

# MIZZOU WEEKLY

University of Missouri-Columbia November 4, 1983

## Upgrading the core

Larry Boehm photo

*For Milton Glick, new A&S dean, the workday begins at 7 a.m. He's busy devising strategies to improve the college.*

"We're the core college. We teach about 55 percent of all credit hours at the University, and we want to ensure the academic health of all the colleges that depend on arts and science for a strong in-depth base," says Glick, who joined the faculty in August.

"The reputation of the entire University depends upon our cooperation. It's an almost symbiotic relationship we have with all the other colleges. I want to be supportive."

His support plans include talking with other deans and arranging joint research projects. Some projects will involve Arts and Science faculty in the

School of Agriculture's Food for the 21st Century program. At the College of Education, Glick is meeting with department chairs to develop ideas for expanding the A&S role in developing teachers.

Within Arts and Science, Glick has initiated a task force to investigate ways to improve students' English language competency throughout the University. "This is not just a problem for Arts and Science nor for the English department," he says. "And it's not just a UMC problem; it's a national dilemma."

Clyde Wilson, chair of the anthropol-

ogy department and the A&S committee on planning and strategy, says Glick attends all planning meetings and projects great promise. "He's very energetic and very quick to pick up on the problems," Wilson observes. "He's candid and open and not defensive. This makes him easy to work with and the exchange of information is quite open."

Although Glick is anxious to start addressing students' language problems, UMC money shortfalls are setting up some barriers. He says the task force will look at ways to pay for improvements and involve the other divisions in composition courses. "We want to double the English composition requirements, but there's no money now to pay for the additional staff that requires," Glick says.

Arts and Science also needs to advance its computer programs, Glick notes. He wants to improve the campus computer literacy. "Our students and faculty need the opportunity and support to take advantage of modern technology," he says. "Current technology resources must be made available. Our campus computer facilities have been locked in the 1960s. Now we need to skip the 1970s and move into the '80s."

Finding the money to meet the many needs of his college concerns Glick. "It's a serious problem, especially affecting salary levels," he observes.

Glick comes to UMC from the chemistry department of Wayne State University in Detroit—no stranger to financial hardships. His department's research grant support increased 50 percent during his tenure as the chemistry chair.

Glick began his career as assistant professor at Wayne State in 1966 after earning a PhD in chemistry from the University of Wisconsin in Madison in 1965. While a postdoctoral fellow at Cornell University from 1964 to 1966, he studied crystallography and structural chemistry.

Optimistic as his dean, Wilson says, "I have a hunch he will be able to make the hard decisions that he must make to move us ahead."

## Audit reveals no wrongdoing

*An internal audit has cleared Campus Facilities employees concerning a summer incident.*

Employees did not abuse University time while working on an air conditioner at the home of Director Gaetano Russo in July, the Office of Internal Audit reported.

The audit review was requested by President James Olson's office following Columbia Missourian news articles and an anonymous letter regarding the repair.

In addition, the internal audit found no University equipment was used for the personal repair work. Russo himself paid for the new parts and the installation services of the supervisor and superintendent who did the work. The two employees installed the air conditioner parts during their lunch hour.

The auditors interviewed six randomly selected crafts workers concerning the air conditioner incident and matters related to accepting work outside the University, the use of University property and equipment, and personal work requested by the supervisor.

Through the interviews, the internal audit office also heard employee concerns regarding wasted physical plant funds and reported, "However, in most cases, the items mentioned seemed to be minor or involved an

opinion of what was the most efficient way to conduct the work."

Several employees commented on low staff morale resulting from layoffs and "the constant 'threat' of layoffs." To alleviate problems uncovered in the audit review, the internal audit office recommended improving communications on policies and changes.

"The most important conclusion of the audit is that there was no abuse of University time here," says Duane Stucky, vice chancellor for administrative services. "A Campus Facilities newsletter has already started to address the communication needs."

The installation of suggestion boxes at physical plant outlets also offers workers a way to register questions and complaints to be addressed in the newsletter, Russo notes.

"We know communication hasn't been good, partly because our messages haven't been hopeful," he says.

## DEDUCTIBLE OPTION AVAILABLE TO FACULTY, STAFF

Employees and retirees participating in the University's medical benefits plan have the option to maintain the present \$100 deductible or choose the new \$500 deductible plan.

The primary advantage of switching to the \$500 deductible is reduced monthly premiums. For current employees, spouses and their children, the new deductible roughly halves the monthly premium. Widows, widowers and their children can save up to 17 percent monthly with the \$500 deductible.

Recently, Michael Reese, director of employee benefits, sent a letter explaining the new deductible to

University employees. Employees who wish to change to the new, \$500 deductible should complete the enrollment form Reese sent with the letter and send it to Staff Benefits Office, 314 Lewis Hall, by Dec. 1.

Future changes in deductible plan will be allowed only on Jan. 1 of each year. Also, in the future, change from the \$500 to \$100 deductible plan will require evidence of good health.

With questions, call the Staff Benefits office at 882-3684.

## STUDENT TELEFUND NEARS GOAL

Enthusiasm is surging at the Alumni Center these nights as student volunteers ring up alumni to ask for pledges during the most successful Student Foundation Telefund to date.

As of Monday, a total of 476 students led by senior Jody Debs and junior Tracey Allendorf had contacted 9,000 alumni, raising \$81,000 in pledges. The telefund goal is \$83,000, says Bo Edwards, manager of the annual giving program.

Since Sept. 18, student volunteers have called alumni from 6 to 9 p.m. Sunday through Thursday. Each night, the first caller to get a \$100 pledge is serenaded by the Mizzou fight song and gets to make a free call home. All

volunteers enjoy pizza after each session.

Development Fund volunteers assist the students, and faculty have pitched in to cheer on the volunteers and make some calls themselves. Irv Cockriel, associate professor of higher and adult education and foundations, has recruited several faculty members to make calls Nov. 5.

Participating in the telefund are Business and Public Administration, Education, Engineering, Friends of Rusk, Home Economics, Arts and Science, Veterinary Medicine, Library and Information Science, Journalism, Medicine and Agriculture.

The telefund continues through Nov. 21.

# Layoffs to occur in Campus Facilities

There will be layoffs in Campus Facilities, Staff Council members learned last week.

Details on the number of staff to be laid off and the layoff schedule were not yet determined. "I plan on releasing that information the week of Nov. 7," says Duane Stucky, vice chancellor for administrative services.

Currently, funds for campus preservation—planned building repair, replacement and maintenance—are received from the sale of the \$600 million state construction bond issue voters approved in 1982. Last fall, UMC was allotted \$2.9 million for campus preservation.

But those funds, which pay the salaries of more than half the workers in contract and construction, will be depleted soon. Legislators are expected to consider authorizing the state to issue another bond-issue installment during their current special session, but "even if it does appear that special-session funding for campus preservation will be approved, the number of small projects to be funded is insufficient to support

all the Campus Facilities staff we have, so layoffs are probable," Stucky says.

Last fall, 27 Campus Facilities employees were laid off because of a lack of funding for small renovation projects. "In the future, we will attempt to achieve an appropriate balance between work done by University staff and work done by outside contract so that sudden changes in funding won't result in layoffs," he says.

In other business at the council meeting, members of the personnel office gave an overview of their functions.

Roger Jett, interim personnel director, discussed wage/salary administration services. Employees may see all information in their personnel files, he says. Jett also reported on a new service award policy that will include 75 percent FTE employees and those whose primary titles are administrative, service or support even if they also hold joint academic titles. The changes are effective Jan. 1.

Susan Bliss, manager of training and development, reviewed programs available to employees. Senior Personnel As-

sociate Charlie Hunter urged new employees to attend orientation sessions that are held from 9 to 11:30 a.m. the first and third Wednesday of each month in the Staff Development Conference Room in Lewis Hall. The sessions are good refreshers for supervisors and established employees, too, he says.

Hunter also described cooperative hiring efforts with departments and noted that employees may apply for a transfer without notifying their supervisor, as confidentiality is guaranteed. "But when you are being seriously considered for a job, you should tell your supervisor," Hunter says.

Hunter's area also includes the layoff pool, which has been successful in placing employees in other University jobs, he says. Those laid off because of circumstances beyond their control may visit the personnel office to discuss the pool, Hunter says.

Connie Wood, assistant personnel director, discussed employee relations. Members of the personnel department will meet with employees who wish to

discuss confidentially grievance matters at a time and location convenient to the worker, Wood says.

Wood also noted an emphasis on performance appraisals to address specific job duties. "We're working hard on developing a procedure to bring about communication that's needed between employees and supervisors."

Dixie Van Hove, supervisor of stenographic services at 309 S. Fifth St., discussed services available from her office. They include temporary office assistance, a production typing service and typewriter rental.

In other matters, Libby Miederhoff, manager of accounting services, and Fran Malloy, administrative associate II in the Graduate School, reported on the campus liaison committee, which provides information, material and support to the Board of Curator's long-range planning steering committee. The committee invites staff to comment on goals and objectives, especially those focusing on creating a healthy environment to optimize contributions of staff.

**Q. Why are there no paper towels in the General Services Building restrooms? The hot air hand dryer works but it is very difficult to dry your face.**

**A.** "We're running a cost study to see what savings might be benefited by providing the hand dryers instead of paper towels," says Julia Baker Moffett, assistant director of support services in Campus Facilities. "At this point I can't say that the towels won't be replaced, but with towels there is the matter of waste and litter." The cost study, she adds, should indicate if it would be beneficial to switch from paper towels to hand dryers in other areas of campus, too.

Baker Moffett, whose office is in the General Services Building, says she is aware of concerns regarding lack of paper towels. Those with questions may call her or Jim Beckett, assistant director of plant operations, at 882-3091.

**Q. How many days will employees have off at Thanksgiving?**

**A.** Thanksgiving day, Nov. 24, and the following Friday, Nov. 25, are official University holidays.

**EDITOR'S NOTE:** Incorrect information was provided to Mizzou Weekly concerning the Oct. 7 question about the cost of the Clark Hall back entrance project. Michael Haggans, director of UMca facilities management and planning, says the actual cost was \$9,222.85, not \$2,500 as reported. The project's estimated cost was \$8,100.

**Send in your questions about campus matters to Mizzou Weekly, 1100 Tiger Towers. Please include your name and telephone number so we can reach you if necessary. Your name will not be published.**

ue to report directly to the chancellor's office. He will remain in his position as vice chancellor until a replacement is named.

Before a national search is conducted for the position of vice chancellor for alumni relations, the merger of that division with University Relations will be evaluated, the chancellor says. The two divisions were combined last August.

Entsminger began his career with UMC in 1949 as assistant director of alumni activities.

## Estate planning director named

Guy H. Entsminger, vice chancellor for Alumni Relations and Development, has resigned effective Feb. 1, 1984, to accept the directorship of the Robert A. Graham Estate Planning Center at UMC.

Entsminger also will manage the Alumni Center building and will contin-

## For whom the bills toll

New campus telephone rates went into effect Nov. 1.

The rate change after the beginning of the fiscal year is not ideal, says Beverly Windsor, administrative associate I in the business operations office. "But too many things were unknown last spring because of deregulation in the telephone industry."

The current rates follow:

✓ **Special Services:** All data and alarm loop rates decreased from \$10 to \$7 for a two-wire data loop, and from \$20 to \$10 for a four-wire data loop.

✓ **Centrex:** The monthly line charge increased from \$13 to \$14. Charges for all campus instruments increased from \$1.85 to \$2 per month. Earlier this fall, local telephone service and installation rates increased an average of 5.3 percent because of an Aug. 15 GTE rate in-

crease.

✓ **GTE Calling Cards:** A 20 percent surcharge is added to each monthly bill to reflect handling costs more accurately, Windsor says. A study has shown that about half of the University's Calling Card calls could have been made through WATS at a savings.

✓ **WATS:** These long-distance rates increased for the first time since 1981 by approximately 18 percent overall. Rates are highest from 9:30 to 11:30 a.m. and from 1:30 to 3:30 p.m. weekdays; lowest rates are from 11 p.m. to 8 a.m. weekdays and all weekend. WATS rates, shown in the chart, are lower than direct distance dialing and Calling Card rates.

With questions about the new rates, call the telephone communications office at 882-2345 or 882-7751.

| WATS rates/minute                                       | 5¢ | 10¢ | 15¢ | 20¢ | 25¢ | 30¢ | 35¢ | 40¢ |
|---|----|-----|-----|-----|-----|-----|-----|-----|
| 11 p.m.-8 a.m. weekdays and all weekend                 |    |     |     |     |     |     |     |     |
| 5-11 p.m. weekdays                                      |    |     |     |     |     |     |     |     |
| 8-9:30 a.m., 11:30 a.m.-1:30 p.m., 3:30-5 p.m. weekdays |    |     |     |     |     |     |     |     |
| 9:30-11:30 a.m. and 1:30-3:30 p.m. weekdays             |    |     |     |     |     |     |     |     |
| In-state calls  |    |     |     |     |     |     |     |     |
| Out-state calls   |    |     |     |     |     |     |     |     |

## SUGGEST AN IDEA, WIN A PRIZE

A staff suggestion program began this week at the UMC Hospital and Clinics. Employees or volunteers who submit ideas for improving the hospital will receive staff suggestion mugs. There will be cash awards for the best ideas.

Awards will be based on criteria that include enhancing patient care, improving hospital procedures, improving safety or preventing accidents, controlling costs, conserving supplies or energy, eliminating unnecessary workloads and enhancing the hospital's image.

The Hospital Service League, a volunteer group, will donate funds for the cash awards.

## BUSINESS SESSIONS PLANNED FOR FACULTY, STAFF

The Business Services Office will hold informational sessions for faculty and staff from 9 a.m. to noon Nov. 14, 16 and 18 in S-3 Memorial Union.

The sessions, an orientation for new staff and refresher for others, will provide information concerning purchasing, campus facilities, payroll, mail, telephone, cashier and accounting.

Pre-registration is necessary. Registration forms were mailed to all departments or can be obtained from Training and Development, 309 Hitt St.

## AGENTS SUGGEST TRAVEL TIPS

Representatives from Columbia travel agencies are meeting with UMC administrators to discuss cooperative methods to cut costs for University travel arrangements.

The University's concern about travel costs prompted the meetings, sponsored by the Columbia Chamber of Commerce. UMC spends more than \$2 million annually on air fare, hotels and car rentals.

Besides reducing its travel costs, the University wants to have a single accounting method providing a monthly statement, have all travel arrangements coordinated through a central source and charge travel bills.

The travel agents suggest a number of ways to reduce the University's

travel costs, including a fare hotline listing lowest fares, forming a consortium to negotiate for volume rates with hotel chains and car rental firms and hiring a bookkeeper to handle UMC business.

In addition, the University could charge travel arrangements on a corporate account to streamline accounting and have the option of paying bills a month or more after they were charged, the agents say. The agencies offered to help train UMC employees who arrange travel and supply uniform reservation forms to University offices.

"It's exciting to see the cooperation of local travel agents discussing ways to help the University achieve savings in making travel arrangements," says Duane Stucky, vice chancellor for administrative services.

Meryl Keesing photo

Troop Four scoutmaster Carmel Mazzocco extends a handshake to 11-year-old James McKenney, achievement award recipient.

# United Way donations bolster Boy Scouts

*With United Way and University support, Boy Scouts help youths grow, reach and achieve.*

Camping, comradeship and acquiring skills outside the schoolroom attract youngsters to the Boy Scouts, says Car-

mel Mazzocco, scoutmaster and director of the Academic Computing Center.

Volunteers such as Mazzocco are the

cornerstone of the Boy Scouts of America program, and Mizzou has proved a strong volunteer resource. Through United Way contributions, UMC faculty and staff provide the cash to cement the BSA constructs.

"The United Way dollars provide for the program delivery systems of the BSA," explains W. Pete Knauff, scout executive of the Boy Scouts of America Great Rivers Council, which includes 33 Missouri counties. "These are very important dollars, amounting to 33 percent of the council's funding."

The money supports a small professional and clerical staff for the state council, which handles the record keeping, badges, scout books and training for troop leaders.

"We also organize new units in areas not now served," Knauff says. "We want to make sure scouting is available to every youth desiring membership."

UMC people now active along with Mazzocco in various aspects of the scouts include Gary Dunkerley, associate professor of anatomy, who serves as chair of the Booneslick District Boy Scout committee. James Baldwin, professor of civil engineering, and Walter Schroeder, instructor of geography, lead other local troops.

"I'm sure there are more," Mazzocco notes. "I know Roger Gafke (associate dean of journalism) was scoutmaster of Troop Four for awhile."

Troop Four's assistant scout master, Steve Liu, is a fourth-year Mizzou medical student, and Mazzocco's wife, Marion, acts as chair of the Booneslick Dis-

trict advancement committee.

The UMC chemistry department and graduate student Barb Wilhelm recently offered scouts a chance to earn chemistry merit badges.

Serving his second year as leader of Troop Four, Mazzocco discovered the benefits of scouting through his family—stepson Bob Wager, 20, an Eagle Scout; and sons Lewis, 12, a member of Troop Four; and Michael, 8, a cub scout.

"There's a competition with self and in a team sense," Mazzocco observes. "Scouts can achieve at their own pace, with older boys helping the younger. It becomes an important part of what the kids learn and how they work."

Among University families benefiting from the scouts' cooperative competition is the Milton Glick clan. When Glick arrived from Detroit this past summer to become dean of the College of Arts and Science, he thought scouting would be a good way for his sons to find friends and activity. He gave the boys a choice of several scout troops, but they returned from a night with Troop Four and announced they did not want to meet with any others. They wanted to join Mazzocco's group.

Now they are busy with weekly meetings, monthly camping trips and work on merit badges. "Mark (Mazzocco) is a really wonderful scout leader," Glick reports. The troop gives my kids the sense of stability that's important at this time."

# JOBS

For more information on the following teaching and research positions, contact the appropriate individual listed below. All positions are contingent upon enrollment and funding. Continuing medical education, instructor, deadline Dec. 15. Contact Weldon D. Webb, 882-2256.

Dalton Research Center and physiology department, research assistant professor and assistant professor of physiology, deadline Nov. 15. Contact Dean Franklin, 882-7586.

Medicine, assistant/associate professor of cardiology, two openings, deadline May 31. Contact Brent Parker, 882-4913.

Social work, director and professor, deadline Jan. 1. Contact Marilyn Maddux, 882-6206.

The following staff openings were approved and posted Monday, Oct. 31, and may be filled at any time after meeting the required five-day posting period. The openings are listed under the name of the personnel associate handling the positions. For more information or to apply for a job, contact the appropriate recruiter at the Personnel Office, 309 Hitt St., at 882-4221. Salary codes follow each listing in parentheses.

JANE CORREIA  
Professional  
Administrative associate I (E-5), Physiology.

Assistant editor (E-5), Center for Independent Study.

Assistant manager, production operations (E-6), KOMU-TV.

Executive staff assistant II (E-7), Physiology.

ROY WILLIAMS

Research/service

Assistant supervisor, custodial service (E-4), Campus Facilities.

Food service supervisor I (E-3), Residential Life.

Laboratory assistant (M-53), Pharmacology, 75 percent FTE.

Research electronic technician (M-63), Research Reactor-UMca.

Research scientist (E-10), Agronomy.

Research specialist (E-5), Animal Science (Poultry).

Senior research/laboratory technician (M-59), Child Health, 75 percent FTE;

Medicine/Microbiology (2);

Medicine/Nephrology; Veterinary

Microbiology.

Staff physician (E-15), Student Health.

CAROL WAITS

Computer/technical

Computer programmer II (M-61), Missouri

Institute of Psychiatry, (position located in St. Louis), effective December 1983.

Reactor operator (M-62), Research Reactor-UMca.

Senior electronic technician (M-62), Electrical Engineering.

Clerical

Clerk typist II (M-53), Academic Support Center;

Medicine; Institutional Research and Planning; Vice Chancellor for Student, Personnel and Auxiliary Services.

Inventory clerk (M-54), Purchasing Property, effective Dec. 1, 1983.

Microfilm operator (M-53), Microfilm Operations-UMca.

Secretary stenographer (M-54), Agricultural Economics; Cooperative Extension-

Agricultural Economics; Experiment Station-Chemical Lab.

Senior stenographer (M-54), Agricultural Economics; Vice Chancellor of Alumni

Relations and Development.

A. SUSAN JONES

Secretarial

Administrative secretary (M-59), Child Health; Surgery.

Fiscal assistant (M-59), Psychology.

Library clerk II (M-53), Technical Services (Serials).

Secretary (M-55), Agricultural Economics

Cooperative Extension; Business and Public

Administration (Undergraduate advising office); Extension-UMca,

Medicine/Nephrology.

Senior accounting clerk (M-57), Development

Fund; Educational Administration;

Hematology/Oncology; Surgery.

Word processing operator II (M-55),

Entomology.

The following job openings were listed by the UMC Hospital and Clinics Personnel Department. For more information, call 882-8186.

ADMINISTRATIVE/PROFESSIONAL

Associate administrator, University Physicians.

Computer project manager, Hospital Computer Center.

Learning skills specialist, Learning Disabilities.

Manager, Occupational Therapy, deadline Dec. 1.

Pharmacist, Pharmacy (2).

Staff chaplain, Pastoral Care, deadline Nov. 14.

## CLERICAL

Admissions clerk, Admissions.

Hospital unit clerk, Nursing (2).

Personnel interviewer, Personnel.

Senior accounting clerk, MPIP (3).

Senior clerk typist, Materials Management,

Nursing, Maternal Child.

Vol. 5

No. 10

A publication of the University of Missouri-Columbia faculty and staff, published every Friday during the academic year and twice a month during the summer by Publications and Alumni Communication, a department of University Relations Division, 1100 Tiger Towers, 875-7132. News deadline is noon Friday the week before publication.

Advisory board: Jim Brechbuhler, Gerald Brouder, Carol Bruce, Brooke Cameron, Mike Chippendale, Sandy Clark, Jim Curtis, Bob Derryberry, Marjorie Marberry, Mary Miller, Bob Stewart, Harry Stoeckle and Leasure Tindall.

Editor: Karen Worley

Assistant editor: Carol Again

Staff writer: Diane Caldwell

Photo editor: Larry Boehm

# CALENDAR

To list events in Mizzou Weekly, write or call Diane Caldwell at Publications and Alumni Communication, 1100 Tiger Towers, 875-7132, by noon Friday. All events are free and open to the public unless otherwise noted.

## Highlights

**ARCHAEOLOGICAL INSTITUTE OF AMERICA:** Visiting lecturer Colin Wells from the University of Ottawa, Canada, will discuss "The Small Town in the Roman Empire" at 8 p.m. Nov. 7 in 106 Pickard Hall.

**UMC TRICENTENNIAL PROGRAM:** A.J. Eichenseer from Regensburg, West Germany, will lecture on "German Folk Arts: Wood Carving and Painting on Wood" at 4:30 p.m. Nov. 8 in Pickard Hall Aud.

**BLACK STUDIES LUNCHEON FORUM:** Clyde Ruffin, associate professor of speech and dramatic art, will explore the role of blacks in modern American theater and give an oral interpretation of "I Wonder How Many People Call the Stars" at noon Nov. 9 in S8 Memorial Union. Brown bag lunch at 11:30 a.m. For more information, call 882-6229.

**COSMOPOLITAN INTERNATIONAL-UNIVERSITY OF MISSOURI DIABETES CENTER DEDICATION:** Program will begin at 1:30 p.m. Nov. 10 in the School of Nursing Aud. Ribbon-cutting ceremonies will follow at 3 p.m. and reception at 3:15 p.m. at the center, 1 Hospital Drive.

## 4 Friday

**STAFF COUNCIL BALLOTS DUE:** Deadline for return will be 5 p.m. Send ballots to Harri Palmer, A126 Fine Arts Bldg.

**DEADLINE FOR GRADUATE RECORD EXAMINATIONS:** For more information, contact Counseling Services in 5 Parker Hall.

**FACULTY RESEARCH COUNCIL GRANTS DEADLINE:** Applications are due in the Graduate School. For more information, call 882-6311.

**CONTINUING LEGAL EDUCATION SEMINAR:** "A Circuit Court Jury Trial" will be held from 8:30 a.m.-4:45 p.m. at the Ramada Inn, 1100 Vandiver Drive. For more information, call 882-7251.

**HEALTH RELATED PROFESSIONS WEEK:** Picnic from 2 p.m. until dark at Bethel Park. Cost is \$1 for students, \$2 for faculty.

**ENTOMOLOGY DEPARTMENT SEMINAR:** L.L. Darrah from the agronomy department will discuss "Selection Procedures for Root and Stalk Strength and Host Plant Resistance in Corn" at 3:40 p.m. in 2-10 Agriculture Bldg.

**MSA FILM:** "Lords of Discipline" will be shown at 7 and 9:30 p.m. in Jesse Aud. Tickets are \$1 in advance for students and faculty and staff who are taking classes, \$1.50 at the door.

**GENTRY STUDIO THEATRE:** "Suddenly Last Summer," written by Tennessee Williams and directed by Tom King, will start at 7:30 p.m. in the basement of Gentry Hall. Tickets are \$1.

**ASTRONOMY FILMS:** "Images of Life" and "Remote Possibilities" will be shown at 7 p.m. in 114 Physics Bldg.

**FACULTY RECITAL SERIES:** Laurence Lowe, horn, at 8 p.m. in the Fine Arts Recital Hall.

**MSA FILM:** "Brimstone and Treacle" will be shown at midnight in Jesse Aud. Tickets are \$1.

## 5 Saturday

**PREGAME BRUNCH** at the Alumni Center will begin with cash bar at 10 a.m. Brunch is served from 10:30 a.m.-12:15 p.m. For tickets, call 882-6611. Cost is \$6 for adults and \$3 for children.

**MUSEUM ADVENTURES FOR CHILDREN:** This program is for children, grades 1-6. Participants will attend workshops on four consecutive Saturdays for a variety of gallery activities. Tuition is \$5 for children of Museum Associates, \$10 for others. For more information, call 882-3591.

**MSA FILM:** "Pirates of Penzance" will be shown at 7 and 9:30 p.m. in Jesse Aud. Tickets are \$1 in advance for students and faculty and staff who are taking classes, \$1.50 at the door.

**GENTRY STUDIO THEATRE:** "Suddenly Last Summer." See Nov. 4 listing.

**MSA FILM:** "Brimstone and Treacle" will be shown at midnight. Tickets are \$1.

## 6 Sunday

**DROP-IN TOUR:** 2 p.m. at the Museum of Art and Archaeology in Pickard Hall.

**COMEDY FILM SERIES:** "Gold Diggers of 1933," starring Joan Blondell, Ruby Keeler and Dick Powell, will be shown at 3 p.m. in 106 Pickard Hall.

**STUDENT ENSEMBLE SERIES:** Andrew Minor will direct the Collegium Musicum at 3 p.m. in the Fine Arts Recital Hall.

**UNIVERSITY FILM SERIES:** "Fitzcarraldo" will be shown at 7 and 9 p.m. in Ellis Library Aud. Admission is \$1.

**MSA FILM:** "Butch Cassidy and the Sundance Kid" will be shown at 7 and 9:30 p.m. in Memorial Union.

## 7 Monday

**ARCHAEOLOGICAL INSTITUTE OF AMERICA:** See Highlights.

## 8 Tuesday

**CHEMICAL ENGINEERING SEMINAR:** Jeff Robbins will discuss "Techniques of Genetic Engineering and Their Implications" at 3:40 p.m. in 1001 Engineering Bldg.

**UMC TRICENTENNIAL PROGRAM:** See Highlights.

**AMATEUR RADIO CLUB:** Open house 5:30 p.m. in 230 Brady Commons. For more information, call 882-4797.

## 9 Wednesday

**UMC UNITED WAY CAMPAIGN:** Update report session at 7:30 a.m. in S-4 Memorial Union.

**BLACK STUDIES LUNCHEON FORUM:** See Highlights.

**AAUP FALL MEETING:** Vice President Mel D. George will speak about "Collaboration and Cooperation in Missouri Higher Education" at noon in S-6 Memorial Union. Bring a lunch.

**MUSIC AMONG THE MASTERS:** University Chamber Singers will perform at 12:25 p.m. in the Old Masters Gallery. For more information, call 882-3591.

**BLACK FACULTY AND STAFF ORGANIZATION MEETING** at 4 p.m. in the Black Culture Center, 823 Virginia Ave.

**MSA FILMS:** "Sunset Boulevard" and "Stalag 17" will be shown at 7 and 9:30 p.m. in Ellis Aud.

**UMC SECTION OF AMERICAN CHEMICAL SOCIETY** will sponsor a lecture by Paul K. Kuroda, distinguished professor of chemistry at the University of Arkansas-Fayetteville. He will discuss "Nuclear Astrochemistry—A Study of the Origin and Age of the Elements" at 8 p.m. in 120 Physics Bldg. For more information, call 449-0795.

## 10 Thursday

**MISSOURI INSTITUTE FOR EXECUTIVE DEVELOPMENT:** "Psychology of Winning in Business" will meet 7:45 a.m.-4:45 p.m. at the Hilton Inn, I-70 Drive Southwest. Tuition for this two-day conference, which continues Nov. 11, is \$250 and includes materials, luncheons and breaks. For more information, call 882-6784.

**10th ANNUAL AGRICULTURAL MARKETING AND POLICY SEMINAR,** "U.S. Farm Policy in a World Dimension," will start at 8:45 a.m. in N201 Memorial Union. The seminar continues through Nov. 11.
