NEWS & EVENTS

Dental Weekend to Focus on Practical Skills

The 2015 MU/Zoetis Dental Continuing Education Weekend will be held April 25-26 at the University of Missouri College of Veterinary Medicine. Dentistry can be a profit center for veterinary practices while simultaneously allowing veterinarians to meet the dental needs of patients and improve their quality of life and that of their owners. Practical information and skills for both DVMs and veterinary technicians and assistants will be the priority for this year's dental weekend.

Lectures are available on an open basis. Attendance at the lectures is required for entry into the wet labs. The lab portions will be hands-on and practical with a good teacher/student ratio. Attendance at the Sunday (DVM only) wet lab will be limited to 36 veterinarians. In the bonus lab session Sunday afternoon, to the extent possible, lab attendees' requests to learn specific procedures will be accommodated.

All lectures will be held at the University of Missouri College of Veterinary Medicine Adams Conference Center and Auditorium. Wet labs will be in the Anatomy Lab in the Veterinary Medicine building.

For questions about the program, please contact Dr. Richard Meadows; MeadowsR@missouri.edu or (573) 882-7821. For registration questions, please contact Kate Stottle; muconf2@missouri.edu or (573) 882-9551.

Complete information about the agenda, speakers and topics, as well as online registration information can be found [here](#).
