

[American Journal of Hospital Medicine](#)

Promoting research and education in the field of hospital medicine. ISSN 2474-7017 (online)

- Promote hospital medicine as the main emerging field in academic medicine through publication of original, peer-reviewed research articles and systematic reviews on topics relevant to hospital medicine.
- Promote high quality care for all hospitalized patients.
- Promote excellent, safe post hospitalization transition care.
- Encourage the educational institutes to attract and retain the top quality hospitalists into the academic medicine.
- Define the skills, duties, limitations and needs of hospitalists in academic settings.
- Promote continuous medical education for the hospitalists in both academic and non-academic settings.
- Publishing articles that are original, reliable, and relevant.
