Electronic Effort Verification Report (eEVR)

By Chad Hampton, Financial Systems Specialist

We are pleased to announce that the eEVR process will soon be available within PeopleSoft Finance. eEVR is the new application that is replacing the old paper Effort Verification Reports. The look of the form is the same as the paper, however, now it will be produced in an electronic format. Pen and paper is no longer required for approval, only the simple mouse click of a box will now indicate an approval.

The first monthly eEVRs will be produced in November for the October 2014 time period. The first semiannual eEVRs will be produced in February 2015 for the time frame of July 2014 to December 2014.

Training and training materials will be provided prior to the initial eEVR productions. If you have any questions, please feel free to contact your campus Sponsored Programs Office.
