BIBLIOGRAPHIES AND DIRECTORIES

The information for each entry includes the name, address and phone number of each association and the name of an officer who may be contacted for further information. Also included is a brief identifying statement derived from information provided by the various associations.

2. St. Louis Commerce. April 1975. St. Louis Regional Commerce and Growth Association, 10 Broadway, St. Louis, Missouri. Published monthly. One issue, $1.00, yearly subscription, $4.00 to members, $8.00 to non-members.

This issue of St. Louis Commerce is the special Roster Issue. It contains a list of members in the St. Louis Regional Commerce and Growth Association.

This directory should be of extreme value to all minority entrepreneurs and all others concerned with their success. The authors' intentions in making this directory available was to stimulate and encourage use of these businesses through increased awareness of their locations, capabilities and services.

As a part of the overall Equal Employment Opportunity Program, the Department of Transportation, Federal Aviation Administration, Central Region, desiring to contribute to the
establishment, preservation, and strengthening of Minority Business Enterprise, has published this Minority Business Directory.

This directory is the result of an intensive four-state search for Minority Businesses offering the type of goods or services which contractors and federally assisted airports purchase.

INDUSTRY STUDIES

The purpose of this report was to compile a number of profiles of small industries located within the Southeast Missouri Regional Planning Commission's seven-county area. An attempt was made to select a representative cross section of companies having 50 employees or less since time limitations precluded contacting all the industries in this category. The profiles include data on company background, products, employment, supply and market area, and method of shipping. Each of the 35 industries profiled were personally contacted during the course of this project.

6. INDUSTRY: The Place to Be...Southeast Missouri. Prepared and distributed by the Southeast Missouri Regional Planning Commission, 19a North Main Street, P. O. Box 366, Perryville, Missouri 63775. 68p.

An informative guide to the Southeast Missouri region and its industrial climate. Approximately 60 manufacturers employing 50 or more persons are listed. A combination of nearly 400 manufacturers are located in Southeast Missouri.

Other topics incorporated in the book are financing for industry, loans and grants, favorability of state and local taxes, labor supply, public facilities, utilities, and transportation facilities. Also included is basic information for Ballinger County, Luttesville-Marble Hill Industrial Air Park, Cape Girardeau County and its industrial land and park, Jackson Development Corp. Rt. "P" Site, Cape Girardeau-Chaffee Site, Iron County Industrial land, Arcadia Valley Industrial Park, Madison County Industrial Land, Fredericktown Chamber of Commerce Site, Fredericktown South Industrial Site, Perry County Industrial Site, McBride Industrial Site, Saxony Hills Industrial Site, Bismark Industrial Site, Boone Terre, Farmington Industrial Site, Flat River Site, and Ste. Genevieve County Industrial Land. Included in the back is a directory of all the industrial contacts in the area.
