### New Sepsis Guidelines

A number of national groups have gotten together and issued new guidelines for the management of severe sepsis and septic shock, led by our former Pulmonary and Critical Care division director Phillip Dellinger. They are available on IDSA practice guidelines web site.

Dellinger RP et al. Surviving sepsis campaign: International guidelines for the management of severe sepsis and septic shock: 2012. Critical Care medicine 2013;41: 580-637.
