Dental CE Weekend Returns to Mizzou

Dealing with the dental needs of veterinary patients gives them an improved quality of life. And, dealing in dentistry can improve the bottom line for veterinary practices.

Veterinarians and veterinary technicians can acquire or improve the skills they need at the 2017 Dental Continuing Education Weekend, April 29-30, at the University of Missouri College of Veterinary Medicine.

The top priority for the weekend will be practical information and skills for both DVMs and veterinary technicians and assistants.

Prior to arrival, participants will receive access to electronic files including how-to guides for the procedures we will cover in the technicians and veterinarian labs: maintaining equipment, sharpening equipment, taking and interpreting oral radiographs, cleaning, polishing and charting, saving fractured teeth, extracting teeth, raising flaps and common periodontal surgery procedures.

Lectures for both veterinary technicians and DVMs can accommodate all who sign up. Each lab can accommodate up to 42.

Veterinary Technicians and Helpers

8:30 a.m. – 5 p.m., April 29: Morning lectures and afternoon hands-on wet lab

DVMs

8:30 a.m. – 5 p.m., April 29: Lectures

8:30 a.m. – 3:30 p.m., April 30: Hands-on wet lab

You must attend lectures to attend wet lab.
