

MIZZOU WEEKLY

University of Missouri-Columbia

February 8, 1985

Ars Musica, a baroque chamber ensemble, will perform Feb. 13 in Jesse Auditorium. See Calendar Highlights on Page 4 for details.

NEH funds preservation study

The UMC library system is one of 10 libraries chosen for book-preservation program.

Preservation of library collections has become a national problem in recent years because of the gradual deterioration of paper. UMC and nine other large, research libraries will take part in an effort to solve it.

The Association of Research Libraries' Preservation

Planning Program was designed to put self-help tools into the hands of staff members and aid them in preserving library materials.

The program, funded by the National Endowment for the Humanities, will provide UMC libraries with \$7,000 to \$9,000 for preservation consultants and a \$1,000 stipend for conducting a preservation study.

To allow for mass production, changes in the methods of manufacturing paper after 1850 have led to gradual acidic reactions that cause paper to become dark, brittle and weak to the point of crumbling. The deterioration of books due to environment and natural causes is a problem that may be "more destructive to the preservation of knowledge than

any book burning episode in history," says Deana Astle, librarian III. Experts estimate that 25 percent to 60 percent of research library collections will be too brittle for normal use by the turn of the century.

Other libraries selected for the program are the Center for Research Libraries, Colorado State University, Iowa State University, Northwestern University, Ohio State University, University of Oregon, Smithsonian Institution, State University of New York at Stony Brook and the University of Tennessee. Each library was selected on the basis of its commitment to the development of a preservation program and its willingness to share results with other libraries.

Award honors staff

Mick Deaver's gift for relating to students is memorialized by a special staff award.

Kim Dude's most vivid memory of Mick Deaver is the night he and University Police Chief Ron Mason walked all over campus with her to evaluate lighting.

"I was president of the Association of Women Students at that time, and security and rape awareness were important issues to me," recalls Dude, BS Ed '74, M Ed '76, who now serves as assistant director of residence hall programs. Campus lighting was improved after their walk.

"I felt a real warmth toward the campus police, knowing they cared so much," Dude says. "I knew Mick Deaver quite sincerely cared about students and protecting them. Sometimes a police uniform could intimidate a person, especially a student, but he was never intimidating."

Deaver, BS Ed '66, was associate director of University Police at the time of his death in an automobile accident in 1980. The Mick Deaver Memorial Award will be presented during Staff Recognition Week ceremonies April 5 to a staff member who best exemplifies Deaver's gift for fostering good relations with students. Staff Advisory Council established the award in 1980.

When Deaver joined the campus police in 1972, the department's relations with students were worse than any Chief Mason had ever encountered. "It would have taken twice as long without (Deaver) here to solve the problem. The kind of accep-

tance by the community today is partly due to him.

"If a student had a problem, he could always find an ear with Mick. He would visit with the student and maybe find there was another problem, so he'd call up someone else who could help with that," Mason says. "He had the ability to follow up and not let it go."

Students' respect for Deaver was such that he could "break up a snowball fight just by walking out there," Mason says. "Everybody knew him."

The reputation spread, and Deaver was recruited by other institutions as a police chief. "But he liked Missouri so much that he stayed," Mason says. "Some weeks he'd come in at 6 a.m. and stay till midnight. It was a life to him; it was more than just a job."

Jack Watring, associate director of University Police, says Deaver's attitude influenced the entire department. "He always went out of his way to help students. Those kinds of things affected all of us."

Deaver had an impact on others in the campus community as well. Suzanne Holland, 1983 winner of the Mick Deaver Memorial Award, recalls how friendly and helpful Deaver was when she joined the staff. "I grew to respect him a great deal," says the assistant to the vice chancellor for Student, Personnel and Auxiliary Services. "When I received the award it made me feel I could emulate him a little bit."

The 1982 recipient was Donald Graham, associate director of Residential Life. "He had the ability to communicate with anyone," Graham says of Deaver. Other past winners are Marty Lee, 1984, a former administrative secretary in education student advisement; and Blanche Oliver, 1981, a retired Ellis Library security guard. Sharon Baysinger-Deaver, former director of Alumni Activities, accepted the award in 1980 in honor of her late husband. Mick Deaver that year had been nominated numerous times for a Staff Recognition Award.

Another tribute is the Mick Deaver Memorial Drive between the Hearnes building and Memorial Stadium, dedicated Sept. 13, 1980.

Nominations of staff are being accepted for the 1985 Mick Deaver Memorial Award. Send letters of nomination to Donna Turner, Missouri Testing and Evaluation Service, 403 S. Sixth St. by March 15.

"I would like to think that a lot of staff people at UMC would qualify for the award," Watring says.

Nominations of staff members are being accepted for an award that honors the late Mick Deaver, shown here surveying a football crowd in Memorial Stadium.

NUTRITIONIST DISCOURAGES VITAMIN USE

Self-doctoring with over-the-counter vitamin and mineral supplements can be hazardous to your health, warns Dennis Gordon, associate professor of food science and nutrition.

Too much of one vitamin or mineral can prevent the absorption of another, he explains. For instance, megadoses of zinc can interfere with the body's absorption of copper and iron, and lead to anemia.

Most people who eat a normal diet are getting necessary nutrients, Gordon says. The exceptions are pregnant women and weight-conscious teenagers, who may not eat balanced diets.

BUY BIG BOOTS

For added foot warmth this winter, buy boots roomy enough for extra socks, advises Betty Feather, extension clothing specialist.

For extra insulation, she suggests layering two pairs of thin wool socks rather than wearing just one bulky pair.

If leather boots get wet, stuff the toes with newspaper and dry away from a direct heat source, she says.

SCIENTIST MAKES SOYBEAN GRANOLA

A granola bar that contains 30 to 50 percent fewer calories than the standard fare and much more protein per ounce has been developed by Nan Unklesbay, an associate professor of food science and nutrition.

The biggest portion of "Missouri Soy," as its name suggests, is textured soy protein. Ingredients also include soy protein isolate, rolled oats, corn syrup, crisped rice, raisins, coconut and honey.

"Missouri Soy" is as delicious as five of the most popular granola bars on the market, says Unklesbay, who personally taste-tested her 94-calorie creation.

But the real test was conducted by a mix of students, faculty, farmers and others attending the Feb. 6 Ag Day Barbecue. Soybean growers will have their chance when they travel to Columbia for a soybean/irrigation conference.

Once taste tests are completed, Unklesbay will turn the formula over to commercial companies with hopes that the "Missouri Soy" bar will be manufactured within two years.

FOR THE RECORD

RECEPTION: President C. Peter Magrath and Diane Magrath invite friends and colleagues of Vice President Mel and Meta George to a farewell reception Feb. 22 at Providence Point, 1900 S. Providence Road.

Friends and colleagues from the four campuses are asked to attend between 4 and 5 p.m. if possible.

Those in Central Administration and Extension are asked to attend between 5 and 6 p.m. if possible.

George will become president of St. Olaf College in March.

ELECTRONICS SHOP: The Engineering Electronics Shop, 30 Electrical Engineering Bldg., repairs computers, peripherals and electronic equipment. The shop also makes cables and printed circuit boards and offers interface design. For more information, call Lynn Ash at 882-3798.

DEATH: Carl J. Marienfeld, founder and first chairman of the Department of Family and Community Medicine, died Jan. 6 at his home near Ashland, Mo. From 1968 until his retirement in 1983, he served as director of the Environmental Health Surveillance Center.

DISABLED STUDENTS: Those who desire assessment of their abilities and need for auxiliary aid should contact Norman Moore, vice chancellor for Student, Personnel and Auxiliary Services, no later than six weeks prior to the beginning of the next semester.

GRAND SHARING: Students can spend some time with an elderly person through the University "Y's" Grand Sharing Program. Participants visit a resident at Boone Retirement Center for about one hour a week. For more information, call 449-5768 or drop by 114 Gentry Hall.

NURSING SEMINAR: The School of Nursing Continuing Education Program will present a breakfast seminar on "Influencing Patient Decision Making" from 7:30-9:30 a.m. Feb. 21 at the Hilton Inn, 2200 I-70 Drive SW. Bill Bondeson, professor of philosophy and medicine, and Susan Taylor, associate professor of nursing, will speak. Cost is \$7.50. To register, call 882-6403, extension 215, before Feb. 19.

ONE MINUTE MANAGER: UMC Training and Development is sponsoring two sessions on techniques from "The One Minute Manager." One session will be held from 9 a.m.-noon Feb. 12 in S4 Memorial Union; the other is scheduled from 1-4 p.m. Feb. 13 in S204 Memorial Union. For more information, call 882-2601. Supervisor's approval is required to enroll.

WANTED: Female roommate to share trailer. \$82.50 a month plus utilities. Call Debbie Scott at 443-5470 or 443-0254.

Veterinary medicine appoints chairmen

H. Richard Adams, a noted researcher in cardiac response to injury and trauma, and James E. Creed, BS Agr '54, DVM '61, an expert in small-animal surgery, have been appointed departmental chairmen in the College of Veterinary Medicine.

Adams was named to head the Department of Veterinary Biomedical Sciences (formerly Veterinary Anatomy and Physiology). Creed will direct both the Depart-

ment of Veterinary Medicine and Surgery and the Veterinary Teaching Hospital and Equine Center.

Adams is co-editor of "Advances in Shock Research" and is a contributing author to "Veterinary Pharmacology and Therapeutics," a widely used textbook now in its sixth printing.

Before coming to UMC, Creed taught small-animal surgery at Oklahoma State University for 1 1/2 years. Previously, he was with Colorado State University for 21 years.

Uehling visits council

Chancellor Barbara S. Uehling explained the program-review report to the Staff Advisory Council at its Jan. 30 meeting.

The report, which offers a plan of direction for UMC for the next 10 years, calls for the improvement of certain academic programs and the reduction or elimination of others. Programs chosen for eminence, such as the School of Journalism and Food for the 21st Century, are strong programs that require more resources to retain an exemplary level of quality. "These are programs that will attract research dollars, private dollars, provide national visibility and attract students," said Uehling.

Programs chosen for reduction or elimination are those that have a low demand or do not fit into central missions of the University.

Uehling noted that, if enrollment projections materialize, about 200 fewer faculty positions would be required by the mid-1990s to maintain current student-faculty ratios. Staff positions also would be reduced.

"Will the long-range planning safeguard us against years in which there will be no pay raises whatsoever?" queried Kathleen Edwards, library assistant I.

"Not without the support of tax revenues," Uehling replied.

The chancellor also noted that long-range planning must be flexible and that developments in the coming years likely will alter current plans.

Abstracts sought by graduate council

Graduate and professional students will present papers at the second annual Research and Creative Activities Forum April 20 in Memorial Union.

Sponsored by the Graduate Professional Council, the forum is open to all UMC faculty, staff and students and the public. There is no registration fee.

Subjects will include behavioral sciences, biological sciences, health-related sciences, humanities, mathematical sciences, physical sciences and social/legal sciences. Twelve presentations may be given in each area; a \$250 stipend will be awarded to one presenter from each area.

Students who wish to participate should submit four copies and one original abstract to the Graduate Professional Council, 14 Read Hall, by 5 p.m. March 13. Abstracts should not be longer than two pages.

With questions, contact your department chairman or call Mark Ehlert at 882-8391 or 442-7664.

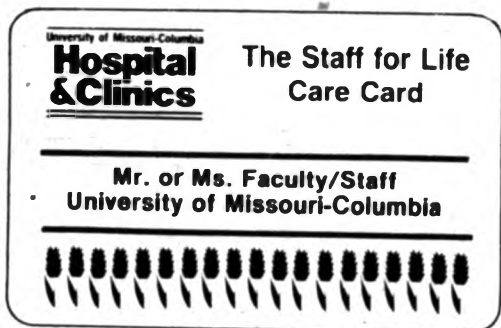

Vol. 6 No. 17

A publication of the University of Missouri-Columbia faculty and staff, published every Friday during the academic year and twice a month during the summer by Publications and Alumni Communication, a department of Development, University and Alumni Relations Division, 1100 University Place, 882-7357. News deadline is noon Friday the week before publication. Annual subscriptions are available to retirees for \$10. Advisory board: Gerald Brouder, Myrna Bruning, Carol Bruce, Brooke Cameron, Mike Chippendale, Joan Wilcox, Jeanette Jefferson, Marjorie Marberry, Mary Miller, Barbara Olson Smith, Bob Stewart, Harry Stoeckle and Donna Turner.

Editor: Karen Worley
Assistant editor: Carol Again
Photo editor: Larry Boehm
Staff writer: Jim Kelty

Freedom from paperwork

The UMC Hospital and Clinics Care Card program frees you from filling out staff benefits claim forms. If you are pre-registered with our Care Card program, insurance claims are automatically filed each time you receive treatment, even if you have insurance other than that offered by the University. Of course, your 10% discount as a UM employee applies.

Call 882-1081 for more information

ACCOUNTANCY RECOGNIZED

The School of Accountancy was ranked ninth academically in a recent survey of 160 accounting department chairmen conducted by Public Accounting Report.

Director Rick Elam says the top-10 ranking is especially notable because most of the higher-ranked schools have more faculty and students.

"UMC's high ranking is directly related to the success of graduates of our program," says Elam, who is 1985 president of the Federation of Schools of Accountancy. "Seniors, and even juniors, are heavily recruited by oil companies, banks, other businesses and the Big Eight public accounting firms."

The Federation of Schools of Accountancy is a national organization of programs that provide post-baccalaureate education in accounting.

STAFF RECOGNITION NOMINATION TIME

Nomination forms for the Chancellor's Staff Recognition Awards will be mailed to faculty and staff next week.

Four \$750 awards will be presented during recognition ceremonies April 5 to staff members who best reflect honor upon the University and community through job performance, relationship with associates and ability to relate their work to the missions and values of the University.

Nominations also are being accepted for the Mick Deaver Memorial Award. See story on Page 1 for details.

Student, faculty and staff

volunteers are needed to read nominations and interview award candidates in each of the four staff peer groups: administrative/professional, secretarial/clerical, technical/paraprofessional and crafts/maintenance. Interested persons should send their name, campus address and telephone number to Rosemary Crane, 223 Physics Bldg.

With questions, call Crane at 882-3625 or Donna Turner at 882-4694.

MIZZOU WEEKLY LABELS LOST

The current list of individuals who distribute Mizzou Weekly on campus was inadvertently erased from the word-processing system during the semester break.

Distributors are asked to check the label attached to this issue of Mizzou Weekly to see if changes are needed. If so, send information through campus mail to Label Update, 1100 University Place.

If distributors or readers know of any department that does not receive Mizzou Weekly, please notify Carol Again at the same address.

JOBS

For more information on the following teaching and research positions, contact the appropriate individual listed below. All positions are contingent upon funding and enrollment.

Agronomy-Delta Center, Portageville:

Professor, deadline March 1. Contact Joe Scott, 379-5431.

Atmospheric science: Research associate, deadline Feb. 15. Contact Wayne Decker, 882-6591.

Child Health: Assistant professor (genetic disease arena), assistant/associate professor (pediatric endocrinology), assistant professor (pediatric pulmonary-allergy), assistant professor (handicapped child/birth defects); deadline May 31. Contact Guilio Barbero, 882-4932.

Education/Missouri Testing and Evaluation Services: Associate professor and director, deadline March 15. Contact Bob Woods, 882-8311.

Family and Community Medicine: Assistant professor, deadline April 1. Contact Jack Colwill, 882-2996.

Family and Community Medicine: Research analyst (3), deadline Feb. 22. Contact James Campbell, 882-6183.

Management: Assistant professor, deadline Feb. 15. Contact Allen Slusher, 882-7472.

Medicine: Assistant/associate professor (gastroenterology), deadline Aug. 1. Contact James Butt, 443-2511.

Microbiology: Assistant/associate professor, deadline June 30. Contact Kim Wise, 882-8138.

Neurology: Assistant professor (pediatric neurologist), deadline May 31. Contact James Dexter, 882-3133.

Psychiatry-Missouri Institute of Psychiatry, St. Louis: Postdoctoral fellow, deadline March 1. Contact James Hedlund, 644-8853.

The following staff openings were approved and posted Monday, Feb. 4, and may be filled at any time after meeting the required posting period. Anyone with CMS computer access may view campus and central administration vacancies by logging on to CMS and typing help jobs. Or, over the phone, a recorded listing of new job openings on campus and in central administration may be heard by calling 882-4221 after 5 p.m. weekdays and anytime on weekends. For more information or to apply for a job, contact the Personnel Office, 600 University Place, at 882-4221. Salary codes follow some listings in parentheses.

PROFESSIONAL

Administrative associate II, Surgery. Budget specialist, Budget Development and Planning Services.

Construction project manager, Facilities management-UMca.

Coordinator, development (research): Development, deadline Feb. 15.

Coordinator, student loan collections, Scholarships and Student Financial Aid Services-UMca.

Industrial hygienist, Environmental Health.

Information specialist, Journalism (75 percent FTE).

Manager, University Bookstore, deadline March 22.

Manager, energy engineering, Campus Facilities.

Manager, technical services, Academic Support Center.

RESEARCH/SERVICE

Assistant supervisor, building services, Campus Facilities.

Clinical specialist/nursing, Bureau of Chronic Diseases, Continuing Medical Education.

Electronics systems specialist (M-64), Campus

Facilities.
Health physics technician (M-61), Research Reactor-UMca.
Research/laboratory technician (M-56), Agronomy; Forestry, Fisheries and Wildlife; Research Reactor-UMca.
Research scientist (2), Research Reactor-UMca.
Research specialist, Agronomy.
Senior research/laboratory technician (M-59), Child Health, Dalton Research Center, Experiment Station Chemistry Laboratory, Medicine/Endocrinology.
Supervisor, science stores, Chemistry.

COMPUTER
Computer programmer/analyst I, Computing Services, Atmospheric Science.
Computer programmer/analyst II, Campus Facilities, Computing Facilities/Applications Maintenance, Computing Services, Dean of Medicine.
Principal programmer/analyst, Computing Services.

CLERICAL
Clerk typist (M-51), UED-UMC Conferences.
Data entry operator I (M-53), ICA.
Secretary-stenographer (M-54), Cardiothoracic Surgery.
Senior clerk typist (M-54), Missouri-LINC.
Senior stenographer (M-54), Student Recruitment/Admissions/Records.

SECRETARIAL
Administrative assistant (M-59), Veterinary Biomedical Sciences.
Library clerk II (M-53), Ellis Library-Library Annex/Circulation.
Library clerk III (M-55), Ellis Library-General Reference.
Secretary (M-55), Campus Computing Business Services, CIS Services Operations-UMca, Ellis Library, Law School, Medicine/Hematology-Oncology, Military Science, Parking Operations, Veterinary Medicine.
Senior clerk (M-55), UED-Center for Independent Study.
Senior Secretary (M-57), Mechanical and Aerospace Engineering, University Relations-UMca.

PART TIME OR TEMPORARY
Clerk typist II (M-53), Bureau of Chronic Diseases, 20 hours a week.
Laboratory storekeeper (M-56), Chemistry, 75 to 100 percent FTE until May).
Mail clerk (M-52), Medicine, 15 hours a week permanent, hours 9 a.m. to noon.
Production assistant (M-53), KOMU-TV, 25 hours a week, permanent.
Research specialist, Ophthalmology, 20 hours a week permanent, two full days, one half day.
Secretary-stenographer (M-54), Counseling Services, 15 to 20 hours a week, temporary until July.
Senior research/laboratory technician (M-59), Biological Sciences, 20 hours a week, permanent.
Student assistant-clerical, Medical School Budget, 15 to 20 hours a week.

The following job openings were listed by the UMC Hospital and Clinics Personnel Department Feb. 4 and may be filled at any time after meeting the required posting period. For more information, call 882-8186.

ADMINISTRATIVE/PROFESSIONAL
Associate administrator, Ambulatory Care Activity-University Physicians.
Graduate physical therapy assistant, Physical Therapy.
Health facilities designer, Health Facilities Design, deadline Feb. 8.
Learning skills specialist, Rehabilitation Services.
Manager, Audiology/Communications Disorders, Ambulatory Surgery Unit, Physical Therapy.
Occupational therapist, Occupational Therapy.
Patient assistance coordinator, Patient Referral Services.
Physical therapist, Hospital Physical Therapy.
Social worker, Social Services (2).
Senior information specialist, University Physicians.
Supervisor, Building Trades-Plant Engineering.

CLERICAL

Medical records coder, Medical Records.
Medical records transcriptionist, Medical Records.
Senior accounting clerk, Patient Accounts.
Senior clerk typist, Nursing/Surgery Area.
Senior receptionist, University Physicians.
Unit clerk, Nursing (2).

NURSING
882-8701
Administrative nurse II, Surgery.
Education nurse I, Surgery.
Nurse anesthetist, Anesthesiology.
Staff nurse, Nursing Services (3), Cardiac Catheterization Laboratory, Flight Nurse, IV Therapy.
Surgical technologist, Operating Room.

TECHNICAL
Biomedical radiological technologist, Clinical Engineering.
Biomedical radiological technologist, Clinical Engineering.
Histologic technologist, Histology.
Medical technologist, Pathology (2).
Ophthalmic technician trainee, Ophthalmology Clinic.
Senior biomedical equipment technician, Clinical Engineering.
Senior electroencephalography technician, Clinical Neurophysiology Laboratory.
Senior programmer/analyst, Computer Services.

PART TIME OR TEMPORARY
FSA II, Food Service (50 percent FTE).
Lab assistant, Pathology (40 percent FTE).
Licensed practical nurse, Nursing Care Bank.
Medical technologist, Pathology.
Nursing assistant, Nursing Care Bank.
Pharmacist, Pharmacy (50 percent FTE).
Physical therapist, Rehabilitation Services (50 percent FTE).
Radiologic technologist, Radiology (75 percent FTE).
Senior accounting clerk, University Physicians (full time, temporary).
Staff nurse, Nursing Care Bank, Nursing Service (1 position 30 percent FTE, 3 positions 60 percent FTE.)
Unit clerk, Nursing (one position each 20, 40 and 60 percent FTE, two positions 80 percent FTE).
Venipuncture technician, Pathology (3 positions 50 percent FTE).

MIZZOU PEOPLE

MICHAEL J. DYRENFURTH, professor of practical arts and vocational-technical education, presented a program on "The Roots of Excellence in Vocational Education: Foundation Building with Pre-Vocational Programs" to the National Council of Local Administrators' conference.

NANCY FAIR, assistant professor of clothing and textiles, presented a talk on "Human Hair as a Fiber: The Effect of Chlorination on the Surface Properties of Blond Hair" in a poster session at the annual meeting of the American Home Economics Association. Fair also is serving on an advisory committee to revise the textile fibers curriculum guide for the home economics section for the Missouri Department of Elementary and Secondary Education.

RICHARD FINKELSTEIN, professor and chairman of the Department of Microbiology, participated in a Ciba Foundation symposium on microbial toxins and diarr-

heal disease in London and a Gordon Conference on microbial toxins and pathogenesis in Plymouth, N.H.

SANDRA HELMICK, associate professor of family economics and management, and **JUDITH ZIMMERMAN,** a College of Home Economics graduate, co-wrote an article, "Trends in the Distribution of Children among Households and Families," that was published in the September-October 1984 issue of Child Welfare.

GARRETT KAORU HONGO, assistant professor of English, read his poetry at the Donnell Library Center in New York City Dec. 18, 1984, for The Academy of American Poets. He is author of "Yellow Light," a book of poems, and is poetry editor of The Missouri Review.

DAVID IMIG, associate professor of child and family development, and **GAIL IMIG,** associate dean of the College of Home Economics, presented a workshop on "Issues Facing Home Economics in Higher Education" for faculty members at Central Missouri State University in Warrensburg.

Gail Imig also was the keynote speaker at a seminar held for professional home economists in Warrensburg. She talked on "Update Today for Tomorrow." During the seminar, **GEORGE WISE,** associate professor of child and family development, presented a workshop on "Dual Careers, Dealing with Conflict," and **PAULINE LANDHUIS,** assistant professor of human nutrition, foods and food systems management, focused on "Eating Disorders," highlighting anorexia nervosa and bulimia.

LEONARD JOHNSEN, associate director of Student Financial Aids, was elected president-elect of the Missouri Association of Student Financial Aid Personnel. Johnsen will become president of the organization this fall.

W.D. KELLER, professor emeritus of geology, gave the invited first Brindley Memorial Lecture at the opening meeting of the 21st annual meeting of the Clay Minerals Society in Baton Rouge, La. Keller also presented a special citation at the banquet to R.A. Rowland, the first president of the society.

JOHN E. LANKFORD, professor of history, attended the George Sarton Centennial Congress at the University of Ghent, Belgium, where he presented a paper called "Private Sector Priorities and the Stimulation of Research: The J. Lawrence Smith Fund of the National Academy of Sciences for Research in Meteoritics, 1884 to 1940."

PAUL WALLACE, chairman of the Political Science Department, presented a paper called "The Dilemma of Sikh Revivalism: Identity vs. Political Power" at the annual South Asia Conference at the University of Wisconsin-Madison.

KIM S. WISE, associate professor of microbiology, received the Derek Edward Award for excellence in mycoplasma research from the International Organization for Mycoplasma at its international congress in Israel. He presented the award lecture on "Antigen Expression from Cloned Mycoplasma Genes: An Approach to Mycoplasma Genomic Analysis."

At the same meeting, **Wise, MARK A. MCINTOSH,** assistant professor of microbiology, and **ALAN TAYLOR,** graduate student, presented a paper on "Species-Specific Detection of Mycoplasma Hyorhinis Using DNA Probes."

CALENDAR

To list events in the calendar, send information to Jim Kely, Mizzou Weekly, 1100 University Place, by noon Friday the week before publication. All events are free and open to the public unless otherwise noted.

Highlights

CONCERT SERIES: Ars Musica, a baroque chamber ensemble, will perform at 8 p.m. Feb. 13 in Jesse Aud. Cost is \$9 for the public, \$8 for students. Call 882-3875.

ST. VALENTINE'S DAY PLANT SALE: Sponsored by the UMC Horticulture Club, the sale will be held from 7:30 a.m.-4:30 p.m. Feb. 14 at Greenhouse No. 16 next to the Physics Bldg. Call Natalia Howard at 445-8071.

MUSICAL REVUE: "Ain't Misbehavin'" will be performed at 8 p.m. Feb. 14 in Jesse Hall. Tickets, which can be purchased at the Memorial Union Ticker Window, are \$7.50, \$6.50 and \$5.50 for faculty/staff; \$6.50, \$5.50 and \$4.50 for students. Call 882-4640.

8 Friday

PSYCHIATRY: "Antisocial Personality in the General Population" will be discussed by Lee N. Robins of Washington University at 1 p.m. in the Kohler Bldg. Aud., 5400 Arsenal St., St. Louis.

LECTURE: "Research and Design—Why Bother?" will be the topic of Andrew Seidel from 2:40-3:30 p.m. in Ellis Library Aud. Call 882-7224.

MSA FILM: "Last Star Fighter" will be shown at 7 and 9:30 p.m. in Jesse Aud. Cost: \$1.50.

GENTRY STUDIO THEATRE: "Hopscotch," directed by William T. Clow, will be performed at 7:30 p.m. in the basement of Gentry Hall. Cost: \$1.50. Tickets go on sale at 7 p.m. at the door.

MSA POP CONCERTS: Mitch Ryder will perform at 8 p.m. in Jesse Aud. Cost: \$6.50, \$5.50 students.

SEE THE STARS: Weather permitting, the Laws Observatory on the roof of the Physics Bldg. will be open between 8 and 10 p.m. Call Terry Edwards at 882-3036.

9 Saturday

JOURNALISM: Judging for the Pictures of the Year Awards will be held through Feb. 15 in the Gannett Forum. Call Ken Kobre at 882-4882 or Carol Cullen at 882-7862.

MSA FILM: "The Big Chill" will be shown at 5, 7 and 9:30 p.m. in Jesse Aud. Cost: \$1.50.

10 Sunday

WOMEN'S GYMNASIICS: Team will compete against Oklahoma and Iowa State at 1:30 p.m. in the Hearnes Arena. Cost: \$2 faculty/staff, \$1 students.

RECEPTION: A welcome for Genevieve Casey, Scholar-in-Residence at the School of Library and Information Science, will be held from 3-5 p.m. in the Memorial Union's Faculty-Alumni Lounge.

MSA FILM: "Swing Time" will be shown at 8 p.m. in Memorial Union. Cost: 25 cents.

11 Monday

SWEETHEARTS RACQUETBALL: Entry deadline is today for mixed doubles tournament. Play starts Feb. 13. Cost: \$2 per team. Call Diane Braasch at 882-2066.

WOMEN'S CENTER: "Anorectics, Athletes and Amazons: The Body-Culture Connection," a discussion of the historical and mythic relationship of body and culture, will begin at noon in I Gentry Hall. Call 882-6621.

SEMINAR: A team of health experts will speak on "The Potential and the Challenge of Providing Hospital-based Home Care" from noon-1:15 p.m. in S8 Memorial Union. Call 882-6011.

NOON-HOUR REC-AEROBICS: Sessions begin today from 12:20-12:50 p.m. at Rothwell Gymnasium. Twice-a-week fee: \$10 faculty/staff, \$7.50 students. Three times a week: \$15 faculty/staff, \$10 students. Call 882-2066.

COMPUTER COURSE: "Manage Your PC" will be taught from 2:30-4:30 p.m. at Computer U, 2 Brady Commons. Cost: \$20. Call 882-2133.

ANTHROPOLOGY LECTURE: "Climatic Change During the Last Millennium" will be the topic of W. Raymond Wood, anthropology professor, at 3:40 p.m. in 2047 Engineering Bldg.

MSA FILM: "All That Jazz" will be shown at 7 and 9:30 p.m. in Ellis Library Aud.

12 Tuesday

UMC TRAINING AND DEVELOPMENT: "One Minute Manager" will be held for managers from 9 a.m.-noon in S4 Memorial Union and 1-4 p.m. Feb. 13 in S204 Memorial Union. Call 882-2601 to enroll.

MIZZOU FACULTY BASKETBALL CLUB: Group will meet at noon in Clark Hall athletic dining hall. Cost: \$3. Call 882-6501, extension 228, by Feb. 11.

PEACE STUDIES PROGRAM: "Understanding the Soviet Union" will be the topic of labor expert George Boyle from noon-1:30 p.m. in 109 GCB. Call Robbie Lieberman at 882-7565.

COMPUTER COURSE: "Learn dBase II with Ease" will be taught from 2:30-4:30 p.m. today and Feb. 14, 19 and 21 at Computer U, 2 Brady Commons. Cost: \$80. Call 882-2133.

CHEMICAL ENGINEERING SEMINAR: "The Vapor-Liquid Critical Region and Equation of State: Do We Know How?" will be the topic of Truman Storvick, chemical engineering professor, at 3:40 p.m. in 1001 Engineering Bldg.

CAREER PLANNING AND PLACEMENT CENTER: "Orientation for Cooperative Education Applicants" will be presented from 4-5 p.m. in 110 Noyes Bldg. Call 882-6803.

EYE RESEARCH SEMINAR: "Research on Drusen Formation and Composition" will be the topic of Lynette Fejney-Burns, professor of ophthalmology, at 4:30 p.m. in EC-150 Institute of Ophthalmology.

Q. For years there has been no hot water in the Jesse Hall bathrooms. Why?
A. "A portion of Jesse Hall had hot water and a portion didn't," says Phil Shocklee, assistant director of Campus Facilities. "It was turned off a few years ago as a means of conserving energy and we recently received a request to have it turned back on." Hot water was restored on Feb. 4.

Q. Is it possible to buy eggs on campus?
A. Yes, the Egg Sales Room, next to the T-14 Building at Porter and College streets, sells small, medium, large and extra large eggs. Prices vary but are usually slightly lower than market prices, says egg saleswoman Elaine Koenigsfeld.
