Class of 2016 Receive White Coats, Begin Clinics

The MU College of Veterinary Medicine held a White Coat Ceremony Sunday, Oct. 19,

2014, to celebrate the transition of Class of 2016 members from classroom to clinics. The event marked the midpoint in the students' professional curriculum. The first two years of preclinical training provided them with a foundation in biomedical sciences and included courses in anatomy, physiology, cell and molecular biology, pathology, pharmacology, microbiology, virology and toxicology. They also learned fundamentals in

clinical disciplines, including anesthesiology, clinical pathology, radiology, public health and medicine and surgery, that they will need for the rest of their veterinary education. They will now spend nearly two years working in the Veterinary Medical Teaching Hospital in the Small Animal, Food Animal and Equine clinics, as well as undertaking preceptorships in private practices or with public agencies on their way to completing their Doctor of Veterinary Medicine degrees.
