- Democratizes information
- Describes materials sufficiently to promote use
- Accesses knowledge even if not physically present with the item
- Connects the information seeker to the information they are seeking!
Results of Providing Access

- Blogs
- Websites/Databases
- Digital collections
- Articles
- Books
- Discographies/Directories
Importance of Standards

- Consistency!
- Vetted by larger group of users (many times perpetually so)
- More easily updated or transferred to other information platforms or programs
- Cost effective
