

MIZZOU WEEKLY

A joint publication of the University of Missouri-Columbia faculty & staff

Vol. 1, No. 6

Oct. 19, 1979

TO: UMC FACULTY AND STAFF

FROM: BARBARA S. UEHLING

The Retirement and Staff Benefits Committee is in the process of a comprehensive review of the University's benefit programs.

It is the Committee's desire to hold open forums on each campus to receive suggestions in this context.

Meetings have been scheduled on our campus as follows:

Oct. 29, 8:30 a.m., 10:30 a.m., and 1:30 p.m.
in the Memorial Union Auditorium

Oct. 30, 10:30 a.m. and 2:30 p.m. in the
Memorial Union Auditorium

I join with the Committee in inviting you to attend one of these meetings. Members of the administrative staff are encouraged to arrange work schedules to permit your presence.

NOMINATIONS FOR STAFF COUNCIL TO CLOSE OCT. 30

Five seats are up for election for the 1979-80 Employees' Staff Advisory Council, one each from the technical/paraprofessional, crafts/maintenance and administrative/professional classifications, plus two seats for the secretarial/clerical classification.

The staff council, a 16-member voice to the administration, was recognized by Chancellor Uehling last fall and represents over 4,000 UMC employees.

Membership on the staff council is for three years.

Nominees will be contacted to determine their willingness to run and a balanced slate of candidates will be prepared from the nominees.

A list of the nominees will be published in Mizzou Weekly, and ballots for the election will be mailed individually to all staff in November.

To nominate a person for staff council, UMC staff members should fill out the form

below and send it to any member of the election board: Alan Jones, Gifts and Exchanges, Ellis Library (882-4757); Vicky Keith, 1 Gentry Hall (882-6621); Richard Lewis, 110 General Services Building (882-2638); or Brenda Procter, 514 South Fifth Street (882-2491).

Nominations may also be made by submitting the information called for on a plain sheet of paper. The nominator may sign the nomination form if he or she wishes, but it is not mandatory. Self-nominations and nominations across job classification lines will be accepted.

The board members are glad to answer any questions and want staff to feel free to call them for additional information.

NOMINATION FORM -- STAFF COUNCIL

Name of nominee _____

University address _____

University phone number _____

Job classification (check one; if unknown
write job title in space below):

- Technical/paraprofessional
 Secretarial/clerical
 Crafts/service/maintenance
 Administrative/professional

October 12, 1979

Dear Faculty and Staff:

Each year at this time we solicit your contribution for the United Way of Columbia which supports 25 member agencies serving people who need help.

This year the University is being asked to contribute \$105,500 for the community's overall goal of \$475,000. Since we are Columbia's largest employer we have an obligation to provide our fair share. Last year we exceeded our goal. I believe we can do it again.

A colleague in your department or division will soon be asking you to pledge your fair share or whatever you feel you can contribute. Your contribution will be appreciated, whatever the amount. Let's show our support to the community once again, the United Way. It really does work.

Cordially,

Barbara Uehling
Chancellor

INTER-AMERICAN FOUNDATION FELLOWSHIPS

To provide opportunities for scholars to learn about processes related to social change in Latin America and the Caribbean, the Inter-American Foundation is making pre- and post-doctoral research fellowships available. The fellowships, averaging about \$550 per month, allow persons to study the change process through affiliation with a host country institution. Fellowships last from six months to two years.

The fellowships are open to scholars in the social sciences and professions with knowledge of Latin America or the Caribbean. Applicants must have a multidisciplinary background and should be concerned with the processes of social change from a problem-oriented perspective.

Applications must be received by Dec. 5. For further information call the UMC Center for International Programs, 882-3033, or write to the Learning Fellowship on Social Change, Inter-American Foundation, 1515 Wilson Blvd., Rosslyn, Va. 22209.

ENERGY COURSE OPEN WINTER SESSION

Saving energy is a crucial issue, and "Perspectives of Energy," a three-hour inter-

disciplinary team-taught course, attempts to clarify the major energy issues. Discussion will concern the impacts of gas, coal, petroleum and nuclear and solar energy on such areas as housing, transportation and agriculture.

The course will meet MWF winter semester from 1:40 to 2:30 p.m. For more information, call Jim Pastoret at 882-4227 or the forestry office at 882-7045.

DO YOU KNOW SOMEONE WITH A DRINKING PROBLEM?

Faculty, staff and their families at the University of Missouri can take advantage of a free referral service, the Employee Assistance Program, to encourage a problem drinker to seek professional help. The program also helps those persons close to problem drinkers.

The EAP is administered separately from the University and is strictly confidential. For more information, call the EAP between 8 a.m. and 5 p.m. at 882-6701.

BAN ON ALCOHOL LOWERS FAN INJURIES

Joe Barnes, director of the Stadium Emergency Group, reports that last month's opening game between Mizzou and San Diego had the lowest number of persons requiring emergency treatment of any opening game since 1960.

He credits the decrease to the new policy limiting container size into Memorial Stadium and the diligent and dedicated enforcement of the policy by the UMC police.

According to Barnes, for the first time in recent history there were no traumas, such as heart attacks during a first game of the season. Also, this game was the second at which there were no inebriates treated and no persons treated for injuries caused by inebriates.

STAFF DEVELOPMENT PROGRAMS

The following are programs offered to staff this fall through the UM Staff Development Office. To sign up or for further information, call them at 882-4859.

New Employee Orientation: Second and Fourth Mondays of every month, 2-5 p.m., S-16 Memorial Union.

Actuation through Actualization: The Impact of Leadership Styles: Oct. 22, 9 a.m. to noon, and 1 to 4 p.m.

Effective Supervision: Oct. 29 - Dec. 14, Mondays, Wednesdays, and Fridays, 10 a.m. to noon.

Desk Manual: Nov. 1 - Nov. 15, Tuesdays and Thursdays, 10 a.m. to noon.

Customer Contact: To Be Announced.

FACULTY COUNCIL MINUTES

Sept. 20, 1979

Discussion of open meetings

A limited discussion was held to clarify terms and concepts regarding the tabled motion concerning the admission of the press to council meetings.

Student advisement

Victor Dropkin (plant pathology) read an editorial on student advisement from Science.

The meeting adjourned at 4:15 p.m. to allow for organizational meetings of the six standing committees.

J.M. Asplund
Recorder

CONSTRUCTION BEGINNING
ON UNIVERSITY POWER PLANT

Construction of University power plant chimneys and baghouses, a two-year project to comply with federal EPA regulations, was begun this month. A baghouse is being constructed in the alleyway between Tech Ed and the power plant, and a chimney will be built in the visitor's parking section of Lot RC-16 on the east side of Tech Ed. Eventually, Tech Ed will lose most parking spaces in RC-16 except for a few spaces on Fifth Street north of the basketball/handball courts.

Tech Ed will continue to keep its east entrance open for customers during the construction, and as the work progresses, a covered walkway will be provided for faculty and staff from Fifth Street to the ramp of Tech Ed.

RESEARCH PAYS \$100 AND
AN EXTENSIVE FREE PHYSICAL

John Bauer, associate professor of medicine in nephrology, is looking for volunteers to participate in a research project to determine "normal" blood pressure for different agegroups. Volunteers should be male, between 30 and 80 years old, in good health with normal blood pressure, and be able to spend five days and four nights in the Clinical Research Center at the Medical Center. Volunteers will be paid \$100.

The study is an excellent opportunity for persons to receive a free thorough physical exam, including chest X-ray, cardiogram, triglyceride, cholesterol and kidney checks.

For more information, call Naomi Magliola at 443-2511 ext. 6522 or 6631.

NSA MEETING

The University Chapter of the National Secretaries Association will hold its monthly meeting Oct. 23 in 2-70 Agriculture Building at 7:30 p.m. The speaker will be Jackie R. McClain, manager of staff relations and affirmative action University-wide. Her topic will be "Sexual Harassment."

If interested in attending, please contact Pat Burbridge at 882-4701.

This Week

All events are free unless otherwise noted.

LECTURERS, SPEAKERS

Oct. 19: Symposium on Perceval under the auspices of the Medieval/Renaissance and Comparative Literature Committees, James F. Poag, Washington University, 4 p.m. and Raymond J. Cormier, University of Pennsylvania, 8 p.m., Ellis Auditorium.
