TO THE ASSOCIATION OF ALUMNI AND FORMER STUDENTS  
OF THE COLLEGE OF ENGINEERING:

This Directory contains the names of the members of the Association of Alumni and Former Students of the College of Engineering, and of many of those known to be eligible to membership, listed alphabetically, geographically, and by class. Members are designated by names in bold face type.

The material in this first issue is limited from lack of information. The alphabetical list exhibits the names, degrees and years, and addresses so far as known; the geographical list classifies only those for whom the Association has addresses; and the class list is supposed to include the names of all who received Engineering degrees in the year designated.

It is proposed to issue this Directory annually, entering new names, changes of address, and eliminating errors noted in preceding issues. Anyone finding errors or omissions, or desirous of being enrolled in the Association will confer a favor on the Secretary by reporting promptly to him.

J. R. WHARTON, *Secretary-Treasurer.*
