

Alumni Help Missouri Show Off

"Missouri Loves Company" is the slogan of the state tourism commission, and Missouri especially loves the kind of guests that the state received this August when the governors of the American states, commonwealths, and territories came to the Lake of the Ozarks to attend the National Governor's Conference.

On hand to greet the distinguished visitors and their families were two well-known graduates of the Columbia campus: host Governor Warren E. Hearnes, AB '52, LLB '53, and his wife, Betty Cooper Hearnes, BS Ed '52.

Assisting Mrs. Hearnes in planning everything from automobiles, boats, emergency medical care, meals, to a gala formal dance were two other Mizzou graduates, Gene Sally, BS BA '55, who was head of the host state executive committee and Frank J. Iuen III, BS BA '64, JD '67, who acted as host state deputy chairman. Sally is director of

the State Community Affairs Department and Iuen is Missouri's liaison officer with the Ozarks Regional Commission, a federal-state-local partnership to promote economic growth and development of the 134-county area composed of parts of Missouri, Arkansas, Kansas and Oklahoma.

Making the arrangements for the sporting set was Jack Jones, BJ '60, who is director of the Missouri Tourism Commission. He took charge of a recreation center for guests and members of the press.

The entire conference involved more than 1000 people including the governors, their staff and family and members of the press, and it took plenty of effort to make them all feel welcome in the state.

Among the business conducted at the meeting, Governor Hearnes was elected chairman of the governors' group.

Dr. JOHN HART, AB, an osteopath, is now practicing in Fredericktown, Mo.

MRS. SHIRLEY POLLOCK Hoeman, BS Nurs, has been appointed director of nursing at Kenny Rehabilitation Institute in Minneapolis.
