

FORGE 2002 Conference

Building Ozarks Rural Sustainability in the 21st Century

**Eureka Springs, AR
September 7, 2002**

Presenter: Dr. Daryl Hobbs

Office of Social and Economic Data Analysis

602 Clark Hall
Columbia, MO 65211-4260
(573) 882-7396

**Transforming Data
Into Information
for Missourians**

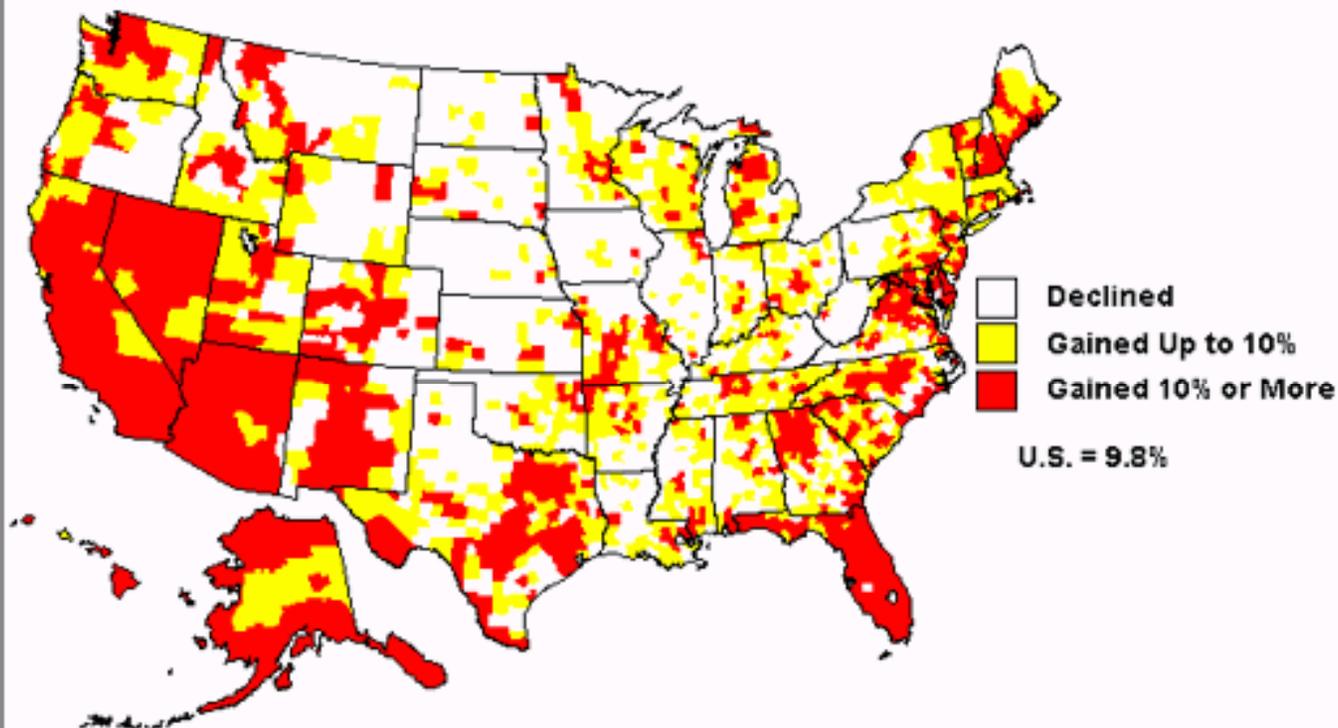

<http://www.oseda.missouri.edu>

“Livable communities don’t just happen.
They are created by the people who live in them.”

**We can no longer pretend
not to know...**

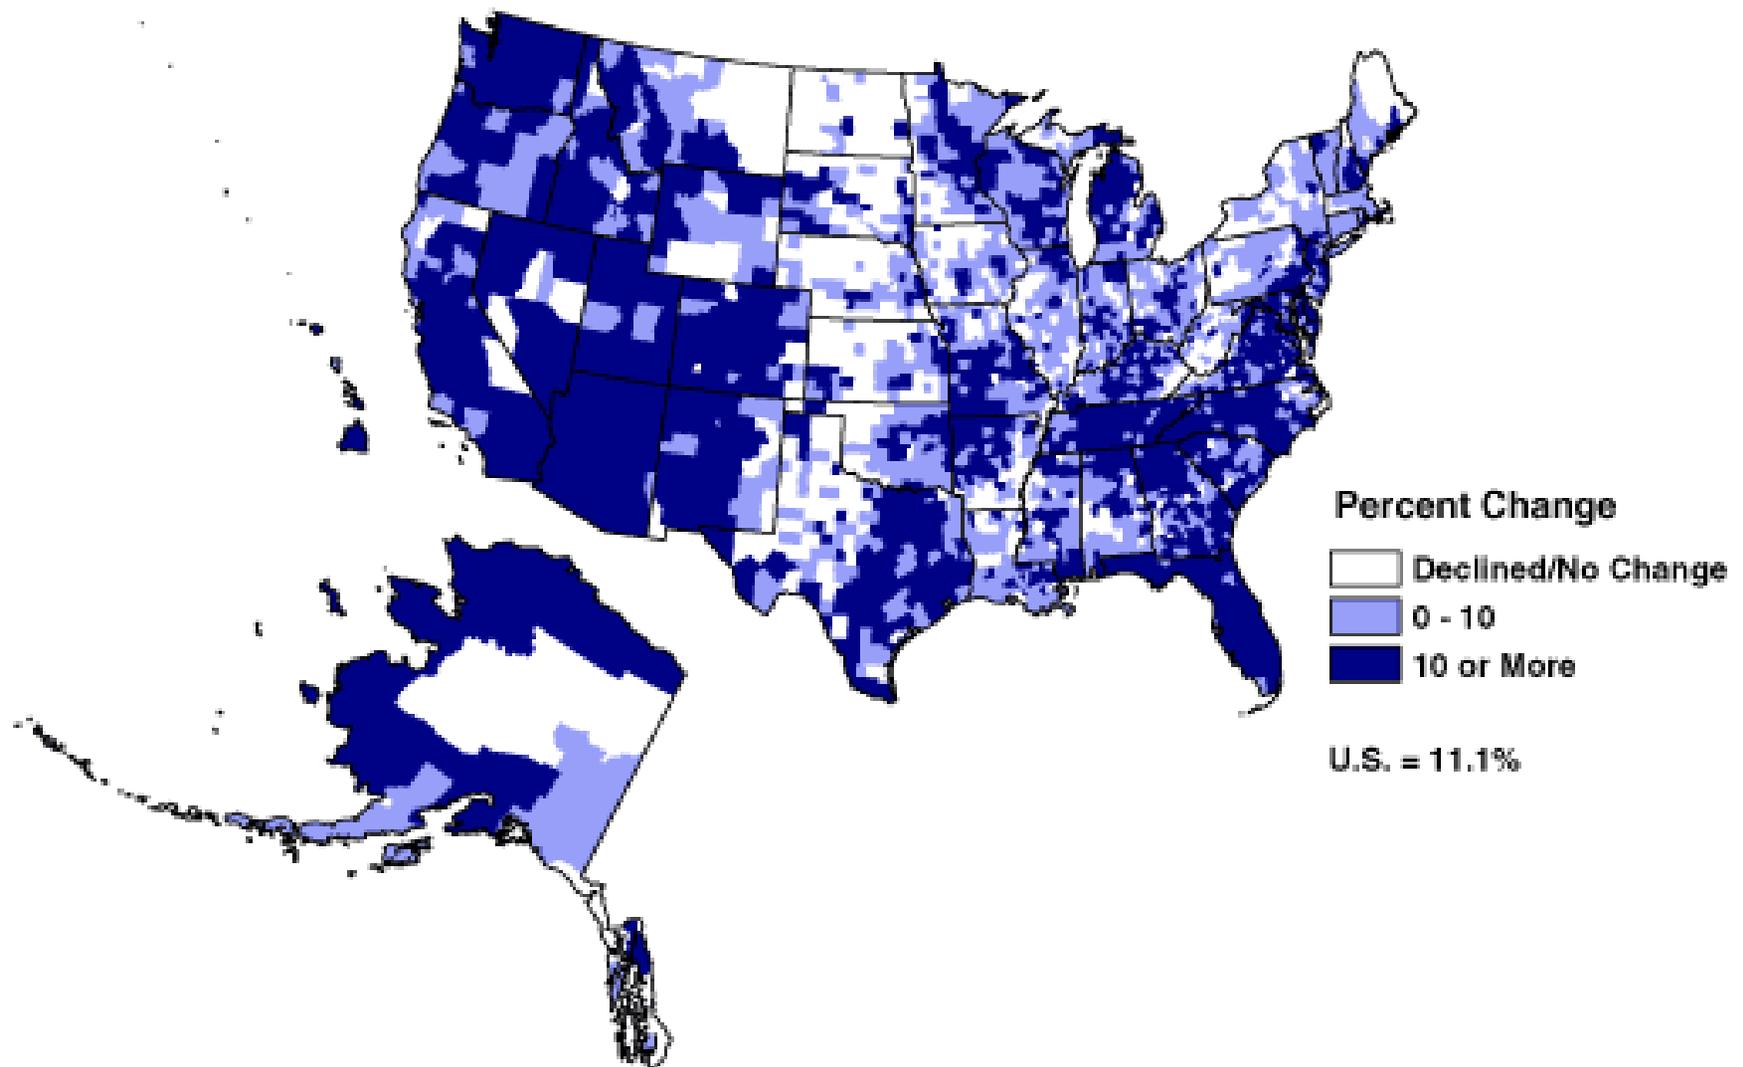

What we know

Percent Change in Population, 1980 - 1990

SOURCE: USDC, Bureau of the Census

Percent Change in Total Population, 1990-2000 U.S. Counties

Source: USDC, Bureau of the Census, Census of Population and Housing [2000 SF1; 1990 STF1]
Prepared by: University Outreach and Extension, Office of Social and Economic Data Analysis - (OSEDA)
Map Generated on 9.11.02

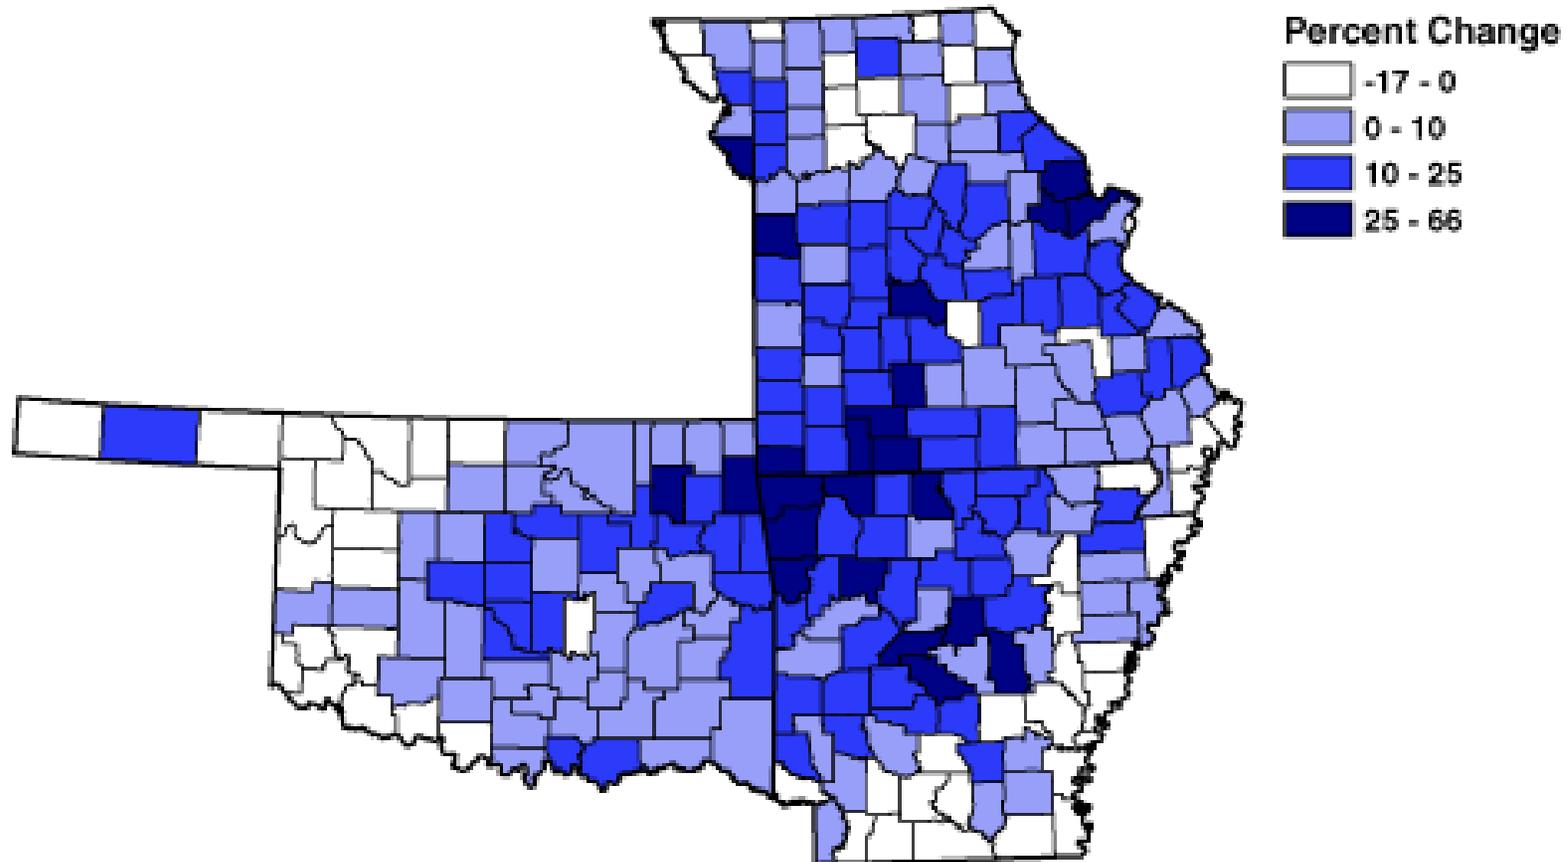

Most significant changes in the 1990s

- population moving from California –
 - first to mountain states
 - second to other regions including Ozarks

Why are people moving?

- Because they can
- Taking jobs and sources of income with them
- Shift from an industrial economy to a global information technology
- Differences in
 - cost of living
 - quality of life

Percent Change in Total Population, 1990-2000

Source: USDC, Bureau of the Census, Census of Population and Housing [2000 SF3-DP; 1990 STF3]
Prepared by: University Outreach and Extension, Office of Social and Economic Data Analysis - (OSEDA)
Map Generated on 9.4.2002

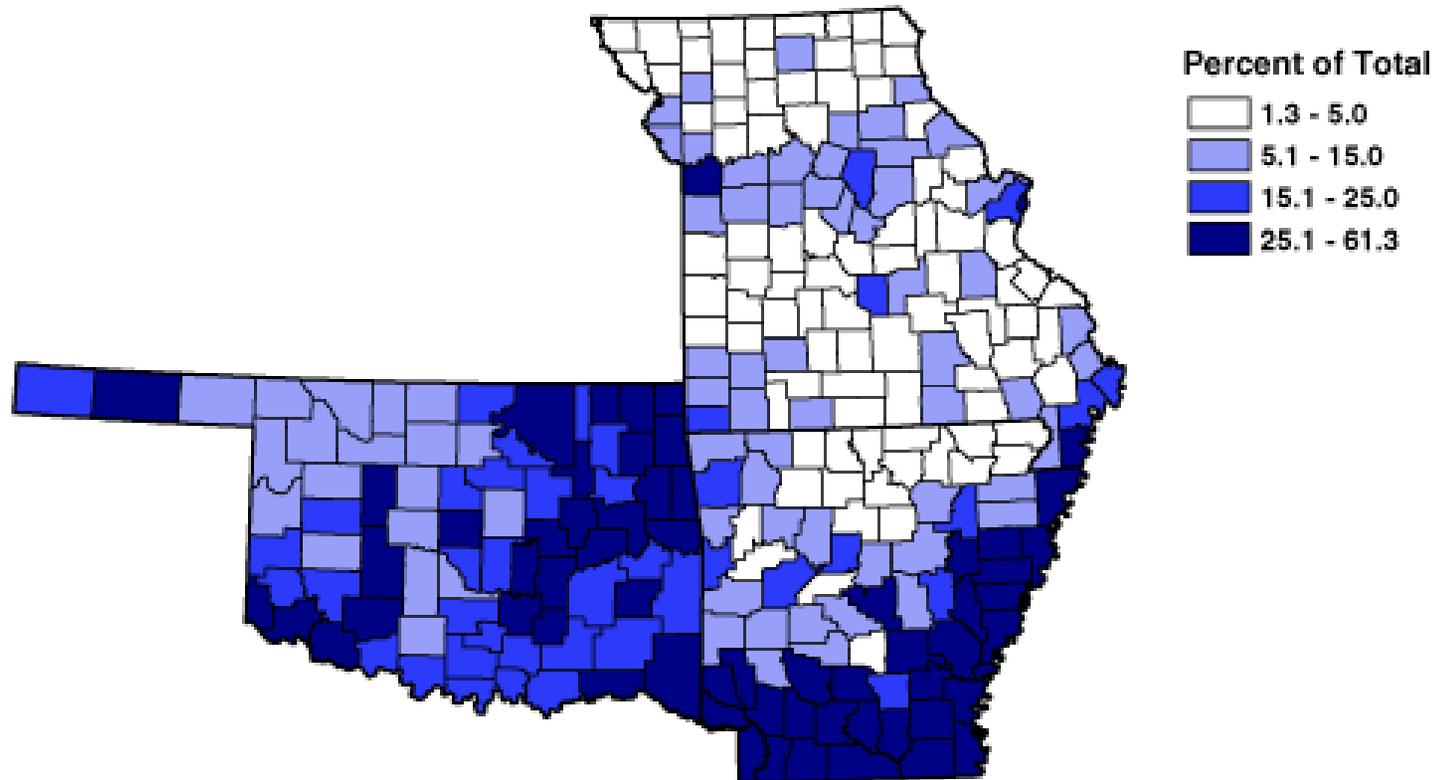

Population Change

Arkansas	1980-1990 - 2.8%
	1990-2000 - 13.7%
Missouri	1980-1990 - 4.1%
	1990-2000 - 9.3%
Oklahoma	1980-1990 - 4.0%
	1990-2000 - 9.7%

People moved away from Arkansas, Missouri, Oklahoma during the 1980s

- and moved to them in the 1990s – from West Coast, East Coast, and other places in the Midwest

Racial Minority as a Percent of Total Population, 2000

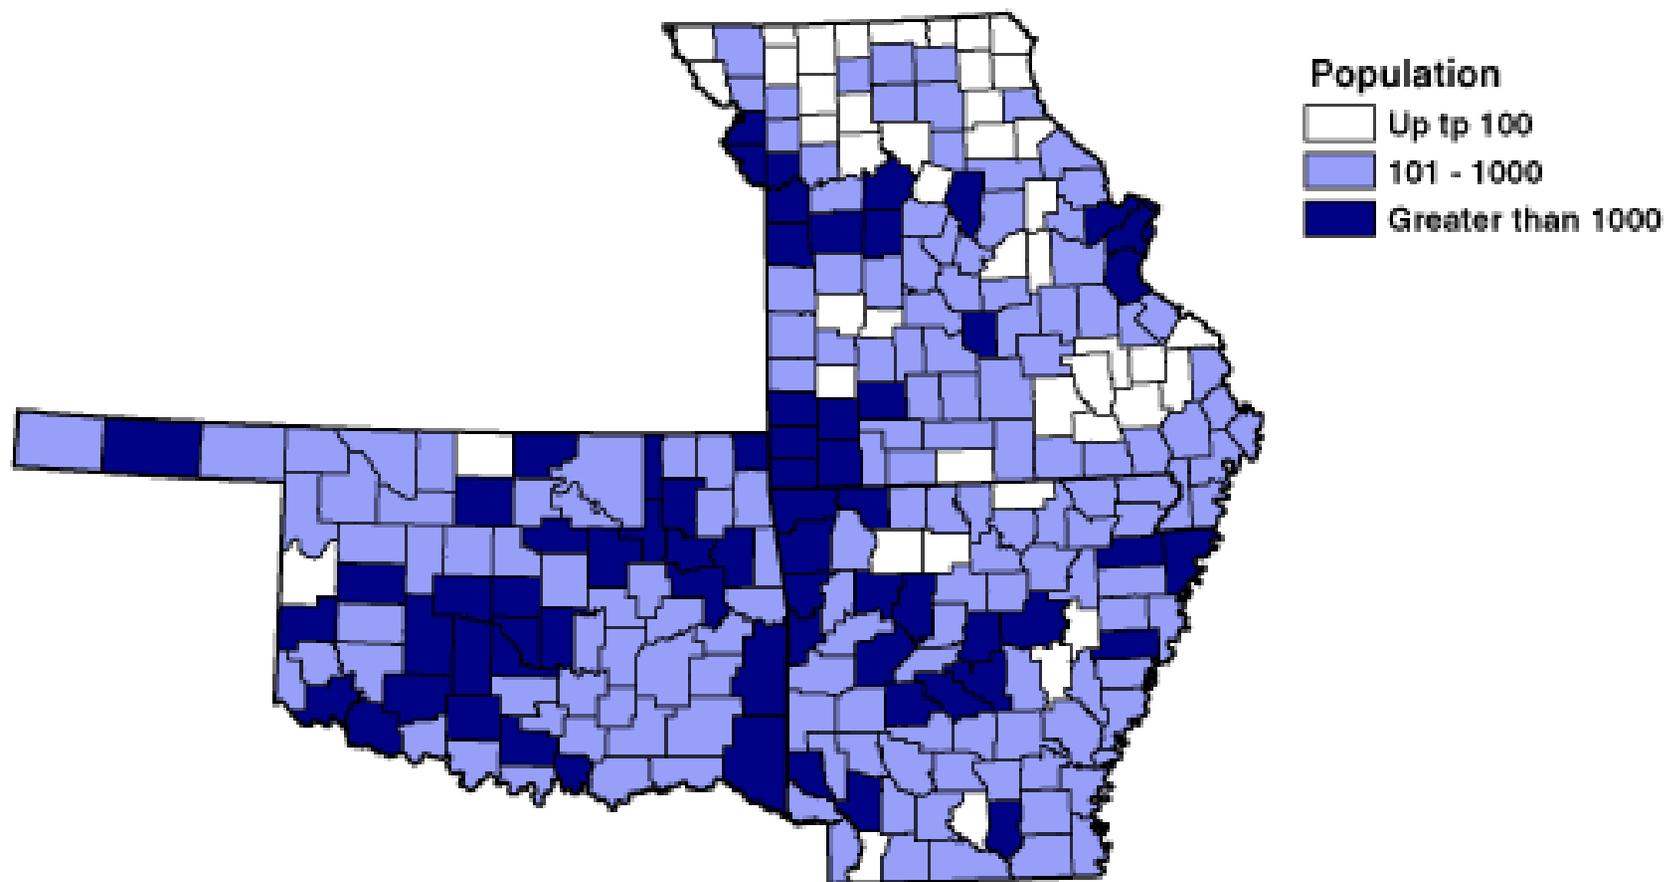

Source: USDC, Bureau of the Census, Census of Population and Housing [2000 SF3-DP]
Prepared by: University Outreach and Extension, Office of Social and Economic Data Analysis - (OSEDA)
Map Generated on 9.4.2002

The Missouri and Arkansas Ozarks
have very few racial minorities

Oklahoma Ozarks is home to
significant American Indian population

Hispanic Population, 2000

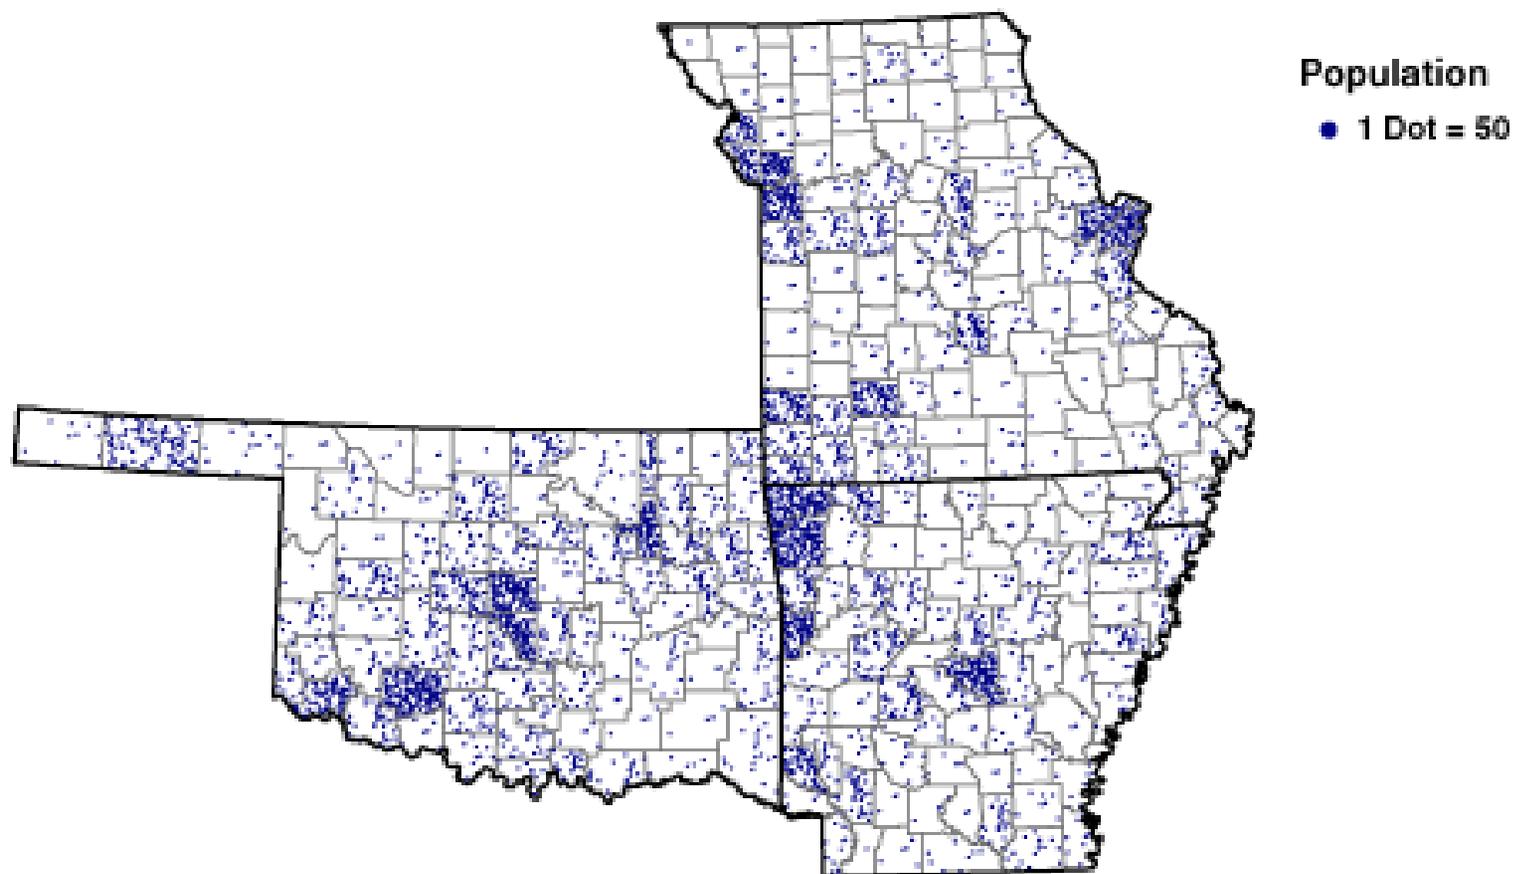

Source: USDC, Bureau of the Census, Census of Population and Housing [2000 SF3-DP]
Prepared by: University Outreach and Extension, Office of Social and Economic Data Analysis - (OSED)
Map Generated on 9.3.2002

Hispanic, Latino population

More than doubled in all
three states during the 1990s

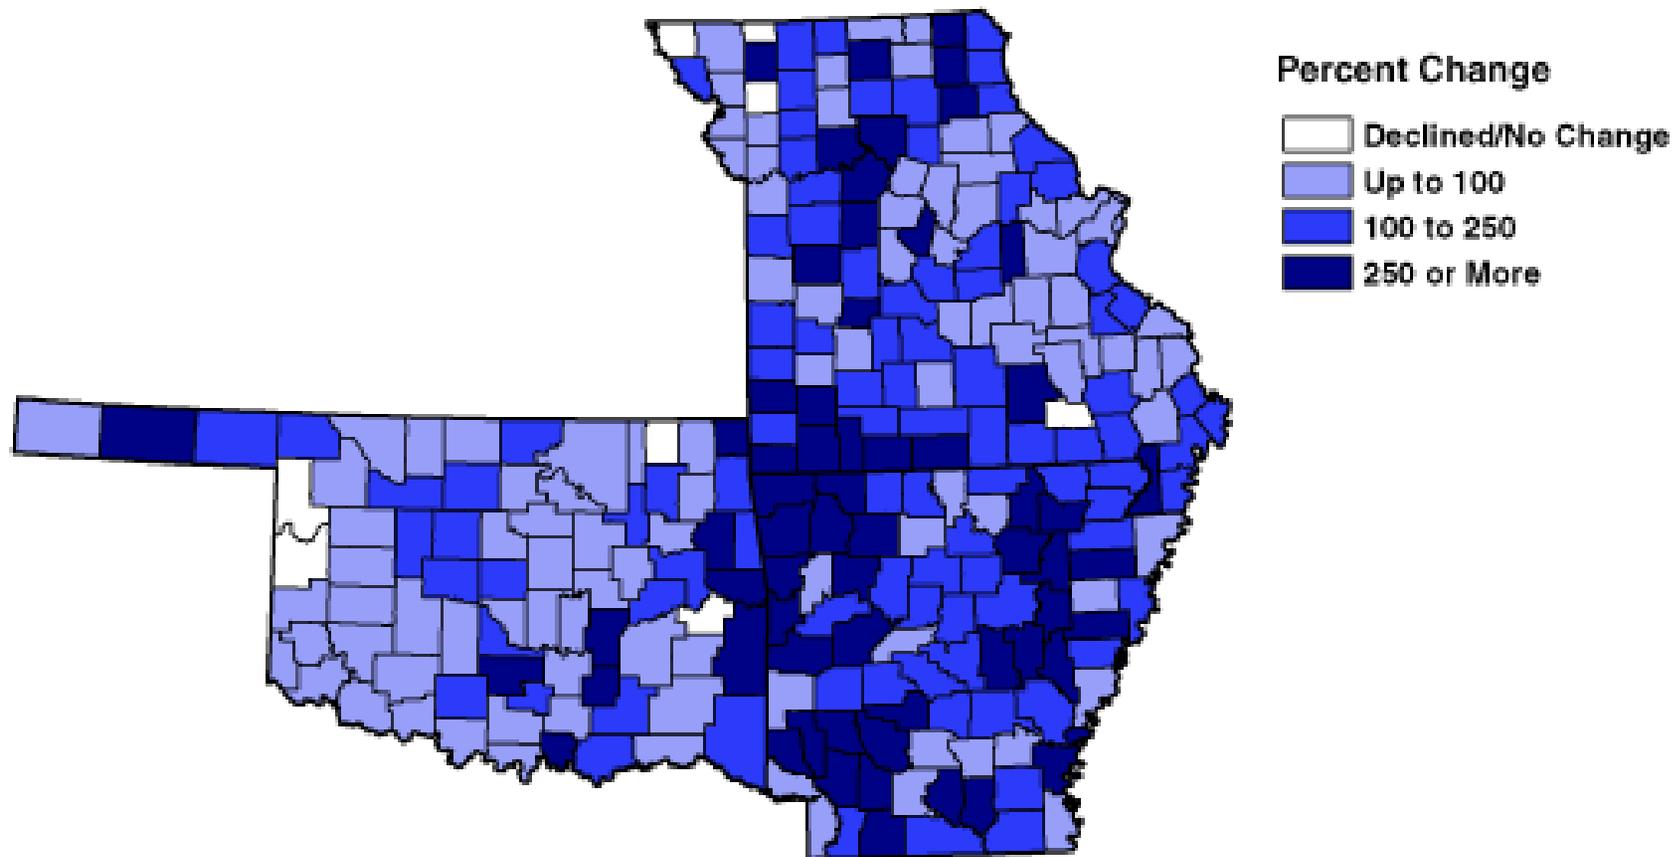

More than tripled during the
1990s in 20 Ozark counties

Hispanic Population, 2000

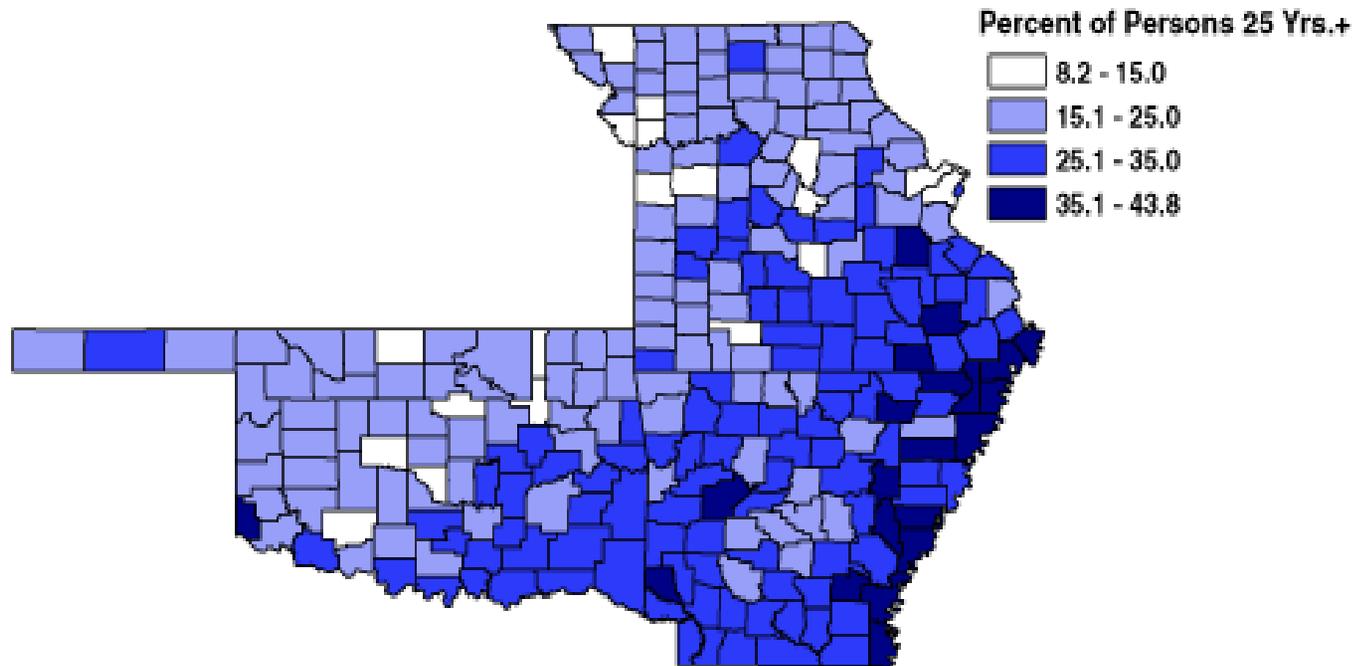

Source: USDC, Bureau of the Census, Census of Population and Housing [2000 SF3-DP]
Prepared by: University Outreach and Extension, Office of Social and Economic Data Analysis - (OSED)
Map Generated on 9.3.2002

Percent Change in Hispanic Population, 1990-2000

Source: USDC, Bureau of the Census, Census of Population and Housing [2000 SF3-DP; 1990 STF3]
Prepared by: University Outreach and Extension, Office of Social and Economic Data Analysis - (OSEDA)
Map Generated on 9.3.2002

Percent Persons Age 25 Years and Older Without H.S. Diploma or Equivalent, 2000

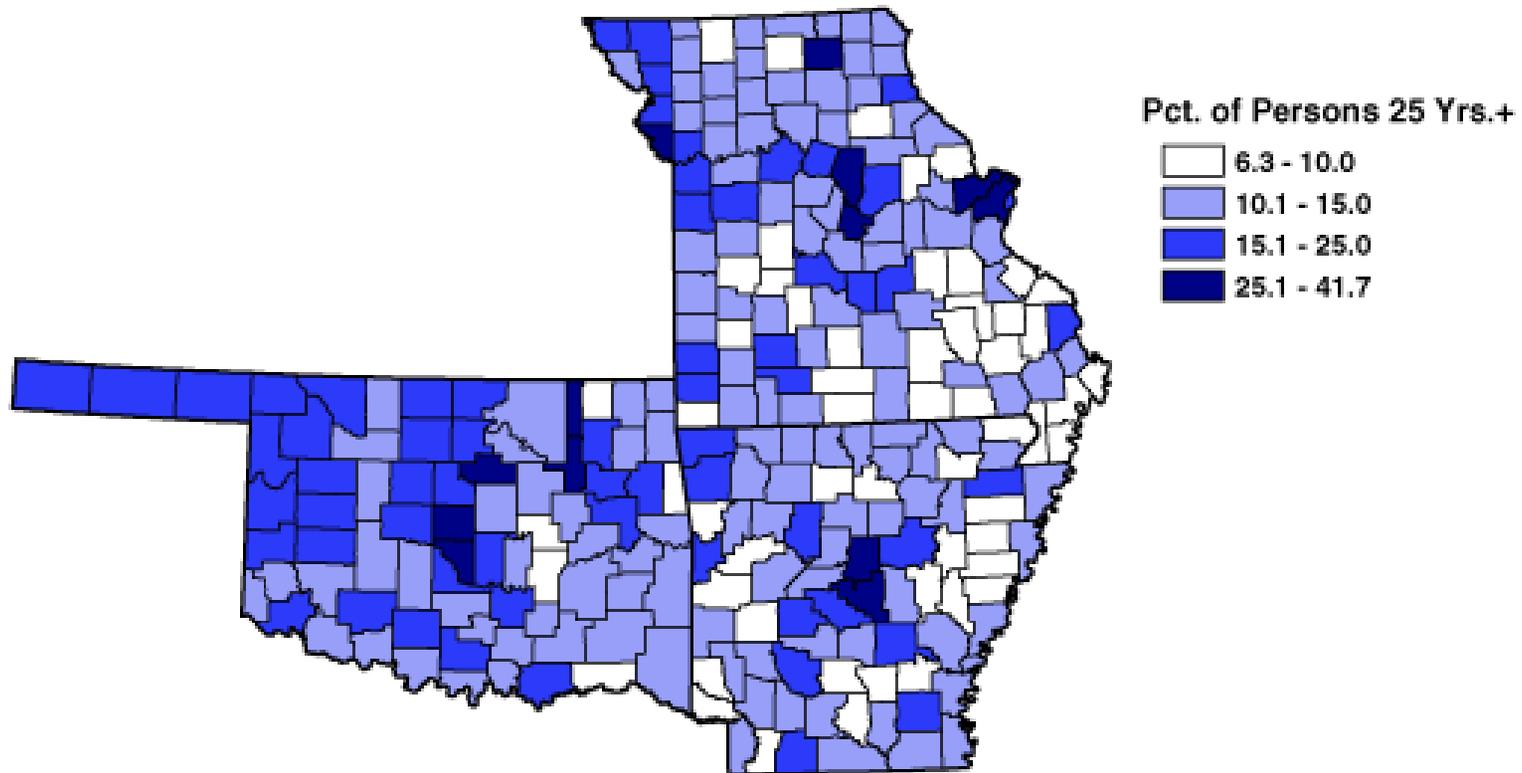

Source: USDC, Bureau of the Census, Census of Population and Housing [2000 SF3-DP]
Prepared by: University Outreach and Extension, Office of Social and Economic Data Analysis - (OSED)
Map Generated on 9.4.2002

According to the 2000 Census,
more than half of all
Ozark counties, over 25 percent
of adults, have not graduated
from high school.

But that percentage improved
significantly from 1990.

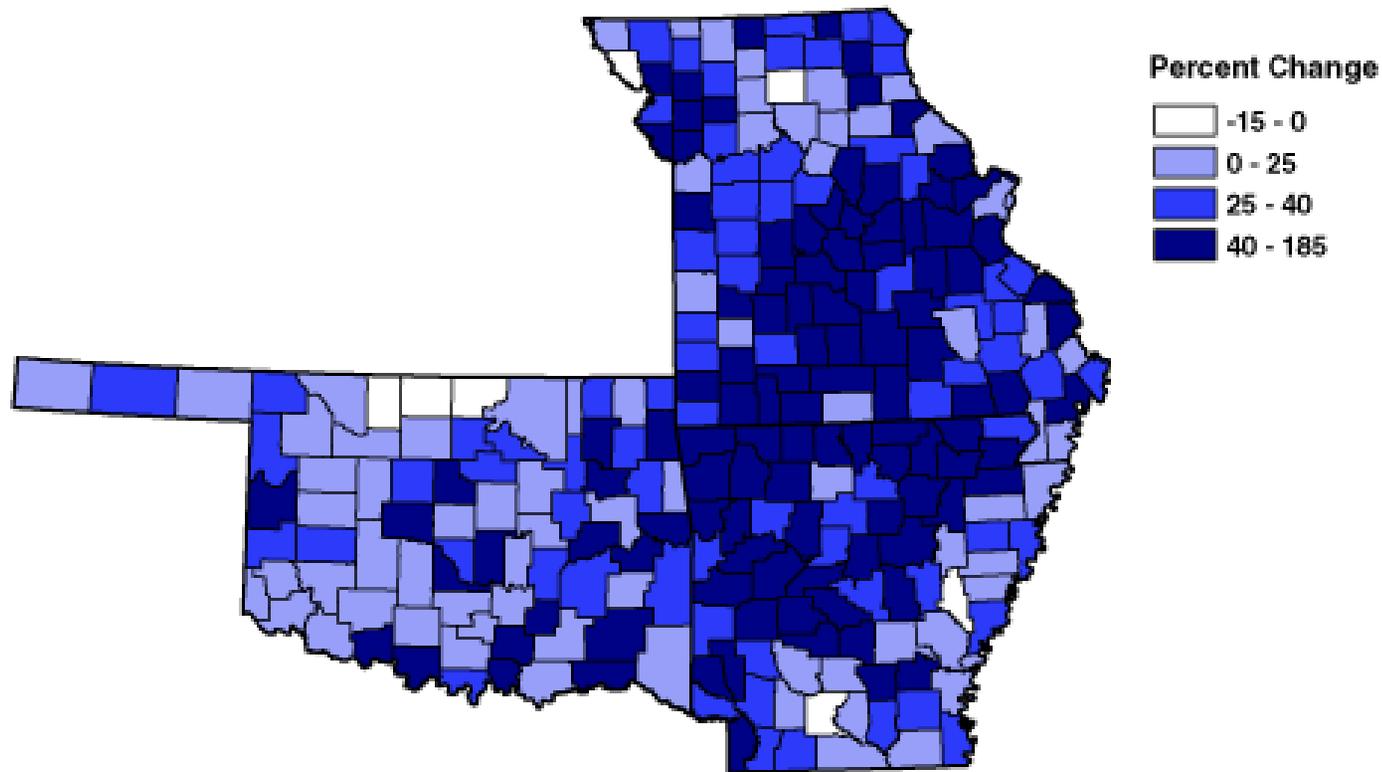

Percent Persons Age 25 Years and Over With College Degree or More, 2000

Source: USDC, Bureau of the Census, Census of Population and Housing [2000 SF3-DP]
Prepared by: University Outreach and Extension, Office of Social and Economic Data Analysis - (OSED)

Map Generated on 9.4.2002

Percent Change in Persons Age 25 Years and Over With College Degree or More, 1990-2000

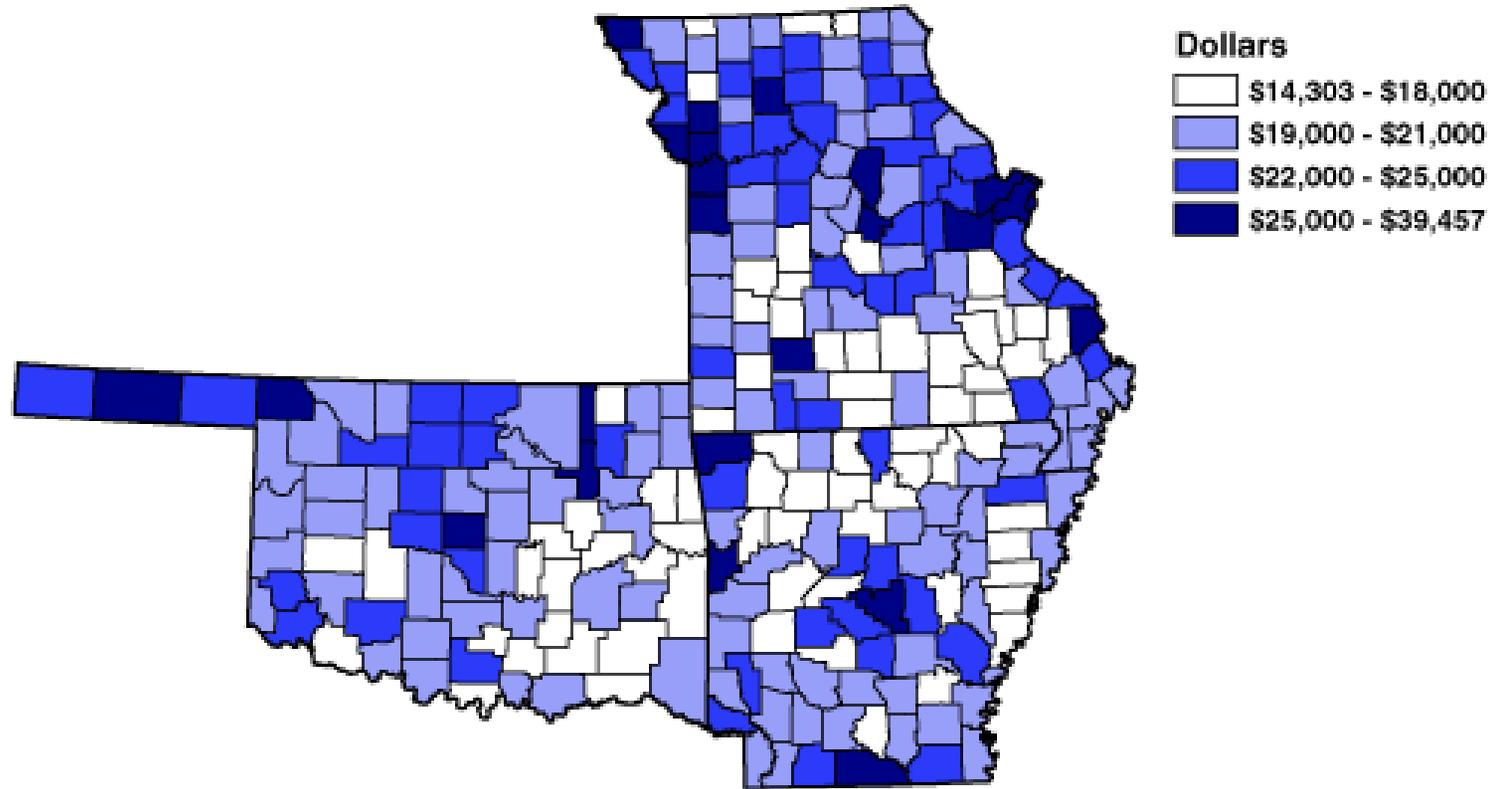

Source: USDC, Bureau of the Census, Census of Population and Housing [2000 SF3-DP; 1990 STF3]
Prepared by: University Outreach and Extension, Office of Social and Economic Data Analysis - (OSEDA)
Map Generated on 9.4.2002

The percent of adults having a college degree increased in all Ozark counties during the 1990s

The greatest increases occurred in those counties having greatest population

- Many of new migrants to Ozarks are highly educated

Per Capita Personal Income, 2000

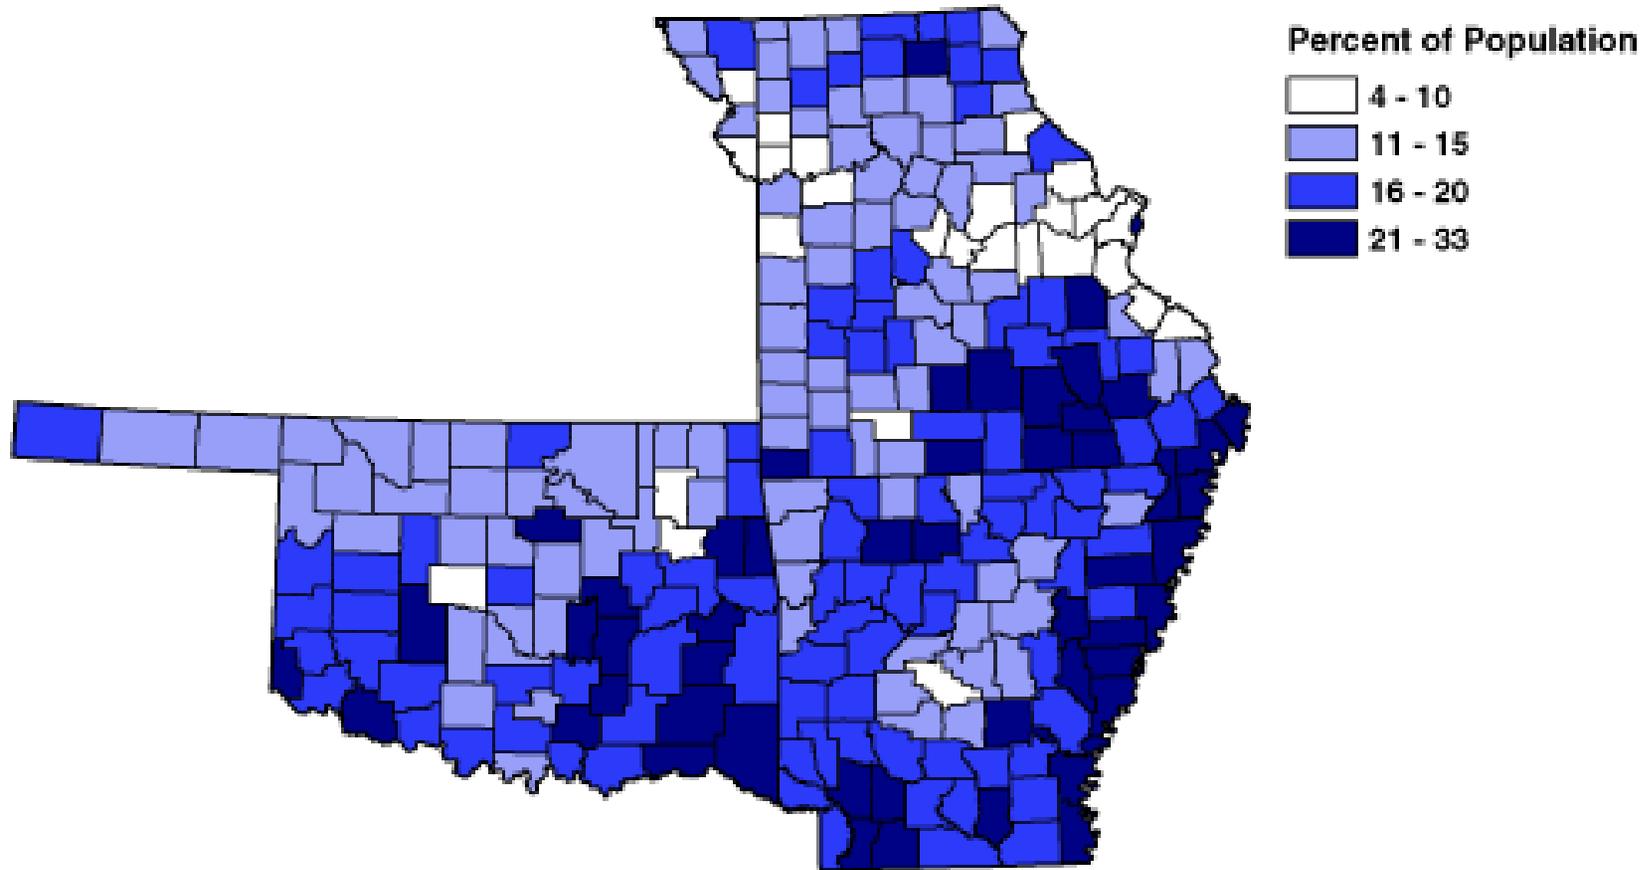

Source: USDC, Bureau of Economic Analysis, Regional Economic Information System, 1969-2000 File
Prepared by: University Outreach and Extension, Office of Social and Economic Data Analysis - (OSED)

Map Generated on 9.4.2002

Although there was significant population and economic growth in the Ozarks during the 1990s

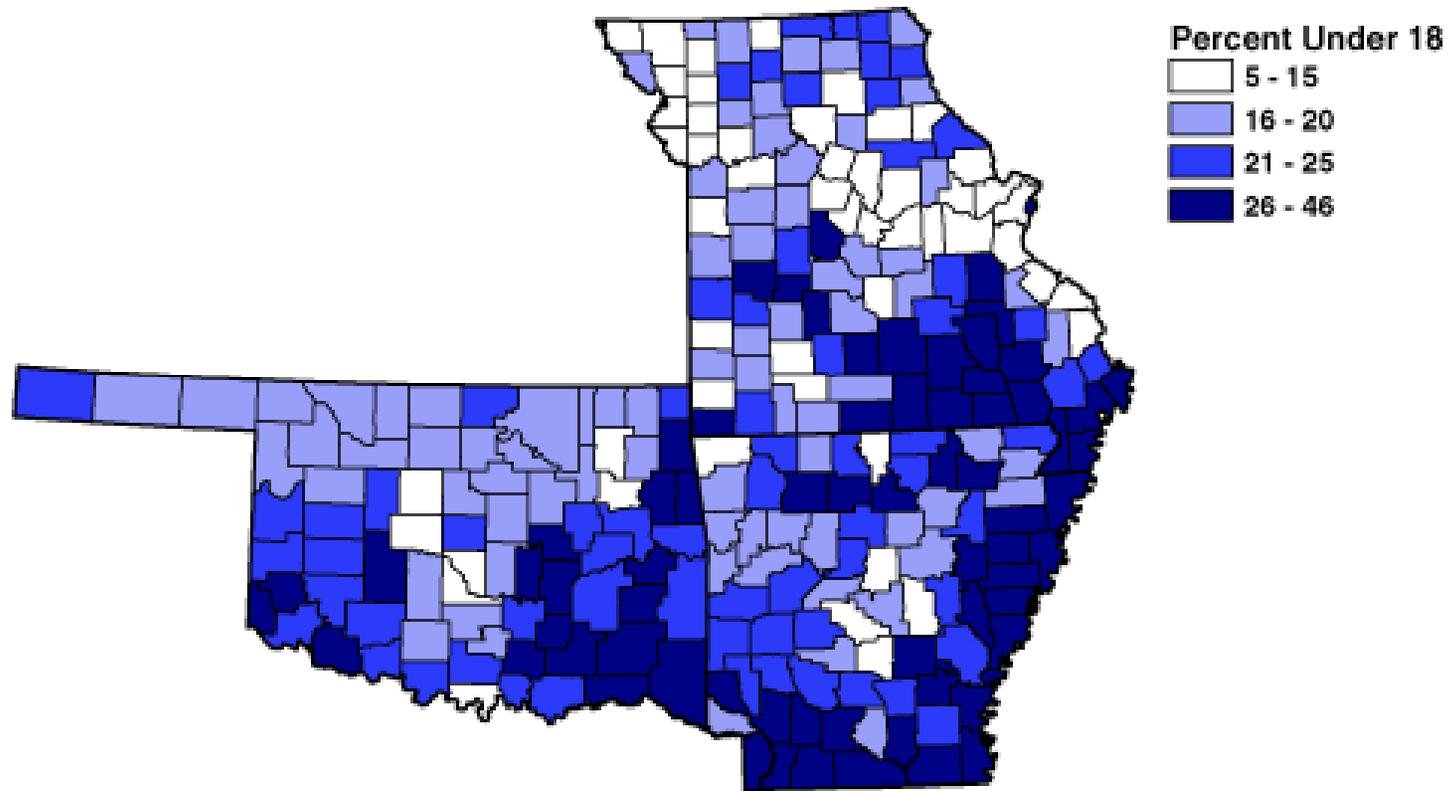

- Per capita income remains relatively low in Ozark counties

Percent of Population Below Poverty Level 2000

Source: USDC, Bureau of the Census, Census of Population and Housing [2000 SF3-DP]
Prepared by: University Outreach and Extension, Office of Social and Economic Data Analysis - (OSED)
Map Generated on 9.4.2002

Percent of Population Under 18 Below Poverty, 2000

Source: USDC, Bureau of the Census, Census of Population and Housing [2000 SF3-DP]
Prepared by: University Outreach and Extension, Office of Social and Economic Data Analysis - (OSED)
Map Generated on 9.4.2002

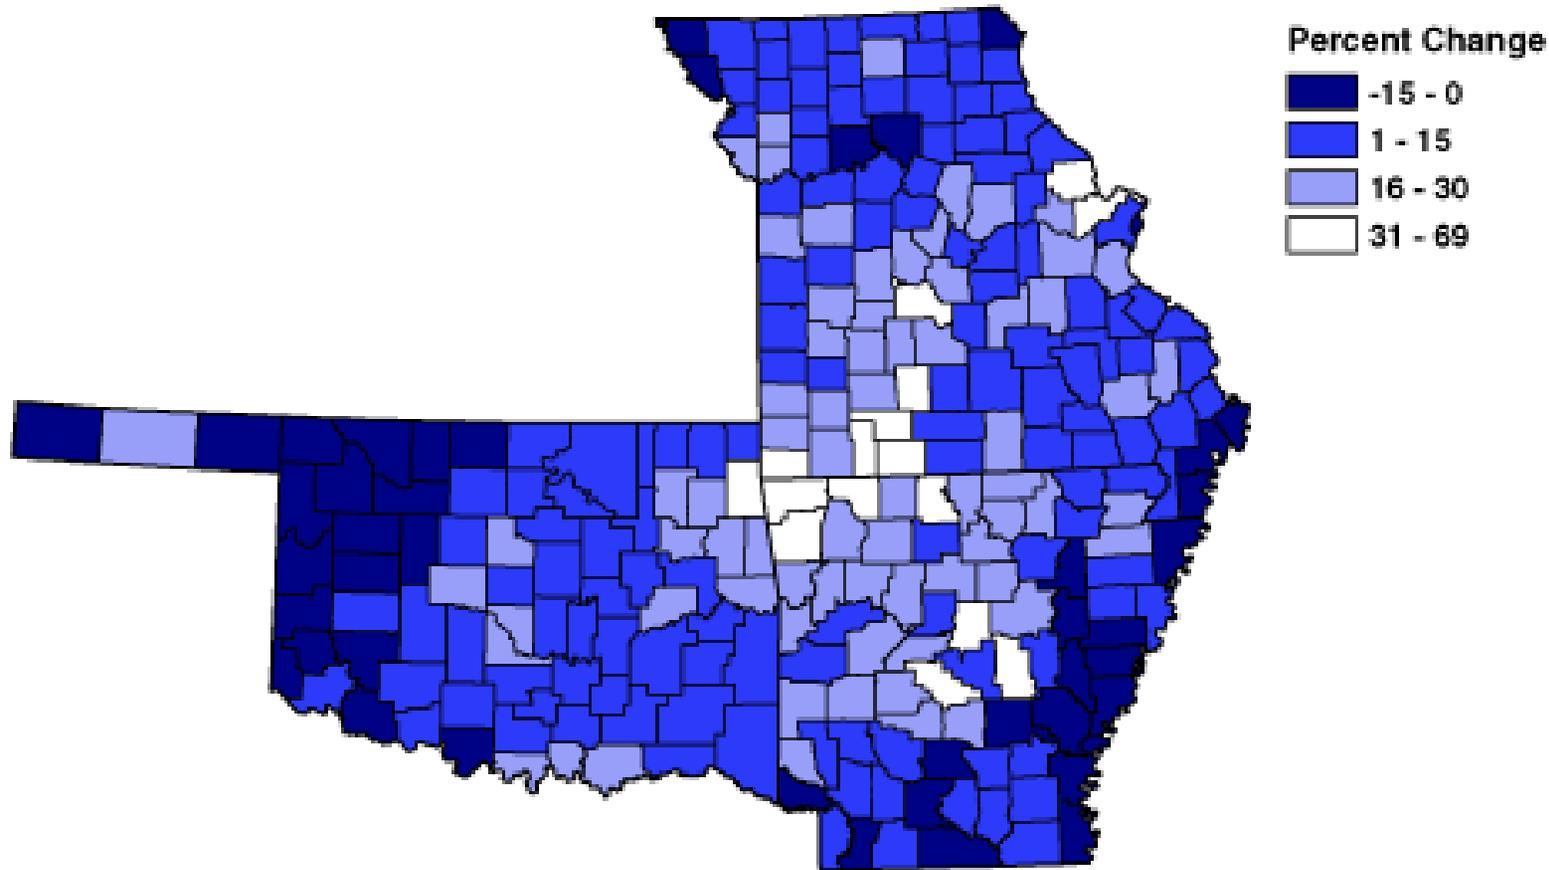

Parts of the Ozarks

- southeast Missouri
- southwest Oklahoma
- north central Arkansas

have high rates of poverty
population –

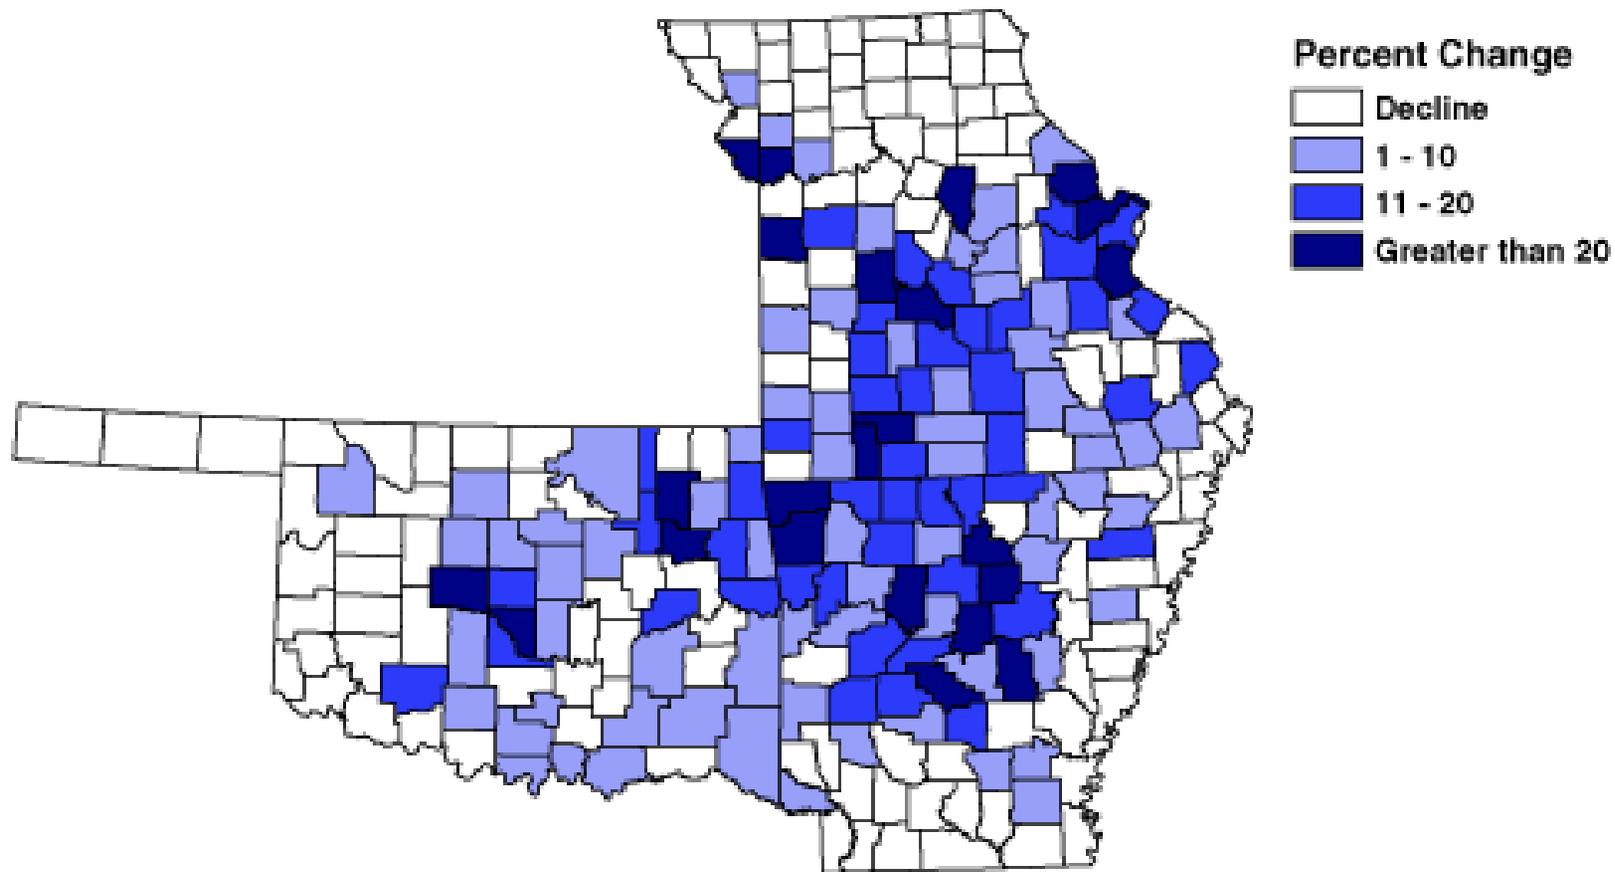

especially children under 18

Percent Change in Persons Below Poverty Level 1990-2000

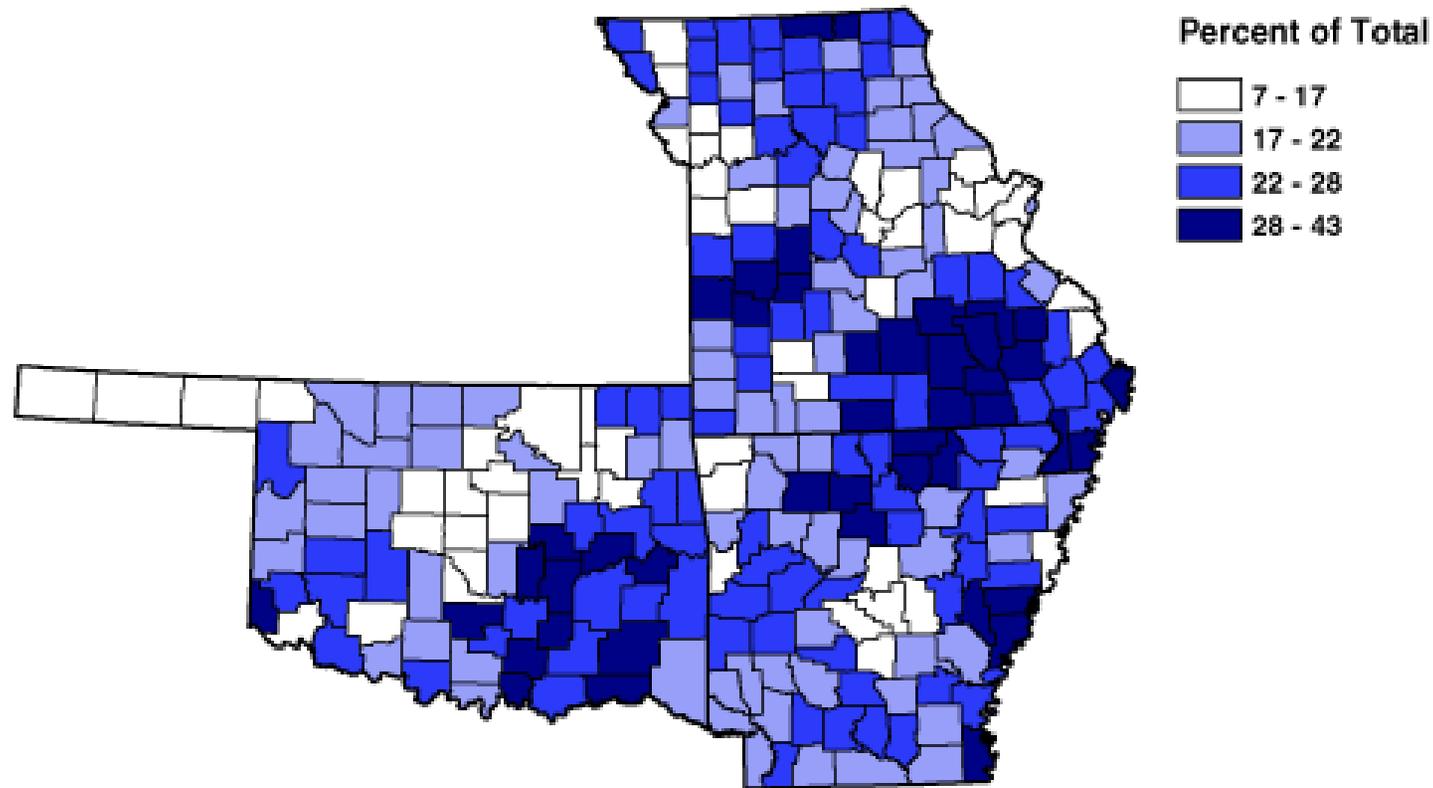

Source: USDC, Bureau of the Census, Census of Population and Housing [2000 SF3-DP; 1990 STF3]
Prepared by: University Outreach and Extension, Office of Social and Economic Data Analysis - (OSED)
Map Generated on 9.4.2002

Percent Change in Population Age 65 and Over, 1990-2000

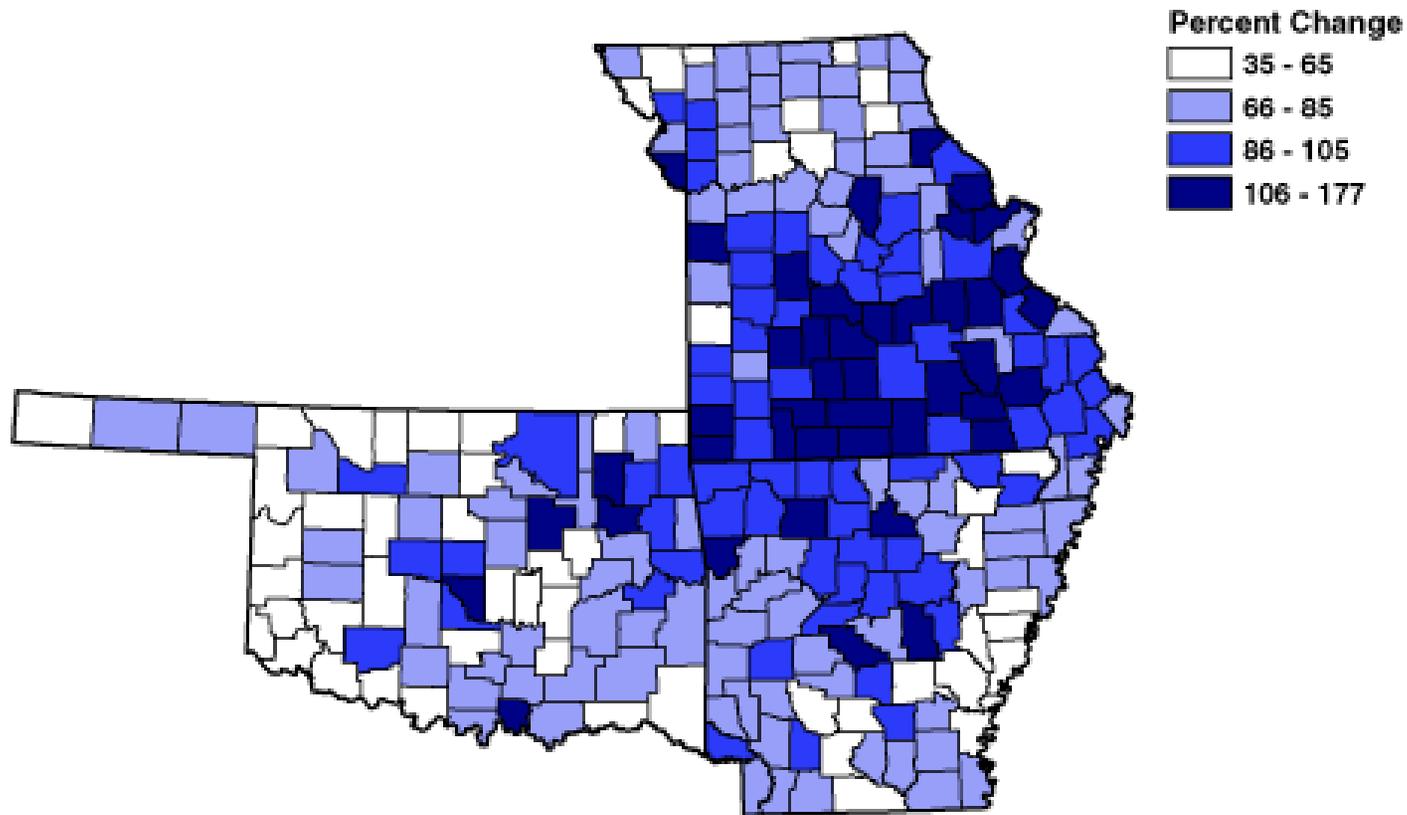

Source: USDC, Bureau of the Census, Census of Population and Housing [2000 SF3-DP; 1990 STF3]
Prepared by: University Outreach and Extension, Office of Social and Economic Data Analysis - (OSED)
Map Generated on 9.4.2002

Transfer Payments as a Percent of Total Personal Income 2000

Source: USDC, Bureau of Economic Analysis, Regional Economic Information System, 1969-2000 File
Prepared by: University Outreach and Extension, Office of Social and Economic Data Analysis - (OSEDA)
Map Generated on 9.4.2002

Percent Change in Total Transfer Payments 1990-2000

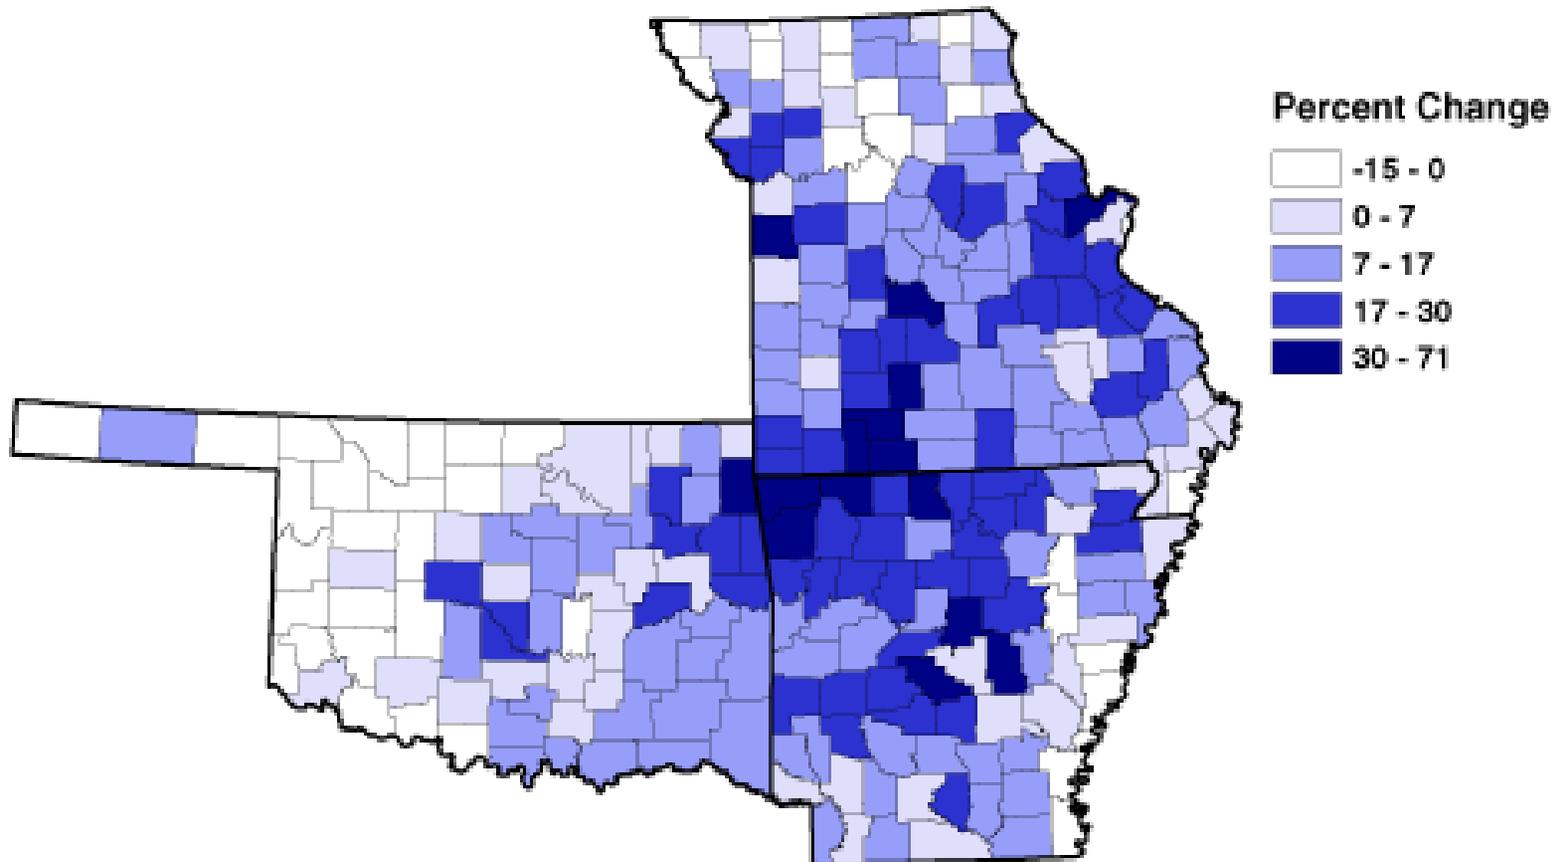

Source: USDC, Bureau of Economic Analysis, Regional Economic Information System, 1969-2000 File
Prepared by: University Outreach and Extension, Office of Social and Economic Data Analysis - (OSED)

Map Generated on 9.4.2002

Transfer payments are government entitlements including Social Security, Medicare, Medicaid, TANF, Veterans benefits, etc.

- In a majority of Ozark counties transfer payments accounted for more than 17 percent of total personal income

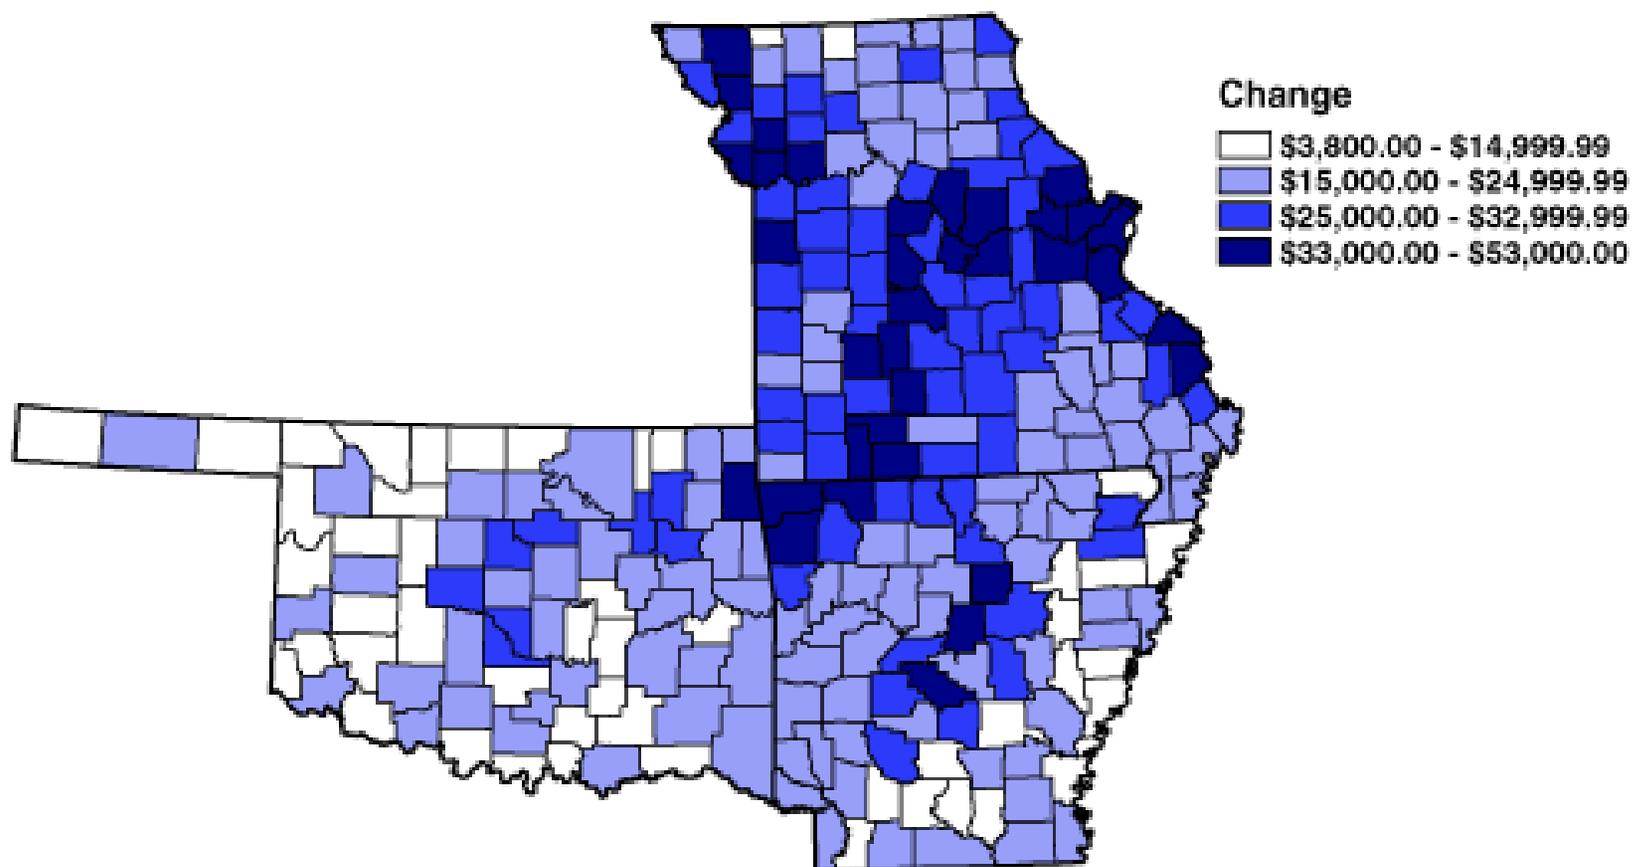

Percent Change in Total Housing Units, 1990-2000

NOTE: Computed using unadjusted 1990 dollars

Source: USDC, Bureau of the Census, Census of Population and Housing [2000 SF3-DP; 1990 STF3]
Prepared by: University Outreach and Extension, Office of Social and Economic Data Analysis - (OSED)
Map Generated on 9.4.2002

Change in Median Housing Value 1990-2000: Owner Occupied Units

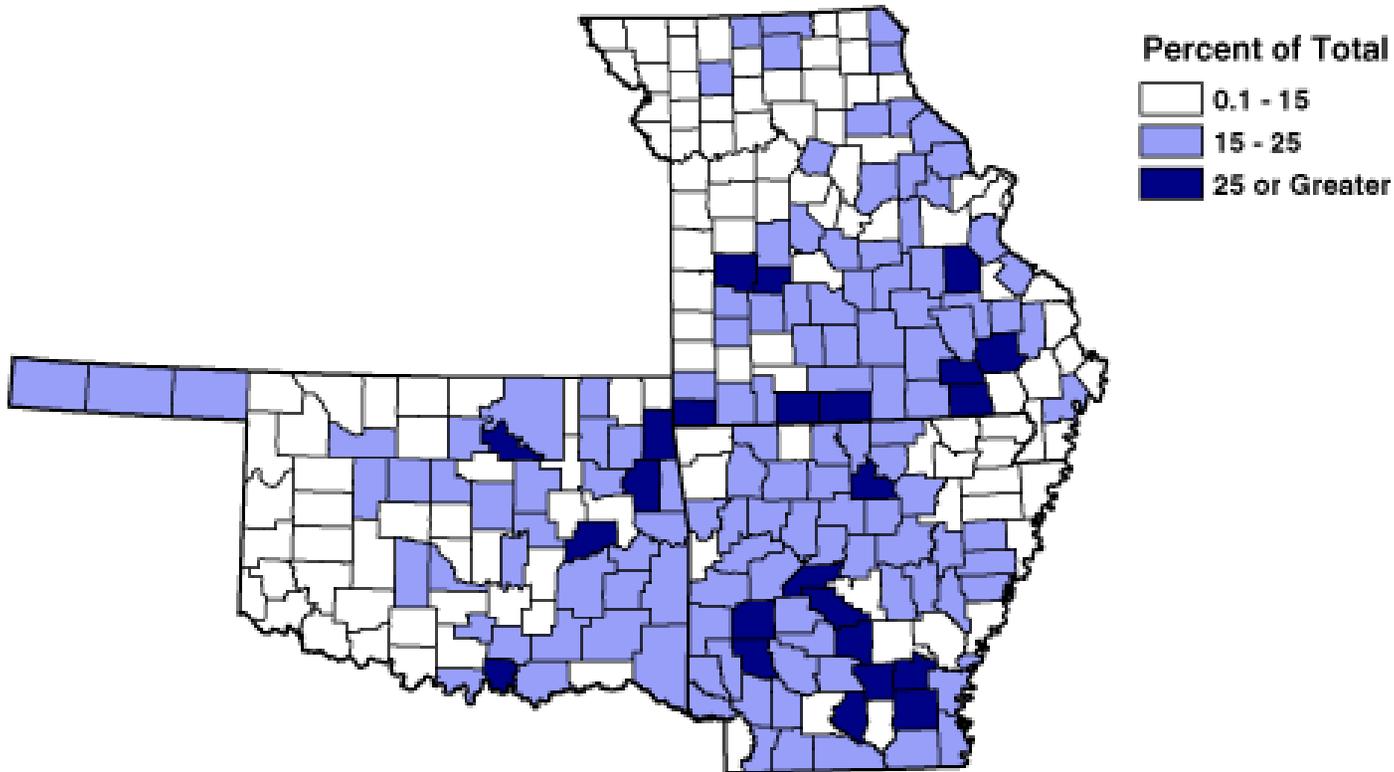

NOTE: Computed using adjusted 1990 dollars

Source: USDC, Bureau of the Census, Census of Population and Housing [2000 SF3-DP; 1990 STF3]

Prepared by: University Outreach and Extension, Office of Social and Economic Data Analysis - (OSED)

Map Generated on 9.5.02

Mobiles Homes as a Percent of Total Housing Units 2000

NOTE: Computed using unadjusted 1990 dollars
Source: USDC, Bureau of the Census, Census of Population and Housing [2000 SF3-DP]
Prepared by: University Outreach and Extension, Office of Social and Economic Data Analysis - (OSED)
Map Generated on 9.4.2002

Throughout most of the Ozarks
mobile homes accounted for
more than 15 percent of total
housing units

Community Development can't travel very far on ignorance of the locality and how it operates.

The key to ***Rural Development*** is a more informed local leadership.

~Glen Pulver

Rural Development Goals

1. Create Economic Activities Which:

- Utilize higher levels of training, skill and education
- Produce higher income

2. Make More Effective Use of Resources:

- Value Added Agriculture
- Human Resources
- Infrastructure

3. Improve Accessibility to Necessary Services:

- Health
- Social Services

4. Mobilize Communities to:

- Achieve ability to act on their own behalf
- Effectively access and use outside resources
- Integrate various sectors/interests into a comprehensive strategy

Collaboration

- ...No longer merely a tactic for improving employee morale
 - ..it has become
- ...the defining principle of organization in a global economy

Capital is a resource which can be invested.

Communities which have been most successful
are those which invest in themselves

- ◆ Financial capital - \$\$\$
- ◆ Human capital - education, health, attitudes
- ◆ Social capital - relationships of trust and exchange
- ◆ Environmental capital - natural resources
