## THE SUMMER PROGRAM

For the fourth time, the 1977 Summer Session is structured in two 4-week sessions, and a concurrent 8-week session. The first 4-week session and the 8-week session begins on Monday, June 13. The first 4-week session closes on Friday, July 8, and the second 4-week session begins on Monday, July 11. Both the second 4-week session and the 8-week session close on Friday, August 5, 1977. Normally, a student may not earn more than 9 credit hours during a Summer Session, with no more than 5 credit hours being earned in any 4-week session.

With the great increase in enrollment in institutions of higher education, summer sessions are serving the educational needs of a constantly increasing number of students. In recognition of this fact, the work in the Summer Session has been organized as an integral part of the total program of UMC and provides comprehensive offerings in all divisions and departments.

The Summer Session has many distinctive features, such as special course offerings, conferences, and institutes of particular interest to summer school students. The general policies and regulations concerning such matters as admission, grades, housing, credits, schedules, and requirements apply in the Summer Session in the same way that they do in the semesters of the academic year. All of the regular services and facilities of the Columbia campus are available to Summer Session students.

The Summer Session program consists of both undergraduate and graduate work. Approximately 800 courses are organized for credit and, in addition, there are many opportunities for research and individual study.

Each of the following divisions on the Columbia campus will have offerings in the Summer Session program: College of Agriculture; College of Arts and Science; College of Business and Public Administration; College of Education; College of Engineering; School of Forestry, Fisheries, and Wildlife; Graduate School; College of Home Economics; School of Journalism; School of Law; School of Library and Information Science; School of Medicine; School of Nursing; College of Public and Community Services; College of Veterinary Medicine; and the University Extension Division.

The UMC Ellis Library consists of more than 1,800,000 volumes of books and 23,377 periodicals. The State Historical Society is housed in Ellis Library, and the Western Historical Manuscripts Collection in the Library is of particular interest to many students. Air-conditioned libraries and classrooms contribute to the comfort of students enrolled in the Summer Session.

## SPECIAL FEATURES

**ACCOUNTANCY 401—Problems in Accounting (The SEC-Arthur Andersen Controversy)**  
(Eight-week Session) (3 Credit Hours)

The philosophical dimensions of the SEC-Arthur Andersen Controversy is explored from every angle in this seminar. The controversy concerns the fundamental questions: (1) What are the purposes and objectives of the accounting profession in our modern society and (2) who should have the power

to decide in individual cases of reporting which methods of accounting measurement and disclosure are preferable?

The Distinguished Visiting Scholars are: (1) Dr. K. Fred Skousen, Director of the Institute of Professional Accountancy at Brigham Young University, author of *An Introduction to the SEC*, and (2) Dr. Herbert E. Miller, Partner, Arthur Andersen & Co., former professor at University of Michigan. Graduate students from Accountancy and allied fields such as Finance and Political Science will participate in an open workshop setting which permits active interchange of ideas and points of view. Grades are based largely upon two written "position papers" concerning selected ideas involved in the controversy. Prerequisite: graduate standing and an intermediate accounting course.

**COUNSELING AND PERSONNEL SERVICES G360 or PSYCHOLOGY 400—Section 2 (Career Planning and Development: Current Research and Practice)**

(First 4-week Session) (2 Credit Hours)

The seminar emphasizes current research supporting innovative programs and practices in career development for adolescents and adults. Staff from both CAPS and Psychology contributes to the seminar. Dr. John L. Holland, professor, author, and vocational researcher at Johns Hopkins University will be the visiting scholar during the last two weeks of the seminar.

**MUSIC 301—Topics in Music History (Folk Traditions in Central European Music)**

(Second 4-week Session) (2 Credit Hours)

The course explores the history of folk music in Bavaria, Bohemia, Salzburg, and Tirol, tracing the relationship of folk music to other folk arts and, at the same time, demonstrating influences of popular elements on the social, intellectual, and cultural heritage of Central Europe.

**MUSIC 401—Topics in Music History (Folk Traditions in Central European Music)**

(Second 4-week Session) (2 Credit Hours)

An advanced course sharing the lectures of Music 301, but including a survey of techniques for research in folkloristic studies, an introduction to archival resources, and bibliography in folk music, as well as opportunities for individual participation in field research projects.

**MUSIC J401—Advanced Topics in Music Education (Folk Song and Folk Dance in the Music Curriculum)**

(Second 4-week Session) (2 Credit Hours)

Centering around multidisciplinary lectures by professors in the humanities, the course investigates teaching of folk music in the classroom, surveys available materials on folk song and folk dance, introduces students to folk instruments, and includes shop instruction in building simple instruments.

The entire Topics program is supervised by the internationally renowned authority on folk art and culture, music, and pedagogy, Dr. Adolf J. Eichenseer, who is Director of Folklore, Folk Arts and Music Research in the Oberpfalz province of Germany. Dr. Eichenseer will be accompanied by his technical assistant who will instruct in matters pertaining to construction and playing of folk instruments.

For additional information, contact Dr. Charles Sherman, 149 Fine Arts, Phone: 882-2338; or, Dr. James Middleton, 268 Fine Arts, Phone: 882-3238.

**PHILOSOPHY 301—Topics (Medical Ethics)**  
(First 4-weeks Session) (3 Credit Hours)

For the second time this new course is taught by Richard Zaner, the Easterwood Professor of Philosophy at Southern Methodist University and Adjunct Professor of the Philosophy of Medicine at the University of Texas Medical Branch at Galveston. Professor Zaner is assisted in this course by nationally recognized figures in the field of medical ethics. The course includes an examination of moral issues that have been accentuated by recent developments in the biological sciences and medical technology. Areas of study are genetic engineering, genetic screening, experiments on human persons, sterilization of the mentally retarded, allocation of scarce resources, euthanasia, and the nature and distribution of health care.

**POLITICAL SCIENCE 400—Problems (The American Political Process: The Robert A. Taft Institute of Government Seminar)—graduate.**

(2-Week Seminar—June 13-24) (2 Credit Hours)

This special seminar is designed for high school and junior high school social studies faculty and administrators. The seminar focuses on the competitive two-party system, with the six-hour day divided between academic instruction and guest lectures by prominent practitioners. Emphasis is

also given to developing approaches for integrating new material into course outlines. TO APPLY: write Carl J. Poehlman, Director Extension Teaching, 115 Whitten Hall, UMC, Columbia, Mo. 65201.

**PRACTICAL ARTS AND VOCATIONAL-TECHNICAL EDUCATION F460—Topics (Vocational Education for Special Needs Individuals)**

(First 4-weeks Session) (3 Credit Hours)

National leaders in the areas of vocational education, special education, and guidance will be on campus during the first 4-week summer session. Each of the "visiting scholars" focuses attention on an issue, problem, or development that has implications for programs of vocational education for the special-needs individuals (disadvantaged and handicapped students) at all levels of education. The program is designed to be interdisciplinary in nature as it applies concepts from special education, guidance and counseling, and vocational education, to the problems faced by personnel involved with occupational preparation of special needs students.

Participants are involved in a workshop setting which allows a substantial amount of interaction with each "visiting scholar." Some of the problems and concepts to be covered in this program are legislation affecting vocational education for special needs students, future trends, institutional programs, mainstreaming, teacher education, instructional methodology, and alternative approaches to providing vocational education to the special needs students.

## SUMMER REPERTORY THEATRE

The Department of Speech and Dramatic Art will present its ninth annual student/professional theatre company. This highly acclaimed group, featuring student actors from all over the United States, will perform three plays in nightly rotation from July 7 through August 4. This summer's program offers the University community Shakespeare's timeless celebration of the extravagance of lovers: *A Midsummer Night's Dream*. Another outstanding play and a liting musical complete an affectionate commemoration of the "lunatics, lovers, and poets" of the world: *The Hot L Baltimore* by Lebanon, Missouri's Lanford Wilson is a poignant, powerful call to America to recover lost values and to restore itself in its own and the world's eyes. *Carnival* is a musical contrasting the delicacy of love's awakening with the boisterous mood of the midway.

Tickets are free to Summer Session students.

## SUMMER SESSION FILM SERIES

The 1977 Summer Session Film Series, free and open to the public, is a combination of Foreign and American films shown each Tuesday and Thursday in the Ellis Library Auditorium. Watch for posters and flyers announcing specific film titles and dates during regular summer registration.

## SUMMER PROGRAMS

The College of Education in cooperation with the University Extension Division is conducting a number of two-week workshops, institutes, and courses for teachers, school administrators, and special service personnel.

These Institutes are designed primarily to meet the needs of those who cannot or choose not to participate in the full summer program. However, students enrolling in a four-week term or the full eight-week term may enroll providing their total load, including institutes, does not exceed the maximum total load allowed.

These Summer Institutes provide an opportunity for refresher education, as well as to develop knowledge and skills in new and developing areas of educational practice and theory—a program for the busy educator to participate in an intensive educational experience—and to earn credit at the graduate level. It is possible to earn one hour of graduate credit per week in each institute.

Fees for these Special Summer Institutes are \$50 per institute-week and \$100 for a two-week institute, except for students enrolled in the eight-week summer term for four or more hours who may enroll at the rate of \$25 per institute-week. Regular students should not list these institutes on their study programs.

# Summer Session '77

## Calendar

### Summer Session

#### Eight-Week Session

Registration and Orientation  
Classwork begins, 7:30 a.m.  
Independence Day Recess  
Summer Session closes, 5:00 p.m.  
Summer Commencement

Mon., June 13  
Tues., June 14  
Mon., July 4  
Fri., Aug. 5  
Fri., Aug. 5

#### Four-Week Session I

Registration and Orientation  
Classwork begins, 7:30 a.m.  
Independence Day Recess  
Session I closes, 5:00 p.m.

Mon., June 13  
Tues., June 14  
Mon., July 4  
Fri., July 8

#### Four-Week Session II

Registration  
Classwork begins, 7:30 a.m.  
Session II closes, 5:00 p.m.  
Summer Commencement

Mon., July 11  
Tues., July 12  
Fri., Aug. 5  
Fri., Aug. 5

Students *must* enroll in the institutes through the Office of Continuing Professional Education, 203 Hill Hall, University of Missouri-Columbia. Additional information may be obtained from this office.

The College of Engineering plans to present the following summer programs in 1977:

- Three summer programs for introducing high school students to computer programming and engineering, June 12-24, July 10-22, July 24-Aug. 5, under the direction of Larry G. David, Professor of Industrial Engineering.
- A workshop, "Electrical Power Generation—Comparative Risks and Benefits," for high school teachers, June 26-July 1, directed by Walter Meyer, Professor and Chairman of Nuclear Engineering. Sponsored by the Energy Research and Development Administration.
- Engineering research program for high-ability high school students, June 13-Aug. 5, directed by Rex A. Waid, Professor of Electrical Engineering. Sponsored by the National Science Foundation.
- Summer science training program for minority high school students with interest in engineering, June 13-August 5, directed by George Moore, instructor in Electrical Engineering and Bio-engineering.

The College of Home Economics offers the following special courses during the Summer Session of 1977:

*Interession:*

May 14-29—Human Nutrition, Foods & Food Systems Management 300, Problems (Applied Nutrition Program in Mexico, Guatemala, and Costa Rica)

The College of Home Economics offers the following special courses:

*First Four Weeks*

Child & Family Development 318, Topics (Woman, the Decision Maker)  
Housing & Interior Design/Clothing & Textiles 318, Topics (European Study Tour)

*Second Four Weeks*

Child & Family Development 318, Topics (Topics in Family Development—cross-cultural)

*Eight Weeks*

Housing & Interior Design 318, Topics (Topics in Computer-Aided Design)  
Human Nutrition, Foods & Food Systems Management 431, Nutritional Perspectives

A Home Economics Education course that concerns our graduates is: F472—In-Service Course in Home Economics Education (Methods & Techniques of Teaching Consumer Education), July 11-22.

The School of Journalism conducts three special workshops and a special section of a credit course during the Summer Session. For more details and registration materials on each of the following workshops, write: Dr. Robert P. Knight, School of Journalism, P. O. Box 838, Columbia, Mo. 65201.

At the 22nd annual Summer Media Workshop, June 12-17, more than 200 junior high and high school journalism students and advisers will receive concentrated instruction and practice in working with newspapers, yearbooks, magazines, broadcasting, and photography. Cosponsors with the School of Journalism include the Missouri Interscholastic Press Association and the UMC Extension Division.

A special section of Journalism 380, High School Journalism, is available June 13-24 for teachers participating in the Summer Media Workshop. Contact Dr. Knight for details.

Two full-scholarship workshops for minority students will be held July 10-22. They are the Urban Journalism Workshop for minority students and the Minority Broadcasting Workshop. Students receive in-depth instruction in newspaper or broadcast journalism, including practical work on laboratory publications and radio and TV productions. The goal of both workshops is to attract talented minority students into university journalism study and journalism careers, as the profession greatly needs more minority journalists. This is the seventh year the School of Journalism has worked toward this goal through summer workshops.

Twenty students are selected by School of Journalism faculty members for each workshop. Selection procedures, emphasizing command of the language and interest in newspaper or broadcast journalism, include: receiving application blanks by mid- or late February; personal interviews of applicants in March; and announcement of those selected in April. Sponsors for the newspaper-oriented Urban Journalism Workshop include the Newspaper Fund, Inc., foundation arm of Dow Jones, Inc., the publisher of the *Wall Street Journal*, and several Missouri newspapers. The Missouri Broadcasters Association and Missouri broadcasting stations support the Minority Broadcasting Workshop. The School of Journalism and the UMC Extension Division are sponsors of both workshops.

The Department of Regional and Community Affairs, in addition to its regular Summer Session, conducts two special programs.

The thirteenth annual International Community Development Seminar is tentatively scheduled for May 15 - June 15. This three- to four-week program focuses on "Rural Community Development." Over the past 12 years more than 400 participants from 33 countries have taken part; these are students enrolled in academic programs in American universities, and are interested in the Community Development effort in their countries. Both foreign and American students participate. In addition to lectures, films, case studies, and discussions, visits are made to various development locations where rural and urban programs are in operation. This seminar is under the direction of Professor Boyd Faulkner, Coordinator for International Training, Department of Regional and Community Affairs.

The eighth Accelerated Community Development Summer Course and Workshop will be held May 22 through June 3, 1977, on the Stephens College campus in Columbia, Missouri. The course and workshop focuses on basic community development concepts, principles, and field methods. Participants come from a variety of community-oriented

occupations, including community development, planning, youth work, and education. The faculty is drawn from the Department of Regional and Community Affairs, other University departments, and resource people with firing-line experience in development activities. This course and workshop is under the direction of Professor Donald Littrell, Department of Regional and Community Affairs.

## ADMISSION

Admission to a Summer Session should be arranged through the Office of the Director of Admissions, 130 Jesse Hall. New students who plan to enroll in a Summer Session should write to the Director of Admissions before May 1. The Director of Admissions should be furnished transcripts of credits earned in other schools, and the student should indicate the UMC School or College in which enrollment is requested.

During a summer session a student from an accredited college may attend UMC as a visiting student. To be eligible for this status, the student must present certification of good standing and eligibility to return to the last college attended. A student also must have established at least 7 semester hours of credit to obtain this status. No first-time freshman may apply as a visiting student. Visiting students are expected to meet all prerequisites for the courses in which they are enrolling. To obtain the necessary application form, contact the Admissions Office, 130 Jesse Hall.

Registration material for graduate students enrolled for Winter Semester 1977 or Summer Session 1976 is made automatically and sent to the Dean's Office. All other students who plan to enroll for a Summer Session must request a permit to enroll from the Office of the Director of Admissions, 130 Jesse Hall.

## HOUSING

Room and board accommodations that are University-supervised will be available in University-owned residence halls and at the privately-owned Mark Twain Residence Hall, 515 South Fifth Street. The privately-owned facility is entirely air-conditioned; in University-owned residence halls, only the dining rooms are air-conditioned. Inquiries concerning University-owned residence halls should be addressed to the Housing Office, 123 Jesse Hall. Information concerning the privately-owned hall may be obtained by writing to the hall.

A limited number of University-owned unfurnished apartments for married students will be available for assignment to Summer Session students. Also, it is anticipated that several of the current residents of these apartments will be interested in subleasing their accommodations for the Summer Session. The Housing Office will make available to such residents the names of Summer Session students who have contacted the Housing Office and expressed a desire to sublease accommodations.

## FEES

All statements as to fees contained in this Bulletin are by way of announcement only for the Summer Session covered by this schedule and are not to be regarded as offers to contract on the basis of those statements, inasmuch as the University of Missouri reserves the right to change any and all fees and other charges at any time, without advance notice of such a change.

For the purpose of all rules regarding enrollment fees, courses taken as a hearer and courses taken for reduced credit will be counted at their normal credit value in computing the fees to be paid. Students enrolling in zero credit courses are required to pay fees according to the number of hours of instruction.

For any sessions other than those specified or for any fee which cannot be calculated on a per credit hour basis, the session fee or per credit hour fee shall be prorated.

*Time of payment of fees:* All University fees must be paid at the time of registration as a condition of admission to classes. Students who pre-register must pay fees by the announced deadline, or the advance registration will be cancelled and the student will be required to register again and pay fees during the regular registration period as indicated on the UMC calendar. Registration is not complete until all fees are paid.

*Personal Checks:* Personal checks in payment of fees or other obligations to the University will be accepted only when the amount of the check does not exceed the amount due from the student. Students whose checks remain unpaid after the student has been notified will be reported to the Office of the Vice Chancellor for Student Affairs for disciplinary action. Furthermore, if the check must be turned over to the General Counsel's Office for collection, a service charge of \$3 will be assessed.

A student presenting a check to the University in payment of student fees which is returned unpaid and remains unpaid after the close of the regular registration period, shall be considered a late registrant, and shall be subject to the late registration fee.

*Credit Cards.* Master Charge and BankAmericard credit cards are acceptable toward payment of fees to the credit limit of the cardholder.

## INCIDENTAL FEE

All students enrolled in the University of Missouri-Columbia are required to pay an Incidental Fee as follows:

For one term of 4, 6, or 8 weeks (5 or more hours) ..... \$150

For any other session not specified above and for partial enrollments the Incidental Fee shall be calculated at the rate of \$34 per credit hour.

Candidates for an advanced degree who have completed in a previous semester or term all requirements but the final examination and

the submission to the graduate faculty of a thesis (if required) and who are not regularly enrolled in the Graduate School must enroll in the Graduate School before the examination may be given or the thesis read. Such students must enroll for examination for no hours credit and pay a fee of \$34. Students who enroll under this plan are not entitled to Student Health Services benefits.

## STUDENT ACTIVITIES FEE

Each student registered for resident work on the Columbia campus for six or more hours is required to pay a Student Activities Fee of \$11 for one term of four, six, or eight weeks. For partial enrollments and for intercession, the Student Activities Fee shall be calculated at the rate of \$2 per credit hour.

This Student Activities fee is allocated to the following:

Memorial Union Bond Retirement .....	3.00
Missouri Student Association Student Activities .....	2.50
Divisional Student Council Programs .....	50
Student Activities Capital Improvements .....	2.00
Warren E. Hearnes Multipurpose Building Bond Retirement .....	2.00
Associated Students of the University Intramural Program .....	50
<b>Total .....</b>	<b>\$11.00</b>

No additional Student Activities Fee shall be charged if the student is enrolled simultaneously in a session or semester and in a special intercession.

No Student Activities Fee shall be charged during the period beginning with the close of regular Summer Session and ending with the beginning of the fall registration.

No Student Activities Fee shall be charged if the student is enrolled for courses which are offered off-campus or if the student is enrolled in evening courses.

## NON-RESIDENT TUITION

In addition to the Incidental Fee, tuition will be charged any student who is not a Missouri resident at the time of original registration or who has not been a resident for at least one year immediately preceding such registration. Aliens who are Missouri residents and who fulfill other requirements in the detailed *Tuition and Residence Rules* may be exempted from paying tuition.

No tuition is charged to a non-resident student who is a full-time academic or administrative staff member of this University, or is the unmarried minor child or spouse of such staff member. Non-resident graduate students who are teaching, research, or extension assistants holding a 25 per cent full-time equivalent or more appointment or on full-time hourly status, or holding a fellowship which does not include payment of tuition, will not be charged tuition. Graduate students should contact the Graduate School or chairman of the department in which they are interested to determine the fees that might apply in their individual case. Most other students who are not residents of Missouri are charged tuition, but in some cases non-residents are exempt from tuition, or tuition is at a reduced amount, as provided in the detailed *Tuition and Residence Rules*.

It is the responsibility of each student to register under the proper residence and pay proper tuition fees, and if there is a possibility that a student is subject to such fees, that individual has the responsibility of raising the question.

The Manager of Cashiering, 123 Jesse Hall, or the Director of Admissions, 130 Jesse Hall, will furnish, on request, the pamphlet *Tuition and Residence Rules* which covers in detail the various cases.

Most non-resident students must pay tuition as follows:

<i>SUMMER SESSION (4, 6, or 8 WEEKS)</i>	
5 or more hours .....	\$300
4 hours .....	155
1-3 hours inclusive .....	none

## OTHER FEES

**Late Registration Fee.** Any student registering after the close of the regular registration period shall pay a late registration fee of \$25. A student presenting a check to the University in payment of student fees which is returned unpaid and remains unpaid after the close of the regular registration period, shall be considered a late registrant, and shall be subject to the late registration fee.

**Fee For Change in Course.** A fee of \$5 must be paid for one or more petitions for change in course filed at any one time.

**Fee For Transferring to Another Division.** The fee for transferring from one division to another shall be \$5 and shall become effective the day class work begins. In such cases there shall be no additional fee for adding or dropping courses.

**Reinstatement Fee.** A student whose enrollment is terminated for any reason and who later requests readmission within the same semester or term shall be required to pay a \$5 reinstatement fee in addition to regular fees.

**Music Fees.** In addition to the Incidental Fee there is a charge of \$15 per session for each subject in applied music to cover private instruction.

**Laboratory Breakages.** Breakage or loss of laboratory equipment due to personal negligence on the part of the student shall be assessed against the student when the actual value of the supplies exceeds \$1. The amount of this charge shall be determined by the department chairman.

**Fees for Special Field Trips at UMC**  
Field trip for Geology (8 weeks) ..... \$67.50  
Field trip for Forestry (6 weeks) ..... 35.00  
In addition to the above, students enrolled for such field trips will pay the regular Incidental Fee. (See Incidental Fee.)

For various summer camps and field trips other than trips during a regular term, an incidental fee of \$34 per credit hour shall be charged. Students who have not been bonafide residents of the State of Missouri for one year, as outlined in the *Tuition and Residence Rules*, shall be required to pay the additional non-resident tuition.

In certain cases the cost of transportation may be charged if furnished by UMC.

**Fees for Diploma, Certificate, and Hood.** A diploma fee of \$5 must be paid for each degree conferred by UMC, and a fee of \$2 for each certificate except the certificate for the completion of the two-year course in Agriculture for which the fee is \$1. Those receiving Ph.D. or Ed.D. degrees are furnished hoods, the fee for which is \$20.

**Fees for Thesis or Dissertation.** The following fees are charged in connection with the submission of the thesis:

<i>Master's Degree</i>	
Thesis binding fee .....	\$2
Microfilming fee .....	3
<i>Doctoral Degree</i>	
Binding and Microfilming fee .....	\$31

**Transcript Fee.** A fee of \$1 is charged for each official transcript of credit. A fee of 50 cents is charged for all photostatic copies of credits.

## REFUND OF FEES

Students leaving school or dropping courses for which they have paid fees will, subject to certain exceptions, receive, upon written request to the Manager of Cashiering, a refund of fees paid in accordance with the following schedule:

<b>8-WEEK SUMMER SESSION</b>	
<i>Time of Withdrawal</i>	<i>Amount of Fee to be Refunded</i>
Withdrawals before the day classwork begins .....	Full Refund (Less \$10 for the cost of handling registration)
Withdrawals within one calendar week from the day classwork begins .....	70% Refund
Withdrawals after one calendar week and up to and including three calendar weeks .....	50% Refund
Withdrawals after three calendar weeks .....	No Refund

For any session other than those specified the refund fee shall be calculated in the same proportion as the above schedule, which is 70 per cent refund within approximately the first one-eighth of such session.

Deductions may be made from the above refund for any financial obligation due UMC.

## STUDENT HEALTH SERVICE

A student's health has an important relationship to his total educational endeavor. Students who are ill, incapacitated by accident, or in generally poor health, will be unable to study, attend class, and learn as effectively as they otherwise would. Consequently, the University offers a two-part health program consisting of (1) a Student Health Service and (2) a supplementary sickness and accident insurance policy.

## MEDICAL INFORMATION

All students enrolling in UMC for the first time are required to submit satisfactory medical information by completing the Report of Medical History. In some instances the Student Health Service may require further information, in the form of medical reports from physicians who have treated the applicant. All medical information should be sent directly to the Director of the Student Health Service, since it is confidential. A delay in accomplishing this requirement may result in a delay in enrollment. The Report of Medical History form may be obtained from the Director of Admissions.

Facilities of the Student Health Service are located in the Student Health Center, west of Francis Quadrangle. The professional staff consists of a full-time medical staff with consulting specialists.

Clinic Hours are 8 a.m. to 5 p.m., Monday through Friday, and 8 a.m. to noon Saturday.

**Emergencies.** For emergency medical care when the clinic is not open, students are responsible for payment of their care and should report to the Emergency Room of the UMC Medical Center, 807 Stadium Blvd, phone: 882-8091; or Boone County Hospital, East Broadway at South Williams, phone: 442-5145; or Columbia Regional Hospital, 404 Keene, phone: 449-7226.

**Services Rendered.** All students in residence at UMC for one hour of credit or more, except for employees on the Educational Assistant Program, are entitled to Student Health Service care. This medical service will be provided only at the Student Health Center, and includes the usual ancillary services, such as laboratory, X-ray, and pharmacy. Medical care is provided at the Student Health Center for the usual and ordinary illnesses and accidents. The services provided are in accordance with established University regulations. Laboratory, X-ray, and pharmacy services are provided at a cost to the student.

**Notification of Parents or Relatives.** If a student is seriously ill the parents are contacted.

**Immunizations Offered.** Several immunizations are offered on a minimum-cost basis. These include poliomyelitis, influenza, typhoid, and tetanus toxoid. It is strongly advised that tetanus toxoid inoculations be taken by veterinary, forestry, and geology students, as well as by students who have any allergies such as asthma, hay fever, or hives. Certain other immunizations are given to students who must take special risks in their course of study.

**Services Not Rendered.** In circumstances where services are not provided at the Student Health Center, responsibility reverts to the student. However, the Student Health Service will assist in arranging these services if so requested by the student.

The following are examples of services not rendered at or by the Student Health Center:

1. Hospitalization or infirmary care.
2. Major surgery—both emergency and elective.
3. Major fractures and other types of trauma.
4. Any surgical procedure requiring a general anesthetic.

### BULLETIN

UNIVERSITY OF MISSOURI-COLUMBIA

Volume 78 Number 6 March 3, 1977 General 1977 Series Number 6

Robert E. Kren, Director, Office of Public Information  
Louise H. Stephens, Editor

Published by the UMC Publications Editor's Office, 311 South Fifth Street, Columbia, Missouri 65201. Issued monthly as follows: three times in January, March, April, and November; twice in February, May, June, July, August, September, and October. Second-class postage paid at Columbia, Missouri.

# On Campus:

At the air-conditioned Brady Commons, billiards and bowling provide a diversion from study and classes. Hobby facilities include a photographic darkroom, music listening lounge, a browsing lounge, a television lounge, a short-wave radio station, a craft shop, and an exhibit area. There are facilities at the Commons for a quick snack or refreshments; the University Bookstore is also located there.

## INFORMATION

Where to write for information at the University of Missouri-Columbia, Columbia, Mo. 65201:

## UMC Administration

- Herbert W. Schooling, Ed.D., Chancellor
- Walter C. Daniel, Ph.D., Vice-Chancellor
- G. H. Entsminger, M.A., Vice-Chancellor for Alumni Relations & Development
- Owen J. Koeppe, Ph.D., Provost for Academic Affairs
- John F. McGowan, Ed.D., Provost for Administration
- Joseph M. White, M.D., Provost for Health Affairs
- James H. Banning, Ph.D., Vice-Chancellor for Student Affairs

## ACADEMIC DEANS

- College of Agriculture: Elmer R. Kiehl, Ph.D.
- School of Forestry, Fisheries, and Wildlife: Donald P. Duncan, Ph.D., Director
- College of Arts and Science: Armon F. Yanders, Ph.D.
- College of Business and Public Administration
- College of Education: Bob G. Woods, Ph.D.
- College of Engineering: William R. Kimel, Ph.D.
- Graduate School: Lloyd E. Berry, Ph.D. (Cantab)
- College of Home Economics: Margaret W. Mangel, Ph.D.
- School of Journalism: Roy M. Fisher, B.S.
- School of Law: Willard L. Eckhardt, J.D.
- School of Library and Informational Science: Edward P. Miller, Ph.D.
- School of Medicine: Charles Lobeck, Jr., M.D.
- School of Nursing: Gladys A. Courtney, R.N., Ph.D.
- College of Public and Community Services: George Nickolaus, J.D. (Acting Dean)
- College of Veterinary Medicine: Kenneth D. Weide, D.V.M.
- University Extension Division: Leonard C. Douglas, Ed.D.

## SUMMER ACTIVITIES PROGRAM

For summer activities, start with the Center for Student Life, located in Read Hall. There you'll find complete listings and information on social, cultural, and recreational programs as well as a myriad of opportunities to initiate your own summer programs and participate in the production of concerts, exhibits, film series, dances and sports activities planned by other UMC students earlier this year.

The Missouri Students Association Student Activities Summer Board, comprised of Summer Session students, sponsors programs geared to the interests and needs of the students. Since Summer Session students vary widely in age and interests, all students are urged to volunteer for a place on the Student Activities Summer Board and Council, in order to provide a representative group to plan and carry out summer activities. If you prefer just to relax and be entertained, that's included in your options.

Tentative plans for summer programs include coffeehouse entertainment, dances, tournaments, backpacking and camping, concerts, forums and speakers, and "Show-Me" bus tours to points of interest within the state. In cooperation with the Memorial Union, MSA offers the use of a complete photography darkroom, recreation equipment, cards, chess sets, and games.

In addition to the regular schedule of free films open to UMC students and faculty, there is a family film series for married students and their families shown outside at the married student housing areas.

The Center for Student Life also works with other UMC departments to provide or co-sponsor programs such as the Summer Repertory Theatre, special film series, and recreation activities.

Stop by the Information Desk in the Memorial Union or call 882-3526 or 882-3620 for up-to-date information on activities, campus life, and programs scheduled anywhere at UMC. You can also find answers to your questions at Read Hall, 882-6310.

## MEMORIAL UNION AND BRADY COMMONS

The facilities of the Memorial Union and the Thomas A. Brady Commons provide summer session students opportunities for many types of activity.

The Memorial Union offers meeting rooms of various sizes, an auditorium, and a large student lounge. Food service is available for special meetings held in the Union.

The Cafeteria, Bengal Lair, and Hawthorn Room all provide excellent food service—each with its own unique atmosphere.

## Summer Session Advisory Committee

- Larry D. Clark, Assistant Provost for Academic Affairs; Director of Instructional Sessions; Chairman
- Paul W. Braisted, Chairman, Department of Mechanical & Aerospace Engineering
- Robert L. Burton, Associate Dean, College of Education
- David K. Davies, Professor of Geology
- Nylen Edwards, Chairman, Department of Marketing
- Tom Harris, Associate Dean, College of Arts and Science
- Andrew Minor, Associate Dean, Graduate School
- Ernest Morgan, Professor of Journalism
- Gary L. Smith, Director of Admissions and Registrar
- Charles Koelling, Director of Continuing Professional Education (ex-officio)

## Schedule of Courses

### BUILDINGS AND ROOMS

- AE LB ..... Agriculture Engineering Laboratory
- AG EN ..... Agriculture Engineering
- AG LB ..... Agriculture Laboratory
- AGR ..... Agriculture
- ALLEN AUD ..... Allen Auditorium
- ARTS ..... Fine Arts (Art)
- A&S ..... Arts and Science
- ASC ..... Academic Support Center
- ASRC ..... Animal Science Research Center
- BAPT BLDG ..... Baptist Building
- BRADY ..... Brady Commons
- BREW ..... Brewer Field House
- CHEM ..... Chemistry
- CHEM O ..... Old Chemistry
- CLARK ..... Clark Hall
- CONWY ..... Connaway
- CRWDR ..... Crowder
- CURTS ..... Curtis
- ECKLS ..... Eckles
- EDUC ..... Education
- EE ..... Electrical Engineering
- ELLIS ..... Ellis Library
- ENGR ..... Engineering
- GCB ..... General Classroom Building
- GEOL ..... Geology
- GENTRY ..... Gentry
- GWYNN ..... Gwynn
- HALL THEATR ..... Hall Theatre
- HILL ..... Hill Hall
- H MGT CENTER ..... Home Management Center
- I EDU ..... Industrial Education
- JESSE ..... Jesse Hall
- KOMU ..... KOMU-TV
- KUH CT ..... 612 Kuhlman Court
- LEWIS ..... Lewis Hall
- LFVRE ..... Lefevre
- LOWRY ..... Lowry
- LSC ..... Livestock Center
- MATH ..... Mathematical Sciences
- MCAL ..... McAlester
- MCHAN ..... McHane
- MCKEE ..... McKee Gymnasium
- MDLBH ..... Middlebush
- MMFRC ..... Mumford
- MMHHC ..... Mid-Missouri Mental Health Center
- MRYLND ..... 609 Maryland
- MSB ..... Medical Sciences Building
- MU-DR ..... Fine Arts (Music-Drama)
- NEFF ..... Neff and Addition
- NEWMN ..... Newman Center
- PARK ..... Parker Hall
- PCKRD ..... Pickard Hall
- PHYS ..... Physics

- STEPH ..... Stephens Hall
- STWRT ..... Stewart
- SWALW ..... Swallow
- SWIM ..... Swimming Pool
- SWITZ ..... Switzer
- T-12 ..... T-12
- TATE ..... Tate
- TCH H ..... Teaching Hospital
- TCKER ..... Tucker
- TD-4 ..... TD-4
- TD-7 ..... TD-7
- VET C ..... Veterinary Clinic
- VET HOSP ..... Veterinary Hospital
- VET S ..... Veterinary Science
- WATRS ..... Waters
- WATSON ..... Watson Place
- WMS ..... Walter Williams

## Partial Credit Dates for Summer Session 1977

Attention is invited to the following partial dates, rules, and regulations concerning petitions, grades, credits, and partial credit. The partial credit rule is now generally enforced and, until changed, will be enforced in this manner:

1. (a) No undergraduate partial credit is awarded to students enrolled in the College of Agriculture, College of Arts and Science, College of Business and Public Administration, College of Engineering, and School of Forestry, Fisheries and Wildlife. Students enrolled in the Graduate School may not receive partial credit for courses taken for graduate credit except when the student withdraws for non-voluntary entry into the Armed Forces.
- (b) Partial credit is not awarded in any course offered by the College of Agriculture; College of Arts and Science; College of Business and Public Administration; College of Engineering; School of Forestry, Fisheries and Wildlife; and School of Law.
- (c) If the student in category (a) or (b) (above) withdraws from the University after the three-week period (†), in the case of the eight-week session, or one and one-half weeks for the four-week sessions, or drops a course after the three-week period (†), in the case of the eight-week session, or one and one-half weeks for the four-week sessions, but remains enrolled in some other course or courses, that student must receive either the grade of *Exc.*, if making a passing grade (*D* or better), or the grade of *F* if work is not of satisfactory quality. In some cases, exceptions are allowed on recommendation of the dean.

2. If paragraph 1. (a) or 1. (b) (above) is not applicable and a course is dropped after the proper date set for partial credit, the student may be given partial credit in courses offered by divisions which grant partial credit.

Courses carried beyond the three-week (†) date, in the case of the eight-week session, or the one and one-half week dates for the four-week sessions, must appear on the student's official record card. If work in a course is unworthy of recognition, the grade of *F* shall be reported; however, he may be reported *Excused* if he is forced to withdraw from the University for the purpose of non-voluntary entry into the Armed Forces of the

United States. (Amended Section 7 of Article XI of the University By-Laws, October 1965)

When partial credit is given, only the grades A, B, or C are acceptable. The alternate options to this are *Exc.* or *F* in the full amount of credit for the course.

July 6, 1977—Close of Day—Indicates close of the three-week period. (Eight-week session)  
June 23, 1977—Close of Day—Indicates close of the one and one-half week period. (First four-week session)  
July 21, 1977—Close of Day—Indicates close of the one and one-half week period. (Second four-week session)

July 11, 1977—Close of Day—Indicates close of the mid-term period. (Eight-week session)  
June 24, 1977—Indicates close of the mid-term period. (First four-week session)

July 25, 1977—Close of Day—Indicates close of the mid-term period. (Second four-week session)

Partial credit may be reported for a student whose work is worthy of C or above (†) at the time of withdrawal and who has been a member of the class through the mid-term period dates specified above (one-half of the term). Credit may be reported in one-half semester hour units, but no credit shall be reported for less than one-half of the number of hours credit announced for the course.

July 20, 1977—Close of Day—Indicates close of the two-thirds period. (Eight-week session)  
June 29, 1977—Close of Day—Indicates close of the two-thirds period. (First four-week session)

July 28, 1977—Close of Day—Indicates close of the two-thirds period. (Second four-week session)

The student who has been a member of the class through the two-thirds period dates specified above, may be reported for two-thirds credit if making C or above (†).

July 25, 1977—Close of Day—Indicates close of the three-fourths period. (Eight-week session)  
June 30, 1977—Close of Day—Indicates close of the three-fourths period. (First four-week session)

July 29, 1977—Close of Day—Indicates close of the three-fourths period. (Second four-week session)

Three-fourths partial credit may be reported for a student whose work is worthy of at least a grade of C (†) and who has been a member of the class through the three-fourths period dates specified above.

If a student is forced to withdraw for the purpose of non-voluntary entry into the Armed Forces of the United States, the above-mentioned rule (three-fourths credit) shall not operate to reduce the credit of the course, provided the student has been officially a member of the course as long as three-fourths of the Summer Session, and provided that he has a grade of C or higher (†) at the time of withdrawal.

(†) Students may receive excused grades in 400-level courses dropped during first four weeks of the Summer Session (for enrollment in the eight-week session). Students enrolled in either of the four-week sessions may receive excused grades in 400-level courses dropped during the first two weeks of the session. (Article XI, Section 7, University By-Laws, October 1965)

(††) In the case of graduate students this means work of at least B quality. (Article XI, Section 5, University By-Laws, October 1965)

## NOTES AND SYMBOLS

1. **Credit.** In general, the number of hours for each course is given following the name of the course, thus 2.0. In case the credit is variable, to be fixed in consultation with the teacher or adviser, a range of credit, such as 1.0-8.0 is shown following the course title.

Courses approved to be taught for variable credit may have specified credit for the term. Such courses have a course comment specifying the credit.

2. **Course Numbers.** Courses offered primarily for freshmen and sophomores are numbered 1-99 and courses 1-24 are regularly open to freshmen. Courses primarily for upperclassmen are numbered 100-199. Courses offered for both undergraduates and graduates are numbered 200-399. (Students may not receive credit for courses 200-299 offered in their departments of specialization; no restriction is placed on graduate credit for courses 300-399). Courses offered for graduate credit only are numbered 400-499.

3. **The symbols Y and N,** which immediately precede the reference numbers, are used in this publication to designate room accessibility for handicapped students. The Y indicates that the room assigned to the course section is accessible to students confined to wheel chairs, and the N indicates the room is not accessible.

4. **Reference Numbers.** The following ranges of reference numbers are offered for your convenience in determining the summer term in which a course is offered:

Term	Reference Numbers Used
8-week session	10,000-49,999
4-week session I	50,000-79,999
4-week session II	80,000-99,999
8-week Journalism session	50,000-79,999
7-week Journalism session	80,000-99,998

5. **Some courses offered** have been determined by the UMC Safety and Risk Management Committee to have sufficient eye hazard that protective eye covering is required to meet eye protection regulations. These courses are identified in the *Schedule of Courses* by the insertion of a course comment appearing beneath the course title. The type of eye protection required is defined as follows:

- | Type | Eye Protection Required  |
|------|--|
| 1    | Hazard requiring students to purchase approved eye-protective wear: <ul style="list-style-type: none"> <li>• Approved safety glasses meeting A.N.S.I. Standard A87.1 are available through the Student Health Service.</li> <li>• Safety goggles must meet A.N.S.I. Standard Z87.1 to be approved and are available through the bookstores.</li> </ul> |
| 2    | Occasional eye hazard—eye protection is loaned by the department when necessary.   |
| 3    | Special eye hazard—eye protection is loaned by the department when necessary.  |

5. Refraction of eyes or fitting glasses.
6. Dental service.
7. Obstetrical care or complications of pregnancy.
8. Care to chronically ill or disabled students. Supportive treatment will be provided within the resources of the Student Health Service; the student will be assisted and advised as to treatment available elsewhere.
9. *House Calls.* Student Health Service physicians do not make calls to students' rooms.

**Excuses from Classes.** The Student Health Service does not routinely issue excuses for classes missed while attending the outpatient clinic. Unless acutely ill, the student should make every effort to visit the clinic during a free period. Recommendation for an excuse may be made in exceptional cases upon the request of the instructor or dean of the division.

The Student Health Service does not validate absences because of illness for which the student is not seen in the clinic.

**Supplemental Sickness and Accident Insurance Plan.** This plan, sponsored by the University of Missouri, is obtainable at a reasonable cost and covers some of the student's needs for hospitalization, surgery, and consultative services. It includes medical and surgical treatment for students while at home over weekends, holidays, and during the summer vacation period. This insurance can be purchased to cover spouse and dependents at an extra cost. Details concerning this plan are available at the Cashier's Office or the Student Health Center. It is strongly recommended that students purchase this hospital insurance if needed.

**Use of Private Physician.** At their own expense, students may make arrangements for medical care with private physicians.

Laboratory tests and X-rays may be made at the Health Service for students under the care of private physician, subject to the approval of the Director of Student Health.

If a student develops a communicable or contagious disease or any other illness which might constitute a hazard to others, it will be necessary to provide the Director of Student Health with information indicating that proper medical care and precautions are being utilized to safeguard the health of the campus community.

**Special Cases.** The Director of the Student Health Service is authorized

1. to recommend to allow students to withdraw from the University at any time if they have a medical condition that significantly interferes with their attendance or progress at school, or
2. to require students to withdraw from the University at any time if they have a medical condition that constitutes a hazard to themselves, to other students, or to the campus community.

In addition, any student may be suspended for not complying with requirements concerning the medical information or special examination deemed necessary for the health and safety of the campus community.

Table with columns: COURSE NUMBER AND TITLE, CREDIT, REF #, TYP SEC, MEETING TIME, BLDG, ROOM, INSTRUCTOR. Includes sections for STATISTICS, MEDICAL TECHNOLOGY, MEDICINE, MICROBIOLOGY, NURSING, and OBSTETRICS-GYNECOLOGY.

VETERINARY MEDICINE

VETERINARY ANATOMY-PHYSIOLOGY

Table listing veterinary anatomy and physiology courses, including course numbers, titles, credits, and meeting times.

LABORATORY ANIMAL MEDICINE-AREA

Table listing laboratory animal medicine courses, including course numbers, titles, credits, and meeting times.

VETERINARY MEDICINE AND SURGERY

Table listing veterinary medicine and surgery courses, including course numbers, titles, credits, and meeting times.

VETERINARY MICROBIOLOGY

Table listing veterinary microbiology courses, including course numbers, titles, credits, and meeting times.

VETERINARY PATHOLOGY

Table listing veterinary pathology courses, including course numbers, titles, credits, and meeting times.

MEDICINE

ANATOMY

Table listing anatomy courses, including course numbers, titles, credits, and meeting times.

ANESTHESIOLOGY-RESPIRATORY THERAPY

Table listing anesthesiology and respiratory therapy courses, including course numbers, titles, credits, and meeting times.

CHILD HEALTH

Table listing child health courses, including course numbers, titles, credits, and meeting times.

FAMILY AND COMMUNITY MEDICINE

Table listing family and community medicine courses, including course numbers, titles, credits, and meeting times.

Main table listing various medical and science courses, including course numbers, titles, credits, meeting times, and instructors.

INDEPENDENT STUDY COURSES

Students who desire to earn credit on either a bachelor's degree or a master's degree at the University of Missouri-Columbia are eligible for courses offered by the Center for Independent Study through Correspondence at the University's Extension Division.

Readings/Problems Courses

Readings courses, Problems courses, Special Investigations, etc. on the University 100-200-300-400 levels are offered by academic departments through the Center for Independent Study through correspondence.

NOTE: Students may enroll at any time during the year, provided they are not enrolled for work in residence. If they are taking work in residence at the University of Missouri or at any other school, they are not allowed either to begin or to continue correspondence work except by special permission of their Dean.

Table listing independent study courses with columns for Course No./Title, Credits, and other details.
