Welcome

NOTE: *Due to the current nationwide lack of availability of test kits for **Canine Brucellosis serology**, the VMDL is not currently able to conduct this test. The VMDL can ship serum samples to NVSL for Canine Brucellosis serology testing but the cost of testing will increase to \$25 per sample. Turnaround time will also be increased to approximately 10 days.*

Veterinarians can ship samples directly to NVSL using VS Form 10-4 to:

NVSL
P.O. Box 844, 1920 Dayton Avenue
Ames, IA 50010
(515) 337-7514

Welcome to the University of Missouri Veterinary Medical Diagnostic Laboratory (VMDL) Web Site. The VMDL is an interdisciplinary laboratory in the College of Veterinary Medicine whose faculty hold academic appointments in the Departments of Veterinary Pathobiology and Veterinary Medical Sciences. The Director is administratively responsible to the Dean of the College of Veterinary Medicine for the overall operation of the laboratory and its multiple missions of public service, teaching, research and continuing education/extension.

The Veterinary Medical Diagnostic Laboratory is a full-service laboratory accredited by the American Association of Veterinary Laboratory Diagnosticians and member of the National Animal Health Laboratory Network (NAHLN). It provides in-depth laboratory diagnostic support to veterinary practitioners, livestock and poultry industry interests, companion animal interests, wildlife conservationists, scientists utilizing animals in their research throughout the university, state and regulatory officials, and clinicians of the MU Veterinary Medical Teaching Hospital. The laboratory handles more than 200,000 specimens a year and serves Missouri's 114 counties and surrounding states by performing over 300,000 diagnostic tests annually.
