

Neff Hall

THE present home of the School of Journalism is the first building at the University to be erected as a result of a gift to the University. The building is named in honor of the late Jay H. Neff of Kansas City, a pioneer in agricultural

journalism, who built the Daily Drovers Telegram of Kansas City and founded upon it the Corn Belt Farm Dailies. Funds for the structure were given by his son, Ward A. Neff, an alumnus of the School of Journalism, who is now editor of the Daily Drovers Journal of Chicago.

Mr. J. Harrison Brown, President,
Missouri Journalism Alumni Ass'n.
Mexico, Missouri.

Dear Mr. Brown:

Congratulations upon the organization of the University of Missouri School of Journalism Alumni Association and your selection as first president.

Now is the opportune time for the Alumni of the University to start a really big constructive program. Jay H. Neff Hall is the first building at the University erected as a result of a gift to the University. What would be more fitting than for the Journalism Alumni Association to be the first to take hold of a definite program that would make your Alma Mater assume her rightful position as the peer of all institutions of learning?

Harvard University has a tradition that each graduating class shall turn over at least \$100,000.00 at the end of twenty-five years. *Do Harvard men love Harvard more than you love Missouri?*

Journalists Organize in 15th Year

Charter Members of the Journalism Alumni Association in front of the Jay H. Neff Hall.

The University of Missouri School of Journalism Alumni Association was started as a permanent organization to be affiliated with the general alumni association and to further the interests of the School of Journalism, at a reunion luncheon held at the Daniel Boone Tavern on Friday, May 25. J. Harrison Brown, B. J. '14, of Mexico, Mo., was elected president; Sara Lockwood, B. J. '13, of Columbia, secretary-treasurer; Catherine Ware, '23, of Columbia;

Glenn Babb, '15, of Tokyo, Japan; J. B. Powell, '10, of Shanghai, China; Frank King, '17, of London, England; Gus Oehm, '17, of Berlin, Germany; Eliseo Quirino, '21, of Manilla, P. I.; Russell Bandy, '15, of New York City; Robert Jones, former student, of Seattle; Ward Neff, '13, of Chicago, and B. O. Brown, '12, of Vernon, Texas, were elected vice-presidents of the organization. An added significance was given to the organization at this time,

it being coincident with the celebration of the fifteenth anniversary of the school.

The main purpose of the organization is to further the interests of the school; to bring together the alumni in a social way; to build up their interest in one another and in the school, and to aid Dean Walter Williams and the faculty in continuing the development of the school in every possible way.

Forty-five alumni attended the reunion luncheon of May 25. They came from nine states, seventeen cities in Missouri and from cities in the Orient to attend the fourteenth annual Journalism Week and to take part in the reunion. Alfonso Johnson, B. J. '22, business manager of the Evening Missourian, presided as toastmaster. At one long table sat members of the 1913 class, who were celebrating their tenth anniversary. Each guest told briefly his name, date of graduation and something of his or her work since leaving school. Prof. Robert S. Mann, B. J. '13, read many messages from alumni and former students who were unable to come to the luncheon. Among these were: a poem from Ellen Foley, '13; and letters or telegrams from Gladys Baker Wright, Vina Lindsay, Clarissa Spencer Keene, Ralph Gravelly, James G. May, Siegel Mayer, C. A. Lewis, Ward A. Neff, Ruth Prather Midyette, Mary Paxton Keeley, Sandford Howard, R. G. Armstrong, Vaughn Bryant, Francis Stewart, W. Earle Dye, and R. M. Bandy, Jr.

So enthusiastic were the guests that when Eley Arnil Caudle made a motion that a permanent alumni association be organized there was unanimous assent. When J. Harrison Brown had been elected president by acclamation, Alfonso Johnson turned over the meeting to him.

It was suggested that the president be elected each year from the class that would hold its tenth anniversary reunion the following year so that the presiding officer would be able to appeal more directly to his class mates concerning the celebration.

Two resolutions were passed. One endorsed the presidency of Dr. Stratton D. Brooks, newly elected head of the University, and offered the hearty cooperation of the alumni of the School of Journalism in up-building of a bigger and better University. The second was a cable message to J. B. Powell, '10, conveying the best wishes of the alumni for his safe return to his home, family and friends. Powell was recently captured with a number of other foreigners by Chinese bandits in Shantung.

This is the first of the subsidiary alumni associations to be organized by the various divisions of the University. The other subsidiary organizations will be perfected as rapidly as the opportunity affords. These division alumni associations are a part of the general alumni organizations and will not in any way conflict but will strive to make the general alumni association even stronger.

Those who attended the 1923 alumni luncheon included: Robert S. Mann,

'13, associate professor of journalism at M. U., Columbia; Frank W. Rucker, '13, business manager The Examiner, Independence, Mo.; E. B. Trullinger, '12, free lance advertising, farmer, Maryville, Mo.; W. C. Fuhr, spe-

Journalists to Tour Southern Missouri.

About twenty-five students in the School of Journalism will visit a number of the towns and cities and the state institutions in Southern Missouri, starting from Columbia on June 4 to make an intensive study of the history of the southern half of the state. The trip is designed to offer training to the student journalists in the work of correspondence and at the same time give them a broad knowledge of South Missouri. Every student will have a "string" of newspapers and magazines to write for daily. A Pullman will be their home and this moving class room will be equipped with typewriters and other needed supplies. This course, if successful, will probably be repeated every year.

News Events of the Month

Pres. Brooks Makes First Call.

Dr. Stratton D. Brooks, recently elected president of the University, made his first public appearance in Columbia at the Made-In-Manchuria banquet, May 25, the closing event of Journalism Week. He came to Columbia to attend the meeting of the Missouri Press Association.

"The press is a valuable asset to the State and the University and I want to meet the members of the Missouri Press Association," said Dr. Brooks. "I am taking advantage of meeting them here in a body at this time. Otherwise, I could not have met them until Journalism Week of next year."

Dr. Brooks will begin his work as President of the University July 1. He spoke at the banquet of the Associate Harvard Clubs in Kansas City on May 26. He is a graduate of Harvard.

Dr. Brooks has purchased the home of Col. W. E. Persons, corner of Stewart Road and Glenwood Avenue. This house was built by Judge Hinton, sold to Col. Joseph Frazier, then to Col. Persons. Dr. Brooks will be the first president of the institution not to occupy the president's "mansion" on the old West Campus that has served for so many years.

During Dr. Brooks' visit he was elected a member of the Rotary Club of Columbia. He was formerly a member of the Norman, Okla., Rotary Club.

Rotary Gives Three Scholarships.

The Rotary Club of Columbia has awarded three scholarships, of one hundred dollars each, to Grace Goslin, an honor graduate of Columbia High School; Edgar Lindenmeyer, a graduate of Missouri Military Academy, Mexico, who was a leader in scholarship and school activities, and W. A. Coglizer, a graduate of Kemper Military Academy, of Boonville, who was one of the outstanding students in that institution.

The club's scholarship plan does not specify attendance at any particular institution but the school selected must be a recognized college or university in Missouri. The three successful applicants have indicated their intention of attending the University of Missouri.

Blanton Heads Mark Twain Assn.

H. J. Blanton of Paris, Mo., a member of the Board of Curators, editor of the Monroe County Appeal, and former president of the Missouri Press

Association, has been elected president of the Mark Twain Memorial Park Association, whose purpose it is to acquire a memorial park site on Salt River, near Florida, Mo., and there create the kind of recreation or camping ground that would have appealed to Mark Twain. The movement for this memorial is to be nationwide. The

H. J. Blanton.

University of Missouri conferred the degree of LL. D. on Mark Twain (Samuel L. Clemens) in 1902.

The other officers of the Mark Twain Memorial Association are: E. E. Swain, Kirksville Daily Express, and W. C. Van Cleve, Moberly Monitor-Index, acting vice-presidents; F. B. Lamson, Moberly Chamber of Commerce, secretary; Omar D. Gray, Sturgeon Leader, treasurer; Miss Frances I. Mise, Moberly Democrat, secretary, women's department.

Alumnus Gets 1895 Hat Band.

C. M. Barnes, B. L. '98, cotton grower and merchant, Marston, Mo., has sent to the Alumni Recorder's office a hat band worn by him when Missouri defeated Kansas at football in Kansas City in 1895. Mr. Barnes sent the hat band to form a part of the alumni collection with the following letter:

"I am sending herewith the streamer, or hat band, of old gold and black which I wore to Kansas City to the great football game of 1895 in which Missouri triumphed over Kansas in a score of 10 to 6.

"It is a real keepsake, one of those we love to show our friends and proudly boast of the famous Tigers of '95 trained by the no less renowned C. L. "Pop" Bliss from Yale. The pride of the Jayhawk was certainly humbled on that muddy field and the

joy of the loyal Missourians knew no limit when the game closed. Doubtless more scientific football games have been played since, but certainly none more desperately or determinedly fought out than was the game of Thanksgiving, 1895.

"I trust this little piece of ribbon to your care. I am proud to pass it on to the Alumni Association, yet there is a pang of regret in parting with it, for the memories it stirs are of those we cherish and grow brighter as the years creep upon us."

It is hoped that other alumni and former students will contribute to the material for the alumni collection.

New Staff for College Farmer.

H. K. Hannah has been elected editor of the College Farmer, the agricultural magazine published by the students of the College of Agriculture for the coming year. The other members of the staff are: Editor, David Meeker; business manager, David Crockett; and circulation manager, Otis Dale.

Recommendations for assistants, who are to be elected at the first meeting of the Ag Club next fall, were also made. They were: assistant editor-in-chief, Edwin Shannon; assistant editor, Frank Leathers; assistant business manager, Carl Dixon, and assistant circulation manager, Fred Peters. The men who act as assistants for one year automatically step into principal offices on the following year, if they show the proper ability.

Miss Johnston has consented to act as Dean of Women until her successor has been secured.

Prof. Lefevre Given Memorial.

The Biology Building was named Lefevre Hall in memory of the late Prof. George Lefevre of the biology department of the University, by the Board of Curators May 7 at St. Louis.

The new name was adopted as a result of the following petition by the faculty members of the University:

"The University faculty recommends that the Biology Building be named Lefevre Hall in honor of Prof. George Lefevre, in view of his conspicuous services rendered the University of Missouri as a whole, and to its biological department in particular.

"Professor Lefevre's labors for the University, aside from his connection with this building, merit such a memorial. But there is further justifica-

tion for thus honoring his memory; the Biology Building is his creation more than of any other man. During its construction the architects, the administrative officers of the University and his associates in the department of zoology alike acknowledged a leadership culminating in a laboratory that continually excites admiration for its beauty, its convenience and its effectiveness in meeting the needs of the departments of botany and zoology."

'06, secretary of the Pittsburgh Alumni Association, a member of the supply engineering department of the Westinghouse Electric and Manufacturing Company, is the inventor of a new relay known as the "Type C. It is being called "The relay that thinks". Crichton addressed the last convention of A. I. E. E.

M. U. Man Called to English Bar.

John G. Madden, A. B. '21, of Kansas City, Rhodes scholar, was called to the English bar in an unusual ceremony June 13, when the Benchers of Lincoln's Inn held a special session.

Madden obtained the highest honors at Oxford law school and in the English bar examinations. He won a certificate of honor in the bar finals, in recognition of which he was named "Senior Student" at Lincoln's Inn. It is the first time an American has been accorded this distinction.

Madden was named a Rhodes scholar from the University of Missouri. He will enter Columbia University law school in September for advanced study.

Mizzou an Honor School.

President Isidor Loeb has received a telegram from the Secretary of War congratulating the University upon being designated again as a "distinguished institution".

A similar telegram was also addressed to Col. W. E. Persons, commandant in charge of the R. O. T. C.

This honor is conferred by the Secretary of War upon institutions maintaining R. O. T. C. units that, in the opinion of the Department, have attained a high standard of efficiency.

Medical Annex Completed.

The \$35,000 contract for the addition to the medical building is now completed. The original plans called for two stories and a basement, but, due to lack of funds, the second story will not be constructed at present.

Dr. Guy L. Noyes, dean of the school of Medicine, says the new building will be used this fall. He now has his office in the addition and construction on the remaining story will begin as soon as the money is released by the state.

Star Compliments Mizzou.

The Kansas City Star commented on the University football coaches as follows:

What a fine football coaching combination the University of Missouri has worked out in Gwinn Henry, William Dunckel and Herbert Bunker.

Henry has proved an able coach in the Kansas Conference. At the same time he has proved that he can take defeats. His sportsmanship never has been questioned, but often has been commended.

"Bill" Dunckel is a Missouri product, a former halfback on the team who has shown real coaching ability in handling Tiger freshmen and working on the Varsity after Kelly left last fall.

Herbert Bunker has yet to prove his coaching ability, but he has been a wonder athlete in his three years of competition, is a fine spirited, likable fellow, famous for his clean play and sportsmanship in Valley athletics and he should make good.

The Henry-Dunckel-Bunker combination looks like a winning trio.

New Ticket Plan Adopted.

The Committee on Intercollegiate Athletics, which met June 11, decided to adopt a new system in issuing season tickets for athletic contests. A season ticket is to be issued to students for \$6, which will admit them to five football games, ten baseball games and at least two dual track meets. This is the only ticket that will be sold at reduced prices.

This figures each athletic game at less than 40 cents. In the ticket is included the Homecoming football game with Oklahoma on Rollins Field, November 10. It is thought by the committee that this is one of the best ticket offers that any school in the Valley has made.

Tickets to the basketball games were not included, since it would be impossible to seat even a third of the holders of tickets in Rothwell Gymnasium. Basketball tickets will be sold separately.

Leslie Cowan Decorated.

Leslie Cowan, secretary of the University, has been decorated with the Cross of Chevalier of the Royal Order of the Redeemer of Greece. Mr. Cowan was first assistant to Dr. A. News From Alumni Centers— Audrain Annual Dinner

Audrain Alumni Annual Dinner.

The Audrain County Alumni Association held its annual dinner in honor of the seniors of the various high schools in that county on May 14. J. Harrison Brown, president of the association, was in charge of the meeting. W. W. (Nifty) Fry, Jr., acted as toastmaster and arrangements were in charge of Captain J. C. Stoy. One hundred fifty-two alumni and former students of the University and high school seniors attended the dinner. The University motion picture, "The Mirror of Old Mizzou," was shown at the meeting. The principal of the Mexico High School, J. T. Angus, announced at the dinner that the Board of Education of the Mexico schools had recently employed six new teachers all of them graduates of the University.

President Isidor Loeb was the principal speaker. He said that 68 percent of the personages listed in "Who's Who" were college graduates and that 22 percent had one year or more in college.

"The problem to the boy or girl is: am I going to start out handicapped or with an advantage?" President Loeb said. "No one is going to state that college graduates will succeed. A college will not give you brains but given the same capacity, the college graduate will progress more rapidly and achieve distinction over the other person."

Z. G. Clevenger, director of athletics, spoke of the part athletics play in University life. He emphasized the importance of athletes giving due consideration to their studies, pointing out that University of Missouri athletes were looked after by their coaches to the extent that very few of the athletes failed in any of their studies. He referred with pride to football captains, Blumer and Bunker, who were not only outstanding athletes in practically every major sport but were also honored by membership in Phi Beta Kappa, the highest honor that a student can attain while in school.

Frank L. Martin, a member of the School of Journalism faculty, made an interesting talk on various phases of the University life pointing out the advantages of higher educational training and the necessity of students applying themselves and getting all possible out of the University life.

Allan Lincoln, noted for his prowess on the track, in the field as the man

who kicked the forty-nine yard place kick in the Kansas game last fall, told the high school seniors about student life at the University of Missouri, picturing the various phases of study and fun in a most interesting and appealing manner.

The following telegram was sent by President Brown to Dr. Stratton D. Brooks, recently elected president of the University of Missouri:

"Last evening the Audrain County

W. W. Fry, Jr.

Alumni Association of the University of Missouri entertained the high school seniors of Audrain County at a banquet. I was instructed to send our good wishes to you to welcome you to Missouri and pledge our wholehearted support in making an even greater Missouri University."

John Leo Coontz, '10-'11, editor of the Mexico Intelligencer, commented editorially on the the meeting and Dr. Loeb's talk as follows:

The splendid attendance of University Alumni at the banquet last night is the surest way to awaken in the hearts of high school graduates the desire to attend some school of higher learning. As was pointed out by Dr. Loeb last night, those who are University graduates, are helping to establish our democracy on a more secure foundation, when they further higher education through such meetings as was held last night. There is no doubt now but that the Audrain County Alumni Association of Missouri students and graduates should, and will become a fixed thing in the lives of former students of the University living in Audrain.

Mitchell White devoted several columns of his paper, the Mexico Evening Ledger, to giving the news of the alumni meeting together with the pictures of Dr. Loeb, Dean Walter Williams and W. W. Fry, Jr. The following editorial is from his paper:

The banquet given this evening by former Missouri University students of Mexico for the Audrain County High School graduates is an annual event and always most delightful. It instills an interest in higher education in those just completing their high school work, and also provides a most delightful and inspiring evening for those in attendance.

At the beginning of the alumni party the Ledger distributed a special edition devoted to the University.

Certainly the Mexico newspaper men are most liberal and this is to let them know how we all appreciate their splendid cooperation.

Kansas City Holds Rally.

The Kansas City Alumni Association held a big rally at the Kansas City Athletic Club on the evening of June 4, entertaining all the coaches and senior athletes of the four high schools, the junior college and De La Salle Academy. The active students in the University cooperated with the local association in making this event one of the biggest ever staged by the followers of the old Gold and Black institution. More than 300 were present.

President William A. Kemp presided in his usual clever way and introduced all of the many speakers to the "future greats". Jack Cannon, the old tennis star, gave a very thrilling description of Chuck Wilson from the time he came to the University and

proved to be one of Missouri's greatest football captains until the time of his tragic death over seas. Henry F. Schulte, former Tiger mentor, and now at Nebraska, was also at the meeting and was greatly surprised to see the wonderful showing made by the old guard of Kansas City. Director Clevenger made a fine talk in regard to the Missouri spirit, and the fight the Tiger teams were showing in all branches of athletics during the past period.

George Combs, Missouri's "silver tongued orator", knocked the young ones dead with his talk on the Missouri spirit that now exists among the old grads, as well as the present students. Herbert Bunker spoke on athletics, and Clyde Smith, Missouri's fighting captain-elect, was introduced and said a few words. Then Gwin Henry, miracle man of the Kansas Conference, and football coach-elect, was introduced and received a hand that would have tickled Teddy Roosevelt. Coach Henry met personally every athlete at the meeting.

"I am now a part of Missouri and my best efforts shall go toward increasing her achievement," Mr. Henry said. "I already feel an invincible spirit reflected from the students, faculty and alumni of the institution."

Shannon Douglass, who acted as chairman of the committee on arrangements for this rally, also spoke to the high school boys and told them that he personally was going to give them a cup next year for their track championship. Every "M" man at the meeting, and there were plenty of them from the days of 1895 on, was introduced both to the old grads and the boys who probably will fight Missouri's battles on the athletic field in the near future.

Further talks were made by Dr. E. Lee Miller, W. F. Woodruff, Brutus Hamilton, R. Crosby Kemper, George Williams, Fred Williams, O. H. Swearingen, Col. E. M. Stayton, Professor E. A. Douglas and others.

Motion pictures of the University were shown, and all during the Kansas game, cheering came from all over the crowded gymnasium, especially when the touchdown made by Lincoln on last Thanksgiving Day was flashed on the screen. Zan Maitland, former yell leader, was on hand to direct the efforts and according to all the critics, he batted a thousand. George Charno, secretary of the association, and voted to be the best hand shaker ever, devoted a great deal of time to making this party a huge success. He was the first one there and seemed to know everybody by name, all of whom were given the glad-hand by the genial George. Nearly all of the men at the

banquet,—if it may be called such, for some mighty good eats were served—said they were coming to Missouri next fall. Eddie Kuhn and his band of jazz assassins aided by a couple of vocal artists, tore off some real music during the evening's festivities; Old Missouri was sung at the close of the rally. And "Puffy" Holmes was on the job as usual.

Tulsa Alumni Honor Dr. Brooks.

By Lucile Linton, Secretary, Tulsa Alumni Association.

Dr. Stratton D. Brooks, President-elect of the University of Missouri, was the guest of honor at the annual dinner of the Tulsa Alumni Association on June 4. Dr. Brooks spoke with emphasis upon the real work that an alumni association should perform and the important mark at which real education should aim. He urged the members of the alumni association to work together in constructive endeavor and not to continually feed upon remembrances. Service is the main thing that counts, he said, and he urged helpfulness as the main objective. In regard to education the President stated that more emphasis is needed to be put upon a person's duties to his fellowmen and country rather than upon the rights of some particular class or organization to which that individual may belong. Lack of application of this principle is mainly what is wrong with this country today, he said. All persons should cooperate to secure harmony and union as a whole.

Robert R. (Bobbie) Burns officiated as toastmaster in the absence of Judge Redmond S. Cole, the president of the Tulsa Alumni Association, who was out of the city. The program opened with several vocal selections by Professor Wahl, associate professor of music at the University of Oklahoma. Dean Julian C. Monnet of the Oklahoma Law School expressed the regret of the Oklahoma faculty in losing Dr. Brooks as the administrative head.

J. P. McBaine, '02, Dean of the Missouri Law School, was the representative of the University of Missouri at the dinner and in his talk presented a review of present conditions at the institution, told of the constructive work of the Alumni Association, and brought the campus and the Columns to the eyes of the Tulsa alumni in a most entertaining manner. His coming was appreciated by the Tulsa alumni and we are all thankful to him for his visit and his good talk. This plan of Alumni Association meetings will undoubtedly do a great deal of good in

bringing the alumni into closer touch with the activities of the University of Missouri and will enable us to do something worthwhile for the school.

Dr. J. M. Gordon, president of Tulsa University, was a guest and made an interesting talk, as did Roscoe E. Harper, A. B. '17, A. M., LL. B. '20, formerly a member of the law faculty of the University of Oklahoma, now practicing law in Tulsa.

One of the outstanding features of the dinner was the introduction of Mrs. Sarah G. Elston, (Sarah J. Gentry) B. S. '73, M. S. '76, a member of the first class of women admitted into the University of Missouri, and its second woman graduate, a graduate of 50 years ago.

The motion pictures, taken by the camera presented to the University by the alumni, entitled "The Mirror of Old Mizzou", and "Tiger Topics", showing University life throughout the year, were most interesting and closed the program. There were eighty members at the meeting.

Pettis County Honors H. S. Seniors.

The Pettis County Alumni Association gave a dinner on May 16 in honor of the seniors of the Pettis County high schools. This was the annual function of that association. Dr. Guy Titsworth, president, presided at the meeting. The following officers were elected for the coming year: president, Dr. A. J. Campbell, M. D. '04; vice-president, G. A. Sturges, E. E. '12; secretary, E. J. Burger, B. S. Eng. '16; and treasurer, Jack Crawford, A. B. '22.

Judge E. W. Couey, LL. B. '89, made a talk at the meeting on the advantages of higher education urging the seniors to continue their studies and attend schools of higher learning. Julian Mudd, president of the senior class of the Sedalia High School, thanked the members of the Pettis County Alumni Association for their thoughtfulness and hospitality in giving a dinner in honor of the high school seniors. Allen Lincoln, of the University of Missouri football and track fame, gave an interesting talk about athletics and scholastic work at the University. Miss Martha Letts, B. S. Ed. '16, principal of the high school, complimented the seniors of the Pettis County high schools and urged upon them the importance of continuing educational work.

W. T. Angle, B. S. Agr. '21, county agent, spoke of the democracy which existed at the University of Missouri, the opportunities offered a student to work his or her way through the school and of the fine spirit which

prevailed. Professor C. A. Greene, A. B. '00, A. M. '01, superintendent of the public schools, presented statistics showing the advantages of a high school education over a grade school education and of a college education over a high school education. His points were brought out emphatically and impressed his auditors.

The principal address of the evening was made by Dr. Isidor Loeb, acting-president of the University. He spoke at length on the advantages of a college education, dwelling on the necessity of a higher education at this time, when competition in all lines of work is so keen. He referred to the fact that instances could be cited where a person who had not received a college education had reached the top of the ladder of success, but stated that this is the exception, and not the rule.

Dr. Loeb made an urgent appeal to the seniors to take advantage of the opportunities offered for higher educational training and it was clearly evident that his talk impressed the senior high school students.

The following resolutions were passed:

"Resolved: that the Pettis County Alumni Association of the University of Missouri, congratulate Dr. Stratton D. Brooks upon accepting the presidency of the University of Missouri and hereby express our desire and willingness to co-operate with him in making the institution of the greatest possible service to the citizens of the state.

"Furthermore—the association wants to take this opportunity of expressing their appreciation of the work being done to bring the alumni in closer touch with their Alma Mater."

Minnesota Alumni Meet.

By Dr. Walter A. Fansler, A. B. '11, A. M. '12.

The Minnesota alumni dinner came off June 13 and was a marked success. The meeting was held at the Town and Country Club and there were twenty-eight people present at the meeting which considering the size of the alumni association I think was a very good turn out. Those present were Dr. Isidor Loeb, Dr. and Mrs. C. M. Jackson, Dr. and Mrs. E. T. Bell, Dr. and Mrs. W. E. Camp, Dr. and Mrs. W. A. Fansler, E. J. Meili, D. S. White, Mr. and Mrs. M. G. Neale, Dr. and Mrs. E. F. Robb, Dr. and Mrs. C. A. Stewart, H. F. Williams, H. M. King, O. M. Smith, Miss Doris Day, Dr. and Mrs. J. E. Meyers, Miss Bertha Henderson, Miss Oma Kilby, Miss Gladys Krahn, Miss Harriett Simpson and Rev. E. H. Eckel.

There were a number of others who would have been present except for

the fact that they are members of the University of Minnesota Faculty and now that the university has closed, they have gone away for the summer.

It was a real pleasure to all of us to meet Dr. Loeb again and his talk concerning the past, present and future of the University was thoroughly enjoyed. The pictures made a big hit for many of the alumni had not been back to Columbia for a number of years and everyone went away with the avowed intention of making a trip to Columbia at the earliest possible date.

We all sincerely feel that the University of Missouri has made and is making great strides and we thought it appropriate that a vot of appreciation be extended to Dr. Jones and Dr. Loeb for their fine work and that a letter of welcome, pledging the support of the Twin City Alumni be mailed to the incoming President, Dr. Brooks.

I wish that I were more eloquent in my description of the meeting but I am neither W. J. Bryan or Billy Sunday so I can only say in the language of the country newspaper "A pleasant time was had by all."

Registration Begun for Summer Term.

Registration for the summer term of the University was held June 18. Special provision has been made this year for upperclassmen and graduates, according to Prof. J. D. Elliff, director of the summer term, and it is expected that their number this summer will well exceed that of former years.

No More "Wooden" Checks.

The elimination of wooden checks and an economy of time will be effected when the new system of issuing checks to students is adopted by the banks of Columbia. This system is similar to the traveler's checks, and has been used by more than fifteen college towns throughout the country.

Markers for Class Trees.

The thoughtfulness of the alumni in purchasing appropriate markers for the identification of the class trees on the University campus is to be commended. Upon the markers will be placed the class year that the tree was planted, the variety of the tree and the name of the class tree donors. The markers will be set in concrete at the base of each tree. All of the class trees known to alumni will be designated, including the trees planted at the commencement exercises this spring, the three planted on East Campus, by the Senior Agriculture Class, and the tree sent by

Scott Hayes, '73, and the vine planted by the students of the School of Journalism on the celebration of the fifteenth anniversary of the founding of the school.

Every alumnus who has any information about a class tree should send the information to the office of the Alumni Recorder at once. An attempt is being made to identify every class tree on the campus before next June so that each of these trees will bear decorations of the class colors. This was done in former years and now that a system of class reunions have been adopted by the Alumni Association which calls for an attractive Commencement Week program, nothing should be overlooked which will add to its interest. Alumni are urged to send in information at once regarding the class trees.

1924 Basket Ball Schedule.

Although Missouri, Ames and Grinnell opposed the round robin form of basketball schedule that has been in effect in the Missouri Valley Conference for two years, it was voted in by the other schools of the Valley, and Z. G. Clevenger, University director of athletics, was named chairman of the committee to draw up the 1924 schedule. Dr. F. C. Allen of Kansas, K. L. Wilson of Drake and Mike Ahern of the Kansas Aggies were named on the committee. The schedule as it affects Missouri is as follows:

- Jan. 5—Nebraska at Lincoln.
- Jan. 7—Grinnell at Grinnell.
- Jan. 12—Washington at St. Louis.
- Jan. 18—Ames at Columbia.
- Jan. 19—Drake at Columbia.
- Jan. 25—Grinnell at Columbia.
- Jan. 29—Kansas at Lawrence.
- Jan. 30 or 31—Kansas Aggies at Manhattan.

- Feb. 8—Nebraska at Columbia.
- Feb. 11—Oklahoma at Norman.
- Feb. 16—Oklahoma at Columbia.
- Feb. 18—Drake at Des Moines.
- Feb. 19—Ames at Ames.
- Feb. 26—Kansas Aggies at Columbia.
- Feb. 29—Kansas at Columbia.

McAnaw, Former Tackle, Returns.

Frank L. McAnaw, member of the Tiger football team in 1915 and 1916 and All-Valley tackle in 1916, will enroll in the summer school and in the regular fall term and expects to receive his degree in the spring of 1924. McAnaw has been teaching in McAlister, Okla., high school for the last few years. Tiger followers are enthusiasts over his return owing to the fact that he is eligible to play football this fall.

A MISSOURI PRESIDENT

Doctor Isidor Loeb's term of two months as Acting-President of the University has been one filled with an activity that has been worth while and

President Loeb.

constructive for the institution. Earnest and conscientious, he has attended to the affairs of the University in a manner that is to be heartily commended. As the only alumnus and the only Missourian who has ever been president, the alumni desire to express to him their pride in his achievements.

There were four University of Missouri presidents, past, present and future, in Columbia during Journalism Week: Dr. A. Ross Hill, former president, Dr. J. C. Jones, president-emeritus, Dr. Isidor Loeb, acting-president, and Dr. Stratton D. Brooks, president-elect.

MISSOURI'S SONG BOOK

The announcement that the Alumni Association is taking the initiative in publishing a University song book is being received with a great deal of favorable comment. The University has never had a song book which included the words and music of all the school songs. A demand has existed for years for such a publication.

Containing, as it will, the strictly school songs, also the school yells and the songs of the various student organizations, the book will appeal to every former student and alumnus of Missouri. It will also be of real interest to the high school students of the state. Other universities have long since published song books that have met with popular favor and certainly the prospect that the Alumni Association of the University will soon have ready for distribution a song book complete in every detail will be welcomed by students, alumni and friends of the University.

A REAL ALUMNI REUNION

The adoption of the Dix plan of class reunions has met with the approval of alumni everywhere. Letters have been received from alumni promising to come back for their class gatherings and pledging unstinted support for the plan.

At the 1924 Commencement the classes of '82, '83, '84, '85, '01, '02, '03, '04, '20, '21, '22, '23 and all the classes back of '71 will hold reunions. Already plans are being made for Alumni Day on the Commencement program. A chairman who lives in Columbia, will be selected for each class that holds a reunion. This local chairman will have charge of all arrangements for the entertainment of the members of his class while they are in Columbia and more particularly on Alumni Day.

The tentative program includes a parade of alumni by classes, dressed in uniform of class designation. This wearing apparel will be selected by the local chairman. The uniforms will be stored for future use. There will be a luncheon at Rothwell Gymnasium of all the alumni who return. At this luncheon the alumni will be seated by class groups. There will be no long or dry talks. A baseball game between Missouri and Kansas is being planned. Time will be given for the alumni to visit former teachers, old haunts, and renew acquaintances with friends in Columbia. The President of the University will deliver the address of welcome to the alumni. Motion pictures will be taken of the exercises of the day. An effort is being made to secure special rates on all railroads for Alumni Day.

MISSOURI DAY AT SEDALIA

The next important event on the alumni program is the third annual University of Missouri day at the Missouri State Fair, Sedalia, on August 23. Several hundred alumni and former students have attended this celebration each year, and the attendance this year will undoubtedly surpass that of former years.

President Stratton D. Brooks will be the guest of honor.

The alumni headquarters will be in the University of Missouri building as before. The booth will be furnished with comfortable furniture, ice-water, and a book for registration. Souvenirs will be given to all alumni who register. The Pettis County Alumni Association will have charge of the University of Missouri parade through the fair grounds that morning and of the luncheon to be held at noon.

Plans are being made by the alumni associations of St. Louis, Kansas City and the county alumni organizations to have special trains, special cars, and excursions for the alumni who desire to attend University of Missouri Day. The officers of the city and county alumni associations are cooperating in this work and a record breaking attendance of alumni is expected.

W. D. Smith, secretary of the state fair, and the members of the state fair board are enthusiastic about the plans for this day. Certainly the alumni and friends of the University are thankful to the state fair officers for the privilege of holding a University celebration and for the splendid cooperation they have given in the past. The University is recognized by these men as an institution of importance and value to the state.

University of Missouri Day furnishes a chance to meet old friends in addition to entertainment for the alumni who attend. It also offers an opportunity for serious consideration of the need of the University of Missouri and advancement of education in general. The exhibit in the Missouri University building will show in a concrete way to the citizens of the state the true worth of the work of higher institutions of learning and they will have an opportunity of judging for themselves the real value of the institution.

Make plans now to attend University of Missouri Day at the Missouri State Fair, Sedalia, August 23. A special train can be arranged from any point in Missouri to the state fair on any road for 125 passengers. A special car will be attached to any regular train for 25 passengers. The railroad rate from any point in the United States to the Missouri State Fair is one and one-third.

Clevenger Goes to Indiana.

Zora G. Clevenger, who has been athletic director at the University for the last three years, handed his resignation to President Loeb on June 7, to take effect at the close of the summer coaching course which will end July 14. At this time Mr. Clevenger will go to the University of Indiana where he has accepted a similar position.

"Indiana is my Alma Mater and had it not been for this fact, I would not have considered leaving Missouri," Clevenger said in handing in his resig-

no) Steilm, who resigned account of ill health. Clevenger was graduated from the University of Indiana in 1904 and while in school was a member of the baseball and football teams and one of the outstanding athletes in the history of that institution. He is regarded by many as the greatest athlete who ever attended Indiana. He has been decidedly popular at Missouri and has made a world of friends, all of whom regret to learn of his decision to go to Indiana and wish him every success in his new work.

Denny New Baseball Captain.

Chester (Chet) Denny, of Creve Coeur, has been elected captain of the Tiger baseball team for the 1924 season. Votes were cast and placed in envelopes on the return trip from the last game at St. Louis, but were held to see who would get letters in baseball and thus be eligible to vote. Denny played baseball in high school at Clayton, when that team was the county champions. Next spring will be his third year on the Varsity team. He is

Pittenger Heads Track Team.

Aubrey O. Pittenger, a junior in the College of Agriculture, whose home is at Bellflower, has been elected captain of the Tiger track team for next year. Pittenger is a member of the Farm House and a two-letter man in track. He has been a consistent performer on the team this year and has run the 880-yard run in 1 minute 57 seconds.

Although he does best in the half-mile and mile he is also a splendid quarter-miler and two-miler. He has also run in some of Missouri's winning mile relay teams this year. Early in the season he took second place in the 1,000-yard run at the Illinois Relay Carnival in one of the fastest fields of the United States. It is predicted that he will run close to and may break the valley record in the 880 next year.

Word comes that Nick is unusually successful with his coaching work.

pany. She has been in this work since last January. There are approximately twenty-five alumni in Nevada and Miss Daly plans to perfect an alumni organization there at a very early date. She sent the following news that will be of interest to alumni everywhere:

"Walter Standlee Love is now practicing medicine with his father in Nevada, Mo. Seems to be quite a success. George Morrison, who also lives here, is practicing in Richards, Mo. I understand that he is making quite a success out there.

"Last week while in Oklahoma I met several old Missouri people. In Muskogee, I visited at the home of Marquis Asquith. Mark graduated in Journalism, but now he is with the Western Leather Co., of Muskogee. He married an M. U. girl, Mildred Wrigley. They have a new radio and at midnight we were having an old fashioned midnight lunch and still talking Missouri with no signs of stopping.

"In Pawhuska, I was driving through with my brother, I stopped at the morning paper and found Judith Ann Gilbert working hard at 11:30 p. m. Judith Ann started in at Wisconsin, but like many others found that old Missouri could not be beat for journalism. She tells me that another of our girls, McRyan Moss, is in a nearby town also working on a paper.

"Several weeks ago, Dr. A. Ross Hill talked to our Chamber of Commerce, it seemed almost like old times to be listening to him. Dr. Hill likes our little town and asked about many of our "celebrities". Charlie "Beauty" Rockwood, Horace Weltmer, George Wilson and Herbert Bunker are all Nevada people. Vivian Kirkpatrick, St. Louis, is teaching home economics in our high school. I would not be without the ALUMNUS for anything. I read it from cover to cover."
