Overview Demographic Trends: a context for development in Pettis County

Presented to Leadership Sedalia
Sedalia Area Chamber of Commerce

April 19, 2006

Dr. William L. Elder
Director
Office of Social & Economic Data Analysis
University of Missouri-Columbia
Overview of Presentation

• Broad overview of major trends
• Context of future growth
• Aging issues
• Economic trends – trade and manufacture
• Education – The world is “Flat”
• Lots of other information

By “Flat” Friedman means parts of the world are much more easily accessible because of…

- New Players (3 billion more international workers)
- New Playing Field (world markets)
- New Ways of Playing (technology)
- Consequently, there will be much more competition and a greater need to be prepared including right here in Missouri.
The Blue Ribbon Vision -- Assets

- our “small town feeling”;
- our sense of community involvement;
- our central location;
- the Missouri State Fair;
- the State Fair Community College;
- the Bothwell Regional Health Center;
- Whiteman Air Force Base; and
- our cultural assets, diversity and rich heritage

These are clearly a strong base for development.
The Blue Ribbon Vision--Themes

1. Arts and Recreation
2. Economic Development
   – Industrial recruitment and retention
   – Tourism marketing and development
   – Business recruitment and retention
3. Education
4. Health and Wellness
5. Local Government
6. Social Services

These are clearly themes that connect with broad international, national and statewide development trends.
