University of Missouri
Columbia

What's inside

Costs

MU is a huge educational bargain. Price is part of the reason. But look through the rest of this book. We'll prove why MU is a bargain in lots of other ways. In the meantime, you'll learn the advantages of a big university.

Academics

Our admission standards are selective. Our choice of degree programs is one of the best nationwide. We're not called a "universe-ity" for nothing.

Campus & Columbia life

Check it out. How'd you like to go to school in Collegetown USA? MU is a classic campus with plenty of red brick and green grass. With more than 20,000 students on a campus overlapping a thriving cosmopolitan town of 68,000, MU's possibilities are limited only by your imagination.

Careers

If MU were a company, our product — students — would be a big seller. Our graduates include successes in business, science, the arts. You name it. And MU services — such as the Career Planning and Placement Center — can help you find your way.

How to apply

This is where you'll find the nuts and bolts of how to get into MU. While you're at it, look into our Summer Welcome program, a great way to make friends and get to know MU before classes begin.

**CATALOG, UNIVERSITY OF
MISSOURI-COLUMBIA**
(USPS 651-820)

Volume 93 • Number 2 • September 1992

General 1992 Series, Number 2

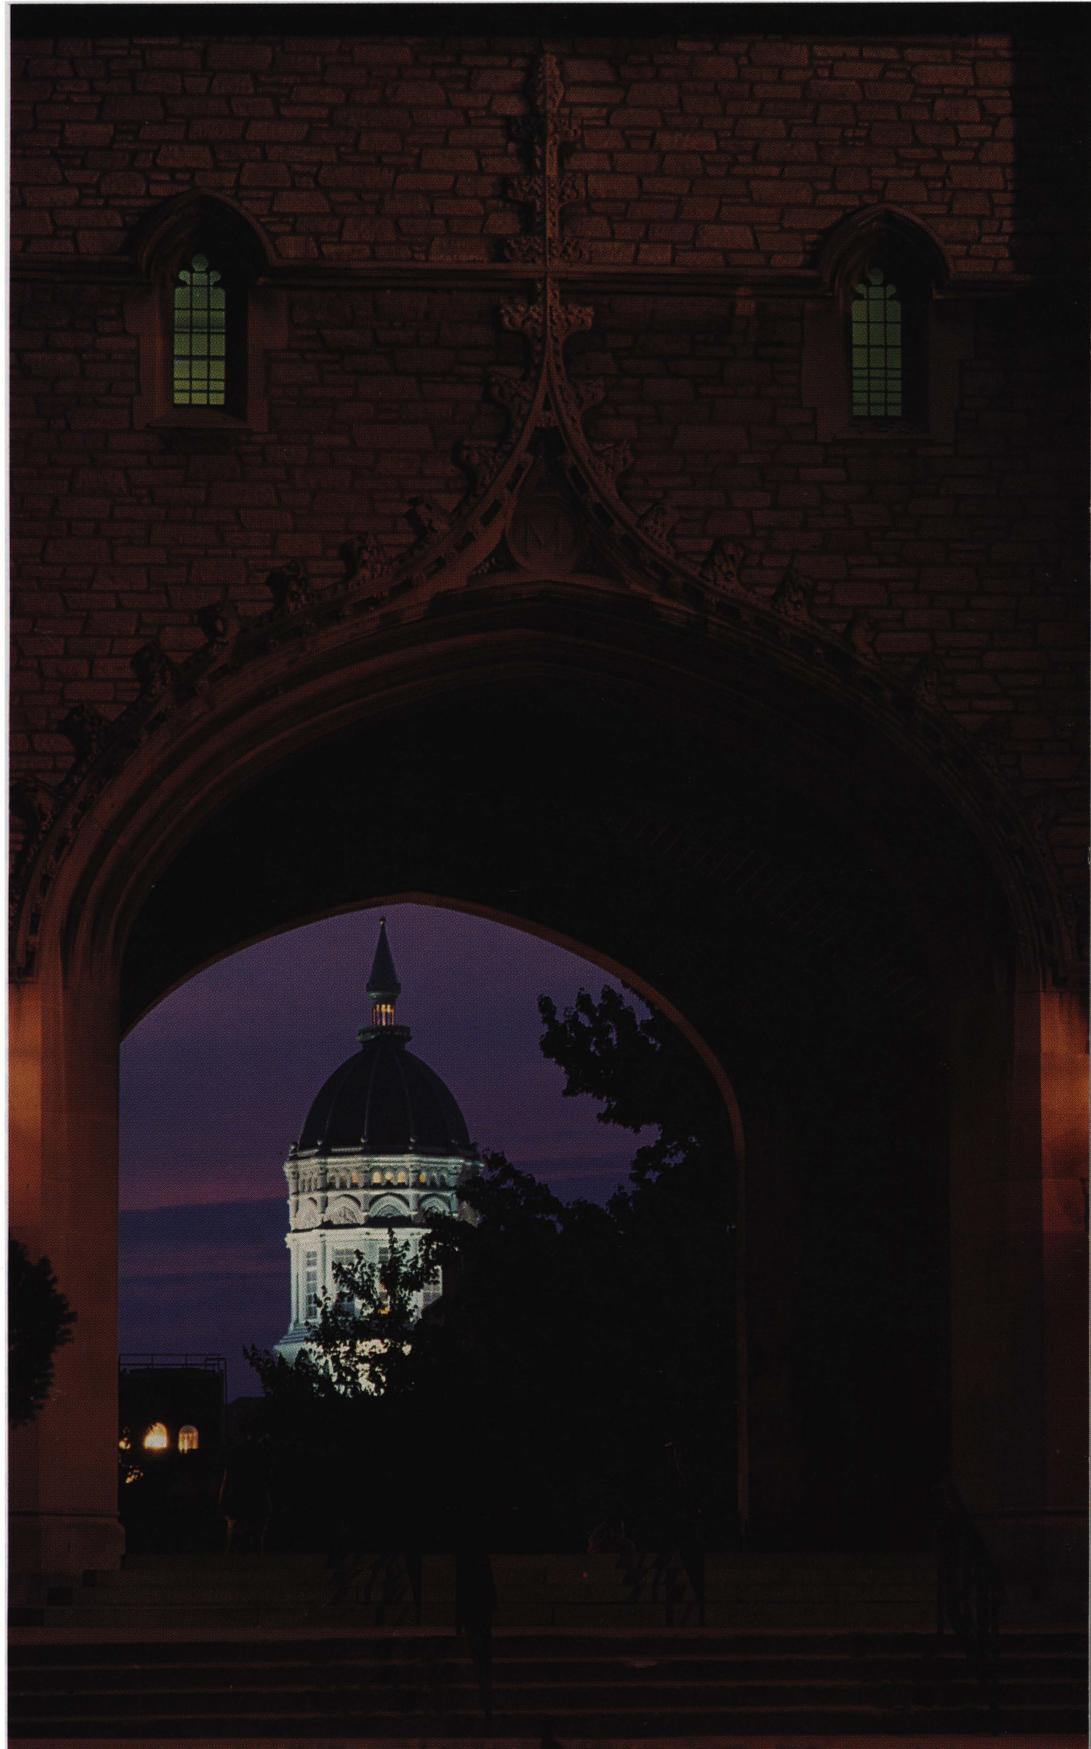

Published by University of Missouri-Columbia,
2800 Maguire, Columbia, Mo. 65211. Issued five
times a year as follows: one issue in July, three in
September and one in December. Second class
postage paid at Columbia, Mo. POSTMASTER:
Send address changes to Catalog, University of
Missouri-Columbia, Bulk Mail Center, 2800
Maguire, Columbia, Mo. 65211.

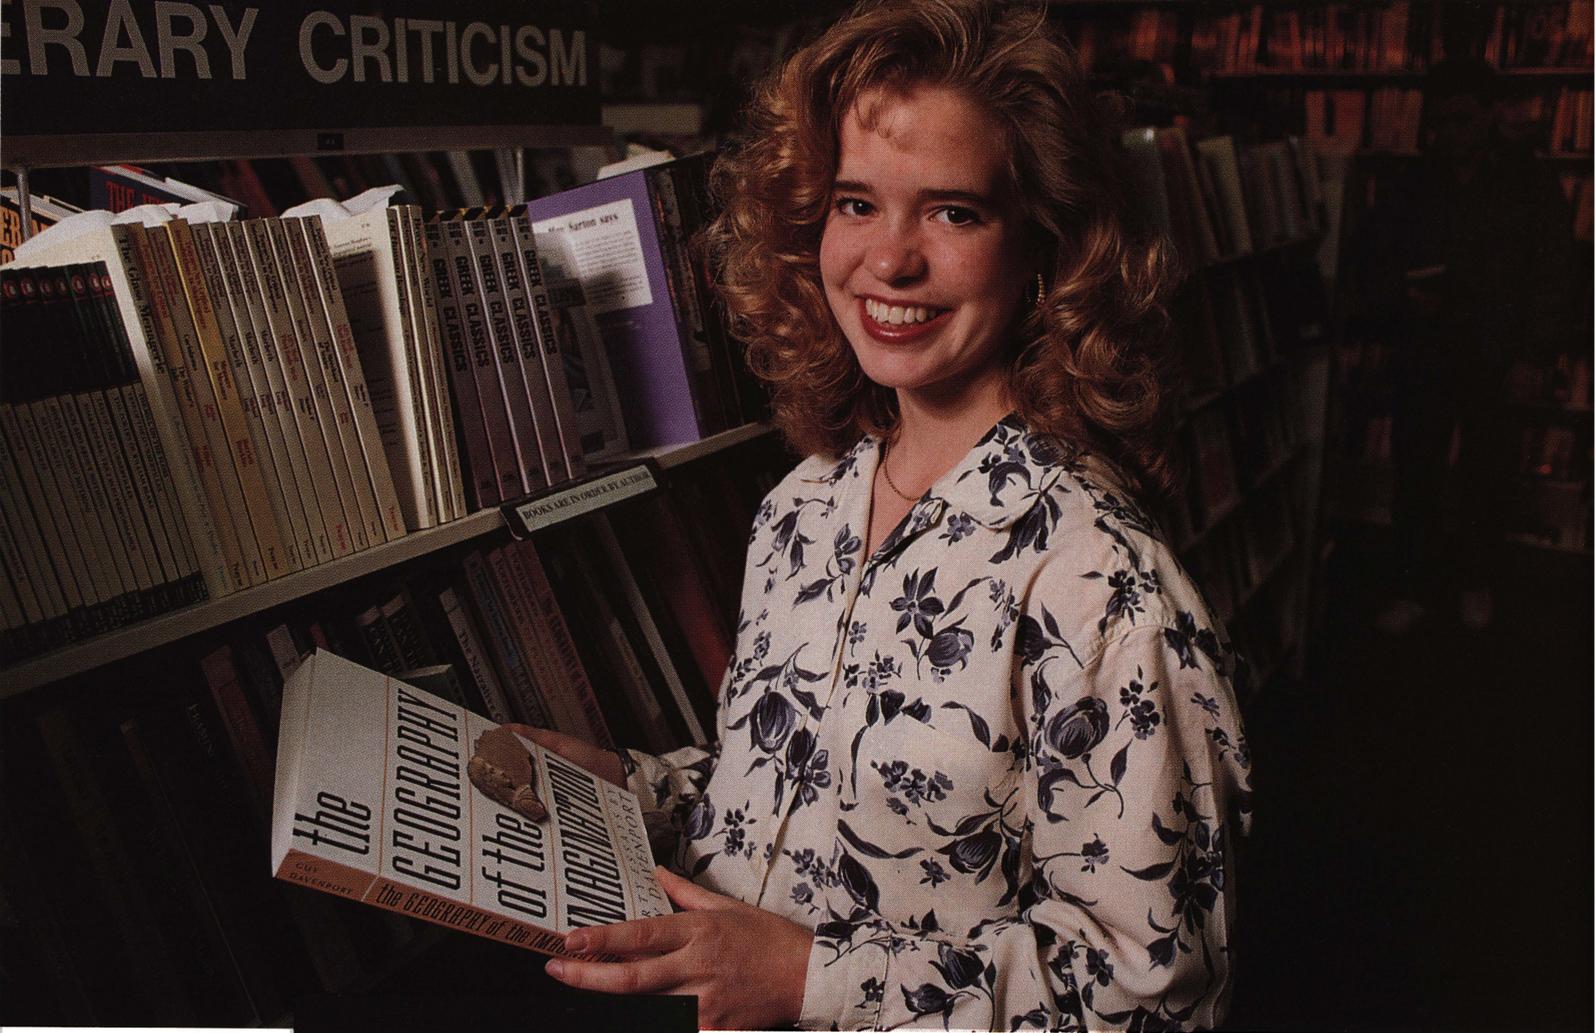

All statements in this publication are
announcements of present policies only and are
subject to change at any time without prior
notice. They are not to be regarded as offers to
contract.

 Applicants for admission and employment,
students, employees, sources of referral
applicants for admission and employment, and all
unions are hereby notified that this institution does not
discriminate on the basis of race, color, religion,
national origin, ancestry, sex, age, disability, status as
disabled veteran or veteran of the Vietnam era in
admission or access to, or treatment or employment in,
its programs and activities. Any person having
inquiries concerning the University of Missouri-
Columbia's compliance with the regulations
implementing Title VI of the Civil Rights Act of 1964,
Title IX of the Education Amendments of 1972, or
Section 504 of the Rehabilitation Act of 1973 is directed
to contact the Assistant Vice Chancellor, Personnel
Services/Affirmative Action, University of Missouri-
Columbia, 130 Heinkel Building, Columbia, Mo.,
65211, (314) 882-4256. The Assistant Vice Chancellor,
Personnel Services/Affirmative Action has been
designated by the University to coordinate the
institution's efforts to comply with the aforementioned
regulations. Any person may also contact the Assistant
Secretary for Civil Rights, U.S. Department of
Education, regarding the institution's compliance with
these regulations.

Additionally (as stated in the University of Missouri-
Columbia Nondiscrimination Resolution approved by
the Faculty Council, Staff Advisory Council, and
endorsed by appropriate representatives of the
undergraduate, graduate, and professional students),
equal opportunity shall be provided for all faculty,
students, staff, and applicants for employment or
admission without discrimination on the basis of race,
color, religion, national origin, ancestry, sex, age,
disability, or sexual orientation. Any person having
inquiries concerning the University of Missouri-
Columbia's compliance with this nondiscrimination
resolution is encouraged to contact the Assistant Vice
Chancellor, Personnel Services/Affirmative Action,
University of Missouri-Columbia, 130 Heinkel
Building, Columbia, Mo., 65211, (314) 882-4256.

ON COURSE

Jill Morris, 20
 Sophomore
 Geography and journalism
 Blue Springs High School
 Blue Springs, Mo.

if you drew a financial map of Jill Morris' college career, she'd be a river flowing toward her goal of writing for *National Geographic* magazine. All along the way, Jill would be gaining momentum from tributaries — scholarships, work-study, loans and awards.

"The cost of education can be intimidating at first, but there are a lot of different ways to finance your education. I've proven that.

"First of all, I'm a Curators Scholar, which pays my tuition. I work in the Admissions office 10 to 15 hours a week. That goes toward my living expenses. I've had a Stafford Loan both years. And I've applied for a lot of scholarships that the Financial Aid Office helped me locate with the Scholarship Search Service. And you can apply this funding toward the Study Abroad program. I'm going to France this summer."

MU offers more options for financing your college degree. Some students work for Dining Services in exchange for meals. Others help themselves and departments all over the University by holding work-study jobs in labs, libraries or even the Student Recreation Center.

"Aside from classroom learning, I'm also gaining skills for the working world and learning how to balance work, study, social life and activities."

Count the advantages

- ▶ MU is a huge educational bargain — we're listed in *How to Get an Ivy League Education at a State University*. **And we don't hide the price: A year costs \$8,000 for Missouri freshmen.** That's everything from fees to fun money.
- ▶ Last year, MU students received more than \$60.3 million in financial aid and scholarships.
- ▶ Two out of three students receive some form of financial assistance.

Mizzou is a bargain, with an entire year costing only \$8,000 for a Missouri freshman. That includes room and board as well as spending money and transportation costs. *Money* magazine says MU provides superior educational value for the money, and MU is listed in *The Best Buys in College Education*, which profiles colleges that offer high-quality education at a reasonable cost. Also, we offer various scholarships, grants and loans that can keep costs even lower. More than two-thirds of 1991-92 freshmen received a scholarship or financial aid.

More info Booklets on scholarships and financial aid at MU are available in your counselor's office. Or, contact the MU Financial Aid Office, 11 Jesse Hall, Columbia, Mo. 65211. With questions about financial aid, call us toll free at 1-800-225-6075. Outside of Missouri, call (314) 882-7506.

► Scholarship Search Service

The Financial Aid Office provides a computerized Scholarship Search Service that lists scholarships, loans, work co-op programs, fellowships and other financial resources. More than 180,000 awards from 20,000 external sources are included. Some awards are based on merit, others on financial need. Federal financial aid programs are not included.

Want to attend a "Public Ivy League" school for a fraction of the cost?

Ready? To start the search, indicate your interest on the return card on the back cover flap. We'll mail you an application to fill out and return with a \$15 fee. The best time to use MU's Scholarship Search Service is in the fall, since many scholarship application deadlines are in February or March.

► Scholarships

Most scholarships recognize academic excellence, but other factors can give you an edge, such as: your college major, financial need, the high school you attended, your hometown. The best place to begin, and the main source of scholarship information, is your high-school guidance counselor. To get a booklet on scholarships and an application, call 1-800-225-6075. The deadline for applications is Feb. 1. MU students receive

hundreds of scholarships.

Some are described below.

Bright Flight: \$2,000 a year

- Missouri resident
- ACT or SAT score in the top 3 percent of all Missouri students taking those tests during the year you graduate from high school

Enrolled as an undergraduate student
This scholarship is renewable and can be combined with other scholarships you may receive. The state legislature established the scholarship to encourage talented Missouri students to attend a Missouri college. Information is sent to Missouri high schools by the Coordinating Board for Higher Education.

Brooks Scholars: \$6,500 a year for Missouri residents; \$9,500 for non-residents

- Minority students
- Top 10 percent of high-school class
- High ACT score

This scholarship is renewable for four years. Nominations are encouraged from high-school principals and counselors.

Chancellor's Leadership Class: \$500 for one year

- Leadership potential
- Academic ability

Applications are available from your high-school guidance counselor.

FINANCIAL AID & SCHOLARSHIP TIMETABLE

October/November

Obtain the free ACT pamphlet, *Applying for Financial Aid*, which describes the aid programs and application procedures, from your guidance office. Obtain MU's Scholarships booklet at the address below.

December

Obtain a financial aid application from your counselor. You may use the ACT Family Financial Statement, the CSS Financial Aid Form or the USA Group SINGLEFILE Form.

January/February

Complete and mail your financial aid application form by March 1 to receive priority consideration for financial aid. Applications mailed after March 1 will be processed on funds-available basis. Feb. 1 is the deadline for many scholarships. Submit scholarship applications by Feb. 1.

Mid-March/April

Financial aid awards mailed to all freshmen and transfer students who meet the March 1 priority application deadline. For additional information contact the MU Financial Aid Office, 11 Jesse Hall, Columbia, Mo. 65211. Or call us toll free from Missouri at 1-800-225-6075. Local or out-of-state residents should call (314) 882-7506.

Curators Scholars: Pays

the educational fee (about \$2,280 a year)

- Missouri high-school graduate
- Top 3 percent of high-school class at the end of six semesters
- ACT composite of at least 26

This scholarship is fully or partially renewable depending on grade point average. Nomination from high-school counselor or principal due March 15.

Excellence Awards: \$500

- ACT composite of at least 26
- Top 15 percent of graduating class in high school

This award, which is renewable for one year with a 3.25 grade point average, is automatic if you meet the qualifications and apply for admission. You will be notified shortly after your acceptance for admission.

General Scholarships: Amounts vary

The MU Financial Aid Office has more than 100 general scholarships available. In addition, MU schools and colleges each offer dozens of scholarships. For details, see the MU Scholarship Booklet in your counselor's office. Or, write the MU Financial Aid Office, 11 Jesse Hall, Columbia, Mo. 65211, or call toll free 1-800-225-6075. Outside of Missouri, call (314) 882-7506.

MU Scholars: Pays half the educational fee (about \$1,140)

- Missouri high-school graduate
- Top 5 percent of your class at the end of six semesters
- ACT composite of at least 27

This scholarship is renewable for one year with a 3.25 grade point average. Applications are available from your high-school guidance counselor.

Mizzou Alumni Scholars: Amounts vary

- Top 25 percent of class
- Involved in high-school activities

This scholarship is offered only in specific Missouri counties in which there is an active alumni chapter. For information, contact your local alumni chapter or the MU Alumni Association, 123 Donald W. Reynolds Alumni and Visitor Center, Columbia, Mo. 65211, (314) 882-6611.

National Merit and Achievement Scholars: \$1,000 to \$2,000 a year; out-of-state tuition also paid for non-residents

These are determined by your score on the PSAT/NMSQT. Students are recommended to the University by the National Merit Corp. Recipients of National Merit and National Achievement scholarships should submit a Family

Financial Statement or SINGLEFILE Form and name MU as their first choice of schools. ROTC Scholarships: Pays educational fees and other costs for Missouri and out-of-state residents

Army and Air Force ROTC scholarships

cover full fees, books and lab costs as well as \$100 monthly during fall and spring semesters. Students qualify for scholarships through national and local competitions. Applications are available from your local recruiter or high-school counselor. Or contact Air Force ROTC, 217 Crowder Hall, Columbia, Mo. 65211, (314) 882-7621; or Army ROTC, 202 Crowder Hall, (314) 882-7721.

Special Events Scholarships: Amounts vary

These are awarded to Missouri residents through the colleges of Agriculture, Food and Natural Resources (all departments); Arts and Science

(departments of music, communication and theater); and Education (industrial education department). For more information on other scholarships available through MU schools and colleges, see the General Scholarships section above.

Special Talent Scholarships: Pays one-half the educational fee (about \$1,140)

Academic divisions that accept freshmen make the determination. Two awards are given in each division.

Tuition Scholarships: Pays out-of-state tuition

- Residents or a dependent of a resident of neighboring states who live in a county contiguous to the state of Missouri
- Accrue a Missouri personal income tax liability and show evidence of payment

For an application or more information, contact the Residency Office, 123 Jesse Hall, Columbia, Mo. 65211, (314) 882-3852. The scholarship must be applied for each year.

Several scholarships are mutually exclusive; you cannot use one in connection with another. They are Curators Scholars, MU Scholars, Excellence Awards and Special Talent.

► **Financial Aid**

Who gets financial aid? Most aid is based on need. But need does not mean needy. To determine need, subtract the amount you and your family are expected to contribute toward college from the cost of attending MU. The remainder, if any, is considered need.

How is the expected family contribution determined? The U.S. Congress has developed a formula that takes into consideration family income and assets, family size, the number of children in college and many other factors to arrive at your expected family contribution. Since this is a standard formula for all colleges in the nation, your expected family contribution would be the same no matter where you go to college.

The forms You and your family provide the information needed to process the Congressional formula when you apply for financial aid. To apply you may use one of the following forms: the ACT Family Financial Statement, the CSS Financial Aid Form or the USA Group SINGLEFILE Form. Your high-school guidance counselor has these forms.

Once MU knows your financial need, we try to meet this need with one or more of the following programs:

- **Pell Grants:** for undergraduates and don't have to be paid back.
- **Supplemental Educational Opportunity Grants:** for undergraduates with

exceptional financial need and don't have to be paid back.

- **Missouri Student Grants:** for undergraduates and don't have to be repaid.
- **College Work-Study:** provides part-time employment for students.
- **Perkins Loans:** low-interest loans made by schools, which must be repaid.
- **Stafford Loans (formerly Guaranteed Student Loans):** low-interest loans made by banks and other lenders. They must be repaid.

Remember, you can apply for all of these programs by completing the ACT Family Financial Statement or the CSS Financial Aid Form or the USA Group SINGLEFILE Form.

- **Parent Loan:** The Parent Loan for Undergraduate Students (PLUS) is not based on need. Parents may borrow up to \$4,000, depending on eligibility. Repayment begins while students are in school. The loan has a variable interest rate with a maximum rate of 12 percent. Parents may apply for a PLUS loan whether you qualify for financial aid or not.

► **Annual Costs**

Educational Fee-\$2,280 This figure is based on 14 credit hours for two semesters. The 1992-93 rate is \$81.40 per credit hour for a resident of Missouri. The fee is \$243.40 per credit hour for a non-resident. In addition, all students pay an activity fee, which is \$155 for 1992-93, an annual student health fee of \$95, and an instructional computer fee of \$4 per credit hour. Other mandatory fees apply to students in engineering, journalism and music. These fees may change.

Room and board-\$3,160 This is the 1992-93 cost of a double-occupancy room in a residence hall, 20 meals a week (no Sunday evening meal) and includes a \$20 social fee. Students also may choose a 14-meal option or a 10-meal option at slightly lower costs. Residence hall costs may be paid by the year, semester or four payments each semester. Financial aid recipients are expected to pay by the semester.

Miscellaneous other costs include books and supplies, estimated at \$510, and personal expenses, such as entertainment, laundry, cleaning, student health insurance, transportation and miscellaneous items, estimated at \$1,688. The total cost for a Missouri freshman is about \$8,000 for the nine-month academic year at MU. The out-of-state cost is about \$12,536 for the school year.

No matter where you go to school, your expected family contribution is the same.

At \$8,000 a year, MU's costs are reasonable. But the benefits are priceless. What you'll learn, the people you'll meet and the career you'll set in motion at MU will mark a new phase of your life.

EASY PAYMENT PLAN

| Due Date | Fees* | Room & Board | Books | Total |
|--------------|----------------|--------------|-------|----------------|
| July 15 | \$270 | \$323 | \$52 | \$645 |
| August 15 | \$270 | \$323 | \$52 | \$645 |
| September 15 | \$270 | \$323 | \$52 | \$645 |
| October 15 | \$270 | \$323 | \$52 | \$645 |
| November 15 | \$270 | \$1,615 | \$260 | \$3,225 |
| Total | \$1,350 | | | \$4,000 |

*Out-of-state students add \$463 in fees (five payments of \$733).
 The above payments include a 1 percent interest charge per month.

For more information call (314) 882-3097

PLANNING AHEAD

John Dyer, 20
Sophomore
Biochemistry/premedicine
Central High School
St. Joseph, Mo.

as a Conley Scholar, John Dyer is guaranteed admission to MU's medical school, and he's already planning for the possibility of practicing in rural Missouri.

"I'll be taking a class on Amish culture through the Honors College, partly because I may be treating Amish patients. But also, like honors classes in general, it'll be a broadening experience.

"Some honors classes are for Conley Scholars alone. For example, my Topics in Medicine class brought in speakers each week on a different aspect of the medical field. And I took a short course on sterile technique so I could observe surgeries at University Hospital."

John says he's learning more than academics in his classes.

"Many of my classes have had discussion groups or have encouraged people to solve problems together. So, I'm learning how to work with people and accomplish things even at a first meeting."

Students interested in studying law can take advantage of a similar program called Roberts Scholars, which guarantees admission to MU's School of Law.

Count the advantages

- ▶ We're the academic fast track. Our honors admission programs, the only ones in Missouri's public institutions, allow high-school seniors to reserve a place in MU's law school or medical school.
- ▶ Our freshman retention rate is a full 81 percent, the best of Missouri's public colleges and universities.
- ▶ MU is one of the most comprehensive universities in the nation.
- ▶ The 1991 freshman class at MU had the highest mean composite ACT score in the Big Eight. According to the *Gourman Report* on 1,000 schools worldwide, Missouri boasts the best undergraduate program of any public college or university in the state.

What's your major? Since MU offers nearly 250 degree programs, we can suit almost any interest. You don't have to declare a major right away, so there's time to explore your interests.

If you decide to change majors later, it's easy. You don't have to change campuses.

MU has two semesters a year, with summer sessions also available.

Advanced degrees If you plan to earn a master's degree or even a PhD, you'll be in the right place. MU has the most extensive array of graduate programs in the state, in addition to three professional schools: law, medicine, veterinary medicine.

For information about how to start your college career at MU, call 1-800-225-6075 from Missouri, or call (314) 882-2456 from outside the state.

► Off to a good start

Learn where to turn. For the best start at MU, enroll in the optional class — First Year Experience Course: Learning Strategies For College Students.

Nuts 'n' bolts The course covers health, campus resources, class survival skills such as note taking, time management, test-taking and listening strategies. Also, learn how to register and how to prepare for finals.

Outside speakers discuss such topics as racism and discrimination, abusive behavior, sexuality, adjustment to college life and career planning.

How would you like your pick of more than 2,000 courses each semester?

► A community of scholars

For the academic fast track, MU's Honors College provides enriching classes where discussion and student participation are key. These small, seminar-type courses provide great opportunities for expressing yourself and interacting closely with professors and classmates.

Goals and accomplishments The Honors College fosters skills in critical thinking and scholarship as well as encouraging students to strive for their personal best.

Honors students with 20 credit hours in honors courses earn an Honors Certificate

and can graduate with honors by completing a senior research project.

Eligibility 1) ACT composite of at least 28, 2) top 10 percent of your high-school class.

Med school or law school Our honors admission programs, the only ones in Missouri's public institutions, allow high-school seniors to reserve a place in MU's law school or medical school. These students also qualify to take Honors College courses. To learn more, call (314) 882-3893.

► Study abroad

Want to study and see the world? Through agreements with universities around the globe, MU students can study abroad for a few weeks, a semester or an entire year.

The Center for International Programs and Studies has detailed information on MU's 14 programs and general information on more than 2,000 other study-abroad programs.

Your freshman year is a good time to plan for studying in a foreign country, because most programs are open to those with sophomore status or above.

Prices They're reasonable, and financial aid can usually be applied to your expenses.

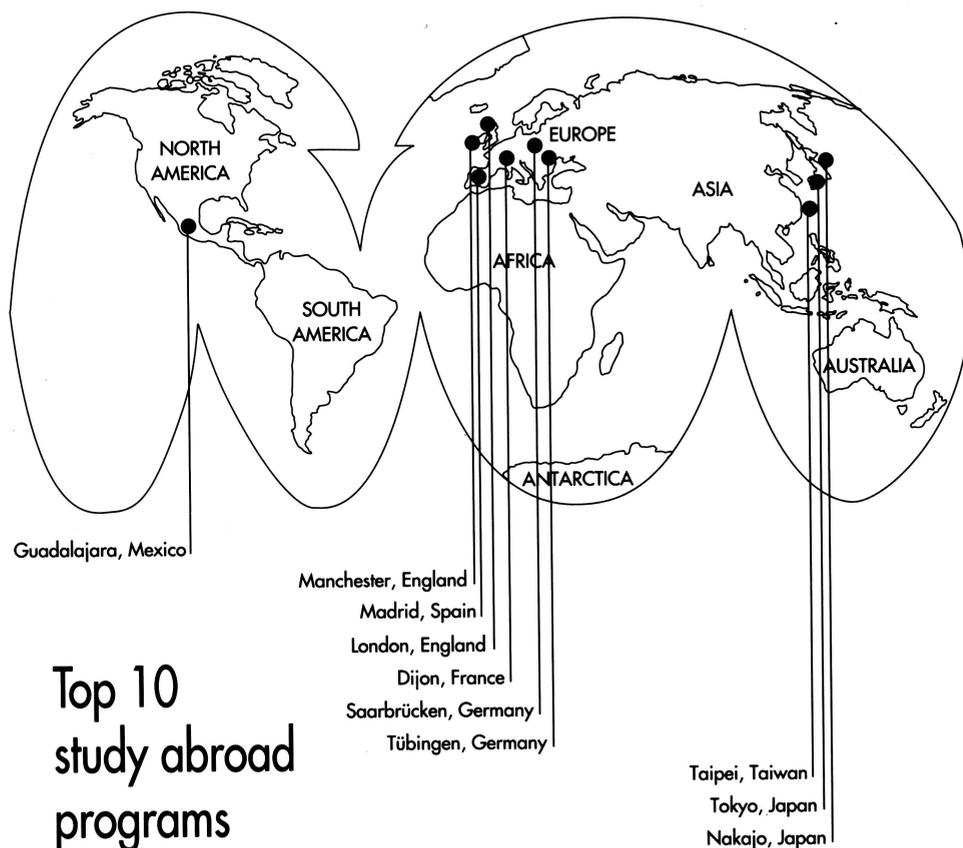

Depending on the program you choose, a semester costs from \$4,000 to \$9,000, full-year programs range from \$6,800 to \$13,000, and an average summer program costs \$3,500. Not bad for the experience of a lifetime. To learn more, call (314) 882-6007.

► Learning outside of class

For times when academics mean more than what you can learn in class, you'll find that MU is a self-contained academic city. Our main library has 2.5 million volumes and is part of the largest research collection in Missouri. It boasts more than 200 databases and a computerized card catalog. Some schools and colleges, such as journalism, medicine, law and engineering, have their own libraries.

We've also got museums of anthropology and of art and archaeology that give you rare chances to learn from rare pieces.

Communications is big at MU. So big we're the only public university in the nation with a campus-owned commercial television station — NBC affiliate KOMU. We also have a daily newspaper covering mid-Missouri, and an NPR radio station where journalism students learn their craft.

Because we offer so many degree programs, you can find your place in the sun. MU attracts the brightest students with programs like the Learning Center and the First Year Experience Course, which teaches freshmen survival skills such as time management, test taking and listening strategies.

► Schools and colleges

College of Agriculture, Food and Natural Resources

2-64 Agriculture Building
Columbia, Mo. 65211 (314) 882-8301

- The college annually awards more than \$250,000 in scholarships to its students.
- Last year, 115 companies conducted 923 interviews with the college's students.
- A one-on-one faculty advisement system provides students individual attention and support.
- Diversity: Programs cover animal sciences, biochemistry, plant sciences, natural resources, agricultural journalism, food sciences and engineering, hotel and restaurant management.

School of Natural Resources

- The school is Missouri's only comprehensive educational program with accredited/certified majors in the natural resource areas of atmospheric science, fisheries and wildlife, forestry and parks, recreation and tourism.

- Outdoor field activities are emphasized in all majors.

College of Arts and Science

107 Lowry Hall
Columbia, Mo. 65211 (314) 882-6411

- The college offers nearly 1,000 sections of courses each semester. This size allows for exceptional diversity of degree programs.
- More than 99 percent of the college's 425 faculty members have the highest degree possible in their disciplines. Most years, faculty publish about 450 articles in refereed journals. They also publish about two dozen books annually.
- Many of the college's 30,000 alumni enjoy leadership positions in their fields. A few examples: Martha Griffith, former lieutenant governor of Michigan; Linda Bloodworth-Thomason, executive producer of *Designing Women* and *Evening Shade*; William Least Heat Moon, author of *Blue Highways*; Mort Walker, cartoonist.

- Undergraduates can take advantage of some unique programs: A geology summer field camp is one of the oldest and best in the U.S.; the *Missouri Review* is one of the country's premier literary magazines; the Summer Repertory Theatre gives students a chance to work with professional actors.

School of Fine Arts

- The school offers a variety of degrees and innovative courses in art, music and theater.
- The school's music department features full-time faculty ensembles whose members have performed and taught internationally, and are available for individual instruction.
- The MU Black Theatre Workshop production of *Strands* was selected as one of the five best college productions in the country by the American College Theatre Festival in 1992.
- George Caleb Bingham was the school's first art professor.

College of Business and Public Administration

137 Middlebush Hall
Columbia, Mo. 65211 (314) 882-7073

- Students in Business and Public Administration earn either a Bachelor of Science in Accountancy or in Business Administration.
- B&PA ranks in the top 12 percent of schools accredited by the American Assembly of Collegiate Schools of Business.
- Freshmen may apply for the Sam M. Walton Scholarships in Business, which are renewable \$5,000 annual awards. Overall, B&PA awards approximately \$380,000 in scholarships yearly.
- Approximately 200 companies recruit at the college each year, conducting more than 3,000 interviews.
- The college enrolls approximately 1,000 undergraduates with average ACT scores of 25.2 and an average grade point average of 2.99.

School of Accountancy

- The school of accountancy is the only one in Missouri that has received separate accreditation by the American Assembly of Collegiate Schools of Business.
- MU's accountancy graduates are actively recruited by public accounting firms, corporations and government agencies.

College of Education

102 Hill Hall
Columbia, Mo. 65211 (314) 882-7831

- Education students average ACT score of 25 ranks it in the top 20 percent nationally.
- Students achieve the highest College Basic Academic Subjects Examination scores for teacher education students at public colleges and universities in Missouri.
- In seven of the college's 12 programs, MU education students averaged in the top 20 percent nationwide on the Area Specialty Tests of the National Teacher Examination.
- The college's placement office provides job-search training, hosts on-campus interviews, and maintains a computer referral system to link the college with school administrators. During the past five years, 90 percent of students registering with the office were placed.

College of Engineering

W1025 Engineering Building East
Columbia, Mo. 65211 (314) 882-4375

- The college recently completed a new building and renovation projects totaling \$17 million.
- An undergraduate engineering honors program offers research and advanced design opportunities.

- The college's career program helps with job placement and co-op positions.
- In addition to internal scholarships and fellowships, the college helps students find funds and experience at sources outside of MU.

School of Health Related Professions

504 Lewis Hall
Columbia, Mo. 65211 (314) 882-8011

- MU's school is the only publicly funded comprehensive allied health program in Missouri with an academic health center.
- Career opportunities have never been brighter. The school's graduates have a 95 to 100 percent placement rate.

College of Human Environmental Sciences

113 Gwynn Hall
Columbia, Mo. 65211 (314) 882-6424

- First in the Big Eight, the college consistently ranks among the top 10 of more than 350 programs in the nation.
- With about 1,100 undergraduate students, the college is among the largest in its field.
- Students are taught and advised by leading researchers.
- A unique and important feature of the college is the extensive use of advisory boards composed of industry leaders.

School of Social Work

- The school prepares students to work with troubled individuals, families and communities in the areas of substance abuse, family violence, foster care, adoption and mental health.
- The school, which has the only public graduate program in Missouri, is accredited by the Council on Social Work Education for graduate and undergraduate study.

School of Journalism

120 Neff Hall
Columbia, Mo. 65211 (314) 882-4821

- MU's School of Journalism, founded in 1908, is the first in the world. In two surveys, the school's print and broadcast journalism programs were ranked first in the country by professional journalists.
- The University of Missouri has the only commercial, network-affiliate television station in the U.S. at which journalism students report, produce and present the news.
- MU's *Columbia Missourian* is the only commercial daily newspaper in the U.S. at which journalism students learn under the supervision of professional faculty editors.

School of Library and Informational Science

104 Stewart Hall
Columbia, Mo. 65211 (314) 882-4546

- The school is the only one in Missouri accredited by the American Library

Association.

- More than 90 percent of the school's graduates find positions within one semester of graduation.

School of Nursing

S235 Nursing School Building
Columbia, Mo. 65211
(314) 882-0277 1-800-437-4339

- More than three-fourths of last year's graduates accepted positions in Missouri. Salaries ranged from \$22,000 to \$30,000.
- MU's baccalaureate nursing graduates have an excellent record of passing the National Council Licensure Examination for Registered Nurses, which licenses nurses to practice.

Graduate School

210 Jesse Hall
Columbia, Mo. 65211 (314) 882-6311

- MU has the most extensive graduate program in Missouri, offering master's, educational specialist and doctoral degrees.
- As a major research university, MU offers opportunities not found at colleges lacking doctoral graduate programs.

School of Law

203 Hulston Hall
Columbia, Mo. 65211 (314) 882-6487

- The law school is consistently ranked in the top third of U.S. law schools.
- The Roberts Scholars Honors Admission Program guarantees a place in MU's law school to students meeting special requirements.
- Classes are held in a new law building that has won national architectural awards.
- The school reviews 1,200 applicants for 150 places each year.

School of Medicine

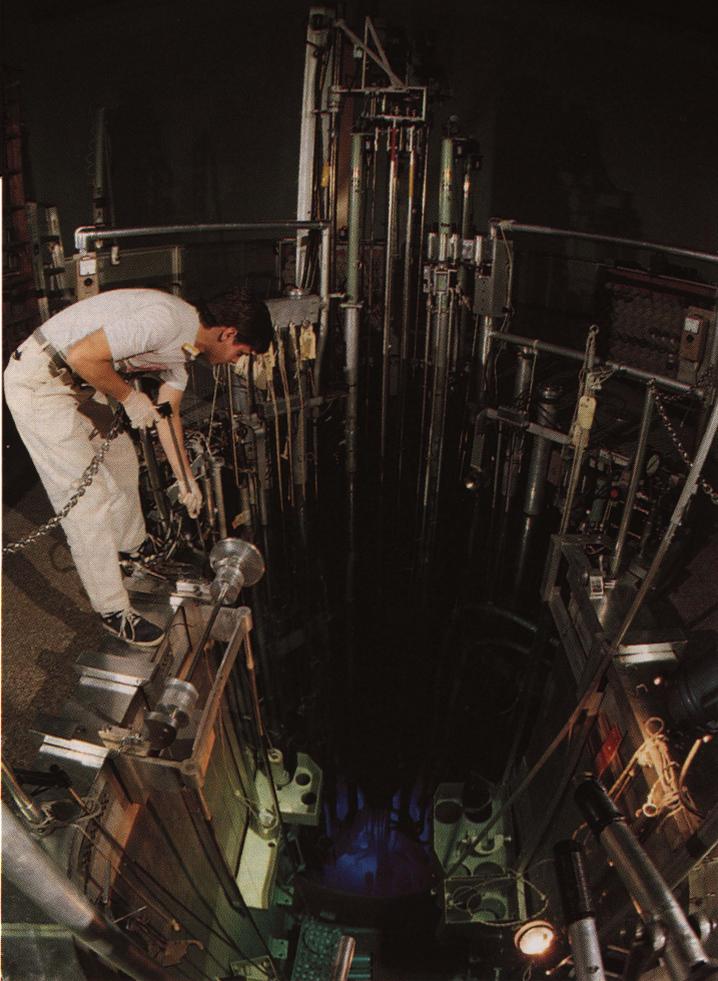

MA204 Medical Science Building
Columbia, Mo. 65211 (314) 882-2923

- A state-of-the-art facility, the University Hospital and Clinics serves patients from every county in the state, meeting their primary, secondary and tertiary health-care needs.
- Through the Conley Scholars Program, approximately 30 high-school seniors are selected annually for guaranteed acceptance into the school. The application eligibility requirement is a score of either 30 on the ACT or a total of 1,300 on the SAT.

College of Veterinary Medicine

W203 Veterinary Medicine Building
Columbia, Mo. 65211 (314) 882-3877

- A new veterinary teaching hospital to be completed in 1993 will combine equine, food animal and small animal clinics.
- All of last year's graduating class landed jobs in veterinary medicine.

Go ahead and ask. A great way to get ahead academically is to spend time with MU's professors, many of whom have the highest possible degrees available in their fields.

Many undergraduates conduct research. At a large research university such as MU, the opportunities are there for students who want them.

MU's culture is as diverse as its courses. Students represent more than 100 countries in addition to every state in the United States. If you like crossing borders, check out the International Bazaar, study-abroad programs and the Honors-International residence hall option.

DEGREES

COLLEGE OF AGRICULTURE, FOOD & NATURAL RESOURCES

Agricultural Economics (BS, MS, PhD)
 Agricultural Education (BS)
 Agricultural Journalism (BS)
 Agricultural Mechanization (BS, MS)
 Agronomy (BS, MS, PhD)
 Animal Sciences (BS, MS, PhD)
 Biochemistry (BS, MS, PhD)

AROUND THE WORLD IN A RESIDENCE HALL

Mamata Reddy, 21
Senior
Journalism and philosophy
Poplar Bluff Senior High School
Poplar Bluff, Mo.

in a residence hall that matches honors students with roommates from all over the world, Mamata Reddy says you can see how mixing cultures changes everyone for the better.

Mamata, a resident assistant, has seen the metamorphosis.

"First, they are all doing their own thing. A couple of weeks later, people are hanging out in very diverse groups. Next, American students start taking their international roommates home over Thanksgiving, spring break, or just for dinner. Finally, friendships are forming between people living at opposite ends of the hall.

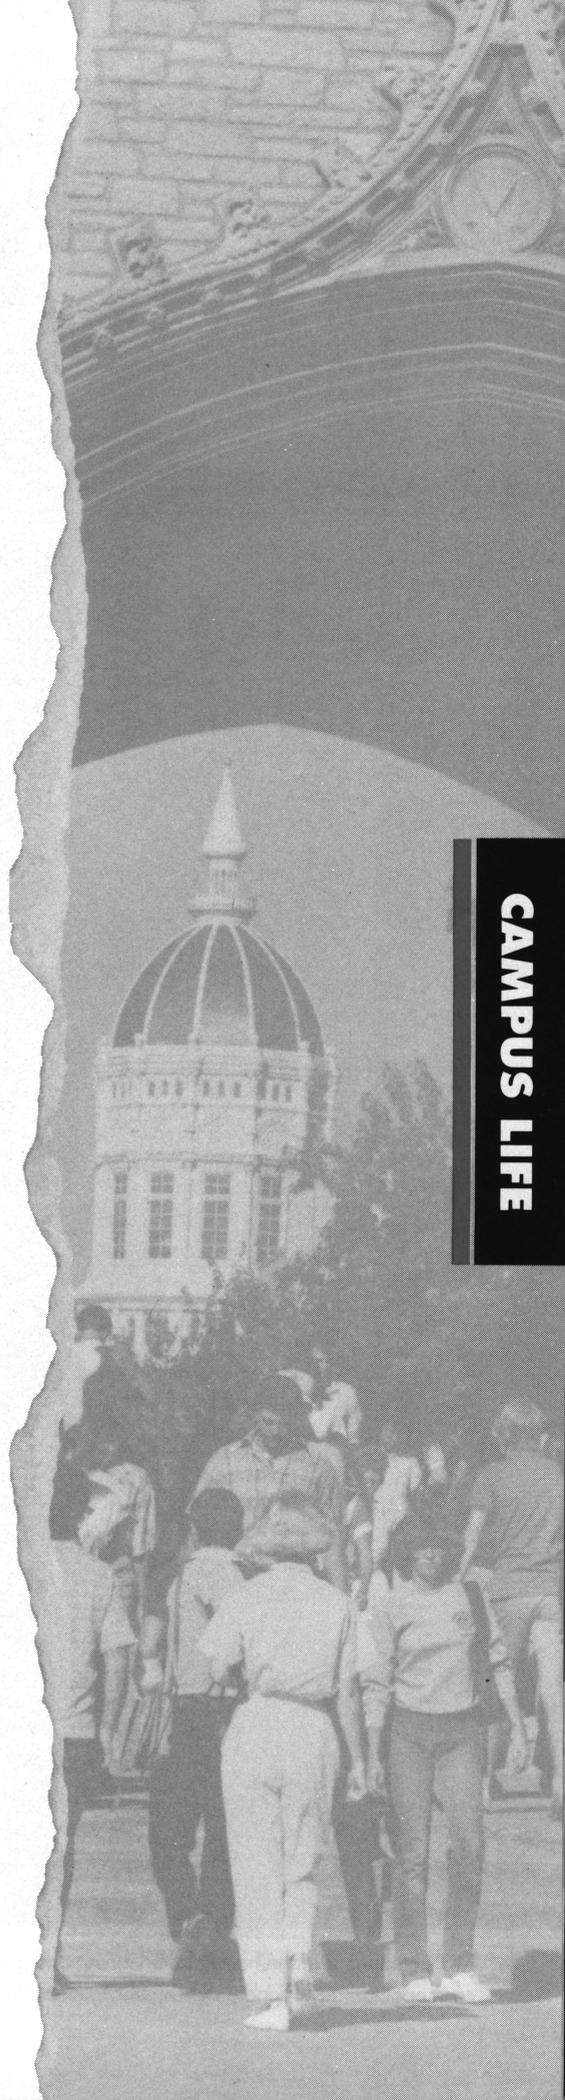

"It's a miracle, really. This has been my most rewarding year. It's a kind of educational experience and a place to live at the same time."

Mamata says the international students present monthly programs featuring their cultures. Students come from all over Europe as well as Australia, Russia, Japan and some Indonesian countries.

"We learn about their countries, language, food — there's no telling what we might find out."

Count the advantages

- ▶ Students from 110 countries live and learn on campus. That diversity keeps things interesting.
- ▶ It's impossible to be bored after you close your books at MU. Our 360 student organizations have the people and programs to pique your interest.
- ▶ If your fun involves physical exertion, you'll find the right workout and partners at MU's recently renovated Student Recreation Center.
- ▶ The town of Columbia, which overlaps campus, has the same cosmopolitan feel. Its citizens and students demand variety, and they get it. Art, theater, food and shopping are in abundance.

CAMPUS LIFE

Your new home at MU offers the advantages of a large residential campus within a thriving community.

Classrooms, coffee shops, recreation, theaters, restaurants, shopping and galleries are all just a leisurely stroll from our residence halls.

Campus organizations allow you a chance to get involved and meet others.

▶ Your campus home

Residence halls are a great place to make friends, find study partners and become part of a close community. Freshmen are not required to live on campus, but most choose

to do so. The yearly cost is reasonable at \$3,160, which includes a double-occupancy room and 20 meals a week.

About half of the 4,000 students living in the residence halls are freshmen. MU also has 352 apartments for student families.

How far? Residence halls are within easy walking distance of classrooms and have comfortable lounges, study areas and computers with access to the campus mainframe computer.

Niceties Residents are provided local telephone service and cablevision access. You may bring your own computer and TV. Roommates may share a small refrigerator and microwave. Don't forget the popcorn.

Roomies Most of our residence hall rooms are double occupancy, but some private rooms are available at extra cost. Coin-operated washers and dryers are located in each residence hall.

Eats You may eat at any of the four residential

dining halls, which offer unlimited seconds and three meal options: 10, 14 or 20 meals a week.

An option called "The Meal Deal" gives you 20 free meals a week in exchange for your working 10 to 12 hours a week in a residential dining hall. By opening an

GOING DOWNTOWN

MU rests in the heart of Columbia, the nation's 20th most livable city, according to Money magazine.

This is no one-horse town. Columbia is a growing city of more than 68,000 people offering the benefits of large cities, such as art, theater, music, shopping, restaurants and sports. All this is packaged in the atmosphere and convenience of a small town.

When walking downtown on Saturday mornings, don't be surprised when you find a block barricaded for a street basketball tourney or an art show complete with musicians.

Columbians love outdoor exercise, too. Columbia's MKT Fitness Trail rambles through town. If you walk or bike there often, you'll know the regulars in no time.

This town looks after the planet. Columbia is the only city in the nation with a mandatory recycling program that isn't required by state law.

MU's campus, with a budget of nearly \$550 million, is practically a small town itself. On 690 acres, MU fields its own police force, newspaper, television, radio stations and food service facilities.

MU's campus is in the heart of the vibrant and growing city of Columbia. Its citizens are a cosmopolitan and friendly bunch, who gather often at art shows, concerts and farmers markets.

UNLIMITED SECONDS

20 meals a week.....\$1,576
included in total room-and-board cost of \$3,160 (no Sunday evening dinner)

14 meals a week.....\$1,451
included in total room-and-board cost of \$3,015

10 meals a week.....\$1,330
included in total room-and-board cost of \$2,894

THE MEAL DEAL.....20 FREE meals
in exchange for working 12 hours a week in a residential dining hall.

It's easy to fit in at MU. If you can think of it, you can try it — carrying the ball in intramurals, delivering lines in the Way Off Broadway Club or rocking the day away with the Geology Club.

directors. Last year, more than one-third of MU's 3,500 freshmen pledged fraternities and sororities. For more information call (314) 882-8291.

► **An international flavor**

With students from 110 countries on campus, the International Coffee Hour is usually filled to the brim. Between 100 and 150 students

from other countries regularly join with Americans to exchange conversation and customs.

MU's international students extend this rich cultural flavor to traditional American students they meet in their classes across campus. The 1,790 international students attending MU in fall 1990 were enrolled in 14 schools and colleges. They represent Africa, Central and South America, mainland China, Europe, the former Soviet

Union and many other nations.

Minority programs The Office of Minority Student Programs provides academic and personal support services for members of minority groups and sponsors a series of programs to encourage a sense of community within the University.

Programs include the Minority Mentor Program, which helps students adjust to a new environment, use campus resources and finish college. The program also provides a friend to help new students feel a direct link with the University.

MU's Black Studies Program offers a range of courses on the African-American experience. The Black Culture Center houses an extensive black history library.

For more information, call (314) 882-7152.

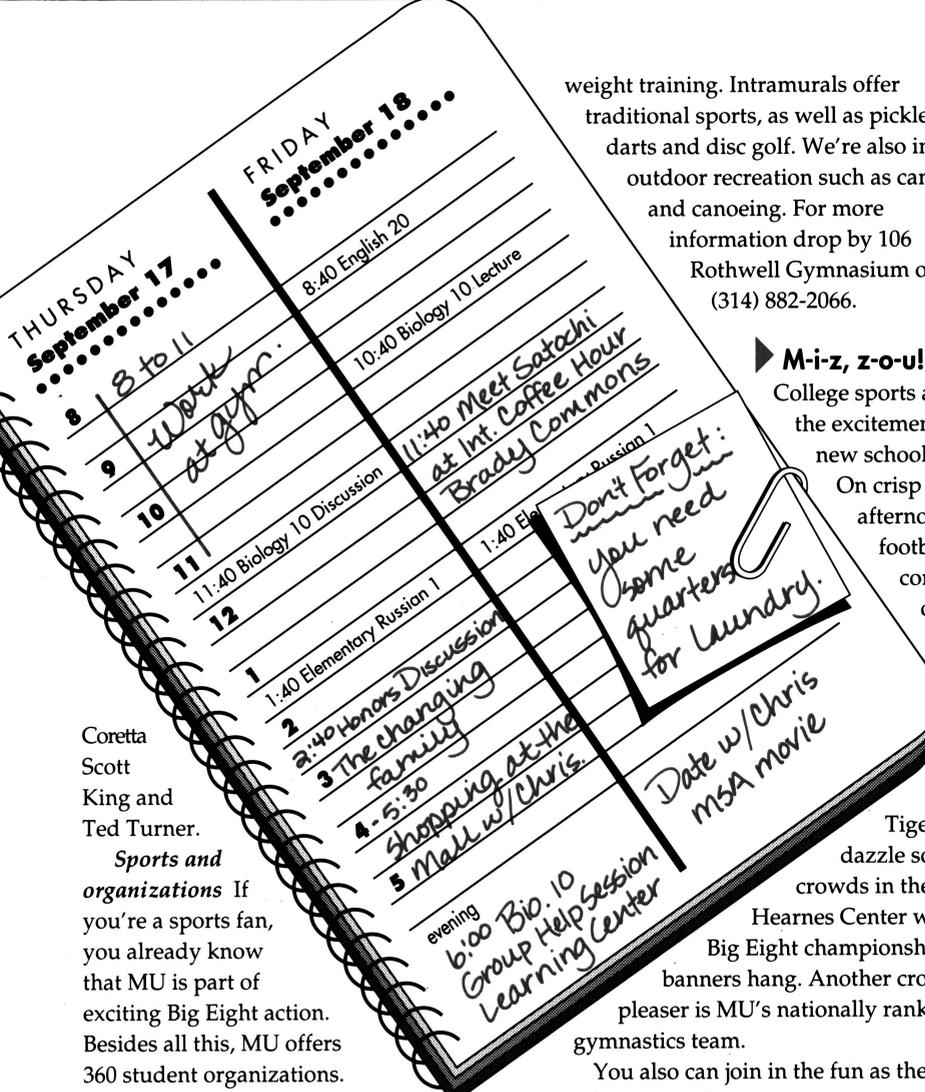

► **So much to do**

The campus is lively and fun, the place to be. MU attracts such big-name entertainers as Van Halen, the American Gladiators, Johnny Cash and Amy Grant. Campus speakers have included George Bush,

UPfront account with \$200, \$150 or \$100, you can use your ID as cash at several campus food service locations.

► **Want to go Greek?**

Fraternities and sororities are private, self-governing groups that have resident

Coretta Scott King and Ted Turner.

Sports and organizations If you're a sports fan, you already know that MU is part of exciting Big Eight action. Besides all this, MU offers 360 student organizations. Learn more about them at the Activities Mart, sponsored each fall by the Missouri Students Association, MU's student government. Or, you're welcome to start your own club.

► For parents only

We invite you to join the MU Parents Association. The association will keep you informed about University policies and procedures, important calendar dates and of common achievements and challenges faced by your student.

Dues of \$20 a family include three issues of a newsletter and a merchandise discount at University Bookstore. Also, the MU Alumni Association has made it possible for MU Parents Association members to receive the *Missouri Alumnus*, a quarterly magazine. To join or for more information, write to the MU Parents Association, 214 Brady Commons, Columbia, Mo. 65211.

► Staying in shape

There's a health club on campus, and you're a member. The Student Recreation Center, renovated and expanded in 1989, is open year 'round for racquetball, basketball, swimming, jogging, tennis, aerobics and

weight training. Intramurals offer traditional sports, as well as pickleball, darts and disc golf. We're also into outdoor recreation such as camping and canoeing. For more information drop by 106 Rothwell Gymnasium or call (314) 882-2066.

► M-i-z, z-o-u!

College sports add to the excitement of the new school year.

On crisp fall afternoons, football fans converge on Faurot Field. The basketball

Tigers dazzle sold-out crowds in the Hearnes Center where Big Eight championship banners hang. Another crowd-pleaser is MU's nationally ranked gymnastics team.

You also can join in the fun as the men's and women's Tigers compete in basketball, baseball, track and cross country, wrestling, swimming and diving, golf, volleyball, softball and tennis.

Tickets A student discount package with tickets for all home sporting events, including football and basketball, costs \$121 for the 1992-93 season. It's your pass to more than 100 Mizzou athletic events at less than \$1 each.

► Fine arts abound

Share your musical talents by joining Marching Mizzou, University Singers, Symphonic Wind Ensemble, University Philharmonic Orchestra or Choral Union. Or try out for parts in productions of the Corner Playhouse, Summer Repertory Theatre or the theater department. Auditions are open to all students, whether you're a music or theater major or not.

Sitting in If you prefer to be part of the audience, the University Concert Series brings first-class performers to campus. Recent performers include classical guitarist Christopher Parkening, the modern dance company Alvin Ailey and the Glasnost Ballet.

Looking on For art exhibits, visit the

George Caleb Bingham Gallery in the Fine Arts Center, and the Museum of Art and Archaeology. The art department also provides a gallery season with 10 exhibitions yearly.

► In the know

Put your creativity to work on the *Maneater*, the student newspaper. Staff positions are open to all students, whether you're a journalism major or not. You also may work at KCOU, an alternative music radio station licensed by the FCC and operated by students.

► Campus hangouts

Your roommate has rented a bad documentary video. Fortunately, you can make a graceful exit by: a) getting a snack at Memorial Union and settling in for people watching on Lowry Mall, b) Heading to the Student Recreation Center for a jog, swim etc., c) taking your film to Brady Commons for developing; or d) catching a basketball game at the Hearnes Center.

The Commons Brady Commons is a favorite place for socializing. It has a grill and a pizza window, the University Book Store, the Computer Spectrum and Candy Etc., which offers snacks, newspapers, sundries and photo developing.

On the lower level, you can bowl, play billiards and video games, or watch your favorite soap. Also downstairs are offices for student organizations, student services and the *Maneater* student newspaper.

On the second floor you will find class registration; a computer lab; the MSA Craft Studio, Photo Darkroom and Gallery; the Women's Center; the Office for Student Development; and meeting rooms.

► Get a head start

Our Summer Welcome program is a great way to make friends and get to know MU before classes begin. The program can help you feel that you're part of MU campus life from Day 1.

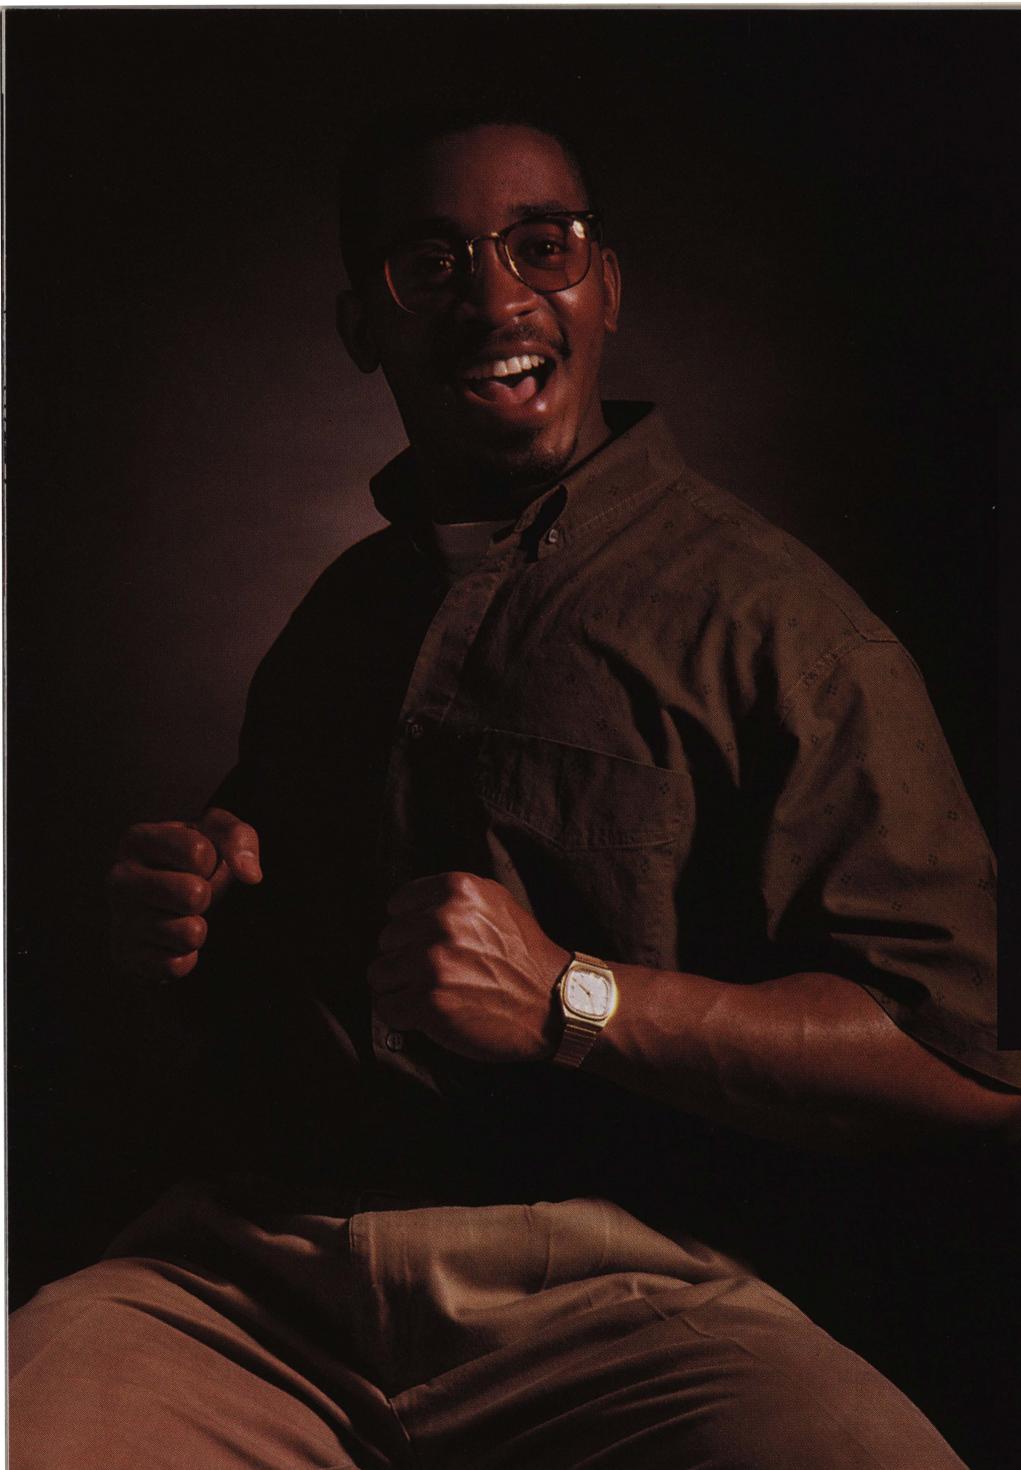

► Special services

MU services for students with physical, visual, hearing and learning disabilities include adaptive testing arrangements, attendant referrals, accessibility information and assistance with classroom accommodations. MU provides accessible classrooms, offices, residence halls and student services.

For more information, call (314) 882-4696. Those with hearing impairments may call (314) 882-8054.

In addition to traditional social events such as decorating for Homecoming, MU has many places for meeting informally with friends to study or socialize. Memorial Union, with its spots for eating, meeting, studying and entertainment, is only a block away from Brady Commons, which has a grill, pizza window and a variety of diversions, such as video games, bowling and a darkroom.

ON STAGE

Michael Wotorson, 25
Graduate student
Political science
St. Patrick's High School
in Monrovia, Liberia
now living in Kansas City

Stop the world and make it listen." That's what Michael Wotorson was able to do as an actor in *Strands*, a production of MU's Black Theatre Workshop. The play, written by an MU student, was performed at the Kennedy Center in Washington, D.C., after winning a regional competition.

"The story of *Strands* is the story of a segment of society that has the

same aspirations as other people, but that constantly has been refused the material means to achieve those goals.

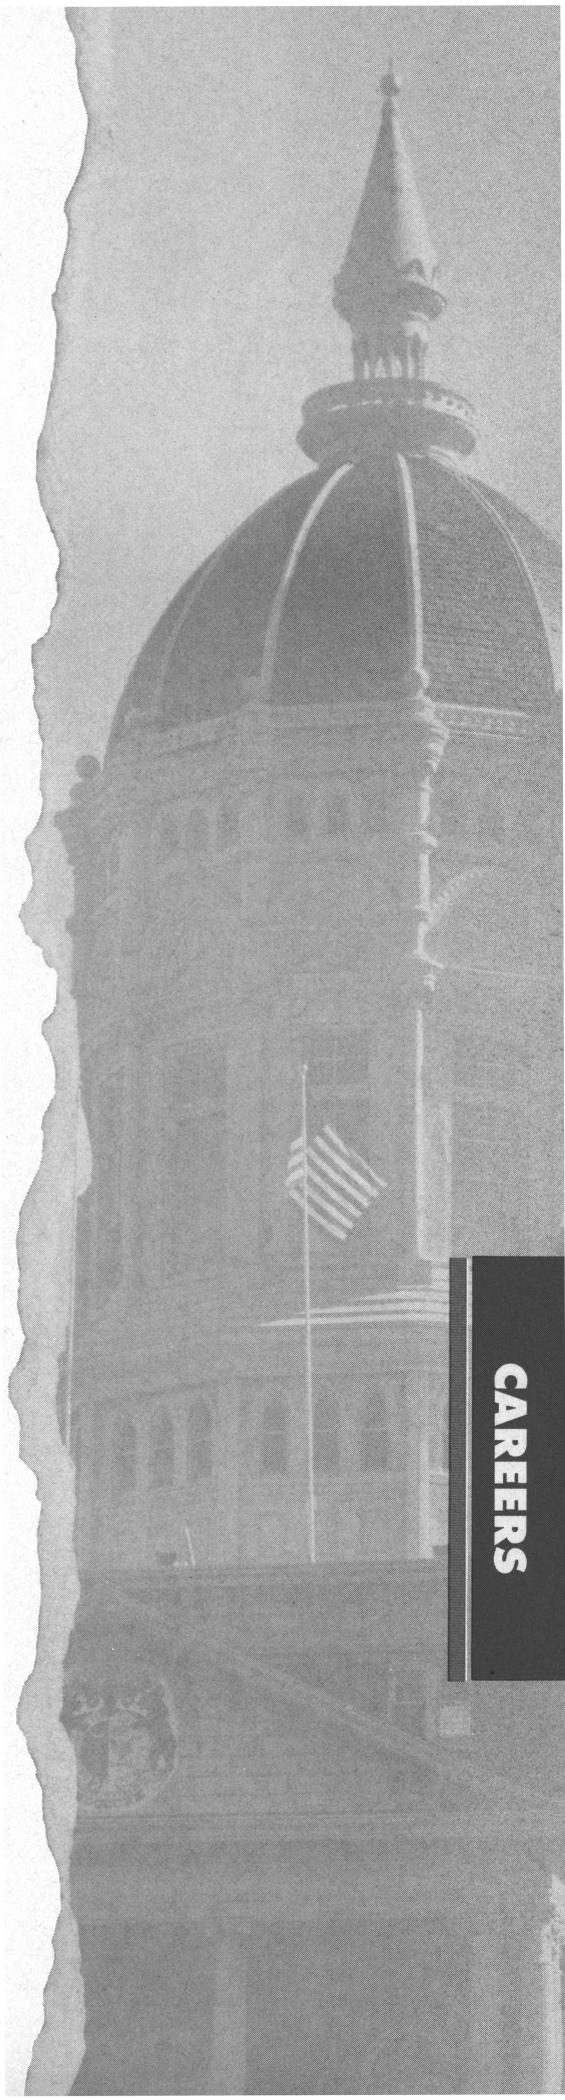

"I saw the play as an opportunity to tell a story that all too often people want to ignore — the history of African-American men. In that sense, it was very positive."

Michael, a political science graduate student, is modest about how *Strands* would look on his resume. But he's adamant about how his research assistant position will help in the future. Michael's goal is to earn a second master's degree in international development and work for the Economic Community of West African States.

"The kinds of things I do in my office — planning programs, writing proposals, creating opportunities for minority students to learn and cooperate — these will definitely help me in my career."

Count the advantages

- ▶ A nationally known university gives you a career edge.
- ▶ MU's Career Planning and Placement Center helps students all the way through — from deciding on a career, to internships for practical experience and finally to landing that first position.
- ▶ Hundreds of companies come to campus every year to hire our graduates. You could have a crack at *The New York Times*, Coca Cola, DeKalb-Pfizer, Procter & Gamble, DuPont and many more.

CAREERS

▲ Ted Hellman
BS BA '71, MBA '72
St. Louis Market Manager
Procter & Gamble
St. Louis

"Procter & Gamble has been recruiting at MU with great success for over 25 years. We continue to recruit at MU because our MU graduates have produced excellent results, advanced to increased levels of responsibility and contributed to the company's growth."

Surrounding Hellman are a handful of the MU graduates hired by P&G, front row, from left: Charlotte Fortner Prunty, BS BA '84; Susan Zucker Esstman, BS BA '85; Beth Monschein Schlarman, BS IE '86; Ted Hellman, BS BA '71, MBA '72; Michele Workman, BS Ed '83; and Candace Stratton Baker, BJ '70. Back row: David Mosier, BS BA '86; John Brase, BS BA '90; Sam Paris, BS BA '90; Brad Opel, BS BA '85; and Kevin C. Potter, BES '83.

▲ Bruce Barkeley, AB '84, left, and Tom Smith, AB '84, founders of Datastorm Technologies Inc. in Columbia, Mo., and producers of ProComm, a best-selling computer program

"MU provided us the basic skills and abilities to go out and make it on our own. With that foundation we built a prosperous software development and publishing company," says Tom. "As for the quality of instruction," says Bruce, "Dr. Gordon Springer was excellent. He is a world-renowned computer scientist."

Want to be where *major corporate recruiters* raid for star hires?

Hundreds of companies come to campus every year to recruit our graduates, including *The New York Times*, Coca Cola, DeKalb-Pfizer, DuPont, Gannett Inc., Hallmark Inc., Edward D. Jones, IBM, Kraft Foods, Leo Burnett Advertising, Marriott Corp., Monsanto, Procter & Gamble and Upjohn.

MU's Career Planning and Placement Center is ready to assist you the moment you arrive on campus. Its professional counselors and seminars aid you in choosing an academic major and career direction. Also, many of our schools and colleges operate placement offices.

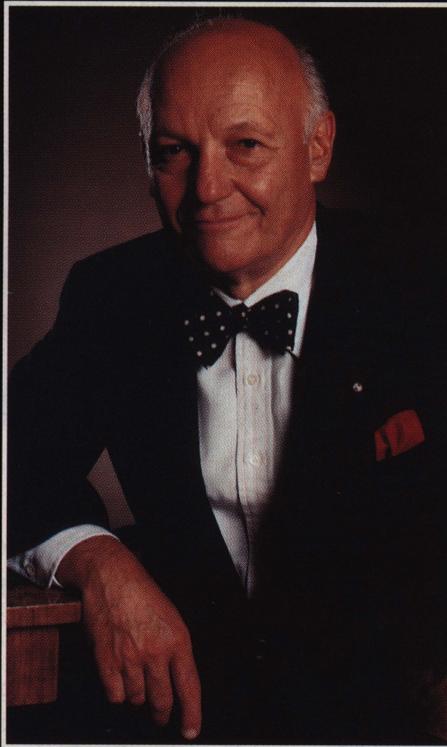

These MU alumni recount the advantages of their degrees.

▲ **Dr. Jean Edwards Holt**
AB '68, MD '72
ophthalmologist
San Antonio, Texas

"The patients I treated there (at MU) were wonderful. Many were good hard-working people from surrounding rural areas. They really appreciated the help they got at the hospital. I still exchange Christmas cards with some of them," says the clinical professor at the University of Texas-San Antonio and winner of MU's Outstanding Young Physician Award.

"MU is a great place for medical school because the college-town atmosphere is friendly."

▲ **Alan Greenberg**
BS BA '49
CEO, Bear, Stearns & Co.
New York

"I especially remember my accounting, business communications and English courses. What I learned about business and getting my message across helped me work my way up from my first arbitrage job to the CEO position here."

Greenberg says that an MU degree is a sign of quality.

"When a resume from a MU graduate comes across my desk, I take a close look," Greenberg says. "That degree catches my attention."

▲ **Sonja Steptoe**
BJ, AB '82
writer, *Sports Illustrated*
magazine
New York

"One of the joys of being a writer for *Sports Illustrated* is that I get to do fun stuff like driving a dragster and telling readers about the experience. It may not sound like the ideal use of my degrees in economics and advertising, but in many ways it is. Nowadays, professional sports is as much a confluence of business and promotion as it is entertainment."

BALANCING SCHOLASTICS & GYMNASTICS

Jenny Schmidt, 20
Sophomore
Biochemistry
Pattonville Senior High School
St. Louis

Jenny Schmidt, an all around gymnast on MU's Big Eight championship team, is a top biochemistry student sorting through lots of career options. "At first, I was going to major in veterinary medicine, and then I switched to biochemistry. Luckily, changing majors didn't mean changing schools, because I have a full scholarship for gymnastics, and I knew I didn't want to lose that."

MU's spectrum of science courses offers Jenny the flexibility she needs to stay up on the balance beam while deciding her course in life.

"I may go to medical school, pharmacy school or I may work for a chemical company. I haven't decided yet."

Her professors are helping with some of these decisions along the way.

"My adviser is really nice and helpful and so are my chemistry professors. Last spring I asked a professor to write a recommendation letter for an internship I was applying for. He had it finished well ahead of my deadlines."

Count the advantages

► Ready to apply?

You need to submit:

- Application (deadline for freshman applications for fall admission is May 15)
- \$25 non-refundable application fee
- Transcript(s)

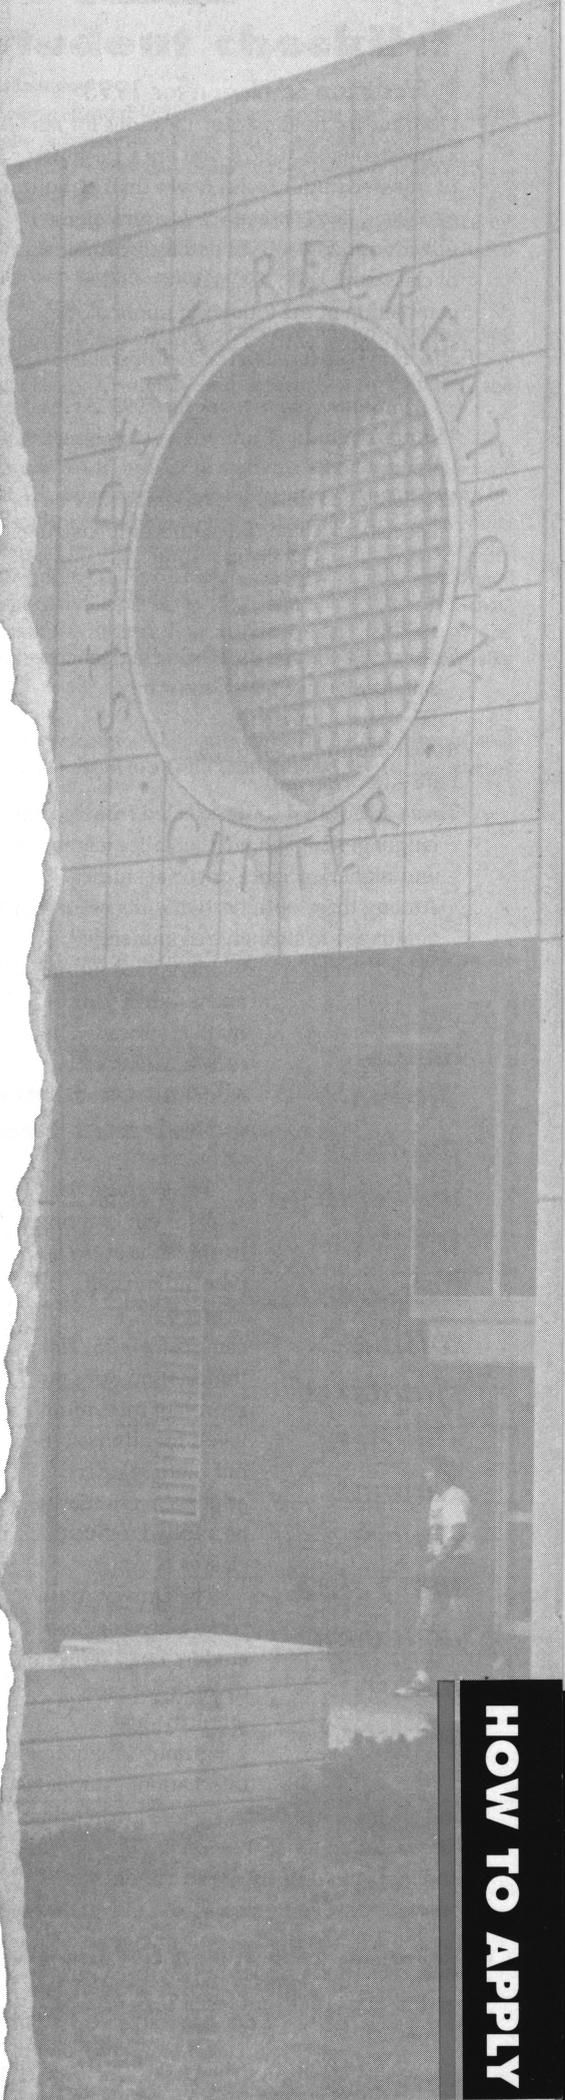

Mail to:

Admissions

University of Missouri-Columbia

130 Jesse Hall

Columbia, Mo. 65211

HOW TO APPLY

► Freshman admission for 1993

Deadline for freshman applications for fall admission is May 15. If you are a freshman or transfer student with fewer than 24 hours of college-level course work, admission is selective and is determined by a combination of class rank and ACT score as well as completion of the following minimal high-school course work. These requirements will change.

Minimum course work for 1993 At least 15 units of credit (1 unit = 1 year in class) as follows:

English: Four units, one of which may be in speech or debate. Two units emphasizing composition or writing skills are required.

Mathematics: Three units, algebra I and higher.

Science: Two units (not including general science), one of which must be a laboratory course.

Social Studies: Two units.

Fine Arts: One unit.

Three additional units selected from foreign language, English, mathematics (algebra I and higher), science or social studies.

Among these options, two units of foreign language are strongly recommended.

The 15 units are considered minimum,

and a fourth year of math is strongly recommended for students interested in engineering, business or the sciences.

The average class rank for our entering freshmen is at the 80th percentile. Their average ACT composite is 25. This information does not represent minimum levels for admission, but more selective admission criteria will be applied to future classes.

The University seeks a heterogeneous student body reflecting diversity of race, ethnicity, age, geography (including international students)

and physical disability. Factors given prime consideration for admission to undergraduate study are an applicant's previous academic success and the quality of the record presented. Applicants who do not meet the criteria regarding high-school credits, class rank and test scores may be

considered by applying to the director of Admissions, 130 Jesse Hall, Columbia, Mo. 65211. Additional factors considered for admissions include: extensive extracurricular activity involving school, church or community; outstanding talent and/or abilities; number and scope of college preparatory courses taken; evidence of marked improvement over time in high-school academic record; significant work experience and/or family responsibilities; supporting evidence attesting to one or more of the above in student's own hand in the form of an essay.

► Transfer students

Freshmen who transfer to MU with fewer than 24 hours of college-level course work must have a minimum grade point average of C (2.0 on a 4.0 scale) or better in all course work attempted and must meet requirements for freshman admission. If transferring to MU with 24 or more hours of college-level course work, you need an overall C average in all course work attempted at previous institutions.

Associate degree If you hold an associate of arts degree from an accredited Missouri college, with a certified C average, you will be accepted by the University as having junior standing and having completed general education requirements. However, this does not guarantee acceptance to the schools of Law, Medicine, Health Related Professions and Journalism, or to the colleges of Veterinary Medicine, Business and Public Administration, and Education.

Your 60 hours of college-level work toward the baccalaureate degree must include not less than 39 hours distributed as follows: communication skills, 9; humanities-fine arts, 9; social-behavioral science, 9; biological and physical science, 9; and mathematics, 3. The preceding does not waive nor alter any course requirements for the particular degree sought.

► Transcripts

Transcripts (grades and test scores) cannot be accepted directly from you. Have the school(s) you attended send official transcript(s) to the director of Admissions, 130 Jesse Hall, Columbia, Mo. 65211. All transcripts become the property of MU.

Freshman applicants Have an official high-school transcript submitted, with class rank and required ACT scores.

Undergraduate transfer applicants Submit an official transcript from each college attended. If you are entering the College of Arts and Science or the School of

Journalism, submit a high-school transcript as well.

Out-of-state applicants Detailed information on residence and educational fee rules may be obtained from the Admissions Office, 130 Jesse Hall, Columbia, Mo. 65211, (314) 882-7786.

► International students

Nearly 1,800 students from 110 countries are enrolled at MU. If you are not a U.S. citizen or permanent U.S. resident, write to the Office of International Admissions, 123 Jesse Hall, Columbia, Mo. 65211. You may also telephone for information at (314) 882-3754.

► Financial aid

An application for admission to MU does not serve as an application for financial aid. MU accepts the ACT Family Financial Statement, the CSS Financial Aid Form or the USA Group SINGLEFILE Form. These forms are available in December from your high-school counselor and should be completed and mailed to ACT, CSS or USA Group before March 1 to receive priority. Applications submitted after March 1 will be considered on a funds-available basis. Questions? Contact the Financial Aid Office, 11 Jesse Hall, Columbia, Mo. 65211. Or call us toll free from Missouri at 1-800-225-6075. Out-of-state residents should call (314) 882-7506.

► Housing

Housing information and an application for University-owned residence halls automatically will be mailed to you in February if you have applied for fall admission. Your receipt of a housing application does not necessarily mean you have been accepted for admission. Your contract with the University for room and board is for the entire academic year.

► Testing

MU requires the ACT. The ACT also is used for English placement of freshmen and transfer students who have not taken a college-level English course.

Credit by exam College credit by examination is available to MU students in many programs. MU accepts the College Level Examination Program subject exams, the Advanced Placement Program and the International Baccalaureate Program in some subject areas. In addition, some academic departments on campus offer individual departmental exams.

For more information, request the brochure, *Credit By Examination*, from the Admissions Office, 130 Jesse Hall, Columbia, Mo. 65211, (314) 882-7786.

The only public university in Missouri with a chapter of Phi Beta Kappa, America's most elite academic honor society.

New student checklist

After Oct. 1- Apply for admission

Submit application, non-refundable \$25 application fee and official high-school transcript to the Admissions Office, 130 Jesse Hall, Columbia, Mo. 65211. Deadline for freshman applications for fall admission is May 15.

November- Apply for scholarships

Obtain a scholarships booklet from the Student Financial Aid Office by calling 1-800-225-6075, out-of-state call (314) 882-7506. The booklet includes an application form, which must be returned by Feb. 1.

January- Apply for financial aid

Obtain financial aid application from high-school counselor. You may use the ACT Family Financial Statement, the CSS Financial Aid Form or the USA Group SINGLEFILE FORM. Complete and return before March 1, the sooner the better.

February/March- Apply for housing

Residence hall applications will be sent to students who have applied for admission. Receipt of a housing application does not necessarily mean you have been accepted for admission. Housing is assigned on a first-come, first-serve basis, so do not delay returning your application for housing with the \$25 application fee. Beginning in April, Residential Life will mail residence hall contracts on a space-available basis to students who have returned residence hall applications. Return your residence hall contract by the deadline with the first payment to be assured of a room in a University residence hall.

May

Invitations to Summer Welcome, MU's summer orientation, testing and registration program, will be sent to all new students by May 10. Register as soon as possible.

Mid-June to mid-July

Summer Welcome

Aug. 22

Residence halls open at 10 a.m.

Aug. 23-24

Fall 1993 registration (for those who didn't register at Summer Welcome)
Classwork begins at 7:40 a.m. Aug. 25.

Attending MU sporting events is another way to feel part of the University. The Tiger basketball team, 1991 Big Eight champs, consistently finishes in the nation's top 20.

Getting to MU

If you can schedule a visit to MU at least one week in advance, call 1-800-225-6075 for a free parking hang tag and a brochure with directions.

► From the East:

Take Interstate 70 to Highway 63. Take Highway 63 South to Stadium Boulevard exit. Turn right onto College Avenue. Turn left onto Rollins Street. Turn right onto Maryland Avenue. Park at the Turner Avenue Garage.

► From the West:

Take Interstate 70 to Stadium Boulevard exit, turn right at the top of the ramp. Turn left onto Providence Road. Turn right onto Rollins Street. Turn left onto Maryland Avenue. Park at the Turner Avenue Garage.

► From the North:

Take Highway 63 South to Stadium Boulevard. Turn right onto College Avenue. Turn left onto Rollins Street. Turn right onto Maryland Avenue. Park at the Turner Avenue Garage.

► From the South:

Take Highway 63 North to Stadium Boulevard. Turn right onto College Avenue. Turn left onto Rollins Street. Turn right onto Maryland Avenue. Park at the Turner Avenue Garage.

We invite you and your family to visit Columbia and see MU firsthand.

Meet our students, faculty and staff during a visit while school is in session. Enjoy lunch in a residence hall as our guest. Tour the campus — students are on hand to show you around at prearranged times Monday through Friday.

Contact the Office of High School and Transfer Relations, 219 Jesse Hall, Columbia, Mo. 65211, at our toll-free number, 1-800-225-6075. Outside of Missouri call (314) 882-2456.

For a preview of what it's like to attend a nationally competitive university, watch our video, *MU*. It's available from Missouri high-school counselors or the Office of High School and Transfer Relations.
