

MIZZOU WEEKLY

The University of Missouri-Columbia

April 1, 1983

Gather eggs for Easter decorating. See Around the campus.

Years	1	2	3	4
ENGLISH 2 must emphasize composition and grammar. 1 may be in speech or debate.				
FOREIGN LANGUAGE OR FINE ARTS				
MATHEMATICS 2 must be algebra or higher level. 1 may be in computer programming with math content.				
SCIENCE 2 must be lab courses.				
SOCIAL STUDIES				

See story for possible substitutions to required courses.

Admission standards set

Faculty Council last week adopted new UMC freshman admission standards requiring specific high school courses. In addition, students must rank in the top 40 percent of their high school class or score in the top 40 percent on a college aptitude test.

The new requirements will be effective in fall 1987.

The Council's student affairs committee, which proposed the new requirements, cited two objectives: better-prepared students and keeping the University open to qualified students. Nearly one-third of UMC freshmen fail to earn the 2.0 grade point average required for good academic standing. The new admission policy is intended to identify students who have a reasonable chance of earning a 2.0.

With the Council's action, UMC becomes the first campus in the UM system to set its own admission standards.

According to faculty bylaws, the

Council has authority delegated by the Board of Curators to set minimum UMC admission requirements. The Board retains final authority, said Associate Provost Gerald Brouder.

"It's a tragedy not to have uniform admission standards for the system," said Malcolm Asplund, professor of animal science.

Bob Austin, assistant professor of geography, disagreed: "To argue that UMC has the same missions as the other campuses is absurd. Our standards may not be appropriate for other campuses."

The new standards call for at least 14 units of high school credit as follows:

- Four years of English, with two emphasizing grammar and composition. One may be in speech or debate.

- Three years of math, with two in algebra or higher level courses. One year may be a computer programming class with substantial

mathematical content.

- Three years of science, two of which must be laboratory courses.
- Two years of social studies.
- Two years of foreign language or fine arts.

Students may substitute units from the above fields for two required units in subjects other than English and math. In exceptional cases, students may petition the faculty admissions committee to allow these two units to come from other fields based on the appropriateness of those fields to the students' anticipated major field of study or the unavailability of the required courses in high school.

Applicants who don't meet the above requirements but have a reasonable chance of earning a 2.0 grade point average also are eligible for admission. Such students may submit data such as high school transcript, percentile class rank, school and community activities, work experience, letters of recommendation and a writing sample to the admissions committee for evaluation. College aptitude test scores are optional.

Transfer students with fewer than 24 hours of credit must meet freshman admission requirements and have at least a 2.0 grade point average in college-level courses at previous institutions. Those who have more credit hours are eligible for admission if their overall and last semester grade point average is at least 2.0.

Transfer students who don't meet the requirements may submit additional data to the admissions committee. Requirements for transfer students are effective in 1984.

Current admission standards require the percentile sum of class rank and standardized test score to equal at least 75 for in-state students and 100 or more for out-of-state students. The 75 score predicts a 50-50 chance of earning a 1.6 grade point average, which was required for good academic standing when

the policy was developed in 1970.

Earlier, proposals to increase the percentile sum met objections from faculty and students who said standardized tests were biased against race, culture and economic background.

The new standards require either a class rank or a test score in the top 40 percent.

In 1981, 88.6 percent of UMC freshmen would have met that requirement. Nearly three-fourths of those students earned at least a 2.0 grade point average their freshman year.

As for course requirements, 94 percent of 1981 freshmen had four or more units of English, 65 percent had three or more units of algebra-and-beyond mathematics, 51 percent had at least three units of science, 96 percent had two or more units of social studies, 40 percent had two units of foreign language, and 83 percent had one unit of art or music.

In revising admission standards, the student affairs committee met with the commissioner of elementary and secondary education and high school superintendents and guidance counselors.

Both large and small schools offer the curriculum required to meet the new admission standards, said committee chair Bill Stringer.

In other business, the Council recommended the budget review and energy conservation committees become campus standing committees. The Council suggested elimination of the veteran's service committee and called for revision of the library committee's charge to remove budget allocation authority. In addition, the Council recommended the addition of faculty committees on development, Weldon Spring and promotion and tenure.

At the Council's next meeting, the group will discuss a report on academic standing and satisfactory academic progress. The meeting will be at 3:40 p.m. April 7 in S110 Memorial Union.

Curators establish planning structure

At the March 25 meeting in St. Louis, the Board of Curators established a structure for planning the future of the University.

A steering committee and liaison committees for each of the University's four campuses and the Cooperative Extension Service will be set up.

The steering committee will develop recommendations to the Board's long-range planning committee, set up last June when the Board mandated that no programs would be eliminated.

The steering committee also will maintain close contact with the Department of Higher Education, the Coordinating Board for Higher Education, and the liaison

committees. It will be staffed with President James C. Olson, the four chancellors, two vice presidents, members of the long-range planning committee, and four faculty members to be appointed by the president on the recommendation of the chancellors and faculty governing bodies.

Members of the campus and extension liaison committees, to be approved by the steering committee and chaired by the chancellors, will include students, faculty, staff, alumni and others. These committees will provide information, material and support to the steering committee. Faculty members on the steering committee also will be members of their respective liaison

committees.

The Board also authorized administrators to recommend a qualified consultant to assist with the direction of the planning process.

In other business, Olson and Board President William G. Cocos Jr. urged the state legislature to take strong action to improve the state's revenue situation and address Hancock Amendment issues. Olson said that without improvement of the governor's recommended appropriation for the University, he could not foresee funding either program improvements or a general salary increase.

The Board also approved final architectural plans for the Health Sciences Library and School of

Medicine addition funded with \$9.5 million from state capital improvement appropriations, private contributions and campus funds. Preliminary approval was given for the Ellis Library addition, funded with \$7.5 million in state appropriations and campus funds; the Eye Research Institute with funding of \$815,000 from the Roy E. Mason Endowment Fund and \$205,000 grant from the National Eye Institute; and an addition to the Memorial Stadium press box to be paid for with intercollegiate revenues generated from the operation of the addition.

The Student Union and activity fee was increased by \$2 to \$33.50 for 1983-84, effective summer session. It was also decided to retain the Arts and Science Mall fountain across from Brady Commons, but fill the remaining two with topsoil and landscape them.

Staff Council discusses budget issues

Staff members would rather forgo raises if they meant layoffs, and those in lower-paying jobs should receive first consideration if funds do become available for increases.

Staff Council members last week relayed those views to representatives of the campus budget review committee after discussing budget issues with their constituents.

In the March 11 *Mizzou Weekly*, Chancellor Barbara Uehling said employees should not expect raises because of the budget situation for the upcoming fiscal year.

"If a raise meant layoffs, those in my group said they would rather not have a raise, even for two years if necessary," said Mary Miller, food service worker III.

Harri Palmer, administrative assistant, said her colleagues support raises for lower-paid staff, if any funds are available.

Jim Curtis, senior laboratory mechanic, agreed: "If money is available, raises should go to employees with the lowest incomes."

But some Council members said employees should be treated equally. "People I talked to earn \$11,000 a year or less," said Kathleen Edwards, library clerk III. "They didn't feel they should get preferential treatment. Everyone or no one should get a raise."

The Council also discussed budget priorities. High-priority items were salary and wages, equipment and

expenses, scholarships, medical rates and utilities.

Renovations were a lower priority. But Bud Kempf, a plumber, said repairs and maintenance were necessary to avoid building deterioration.

Jim Bonuchi, an electrician, asked if development fund activities could provide increases in salaries and equipment and expense budgets. Assistant Business Operations Officer Kee Groshong, a member of the campus budget review committee, said traditional gifts don't fund operating costs. "But in the long run, we have to do better in that area," he said.

Council members also discussed likely increases in medical rates. Central administration has predicted a \$3.5 million to \$4 million increase in rates for the UM system. Currently, employees pay one-third and the University two-thirds of the rates.

Both the cost of medical care and claims have escalated in the past year, Groshong said.

To reduce those costs, Barbara Olson Smith, senior secretary, suggested offering a training program in proper use of insurance.

Groshong noted that if rates increase, more low-income employees may not be able to afford the coverage they need.

The Council's staff benefits and development committee welcomes staff input on benefit concerns. Comments may be sent to Barbara Olson Smith, committee co-chair, Department of Special Education, 515 S. Sixth St. Comments may be anonymous.

The Council's next meeting will be at 1 p.m. April 14 in S204 Memorial Union. The chancellor will attend the group's April 27 meeting, which will be at 1 p.m. in S204.

STAFF RECOGNITION

Don't miss the awards ceremony honoring outstanding staff, campus tours, specially priced movies, cafeteria specials or Verna Wormgear's interview with the chancellor. Plan now to attend these and other Staff Recognition Week activities April 4 to 9.

The chancellor has urged department heads to allow their staff to attend the events, which are open to staff, faculty and students unless otherwise noted.

Monday

Travel Tips, 11:30 a.m. to noon, Memorial Union Auditorium.

Larry Caringer and Friends (featuring Verna Wormgear), noon to 1 p.m., Memorial Union Auditorium.

Chancellor's Rap Session, 3 to 5 p.m., Arts and Science auditorium. Sorry, staff only.

Tuesday

Discover Your Campus tours: *Columbia Missourian*, Ellis Library, Hearnes Multipurpose Building, KBIA, KOMU-TV, Research Reactor; 10 a.m. and 2 p.m. Call 882-6333 by Monday to indicate time and tour preference.

Walking Tours: noon and 12:30 p.m., meet in north lobby of Memorial Union.

Movie: "How to Succeed in Business Without Really Trying," 8 p.m., Middlebush Auditorium. Staff tickets \$1.

Wednesday

Spring into Health, 11 a.m. to 1 p.m., 1W-19 Hospital and Clinics.

Check your blood pressure, your percentage of body fat and your breathing efficiency. Sponsored by UMC Hospital and Clinics for staff and faculty.

Sports Fitness and You, 7 to 9 p.m., Hearnes Center. Use west entrance.

Thursday

UMC Staff Fashion Show, noon to 1 p.m., N201-202 Memorial Union.

Friday

Staff Recognition Awards Ceremony, 2 to 3:30 p.m., Jesse Auditorium.

Movie: "Das Boot," 7 and 9 p.m., Middlebush Auditorium. Staff tickets \$1 if purchased in advance at Memorial Union ticket window.

Saturday

Movie: "Author, Author," 7 and 9 p.m., Middlebush Auditorium. Staff tickets \$1 if purchased in advance at Memorial Union ticket window.

Cafeteria specials at Memorial Union and Brady Commons during Staff Recognition Week are: Monday, chicken fried steak; Tuesday, fried chicken; Wednesday, meat loaf; Thursday, pork steak; and Friday, Swiss steak.

The specials, a \$3 value, cost \$2.49 and include a free beverage. Specials also include a tossed salad, potato, roll and butter.

Also during recognition week, residence hall cafeterias will offer a 75-cent discount on the regular guest lunch price of \$2.75. Meals include a choice of three entrees, salad bar, beverage and choice of desserts.

Around the campus

STOCK UP ON EGGS FOR EASTER. The UMC poultry department has grade A eggs for sale from 4 to 5:15 p.m. Mondays, Wednesdays and Fridays. They are available in the small white building behind T-14 at the corner of Hospital Drive and College Avenue.

Sizes vary according to time of year. Now, most of the eggs are large or extra-large. Eggs are sold by the flat (two and a half dozen) and priced according to market and demand. Last week, a flat of large eggs was \$2 (comparable to 80 cents a dozen); extra-large, \$2.26 (90 cents a dozen).

GENERAL FACULTY MEETING SET. The winter semester general faculty meeting will be at 3:40 p.m. April 11 in the Memorial Union's large ballroom.

INFANT DEVELOPMENT UNIT OPENS. The UMC Hospital and Clinics opened a new unit this week to provide hospitalized infants with a transitional environment between the intensive care unit and home. The three-room, eight-bed infant development unit offers a more homelike setting.

The light and sound levels will be controlled to simulate those of a home, and each infant's waking and sleeping schedule will be tailored to match the family's. In addition, parents will be encouraged to participate in the care of their hospitalized baby.

Special attention will be paid to the patients' development; after

being discharged, the infants' health and development status will be assessed regularly in a special development clinic.

PET POLICY REMINDERS. To keep Spot or Fluffy from being impounded, pet owners should follow these campus rules.

- Pets must be on a leash and under the control of an adult. Except for seeing-eye dogs, pets that are unleashed or unattended are subject to impoundment.

- A loose pet trailing a leash or a pet tied to a fixed object is not considered under the control of an adult.

- Pets other than seeing-eye dogs are not permitted in University buildings. Pets found in such buildings may be impounded.

- Pets left unattended in vehicles on University property are subject to the same rules if they become a nuisance or if their welfare is threatened.

Impounded pets may be claimed by their owners at the Central Missouri Humane Society, 616 Big Bear Blvd., upon payment of all costs incurred as a result of the impoundment, including any veterinary expenses.

For more information, call the University Police Department at 882-7201.

PREVENTIVE CARDIOLOGY TALK PLANNED. Avoiding heart attacks altogether is the aim of the newest cardiology subspecialty, preventive cardiology. Dr. Norman Kaplan, professor of medicine and chief of hypertension service at the University of Texas Southwestern medical school in Dallas, will address this topic with a lecture on "Preventive Cardiology in 1983: Fact or Fancy?" at 4:15 p.m. on April 7 in S-261 School of Nursing.

Kaplan is a recipient of an academic award in preventive

cardiology from the National Heart, Lung and Blood Institute of the National Institutes of Health, and is a national authority on hypertension and heart disease. The lecture is free and open to the public.

BOOKWORM ALERT. The annual Friends of the Libraries Book Fair will be from 1 to 9 p.m. April 8 and from 9 a.m. to 4 p.m. April 9 at the Hearnes Center. Admission is free.

Early shoppers will get first choice on book purchases with a \$3 donation from noon to 1 p.m. April 8. Special items will be auctioned at 11 a.m. April 9.

Funds from the book fair will be used to buy books and rare items for the UMC libraries' collections.

Donations of books, magazines, records and manuscripts for the fair may be left at the gifts and exchange department on the first floor of Ellis Library or at the *Columbia Daily Tribune*, 101 N. Fourth St. The *Tribune* is a co-organizer of the fair. Donations are tax deductible.

For more information, call 882-4701.

GET IN THE SWIM! The Lewis and Clark Swimming Association has membership openings for University faculty, staff and students. Annual individual memberships cost \$50 and family memberships are \$100. There also is a one-time \$15 charge for new memberships.

Memberships include Red Cross certified swimming lessons at no extra cost.

The pool, located behind Lewis and Clark halls, opens Memorial Day, May 31, and closes Labor Day, Sept. 5. Hours are noon to 8 p.m. daily. A lifeguard is on duty at all times.

To join, call Anita Blanchar at 445-2540. Enrollment is limited and available on first come, first serve basis.

EMERGENCY PROGRAM OFFERED. Don't leave home without the Staff for Life Emergency Center Registration Card for University employees.

The card is part of a free pre-registration program that begins today. The program allows the UMC Hospital and Clinics to maintain a permanent insurance and personal data file for faculty and staff members and their families.

Should an emergency occur, program participants can avoid emergency room paperwork and delays. Each family member will receive a card and can give prior consent for the treatment of minors to speed the process.

Brochures and application forms will be mailed to University faculty and staff next week. For more information, call 882-8089.

MIZZOU WEEKLY

Vol. 4, No. 25

A publication of the University of Missouri-Columbia faculty and staff, published every Friday during the academic year and once a month during the summer by Publications and Alumni Communication, University Relations Division, 1100 Tiger Towers, 875-7132. News deadline is noon Friday the week before publication.

Advisory Board: Jim Brechbuhler, Gerald Brouder, Carol Bruce, Sandy Clark, Betty Crim, Jim Curtis, Bob Derryberry, Marjorie Marberry, Mary Miller, Keith Sanders, Lealure Tindall, Roy Utz, Joseph Vandepooliere.
Editor: Karen Worley
Assistant Editor: Carol Kirchner
Editorial Staff: Francine Parker

Campus offers a variety of recreational activities

For those faculty and staff members who prefer action and participation to being a spectator, UMC offers a variety of recreational activities.

Available are two gymnasiums, four outdoor field and tennis court sites, a swimming pool, golf course, bowling alley, game area, and an arts and crafts studio. Some of these facilities offer instructional supervision, some organized competition, and others have rental equipment available.

The following recreational opportunities are available to faculty, staff and their families.

BOWLING/BILLIARDS/GAMES

Brady Commons Game Area in the basement of Brady Commons.

Hours: 8 a.m.-11 p.m. Monday-Saturday; 2-11 p.m. Sunday.

Cost: Bowling, \$1.05 per game, 35 cents for rental shoes; Billiards, \$1.50 per hour.

Also available at this facility are game tables and equipment for cards, checkers and chess, and various electronic games of skill. Classes have priority for use of the bowling alley. Leagues run on weeknights and sign-up sheets are available at the desk. University I.D. cards are required.

CRAFTS/PHOTOGRAPHY

The Craft Studio in 203 Brady Commons.

Hours: 10 a.m.-10 p.m. Monday-Friday; 10 a.m.-5 p.m. Saturday.

Cost: \$12 per family membership.

Membership cards are sold on a semester basis at the MSA Ticket Window in the Memorial Union.

A studio membership is your pass to check out tools, gain access to workspace and take advantage of the services offered. The studio offers a woodworking shop, a pottery, and space and equipment to pursue the crafts of stained glass, weaving, spinning, calligraphy, jewelry and papermaking.

Faculty, staff and their families participate in bowling, racquetball, crafts, jogging and golf.

Workshops are offered at various times during the year. For more information, call 882-2889.

Photo Darkroom in 207 Brady Commons.

Hours: 3-10 p.m. Monday, Thursday and Friday; 1-7 p.m. Tuesday and Wednesday; noon-7 p.m. Saturday.

Cost: \$16 per family membership.

A darkroom membership not only gives you access to a complete processing and printing facility, but also includes all the black/white chemicals needed to develop your film and paper. Memberships are sold on a semester basis at the MSA Ticket Window in the Memorial Union. For more information, call 882-2889.

EXERCISE/WEIGHTLIFTING

Brewer-Rothwell at Hitt and Rollins streets.

Hours: 6 a.m.-midnight weekdays; 9 a.m.-midnight weekends.

Classes may have priority until 3:30 p.m. weekdays. University I.D. is required. An employee's spouse may use a faculty or staff I.D. with proof of identity. Children may be admitted only with a parent. Locker and towel services are available.

GOLF

A.L. Gustin Jr. Golf Course on Stadium Boulevard near the Alumni Center.

Hours: 7:30 a.m.-dark daily.

Cost: With University I.D., \$4 weekdays, \$5.50 weekends; \$2 per day for rental clubs.

Faculty and staff wishing to play in leagues or tournaments should call Rex Dillow at 882-4680.

JOGGING

Brewer-Rothwell at Hitt and Rollins streets.

basketball and racquetball courts and Loeb's tennis, basketball and racquetball hitting wall are lighted until midnight.

INDIVIDUAL SPORTING PLAY

Brewer-Rothwell at Rollins and Hitt streets.

Hours: 6 a.m.-midnight weekdays; 9 a.m.-midnight weekends.

Courts are available on a first-come, first-served, basis for free sporting play after 3:30 p.m. weekdays and on weekends. Before 3:30 p.m. classes have priority.

University I.D. is required. An employee's spouse may use a University I.D. with proof of identity. Children may be admitted only with a parent. Locker and towel services are available.

Equipment may be checked out for brief use. Articles available are: Basketballs, boxing gloves, footballs, handballs, horseshoes, punching bags, softballs, softball bats and masks, table tennis equipment, volleyballs and nets, and weight lifting barbells.

Hearnes Field House on Stadium Boulevard.

Hours: 6-10 p.m. Monday-Friday; 8 a.m.-5 p.m. Saturday; noon-5 p.m. Sunday.

The hours may vary slightly from week to week because of intercollegiate sporting events. To confirm available hours for a week, call 882-2056.

No equipment is available.

Stankowski Field behind the Natatorium, Reactor Fields on Providence Road south of Stadium Boulevard and the Athletic Fields behind the Livestock Center are available at those times not reserved for intramurals. To inquire about a specific time, call 882-2066.

SWIMMING

Natatorium on Rollins Street.

Hours: 12:30-1:30 p.m. Monday-Friday; 7-9 p.m. Tuesday-Friday; 2-4 p.m. Saturday and Sunday.

Children may swim only from 2 to 4 p.m. Sundays. They must be accompanied by an I.D. holder, and be 4 feet 6 inches tall, or able to swim two lengths of the 75-foot pool. Showers are required before entering the pool.

ORGANIZED SPORTS

106 Rothwell at Rollins and Hitt streets.

The University offers intramural programs in volleyball, water polo, racquetball, tennis and tennis doubles. For more information, call 882-2066.

WILDERNESS ADVENTURES

Cost: Membership is \$5 per calendar year; rental canoe, \$5 per day; two/four man tents, \$2-\$3 per day.

Membership is required to rent equipment and participate in programs. Rental equipment such as sleeping bags, backpacks, lanterns and cookstoves are available. For more information, call 882-3066 or 882-2817.—Tami Blankenburg

Opportunities

Faculty

The following teaching and research positions are available at the University; however, all of the positions are dependent upon funding and enrollment. For more information, call the associate provost's office, 116 Jesse, at 882-2094.

Research associate in dairy science—available as soon as possible to Aug. 31, 1983. Responsibilities include supervising and helping plan research projects, writing research reports, attending professional improvement meetings and presenting research. Research involves primarily dairy heifers in grazing and feeding trials. Requires dairy management skills, MS with thesis in animal or dairy science and one year experience or author of thesis. Deadline April 15.

Instructor of agronomy—available Aug. 1, 1983, to July 31, 1984. Responsibilities include assisting in teaching introductory soils course, video-tutorial laboratory preparation, leading discussion sections and writing and grading quizzes. Requires BS or MS in soil science or agronomy or related area. Previous teaching experience desirable. Deadline May 1.

Research associate in atmospheric science—available May 15, 1983, to June 30, 1984. Responsibilities include analyzing remote sensing information from meteorological satellites to provide information on crop conditions, including identification of crop stress providing estimates of total production. Requires computer programming ability, experience in imagery analysis and PhD in physical science. Deadline May 15.

Staff

The following job openings at the University were approved and posted Monday, March 28, and include the department where the vacancy exists. The openings are listed under the name of the personnel recruiting staff member handling the positions. For more information or to apply for a job, contact the appropriate recruiter at the Personnel Office, 309 Hitt St.,

at 882-4221. Salary codes follow each listing in parentheses.

CINDY MORRIS

Professional

Accountant (E-5), Accounting-UMca; Associate Director (E-13), Counseling Services (deadline April 8); Athletic Trainer (E-6), ICA (deadline April 22); Coordinator, Special Assignments (E-8), University Relations-UMca.

Marketing Business Manager (E-10), University Press-UMca (deadline April 15); Residence Hall Coordinator, Residential Life (3 openings, deadline April 8); Senior Continuing Education Coordinator (E-8), Business and Public Administration.

Technical

Clinical Specialist/Nursing (E-8), Child Health (Jefferson City); Data Controller II (M-57), CIS Network Operations-UMca; Health Physicist (E-10), Health Physics Services; Health Physics Technician (M-61), Health Physics Services; Industrial Hygienist (E-8), Environmental Health and Safety; Radio Producer/News (E-4), Broadcast Media-KBIA; Research/Laboratory Technician (M-56), Surgery; Scientific Programmer/Analyst (E-8), Agriculture-Dean's Office.

Sr. Research/Laboratory Technician (M-59), Agricultural Engineering, Ophthalmology; Senior Research Specialist (E-8), Food Science and Nutrition; Steam and Water Distribution Specialist (E-9), Campus Facilities.

CONNIE WOOD

Administrative

Associate Director, Athletics (E-14), ICA.

A. SUSAN JONES

Secretarial

Accounting Clerk (M-52), Residential Life; Cashier (M-53), Cashier's Office-Jesse Hall; Executive Staff Assistant I (E-5), University Office of Institutional Research-UMca; Library Clerk II (M-53), Ellis Library.

Receptionist (M-53), Psychology; Secretary (M-55), Business Operations (Telephone Operations), Center for Aging Study, Stenographic Services; Senior Secretary (M-57), Memorial Union (beginning in May), Pest Management.

CAROL WAITS

Clerical/Services

Sales Clerk (M-51), University Book Store; Secretary-Stenographer (M-54), Budget Services-UMca, Horticulture (30 hours per week), Law School.

Part time/Temporary

Clerk II, Microfilm Operation-UMca (4 openings, 20 hours per week, permanent); Personal Attendant, TODCOMP-UED (7 openings, 10 to 30 hours per week, permanent, effective April 18), Senior Research/Laboratory Technician, Student Health (3 months, 20 hours per week, temporary); Student Assistant-Clerical, Extension Publications.

Hospital

The following jobs were listed by the Health Sciences Center Personnel office. For more information, call 882-8186.

ANN NADLER

Administrative/Professional

Manager, Nutrition and Dietetics; Quality Assurance Coordinator, Medical Staff; Pharmacist, Pharmacy; Supervisor, Medical Records.

LORI TANZER

Administrative/Professional

Assistant Manager, Radiology; Management Analyst, Management Analysis.

PATTY SCOTT

Clerical

Hospital Unit Clerk, Nursing Service (6 positions open to University personnel only); Patient Accounts Representative, MPIP; Senior Accounting Clerk, MPIP (open to University personnel only); Senior Clerk Typist, MPIP; Senior Receptionist, Clinic V; Unit Staff Assistant, Nursing Service (2).

GINA KINCAID

SANDRA PUNTENNEY

Nursing

Assistant Director, Nursing; Clinical Nurse I, Nursing; Nurse Anesthetist, Anesthesiology (2); Staff Nurse, Nursing (8); Surgical Technologist, Nursing (2).

LORI TANZER

Technical

Certified Respiratory Therapy Technician, Respiratory Therapy; Occupational Therapist, Occupational Therapy; Senior Systems Programmer, Hospital Computer Center.

PART TIME OR TEMPORARY

Clerk, Medical Records; Chief Clerk, Nursing Service; Hospital Unit Clerk (2), Nursing Service; Licensed Practical Nurse, Nursing; Staff Nurse (2), Nursing; Student Assistant, Nursing.

Exhibits

Fine Arts Gallery: Missouri Art Educators Exhibition, 9 a.m.-3 p.m. weekdays; 2-4 p.m. Sundays, through April 8, Hitt Street and University Avenue.

Brady Commons Gallery: Black and White Photography by Michele Cardon and Keith Mays, 10 a.m.-5 p.m., Monday through Friday, through April 15, 203 Brady Commons.

Ellis Library: Winners of the 33rd annual Chicago Book Clinic, first floor display case, through April 30.

This Week

To list your department or division's events in Mizzou Weekly, write or call Sue Richardson or Debie Stone at Publications and Alumni Communication, 1100 Tiger Towers, 875-7132, by noon Friday. All events are free and open to the public unless otherwise noted.

1 Friday

Baseball: Iowa vs. Oklahoma City, 10:30 a.m.; UMC vs. Iowa, 12:30 p.m.; UMC vs. Oklahoma City, 2:30 p.m.; poster day; Simmons Field.

Humanities Lecture: "T. S. Eliot, 'The Wasteland,'" Howard Fulweiler, professor of English, 11:40 a.m., Ellis Aud.

Forestry Seminar: "Oak Mortality in the Ozarks: Soils, Weather, Insects and Diseases Implicated," Jay Law and Jerry Gott, Mark Twain National Forest, Rolla, 2:40 p.m., 2-6 Agriculture Bldg.

Chemistry Department Colloquium: "The ¹³C NMR; Characteristics and Applications," Robert Van Etten, professor of chemistry at Purdue University, 3:40 p.m., 226 Schlundt Annex.

Fisheries and Wildlife Seminar: "Density-Dependent Regulation of Gizzard Shad Populations," Jeff Kampa, graduate student, 3:45 p.m., 112 Lefevre Hall.

MSA Movie: "Poltergeist," 7, 9:30 p.m. and midnight, Jesse Aud. \$1 in advance, \$1.50 at the door.

Astronomy Film and Observatory Viewing: "Man's Reach Should Exceed His Grasp," and "Space Telescope: An Observatory in Space," 7 p.m., 114 Physics Bldg. Telescope viewing 8-10 p.m., Physics roof.

Faculty Recital Series: Consortium Chamber Players conducted by Harry Dunscombe, and the William Woods/Westminster College Choir conducted by Bert Allen, 8 p.m., William Woods College, Fulton, Mo.

2 Saturday

Baseball: Oklahoma City vs. Iowa, 10:30 a.m.; UMC vs. Oklahoma City, 12:30 p.m.; UMC vs. Iowa, 2:30 p.m.; visor day; Simmons Field.

MSA Movie: "Diner," 7 and 9:30 p.m., Jesse Aud. \$1 in advance, \$1.50 at the door.

International Student Programs: International Night, 8 p.m., Jesse Aud.

3 Sunday

Baseball: UMC vs. Oklahoma City, 12:30 p.m.; UMC vs. Iowa, 2:30 p.m.; Simmons Field.

Drop-In Tour: Museum of Art and Archaeology, 2 p.m., 1 Pickard Hall.

MSA Free Movie: "Double Indemnity," 7 and 9:30 p.m., Memorial Union Aud.

University Film Series: "La Strada," 8 p.m., Ellis Aud.

4 Monday

Staff Recognition Week begins. Business and Public Administration Week: Details are available in 105 Middlebush Hall and posted in Middlebush lobby. Event continues through April 8.

Second annual Nursing Research Day: Presentations, discussions and lectures covering patient care, teaching and research, 8 a.m.-4:15 p.m., School of Nursing. For more information and registration forms, call 882-6403.

Women's Center: "Do Women Really Want to be Rescued?" Critique and review of "The Cinderella Complex," Jolene Koester, assistant professor of speech, and Dorothy Sikyta, Women's Center staff, noon, Gentry Hall basement.

Linguistics Lectures Series: "Indo-European Meter and its Progeny," John Foley, associate professor of English, 7:30 p.m., 41 Arts and Science Bldg.
