.m.
11:40 Daily	Thursday, December 13	10:00-12:00 noon
11:40 MWF	Thursday, December 13	10:00-12:00 noon
2:40 TR	Thrusday, December 13	12:40- 2:40 p.m.
9:40 Daily	Thursday, December 13	3:00- 5:00 p.m.
9:40 MWF	Thursday, December 13	3:00- 5:00 p.m.
*Chemistry 1, 11, 12; all sections	Friday, December 14	7:40- 9:40 a.m.
*Engineering 195; all sections	Friday, December 14	7:40- 9:40 a.m.
Clothing & Textiles 182; all sections	Friday, December 14	7:40- 9:40 a.m.
1:40 Daily	Friday, December 14	10:00-12:00 noon
1:40 MWF	Friday, December 14	10:00-12:00 noon
1:40 TR	Friday, December 14	12:40- 2:40 p.m.
2:40 Daily	Friday, December 14	3:00- 5:00 p.m.
2:40 MWF	Friday, December 14	3:00- 5:00 p.m.
*Mathematics 9, 60, 61; all sections	Saturday, December 15	7:40- 9:40 a.m.
Accountancy 258; all sections	Saturday, December 15	7:40- 9:40 a.m.
Accountancy 36, 37; all sections	Saturday, December 15	10:00-12:00 noon
*Mathematics 7, 8, 10, 12, 14, 15, 80, 175, 201, 207; all sections	Saturday, December 15	10:00-12:00 noon
Geography 1; all sections	Saturday, December 15	12:40- 2:40 p.m.
*Mech. & Aero. Engr. 252; all sections	Saturday, December 15	12:40- 2:40 p.m.
3:40 Daily	Saturday, December 15	3:00- 5:00 p.m.
3:40 MWF	Saturday, December 15	3:00- 5:00 p.m.
Accountancy 273; all sections	Monday, December 17	7:40- 9:40 a.m.
*Family Economics & Management 173 and 373; all sections	Monday, December 17	7:40- 9:40 a.m.
*Physics 11, 80; all sections	Monday, December 17	7:40- 9:40 a.m.
10:40 Daily	Monday, December 17	10:00-12:00 noon
10:40 MWF	Monday, December 17	10:00-12:00 noon
10:40 TRS	Monday, December 17	12:40- 2:40 p.m.
Engineering 85; all sections	Monday, December 17	3:00- 5:00 p.m.
*Agricultural Economics 50; all sections	Monday, December 17	3:00- 5:00 p.m.
*Family Economics & Management 175 and 375; all sections	Monday, December 17	3:00- 5:00 p.m.
*Economics 41, 51, 229; all sections	Monday, December 17	3:00- 5:00 p.m.

COURSE OR CLASS MEETING TIME	*EXAMINATION MEETING TIME*	
7:40 Daily	Tuesday, December 18	7:40- 9:40 a.m.
7:40 MWF	Tuesday, December 18	7:40- 9:40 a.m.
8:40 TRS	Tuesday, December 18	10:00-12:00 noon
12:40 Daily	Tuesday, December 18	12:40- 2:40 p.m.
12:40 MWF	Tuesday, December 18	12:40- 2:40 p.m.
Statistics 31, 150, 250; all sections	Tuesday, December 18	3:00- 5:00 p.m.
*Engineering 99; all sections	Wednesday, December 19	7:40- 9:40 a.m.
*French 1, 2, 103; all sections (except GH)	Wednesday, December 19	7:40- 9:40 a.m.
Human Nutrition 130; all sections	Wednesday, December 19	7:40- 9:40 a.m.
Psychology 20; all sections	Wednesday, December 19	10:00-12:00 noon
12:40 TR	Wednesday, December 19	12:40- 2:40 p.m.
8:40 Daily	Wednesday, December 19	3:00- 5:00 p.m.
8:40 MWF	Wednesday, December 19	3:00- 5:00 p.m.
11:40	Thursday, December 20	7:40- 9:40 a.m.
9:40 TRS	Thursday, December 20	10:00-12:00 noon
3:40 TR	Thursday, December 20	12:40- 2:40 p.m.
7:40 TRS	Thrusday, December 20	3:00- 5:00 p.m.

*If conflicts, department(s) designated by a single asterisk will give make-up examinations.
