Ann Landers

Dear Ann Landers,

I'm so mad I could die. You see, we were having this ball game and my mother was supposed to picket the game with a whole lot of girls to let them on the team. Well, what made me so mad is all the girls were going to be playboy bunnies. It all turned out to be a prank.

Playboy.

\*\*\*\*\*

Dear Playboy,

Tuff luck.

\*\*\*\*\*

Dear Ann Landers,

I might get impeached from class vice president.

Worried

\*\*\*\*\*

Dear Worried,

If you are going to be impeached, find out what you are doing wrong and stop it.

\*\*\*\*\*

Dear Ann Landers,

I have a paper route and there's a dog who keeps biting me. Can you solve my problem?

Bitten

\*\*\*\*\*

Dear Bitten,

If you show no fear, he will probably not bite. But if this does not work, throw the paper from far away.

\*\*\*\*\*

Dear Ann Landers,

I hate to go to school.

School Hater

\*\*\*\*\*

Dear S. H.,

Cool it. You have 12 years left.

\*\*\*\*\*

Dear Ann Landers,

I like to teach children, but I hate to grade papers and make out grade cards. What can I do?

Worried

\*\*\*\*\*

Dear Worried,

Take your grades and papers to the office to be done.

The Nature Column

The Leaf Insect

There is a family of insects who cannot fly, so they disguise themselves to match their surroundings. Some are long and thin and look like pieces of stick. Some have growths on their bodies to resemble lichens and one from South India is coloured like a flower.

The one in the picture has legs and wings flattened until they look like real leaves. Their colour varies from a fresh green to a faded brown, and they always choose trees which are the same colour as themselves so that the birds won't see them. As they move about they are practically invisible. By Jay

Movie Manuscript

Skyjacked, playing at the Cinema, is a story of a hijacked plane taken to Moscow. This movie is an average summertime waster.

Fatton, at the Cinema I, is fairly good, tough guy war story. The tough general is not portrayed as a hero.

Duck, You Sucker, at the Missouri is a perfect picture if you want to spend your time watching bloodshed. Stay away if you're chickenhearted.

The Burglars, at the Cinema II, is a fairly good old movie in the good adventure tradition.

The triple feature at the Broadway, with Godzilla, The Return of Count Yorga, and The Incredible Two-Headed Transplant, has got to be pure midsummer, air conditioned escapism. Take a pillow if you plan to stay for all three features.
