A MESSAGE TO MEMORIAL SUBSCRIBERS

My last Homecoming message closed with these words: "Team work wins for the Tigers and it will win for us." We have scored and we are well in the lead, but we have not won. The fine team work that has characterized the Memorial Stadium Campaign must be kept up. Some of you have done all that you promised. Some of you have not met our expectations. Because of this, our game is lagging and we may lose after all, unless you brace up, and do your part. Will you not keep your promise to "Old Mizzou" and get into the game at once?

Campaign Director.
