March 26

Members named to Review Committees

Members of the Program Review Committees which will be responsible for making recommendations on program reductions and elimination were announced this week.

Review of possible program reductions and elimination became necessary when long-range planning made it clear that the state fiscal situation, inflation and projected enrollments posed a problem in reaching the campus goals for increasing faculty and staff salaries and improving equipment and expense budgets.

Faculty, administrators, staff and students are represented on the five committees; nominations for committee appointments were provided by Faculty Council, Staff Council and the Missouri Students Association. Although administrators reporting to the chancellor appointed their committees, they were requested by Chancellor Barbara Uehling to name at least one person from each list of nominees. PROVOST'S AREA

Chairman of the Provost's Program Review Committee is Roger Mitchell, professor of agronomy. Members of the committee are Marie

Vorbeck, professor of pathology; Mary Lago, professor of English; Cyrus Harbourt, professor of electrical engineering; David West, professor of finance; Margaret Peden, professor of Romance languages; William D. Johns, professor of geology; Frank Wellman, professor of education and counseling psychology;

Dick Dowdy, associate professor of nutrition, foods and foods management; Debrah Jean Jefferson, assistant professor of agricultural journalism and extension education; Al Dixon, president of the Graduate Students Association; Gail Snider, junior in journalism and former president of the Missouri Students Association; Ron Stewart, first-year student in medicine;

John Roberts, research analyst in forestry; Carol Slusher, administrative

Union bell tower tells more than just time to all that pass by

As the Memorial Union bell tower rings out the time, most passersby glance at their watches and walk on. But if they were to look closely at the face of the Union clock, they would see inscribed the Latin phrase, "In sapientia ambulate tempus redimentes." E. Clarendon Hyde, librarian III at Ellis Library, says the literal translation is "Walk in wisdom, redeeming the time(s)." The inscription is condensed from the Vulgate version of the Letter of Paul to the Colossians, 4:5.

One interpretation of the phrase, appropriate to a University setting, is that students should study the wisdom of people from the past so as to take advantage of the time that those people lived.

associate II in extension; and Roland Buck, assistant vice chancellor for Student Services and director of Student Development.

ADMINISTRATIVE SERVICES Members of the Administrative Services Program Review Committee are Charles R. Litecky, associate professor of accountancy and committee chairman; Paul Braisted, professor of mechanical and aerospace engineering; Carolyn Dorsey, coordinator of Black Studies and associate professor of higher education; W. Roy Utz, professor of mathematics; Roger Fisher, director of Residential Life; Rick Gaines, assistant dean of the School of Medicine; Ronald Haffey, administrative associate III in veterinary medicine and surgery; Richard Anderson, administrative associate II in Student Services; Dennis Morrison, senior in agriculture; and Mike Clark, junior in education.

ALUMNI AND DEVELOPMENT Chairman of the Alumni Relations and Development Program Review Committee is Guy H. Entsminger, vice chancellor for Alumni Relations and Development.

Members of the committee include Dale Spencer, professor of journalism; Ray Schroeder, professor of agriculture; Theresa Bregenzer, senior in arts and science and president of the Alumni Association Student Board; Stan Specker, senior in agriculture and president of the Student Foundation Board; and Kee Groshong, assistant business operations officer.

Committee members from outside the campus are Eugene Leonard, senior vice president of Mercantile Bancorporation, St. Louis; Doris England, director of patient care at St. Louis Children's Hospital; C. Wallace Walter, attorney, Mann, Walter, Burkart, Weathers & Walter; and John (Continued on page 3)

Police Captain Shelton receives award in

Mick Deaver's memory

UMC Police Capt. Scott Shelton has been named the first recipient of a \$1,000 Mick Deaver Memorial Award for educational assistance.

Shelton joined the University Police in 1976 and was promoted last year to the rank of captain. He was selected for the award on the basis of an essay explaining his background, career goals and educational plans for the grant. Shelton will use the award money to attend a hostage negotiations seminar sponsored by the International Association for Chiefs of Police.

"Scott is a talented and dedicated officer, one who best represents the ideals that Mick Deaver worked for," said Chief Ron Mason, director of the UMC Police. でいったのであるので

Maj. Mick Deaver died in an automobile crash in 1980. He was associate director of the UMC Police at the time of his death. Deaver joined the UMC police department in 1972 as a captain and an assistant to the police chief. He received his bachelor's degree in education from UMC in 1966.

Members of the selection committee and trustees of the memorial fund are Mason, Bob Gassaway, UMC research associate, and Vernon "Hap" Whitney, assistant director of UMC athletics. Sharon Baysinger Deaver, Maj. Deaver's widow, serves as an ex-officio trustee of the fund.

The educational assistance grant will be awarded annually.

Uncertainty of program cuts frustrates faculty—Council

Frustration over potential program reductions and elimination was discussed at last week's Faculty Council meeting, according to David West, chairman.

That frustration has been caused by not knowing which programs are to be eliminated, said West. "The administration has delayed in excess by failing to announce not only the committees but the programs targeted

for reduction and elimination. "It's not right for us to live under this uncertainty," West continued. "It's

this uncertainty," west continued. "It's creating frustration and ineffectiveness in our classrooms and laboratories and it is becoming intolerable."

In addition, it is causing a "deteriorating morale situation" among the University's faculty and staff, he said.

West would like to see the University

establish a priority system for programs, Although setting up such a system would be "a very unpleasant and painful job," West said that "this uncertainty needs to be remedied."

Faculty members cannot feel secure about their jobs or their futures without knowing where each program stands on that priority list, said West. Even faculty members whose programs fell at the bottom of the priority list could benefit by knowing their status and therefore being more aware of job opportunities elsewhere.

Hitt

C THE

2011 11

.1,11

Programs falling in the middle of such a priority system could be hurt, West admitted, because the uncertainty factor would be the greatest. But by trying to protect those programs in the middle, West said, "all the rest of us are wondering whether or not we are secure."

Page 2

TWO NEW CURATORS-Doug Russell, vice president of a Lebanon manufacturing firm, and Larry Robinson, owner of a Springfield electrical contracting company, have been appointed to the University of Missouri Board of Curators by Gov. Christopher Bond.

They replace C.R. Johnston, a Springfield farmer and politician, and Wallace Stacey, an Independence physician.

Russell, a 1977 graduate of UMC's **College of Business and Public** Administration, and 29 years old, will be the youngest board member, and the second youngest ever appointed.

Vice chairman of the Laclede County Republican Central Committee, he is the son of Republican state Sen. John Russell, who is a member of the Senate's education committee.

Robinson, 40, graduated from the University of Missouri-Rolla in 1966 with an electrical engineering degree. A Republican, Robinson served as chairman of Bond's Task Force on Low-Level Radioactive Waste.

Russell and Robinson are awaiting confirmation by the Missouri Senate. Their terms will last only five of the usual six years because of the redistricting delay.

NURSING LAYOFFS—About 27 full-and part-time nursing staff members at the University Hospital will be laid off this month because of overstaffing.

The layoffs will affect mostly nursing technicians and nurse aides, and only a few part-time registered and licensed practical nurses. In addition, 15 employees will be reassigned to other areas of the hospital.

The reorganization results from an extraordinarily successful nursing recruitment program, according to Robert Smith, hospital director. For example, the hospital recruited more than 60 percent of the December graduating class from the UMC School of Nursing to work at the hospital. The hospital is also experiencing a record high retention rate of nursing staff. As a result, the hospital-unlike most in the country-has not had a nursing shortage for more than a year.

The hospital's personnel department will make every effort to find other employment for employees, says Smith, either within the University or in other hospitals in the area.

THE DEADLINE FOR FACULTY DEVELOPMENT FUND PROPOSALS has been extended to March 22 from March 12, which will allow faculty time to develop proposals over spring break, says Gerald T. Brouder, associate provost.

The awards, to be used between May 1, 1982, and Jan. 1, 1983, should enhance the professional growth and capability of individual faculty, groups of faculty, departments or colleges. Individual awards will not exceed \$3,500 and joint or departmental

proposals will not exceed \$7,000. Application guidelines and budget

forms are available from deans and department chairs. For more information, contact Brouder at 882-7865.

FRIDAY, MARCH 19, WILL BE AN **OFFICIAL HOLIDAY** for UMC and UMca employees. Spring break will run March 15 through 19, bringing about the following program closings:

No music or theatre events will be offered during the break.

The Career Planning and Placement Center Evening Program and Job Club will be closed during break and will resume their regular schedules March 23. For more information, call 882-6803.

THE MARCH EXHIBIT in the first floor display case of Ellis Library will feature publications from the Career Planning and Placement Center.

SPRING BREAK BUILDING

HOURS—Brady Commons will be open 8 a.m. to 5 p.m., March 12, 15, 16, 17 and 18, and closed March 13, 14, 19 and 20. It will be open 2 to 11 p.m. on March 21 and from 7 a.m. to 11 p.m. on

Monday, March 22. Brady Commons Snack Bar and Games Area will be open 8 a.m. to 3:30 p.m., March 15-18 and 2 to 11 p.m. on Sunday, March 21.

University Book Store will be open from 8 a.m. to 5 p.m., March 15-19 and closed on March 13, 14, 19, 20 and 21.

Memorial Union will be open 7 a.m. to 11 p.m. on March 12, 13 and 22, and from 7 a.m. to 5 p.m. on March 14-18. The Union will be closed March 19 and 21 and open from 8 a.m. to 5 p.m. on March 20.

The Memorial Union Cafeteria will be open 7 a.m. to 3:30 p.m., March 15-18 and closed on March 13, 14, 19, 20 and 21

The Hawthorn Room will close after the noon meal on Friday, March 12, and will reopen for lunch Monday, March 22.

The Bengal Lair will close at 3:30 p.m. Friday, March 12 and reopen at 7 a.m., March 22.

The Nook will be open from 8 a.m. to 4:30 p.m., March 14-18.

Brewer Fieldhouse and Rothwell Gymnasium will be open 6 a.m. to 6 p.m. on March 12; noon to 8 p.m., March 13-14; 6 a.m. to 8 p.m., March 15-18; and closed on March 19. They will be open from noon to 8 p.m. on March 20; 9 a.m. to midnight, March 21 and 6 a.m. to midnight on March 22. For more information concerning Brewer/Rothwell hours, call Candy Whittet at 882-2066.

SEN. THOMAS EAGLETON will hold an open forum at UMC tomorrow to hear views on proposed federal cuts in student financial aid.

The forum will begin at 2 p.m. March 13 in the Memorial Union Auditorium.

PRE-REGISTRATION for the summer and fall semesters at UMC is March 25-31.

Summer registration packets will be prepared automatically for all students currently enrolled in the Graduate School and for undergraduate and new students who have requested permits to enroll.

Fall registration packets will be prepared automatically for all undergraduate and graduate students currently enrolled.

Registration packets and course schedules will be available at the various academic deans' offices immediately before or during pre-registration.

In addition, University employees currently enrolled who plan to take classes this summer or fall may also pre-register. Those wishing to take courses under the Education Assistance Program should obtain a UM-UW Form 84-1 from their departments and take or mail the completed forms to Personnel Services, 309 Hitt St., for approval. Approved forms will be returned by mail.

Employees who would like to take classes but are not yet enrolled under the program must first be admitted to a college or school before enrolling in summer classes June 14 or fall semester classes on Aug. 23-24.

The Education Assistance Program allows faculty and staff members who have completed six months' service with the University to sign up for three hours of summer courses and up to six hours of fall courses at 25 percent of the incidental fee.

FREE!—Surplus office furniture is available free to all University departments. Chirrently there are some desks, a few file cabinets and a large selection of chairs to choose from. Call Larry Baumgartner at 882-3201 for more information.

NEH YOUTH PROJECTS—The deadline for submitting proposals to the National Endowment for the **Humanities Youth Projects Planning** and Pilot Awards is April 15, 1982.

NEH Youth Projects provide support for universities, schools, community groups and cultural organizations to develop out-of-school humanities programs for children and youth under the age of 21.

Grants of \$2,500 for project planning and \$2,500 or \$5,000 for project implementation will be made.

All projects must focus on the humanities and those aspects of the social sciences which involve historical or philosophical approaches. An example of a recent grant to a university is a series of workshops for junior and senior high school students on the seasonal round of activities of the Kalapuja Indians. Anthropologists and members of the Kalapuyan community assisted with the workshops

The application form and guidelines are available from the National Endowment for the Humanities, MS 351-C, NEH Youth Projects Guidelines, 806 15th St., N.W., Washington, D.C. 20506.

NEH SUMMER SEMINAR

PROGRAM—Applications are due April 1 for the National Endowment for the Humanities Summer Seminar Program for College Teachers.

The program, consisting of 58 eight-week sessions, provides advanced study and research opportunities in the teachers' own fields or in fields related to their interests. Participants receive a stipend of \$2,500 for travel, research and living expenses.

The sessions will be held at institutions with major libraries suitable for advanced research work. For more information on the

seminars, contact the NEH Public Affairs Office, M.S. 351-P, 806 15th St., N.W., Washington, D.C. 20506.

MIZZOU ATHLETES TO COMPETE IN CHAMPIONSHIPS—Four Mizzou athletic teams will be competing in national championships in the next two weeks.

The men's basketball team will begin playing in the second round of the NCAA tournament on March 13 against the winner of the first-round Marquette-Evansville game.

If the Tigers win that game, they will play in the regional tournament on March 19 in the Checkerdome. After another win, the Tigers will compete for the Midwest championship on March 21.

If the Tigers become the Midwest champions, they will travel to the Superdome in New Orleans to play in the NCAA Final Four. The first two games will be played on March 27, with the championship game on March 29.

The women's basketball Tigers will also travel to the NCAA tournament, competing in the western division playoffs in Palo Alto, Calif. Their first game will be against Oregon at 7:30 p.m. March 13.

If the Tigers win that game, they will play on March 19 against the winner of the Standford-Maryland game. After another win, the women would play again on March 21.

The Final Four playoff for the women's championship will be March 26 through 28 in Norfolk, Va.

Also in championship competition this month will be the men's and women's swimming teams. The women's team will compete March 18 through 20 and the men will compete March 25 through 28.

"THE CAREER CONNECTION," a seminar on keys to employment, job hunting and career development, will be offered by UMC's Personnel Office.

The seminars will be conducted by Ron E. Petit, director of UMC Personnel Services/Employee Relations, from 9 a.m. to 4 p.m., March 25, S207 Memorial Union; April 8, C208 Brady Commons; and April 20, S204

Memorial Union. (A one-hour lunch break is scheduled at each seminar.) Petit, with 15 years' experience in the field of career development, has conducted numerous seminars on career planning. His book, also titled "The Career Connection," is available in campus bookstores.

The seminars are open to all University employees and their spouses. Reservations are required. Please call 882-4221 or 882-4256 to register.

BASIC CENSUS INFORMATION will be featured at the U.S. Bureau of the Census Workshop, 8:45 a.m. to 3 p.m., March 25 at the Federal Building, 600 E. Cherry St.

Gail Ludwig, assistant professor of geography at UMC, will discuss the distribution and availability of 1980 census maps. Merrie Ritter, of the Business and Public Administration Research Center, will describe census information available from summary tapes the center has in its files and the charges for data retrieval.

The workshop is free to all interested people, who must confirm reservations with the Bureau in Kansas City at 816-374-4681. For more information, call 882-6733.

EAP HELPS WITH STRESS-A number of University faculty and staff members with stress problems have visited the Employee Assistance Program recently, according to Betty Hosokawa, assistant director of EAP.

The program provides a confidential referral service to University employees by locating the appropriate counseling, service or agency to help with the problem.

Uncertainty over impending budget cuts and a feeling of unfairness concerning mid-year pay raises may be responsible for the increased frequency of stress problems, says Hosokawa. Even this year's severe winter can aggravate stress by causing people to feel they have a lack of control over their environment while weather conditions also limit their freedom. EAP is located at 400 Hitt St. For more information, call 882-6701.

DEADLINE APPROACHING FOR FIRST STAFF ART EXHIBIT ENTRIES—Staff members interested in displaying their original art work in the First Staff Art Exhibit should submit the entry coupon from last week's issue of Mizzou Weekly by March 18.

Sponsored by the Staff Advisory Council, the exhibit will be held during Staff Recognition Week, April 5-9, in the Brady Commons Art Gallery.

All full or part-time non-academic members on the Columbia campus are eligible to enter original art work in all areas of the fine arts and crafts. For more information, contact Patrice Koehner, 882-3379/6387.

A publication of the University of Missouri-Columbia faculty and staff, published every Friday during the academic year and once a month during the summer by the Office of Internal Communication, University Relations Division, 606 Maryland Ave. News deadline is noon Friday of the week before the issue.

STUDENT SERVICES

The Student Services Program Review Committee will be co-chaired by William "Mac" Jones, professor of English, and Cathy Svehla, junior in arts and science and Panhellenic president.

Members of the committee are W.L. Moore, assistant professor of higher education; Sarah Luthens, sophomore in arts and science and volunteer at the Women's Center; Doug Keeler, senior in public and community services and president of the Legion of Black Collegians; Jamie MacKenzie, sophomore in arts and science and president of MSA; Byrona Waller, junior in arts and science and campus ombudsman; Otis Jackson, assistant provost; Jo Pflieger, administrative assistant in veterinary microbiology; and Jackie Jones, manager of Business Services.

UNIVERSITY RELATIONS

Chairing the University Relations Program Review Committee is Sharon Yoder, director of University Relations. Members of the committee are Don McGlothlin, professor of music; Don Brenner, associate dean and associate professor of journalism; Harri Palmer, administrative assistant in art; Dick White, manager of budget and payroll at the University Hospital and Clinics; Suzanne Holland, assistant to the vice chancellor for Student Services; Jim Waterhouse, sophomore in arts and science; and Ed Reeves, junior in arts and science.

Jobs

Faculty openings

Faculty openings The following teaching and research positions are available at the University; however, all of the positions are dependent upon funding and enrollment. For more information, call the Office of the Associate Provost, 116 Jesse, 882-2094. Technical services law librarian in the School of Law, to begin May 1, 1982, to be responsible for all acquisition functions pertaining to both monographs and serials, communication with publishers and dealers, supervision of support staff in all phases of law library technical services, and preparation of purchase orders, wouchers and bookkeeping concerning the book budget; must have Master's in library science and specialization in law librarianship with emphasis on experience in technical services; deadline April 1, 1982.

Staff openings

The following job openings at the University were approved and posted Monday, March 8, and include the department where the vacancy exists. The openings are listed under the name of the personnel recruiting staff member handling the positions. For more information or to apply for a job, contact the appropriate recruiter at the Personnel Office, 309 Hitt St., at 882-4221.

Surgeon's hobby kicks off new book

Dr. Hugh E. Stephenson Jr., chief of general surgery at the University Hospital, has just published another book. However, it probably will not be found in the surgery department's library. And Dr. Stephenson promises that it will not be required reading for surgery residents, either.

'Kicks that Count'' is a 271-page book that, as Don Faurot states in the book's introduction, is a "remarkable collection of the art and science of kicking the pigskin over the crossbar and between the uprights."

While most of the book deals with place kicking the football, Dr. Stephenson devotes a chapter to drop kicking, which is one of his favorite pastimes. Drop kicking involves the kicker dropping the football in front of him and kicking it after the first bounce in order to score.

While an undergraduate at UMC, Dr. Stephenson tried out for the football team as its specialty kicker, but never played due to a leg injury sustained during practice.

Dr. Stephenson continues to practice drop kicking and enjoys the exercise and relaxation it provides. He practices with his son, Ted, in their front yard, which is complete with a goal post. Ted is a kicker for Rock Bridge Senior High School's football team.

Drop kicking was common until the shape of footballs was altered in the mid-1930s to facilitate better passing. The new, more pointed footballs were easily place kicked, but "drop kicking is still on the rule books," Dr. Stephenson says.

"Drop kicking should be revived," he says. "It would be an added interest for

fans and would add more color and a little more skill to the game." After all, kicking is one-third of the game, he points out. "Ninety percent of all overtime games are decided by kicking in the pros." He advocates that drop kicking be rewarded with the added incentive of being worth one point more than place kicks.

Dr. Stephenson says "Kicks that Count" is a book for high school coaches, other coaches and kickers.

"And, it should be fun for football fans, too," he says.

The book is published by a company named after the former shape of footballs-the Prolate Spheroid Press. "Kicks that Count" is available at bookstores and sports shops throughout Columbia and at Nowell's supermarkets. However, all proceeds from the books sold at Medtique Gift Shop (in the University Hospital) go to the Hospital.
