MSP Director - Leslie Perna

Special Thanks!

This Spring semester has been an especially exciting one for all involved with the Missouri String Project. There has been very impressive improvement in all our students. Our Chamber Music program has grown significantly from last years single group, with hopes of even more opportunities for student performances. The success you see today would not be possible without the help and cooperation of many hard-working and dedicated people: Our string project teachers who's tireless work has been rewarded with today's performance, the parents who make the extra effort to give their children this enriching experience, the students who have worked very hard this semester to present this program for you, and the MU Music Department for facilities assistance and it's support of the Missouri String Project throughout it's 20 years of existence. Thanks to all!

Reminders:

The Missouri String Project will be sponsoring it's second annual **Summer Chamber Music Program** from July 7-August 1. Both first and second year students are encouraged to participate. See the insert inside the program for more details, or call Leslie Perna, MSP Director, at 882-2748.

The **Columbia Public Schools** will be offering a program of group lessons and string orchestra for our MSP graduates from Monday, June 16 to Thursday, July 24. Classes and orchestra meet in the Hickman High School Fine Arts Building. This program does **NOT** conflict with the MSP Summer Chamber Music Program, so go ahead, sign up for both, and have an exciting, musical summer!
