Department Names Residents, Interns

Two interns and six residents have been appointed by the Department of Veterinary Medicine and Surgery, University of Missouri-Columbia.

Dr. Janice Best will join the staff as an intern on July 1. She received a B.S. and D.V.M. from the University of Minnesota. She was named "Outstanding Woman in Agriculture" by Alpha Zeta, is a member of Alpha Lambda Delta, and was active in the student chapter of the American Veterinary Medical Association.

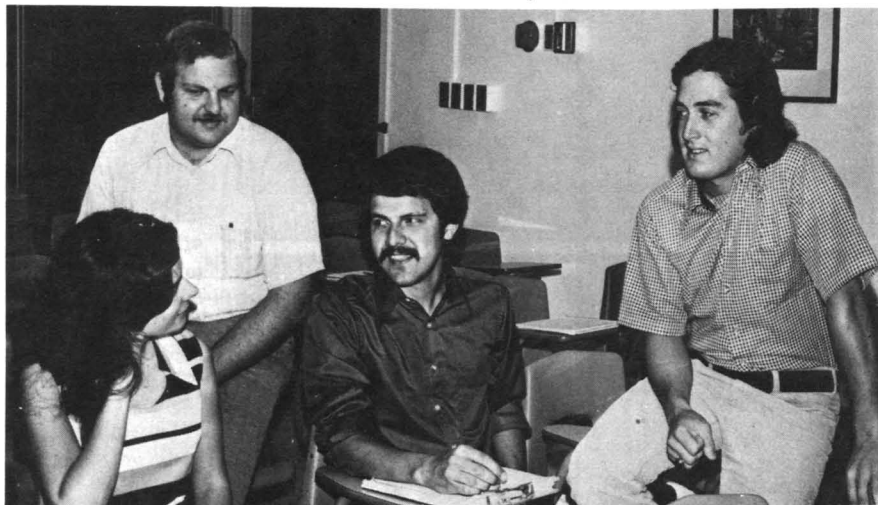

Dr. Stuart H. Aultman will join the Department on September 1 as an intern. He received a B.S. and D.V.M. from the University of Georgia.

Dr. Kent K. Kane III began his duties as a resident on April 1. He received a B.S. and a D.V.M. from Kansas State University where he was an honors student. He was in practice the past two years with Cedarburg (Wis.) Veterinary Clinic.

Residents beginning July 1 include Dr. Gary C. Lantz. He received a D.V.M. from Ohio State University and has been employed by the Castle Shannon Animal Hospital, Bethel Park, Pa., this past year.

Dr. James N. Moore is a graduate of the University of California-Davis where he received a B.S. and a D.V.M. He has been serving an internship with the Ontario Veterinary College, University of Guelph, Guelph, Ontario, Canada.

Dr. Anthony L. Jenkins received a B.S. from the University of Tennessee and a D.V.M. from Auburn University. He was in practice in Knoxville, Tenn.,

Four of the fellowship students visit during break: left to right, Marie LaRegina, Steve Becker, Richard Cambre

and William Porter. Robert Larson, the fifth student, returned home due to illness.

Students Study Here on NIH Fellowships

Five veterinary medical students were awarded Summer Fellowships in Laboratory Animal Medicine. The students are Marie LaRegina, a 4th-year student at Purdue; Richard Cambre, a 2nd-year student at L.S.U.; Robert Larson, a 4th year student at Illinois; Steve Becker and William Porter, 2nd-year students at Missouri.

from 1968 to 1970 and has been self-employed since that time in Powell, Tenn. He is a member of Alpha Zeta and Phi Zeta.

Dr. Douglas S. Traver received a D.V.M. from the University of Illinois in 1974 and has been associated with a practice in Joliet, Ill. this past year.

Dr. Ronald Burk will begin in Sep-

The purpose of the fellowships was to allow select veterinary medical students to explore possible career interests and opportunities for advanced training in Laboratory Animal Medicine at an institution offering such post doctoral training. Stipends for the summer fellowships were provided through the Animal Resources Branch of NIH. The students participated with University of Missouri students in all activities of the Laboratory Animal Medicine Block and had residency assignments at the Research Animal Diagnostic Laboratory with Drs. Wagner, Kinkler, Harkness and Frisk, and the Sinclair Farm with Drs. Middleton, Blackwell, Hutchison, and Soba and the Medical Center with Drs. Doyle, Patterson, Stuhlman, and Jepson. Dr. C. C. Middleton is the Chairman of the Area Faculty in Laboratory Animal Medicine.

Students Receive Awards at Banquet

Left:

The \$400 Pfizer Award was presented to Comsas Westrich by Dr. Charles Martin. Selection is based on scholarship, leadership and financial need.

Middle:

David Classen received the Diamond Student Research Award from Ralph Rothwell, representative from Diamond Laboratories. This award, in honor of Dean Emeritus A. R. Groth, recognizes the third year student who has demonstrated outstanding interest and achievement in veterinary medical research.

Lower left:

Dr. Roger Brown presented Merck Veterinary Manuals to Linda Shilling, 4th year, and Larry Nafe, 3rd year, for the highest scholastic average in their respective classes. Linda also received the Dr. Edgar Ebert Award for large animal medicine and the Columbia Kennel Club Award for proficiency in surgery.

Lower right:

Mrs. James Colyer presented the Student Wives' Auxiliary Awards to, from left to right: Ron Blackwell, 3rd year; Roy Bryan, 1st year; Marcus Mueller, 4th year; and David Hardin, 2nd year. The \$25 awards are presented to a student in each class who is in good academic standing and who exemplifies all aspects of professionalism.

A complete list of awards was given in the June issue of the Veterinary Medical Review.

Honoraries Initiate; Elect New Officers

Phi Zeta, veterinary medical honorary, initiated twenty-five students at a meeting in April. Fourth-year students included: James Leslie Bain, Stephen Arthur Brammeier, Dennis Dale Caywood, Wilbur Max Frankum, Dane Lee Frazier, Claude Ray Hammons, Douglas Warren Hochstetler, William Doniphan Hope, John Allan Kolar, John Charles Lay, Thomas Richard Lenz, Gary Alan Lindquist, Marcus L. Mueller, Janet Wilson Olcott, Sheldon Sandy Schwarzbrott, John Curtis Seely and Linda Jeannine Shilling. Third-year students initiated were: Diane Louise Haseman, Walter William Kallenbach, James Henry Leazenby, Larry Alan Nafe, Larry Douglas Nelson, David Curtis Rola, Donnie Eugene Slone, Jr. and William Christie Tuthill.

Dr. Robert Solorzano, associate professor, Diagnostic Laboratory, was initiated as an honorary member and Dr. Egil Simensen was initiated as a graduate student.

Dr. Robert C. McClure was elected president of Phi Zeta for the coming year with Dr. G. M. Buening as vice-president and Dr. A. A. Case as secretary-treasurer.

Dr. Bonnard L. Moseley, associate professor of veterinary pathology, was elected president of Gamma Sigma Delta, honor society of agriculture, at the Annual Spring Banquet in May. Dr. A. A. Case was elected historian.

Dr. Jack Kroeck received a Distinguished Service Award for his contributions to the field of agriculture in his work as Executive Director of the Missouri Veterinary Medical Association. He has been in that position since 1961.

Mr. Kroeck received a B.S. and M.S. in agriculture from the University of Missouri and taught vocational agriculture several years before becoming a farm service director with KLIK, Jefferson City, and WDAF, Kansas City.

Three senior veterinary medical students were initiated into Phi Kappa Phi, a

Dr. Ronald D. Hunt, center, is welcomed by Dr. Willard Eyestone, right, and Dean Kenneth D. Weide. He was the speaker in the College of Veterinary Medicine Lecture Series May 19. The lecture, on "Herpesviruses and Cancer in Non-human Primates," was the second lecture sponsored by the Damon Foundation.

Dr. Hunt is associate professor and chairman of the Division of Comparative Pathology at the New England Regional Primate Research Center and associate director of the Animal Research Center, Harvard Medical School. He has been at Harvard since 1963. He received a B.S. and D.V.M. from the University of California-Davis.

Dr. Eyestone Named To HEW Council

Dr. Willard H. Eyestone, professor and chairman of veterinary pathology, University of Missouri-Columbia, has been appointed to the National Advisory Council on Health Professions Education by Casper W. Weinberger, secretary of the U.S. Department of Health, Education, and Welfare.

Dr. Eyestone will serve on the 20-member Council through 1978. Appointees to the Council represent various fields in the health professions who are qualified by education or experience to advise the Secretary of HEW on grant programs supporting the education of physicians, dentists, veterinarians, and other health professionals. It reviews applications for such grants and regulations and policies governing the administration of those

scholastic honor society which honors students from all academic fields who are among the top 10 per cent of their senior class. Those initiated were Max Frankum, William Wright and Marvin Smith.

programs.

Prior to his appointment to the College of Veterinary Medicine in March, 1972, Dr. Eyestone was chief of Optometry, Pharmacy, Podiatry and Veterinary Medicine Branch in the Division of Physician and Health Professions Education for the National Institutes of Health Bureau of Health Manpower Education in Washington, D.C.

At the National Institutes of Health he had been a veterinarian with the National Cancer Institute, head of the Comparative Pathology Section of the National Cancer Institute's Division of Research Services, chief of the Regional Primate Research Centers Branch in the Extramural Programs of the National Heart Institute, and chief of the Animal Resources Branch of the Division of Research Resources.

Dr. Eyestone received B.S. and D.V.M. degrees from Kansas State University, M.P.H. degree from Harvard University and Ph.D. degree in pathology from the University of Wisconsin.

Faculty Notes

Dr. J. E. English, associate professor of veterinary medicine and surgery, received a certificate of appreciation from the Hickman High School Future Farmers Association at a Banquet held on Saturday, May 3. He has helped the chapter as a judge in the public speaking contest.

Dr. E. L. McCune, associate professor of veterinary microbiology, participated in the Turkey serviceman's school and presented a paper entitled "Current Disease Problems in Turkeys" in Springfield, Mo., on May 6-7. He also presented a paper entitled "Update on Research on Colibacillosis" to the Missouri Turkey Merchandising Council on May 8.

Dr. M. J. Bojrab, associate professor of veterinary medicine-surgery, presented a seminar entitled "Surgery of the Head and Neck" to the Dallas County Veterinary Medical Association in Dallas, Tex., on May 6-7.

Dr. G. G. Doering, associate professor of veterinary medicine-surgery, presented a paper entitled "Canine Mange" to the North Central Veterinary Medical Association in Chillicothe, May 10-11.

Dr. J. E. Breazile, professor of veterinary anatomy-physiology, presented a program entitled "Clinical Neurology for Practicing Veterinarians" to the New Mexico Veterinary Medical Association in Albuquerque, N.M., on May 16.

Dr. R. B. Miller, research associate in veterinary pathology, attended the Livestock Conservation Inc. meeting and presented a paper entitled "Abscesses in Swine" in Peoria, Ill., on May 27-29.

Dr. Lloyd Selby, right, is a member of the planning committee for the Conference of Teachers of Food Hygiene in Colleges of Veterinary Medicine in the U.S. and Canada which met with two members of the Veterinary Science Division, Academy of Health Sciences, Fort Sam Houston, Texas. The conference is to be held at the Academy on November 17-19. Others in the group include:

Major General Edward H. Vogel Jr., Superintendent of the Academy; M. A. Simmons, U.S.D.A., Denton, Tex.; Dr. Bill Childers, Texas A&M; Lieutenant Colonel Ronald D. Anderson, instructor at the Academy of Health Sciences; Dr. Constantin Genegeorgis, University of California at Davis; and Dr. Selby.

Dr. Odend'hal Receives Award

Dr. Stewart Odend'hal, research associate in veterinary anatomy-physiology, was one of 101 outstanding graduate teaching assistants who received the Graduate Student Award and a \$50 check from the Graduate School on April 30.

The recipients were selected for their service to the academic program on the basis of recommendations of department chairmen and divisional deans.

This program, initiated in 1972 by former Graduate School Associate Dean D. K. Anderson, is supported by the Alumni Development Fund.

Residents, Interns Con't.

Dr. Edward B. Breitschwerdt began a residency in July after completing a year as an intern at Henry Bergh Memorial Hospital, New York, N.Y. He received a B.A. from DePauw University and a D.V.M. from Purdue University.

Dr. Edward B. Breitschwerdt began a residency in July after serving an internship at UMC this past year. He received a B.S. from the University of Maryland and a D.V.M. from the University of Georgia. He is a member of Omicron Delta Kappa, Omega Tau Sigma, Alpha Zeta, Mu Delta and was president of the Georgia student chapter of the American Veterinary Medical Association.
