About the Benefit

The annual Gentle Doctor Benefit provides an enjoyable evening of entertainment for friends of the MU College of Veterinary Medicine that increases awareness and serves as a fundraiser for the College's teaching mission. The gala includes the fast-paced excitement of a live auction, the light-hearted strategizing that goes into silent auction success, musical entertainment, tasty appetizers preceding a delicious dinner, and relaxing with students, faculty and staff, alumni, families of students, and fellow supporters of the MU College of Veterinary Medicine.

This annual gala is a long-standing tradition that supports the College's scholarship fund for veterinary medical students. The interest from the endowment provides much-needed scholarships to incoming students each year. Two significant scholarships are given. Additionally, in recent years we have been able to provide \$100 scholarships to each member of the incoming class to help offset the cost of textbooks.
