

THE MISSOURI ALUMNUS

Vol. VI. No. 3

November 1, 1917

UNIVERSITY CALENDAR.

- Nov. 3—Missouri-Oklahoma Football Game, Rollins Field.
- Nov. 10—Missouri-Nebraska Game, Lincoln.
- Nov. 12—Phi Mu Alpha Concert, Zoellner Quartet, University Auditorium.
- Nov. 16—University of Missouri Banquet, Hotel Muehlebach, Kansas City.
- Nov. 17—Missouri-Washington Game, St. Louis.
- Nov. 28—Mass Meeting, Other "Beat Kansas" Events, Columbia.
- Nov. 29—Twenty-seventh Annual Missouri-Kansas Football Game, Rollins Field.

The Missouri Union

Announces

University of Missouri Banquet

Auspices Kansas City Alumni

Muehlebach Hotel, Kansas City, Mo., Friday, November 16, 6 p. m.

-- SPEAKERS --

DR. A. ROSS HILL

President, University of Missouri; Ex-president, State Teachers' Association.

R. B. CALDWELL ('03)

President, Missouri Union.

W. W. THOMAS ('07)

Superintendent Schools, Springfield, Missouri; Ex-president, State Teachers' Association.

Plates \$1.50. For tickets write Samuel R. Freet, P resident Kansas City Alumni, Ridge Arcade Building, or Iva Thomas, President Kansas City Alumnae, 4000 Prospect Avenue. Anyone who has ever attended the University of Missouri may obtain a ticket by applying to either of the above on or before November 12.

THE MISSOURI UNION is an organization representing 35,000 present and past students and faculty members of the UNIVERSITY OF MISSOURI. For further information address

BERTRAM HARRY, Manager.

Columbia, Missouri.

THE MISSOURI ALUMNUS

VOL. VI, NO. 3

NOVEMBER 1, 1917

COLUMBIA, MO.

"LET'S HAVE 800 AT K. C."

University Banquet November 16 Expected To Be Well Attended

"Let's make it 800 this year!" That is the slogan for the University of Missouri banquet which is to be held at the Muehlebach Hotel in Kansas City, Friday, November 16. At 6 o'clock former students of Kansas City and from all over the state will sit down together to what is expected to be one of the best attended M. U. alumni banquets ever held. First plans were to have the banquet at the University Club but prospects for a large crowd caused the change to the Muehlebach Hotel.

The convention of the State Teachers' Association, which will be held in Kansas City November 15-17, will bring together hundreds of former University students from every corner of the state. Along with these are invited to the banquet the other graduates and former students who are not teachers. The Kansas City alumni are expected to turn out by the hundreds also. Plates will be \$1.50 each. Tickets may be obtained from Samuel R. Freet, Ridge Arcade Building, Kansas City, or from Miss Iva Thomas, 4000 Prospect Avenue. Mr. Freet is president of the Kansas City Alumni Association and Miss Thomas of the Alumnae Association. These associations are cooperating in arranging the big banquet. Requests for tickets are already coming in.

President Hill will be one of the principal speakers at the Teachers' Convention and also at the University of Missouri banquet. Other speakers at the banquet will be R. B. Caldwell of Kansas City, president of the Missouri Union, and W. W. Thomas, '07, superintendent of the schools of Springfield, Mo.

This banquet is not only for the purpose of bringing former M. U. students together for a good time—though there will be an abundance of that—but for the purpose of discussing some of the University's work and the need of greater alumni inter-

est and activity on behalf of Alma Mater.

E. M. Carter, 1905 education graduate of the University, is secretary of the State Teachers' Association. Headquarters of the Kansas City convention will be at the Coates House. The list of speakers is headed by Major-General Leonard Wood, who is in charge of Camp Funston.

Several members of the University faculty are among the officers and committee chairmen of the Teachers' Association as follows: R. H. Emberson, member of the executive committee; Dean Isidor Loeb, chairman of the committee on constitutional and statutory code relating to education; Dean Walter Williams, chairman of the committee on constitutional convention; Prof. J. E. Wrench, member of the department of history and government; Prof. Ira S. Griffith, chairman of the department of applied arts and sciences; Dr. Alfred H. Nolle, president of the teachers of modern languages; Dr. H. M. Belden, secretary of the Missouri Folklore Society.

Book by Ravitch, '09, Just Out

Prof. A. H. R. Fairchild of the English department of the University has word from Harpers Brothers that the articles by Max Ravitch, A. B. '09, which were printed in the magazine last spring and summer have been collected in book form. Mr. Ravitch, who writes under the pseudonym of Max Ravage, has considerable to say about his years at the University of Missouri. He attributes to the Middle West much more influence over his life than to the East.

Dr. Pickrell, '08, in France

Dr. Claude D. Pickrell, A. B. '08 received a commission as first lieutenant in the Medical Reserve Corps and is now "somewhere in France," according to a letter from his sister, Miss Frances Pickrell, A. B., B. S. in Ed. '08, 1531 West Twelfth Street, Des Moines.

PLANS FOR BIG HOMECOMING

Twenty-seventh Annual Kansas Game Thanksgiving Day

Plans in abundance are being made for the entertainment of former students of the University and other visitors in Columbia Thanksgiving Day, but Coach Schulte's plan is the best of them all—"just to beat 'em."

That will be the end and aim of all the preliminary entertainments—the mass meeting, the receptions, the dinners, the parade—and the purpose of the later events will be to celebrate the victory. It will be the twenty-seventh annual contest between the Tiger and the Jayhawk, and present indications are that it is going to be one of the best.

Several weeks ago the athletic department of the University began sending out invitations to former athletics and mapped out the seating arrangements of Rollins Field. A student entertainment committee has been at work several weeks also under the leadership of Baxter Bond, a senior in Business and Public Administration. This committee will have weekly meetings until all the details of the big event are carefully planned. Plans are being considered to show the alumni and other visitors what the University is doing to help in the war as well as to show its prowess on a field of struggle nearer home.

The University cadets will start the entertainment features at 4 o'clock Wednesday afternoon, November 23, with a parade. It is expected that the new olive drab suits will be here by that time. At 7:15 will be the big "Beat Kansas" mass meeting, which will be followed by an informal reception to all former students and visitors at the Missouri Union.

Thanksgiving Morning the band and cadets will lead the parade of students, former students and officers of the University. Several of the departments are planning for floats or stunts in connection with the parade. Alumni and students not in the cadet corps will march by classes. Two years ago the "Beat Kansas" parade was headed

by E. W. Stephens, a member of the class of 1867.

The game will be called at 2:30 in the afternoon. There will be a parade and demonstration between halves. To the readers imagination is left all other details.

Plans are being made for the whole student body to be at home to the University's guests Thursday night—after the shirt-tail parade—at the all-student headquarters, the Missouri Union Building.

UNIVERSITY "OVER THE TOP"

Faculty and Students Subscribe Liberty Quota Three Times Over

Faculty members and students of the University went "over the top" in the second Liberty Loan with thousands to spare. The Boone County committee set \$20,000 as a fair share for the University community. The total reported to Dean Isidor Loeb, chairman of the University committee, at the end of the campaign was \$61,650, of which \$2,700 was taken by twenty student organizations. The remaining \$58,950 was subscribed by 175 members of the faculty.

Some members of the faculty are known to have borrowed thousands of dollars in order to purchase Liberty Bonds, and several more assistants on very small salaries are among the subscribers. More than \$16,000 was subscribed to the first Liberty Loan, making a grand total reported for the University of nearly \$80,000. Dean Loeb says these totals do not show the entire subscriptions of University people, as some purchases were made directly from banks and were not reported to his committee.

The largest subscriptions among student organizations were \$500 each by the Agricultural and Engineering clubs. Several of the social fraternities and sororities subscribed.

Neville Gets Commission.

R. M. Neville, a student in the School of Law last year, has been commissioned second lieutenant in the quartermaster's department. Mr. Neville has been practicing law at Thermopolis, Wyo., since last spring. He is a member of the Kappa Alpha Fraternity.

BUILDER OF CAMP LOGAN.

Second Big War Contract Goes to Bailey Houx, B. S. C. E. '02.

If you have not already done it, add to your list of M. U. men who are doing big things in connection with this war the name of Samuel Bailey Houx, B. S. in Civil Engineering, 1902. Houx is head of the company which built Camp Logan, Texas, and which has the contract for building a two squadron aeroplane training base near Houston. The first job carried a payroll of nearly 4,000 names and the weekly pay check is said to have amounted to \$90,000. The second job will be even a larger one.

The American Construction Company of Houston is the firm of which Houx is president and treasurer. With a single partner, now dead, he formed the company nine years ago. Many of the largest construction jobs in Texas stand to the credit of Houx and his company. At the head of the list stand all the Houston Belt and Terminal improvements—a \$2,000,000 job.

Another M. U. man, who shares some of the Houx modesty, tells in a Houston newspaper of the achievements of the Missouri engineer. Naturally enough, he gives considerable space to achievements at the old school, especially on the football field:

"Mr. Houx played football in his college days. He was quarterback of the Missouri University team for four years and captain of the team for three, if the memory of the writer, who is also an M. U. man, is not playing tricks with him. The name of Sam Houx (old-timers say he was called Bailey in Columbia) is always one of those brought up by the old grads around frat house tables on the night before a big game.

"Houx was born at Warrensburg, Mo., some 39 years ago. He refuses to tell what he did until 1897, when he entered Missouri University. Doubtless he spent the time in growing up. He will admit that he played football and ran four years' teams from the quarter position, but he adds nothing to the bare admission."

And the writer says that Houx calls his general superintendent the builder of Camp Logan.

Sends Union Liberty Bond.

Would the Union take a \$50 Liberty Bond of the first issue in payment of life membership and subscription? That was the import of a recent letter from Kenneth C. Sears, A.B. '13, who is now a member of the firm of Ingraham, Guthrie and Durham, Republic Building, Kansas City. The reply to Mr. Sears' letter was that not even gold itself would be so acceptable as his Liberty Bond. In due time along came the bond and out went Mr. Sears' life membership certificate. Mr. Sears was formerly connected with the office of the attorney general of Missouri. He was in Columbia on business October 14.

Tells of Two in Service.

Information for the war directory of the Missouri Union comes in on every mail. A recent letter from S. H. Anderson, eng. '16, gave news of two members of the 1917 engineering class who are now in service: Lieut. S. W. Thompson, Coast Artillery Corps, is in France with the heavy railway artillery. Lieut. V. G. Cox, Coast Artillery Corps, is instructor in the officers' training camp at Fortress Monroe, Va. Mr. Anderson is in the automatic development branch of the Western Electric Co., 465 West Street, New York City.

Virgil Beck Reaches France.

Virgil S. Beck, B. J. '16, is now in France with the Missouri Unit of the American Field Service. Ben Roster, a student in the University last year, went to France with Mr. Beck. They landed September 9, after an uneventful voyage on the French liner Chicago, Beck writes. No submarines were seen though the Chicago passed the wreckage of a ship that had been torpedoed fifteen hours before. Beck has seen Herndon, Hyde, Henschel, Cave, Bruner, Farmer, Kerr, Collins and Hopson—men who went across in the Missouri Ambulance Corps.

Boyd A. Speer, LL.B. '15, has recently been appointed head of the claim department of the American Automobile Insurance Company of St. Louis. He is the youngest man to be put in charge of a claim department of that size in St. Louis.

M. U. HAS BIG WAR PART.

F. C. Shoemaker, '09, Writes of University in Historical Review.

Missouri's part in the great war is told in an article by Floyd C. Shoemaker, A. B. '09, in the October issue of the Missouri Historical Review, of which he is editor.

"What Missouri is doing to advance the cause of this nation and the Allies through her Pershing, Crowder, Creel, Francis, Gardner, Houston and Vrooman; through her hundreds of army and navy volunteers, and her bankers, farmers, business men, she is even excelling through her local communities in every day life," Mr. Shoemaker writes. "Her State University at Columbia inaugurated selective service before the national bill became a law by discriminately excusing from class work 600 agricultural students, trained and willing to raise crops.

"A University ambulance company now serving in France was trained and equipped through personal and public contribution. University experts in engineering, medicine and agriculture offered their service and now are doing their part.

"From scores of counties and a hundred villages and cities have departed Missouri's young men to volunteer for officer's service at the Fort Riley training school. A state-wide Council of Defense, under the chairmanship of Dean F. B. Mumford of the University agriculture faculty, is directing the Missouri food campaign in reaching every township. All voluntary, and significant of the attitude and the energy of Missouri in this struggle."

Many Work Way at M. U.

One hundred and eighty-seven jobs, fifty-six of them permanent ones, were obtained for University men students by the Y. M. C. A. during the first week of school. Some of the students came with no money whatever and are supporting and educating themselves entirely by their own efforts. Last year more than 50 per cent of the University's students made their own way wholly or in part. So generous are the people of Columbia with

work for girls that the Y. W. C. A. has not been able to fill the demand. The employment secretaries say there is greater interest in helping students this year than ever before.

SOLDIERS TAKE M. U. COURSES.

Extension Division Shows Big Increase in Mail Study.

More than 770 students, among them superintendents, principals and teachers in various schools of the country, representing twenty-three different states, have taken University mail courses since last June. This department of the University is the only one to show a large increase in enrollment. Only about 650 were enrolled last year. The Extension Division, whose work may be taken up at any time of year, enrolls an average of eight students a day. Several days it has enrolled as many as twenty.

The University, in order to put a complete practical education within the reach of every citizen of the state, established the Extension Division in 1910. By correspondence courses and extension lectures, university training may be obtained at home at a very low cost.

Recently free university and high school courses have been arranged for soldiers at Fort Riley who are natives of Missouri or who have attended M. U., including drafted and regularly enlisted men.

Chinese Graduate Back Home.

Hung Lum Chung, whose home is in China, and who was one of the ninety-six to receive the degree of B. S. in Agriculture at the University last June, has returned to China to accept a position offered by the government to help develop the farms of the southern section of the country. Mr. Chung is the second Chinese to receive the B. S. in Ag. degree from M. U.

Captain Jones to Columbia.

Capt. Lloyd Jones, son of Dean J. C. Jones, is now at the training camp at the Presidio at San Francisco. Before his transfer to the Presidio he served two years in the Philippines. Captain Jones expects to be in Columbia Nov. 24.

FOUR CLASSMATES IN ARMY.

Hornback Writes of 1912 Civils—W. W. Burden in France.

M. E. Hornback, secretary of the M. U. Civil Engineers of 1912, has sent The Alumnus information of four of his classmates who are now in actual army service. After expressing his hearty approval of the war directory idea and bespeaking for it the help of all alumni, Mr. Hornback, who is in engineering work at 54 St. Francois Xavier St., Montreal, gives the following:

"W. W. Burden, captain, is now in France, having left the United States about August 1. He is battalion adjutant with the Twelfth Railway Engineers (Regular Army). Captain Burden entered the Reserve Officers Training Camp at Fort Riley May 14.

"E. R. Axon, first lieutenant, Company C, 314th Engineers (National Army), is at Camp Funston. He entered the Reserve Officers Training Camp at Fort Riley early in May.

"Count Harvey, second lieutenant, is with Company B, Fifth Engineers (Regular Army), at Corpus Christi, Tex. He attended the Southern Military Training Camp at Fort Oglethorpe, Ga., during the month of May, 1916, and in May, this year, went to Fort Riley.

"E. L. Anderson was drafted and since September 5 has been in Company D, 314th Engineers (National Army), at Camp Funston."

M. U. Men in College Company.

Of the 164 men in Company A, 110th Regiment of Kansas Engineers, stationed at Camp Funston, Kan., 121 are college and university men who preferred to join as privates rather than to be officers. The men are former students at the universities of Missouri, Texas, Kansas, Washburn College, Baker University and Otta-wa University. The most responsible job held by any of the college and university men is that of mess sergeant. None of them has had previous military experience. The first thing they did after reaching camp was to build a pontoon bridge across the Kansas River.

WOMEN TRAIN FOR SERVICE.

Many in Professional Courses at M. U.
This Year.

That Missouri girls are preparing to do their bit by carrying on the work of the men who have gone into war service is indicated by enrollment figures of the University. More than a third of the entire enrollment of 2,061 is of women and 35 per cent of them are in professional courses. Several of the professional schools show increases in enrollment of women. In agriculture there is the same number as last year, twenty-six. For the first time in many years a woman is taking the regular course in engineering.

The following figures on enrollment are given by Frank Chambers, registrar. Fourteen of the women in medicine last year were in the School for Nurses and fifteen of the seventeen this year. The percentage comparison of the enrollment in the regular medical curriculum this year to that of last year, Mr. Chambers explained, is 102.7.

Division	1916-17			1917-18			Per cent. '17-18 '16-17

Why They Came To M. U.

While the University has been affected by the war this year, its colony of students from foreign lands has not sustained any decrease in membership. At the first meeting of the Cosmopolitan Club, thirty members were present, representing Canada, Costa Rica, England, Hawaii, Japan, Korea, Porto Rico, Sweden, the Philippines and the United States. When new members were asked "Why did you come to Missouri?", answers varied, according to their professional

aims, but all agreed on one point that "Missouri University is among the famous state universities of the country, and the state and people are typically American, being in a central location."

Frank Nelson Westcott Dies.

Frank Nelson Westcott, son of Prof. A. L. Westcott and a 1916 graduate of the School of Engineering, died of typhoid fever October 12 in Cincinnati. His body was brought to Columbia for burial. Mr. Westcott was associated with an engineering firm in Cincinnati. He was a member of the Presbyterian Church and was active in Y. M. C. A. work.

Besse On Defense Council.

"The west is being hit hard by the war but is advancing to a man for the Liberty Loan, enlistments, officers reserve corps, etc." So writes R. S. Besse, ag. '13, state leader of county agents at Laramie, Wyo. "In addition to our varied duties in extension, other obligations are being placed and I have fallen heir to a place in

the State Council for National Defense." Mr. Besse ends with this message: "I read The Alumnus with pride, showing the large percentage of our men who have come out with all for their country."

Dr. John Pickard Honored.

Dr. John Pickard of the University was elected to the thirty-third degree of masonry at the meeting of the Supreme Council, southern jurisdiction of Scottish Rite Masonry, in Washington, D. C., recently.

FACULTY MEN IN WAR DRILL.

Dean and Head Professors March
Three Times a Week.

Several beards and several gray heads that never before heeded the command of an officer are now responding to the "Attention," "Forward march," and other orders of the professor of military science and tactics at the University. One dean, about a dozen heads of departments and thirty other professors and instructors of the University faculty have been going out regularly twice a week for drill, and at a recent meeting they voted to make it three times a week.

"My conscience hurts me sometimes when I bring them up sweating and puffing," said Captain Craigie, military professor, "but they are game and they are making splendid progress. I expect to issue rifles to them soon and will give them target practice and bayonet work. Several of them are beyond the age of eligibility for commissions but they wish to know more about the military and to be better able to serve at home. Then there is the exercise feature, which appeals to many."

Patterson to Assist Mumford.

Don D. Patterson, B. J. '16, of the Associated Press in Kansas City has been appointed assistant food administrator of Missouri. His office is in the Agriculture Building adjacent to that of F. B. Mumford, state food administrator. Dean Mumford chose Mr. Patterson for the position because of his ability to present information to the public. Mr. Patterson worked on the Kansas City Star after graduation last spring, before going to the Associated Press.

Fred Harrison Back Home.

Editor Fred Harrison (B. S. J. '12) of the North Missourian, has received an honorable discharge from the training camp at Fort Sheridan, Illinois. He has been visiting his father at Sedalia. It will be remembered that when a small boy Fred fell off a shed and fractured two bones in his right arm. The U. S. army regulations require physical perfection in its officers and as this defect interfered with the

proper handling of a gun, much to his disappointment, our young friend was found not able to fill the requirements. He is still anxious to serve his country and may attempt to get into some other branch of the service, where the examination is not so rigid.—Gallatin Democrat.

MUMFORD TELLS FOOD PLAN.

Eight Points of Missouri Administrator's Program.

Dean F. B. Mumford, who was recently appointed food administrator for Missouri has given out the following eight food commandments:

Have one meatless day a week—preferably Tuesday.

Eat more fish and poultry products. Eat less candy.

Use vegetable fats (for example, cottonseed oil products) in cooking and thereby save butter and lard.

Develop methods of using corn. It is possible to have good wheat bread that will contain 20 to 30 per cent of corn meal. Eat corn muffins and corn cakes.

Use fewer pastries and cakes and hereby conserve wheat, lard and sugar.

Consume more perishable home-grown products and thereby reduce the strain on the railroads.

Make a garden if possible.

"By following these suggestions," says Dean Mumford, "the cost of living can be materially reduced. If each person in the United States would save six cents a day for a year it would total more than \$2,000,000,000."

Alumni Dinner in Texas.

Miss Hazel Smith, B.J. '17, of the Plainview (Texas) Evening Herald has sent a clipping from a San Antonio paper telling of a dinner held for M. U. alumni October 20. Among the Missouri men who were to attend were: Carl Felker, B.J. '16, and M. E. Hays, formerly entomologist of the extension department of Texas A. and M. College, both of whom are in the Aviation Ground Officers' School at San Antonio. Others were Rex B. Magee and Carl Stewart, both of the Officers' Training Camp at Leon Springs.

TIGERS 49—DRAKE 0

Largest Score Ever Made Against Bulldogs Came October 27

The Tigers came back with a vengeance in the game with Drake October 27 and rolled up a score of 49 to 0, the largest score they have ever made against the Bulldogs and one of the largest made in any game on Rollins Field in a good while. It was Missouri's game all the way through. Two touchdowns were made in each quarter except the third, when only one was made. The first came after three minutes of play when Edwards, halfback, skirted the Drake left end for forty yards and six points. Not a goal was missed.

Captain Hamilton, Viner and Berry were out of the game, but the Tigers had no trouble in making 17 first downs to the Bulldogs' 4. The Tigers completed 4 forward passes out of 11 trials for 65 yards; the Bulldogs 5 out of 17 for 60 yards.

The Tigers' next game is with Oklahoma on Rollins Field. The following Saturday they meet the Cornhuskers at Lincoln. Then comes the Washington game at St. Louis and then—the game of games—the Tiger-Jayhawk contest of Thanksgiving Day in Columbia.

Following is the line-up for the Drake game:

Missouri (49)	Position	Drake (0)
Slusherle.....	Stull
Greenwoodlt.....	Neel (Capt.)
Chittendenlg.....	Thomas
Kolbc.....	White
Kirkpatrickrg.....	Risher
Bassrt.....	Amme
Schroederre.....	Holliday
Edwardslhb.....	Pell
Morrisqb.....	Sarff
Collinsrhh.....	Reese
Riderfb.....	Irwin

TIGERS LOSE TO AMES.

Game of 15-0 Went to Aggies in Last Half.

Unable to overcome the twenty pounds more weight to the man which Ames had, the Tigers lost by a score of 15 to 0 on the Ames field October 20. Ames made seventeen first downs to the Tigers' four.

Seven forward passes were tried by the Cyclones in the first half but

none was successful. Ames was able to keep the ball on Missouri ground most of the time, but could not make consistent gains. At the beginning of the second half Aldrich caught the ball from Missouri's kick-off and returned thirty-five yards. Ames made first downs. Then the Tigers held. They failed to gain, and Slusher punted. Missouri held three times. Quarterback Boyd kicked a field goal from the 17-yard line. Slusher kicked after Missouri had been held three times. Boyd circled the Tigers' right end for twenty-five yards. The Tigers now held for downs on their 12-yard line. Rider made three, but was held from any more gains. Berry was making ten yards around the Tigers' left end when the third quarter ended. The score was, Ames, 3—Missouri, 0.

Aldrich carried the ball to Missouri's 1-yard line, and made a touchdown on the next play. He failed to kick goal. Aldrich kicked off. Missouri failed to make her downs. With but ten minutes to play, Ames kicked two field goals, making the total score 15 to 0.

Several men were suffering from bad knees and ankles and were unable to play their best game, according to Coach Schulte.

The lineup follows:

Missouri (0)	Ames (15)
Slusherle.....Neal
Hamilton (C)lt.....Breedon
Berrylg.....Shoemaker
Greenwoodc.....Wallace
Kirkpatrickrg.....Barker
Bassrt.....Schalk
Schroederre.....Jager
Morrisqb.....Boyd
Riderlh.....Johnson
Collinsrh.....Aldrich

Russia Wants Ag Students.

W. Anderson, Russian Agricultural Commissioner to the United States, has written the College of Agriculture asking information about Russian students or students who know the Russian language. Mr. Anderson desires that those interested communicate with the Russian Agricultural Agency to the United States, 1313 Flatiron Building, New York City. Entomologists, plant breeders and animal breeders are especially wanted.

The Missouri Alumnus

Established 1912. Made Semi-Monthly 1916

Published the first and fifteenth of each month during the regular session of the University of Missouri by the Missouri Union. Eighteen issues a year. The officers of the Missouri Union are: R. B. Caldwell, '03 President
Baxter Bond, '18 Vice-President
Nathan Scarritt, '19 .. Rec. Sec'y
H. H. Kinyon, '12 Cor. Sec'y
S. F. Conley, '90 Treasurer

Subscriptions to The Alumnus go with memberships in The Union. Annual memberships are \$5 for alumni and former students living in Columbia, and for members of the University faculty; \$3 for alumni, former students and former faculty members living outside of Columbia and for students in attendance at the University. Life memberships are \$50.

Should a subscriber desire to discontinue his subscription, notice to that effect should be given before the subscription's expiration. Otherwise it is assumed that continuance is desired. Changes of address should be reported promptly to assure delivery of each issue.

Checks, drafts and orders should be made payable to Missouri Alumnus or Missouri Union, and all business correspondence should be so addressed.

H. H. KINYON
Managing Editor

BERTRAM HARRY
Business Manager

Entered at the postoffice, Columbia, Mo., as second-class matter.

Have you sent the Missouri Union's secretary of war the names of those M. U. men you know who are in the national service? The war list of graduates and former students is the most flourishing thing in Columbia.

Unspotted Loyalty of M. U.

The showing of the University community in the second Liberty Loan campaign is another point of evidence of this school's unspotted loyalty. Asked by the Boone County committee to subscribe \$20,000 as their fair share, the University faculty members and students subscribed more than \$60,000.

But this isn't the most convincing part of the test. Of the 175 faculty subscribers, some, not having ready cash of the desired amounts, borrowed large sums for several months in order to do their bit in putting this loan "over the top." Low salaries of those of lesser rank did not prevent them from doing their bit also.

This is typical of the way the University of Missouri is helping the nation in its great war. From the first call last spring for volunteers to raise war crops, when more than 600 re-

sponded for this and other national service, to the latest call for volunteer iron men, the University and its people have done their best, rather than their bit.

As President Hill remarked a short time ago, there probably isn't a university in the country making so good a showing in war work, despite its meager means.

Let's make it 800 at the University of Missouri Banquet in Kansas City November 16, say the managers. What do you say? Fine! Now, once more, all in—Let's make it 800.

Isn't it strange that there hasn't been a single disloyal note heard from the University of Missouri, which has been condemned by the politicians for having so many "foreigners" on its faculty?

DID YOU KNOW?

The University of Missouri is one of only six state Universities admitted to the Carnegie Foundation for the Advancement of Teaching. No adjoining state has its university on this list. Admission is on the basis of scholastic requirements.

Dean Roscoe Pound of Harvard Law School says the School of Law of the University of Missouri is the best state law school in America. The Law Library, the principal part of any law school's equipment, contains more than 21,000 volumes.

July 4 is also a red-letter day on the calendar of the University for local reasons—the corner stone of the first main building was laid July 4, 1840, and the building was dedicated July 4, 1843.

The Athenæan Society, founded at the University in 1842, is the oldest literary and debating society west of the Mississippi River.

The first intercollegiate athletic contest of the University was the football game with Washington, Thanksgiving Day, 1890.

McDowell Medical College of St. Louis, the first medical school west of the Mississippi River, became the medical department of the University a few years after its foundation in 1840. In 1855 it was discontinued, but it was re-established at Columbia in 1872.

WRITES FROM CAMP LOGAN

H. H. Moulton, Field Artillery Band, Looks to Christmas in France.

"The Alumnus that I received today brought back tender memories of Old Missouri, and I spent the most pleasant hour in months in reading it through from cover to cover. The news of the University in connection with the war was most interesting. Also allow me to commend the idea of an M. U. war directory. To a man in the service it will be invaluable. Here is a little information that you may not have —."

So begins a letter from H. Harper Moulton, who says he has just been promoted to first class musician, 122 Field Artillery Band, Camp Logan, Texas. And here is the information he gives:

"My brother, W. H. Moulton, ag. '16, is quartermaster sergeant of Company K, 341 Infantry, Camp Grant, Rockford Ill.

"William D. Powell, of the same class and former track captain, is a lieutenant in the regular army, Company B, 41 Infantry, Fort Snelling, Minn.

"W. M. Neil, ag. '17, is in the Engineering Corps, Fort Sill, Okla.

Lee Pettit Gay, A. B. '16, is with Base Hospital 21 in France."

The letter continues: "My regiment is now the 122 Field Artillery, U. S. A., and we are here with the rest of the old Illinois Guard preparing to go over. We will probably spend our Christmas in France. I am still in the regimental band and have been promoted to first class musician."

Cave Will Return From France.

Harold Cave, a student in the School of journalism last year, who went to France in the M. U. Ambulance Corps last spring, has written his parents at Moberly that he will be home by Thanksgiving. Arduous work in the American Field Service has made it necessary for Mr. Cave to undergo an operation.

McVey Joins Aviation Corps

Hartley McVey, a student in the University in 1915-16, has entered the Aviation Corps of the United States Army. He is stationed at the training camp near Belleville, Ill.

Journalism Graduates in 8 Nations

Eighty-five Per Cent of Men and Women From M. U. Are Now Engaged in Newspaper Work

The School of Journalism of the University of Missouri, the oldest school of journalism in the world, which began in September its tenth year, has graduated 149—29 women and 120 men. Of the graduates, 129, or more than 85 per cent, are engaged in some phase of journalism. Excluding the young women who have given up journalism for housekeeping, the percentage is more than 90. The positions held range from reporter to managing editor, from advertising solicitor to publisher, from teacher in news-writing in high school to professor of journalism in university. About an equal number are in rural and in metropolitan journalism.

Thirty men—more than 25 per cent—are enlisted as volunteers in some branch of the United States army or navy. One is with the Canadian Expeditionary Forces in France. One graduate, Joseph E. Chasoff, is dead.

The graduating classes increased in membership from one, the first class, in 1909, to 38, the latest, in 1917. The classes numbered, '09, 1; '10, 6; '11, 10; '12, 10; '13, 22; '14, 19; '15, 19; '16, 19; '17, 38.

The graduates are in 24 states and territories and 7 foreign countries: Missouri, Georgia, Pennsylvania, Iowa, Illinois, Kansas, Oklahoma, Alabama, Texas, Colorado, Minnesota, Mississippi, Washington, Michigan, District of Columbia, Indiana, Maryland, Ohio, Nebraska, New York, California, Virginia, South Dakota, Wisconsin, and Hawaii, Japan, France, Canada, England, China and Brazil.

The names of the graduates with their addresses September 1, 1917, follow:

Armstrong, Amy (Mrs. Guy R. LaCoste), 1913—advertising manager, Walker Bros. Dry Goods Co., Salt Lake City, Utah.

Arnold, Charles, 1909—assistant professor of journalism, University of Pittsburgh, Pittsburgh, Pa.

Babb, Glenn, 1915—formerly on staff of Japan Advertiser, Tokio, now second lieutenant U. S. Army, Fort Leavenworth.

Baker, Gladys, 1917—assistant bulletin editor, University of Wisconsin, Madison.

Bandy, Russell M. Jr., 1915—former assistant manager, Chicago branch, Merchant's Trade Journal, now in aviation service, Champaign, Ill.

Basket, Edgar Sebree, 1913—farmer, Fayette, Mo.

Bayley, Ernest Robert, 1917—second lieutenant, Fort Riley, Kan.

Beck, Virgil S., 1917—American Ambulance Service, France.

Beeler, Maxwell Newton, 1914—agricultural editor, University of Missouri.

Bennett, Harry Cline, 1917—employed in business office, University of Missouri.

Bennett, Roy C., 1914—city editor, Evening Journal, Gadsden, Ala.

Birdsong, Henry Ellis, 1913—instructor in journalism, State Normal School, Emporia, Kan.

Briggs, Frank Parks, 1915—editor and owner, Daily Times, Trenton, Mo.

Brown, Buford O., 1912—editor, Record, Vernon, Tex.

Brown, Claude Adolphus, 1911—editor, Times, El Paso, Tex.

Brown, J. Harrison, 1914—Service Department, Merchants Trade Journal, New York City.

Bryant, Vaughn, 1911—assistant professor of journalism, University of Kansas.

Carpenter, Owen Griffith, 1915—Erwin and Casey Advertising Co., Chicago.

Catron, Frank Fletcher, 1915—lawyer, Kansas City, Mo.

Chasoff, Joseph Edwin, 1911—deceased.

Christmas, Earl, 1915—reporter, Pioneer-Press, St. Paul, Minn.

Colbert, Herschel Myers, 1915—Acting assistant major, 141 Infantry, Camp Bowie, Fort Worth, Texas

Collins, DeWitt Clinton, 1916—Ambulance Field Service, France.

Daggy, J. Gentry, 1917—sport editor, News-Herald, Joplin, Mo.

Davis, Dean William, 1916—Officers' Training Camp, Fort Riley, Kan.

DeLashmutt, Harry Algern, 1915—Officers' Training Camp, Fort Snelling, Minn.

Doughty, Glenn H. 1916—manager, Los Angeles office, Retail Credit Company.

Dunn, Clara Rogers, 1916—reporter, News, Hattiesburg, Miss.

Ellard, Roscoe Cuffe Brabazon, 1917 3800 Central St., Kansas City, Mo.

Elliott, Clarence Milton, 1914—manager service department and assistant in sales department, Reid Press, Ltd., Hamilton, Ontario.

Evans, Anne Shannon, 1916—employed in the Travelers' Aid of the Young Women's Christian Association, Tulsa, Okla.

Fahrner, Leslie, 1917—city editor, Messenger, Fort Dodge, Ia.

Felgate, Edward, 1912—publisher, Jeffersonian, Higginville, Mo.

Felker, Carl T., 1916—aviation service, San Antonio, Tex.

Ferguson, Donald, 1915—editorial writer, Tribune, Sioux City, Ia.

Fitzgerald, Nell R., 1916—reporter, Times, St. Louis, Mo.

Foley, Mary Ellen, 1913—society editor, Herald, Duluth, Minn.

Forshey, C. Guy, 1917—copy editor, Phoenix, Muskogee, Okla.

Friedel, Morris, 1914—advertising department, Spectator, Terre Haute, Ind.

Fry, Horace Luther, 1914—reporter, Democrat, Liberal, Kan.

Gibson, J. Blaine, 1916—secretary to athletic director, University of Missouri.

Gingrich, Oliver Newton, 1914—advertising manager, Tribune-Monitor, Fort Scott, Kan.

Goldberg, Charles F., 1917—reporter, Baltimore American.

Gould, Robin Patterson, 1910—clergyman, Jameson, Mo.

Groves, J. L. Jr., 1917—business manager, Daily Missourian, Columbia, Mo.

Hall, William Earl, 1913—manager, People's Defender, West Union, O.

Harrison, Fred Melvin, 1912—publisher, North Missourian, Gallatin, Mo.

Harte, Houston, 1915—publisher, Central Missouri Republican, Boonville, Mo.

Harvey, Charles A., 1912—farmer, Maysville, Mo.

Hicklin, Maurice, 1913—captain, U. S. Army, Fort Riley, Kan.

Hinman, Albert G., 1917—advertising department, Journal, Milwaukee, Wisc.

Hood, Livy Gerald, 1916—copy reader, St. Paul Pioneer-Press.

Howard, Sanford A., 1913—city editor, Star-Journal, Warrensburg, Mo.

Hudson, Thomas Stewart, 1915—reporter, Kansas City Star.

Hughes, Paul J., 1917—on copy desk, St. Louis Times.

Hutto, Jasper C., 1911—Assistant in Quotations section, Equipment Division of the Signal Corps, Washington, D. C.

Hyde, Ira Barnes, Jr., 1917—Ambulance Field Service, France.

Jones, Ellis, H., 1917—reporter, News, Omaha, Neb.

Kane, Charles E., 1915—Ambulance Field Service, France.

Keller, Fred, 1915—Southwestern Fellow, New York University, 1917-18.

Kenton, G. V., 1910—assistant managing editor, St. Louis Star.

King, Frank H., 1917—on staff of Japan Advertiser, Tokio.

Kinyon, Henry H., 1912—University publisher and editor, Missouri Alumnus, University of Missouri.

Kline, Benjamin G., 1917—Ambulance Field Service, France.

Lamade, Howard J., 1913—business manager, Grit Publishing Co. Williamsport, Ill.

LaTurno, Florence (Mrs. Duval Smith), 1912—St. Joseph, Mo.

Leggett, Raymond F., 1911—Leggett & Platt Spring Bed Mfg. Co., Waukegan, Ill.

Lewis, Chester A., 1913—city editor,

- Nebraska State Journal, Lincoln, Neb.
Lindsay, Vina, 1913—reporter, Kansas City Post.
- Lockwood, Sara L., 1913—reporter, Democrat and Times, Tulsa, Okla.
- MacArthur, John C., 1913—second lieutenant, Fort Snelling, Minn.
- MacKay, Hugh J., 1913—Sapulpa, Okla.

Von Hoffman Wins Balloon Race.

Albert Von Hoffman, a junior in the College of Agriculture, won first place in the balloon race at the State Fair at Muskogee. Von Hoffman's balloon stayed up twenty-six hours and traveled more than 400 miles. Bernard Von Hoffman, a brother, was in the balloon also.

Writer Was M. U. Student.

Miss Dorothy DeJagers, a former journalism student of the University, has gone to New York to do magazine work. Miss DeJagers, who is from Kansas City, has already had short stories in several magazines. "Fishing," one of her recent stories, has been dramatized and will be presented in New York in November.

Engagements

Miss Roberta Kellogg
Francis Marion Darr

The engagement of Roberta Kellogg and Francis Marion Darr has been announced. Both were in the University last year. The fiancee is a niece of Prof. O. D. Kellogg of the School of Engineering and is a member of the Alpha Phi Sorority. Mr. Darr is a lieutenant in the regular army, stationed at Fort Douglas, Utah.

Weddings

Miss Genevieve Seley
Joseph H. H. Spurgeon

Miss Genevieve Seley, A.B., B.S. in Ed. '09, of Columbia and Joseph H. H. Spurgeon, B.S., in E.E. '14, were married August 29. Mr. Spurgeon is employed in the efficiency department of the Du Pont Powder Company at City Point, Va.

Miss Nelle Crouch
Ross C. Wheeler

Miss Nelle Crouch and Ross C. Wheeler were married October 15 at Bethany, Mo. Mr. Wheeler is a former student in the College of Agriculture. He is farming on a large scale with his uncle near Bethany.

Miss Ruth Hill
C. A. Green

Miss Ruth Hill of Columbia, a former University student, and C. A. Green, B.S. in Ag. '16, were married at the home of the bride September 26. The marriage was the culmination of a romance starting at one of the annual barnwarmings of the College of Agriculture. Mr. Green is employed in the dairy department of the University of Illinois.

Miss Odessa Alexander
Edgar G. McElfresh

Miss Odessa Alexander of Columbia and Edgar G. McElfresh of Bonne Terre were secretly married in St. Louis September 18. The parents of Mrs. McElfresh were notified of their marriage by telegram from St. Louis.

Both Mr. and Mrs. McElfresh attended the University last year.

Miss Lillian Hulen
John F. Davenport

Miss Lillian Hulen of Columbia and John F. Davenport of Salina, Kan., were married October 21 at Moberly. They will live at Salina. Both are former University students. Mr. Davenport is employed by the Journal Press Company of Salina.

Miss Gladys Roughton
William G. Kinsolving

Lieut. William Grady Kinsolving and Miss Gladys Roughton were married recently at the bride's home in Corsicana, Texas. Lieutenant Kinsolving is a former student in the School of Journalism, and was connected with both the Dallas News and the Galveston News, before he enlisted.

Births

Announcement has just been received in Columbia of the birth of a daughter, Roberta, October 20, to Mrs. John Jacob Becker of Lincoln, Neb. Mrs. Becker was Miss Hazel Thornburg, B. J. '14. Mr. Becker died several weeks ago from bronchial pneumonia.

Mr. and Mrs. Harry C. Shuttee of Shawnee, Okla., announce the birth of a son. Mrs. Shuttee, before her marriage was Miss Evangeline Canada, a student in Christian College. Mr. Shuttee a former M. U. student, is a member of Kappa Alpha.

A son, Robert Montgomery Dungan, weighing eight pounds, was born to Mr. and Mrs. Harry M. Dungan, August 28, at Oregon, Mo. Mrs. Dungan was Miss Grace Montgomery of Oregon, Mo. Dungan received an A. B. from the University in 1899.

A daughter, Mary Helen, was born to Mr. and Mrs. John L. Linger of Kansas City October 10. Mrs. Linger, who was Miss Mary McDonnell, was graduated from the School of Education in 1913. Mr. Linger received an LL. B. from the University in 1914.

A son was born to Mr. and Mrs. A. C. Remley of Appleton, Wis., July 2. Mr. Remley, B. S. in C. E. '12, is city engineer of Appleton.

A daughter was born to Mr. and Mrs. Mack Galbreath at Cadiz, Ky., July 3. Mr. Galbreath, B. S. in C. E. '12, is junior highway engineer with the Office of Public Roads, Washington, D. C.

A daughter, Margaret, was born to Mr. and Mrs. J. B. Steiner of Joplin, Mo., September 8. Mr. Steiner LL. B. '12, who until recently sold law books for the West Publishing Co. of St. Paul, is now in the practice of law at Joplin. Mrs. Steiner was formerly Miss Ruth Logan, a relative of Gen. John A. Logan.

A son, John McGill, was born July 31 to Mr. and Mrs. W. L. Johnson of Kansas City. Mrs. Johnson was formerly Miss Helen McGill, A. M. '12. Mr. Johnson, C. E. '12, was one of Missouri's famous milers.

R. S. Besse, who was graduated from the College of Agriculture in 1913, writes that a son, William Farrow, was born at Laramie, Wyo., July 31.

Dr. and Mrs. H. L. Kearney of New Orleans announce the birth of a daughter. Mrs. Kearney was Miss Sarah Knight McLaughlin when she was a student in the University. Dr. Kearney holds the degrees of A. B. '13, A. M. '14, from the University.

Class Notes

'88

A letter dated September 7, which reached Columbia October 29, is evidence that Miss Laura V. Long, Pe. P., is still teaching in Queen's Hill School, Darjeeling, India. The mails have been very uncertain, says Miss Long in her letter.

'90

F. B. Williams, C. E., M. S. '93, sailed from New York October 14 to go into Y. M. C. A. work in France. Mr. Williams has been professor of mathematics at Clark University,

Worcester, Mass., several years. He is a brother of Prof. W. S. Williams, C. E. '85, of the University of Missouri.

'91

H. S. McLeary, B. L., of Cape Girardeau visited his old rooming house in Columbia, the Conley home on the corner of Sanford Place and Conley avenue, October 28, where Frank Conley now lives. Mr. McLeary taught in the State Normal School at Cape Girardeau for ten years before engaging in farming. He is retired now.

'01

George H. Moore, law, LL. M. '02, collector of internal revenue at St. Louis, asks that his home address be changed to 4530 McPherson Avenue. A business trip to Washington prevented Mr. Moore's attendance at the recent meeting of the Board of Directors of the Missouri Union in Columbia.

'03

E. F. Robinson, eng., C. E. '07, is now instructor in musketry at Camp Columbia, Conn. Mr. Robinson, who is captain of engineers in the National Guard of New York, was in ser-

vice on the Mexican border. He was instructor in drawing at the University after graduation.

'04

The Alumnus is a welcome visitor on the farm of Pryor T. Scott, ac., according to a recent letter, which goes on to say that "the Missouri Union deserves the support of all loyal M. U. men" and the writer is "glad to do his part toward making both a success."

'06

J. H. Barnes, eng., was in Columbia October 24 on a business trip and visit to the old familiar places. Mr. Barnes is sales agent for the General Electric Co., with headquarters in St. Louis. He lives at 422 East Rollins Street, Moberly. Mrs. Barnes, who received the degrees of A. B. and B. S. in Ed., in the same year, was formerly Miss Cora Newkirk. Mr. Barnes added several names to the Missouri Union's war list.

Arthur Jobson, eng., Box 283, Casper, Wyo., is a new member of the Missouri Union. "Recently I have failed to keep in touch with University affairs and am desirous of renewing my interest in them." Mr. Jobson writes, taking the proper method of accomplishing his purpose.

'09

H. C. Feuers of Linn, eng., is now manager of the Sedalia Light and Traction Company. He was formerly manager of the Fremont Gas, Electric Light and Power Company at Fremont, Neb.

'10

W. A. Wilkinson, ed. A. M. '11, is studying in Teachers' College, Columbia University, this year, having a leave of absence from his work at the state normal at Mayville, North Dakota.

'11

Miss Arline Salmons, ac. ed. '12, a teacher in the Bowling Green High School, visited October 14 with her mother in Columbia. Her mother returned to Bowling Green to pass the winter with her.

Prof. George S. Tempelton, ag., new head of the animal husbandry department of Alabama Polytechnic Institution at Auburn, has written that his team of six men won first place in the Southeastern States Livestock Show at Atlanta. Professor Tempelton prepared his team for the contest by bringing them to Columbia two weeks ago and having them inspect the University livestock and the mule show at the Boone County Fair.

The Rev. Joseph A. Cooper, ac., is a chaplain at Camp Funston. He is a Baptist minister.

'12

H. O. Peck, C. E., is now city salesman in Kansas City for the Lehigh Portland Cement Company.

'13

William P. Jesse, ac., M. E. '13, is "somewhere in France" in the artillery school, having landed on the other side about September 20. Jesse has written his mother, Mrs. Richard Henry Jesse of Columbia, that everybody in France was glad to see them with the exception of the German prisoners working on the docks. Jesse received a first lieutenancy at the first training camp at Fort Riley. He was assistant in physics at the University.

'14

J. Harrison Brown, jour., is now in the New York office of the Merchants Trade Journal. He was connected with the same paper in Des Moines two years ago, when his failing health caused him to go to Colorado Springs.

'15

"Number me among those who will be in Columbia on Thanksgiving Day" is the message from E. C. ("Kitty") Mead, law, who is now with the firm of Scarritt, Scarritt, Jones and Miller, Kansas City.

Promise of news of Old Missourians in Austin, Tex., comes from N. E. FitzGerald, ed. ag. '17, who is teaching in the School of Agricultural Education of the University of Texas. "Some very recent happenings and changes concern old graduates very materially," he says.

Gardner Smith, ac., law '17, president of the Y. M. C. A. last year, is now in Y. M. C. A. work at Camp Travis, Tex.

Lieut. Dinwiddie Groves, law, former Tiger star, now in France, says he has been assigned to a French artillery school for training. The men in the school have quarters in a Sixteenth Century chateau that was once used as a royal palace.

'16

Jacob Ellman, ac., and former student in the School of Journalism, is now advertising manager of the Harris P. Wolfberg motion picture attractions, with offices in the Lyceum Building, Pittsburgh, Pa.

Edgar Wolfberg, com., who for the past year has been office manager of the Harris P. Wolfberg Attractions in Pittsburgh, is now in Company F, 356 Infantry, Camp Funston. Wolfberg was in the last group of the quota of drafted men in his home district in Kansas City but he persuaded the officers in charge to permit him to go with the first contingent.

'17

Aristides Monteiro jour., has arrived in Para, Brazil. Monteiro will do journalism work in San Paulo.

Albert G. Hinman, jour., is now employed in the advertising department of the Milwaukee Journal. Hinman was found too light for military service.

Former

Miss Elizabeth C. Harris, a former student of the University, has sent out invitations to a vocal recital, November 6, in Kansas City, in which she will be presented by her teacher, Arthur McIntyre. Miss Harris will continue her vocal training in New York this winter.

Terence Vincent, a student in the School of Journalism, 1913-15, now employed on the Wichita Beacon, is officiating in Kansas college football games this fall.

W. E. Preston, a Tiger guard last year, is now in the Navy and is stationed on shore duty at Philadelphia. He was transferred from a destroyer.

C. I. Hammet, a short course student here in 1914-15, has accepted the editorship of the Indiana Weekly Farmer, printed at Indianapolis. Mr. Hammet became known over Indiana through his pure-bred live stock and his work is organizing a breeders' association near his farm at Crawfordsville, Ind.

Miss Emma Murray, a former student in the University, has written of her work at Dudley Sargent's School of Physical Education. She has been elected captain of the senior soccer team, business manager of the varsity hockey team and president of the senior class.

Miss Isobel Nelson, former student in the University, is teaching commercial subjects in Boonville High school. She taught the last three years at Clarinda, Ia.

In Ambulance Work at Funston

A. Price Cordier, formerly of Kansas City, is in training with Ambulance Company No. 355 at Camp Funston. He is 24 years old. He was

graduated from Central High School, Kansas City, and later attended William Jewell College and the University of Missouri. He enlisted several weeks ago, joining the unit after it left for Camp Funston.

DAIRY TEAM IN FIRST PLACE**Two Scholarships, Two Gold Medals and Four Silver Cups Won**

The University dairy judging team at the National Dairy Show at Columbus October 22 won first place, taking two \$400 scholarships, two gold medals and four silver cups. Thirteen teams were represented in the contest.

Merrill R. Dunn of the Missouri team was the highest man in the contest, winning the DeLaval sweepstake \$400 scholarship. The other scholarships was awarded to the University and will be given by it to the most deserving man. Mr. Dunn also won the gold medal for sweepstakes man. In addition, he was second on judging Ayrshires and Holsteins.

Otto Schoefer of the Missouri team was third in the contest. He was first on judging Jerseys. The Missouri team won the cups for judging Ayrshire and Jersey cattle, and second to Nebraska as a team in judging Holsteins. Other members of the team are F. W. Atkenson and J. S. Slaughter, alternate. The team was coached by W. W. Swett, of the dairy department. Prof. C. H. Eckles also accompanied the team to Columbus.

J. K. Saunders a Lieutenant

James Key Saunders of Joplin, LL.B. '09, has been appointed first lieutenant and battallion adjutant on the staff of Col. W. A. Raupp of the Second Missouri National Guard regiment. Mr. Saunders returned this summer after nine months' service in France.

Fred Keller, B.J.'15, of Jonesboro, Ark., has been awarded the Southwestern Fellowship in New York University for 1917-18.

MORE M. U. MEN TO FLY

Aviation Service Popular with Students and Former Students

Aviation is a popular branch of war service with men from the University. Information has been received at the University recently of several more students and former students who have been accepted for flying work as follows:

Harold Davenport, a former student in the School of Journalism, is in the aviation school at Bellville, Ill. He is now able to fly a machine by himself. His address is Cadet Squadron No. 1, S. C. A. S.

Horace Woods, who passed the aviation examination recently in St. Louis, has been ordered to report to Austin, Tex., November 1. Mr. Woods was a student here in 1914-15.

Garold Rowley has passed the examination for the Signal Officers' Reserve Corps and is awaiting a call to the balloon section of the aviation service. Mr. Rowley is a sophomore

in the School of Engineering and lives at Carthage.

A. S. Gregory, a student in Arts and Science and Journalism, passed the aviation tests in St. Louis, and has gone to the aviation training school at Austin, Tex.

Raymond Lewis of Monroe City, president of the junior class in the School of Education, has passed the aviation tests and is waiting for the call to service.

Ralph L. Milnes, a junior in the University last year, has been made a lieutenant in the aviation section and has entered the balloon school at Omaha, Neb. He was in training at Camp Funston for six weeks before taking the examination for the aviation section.

S. E. Williams, a student in the School of Journalism last year, was one of the successful candidates in the examinations held in St. Louis recently for the balloon section of the aviation corps. He is now stationed at Omaha.

NOVEMBER 15, 1917

COLUMBIA, MO.

Plans for Thanksgiving Homecoming

Thanksgiving homecomers will be made both to remember and to forget that we are in the midst of war. Attendant events, as planned by the homecoming entertainment committee as a setting for the big game, while showing the influence of our Nation's struggle, will direct attention particularly to the struggle nearer at hand, which at the same time is the event of all gala events of the scholastic year. Early ticket sales indicate that the crowd may be nearly as large as two years ago.

In the homecoming parade will be soldiers and guns and doctors and nurses and food conservationists and battalions of death and all that, but all will have particular reference to the slaughter of the Jayhawk which is planned for Thanksgiving afternoon on Hill 27, Rollins Field.

How To Get Tickets

Orders for game tickets are being filled in the order of receipt, except that applications received before Monday, November 12, were shuffled and filled in the order of drawing. Bleacher seats will be \$2 and box seats \$2.50. All requests should be accompanied by payment and should be sent to Dr. W. E. Meanwell, director of athletics. Section K of the south bleachers will be the alumni "lookout," and a block of tickets will be at the Missouri Union Building for late coming former students. The number of these seats will be small, however, so that all who can should reserve seats in advance.

All hands around the University and Columbia are joining in preparation for the grand welcome of every homecomer, and no hands have been busier than the Tigers. Though badly crippled from contests with teams much heavier, they are still in the game. As every alumnus and student knows, a Tiger is more of a Tiger than ever when he faces a Jayhawk, and injuries which are not healed will be forgotten. The way the Tigers backed the Sooners down the field in the recent game, only by hard luck losing

HOMECOMING PROGRAM

(All Graduates and Former Students Please Register at the Missouri Union Building.)

Wednesday, Nov. 28

- 4:00—Parade by University Cadets and University Band. West Campus.
- 7:15—"Beat Kansas" Mass Meeting. University Auditorium.
- 9:00—Freshman Cap Burning. North End of Quadrangle.
- 9:30—Open House for Graduates and Former Students. Missouri Union Building.
- Thanksgiving Day**
- 9:00—"Beat Kansas" Parade of Alumni and Students.
- 10:00—Parade Ends at Missouri Union Building. Speech by Governor Gardner.
- 10:30—State Championship High School Football Game. Kirksville-Marshall, Rollins Field.
- 2:00—Twenty-seventh Annual Missouri-Kansas Game.
- 7:15—March of Triumph.
- 8:00—Reception of Student Body to Visitors. Missouri Union Building.

a game that was theirs, is indication enough that Kansas will meet a worthy foe Thanksgiving Day.

The various organizations about the University will do their best to help the Tigers entertain the crowd. The Commercial Club, the Missouri Union, the men and women of the student body, the athletic department—all are contributing their ideas and their work to make this year's homecoming one noted in all homecoming history for hospitality and good cheer.

"War Extra" of The Alumnus.

"We want every student to feel that he or she is personally responsible for the entertainment of any visitors who may not have their datebooks full before arriving," says Morris Dry, student president. "At the same time we want everybody to know that we will

be remembering those of our number who cannot be here because they are serving their Nation elsewhere."

By way of remembrance of our men and women in war service, the Missouri Union is planning to issue a "war extra" of The Missouri Alumnus, which will tell of the work of the University in connection with our Nation's struggle and will give as complete a list as possible of M. U. people in the various branches of service. The Student Senate, representing all the students of the University, is planning on sending a letter of Thanksgiving greeting to those in service.

For several weeks, a student committee representing the various departments of the University has been at work on plans to cover the time between the homecoming and the homegoing. This committee, headed by Baxter Bond, vice-president of the Missouri Union, is composed of the following members: Fred Suddarth, Arts; Harry Rasmussen, Journalism; Homer Buescher, Education; C. D. Stephenson, Military; Miss Rubey Kline, M' Women; Miss Marjorie Carpenter, University Women; John Collins, Law; Frank McGregor, Commerce; O. E. McConnell, Agriculture; Lucius Wilson, Medicine; G. B. Cox, Engineering; and Willis Yale, cheer leader.

Many Plans Already Made

Already, more than two weeks before the game, most of the plans for posters, special decorations for Auditorium and field, lighting, mass meeting, parade, receptions, march of triumph, etc., have been made. The Missouri Union will have at its building a list of convenient and comfortable rooms, made up by the Commercial Club, so that visitors wishing places to stay can be fixed up. All the facilities of the "U" building will be directed toward making visitors comfortable and at home. All graduates and former students are expected to register in the Homecomers' Record.

Mr. Dry, student president, is invit-

ing Governor Gardner and Governor Capper to attend the game and speak at the Mass meeting, which will be held in the University Auditorium at 7:15 Wednesday night. George Wilson and E. C. ("Kitty") Mead, former student presidents, will be among the alumni speakers. The Glee Club will be there and the yell leaders and "lots of pep." Immediately following the mass meeting the freshman will burn their caps at the north end of the Quadrangle.

As usual the Engineers are planning special lighting features. The siren whistle will "play" its customary part. Freshmen who have not been wearing their caps or have been frequenting pool halls and cadets having extra duty to do will be assigned to tasks of decorating the Auditorium and Rollins Field.

Parade Morning of Game

The "Beat Kansas" parade will be started at 9 o'clock Thanksgiving morning so that it will be over in time for the state championship high school football game between Harrisonville and Marshall at 10:30. Elaborate floats and stunts are being worked up by the various departments and all students and alumni are expected to march by classes. The parade will start from the Gymnasium and will end at the Missouri Union Building at 10 o'clock, when Governor Gardner will address the crowd.

The Big Game will be at 2 o'clock

In addition to serving as headquarters and general mixing place for former students and other visitors, the Missouri Union Building will be the place of two receptions. Wednesday night after the mass meeting, the Union will be at home to all former students and will give them the best opportunity to visit each other and with their friends now in Columbia. Thursday night, after the march of triumph, the student body will hold at the Union Building, an informal reception for the visitors, where the past, the present and the future of the University will become one.

George C. Breckenridge, who was a student in the School of Engineering last year, was recently in Columbia on business. Mr. Breckenridge is now located at Omaha, Neb., where he is doing work for the Missouri Pacific railroad.

INVITE MEN "GOING OVER"

J. C. Lawrence, '10, Wants to Meet Them in Glasgow or London

You remember that the lines which were blotted out in the love notes you got in school were the very ones you wanted to read most of all. So with a letter just received from J. C. Lawrence, A.B., B.S. Ch.E. '10, of Glasgow, Scotland. It shows the effects not only of the censor's ink eraser but of his scissors too. Mr. Lawrence is with a chemical firm in Glasgow. Mrs. Lawrence, formerly Miss Mary Logan, is also a graduate of 1910. Their home address is 16 Glencairn Drive, Pollokshields. The part of Mr. Lawrence's letter which the censor let pass reads as follows:

"We watch with great interest the news in each number of The Alumnus regarding preparations for taking part in the coming victory of France by our own boys, and are beginning to realize that Uncle Sam is in the fight now (Here several lines have been erased and others cut out).

"I want to take this opportunity of letting any of the Missouri men know that we are anxious to meet them and to give any assistance possible if they get to this country on their way to the front. I am in London nearly every week and should any of the fellows be there my headquarters are at the Strand Palace Hotel and I hope they will inquire for me.

"Both Mrs. Lawrence and myself will be very glad to hear from any Missouri men at any time. My telephone at the works in Glasgow, where a call will reach me during the day, is Govan 262."

Instructor Into War Work

J. H. Rogers, instructor in economics in the University, has gone to Washington to work with the Bureau of Statistics of the Council of National Defense. Mr. Rogers expects to remain in government service during the period of the war. More than thirty members of the University faculty are now in war work.

M. F. Miller Assistant Dean

The Board of Curators has appointed M. F. Miller, professor of soils in the College of Agriculture, assistant dean

and director of the College of Agriculture and Experiment Station so that Dean Mumford can devote more of his time to his work as state food administrator. W. L. Nelson, who is now in New York City working on a farmer's encyclopaedia, was made an assistant in the Agricultural Extension Service. Mr. Nelson has been assistant secretary of the State Board of Agriculture.

PROMINENT ALUMNUS DEAD

John W. Major, St. Louis Educator, Succumbed on Street Car

John W. Major, A.B. '99, A.M. '06, died November 1 while on his way home on a St. Louis street car. He was 44 years old and had been prominent in educational work. He was superintendent of the Industrial School for six years until the new industrial farm at Fort Bellefontaine was started. It was constructed under his supervision.

His management of the institution won for him great praise. Several grand juries lauded his work. He planned the industrial farm as a place where there should be no bans. The boys of the school helped in construction of the buildings. When the farm home was completed he went there as its head. He managed the farm until this fall, when he asked to be transferred to a city school, so his sons could take advantage of the public schools in the city. He then was made principal of the Garfield School.

Mr. Major was interested and active in affairs of the student body while at the University and is given credit for several reforms effected in his time. George Thompson, now county treasurer of Boone, was one of his schoolmates.

Captain Noyes Resumes M. U. Duties

After three months of army service at Camp Funston, Fort Riley, Kan., Dr. Guy L. Noyes, dean of the School of Medicine, returned the first of the month to resume his duties at the University. Doctor Noyes is a captain in the Medical Reserve Corps. Dr. M. P. Ravenel also of the medical faculty is still in service as major in the Medical Reserve Corps.

Big Demand for M. U. Banquet Tickets

Kansas City Meeting November 16 Expected To Be Largest Outside Columbia

The biggest University of Missouri meeting ever held outside of Columbia.

This is what is expected for the University of Missouri Banquet in Kansas City, Friday night, November 16. The banquet will be at 6 o'clock at the Muehlebach Hotel. Arrangements have been made by the alumni and alumnae associations of Kansas City, and the slogan is "Let's make it 800." According to John A. ("Daddy") Kurtz, who was one of the Oklahoma mass meeting speakers, the Kansas City alumni are going to take their wives, and it is understood the alumnae have the same designs with reference to their husbands.

Requests for tickets from graduates and former students outside of Kansas City began to come in to S. R. Freet, president of the Kansas City alumni, and Miss Iva Thomas, past president of the alumnae, almost as soon as plans for the banquet were announced. Plates are \$1.50 each.

Although the banquet is to be held during the meeting of the State Teachers' Association, which will be November 15 to 17, all University of Missouri people, whether teachers or not, are invited to attend. About fifty are expected to go from Columbia.

President Hill will hurry back from the midst of an important meeting in Washington to speak at the Teachers' Association meeting Friday and at the University banquet Friday night. Other banquet speakers will be R. B. Caldwell, president of the Missouri Union, W. W. Thomas, superintendent of schools at Springfield, Mo., Sam Sparrow, '93, and Miss Anne Morrison, '14. Morris Dry, president of the student body of the University this year, will tell the gathered alumni about plans for the big homecoming at the old school at Thanksgiving time, when the Tigers invite the Jayhawks into their den.

This banquet is looked forward to not only as one of the most enjoyable of recent alumni events but one of the most important. The work of the

University in connection with the war and in other respects will be discussed and it is meant that this meeting shall help bring greater interest and activity on the part of former students generally for their Alma Mater.

It is estimated that nearly 1,000 former students of the University are among the teaching forces of the state, and among the 8,000 or 10,000 teachers who will gather in Kansas City will be at least several hundred Old Missouri folks. These, with the Kansas City crowd, which is expected to turn out in larger numbers than ever, and with the former students from over the state who are not teachers, should easily make up one of the best gatherings of M. U. people ever held.

Those who do not get tickets before going to Kansas City, may obtain them at a table in the lobby of the Coates House.

Headquarters for the Teachers' Association will be at the Coates House.

Prof. Tarr's Book in Print

William A. Tarr, associate professor of geology and mineralogy, is author of "The Barite Deposits of Missouri and the Geology of the Barite District," which is being published as one of the Science Series of the University Studies, which is edited by Prof. George Lefevre of the zoology department. Mr. Tarr has submitted this treatise to the Ogden Graduate School of Science, University of Chicago, for the Ph. D. degree. The bulletin treats of Washington County and parts of Camden, Cole, Miller, Moniteau and Morgan counties, a total area of 230 square miles.

Varsity Man Enters Service

Lee Greenwood, who has been playing center and tackle on the Tiger football team this fall, is now at his home in Buffalo, Mo. Greenwood has been accepted for the balloon corps of the United States Aviation Service. He will spend his time at home until he is ordered to report for duty.

FEWER IN GERMAN AT M. U.

But French and Spanish Show Increase of 25 Per Cent

German classes at the University show a decrease of 36 per cent from the enrollment of last year, while French and Spanish show an increase of 25 per cent. Last year there were 273 in German classes, there being six sections of beginners. This year only 174 are studying German and the sections for the beginners in this language have fallen to three. The increase in French would have been considerably greater if the department could have extended its teaching force to accommodate all demands.

The decrease in the University's total enrollment is 22 per cent, but is greatest in departments, such as law and agriculture, whose students would not ordinarily be enrolled in foreign languages.

Former M. U. Professor Promoted

Dr. H. L. Crosby, who was an assistant professor at the University from 1906 to 1909, is now head of the summer school of the University of Pennsylvania, where he has been assistant professor of Greek for several years. After graduating from the University of Texas in 1901, Doctor Crosby went to Harvard, where he received a Ph.D. in 1905. He taught Greek at the University of Pennsylvania for a year before coming to Missouri. After he left here, he served as preceptor of classes at Princeton for one year. He is a brother-in-law of Mrs. W. G. Manly of Columbia.

More M. U. Men To France

Among the members of a St. Louis base hospital unit which started across the Atlantic the first of the month were five Columbians and University students: Walter T. Brown, Lee Heidbrader, John Nowell, George Frieberger and Will E. Smith. The unit had been in New York a short time prior to its sailing.

Harlan Thompson, a student in the University a few years ago, who has since been reporter and assistant city editor of the Kansas City Star, is now in the Officers' Training Camp at Fort Sheridan.

MEETS OLD GRADS OUT WEST

Roy Miller Tells What San Joaquin Alumni Are Doing

The San Joaquin Valley correspondent is on the job again—Roy E. Miller, B.S. in J. '10, who is valley editor of the Fresno (Cal.) Herald.

"While in Clovis the other day," Mr. Miller writes, "I met Kitt Gould, '84, attorney and former well known politician in Chicago and the state of Washington. In the same town, one of the way-stations on my valley run, Dr. M. S. McMurtry, M.D. '04, is prospering and making a name for himself among the surgeons of this part of the state.

"Missouri alumni were pleased to greet Prof. O. E. Reed, of the Kansas State Agricultural College, U. of M. 1908, who judged the Stanislaus County dairy show at Modesto, Cal., in September. The valley papers praised his work.

"Mr. and Mrs. Ross Morton of Dinuba, Cal., are rejoicing over the birth of a son. Mrs. Morton was formerly Miss Gracie Herlinger, U. of M. 1911, Mr. Morton is a banker.

"Miss Aretta Watts, U. of M. 1912, graduate in journalism, is teaching in Fresno High School. She has a class in journalism, which gathers and writes news for the local dailies. She is contemplating a trip to London.

"Miss Alta B. Hall, '12, who taught here last year is now teaching in Long Beach High School.

"Miss Sarah B. F. Rabourn, '02, has moved to Fresno, and is teaching in the high school. Miss Susie Rabourn, also '02, is teaching at Visalia.

"Bert A. Stagner, '09, who holds the chair of chemistry in the Fresno Junior College, has gone to Pittsburgh to take up special work for the government.

"Robert E. Dunkle, E.E. 1910, has joined the U. S. machine gun corps with rank of sergeant."

Chi Chi Chi Announces Pledges

The following men have been pledged by Chi Chi Chi, honorary upperclassman society, and will be initiated the week before the Kansas game:

Clyde H. Slusher, Phi Gamma Delta; Edwin McKee, Delta Tau Delta; Hen-

ry Bass, Phi Delta Theta; Ralph Dodson, Sigma Chi; L. D. Smith, Sigma Alpha Epsilon; Walter Stoessel, Kappa Sigma; John I. Haldeman, Sigma Nu; Lyle Willits, Phi Kappa Psi; Joe Webster and Jack V. Scholz, Kappa Alpha.

WAR COURSES FOR SHORTHORNS

Short Course Students Study Emergency Measures at University

A special course dealing with war measures had been arranged for students in the short course in agriculture this year. All students enrolled in the short term will be required to take this course, which is known as "Emergency Production and Conservation." It will consist of lectures every Monday night by various professors, especially those with whom the students do not come in contact in their other classes. The schedule when completed will have on it such men as

ALUMNUS WAR EXTRA.

The next issue of the Missouri Alumnus will give the names of all M. U. people known to be in war service. It will be published just before the Thanksgiving Home-coming. Send in names of men in service right away.

Col. L. M. Monsees and A. J. Meyer. Prof. M. F. Miller gave the first lecture. In addition to this the war phase of the situation will be emphasized in regular classes.

The enrollment in the short course is 113, as compared to 152, the registration for the first term of last year. More are expected to enter later. Of the present enrollment sixteen are women, thirteen of whom are taking home economics and the other three the regular course. Two own farms, to which they will return after finishing their work here.

Draft Calls Roster From Hawaii

The army draft has called Charles Roster, a 1917 journalism graduate of the University, all the way from Honolulu. Roster, whose home is at St. James, Mo., went to Honolulu soon after graduation and has been in newspaper work. He was married a short time before leaving the United States.

M. U. GRADUATES TO WED

Engagement of Helen Williams '16, and John Rhodes, '14 announced.

Announcement was made November 3 of the engagement of Miss Helen Harned Williams, daughter of Dean and Mrs. Walter Williams, to Capt. John Franklin Rhodes, U. S. A. The wedding will take place in Columbia December 1 at the First Presbyterian Church, if Captain Rhodes can get a leave of absence from Plattsburg, N. Y., at that time. An uncle of Miss Williams, the Rev. H. B. Barks of Mexico, assisted by the Rev. W. W. Elwang, will perform the ceremony. It will be a military wedding. After the wedding Captain and Mrs. Rhodes will go to Camp Devens, Mass., where Captain Rhodes will be stationed.

Miss Williams was graduated from Christian College in 1912. She then went to France and Germany to study for a year. After going to Wells College for a year she entered the University, receiving an A.B. degree in 1916. Last year she taught in Westminster College, Salt Lake City. She is a member of the Kappa Kappa Gamma sorority. Captain Rhodes was graduated from the University in 1914 and from the Harvard Law School in 1917. His work at the officers' training camp at Plattsburg, N. Y., secured for him a commission as captain. He was assigned to the 303 Infantry Regiment stationed at Camp Devens but was transferred to the second reserve officers' training corps at Plattsburg as special instructor. Captain Rhodes was a member of the Kappa Alpha and Acacia fraternities and the Scabbard and Blade while attending this University. He was president of Scabbard and Blade at Harvard.

Farmers' Week Begins January 14

Farmers' Week will be two weeks later in 1918 than usual, the time being from January 14 to January 18. War conditions as affecting the farmer will receive much attention. The lectures and demonstrations will be directed toward helping to solve present problems. There will be special features at the night meetings. The Missouri State Corn Show will be held the same week. Also several farmers' associations will meet in Columbia at that time.

M. U. MAN IN SCHOOL SURVEY

Investigation in Missouri Directed by
A. G. Capps of Columbia

There is something new under the sun in the state of Missouri. For the first time an investigation and study of the rural schools of the state is being made. The little red schoolhouses—and those of other colors, as well—their occupants, their equipment, their surroundings are to be put under the microscope of educational experts.

The purpose of this investigation is to find whether Missouri's public school system really ranks low, as is so frequently stated. If it is true, the survey is to be followed by remedial steps; if it is not true, the survey will supply facts for reply to our critics. The idea is new not only to Missouri, but few other states have ever made such surveys.

This investigation had its origin in a letter from Governor Gardner to Uel W. Lamkin, state superintendent of schools. It is to be completed and the results tabulated so that at the 1919 session of the General Assembly, which will be a revising session, "members of the House and Senate should have in their possession such facts regarding the school system of the state as will enable them to give intelligent consideration to its needs, with the view of increasing its worth to the people of Missouri." Further on in his letter, the governor stated that the investigation should deal particularly with the 1-room rural schools.

A. G. Capps, who holds the degrees of B. S. in Ed. ('16) and A. M. ('17) from the University, is secretary of the committee which has the survey in charge. Mr. Capps has had several years' teaching experience in Missouri schools and has made smaller surveys of similar nature in connection with previous work. Upon his shoulders lies the burden of organizing the small army of investigators all over the state, of getting up and distributing the many forms, of directing the actual inspection and the collection and tabulation of results. Mr. Capps is sharing his time between Columbia and Jefferson City—between the office of the State Teachers' Association and that of the State Department of Education—being in Columbia the larger part of the time.

Prof. J. D. Elliff of the University will work up data on one of the main problems to be covered in the survey—the age-grade census and daily program. Mr. Elliff will be assisted in his work by Bertram Harry, a graduate student in education at the University,

A. G. Capps, M. U. Graduate, who is directing Missouri's School Survey.

who is manager of the Missouri Union. Uel Lamkin, state superintendent of schools, and E. M. Carter, secretary of the State Teachers' Association, in connection with whose offices Mr. Capps is conducting his work, are both former M. U. students. A large number of the actual investigators will be graduates and former students, who are now teachers in the various counties of the state.

Along with the University in this cooperative study and investigation will be the state normals and the colleges of Missouri. A representative of each of the five normals will have one of the main problems of the survey under his direction, just as the University's representative will have the age-grade census. The representative of the University and of each of the normals will receive credit in the published report for the work done on his special problem. These problems will deal with the physical conditions and equip-

ment, financial support, library facilities, methods of instruction and supervision, teachers' training and salary, the educational product as revealed by certain standardized tests, etc. The several Missouri colleges will investigate schools of single counties within the larger districts into which the whole state has been divided.

Since it is obviously impossible in the time allotted to inspect all rural schools, only one in about ten will be looked into—about 1,000 or 1,200 in the whole state, or an average of about ten in each county. These schools will be selected, some among the best and some among the worst in the judgment of the county superintendents.

Mr. Capps has already sent out questionnaires to rural teachers on their training, experience, salary, etc., and on their school's equipment. The great mass of data already collected by different state departments and educational institutions bearing on the problems of the survey will be examined. The third method of investigation will be the personal inspection by faculty members and advanced students of the University and other cooperating schools, by teacher-training teachers in the high schools and by other persons trained in educational matters.

Prof. W. D. A. Westfall of the University has volunteered his services as statistician to help in tabulating figures and facts collected in the survey.

To get the personal inspectors around over their counties from school to school, out to the poorest and most out of the way, will not be the least of the problems, but women's organizations of the state have already asked for this task. Mrs. S. P. Bradley, chairman of the educational department of the Missouri Federation of Women's Clubs, and Mrs. W. R. Painter, state regent of the D. A. R., have volunteered the services of their organizations. Through their local members, they desire to furnish the means of travel, which in some cases will be motor cars and in other buggies and wagons.

Sigma Delta Chi, journalism fraternity at the University, held initiation November 1 for Paul Hamilton, Homer Dye, Harold Hancock and Lawrence Whitehead. After the ceremony the members had supper at the Daniel Boone Tavern.

The Missouri Alumnus

Established 1912. Made Semi-Monthly 1916

Published the first and fifteenth of each month during the regular session of the University of Missouri by the Missouri Union. Eighteen issues a year. The officers of the Missouri Union are: R. B. Caldwell, '03 President
Baxter Bond, '18 Vice-President
Nathan Scarritt, '19 Rec. Sec'y
H. H. Kinyon, '12 Cor. Sec'y
S. F. Conley, '90 Treasurer

Subscriptions to The Alumnus go with memberships in The Union. Annual memberships are \$5 for alumni and former students living in Columbia, and for members of the University faculty; \$3 for alumni, former students and former faculty members living outside of Columbia and for students in attendance at the University. Life memberships are \$50.

Should a subscriber desire to discontinue his subscription, notice to that effect should be given before the subscription's expiration. Otherwise it is assumed that continuance is desired. Changes of address should be reported promptly to assure delivery of each issue.

Checks, drafts and orders should be made payable to Missouri Alumnus or Missouri Union, and all business correspondence should be so addressed.

H. H. KINYON

BERTRAM HARRY
Business Manager

Entered at the postoffice, Columbia, Mo., as second-class matter.

THE GAME AND THE WAR

It is entirely fitting that the Missouri-Kansas football battle should be fought again this year. We are all thinking of fighting, our one aim is to develop a fighting force and so inspire it and support it that it shall overcome the enemy.

The Thanksgiving game is the climax of our athletic contests. It is the decisive battle in our football world. It shows the results of long and careful drilling, the way in which previous successes and defeats have been turned into the mill of final victory.

At a meeting in the summer of the National Collegiate Athletic Association in Washington, Secretary Baker paid high tribute to intercollegiate athletics as a means of training for military service and recommended in the strongest terms that the colleges and universities should go on bending every effort to enlarge the number of men receiving such training. The recommendations of the association to its member institutions were designed to carry out these suggestions. Di-

rector Meanwell's plan not only of having spectacular athletics but various sports for the benefit of all students is in keeping with the association's recommendations.

LETTERS FROM OUR SOLDIERS

Many readers of The Alumnus will be receiving from time to time, letters from Missouri men who are in war service. We should like to have copies of such letters for publication in The Alumnus. If the letter is personal and contains matters that would not be of particular interest to the alumni generally, send in a copy of that part of the letter that would be of general interest.

We should also like to have photographs of M. U. men who are in active war service of the U. S. government, and of groups of M. U. men in their camp or service environment.

This material will be used as far as possible in The Alumnus this year and will be permanently preserved in the alumni records. This applies to non-graduating former students as well as to those holding degrees.

And don't hesitate to send in information for our "war directory" because you think we probably have the facts about the particular person already. Probably we have not, and if we do have you may supply additional ones, and if you can't do that no harm's done anyway.

A DUTY TO VISIT M. U.

It is something more than a pleasure for a former student to return to the University occasionally. It is a duty.

The University has a right to expect that those who have received its great benefits at little or no cost to themselves except that of living, which would be practically the same under other conditions, should keep closely enough in touch to maintain an intelligent, sympathetic interest and to exert a helpful energy.

Of course, it isn't a duty to come back just to partake of the good time incident to the homecoming and the game. A visit at this time becomes a duty only when it is made with the higher purpose of better equipping oneself for Alma Mater's service.

And this purpose will not in any way detract from the good time, but rather add zest to it.

M. U. MEN IN REUNION

Now in Army at San Antonio, They Meet at Banquet

Twenty-nine graduates and former students of the University of Missouri, all but two of whom have answered the call to the colors, assembled at a banquet held at the Menger Hotel in San Antonio recently. The gathering represented men who had come from all parts of the United States to do army service.

The college yells of Missouri were given at the banquet and several college songs were sung. When the orchestra played "Old Missouri," three officers, Cornell graduates who were in the dining room, stood during the entire song, which is the same as one of the Cornell University songs, with the exceptions of different words.

Among those assembled at the banquet were Carl T. Felker of Joplin and Rex B. Magee, a former newspaper man here. Felker, who lives at 408 North Wall street, is a former reporter on the Globe. He is with the ground officers' school at San Antonio, having resigned a position in Denver to enlist. Lieut. T. E. D. Hackney, who is well known in Joplin, a member of the famous undefeated football team of Missouri in 1909, sat next to the toastmaster, Capt. Aubrey G. Alexander.

Those who attended were: Capt. A. G. Alexander, Lieut. T. E. D. Hackney and Lieut. Eugene E. Morrow, 357 Infantry; Lieut. C. E. Van Gent, 344 Field Artillery; Lieut. A. L. Montgomery, 343 Field Artillery; Lieut. O. M. Confer, 315 Engineers; Lieut. Dillard H. Wyatt, 358 Infantry; J. B. Alford, 10 Company Infantry; V. J. Gregory, Ambulance Company 360; C. T. Felker, M. E. Hays and C. J. McPheeters, ground officers' school, Kelly Field; J. C. Williams, G. W. Brown, John M. Harris, K. D. Mitchell, Carl Stewart, Rex B. Magee, R. G. Scott, H. M. Brown, Park Nichols, Ewing Crutchfield, J. B. Williams and A. B. Chapman, Camp Stanley; L. M. Fischer, 73 Squadron, Kelly Field; Carl Olson, 84 Cadet Squadron, Kelly Field; J. H. Pound, ordnance department; R. P. Ingram and C. R. McFardane, San Antonio.

The above is a clipping from the Joplin Globe sent in by J. B. Steiner, LL.B.

'12. Containing, as it does, the names of twenty-seven M. U. men in service, it is of interest to many readers and of great value to the alumni files. The Alumnus desires to suggest that all readers follow Mr. Steiner's good example.

TWO M. U. MEN TO RUSSIA

"Easy" Anderson and C. R. Mitchell To Work Among Soldiers

"Anderson—"Easy"—and I, both graduates of Old Mizzou, are off to do Y. M. C. A. work among Russian soldiers." A little card, bearing the name of Cyprus R. Mitchell, '14, and that brief but interesting message, came to the office of The Alumnus the other day. The message didn't say off from where, but the card was postmarked "Tsuruga, Japan, 6-10-17."

Mitchell, who took his Master's at the University, has been a minister in Victoria, Australia, and Anderson, A. B. '07, has been in Y. M. C. A. work in Petrograd. "Easy" was in Columbia a few days last May, after having spent the second semester in graduate theological work at Oberlin. He said at the time that he expected to return to Russia.

Sailor Wants M. U. News

A former student of the University, George M. Meadow, wants to keep up on the news of Old Mizzou. Mr. Meadow and several other University students are members of the Forty-second United States Marines stationed at Paris Island, S. C. He is well pleased with the work and, as is characteristic of the marine, is eager for his departure as a "soldier of the sea bound for somewhere."

Collier Deals Out Coal

"What's in a name?" is an oft-repeated question. Surely there is something. Acting upon an appointment as fuel administrator of Boone County by Wallace Crossley, state fuel administrator, H. A. (Jack) Collier is dealing with the coal situation. He has charge of distributing coal which is shipped in, among the dealers. Two assistants will help him in his work.

GIRLS BUY KNITTING MACHINE

Socks To Be Made for Sammies at a Rapid Rate

A knitting machine to knit socks for the "Sammies" is to be purchased by the Home Economics Club of the University. The girls of the club at a recent meeting voted to buy a \$50 Liberty Bond and the machine, which will cost about \$20. When the machine arrives socks will be turned out at the rate of two pairs an hour instead of a pair in several days.

Students of the University have given more than \$250 to a fund for the purchase of yarn to be knit into socks, sweaters and other garments, for the soldiers and sailors. A tag day, conducted by the University women, netted nearly \$200 for the fund. One girl's sales amounted to \$49. Each sorority contributed \$10, and several fraternities gave like amounts. Many University women have signed up to work at the Red Cross workrooms during the hours they formerly devoted to amusements.

UNIVERSITY TO SAVE COAL

Buildings Will Not Be Heated or Lighted at Certain Times

Edward E. Brown, business manager of the University, has announced that, due to the scarcity of coal, the University will be closed at specified times during the week until further notice. The University supply of coal is so low that this measure has become necessary.

In general, no heat and light will be furnished University buildings after 5 o'clock in the afternoon. The Library Building will be open Monday, Tuesday, Wednesday and Thursday nights. It will close at 6 on Fridays and at 1 on Saturdays. It will not be open at all on Sundays. The University Auditorium will be open only for important public events. University buildings will not be lighted between 1 o'clock Saturdays and 8 o'clock Mondays. During that time they will be heated only enough to protect the contents from damage. The only University buildings which will be heated and lighted as formerly are Parker

Memorial Hospital and the University dormitories. The present supply of coal will last only about two weeks.

AT ECKLES CLUB DINNER 17

Former Students of M. U. Professor Honored Him in Columbus

Seventeen members of the Eckles Club attended a dinner in honor of Prof. C. H. Eckles in Columbus, Ohio, during the recent National Dairy Show, at which Missouri carried off first honors. Members of the Eckles Club are former students of Professor Eckles in dairy husbandry at the University. In addition to the following members of the Eckles Club, the four members of the judging team and Mr. Eckles were present, making twenty-two at the dinner.

E. V. Ellington, '10, Salt Lake City, in charge western office, Dairy Division, U. S. Department of Agriculture.

R. H. Mason, '08, in charge dairy extension work, North Carolina, Raleigh.

W. H. Rhea, '15, professor dairy husbandry, U. of W. Va., Morgantown.

C. L. Burlingham, '14, associate editor Hoard's Dairyman, Fort Atkinson, Wis.

L. S. Riford, '15, assistant superintendent, Walker Gordon Co., Plainsfield, N. J.

W. B. Combs, '15, New Jersey Experiment Station, New Brunswick.

A. C. Ragsdale, '12, extension work, U. of M.

R. R. Graves, '12, in charge breeding investigations, Dairy Division, U. S. Department of Agriculture.

T. E. Woodward, '07, Superintendent Dairy Experiment Farm, Beltsville, Md.

W. M. Regan, '12, professor dairy husbandry, New Brunswick, N. J.

W. R. Hale, '12, Superintendent Wilco Farms Co., Willitsville, Ill.

Robt. Wylie, '16, instructor dairy husbandry, Iowa State College, Ames.

W. W. Swett, '16, instructor dairy husbandry, U. of M.

C. E. Wylie, '16, professor dairy husbandry, U. of Tenn., Knoxville.

E. L. Anthony, '12, professor of dairying, Penn. State College.

H. P. Davis, '11, dairy research, U. S. Department of Agriculture.

R. M. Washburn, '09, professor dairy husbandry, U. of Minn.

OUTPLAYED, OKLAHOMA WINS

Bounding Ball Defeats Tigers; Sooners Winning 14-7

Press-time report on first Tiger-Cornhusker game since 1912, gives Nebraska 52—Missouri 0.

An Oklahoma punt which touched Collins as he was waiting on Missouri's 10-yard line for the ball to bounce across the goal line cost the Tigers the Oklahoma game November 3. The game had been even up to this point, each team having scored seven points. After the punt had bounded against Collins, an Oklahoma player fell on the ball. With the ball on Missouri's 4-yard line the Sooners by a few rushes pushed the ball over and then kicked goal, going into the lead with the score 14 to 7. With but a few minutes of the fourth quarter left to play, Missouri tried some long forward passes. But the whistle blew before the Tigers could score again.

After Oklahoma kicked off in the first quarter Missouri advanced the ball down the field to Oklahoma's 3-yard line. The Tigers showed up well, Edwards making a 20-yard end run. From the 3-yard line the Tigers kept advancing, Morris going over for the first touchdown of the game. Collins kicked goal. There was no further scoring in this quarter.

In the second quarter Missouri worked up close to Oklahoma's goal line again. A forward pass from Morris to Marshall was unsuccessful. Wilmoth recovered the ball and carried it back to Oklahoma's 25-yard line, putting his team out of danger for the rest of the first half.

Oklahoma began the second half with a rush. After several forward passes a fake play netted twenty-seven yards around right end. Fifteen yards were gained by a forward pass from Davis to Graham. Oklahoma scored a touchdown when a forward pass from Davis to Wilmoth was successful. Davis kicked goal. Rider, Edwards, Collins and Morris worked the ball down the field to Oklahoma's 5-yard line. Here Morris fumbled the ball, which the Oklahoma's right end recovered. A 20-yard run by Graham put Oklahoma out of further danger.

After a few small Tigers gains in the last quarter, Slusher punted forty

yards. Davis soon returned the punt for an equal distance. Morris, who received the ball, was injured, and Stevens replaced him at quarter. Rider and Stevens gained a few yards, and then Slusher punted forty yards, Oklahoma getting the ball on their 20-yard line. Davis was soon forced to kick. His punt struck Collins, Oklahoma captured the ball, and went over for their second touchdown.

Although outweighed ten pounds to the man, the Tigers outplayed the Sooners, as judged by the figures. Missouri's total of 231 yards gained by rushes was exactly 100 yards more than Oklahoma's total. Slusher's punts averaged 42 yards, Davis' 38 yards. Missouri was penalized thirty-five yards, Oklahoma forty. The deciding point of the game was the recovery of the blocked punt by Oklahoma on Missouri's 4-yard line.

The game was disastrous to the Tigers, for three first-string men were injured. Several of Morris' ribs were broken. Henry Bass, right tackle, has a broken collar bone. E. G. Schroeder, right end, had to leave the game when the ligaments in his right shoulder were torn loose. The departure of Greenwood from the University has also hurt the team. It is hoped that the injured members of the team will be able to play in the Kansas game. With all his men available Coach Schulte will be able to put up a good team against the Jayhawkers on Rollins Field Thanksgiving day. The Kansas team is to be feared, but Missouri rooters have confidence in Schulte and his team with the Missouri fighting spirit.

The lineup of the Oklahoma game follows:

Missouri (7)		Oklahoma (14)
Slusher	le	Johnston
Ewing	lt	Light
Chittenden	lg	Brown
Greenwood	c	Douglass
Kirkpatrick	rg	McGlothlin
Bass	re	Deacon
Schroeder	re	Durant
Morris	q	Wilmoth
Edwards	lh	Davis
Collins	rh	Boyle
Rider	fb	Bechtold

Substitutions: Missouri, Marshall for Schroeder; Hamilton for Bass; Stevens for Morris; Berry for Ewing; Viner for Rider. Oklahoma: Graham for Boyle; Luster for Durant.

Weddings

Miss Grace Cratty
Lieut. L. C. Wheat

Miss Grace Cratty of Litchfield, Ill., and Lieut. L. C. Wheat were married November 10 at San Diego, Cal., where Lieutenant Wheat is stationed. Both formerly attended the University. Lieutenant Wheat's father and mother, Mr. and Mrs. Charles Wheat, live in Columbia. Miss Cratty is an official Red Cross visiting nurse. Her mother, Mrs. Samuel Cratty, accompanied her to San Diego.

Miss Cyrene Shepard
James H. Harkless

Miss Cyrene Shepard and James H. Harkless were married November 10. Miss Shepard is a daughter of Mr. and Mrs. A. H. Shepard of Columbia. She is a member of the Delta Gamma Sorority. Mr. Harkless of the Alpha Tau Omega Fraternity. Both were graduated from the University in 1917.

Miss Mabel Mason
Henry F. Carlton

Miss Mabel Mason of Evanston, Ill., and Henry Fiske Carlton were married October 17. Miss Mason has done newspaper work in Chicago. Mr. Carlton was an instructor in English in the University in 1916-17. He is now in the aviation corps at Champaign, Ill.

Miss Boquet Vandiver
George Lamar

Miss Boquet Vandiver of Columbia and George Lamar of Joplin were married recently in Kansas City. They returned to Joplin where Mr. Lamar is employed in a bank. Both are former students in the University. They will make their home in Joplin.

Miss Virgie Joiner
John Hughes Child

Miss Virgie Joiner and John Hughes Child, both of Richmond, Mo., were married in Kansas City, November 3. The wedding was a surprise to their parents and friends. Mr. Child, who is a freshman in the College of Arts and Science, went to Kansas City from Columbia and met Miss Joiner there.

After the marriage the couple returned to Richmond. Mr. Child was a pledge of the Sigma Nu fraternity. He does not intend to return to the University.

Miss Vivian Drinkwater

E. Harold Smith

Miss Vivian Irene Drinkwater of New Madrid and E. Harold Smith of Charleston were married October 6. They will make their home in Charleston. Mr. Smith attended the School of Journalism from 1914 to 1916.

Miss Mary Buckner

Boone Ingels

Miss Mary Dorothy Buckner of Pleasant Hill became the wife of Boone Ingels, a former student in the University, November 3. The marriage took place at the home of the bride's grandmother in Kansas City.

Births

W. B. Rollins, B.S. in M.E. '03, writes: "As a news item for the next issue of *The Alumnus*, I wish to announce the birth of a daughter, whom we have named Benetta, on September 24. We also have a son 8 years old."

Robert Ellsworth is the name given by Mr. and Mrs. N. C. Mann of Bellingham, Wash., in announcing the arrival of a son June 15. They also have a daughter 5 years old. Mr. Mann received the degree of E.E. in 1910 and is a member of the Tau Beta Pi and Sigma Xi honorary fraternities.

A boy weighing ten pounds was born to Mr. and Mrs. R. M. Green of Columbia October 29. Mr. Green is assistant professor of farm management in the University.

A daughter, who has been named Elizabeth Marie, was born November 2

to Prof. and Mrs. M. F. Miller, of Columbia. Mr. Miller is assistant dean of the College of Agriculture.

Class Notes

'67

Thirty years of service as teacher of the Bible class of the Baptist Sunday School of Columbia is the record of E. W. Stephens. In commemoration of the beginning of his thirty-first year, a special program was arranged for November 11. Mr. Stephens is rarely absent from his teaching post, and his class always is well attended. Mr. Stephens has long been prominent in church work as well as in various public services.

'87

Governor Gardner appointed Dean Isidor Loeb, of the University with Judge H. S. Priest of St. Louis and Peyton Parks of Clinton as Missouri's representatives at the session of the American Academy of Political and Social Science which was held in Philadelphia November 2 and 3.

'93

"I have received copies of *The Alumnus* since school opened, and am pleased to note that the 'spirit of 1917' pervades its pages." Thus writes M. H. Lockwood, E.E., M.S., '10, who is mechanical expert and patent solicitor at 2 Rector Street, New York.

'99

This is the way we like to hear them talk: "I think that the University is more and more coming to her place in the sun, but I am much disappointed at the present financial condition, and think that the attitude of those who are primarily responsible for it should be aired and submitted to 'pitiless pub-

licity.'"—Harry M. Dungan, attorney at law, Oregon, Mo.

'03

W. B. Rollins, eng., of W. B. Rollins & Company, consulting engineers, Kansas City, writes that he expects to attend both the University banquet in Kansas City and the Thanksgiving game at the University. "I shall be interested in noting the progress of the University along all lines, as I am sure much progress has been made since my last visit," Mr. Rollins says.

'05

D. H. McFarland, ac., campaign manager of the Town Development Company, played a prominent part in the recent revival of the Chamber of Commerce in Kansas City. After graduation, Mr. McFarland did newspaper work for a while. Before becoming campaign manager of the Town Development Company he was their publicity man.

'11

"I intend visiting the Union during the M.U.-K.U. game," says L. W. Helmreich, M.E., E.E. It is ventured that Mr. Helmreich doesn't mean exactly what he says, for his friends know a steam tractor couldn't tear him loose from a Rollins Field seat "during the M.U.-K.U. game." Helmreich is teaching in the David Ranken, Jr., School of Mechanical Trades at St. Louis.

'08

Harold Todd Livingston, eng., is first lieutenant, 313 Engineers, stationed at

E. A. Halter, law, announces that he and James M. Rollins have formed a partnership for the general practice of law under the firm name of Rollins and Halter with offices at 425-31 Title Guaranty Building, St. Louis.

Dr. Jacob Warshaw, Ph.D. Assistant professor of Romance Languages, has been granted a leave of absence by the University. He has been called home to Quincy, Mass., by the illness of his mother. His two brothers who

have been at home with their mother, have been called to war. Dr. Warshaw will be gone for an indefinite length of time.

R. E. L. Hill, of Columbia, a breeder of Duroc-Jersey hogs, recently sold thirty-three pure-bred spring boars and gilts at public auction. Mr. Hill is a graduate of the College of Agriculture.

'13

Lieut. C. E. Ragsdale, B.S., M.A., '14, is now in the machine gun school at Fort Sill, Okla. He was transferred there from Camp Funston.

'14

Roy C. Bennett, B.J., is state editor of the Daily States at New Orleans, La.

'15

Thomas S. Hudson, jour., who has been a reporter on the Kansas City Star, is now in the aviation service.

C. E. Carter, ag., began work the first of the month for the Agricultural Extension Service of the University. He has been serving as a county agent in Tennessee.

Russell W. Duck, ag., now a lieutenant in the Marine Corps, is stationed at San Pedro de Macoris, Dominican Republic.

O. G. Carpenter, jour., recently paid a visit to his brothers Victor and Harry in Columbia. He was on his way to Kansas City. For two years he was employed by the Erwin and Wasey Advertising Agency. He is now in the advertising department of the Mitchell Motor Company at Chicago.

'16

Ray E. Miller, A.B., who has been a bookkeeper at the First National Bank in Mexico since last winter, is now subject for call into the aviation service. He recently passed the examinations for the service. He expects to be trained first at Champaign, Ill., and then to be transferred to some training station in the South.

F. W. (Prof) Floyd, who holds the Missouri Valley Conference pole vault record (12 feet, 6 inches), visited his parents in Columbia early in the month. He is a second lieutenant in the Engineering Corps at the training camp at Fort Leavenworth.

The training which Gwynne G. McCaustland received at Camp Funston has obtained for him an appointment as second lieutenant in Coast Artillery Corps. Gwynne is the son of Dean E.

E. L. Chambliss, formerly a student in the University stopped off the first of the month for a day in Columbia on his return to Fort Benjamin Harrison, Ind. He had been visiting at his home in Kansas City. The Base Hospital Corps of which he is a member is now on its way to France.

John B. Carlisle, president of the senior class in the School of Medicine, recently left school to report at Joplin for national service.

FARM TEACHERS IN DEMAND

Many Offers Of Positions Come to Dean Mumford's Office.

Requests for men qualified to teach agricultural subjects are being received almost daily by Dean F. B. Mumford of the College of Agriculture. The demand for both men and women instructors far exceeds the supply on account of the calling of so many persons into war service.

The lowest salaries offered by the various schools seeking instructors now are higher than those paid to beginners in most other professions. Frequently graduates of the College of Agriculture receive from \$1,200 to \$1,800 a year when they first begin their new duties.

COLUMBIA, MISSOURI

RAISE Y. M. C. A. WAR FUND

Students Sacrifice To Give for Soldiers' Social Needs

Incomplete returns from the Y. M. C. A. canvass for a fund to provide for the social and moral needs of the soldiers in our army and the armies of your allies show that more than \$6,000 has already been raised, with indications that the goal of \$10,000 which has been set for the University may be reached before the campaign is over. Teams were organized and a thorough canvass made of the members of the faculty and of the student body. Dean E. R. James of the School of Law is general chairman of the campaign in Columbia.

The appeal has met with hearty response among University men and women. Many instances of sacrifice have been reported. One student contributed \$5 from a cash balance of \$7. The faculty members have given over \$2,000. The per capita contribution of the University women is greater than that of the men.

Thirty M. U. Authors.

Not including former members of the faculty of the University, there are thirty of the teaching staff who are authors of books used in the schools, colleges and universities of the country. Most of the books deal with exact, natural, economic, social and political sciences, and a few with

arts. Last spring, Dr. Charles A. Ellwood, published his fourth book entitled, "Introduction to Social Psychology," and also Prof. Thorstein Veblen, who has been referred to as "one of the foremost American thinkers of today," published his "Nature of Peace," which has attracted wide comment.

University Gave Nation 600

According to statistics of the registrar's office, 606 students were excused from the University last spring for national service. Of these 583 were men and 23 women. Those excused received the same credit as if they had remained in school.

L. H. Capehart, for the last year assistant secretary of the University Y. M. C. A., has resigned his position to engage in Y. M. C. A. war work at Camp Beauregard in Louisiana.

Winter the Best Vacation Time

In San Antonio and along the Gulf Coast of Texas you'll find each day some new, delightful surprise in the outdoor freedom of sunny skies.

Army activities lend an added interest to Texas this year.

Harvey Evans Drives War Truck.

Harvey Evans, a former student in the University, is now serving as truck driver in France with Automobile Truck Section No. 9. Evans reports that S. M. Aldredge, a student in the University last year, is near him in an ambulance training station.

Miles of Farm News

To make agricultural information newsy is not the easiest job in the world, but it doesn't seem to offer any special difficulties to B. C. Riley, B.S. in Ag. '14 (A.B., Iowa, '11). The newspapers of Arkansas have published more than 3½ miles of "dope" turned out by him in the last year, with the result that Riley is no longer known as editor of publications with the agricultural extension division but director of the general extension division of the University of Arkansas. He was in charge of community welfare work for the extension division of Indiana U. before going to Arkansas. He says that Arkansas now has the largest agricultural demonstration force in the United States.

Goes With Aviators to France

Irwin H. Shaw, a student in the School of Engineering during 1915-16, has been selected to go with the first group of American aviators to France. He left Camp Kelley, Tex., for France on July 20.

Stephens Junior College

COLUMBIA, MISSOURI

Fully Accredited as a Junior College by the University of Missouri and Other Standard Institutions.

The following statistics show the remarkable growth of Stephens College in resident enrollment and educational standards since its standardization as a Junior College in 1912:

1913-14---Increase in enrollment over preceding year 100 per cent.

1914-15---Increase in enrollment over preceding year 15 per cent.

1915-16---Increase in enrollment over preceding year 25 per cent.

1916-17---Registration closed August 1, 1916, with dormitories filled to capacity.

1917-18---Increase in enrollment over preceding year 27 per cent. This increase was made possible by the erection of a new fire proof brick dormitory, which was filled to capacity September 1.

The enrollment for 1917-18 shows an increase of over 270 per cent over the enrollment for 1912-13. Eighty-seven per cent of present enrollment are graduates of accredited four-year high schools.

The number of graduates from the literary department has increased 260 per cent.

The number of students matriculating from accredited high schools has increased 250 per cent.

One-fifth of the students of the literary department are honor graduates from accredited four-year high schools. For catalog and information address
