STEINWAY & SONS' MAMMOTH MANUFACTORY is the most extensive establishment of its kind in the world.

The Official Revenue Returns show the number of Pianos manufactured by, "STEINWAY & SONS," viz:

ONE PIANO EVERY WORKING HOUR!!
TEN PIANOS EVERY DAY!!

and the amount of their sales are nearly double those of the next largest Manufacturer in America, and exceed those of the Twelve next largest Piano Manufacturers in New York combined.

Steinway & Sons are the only American firm whose Pianos have a "world-wide" reputation, being exported in large and constantly increasing numbers to Europe and all other parts of the civilized world. Steinway's Pianos are sought to be copied by nearly all American and European Pianomakers, many of the latter宣布ing through the public papers that their Pianos are constructed on the "Steinway" system.

Steinway & Sons desire to call special attention to their

NEW PATENT UPRIGHT PIANOS,
with Patent Resonator and Tubular Frame Action, which are Matchless in Volume and Quality of Tone, and surpassing facility of Action and Touch, whilst standing longer in tune, and being more impervious to atmospheric influences than any other Piano at present manufactured. An immense demand has already sprung up for these instruments, which are rapidly becoming

THE AMERICAN HOME PIANOS OF THE FUTURE.

Every Piano Warranted for Five Years.

Prices as low as the exclusive use of the best materials and most thorough workmanship will permit Old Pianos taken in exchange.

Published Catalogues, with Price Lists, mailed free on application.
