

Errata to

Stochastically Perturbed Navier-Stokes System on the Rotating Sphere

By Gregory Varner, Ph.D., University of Missouri-Columbia, 2013.

Corrections:

- 1) There is an error in the calculation of equation (5.23) in Lemma 5.3.2 on page 83. Due to this, Lemma 5.3.2 is more narrow than reported. In particular, the result only holds for forces (and thus solutions) of the form $acurl(\sin \varphi)$. While the error does not affect any main results, this does mean that zonal should be understood as functions of the form $acurl(\sin \varphi)$ in the following references:
 - a. Main Theorem on page 25.
 - b. Remark 3.6.2 on page 43.
 - c. Theorem 5.3.1 on page 82.
 - d. Lemma 5.3.2 on page 83.
 - e. Proposition 5.4.1 on page 85.
 - f. Remark 5.4.4 on page 86.
 - g. Remark 5.5.7 on page 90.
 - h. Theorem 6.1.3 on page 97.
