The combined tonnage of Admiral Dewey's fleet in the battle of Manila Bay was 19,000 tons—less than the tonnage of the *Pennsylvania* or her sister ships, the *California* or the *Virginia*, the new electrically driven vessels in the service of the Panama Pacific line.

BIGGER than Dewey's whole fleet

BUILT not for war but for peace, the 35,000-ton *S. S. Pennsylvania* is not only bigger than all the ships of Dewey's heroic squadron put together, but more efficient than any of them. Her 17,000-hp. motors have enabled the *Pennsylvania* and her sister ships, the *California* and the *Virginia*, to cut the coast-to-coast schedule of the Panama Pacific line to thirteen days, and have set a new standard of noiseless, vibrationless ocean travel.

General Electric engineered and built the electric equipment of these magnificent new vessels. Other General Electric engineers and research scientists are doing equally important pioneer work on land and for the new traffic of the air. The G-E monogram appears on thousands of electric products and appliances as a symbol of research, an assurance of advanced electrical correctness, dependability, and service.

FOR THE HOME—General Electric and its associated companies manufacture a complete line of electric products and appliances, including G-E MAZDA and G-E Edison MAZDA lamps, G-E refrigerators, G-E fans, G-E vacuum cleaners, G-E wiring systems, Edison Hotpoint ranges, percolators, toasters, and other Hotpoint products.

FOR INDUSTRY—Several thousand electric products and appliances, including generating and distributing apparatus, motors, electric heating apparatus, street lights, floodlights, traffic lights, airport lights, Cooper Hewitt lights, X-ray equipment, motion-picture apparatus, electric locomotives and equipment, and street-car equipment.

Dr. Guy L. Noyes, Dean of School of Medicine, Died Feb. 4, 1930

Curators Name University Hospital in His Memory

Dr. Guy Lincoln Noyes, Dean of the School of Medicine, died at the University Hospital on February 4, following several months illness. Funeral services were conducted by the Rev. David R. Haupt in the Calvary Episcopal Church. Dean Walter Williams of the School of Journalism spoke. Members of the faculty of the School of Medicine and the Dean of the University attended as escorts to the body. Dr. A. Ross Hill, Kansas City, former President of the University, Dr. Isidor Loeb and Dr. Max Meyer, both of St. Louis, and both former members of the faculty, attended the services.

Dean Noyes was born in Boston on August 6, 1872. He received the degree of M.D. from the University of Vermont in 1894, was graduated from the University of Michigan in 1901, and did Graduate work at the Harvard Medical school in 1907. He was married on August 27, 1902, to Miss Lucia M. Wiegand of Traverse City, Mich. He began the practice of medicine at Burlington, Vt., in 1894; was demonstrator of ophthalmic and aural surgery at the University of Michigan in 1902, and in that year came to the University of Missouri to accept an appointment as Professor of diseases of the eye and ear. In 1905 he was appointed superintendent of the Parker Memorial Hospital, which position he held until 1925, when he was appointed Director of Hospitals. In 1913 he was appointed acting Dean of the School of Medicine and in 1917 was made Dean.

He was a member of Sigma Xi, Nu Sigma Nu, a fellow in the American College of Surgeons, member of the American Academy of Ophthalmology, the American Medical Association, the Boone County Medical Society, the Kansas City Eye, Ear, Nose and Throat Club, held a certificate from the American Board of Oto-laryngology; served as first Lieutenant in the Medical Reserve, U. S. A., 1911; and was Captain in the Medical Section O. R. C. 1917-18. He was a member of the Episcopal Church, the Round Table Club, and the Rotary Club. He served for several years on the University Committee on Honorary Degrees.

Dr. Noyes is survived by his widow, one son, Guy E., student in the University High School, and one cousin, Carleton Noyes, of Cambridge, Mass.

The Board of Curators at a meeting

in Kansas City on February 8 named the University Hospital Noyes Hospital, in memory of Dean Noyes.

The School of Medicine and the University Hospital have developed tremendously under the leadership of Dean Noyes. Among his most notable achievements was the inauguration and successful carrying out of the plan for student health service in the University, which provides medical attention for all students.

One of the most notable of his achievements, and there were many, of them, was the founding of the University hospital for Crippled Children. Despite the fact that only limited funds were available for carrying on this great work, Dean Noyes carried on successfully, and in the years to come, it is going to be one of the greatest Hospitals of its kind.

Resolutions of respect were adopted by the members of the Board of Curators, members of the Rotary and Round Table Clubs, and by the Alumni Association of the University, the latter being prepared under the direction of Dr. A. W. Kampschmidt, member of the Board of Directors of the General Alumni Association, representing the alumni of the School of Medicine.

The alumni resolutions follow:

Whereas, Dr. Guy L. Noyes has rendered to the University of Missouri a lifetime of service, and has endeared himself to all with whom he came in contact, and

Whereas, the students, former students and alumni of the University recognize in his death an irreparable loss, and desire to evidence their appreciation of his services to the University, the community and the state,

Be it therefore resolved by the Board of Directors of the General Alumni Association, on behalf of said Association and all former students and alumni, that it is the sense of the Board, and of the Association that said Guy L. Noyes has accomplished much for the University; that he exerted a marked and lasting influence for the advancement of medical education in the state; that he labored unceasingly for the improvement of the student health and crippled children's service; and that all who knew him mourn his loss.

Be it further resolved that this resolution be called to the attention of the public press and that a signed copy thereof be presented to Mrs. Guy L. Noyes.

DEARING AN AMBASSADOR

Fred M. Dearing, A.B. '01, has been appointed Ambassador to Peru by President Hoover.

Mr. Dearing has been in the diplomatic service since 1907, when he was appointed secretary of the American Legation at Peking, China. Since February 10, 1922, he has been Envoy Extraordinary and Minister Plenipotentiary to Portugal.

Other posts at which he has served in the diplomatic service are: Secretary of the American Legation at Havana, Cuba, 1909-10; second secretary American Embassy, London, 1910; secretary Embassy to Mexico, 1910-11; assistant chief of the division of Latin American Affairs, Department of State, 1911-13; secretary Legation at Brussels, Belgium, 1913-14; secretary American Embassy at Madrid, Spain, 1914-16; Petrograd, 1916-17; with the American International Corporation, New York, 1917-21.

Mr. Dearing is also a graduate of George Washington University. He was born in Columbia, November 19, 1879. He was the son of the late George M. and Marian Elvira Dearing of this city. He was married in New York, October 16, 1915, to Miss Dorothy Sittenham. They have one son, Donn.

Mr. Dearing's brothers are alumni of the University. They are: Frank W. Dearing, '99-00, Vice-President, Stephens Publishing Co., Columbia; Chas. T. Dearing, B. S. in Ag. '09, Director State Agricultural Experiment Station, Willard, N. C.; and Milton M. Dearing, A.B. '02, Attorney, Fresno, Calif.

N. Y. MEETING FEB. 24

G. Ellsworth Huggins, President, Oscar E. Riley, Secretary, H. H. Kinyon, Chairman, announce annual election dinner meeting of the New York alumni Monday, February 24, at the Constantinople, 12 E. 30th St., New York City. Miss Mary Margaret McBride will talk on "London is a Man's Town," the title of her forthcoming book, and Void B. Null will give dramatic readings.

DR. EDGAR ALLEN MADE DEAN SCHOOL OF MEDICINE

Dr. Edgar Allen, who has been assistant Dean of the faculty of Medicine, and Professor of Anatomy, was named Dean of the School of Medicine by the Curators at their meeting in Kansas City on February 8. He succeeds Dr. Guy L. Noyes, who died on February 4.

Field House Dedication, February, 21

Basketball Game, Kansas---Missouri

All Alumni Invited to Participate in Exercises
Curators Name Building in Honor of Director Brewer

THE FIELD House will be dedicated the night of the Kansas basketball game February 21, and will be known as Brewer Field House, named in honor of C. L. Brewer, Director of Athletics, by action of the Board of Curators at a meeting in Kansas City on February 8. Elaborate plans have been made for the dedication and the night should be a big one.

John L. Griffith, commissioner of the Big Ten and one of the most widely known figures in intercollegiate athletics in the country will be the special guest and will give a short talk.

Governor H. S. Caulfield has been invited and has promised to come. Invitations have also been extended to all the state elective officers, to a large number of public men, and to representatives of the press.

It is expected that a goodly number of well known athletic men will also be present as invitations have been sent to all of the athletic directors of the Big Ten, Big Six and Missouri Valley Conference and to other well known men in the athletic field in other parts of the country. Special invitations have also been sent to Clark Hetherington, W. E. Meanwell, and Z. G. Clevenger, three former athletic directors. The only men who have ever served in that capacity at the University of Missouri beside present Athletic Director Brewer.

A dinner will be given preceding the demonstration to a number of the distinguished visitors.

It is planned to have the dedication very short. President Brooks will preside and will introduce a few of the better known guests and will ask Governor Caulfield to make a short talk in addition to the address by Mr. Griffith.

A number of committees have been appointed to take care of the details. E. Sydney Stephens, chairman, E. A. Trowbridge, and F. L. Martin make up the general committee. The Committee on Invitations consisting of Bob Hill, F. L. Martin and C. L. Brewer will take care of the invited guests while a committee of students consisting of Glenn Degner, student president, Roger Taylor and Harry Welsh, student members of the Athletic Committee, together with several sub-committees, will handle the programs, decorations, reception and other details.

It is planned to have the dedication at 7:15 so that the game can be called promptly at 8 o'clock.

The Field House itself, except for the landscaping and grading outside, will be entirely finished. It is a beautiful building and is not only an ad-

C. L. BREWER, Director of Athletics

dition to the buildings of the campus, but has already proved its usefulness and its value in the program of athletics and recreation at the University.

The opening games of basketball have been a delight, with the splendid floor and beautiful lighting effect of the building, and what is more satisfactory, the ample seating capacity to take care not only of all the students but all of the public and friends who wish to see the team in action.

The indoor track is one of the best in the country and without a doubt will give track athletics a stimulus that will soon be felt.

In addition to these two sports, there is ample room for all of the athletic and recreative activities of the University. After the few weeks the building has been in use it is apparent that it will be the most used, best known and most conspicuous building on the campus.

In addition to its usefulness for the department of physical education it will serve in many other capacities. Plans are under way for a music festival some time in the spring, for Commencement and for a number of other University activities not connected with athletics.

The committee in charge of the dedication hopes that as many of the alumni as possible will come for the dedication the 21st. If not able to come at that time, make your plans to come some time later for some of the activities which will be held in this new building.

The building will cost complete, approximately \$225,000 and the entire cost has been taken care of through a bond issue which will be paid and retired from the surplus from the receipts of intercollegiate athletics. No money from University funds or state funds has been used in the construc-

tion. The building, just as the stadium, is a contribution from intercollegiate athletics, to the University, to the state and to the future students of the University of Missouri.

BOARD OF CURATORS MEET IN KANSAS CITY

The Board of Curators at a meeting in Kansas City on February 8, named the field house in honor of C. L. Brewer, Director of Athletics, named the University Hospital, Noyes Hospital, in memory of Guy L. Noyes, Dean of the School of Medicine, who died on February 4, adopted resolutions in memory of Dr. Noyes and appointed Dr. Edgar Allen as Dean of the School of Medicine to succeed Dean Noyes.

The Board did not approve at this time of a plan for using a student fee to enable immediate construction of the Memorial Union Building.

An exchange of lecturers between the University of Missouri School of Journalism and the National University of Mexico was approved by the board. Through the action of the board a member of the journalism faculty here will teach in the university at Mexico City and a faculty member from the school will come here for a series of lectures. A similar plan has been made with the La Prensa of South America.

The resignation of Frank Chambers of the School of Law was accepted. Mr. Chambers will leave here to practice law in New York City.

Roscoe B. Ellard, director of the School of Journalism of Washington and Lee University, was named a member of the faculty of the School of Journalism. Mr. Ellard was graduated with the degree of B.J. here in 1917. He has served on the staffs of Chicago and Wisconsin newspapers and for a time was teacher of journalism at Beloit College.

The resignation of Thomas L. Yates of the faculty of the School of Journalism was accepted. Mr. Yates has been ill for the last few weeks, and at the end of the semester went to Fulton where he will engage in the printing business. To succeed Mr. Yates the board appointed Kenneth Bell of Brunswick, Ga., who was graduated from the School of Journalism in 1928. He attended Davidson College in North Carolina before coming here. For the last two years he has been advertising manager of the Brunswick News.

Edward Gay Ainsworth, Jr., was appointed assistant professor of English; Elmer Ellis, assistant professor

MISSOURI HAS WONDERFUL GLEE CLUB

Marshall F. Bryant, Professor of Voice in the School of Fine Arts, presents the above photograph of the 1930 Men's Glee Club. The annual home concert was given in Jesse Hall Auditorium, a few days before they left for the annual Missouri Valley Glee Club contest in Norman, Okla., which was held on February 14. Thirty-three men made the trip to Norman. On this trip the Glee Club gave concerts at Nevada, Butler, and Joplin.

H. Leslie Joliff, assistant professor of piano in the School of Fine Arts, is the Glee Club accompanist.

The student officers of the Club are: Pres., Karl Goetz, St. Joseph; vice-president, Bob Kelly, Columbia; secretary, Max Pilliard; business manager, Allen Marshall.

Other members of the Club are: First tenors—William Browne, Washington, D. C.; Charles Reid, Columbia; Willis Moore, Butler; Max Pilliard, Festus; Roger Townsend, Bucklin; Hugh Swift, Tulsa, Okla.; Joseph Soraghan, St. Louis; John Moore, Monett; George Wlicoxen, Carrollton; and Ingram Kidd, Kansas City.

Second tenors—Stanton Casebolt, Columbia; Jack Feeney, Poplar Bluff; J. D. White, Appleton City; Edwin Boydston, Edgerton; Albert Hoffman, Hannibal; Hyman Geller, Hempstead, N. Y.; Marvin Niblack, Jackson; George Segall, Hollywood, Calif.; Edward Roark, Anderson; Ben Reid Swank, Charleston; Ronald Reem, Green Ridge; Edward Nussbaumer, St. Louis; and R. E. Gibson, Marsnall.

Baritones—Karo Koetz, St. Joseph; B. W. Dunn, jr., Richmond; Leavell Riddick, St. Louis; Warren Peterson, Hollywood, Calif.; John Roberts, Windsor; Frank Begole, St. Louis; Marshall Allen, Columbia; Chester Johnsen, Texhoma, Okla.; Lawrence Arcury, Kansas City; Norval Prugh, Grand City; Frank N. Jones, Carthage; Same Luttrell, Columbia; Norman Falkenhainer, St. Louis; John McGuire, Anderson; Ed Johnson, Cuba; David Joslyn, Lebanon.

Basses—Lewis Willis, Craig; Gene Charak, Clayton; Frank Eschen, St. Louis; George Holman, Flat River; Don Dawson, El Dorado Springs; John Phillips, Columbia; John McGinley, Baxter Springs, Kan.; Jephtha Hill, Flat River; G. M. Severs, Bedford, Ia.; Norman Houser, Columbia; William Harrison, Cape Girardeau; M. J. Mattes, Kansas City; R. M. Johnston, Ft. Smith, Ark.; Frederick Brokaw, Warrensburg; G. R. Gibson, St. Louis; B. V. King, Lebanon; and Carlisle Atterbury, Kansas City.

The outstanding feature of the home concert was the first public singing of "Hail! we men of Missouri come," a new song written by Prof. Bryant. It is a rollicking, catchy march song which has been greatly needed on the campus and we believe it is going to meet with wide approval. The words are:

Hail, we men of Missouri come,
We chant our song together
Marching along a mighty throng,
With loyal hearts forever!
Our words shall ever praise Thee,
O Mother of Missouri men,
All hail to Thee, hail we sing,
All hail, all hail!

HOUSTON WRITES NOVEL

Frank F. B. Houston, A.B., B.J. '22, of Kansas City is the author of a novel to be published in June by a large New York publishing house. The tentative title for the book is "Hooper Dooper" and Houston will use his middle names. Fitzhugh Buckner, as a nom de plume.

The novel is a story of the modern generation and some of the scenes are laid in Missouri.

Houston is now at work on a second novel for which he collected material in Italy last summer.

While a student here, he collaborated on three Journalism shows, "The Ninth Deacon," "The Green Jug", and "The Breeze Bug". Houston is an account executive for the R. J. Potts Advertising Company in Kansas City.

BOARD OF CURATORS MEET

Gilman from assistant professor to associate professor of English; Gilbert Malcolm Fess from assistant professor to associate professor of French; John E. Heinberg, from assistant professor to associate professor of political science and public law.

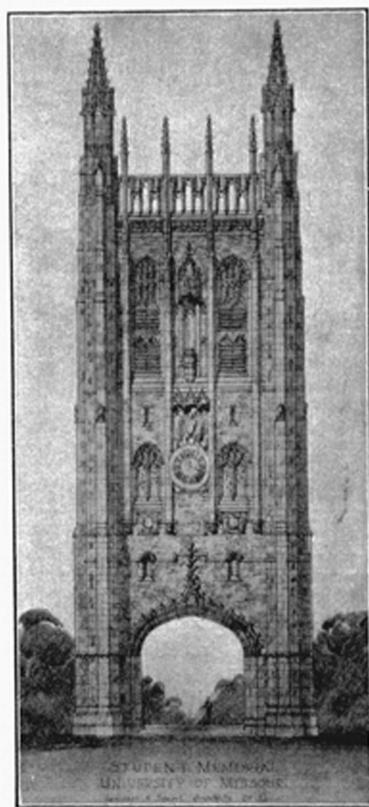

Ralph G. Bray, Journalism '22, is Editor and Manager of the Mission, Texas, Times.

Memorial Committee Striving for Early Completion of Union Students and Alumni Eager for Completion of Two Wings

The Memorial Committee is devoting all of its efforts at the present time looking forward to financing construction on the two Memorial Union wings. The Committee is outlining an intensive collection campaign with the hope that a sufficient number of subscribers will appreciate the need for immediate construction of the Union and will pay up in full.

The Memorial Committee is composed of three alumni members, Frank B. Rollins, chairman, S. F. Conley and E. Sydney Stephens; three faculty members, Glenn Degner, student president, Miss Fredlyn Ramsey, president of the Women's Self Government Association, and Edwin A. Hough, chairman of this year's student Memorial Campaign. These three student members change each year, the student president and the president of the Women's Self Government Association, automatically become members of the Committee and the students recommend one other student member who always serves as chairman of the student Memorial campaign if one is held.

The student campaign this year under Mr. Hough's leadership resulted in a total of \$165,675.00 to be applied to the Memorial Union. These pledges were made with the understanding that if plans for a suitable loan are not perfected by Sept. 30, 1930 the pledges are automatically cancelled. The sentiment expressed in this provision is indicative of the intense interest among the students. The students are greatly in need of headquarters on the Campus and realize that the Union will furnish what they desire. Alumni who have pledged to the Union and visit the Campus often are eager for some adequate alumni headquarters and they see, in the completion of the Union facilities for their

comfort and entertainment which have never been provided and which are so greatly needed. More and more alumni are returning every day to the Campus. Many of these have children in the University. There are 500 boys and girls enrolled in the University whose parents or grandparents are alumni.

The Memorial Committee owes the

Simon Construction Company approximately \$8,000 on the Memorial Tower contract. The Committee is writing personal letters to the subscribers urging them to pay up to date in order to pay this debt. An effort is also being made by the Committee to bring every pledge up to date. Subscribers are being asked to pay in full the balance unpaid on their subscriptions or in case it is inconvenient to pay it in full to send in post-dated checks to be cashed on the dates specified or in case it is inconvenient to do either of the above the Committee is asking delinquent subscribers to indicate dates in the future when it will be convenient for them to pay.

The appeal to the subscribers is meeting with good results as indicated by the abundant mail in the Memorial office. The members of the Committee are deeply grateful to subscribers for their liberal and loyal support and for their prompt response to the appeal. Scores are paying their pledges in full. The work is keeping one girl busy all the time making out paid-in-full certificates. The paid-in-full subscribers are most complimentary regarding the Life Membership certificate. It is interesting to see these certificates framed in the homes and offices of our alumni.

The University architects, Messrs. Jamieson & Spear, St. Louis, have conferred with the Memorial Committee recently relative to the plans for the two wings which are to make up the Memorial Union. One of these wings will be built on the north side of the Tower and one on the south. They will be properly equipped to furnish ideal club life on the campus for both men and women students, and headquarters for the alumni.

AG ALUMNI TO REUNE AT TWENTY-FIFTH FARMERS' FAIR, MAY 2ND

Students in the College of Agriculture have selected May 2 as the date for the twenty-fifth annual Farmers' Fair at which time there will be a reunion of all the alumni and former students of the College of Agriculture to celebrate the 25th anniversary. The committee in charge of the reunion, appointed by Ira Drymon, B. S. in Ag. '18, President of the Ag Alumni Association, Manager, Longview Farms, Lee's Summit, is composed of three former farmers' Fair managers, C. A. Helm, Associate Professor of Field Crops; Bob Hill, and L. E. Slate, Secretary, Columbia Chamber of Commerce. Student Committee chairman to handle the 25th Farmers' Fair are: Parade, Gene Ensminger, Belton;

March, John Wilson, Maysville; publicity, Herman Haag, Poplar Bluff; advertising, Thomas Blacklock, King City; construction, Ralph Hargrave; Chillicothe; Pike features, Raymond Klein, Sedalia; lights, Everett Halbrook, Farmington; and Warren Hunt, Appleton City; dance, Dave Cornish, Osborn; minstrels, B. E. Stickrod, Windsor; follies, J. Don Cox, Princeton; girls' show, Don Rush, Evansville, Ind.; side show, Cecil Roderich, Lexington; and Karl Urban, Cameron; stunts, Archie Downing, Chilhowee, signs, Lee Jenkins, Savannah; and Bob Tumbleton, Bismarck; educational exhibits, William Hartig, St. Louis; concessions, Arthur Kothe, Dalton; prizes, Jack Martin, Weatherford, Tex.; protection, Bob Hensley, Jackson; and E. E. Smith, Flint, Mich.; transportation, J. W. Meyers, Columbia; yellow dog cafe, E. A. Morris, Archie; ag alumni reunion, Fritz Geiselman, Columbia; tickets,

Andy Adams, Neosho; clean-up, Von Robbins, Humansville.

DEAN MILLER'S GRADUATE SCHOOL ANNOUNCEMENT READY

Dean Walter Miller of the Graduate School has ready for distribution the Graduate School announcement for 1930-31. The announcement gives in detail all information regarding the Graduate School. Those who are interested should write at once for a copy which will be sent without charge. Address Dean Walter Miller, 216 Jesse Hall, Columbia.

The Gamma Phi Beta sorority house was damaged by fire on February 1 to the extent of approximately \$10,000. We're sorry to learn of their misfortune. They know, however, where to replace damaged furniture.

ALUMNI ASSOCIATIONS

KANSAS CITY ALUMNAE

Miss Ada Parrish, B.S. in Ed. '25, was elected President of the Kansas City Alumnae Association, at their annual luncheon meeting on January 18. Miss Ruth Sumner, A.B. '22, retiring Secretary, was elected Vice-President, and Blanche Longshore, B. S. in Ed. '22, was elected Secretary. The Kansas City alumnae meet every month at the Women's City Club. Plans for the coming year include several bridge parties and many other activities.

Kansas City Alumni Busy With Many Activities

W. G. Hornbuckle, of the Missouri Abstract and Title Insurance Co., president of the Kansas City Alumni Association, has been busy with many Kansas City alumni activities recently. The Missouri and Kansas alumni in Kansas City were interested participants in the M.U.-K.U. Hockey Tournament Night and later the Kansas City alumni sponsored Orpheum night to see the play "Let Us Be Gay" when there were approximately 700 alumni and former students in attendance.

CHICAGO

General E. H. Crowder, LL.B. '86, LL.D. '20, was the principal speaker at the February 4 meeting of the Chicago Alumni Association, according to a report from their officers, Jay Barton, President; J. D. Elliff, Vice-President, and Mrs. Roberta K. Darr, Secretary.

CHICAGO ALUMNI HOLDS REGULAR MEETING

By Mrs. Roberta K. Darr, Sec'y-Treas. Snatches from the M. U. alumni meeting of Tuesday, February 4. We had the regulation dinner meeting with thirty in attendance. After dinner some announcements were made including a rising vote of thanks to Miss Mary Leitch for her untiring work in revising our alumni lists. With a little cooperation on the part of the members we feel that our membership list can now be kept in good working order. We were sorry to have had occasion to extend our sympathy to Frank Thacher in the loss of his father on January 9. We were glad to be able to announce the recovery of Irma Locke McPherron, one of our former Secretary-Treasurers, from the very serious effects of an automobile accident last fall.

The treat of the evening followed these announcements and this was a very interesting and enlightening talk on "The Rise of Japanese Power," by Professor Raymond Oshino, A.B. in Sociology in M. U., M.A. and B.D. at University of Chicago and Professor of Sociology in the Doshisha University of Japan.

The meeting was then adjourned to meet again early in April. The balance of the evening was spent in social dancing and bridge.

PIERCE PENNANT TERMINALS OFFER EVERY CONVENIENCE

University of Missouri is peculiarly associated with the Pierce Pennant Terminals system, the pioneer system on the highway of de luxe accommodations for motorists, due to the fact that the first two complete terminals of this system are near the two cities in which University of Missouri is located. These two cities are Columbia and Rolla, Mo.

Greek letter chapters and other organizations of University of Missouri and of University of Missouri School of Mines and Metallurgy have held many meetings at the de luxe restaurant of the Pierce Pennant Terminals respectively near these two parts of University of Missouri.

The Pierce Petroleum Corporation, owners and operators of Pierce Pennant Terminals, is always glad to welcome Tiger students, faculty, chapters, former students and alumni at any Pierce Pennant Terminal.

The forty-room, colonial-style, new, modern and fireproof hotels of the system, respectively one mile west of Columbia and just outside the city limits of Rolla are splendidly adapted as stopping places for relatives of students of University of Missouri School of Mines and Metallurgy. All the bedrooms are outside ones and each contains two double beds. Each bedroom has an outside private bathroom equipped with tub and shower, running ice water and an electric fan which is adapted for use also as a hair dryer. The basement of these hotels is a garage, free to guests of the hotels. On each guest floor is a large foyer.

The restaurant seats 154 persons and only the best food is served. A la carte and one-dollar table d-hote meals and club breakfasts are served. In the soda fountain lobby are the soft drink, sandwich and tobacco departments.

The restaurants are arranged so that each can be divided in two restaurants—by means of accordion doors—and the auxiliary restaurants are then splendidly adapted for use for private luncheon or supper gatherings. Private supper and dinner-dances are held in these restaurants.

Complete facilities for servicing automobiles are at each Pierce Pennant Terminal. During nights the upholstery of automobiles of guests of Pierce Pennant Hotels are vacuum cleaned, the glass of the cars is washed and polished and the cars are supplied with water and air, all free to guests of these hotels.

Pierce Pennant Terminals are located, respectively: On U. S. Highway 40 near Columbia, Mo., and on U. S. Highway 66 near Rolla, Mo., and Miami and Tulsa, Okla. The Pierce Pennant Sandwich Shop is at Des Peres, Mo., fifteen miles west of St. Louis, and the Pierce Pennant Bus Terminal is in Springfield, Mo., both on U. S. Highway 66.

VOTAW, B.J. '19, MAKES RECORD AT ST. JOHN'S

Of interest to University students and alumni in America is the recent celebration of the Fifteenth Anniversary of St. John's University, the oldest Christian College in China, a mission college in the sixth largest city in the world, Shanghai.

Four Missouri alumni have been or are associated with St. John's. The first courses in Journalism in any college in China were begun by Don D. Patterson, B.J. '17, in 1921 at St. John's. Since 1922 Maurice Votaw, B.J. '19, A.M. '21, has been head of the department and professor of Journalism there. Two graduates of St. John's have received B.J. degrees at Missouri, Y. P. Wang in 1923, and Benjamin Kwang-hung Nee in 1924. Wang is now assistant manager of the Shun Pao, which is perhaps the most independent of any daily newspaper in China.

Fifty years of Christian teaching in China carry an institution through some of the most interesting and important periods in China's modern history and her foreign relations. St. John's introduced modern education into China at a time when China was still wedded to the old classics. The college was founded by a Lithuanian Jew, Bishop Schereschewsky, a Bishop in the American Episcopal Church who is remembered as the translator of the Bible into Chinese. Fifty years ago when Bishop Schereschewsky came to the campus with a few students he had to take a half day boat trip from the city to Shanghai. How different today! All round-the-world tourists step into automobiles and in twenty minutes they have arrived to see the sights of the campus, one of Shanghai's interesting show places, and they never realize that they are riding over what was rice field and irrigation canal a few years ago.

In early days the first forty-nine students studied by candle-light and their physical exercise considered of playing shuttle-cock, skipping the rope or flying kites. Today the university basketball team plays in Japan, the football, soccer, track, cross-country and tennis teams are truly "collegiate".

Schereschewsky Hall, built in 1892, was the first attempt to adapt the Chinese roof to a mission college building. This example has since been adopted by many other institutions, including Ginling, a woman's college in Nanking and Yenching, a co-educational university in Peiping. Old Science Hall, built in 1898, was the first building erected in China for the especial purpose of teaching natural sciences. Today there are more than fifty buildings on the campus.

The St. John's Echo, student publication begun in 1890, claims in its first issue to be "the first paper published in the Orient by Chinese youths in a tongue foreign to them and asserts as one of its purposes "the bringing of the East and West into sympathetic touch"—an ideal from which St. John's has never departed. Since

Missouri Basketball Team Wins Five Conference Games; Track Starts Season

By J. P. Hamel

Moving along with all the precision of a fine watch, and uncorking occasional bursts of titanic power, the University of Missouri basketball team has reached the half-way mark in its conference season undefeated. Five victories, two over Iowa State and one each won from Kansas State, Nebraska and Oklahoma, account for the five appearances of the Tigers in conference play, and, in addition, they have behind them important triumphs over Creighton, Iowa, and Washington, as well as other non-conference victories of lesser importance.

Oklahoma, champion of the Big Six last year, has bowed to the Tigers, 20 to 37; Iowa State has fallen before them, 34 to 43 and 24 to 31; Kansas State has succumbed, 21 to 34, and Nebraska's high championship hopes have been blighted, 27 to 21. But Kansas is yet to come.

Mid-year examinations thrust a two weeks' period of school book concentration into the Tiger schedule, and after winning from Nebraska here January 18, the Missouri team did not go into action again until its triumph over Oklahoma at Norman February 1. Victory over Creighton at Omaha and over Iowa State for a second time at Columbia followed.

The conference championship race has virtually resolved itself into a duel between Missouri and Kansas, with Nebraska ranking not more than an outside possibility, and the other three conference members definitely out of the race. The Jayhawkers, like the Tigers, have not been defeated in conference play, but since Missouri has won five games and Kansas only three, the burden of proof rests with the Kansans.

The Jayhawkers will come here February 21, to furnish the piece de resistance for the dedication of Brewer Field house, and on March 5 the Tigers will go to Lawrence. Those are the two games that appear certain to decide the championship race.

The Tiger wrestling team, after making a brilliant start in winning from Kansas State, has run into rough sledding. At Ames the Tigers were able to win but one match in eight starts against Iowa State, and they met a like fate against Oklahoma here. Von Robins, light heavyweight champion of the conference last year, was the Missouri winner each time, and appears certain to take the individual title again this year.

Oklahoma and Iowa State, the two teams which have defeated Missouri, are virtually certain to decide the team

championship when they meet later in the season.

Dr. H. J. Huff, coaching his first Missouri track team, did well with his small group of entries at the Kansas City Athletic Club indoor invitation meet. Two sophomores, Welch and Ulfers, ran with two veterans, Captain Hursley and Dills, to defeat Oklahoma in a special mile relay. Rocky Swartz was second in the 600-yard race, Kennedy was third in the 50-yard dash, and Oldham was third in the 440-yard dash.

Track is really just getting under way at Missouri, for delay in completion of the field house track has hampered training until the last two weeks. The outlook is none too bright, but with an unusually attractive program arranged for the coming season, and with a coach of Huff's ability and personality, there is little question but that the sport will turn upgrade, though the building may be a slow process.

Refusal by the University of Kansas to agree to the holding of the Missouri-Kansas indoor dual meet at Kansas City on Saturday night has caused that meet to be abandoned this year. Pointing out the heavy schedule which Missouri runners face indoors and outdoors, and their consequent frequent absence from class, the Missouri athletic committee insisted that the meet be held on Saturday, that as little time as possible be lost from class.

The Kansas committee, because the Jayhawkers had a basketball game scheduled at Lawrence that night, refused to agree, and insisted that the meet be held on Friday. The Missouri committee stood firm, and justly so, and the meet was off.

Negotiations were immediately begun for a dual indoor meet with Nebraska to be held in Brewer Field House at Columbia. If the meet is scheduled it will give the Tigers two indoor dual meets and the Big Six indoor championships at home, for the Kansas Aggies are already under contract. That provides a brilliant home schedule, and should do much to develop interest in the sport here.

Tentative scheduling of a dual outdoor track and field meet with Wisconsin, and agreement with Northwestern and Iowa for baseball games, all three events to be held at Columbia, will give the Tigers three events with Big Ten schools this season.

Athletic finances at the University are in splendid condition. Football receipts for the season of 1929 total \$143,264, with a profit of \$72,534, and the Nebraska game, with gate receipts of \$40,188, set a new all-time record for a game at Columbia. The profits from football are used to pay salaries in the athletic department, meet deficits in other sports, keep up play fields and buildings, support recreational athletics for the whole student body and pay off indebtedness on the stadium and field house. The gridiron profits make possible a wide athletic program, which is of benefit to virtually every man and woman student in the University, much of which would be impossible if football did not make money.

Do You Want Copy Of University Survey Report?

Since the publication in the January Alumnus of the report of Allen McReynolds to the State Survey Commission on the needs of the University, many requests have been received for additional copies. Many former students and alumni feel that this report should be placed in the hands of influential people who are interested in the future of the University and who should be informed of the condition of the University. A reprint of this report has been made and copies may be obtained by writing to the editor of the Alumnus. Or if you will send us the names and addresses we will send copies of the report direct.

VOTAW MAKES RECORD

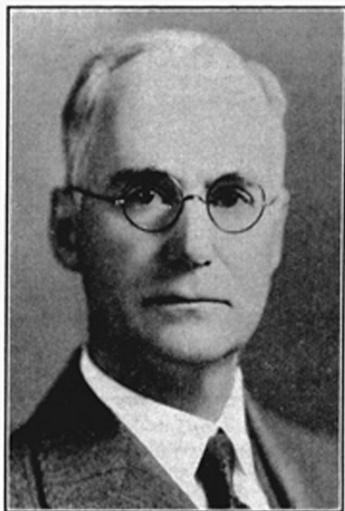

(Continued from page 167)

1921 the students in journalism have published a weekly newspaper, The St. John's Dial.

In connection with the Fiftieth Anniversary held December 12-15 the new students' social hall was opened. This social hall has a large auditorium for plays, games and assemblies, a lounge, rooms for the University Christian Association, the Student Council, student publications, athletic association and other organizations.

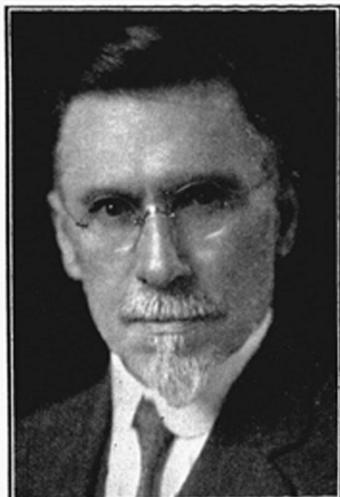

Dr. Hu Shih, well known Chinese philosopher, speaking of the University Convocation on December 14, called it the most significant educational gathering in Modern China. President F. L. H. Pott, who came to China in 1886, wore the honorary hood given him by Columbia University on the occasion of her 175th anniversary. Among the recipients of honorary degrees at the Convocation was an alumnus, Mr. T. V. Soong, Minister of Finance, and Dr. Yi-Fang Wu, president of Ginling College, perhaps the first Chinese woman president of a college. Dr. H. H. Kung, descendant of Confucius and Minister of Labor, Industry and Commerce gave a greeting, and a telegram of congratulation came from Dr. C. T. Wang, Foreign Minister, who is on the Board of Directors of the university.

EQUIP a convention hall or large dining room with the Western Electric Public Address System, and you enable the entire gathering to hear the speakers with equal ease.

This product of the telephone amplifies sound and distributes it to all sections of a crowd, indoor or outdoor, and to any number of rooms desired.

More and more hotels are turning to the Public Address System as a means for making their meeting rooms more popular. It is moreover a medium of economy because it permits

a single orchestra to play at the same time in restaurant, grill, lobby, and everywhere else that loud speakers have been installed.

The apparatus which thus "widens the hearing circle" is made with all the skill and care which have so long characterized the manufacture of telephones and communications apparatus by Western Electric. It is clear toned, faithful in reproduction, dependable, modern. It has a wide variety of uses and is made in sizes to fit every need.

Healing by music—a service of the Public Address System in hospitals.

One of many interesting uses of Public Address in the schoolroom.

Planning to Build?

Let us tell you how you can have a house of beautiful Indiana Limestone for only 5% to 6% more than if some ordinary facing material were used

Entrance to residence, Lake Forest, Ill. Anderson & Ticknor, Architects

THERE is an opportunity now to build the house of modest size and cost of beautiful Indiana Limestone. Instead of the more expensive cut stone, we supply the stone in sawed strips which is broken to lengths on the building site and laid up in the wall like brick. Stonemasons or bricklayers do the work. Cut stone is used for trim or may be omitted entirely.

There is no sacrifice in beauty involved in this method of use. The result is a wall of great interest. The soft color-tones of Indiana Limestone actually increase in attractiveness as the years go by. Your house has a much higher resale value. And yet it costs you only 5% to 6% more. Let us send you full information about the "ILCO" way of building. Fill in your name below, clip and mail.

PALATIAL PIERCE PENNANT HOTEL

Tiger students, faculty members, alumni, here is luxury at the price often paid for mediocrity.

Aloof from the city's noise, near the University of Missouri, new, modern, fireproof, this is the ideal stopping place for relatives visiting students, for alumni, for the discriminating public generally.

Replete with comfort, modernness and good taste are the forty bedrooms each an outside one, each containing two double beds. A private bathroom, tiled and having tub, shower and electric fan, running ice water and other conveniences, adjoins each bedroom. The basement is a garage, free to guests.

Wire, telephone, write or call for reservations

This hotel is part of the Pierce Pennant Terminal located one mile west of Columbia on U. S. Highway 40. Close to the hotel is the terminal building containing a 154-person-capacity restaurant serving meals epicures relish and popular for banquets, dinner-dances and other events. Here again the prices are moderate. The French renaissance rest room for women is royal in comfort and beauty.

The other Pierce Pennant Terminals are on U. S. Highway 66 near Rolla, Mo., and Miami and Tulsa, Okla. The hotel at the Rolla terminal is identical in style with the one near Columbia. Both are official A.A.A. hotels.

The courteous service at Pierce Pennant Terminals is far-famed.

PHI MU'S NEW HOME

The Phi Mu's have moved into their fine new home at 513 Kentucky Ave., a wonderfully fine \$60,000 old southern colonial mason type. It is a dandy chapter house.

Miss Jessie Alice Cline, A.B. '15, B.S. in Ed. '16, A.M. '25, of the Department of Home Economics in the University, furnished the following news items about alumnae members of Phi Lambda Theta.

Annabel Thompson Williams is teaching the Home Economics courses in the University High School, Columbia.

Eulalie Page is teaching French in the Ozark Wesleyan Junior College, Carthage.

Helen D. Williams (Mrs. C. H. Williams) recently spent several months abroad. Mr. and Mrs. Williams attended the session of the World Federation of Teachers, which met in Geneva. Mr. Williams is secretary of the Federation. While in Geneva, Mrs. Williams was the delegate of the local A. A. U. W. to the International Association of University of Women.

Miss Minnie M. Brashear is on leave of absence from the University, and is studying for the completion of her doctor's degree at the University of North Carolina.

Dorothy Kaucher has left the University of Missouri to accept a position in the English Dept. of Wells College, N. Y.

Geneva Drinkwater has been for two years in the Graduate School of the University of Chicago, and has passed her examinations for the doctor's degree. For this year she was granted a fellowship and is in Rome looking up old books for the University of Chicago.

Marjorie Carpenter has a fellowship at Radcliff, where she is completing the work for her doctorate. She is doing research work on Byzantine poetry.

Dorothy Sappington was married in June to Mr. Joseph Holsinger, and is at home in Gainesville, Fla. Mr. Holsinger is assistant coach in the University of Florida. Dorothy is teaching a class in Physical Education in the high school at Gainesville, and she has organized a class for the women of the faculty of the University.

Lorine Jacobs was married on September 14 to Mr. Charles Potter in Springfield, Mo. Mr. and Mrs. Potter are at home on Deer Park Drive, Nashville, Tenn.

Margaret Williams was married early in September, in Paris, France, to Mr. Stanley Bull. They are at home in London.

On September 4 Margaret Houston was married at her home in Sweet Springs, Mo., to Fredrick S. Tuller. They will be at home in Seattle, Wash., in the early spring.

Dr. Dan G. Stine, A.B. '07, Phi Gamma Delta, physician in Columbia, and Professor of Clinical Medicine in the University, attended the American College of Physicians in Minneapolis recently. Dr. and Mrs. Stine and their daughter live at 214 Thilly Ave.

Dr. Jones Appointed Havana Delegate

Dr. John Carleton Jones, president emeritus of the University, represented the University of Missouri at the International Congress of Universities in Havana on February 15. The congress was a part of the celebrations in connection with the bicentennial of the founding of the University of Havana. Dr. and Mrs. Jones have been spending the winter at their home in Daytona Beach, Florida.

CANADA ANNOUNCES ENROLLMENT INCREASE

The number of students now enrolled in the University of Missouri at Columbia is 3,646, or 72 over the enrollment of a year ago, according to S. Woodson Canada, Registrar. There are, in addition, 73 students enrolled in the short winter-course in agriculture.

The above figures will probably grow somewhat larger as a result of the practice of allowing a few students to enter late.

A steady growth has characterized the enrollment of this institution, and as facilities grow to meet the demands for entrance, a much larger student body may be expected for Columbia.

James M. Wood, A.B. and B.S. '07, President of Stephens College, announces that the college is preparing to break ground for the first dormitory of the new unit. This unit will eventually fill the block bordered by Price Avenue, Windsor St., and Melbourne St., and will contain five dormitories.

The new dormitory will be ready for use in September 1930. It will accommodate approximately 180 girls, and will contain dining facilities.

Toward the erection of this building the town of Columbia has very generously donated \$50,000. The Board of Curators of Stephens College has added another \$50,000, and the General Board of Education of New York City has agreed to support the Stephens College research program to the extent of \$100,000, releasing funds that will be used for this dormitory.

The new library building will be erected on the present site, and will be ready for use in 1931.

Kirschner Edits Law Bulletin
Martin Kirschner, Kansas City, student in the School of Law, has been appointed editor-in-chief of the law series of the University of Missouri bulletin. John H. Caruthers, Columbia, and Randall Kitt, Chillicothe, were named associate editors. The bulletin is published quarterly, and is devoted to research work in Missouri law. In the past it has been edited by members of the faculty of the law school, and the work is being turned over to students for the first time this year.

Savitar Wins an Honor
The 1929 Savitar, yearbook of the student body of the University, was one of five college annuals in the United States to be given all-American rating by the National Scholastic Press Association.

Edwin A. Hough, New Orleans, was editor of the book, Miss Sue Wass, St. Louis, was associate editor and E. John Powell, Kansas City, was business manager. These three students have outstanding records on the campus.

Stanley Sisson, B.S. in Ed. '05, A.B. '06, formerly proprietor of Harris' Cafe, bought the National Cafeteria on South Ninth St., and has sold his interest in Harris' to A. A. (Duck) Millard.

Dr. D. S. Conley, B.L. '09, Phi Delta Theta, T.N.E. M.D. '06 Columbia University, is a surgeon in Columbia and Professor of Clinical Surgery in the University. He married Miss Sidney A. Boales of St. Louis in 1915. They live on Bingham Road. Dr. Conley is a member of the Rotary and Round Table Clubs.

Royal D. M. Bauer, B.S. in B.A. '23, is assistant professor of economics and commerce, 112 B. & P. A. Bldg. Mr. and Mrs. Bauer live at 205 Edgewood Ave. He was the first President of the B. & P. A. Alumni Association and is actively interested in all the B. & P. A. affairs.

Miss Louise Hilligass, Superintendent of the Noyes Hospital, in her annual report states that ninety-eight crippled children were treated and two hundred and thirty-three examined at the Crippled Children's Clinic here at a cost of \$26021.27. The report shows the cost of food, castings, operation, and other necessary expenses is but \$4.75 per day per patient, and that the average child is confined to the Hospital but 56 days. Thirty-five counties had patients in the crippled children's clinic during the last year. Dr. G. Kenneth Coonse is Professor of Orthopedic surgery. Certainly Miss Hilligass and Dr. Coonse are to be commended for their wonderful work.

Alumni Patronize Alumnus Advertisers

Always Alumni Headquarters.—

Alumni are coming to Columbia this winter in greater numbers than ever before, not only on week-ends but on every day of the school year. Alumni wanting reservations should notify us immediately. Our service is at your command.

The Daniel Boone Tavern

A distinctive Hotel

Our dining room facilities in the main dining room and in the Coffee Shop are second to none.

We have an adequate Banquet Room in the basement.

We employ in every department many students who are working their way through the University. They are instructed to cater to the Alumni and former students.

Write, wire, or phone me when you want accommodations at the Tavern.

Painted by M. R. Harris . . . Carl Walter Studios

Genius is like happiness we usually look for it in other places, when it can be found right at our elbows.

Many Advertisers go to distant points to buy Art Work when the very best Artists are at their command in Saint Louis.

We will reproduce from time to

time representative works of the foremost Artists of our City. These reproductions will cover the field of illustrating, designing and photo-retouching.

The illustration shown above is the work of M. R. Harris of the Carl Walter Studio.

Advertisers will find our plates made in one or more colors, will be faithful reproductions, combined with the best printing qualities.

Are you in your lifetime occupation?

COMPETENT observers predict that the amount of life insurance that will be written during the next ten years will greatly exceed the One Hundred Billions now in force. Additional trained agents will be required.

An Independent Career

The opportunity for new agents is limited only by the capacity of the individual. Men and women of education who appreciate the benefits of adequate life insurance can make progress with the Equitable.

Expert Training Offered

To men and women of energy and initiative who seek a wider opportunity, the Equitable gives instruction and training for sure and lasting success.
