Dr. Samuel P. W. Black, lecturing to a neuro-surgery class. There are now 385 staff and faculty members in the School of Medicine. Medical doctors on the teaching staff divide their time equally between patient care, research, and educational curriculum.

Faculty and Staff

During 1962 the out-patient department alone had 53,000 patient visits. The Medical Center serves as a consultant to physicians throughout Missouri. A patient is evaluated upon the request of his personal physician and returned to him for treatment.

Zeiss operating microscope in the out-patient department used for ear surgery and examination.

Architect's drawing of proposed Nuclear Reactor Building to be constructed on the 84-acre Research Park Area located just southwest of the main campus. Many new areas of medical research will become realities with the completion of these nuclear facilities.

Geographical Listing

Patient being prepared for cardiac catheterization. There are about 760 patients admitted to the hospital per month. Two-thirds of them are referred by mail and one-third by telephone. Every service has a physician on call at all times to admit patients to that service.

The Lions Eye Tissue Bank serves as a collection, processing and distribution center for the eye donor program sponsored by the Lions Club in Missouri. Sub-stations in six hospitals forward donor eyes to the bank which distributes them to surgeons in the state on request.

The Woodhaven Christian Home for exceptional children, which is under construction just outside Columbia, will afford in-training for students in many fields of medicine. The group serving as a professional advisory committee includes several faculty members of the UMMC.

Class Listing

Analog computer being used by graduate students in physiology and pharmacology to test the mathematical models of drug clearance in the body. The Medical Center trains from 750-800 full-time students yearly and 800 undergraduate basic science students from other divisions.

LISTING BEGINS WITH THE 1874 CLASS. ONLY GRADUATES RECEIVING THE M.D. DEGREE ARE LISTED UNTIL 1890. WITH THE ESTABLISHMENT OF THE THREE-YEAR COURSE ON MEDICINE, ALL STUDENTS ARE LISTED WITH THEIR YEARS OF ATTENDANCE, WHETHER THEY RECEIVED THE M.D. DEGREE OR NOT. WHENEVER A CLASS MEMBER IS LISTED AS DECEASED, THAT FACT IS SHOWN IN HIS CLASS LIST BY AN ASTERISK (*). HIS NAME IS THEN AUTOMATICALLY DROPPED FROM THE ALPHABETICAL AND GEOGRAPHICAL LISTS.

STUDENTS ARE CLASSIFIED WITH THEIR ENTERING CLASSES THROUGH 1947. CLASSES AFTER 1947 LIST RECIPIENTS OF DEGREES FROM MISSOURI UNIVERSITY. MANY STUDENTS CAN NOT BE TRACED AND ARE NOT LISTED WITH A MAILING ADDRESS.
