

MIZZOU WEEKLY

University of Missouri-Columbia Feb. 6, 1987

"One Mo' Time," a musical tribute to black vaudeville, will be presented at 8 p.m. Feb. 6 in Jesse Auditorium. See Calendar on Page 8.

Meeting presents total picture

Budgeting session provides opportunity to discuss state funding request.

Seeking input into the 1988-89 state funding request, University leaders scheduled a budgeting and planning meeting open to all faculty and staff for 10 a.m. Feb. 6 in N214-215 Memorial Union. The campus must submit a preliminary request to UM President C. Peter Magrath by March 31.

The discussion framework relates budgeting to the Board of Curators' long-range plan and to specific campus program priorities, says interim Chancellor Duane Stucky.

The budgeting meeting provides an overview of the total budget. "This campus is complex both in what we do and in how we are funded," Stucky says. "It's important to look at the total picture to gain perspective on our request for state funds."

As an indication of Mizzou's comprehensive nature, one in nine students in Missouri higher education is on the Columbia campus. And that figure could increase, as campus visits by prospective students are up 77 percent over this time last year. Some 1,139 students visited campus from July to December 1986. Student applications are up by 500, or 10 percent, from a year ago.

More than half of Mizzou's general operating funds, \$81.1 million, support undergraduate education. Master's and professional programs—law, medicine and veterinary medicine—receive about 20 percent each. Some 8.2 percent

is spent on doctoral education.

In the current fiscal year, campus revenues total \$377.9 million. Last year, state support provided 34.4 percent of campus revenues. The remainder came from University Hospital and Clinics, 22 percent; tuition and fees, 12.1 percent; other sources such as endowment and investment income, 9.7 percent; federal support, 8.9 percent; auxiliary enterprises, 8.6 percent; and private support, 4.1 percent. A substantial portion of the budget, 45.1 percent, is al-

lotted to health sciences, which encompasses the schools of Nursing, Medicine and Health Related Professions; University Physicians; and University Hospital and Clinics, mid-Missouri's only level 1 trauma center.

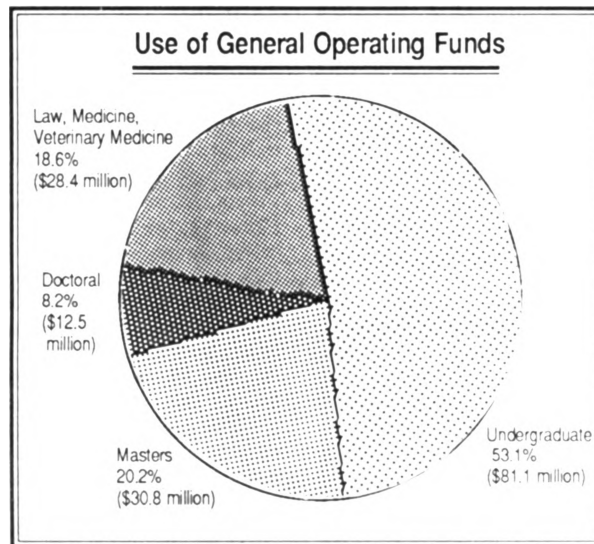

The College of Arts and Science, the largest and most diversified of any similar academic unit in the state, receives 13.9 percent of the budget. The College of Agriculture, the eighth largest in the country, receives 11 percent.

For the entire campus, expenditures for instruction, public service and research have increased by 28 percent, 27 percent and 21 percent respectively since 1980-81. During the same period institutional support costs dropped 10 percent.

Concerning the physical plant, studies show that six areas—agriculture, arts and science, engineering, medicine, veterinary medicine and libraries—have major expansion needs. Between 1979 and 1987, a total of \$147 million in construction was undertaken. The campus funded 46.7 percent, and cost savings accounted for another 10 percent. State capital funds paid for 28.8 percent, while private, federal and other funds supplied 14.4 percent.

Other discussion topics at the budget meeting are long-range planning program improvements; student assessment; faculty development; serving underrepresented groups; special salary and wage increases; student recruitment, retention and scholarships; teacher education; and undergraduate education.

"We need feedback from faculty and staff on these and any other items," Stucky says. He plans to meet with faculty, staff and student leaders, and deans during the next month for further budget discussions.

Director emphasizes new ideas

New Hearnes Center director plans to bring building into the public eye with creative marketing.

An improved profile and increased revenue and usage are among Patrick Fitzgerald's goals for the Hearnes Center. Fitzgerald began work Jan. 19 as the center's new director.

Fitzgerald says those goals embrace the objectives of a 1986 task force report on usage of the center. The task force was set up in 1985 to address the public's concerns about access to the center. "The report says

we need to improve public relations. I've gone out and met with people. I'm extending the hand of friendship. I don't know if I can meet all their needs, but I'll try."

Fitzgerald and his staff will develop a new logo and brochures for the center and spruce up the building's interior. "We need to liven the place up," he says. "It's not that what we were doing before was wrong, it's just time for a change." Fitzgerald's plans include painting green arena sections black, and adding splashes of gold paint to the arena's entrances.

"It's exciting because there is a genuine interest and concern in improving public relations and usage of the center. It's not an operations problem, it's a usage problem," Fitzgerald says.

The Athletic Department will continue to be the primary user of the center, but Fitzgerald already is working with student and community groups to increase their usage and awareness of the center. "We need to be responsive to the needs of our users whether it's women's softball, men's basketball or our early morning walkers. We need to let people know we're glad that they're here."

Fitzgerald and his staff also may generate new events. "Columbia is a secondary market, but with some creative and aggressive marketing we should be able to pull in events like national concert tours."

Fitzgerald is confident that his goals for the center are within reach. "There are a lot of people who want Hearnes to succeed. It won't be perfect, but the success ratio will be high."

Prior to coming to Mizzou, Fitzgerald was general manager of the Prairie Capital Convention Center in Springfield, Ill. He replaces A.C. Stotler, who retired as Hearnes Center director last year.

APPLY NOW FOR CRAFTS CATALOG

Missouri artisans are being urged to make plans now to apply to be in the second "Best of Missouri's Hands" catalog, published by University Extension and Lincoln University.

"The deadline isn't until March 31, but artisans need to get the forms as soon as possible so they have ample time to get their materials ready," says Edie Pigg, project coordinator. Application forms are available at county extension centers.

To improve the odds of getting into the catalog, Pigg has organized optional workshops covering the application procedure, how to price and photograph items, and the quality of craftsmanship expected.

The Columbia workshop will be

held from 1 to 9 p.m. March 4 in Memorial Union. Cost is \$10 for individuals and \$17 for couples or business partners. Participants must register at least five days in advance at a county extension center.

The second catalog will be in full color and is scheduled to be published in spring 1988.

RECOGNITION WEEK DEADLINES NEAR

Nomination forms for the Mick Deaver Memorial award and Staff Recognition awards will be mailed Feb. 9 to staff members. If you don't receive a form, call Carol McAllister at 882-4568. The awards will be presented as part of Staff Recognition Week, Mizzou Showcase, April 6-10.

Feb. 13 is the deadline to enter the April 6 Staff Recognition Variety Show. An entry form was printed in the Jan. 23 Mizzou Weekly. Call Oleta Edwards at 882-4338 for more information.

FACULTY, MARK YOUR CALENDARS

The winter semester general faculty meeting will be held early in the semester this year. It is scheduled for 3:40 p.m. Feb. 25 in Allen Auditorium in the Arts and Science Building.

All faculty are encouraged to attend.

Shanty town protestors' case dropped

Charges against anti-apartheid protestors arrested on campus Oct. 12 have been dropped, the city prosecutor's office told the University Feb. 2. Some 14 Mizzou students had been charged with littering and trespassing after they refused to remove shacks erected on Francis Quadrangle to protest the University's investments in firms operating in South Africa.

The shacks were removed Feb. 3 by the University at the request of interim Chancellor Duane Stucky. There were no protestors at the site during the removal.

"After discussion with the prosecutor and with faculty members, I agree that it is in the best interest of the University and of the city to drop the trespassing charges," Stucky said.

"The University respects the protestors' right to express their point of view. We remain committed to establishing a mutually acceptable location for their protest which

would be in keeping with the University facility-use guidelines."

New guidelines establish a speaker's corner on Conley Plaza, where speakers or protestors will not be required to have permits. The new plaza is located between the Law School, Ellis Library and the Arts and Science Building.

The guidelines also include permit specifications for students who wish to use Lowry Mall and the Arts and Science Mall for speeches, rallies and other gatherings.

In addition, Francis Quadrangle and the South Jesse Quad are limited to official events of the University of Missouri-Columbia. Organizers of such events must have the chancellor's approval to use these areas.

The guidelines do not permit construction of temporary structures on University property. However, a recognized student group, University department or organization may request an exemption from the chancellor to build structures either in the area north of the Brady Commons addition or in Peace Park.

The guidelines, effective immediately, are intended to clarify and supplement the Collected Rules and Regulations of the University. The guidelines are on file in Business Services, 311 Jesse Hall, and in Student Development, 214 Brady Commons.

Employees pose W-4 questions

Does the new W-4 form have you scratching your head? Jim Robinson, manager of Cashiers-Payroll-Student Loans, answers some commonly asked questions about the form.

Q. Is it a good idea for spouses to fill out the W-4 form together?

A. Yes. The IRS advises spouses to work through the W-4 form together, with one spouse claiming zero exemptions and the other claiming the couple's full exemptions. The exemptions must be adjusted to the lower salary. The IRS suggests that the spouse with the highest salary claim the full exemptions.

Q. If you have money in an annuity plan should you include that amount in your annual salary figure?

A. No. That amount is excluded from your taxable gross salary. "On the instructions that came with the W-4 form, there is a line to exclude certain amounts from your gross taxable income," Robinson says. An annuity plan is among the amounts that may be deducted.

Q. Is the federal government developing a new W-4 form?

A. No. "But the government is rumored to be developing a different set of instruc-

tions for the W-4 form," Robinson says. "The actual W-4 form is the same as the 1986 form and will remain so."

Q. Can I claim zero exemptions on my W-4?

A. Yes. There is no penalty for being over-withheld.

Q. I don't understand the bottom half of the W-4 form. Is the dollar amount divided by 400 my number of exemptions?

A. The bottom half of the form is for state tax allowance, which the state figures in dollars. Divide the dollar amount you enter in the left-hand column by 400 to figure the number to enter in the column on the right. The number in the right-hand column is the computer code the University must use to enter your state tax allowance into the system, not your number of exemptions.

For example, if your state tax allowance is \$1,200, you would enter three in the right-hand column. That will tell the University's computer that your state tax allowance is \$1,200.

Q. My department needs additional 1987 W-4 forms. I've been told the University has exhausted its supply of the forms. When will they be reprinted?

A. Robinson says the printers are waiting to see if the government develops new instructions for the W-4 form before they print more of the forms and the instructions. If none are developed the original forms and instructions will be reprinted.

"Until that decision is made, departments that need additional forms can use the 1986 W-4 form, but print 1987 at the top," Robinson says. "The 1986 and 1987 forms are the same. However, you should follow the new instruction sheet when filling out the form."

QUICK! HOW DO I WORK THIS THING?

Environmental Health and Safety, in cooperation with the Missouri Fire and Rescue Training Institute, will present a free fire extinguisher training session from 1 to 3 p.m. Feb. 20 in 12 Research Park Development Building.

Participants will view a film and practice using various kinds of extinguishers. To register call Ray Morrison, campus safety representative, at 882-7018.

ATTEND HEARING ON MASTER PLAN

Faculty and staff are urged to attend a video- and slide-show open hearing on the campus master plan.

They are scheduled for noon-2 p.m. Feb. 9 in Memorial Union Auditorium; 7-9 p.m. Feb. 9 in Geology Building Auditorium; noon-2 p.m. Feb. 10 in M105 Medical School Auditorium; 4-6 p.m. Feb. 10 in Geology Building Auditorium; 12:40-2 p.m. Feb. 11 in Memorial Union Auditorium; and 5-7 p.m. Feb. 11 in Geology Building Auditorium. The hearings will include question-and-answer sessions.

STUDENT HEALTH OFFERS AIDS TAPE

A VHS tape called "The AIDS Dilemma, Higher Education's Response" is available free to faculty, staff and their departments. To borrow the tape or to arrange a showing call Diane Brukaradt, director of Student Health Service, at 882-7481. The tape was developed by the national AIDS task force sponsored by the American College Health Association.

The campus AIDS task force has developed a brochure for students. Also of interest to students is the voluntary outpatient health plan. The \$30 fee provides unlimited visits to Student Health Service. The plan's enrollment period ends Feb. 15 for coverage until May 30.

SPRINKLE ON SPICE INSTEAD OF SALT

Creative cooks can cut back on sodium by using less salt and more herbs and spices, says Vera Nichols, a Mizzou food and nutrition specialist.

Chives, parsley, dill and basil are good accents to most vegetables, she says. Cinnamon, ginger and allspice enhance the taste of carrots and winter squash. Or try lemon juice on broccoli, spinach and cauliflower. Just be sure to add lemon juice at the end of cooking to avoid toughening the vegetables, Nichols says.

Curators hear plans

The Board of Curators heard individual campus plans to assess student progress at the Jan. 29-30 meeting in Cape Girardeau, Mo. The student-assessment plans are expected to be implemented in the fall, but plans may change as needed.

Interim Chancellor Duane Stucky told the board that the Columbia campus is implementing recommendations of a task force on basic competencies and placing a priority on courses and teachers that serve freshmen and sophomores. Mizzou also is working on measures to assess its writing across the curriculum program and its general education programs. Stucky said Mizzou will administer exams to students as they move through the curriculum and will

survey students during their academic careers and after graduation.

In other activities the board:

- revised fines for parking and traffic violations on the Columbia campus, increasing the fine by \$5 for the majority of violations. Fines approved include parking without a permit when one is required, \$15; parking in an area where permit does not apply, \$10; parking in a space not designated for parking, \$15; and unauthorized parking in a handicapped-parking space, \$50. The fine for falsifying a parking permit remains \$50.

- approved increases in residence hall and family student housing rates. Mizzou's double occupancy rate for room and board

for the academic year will be \$2,265, a 4 percent increase. The monthly rate for a two-bedroom family student apartment will be \$198, an increase of about 5.8 percent. The board also set the room-and-board rate for the newly purchased Mark Twain Residence Hall, which offers a swimming pool, air conditioning and semiprivate bathrooms, at \$2,765 per academic year for double-room occupancy.

- approved a Mizzou student recreational facility fee of \$10 a semester beginning with the 1987 summer session. The semester fee will go to \$20 effective with the 1989 winter semester. The fees will retire revenue bonds used for renovation and expansion of Brewer/Rothwell gymnasium. A majority of Mizzou students approved the fee in November.

- awarded a \$405,600 contract to Reinhardt Construction Co. and Wm. H. Reinhardt Inc. of Centralia, Mo., for renova-

tion of the College of Veterinary Medicine animal research facilities.

- awarded a \$258,486 contract for custodial services in selected Mizzou buildings for a two-year period.

- awarded a \$428,000 contract to Meyer Electric Co. of Jefferson City for installation of switchgear and electrical equipment for the Mizzou Power Plant.

- heard a report on progress University Extension has made in implementing the extension objectives of the University's long-range plan. John Oren, UM associate vice president for academic affairs-extension, noted that in 1986 extension touched the lives of 1.2 million Missourians and Missourians volunteered more than 3 million hours to extension.

- awarded a \$118,037 contract to Schweiger Construction Co. of Kansas City to renovate the Powell Horticultural and Natural Resources Visitors' Center.

Q. In the Dec. 5 Mizzou Weekly Q&A column, University Hospital Pharmacy personnel stated that although there is a 10 percent discount at the Hospital and Clinics for faculty and staff, that discount does not apply at the pharmacy. They went on to say that there is a \$3 discount on the \$4 service charge for prescriptions filled at the pharmacy. Why then did the Dec. 12 Hospital and Clinics advertisement in Mizzou Weekly infer that the 10 percent discount does apply at the pharmacy?

A. Jo Ann Wait, senior information specialist in the Hospital and Clinics Public Relations office, says although a 10 percent discount for Mizzou faculty and staff is applied to every hospital service, the pharmacy discount often may amount to more than 10 percent. "For simplicity and ease

of understanding, we don't distinguish the pharmacy discount in our advertising.

"All prescriptions for faculty and staff are sold at cost plus a \$1 professional fee. This is a \$3 savings from the \$4 professional fee normally charged. This generally amounts to more than a 10 percent savings on the typical prescription.

"During the last three months the average cost of a faculty or staff member's prescription filled at University Pharmacy was \$9.05. Without the \$3 off, it would have cost \$12.05. A 10 percent discount on a \$12.05 prescription would amount to \$1.20. Obviously in some cases the discount may be less than 10 percent, but the majority of prescriptions are sold to faculty and staff at a 10 percent or greater discount.

"We apologize if our advertising of faculty and staff discounts has caused confusion, and we hope this clarifies the benefit received at the University Pharmacy."

Q. Why are staff members not offered an early retirement incentive program like that offered to faculty members?

A. "The University has reviewed and continues to review the possibility of offering an early retirement incentive plan for non-tenured employees," says Mary Ann Tipton, manager of UM Employee Benefits.

"We recently surveyed a number of colleges and universities on this subject and learned that less than half of those institutions offer any form of incentive for non-academic employees. Certain issues concerning the legality of offering such incentives under Missouri statutes to employees without employment entitlement (such as tenured faculty) must be addressed and resolved before we further consider this matter."

Q. Recently, the Missouri state government passed a bill that grants a state employee with 30 years' service credit the right to retire at age 55 with full retirement benefits. Why doesn't the University offer a similar program?

A. The University's retirement and staff benefits committee recently investigated an option similar to the state's, according to Mary Ann Tipton, manager of UM Employee Benefits. "Our consulting actuaries gave us illustrations of an option where any combination of age and years of service (30 years minimum) totaling 90 or more would allow an employee to receive full retirement benefits. Adding that option to our plan would cost the University approximately \$16 million additionally each year to fund the retirement plan," Tipton says. The committee decided the price tag made the

option cost-prohibitive.

"The University's current retirement plan allows vested employees to retire starting as early as age 55. The age 55 early retirement benefit is approximately 61 percent of the normal or age 65 benefit," Tipton says. "The age 60 early retirement benefit is approximately 78 percent of the normal benefit; and the age 62 early retirement benefit is approximately 87 percent of the normal benefit."

Q. I submitted the question concerning the "buy-out" equivalent of one year's salary of tenure for faculty aged 55 to 59 with 10 years' service as an incentive to early retirement. This question was not answered directly in the Jan. 23 Q&A column. Is the answer yes or no?

A. According to Mary Ann Tipton, manager of UM Employee Benefits, the answer is no. "There is no 'buy out' or early retirement incentive plan for tenured faculty aged 55 to 59 with 10 years of service. As described in the Jan. 23 Mizzou Weekly, the University Early Retirement Incentive Program is for tenured faculty age 62 with at least five years' creditable service." For more information on the program call Tipton at 882-4820.

GIFT: Friends of the Collegium Musicum have presented a \$1,731.39 check to Ellis Library. The gift will be used to purchase music scores and parts of early music from medieval times to the 18th century.

MEET MIZZOU TOLL FREE: Missouri residents may dial a toll-free number, 1-800-225-6075, for admissions information from the University. The Meet Mizzou number is not a general information number; rather, it rings in the Admissions director's office.

HOLIDAY INN DISCOUNT: The Holiday Inn located at 2211 Market St. in St. Louis provides a special rate of \$40 a day to University travelers. The rate applies for either single or double occupancy and may be used for business or personal travel. To receive this

special rate at this facility only, travelers must identify themselves as University employees and ask for the University of Missouri rate when making reservations.

Do not use the University's Holiday Inn corporate account number at this facility, or a higher rate might be charged.

DONATION: The AMJO Infra Red Dryers Co. of Marshall, Mo., has donated a state-of-the-art infrared dryer valued at \$3,800 to Printing and Records Management Services. The dryer will provide the opportunity to work with more modern graphics technology, says Director Harold Perry. The dryer can be used on both a single-sheet fed press and a continuous-feed web press.

ID CARDS: University faculty/staff identification cards are issued each Friday from 2 to 4:30 p.m. at Personnel Services, 130 Heinkel Building. A handout with ID card guidelines and procedures and a list of ID card benefits is available at Personnel Services. Lost or stolen ID cards should be reported to University Police or the Cashiers Office. There is a \$5 charge to replace a lost, stolen or excessively worn card. No holes may be put in the ID card.

MISSOURI CULTURAL HERITAGE

CENTER: "Historic American Buildings in Missouri: New Photos by Jack E. Boucher" will be on display through Feb. 16. Hours are 8 a.m.-5 p.m. weekdays. Gallery is on the second floor of the Conley House, Sanford and Conley streets.

BRADY COMMONS GALLERY: "Denyse Sturgis Black and White Photography" will be on display through Feb. 12. Hours are 10 a.m.-5 p.m. weekdays and 3-5 p.m. Sundays.

STATE HISTORICAL SOCIETY GALLERY: "Framed Historic Maps" will be on display through Feb. 28. Hours are 8:30 a.m.-4:30 p.m. weekdays.

STATE HISTORICAL SOCIETY: "Daniel R. Fitzpatrick Original Drawings" will be on display in the society's corridor through Feb. 28. Hours are 8 a.m.-4:30 p.m. weekdays and 9 a.m.-4:30 p.m. Saturdays.

MUSEUM OF ART AND ARCHAEOLOGY:

"American Art Since 1945: Selections From The Permanent Collection" will be on display through early May. Hours are 8 a.m.-5 p.m. Tuesday through Friday and noon-5 p.m. weekends.

HOSPITAL AND CLINICS: "Art for Life," featuring "Selections from 'Watercolor U.S.A.'" and pottery painted by local artist Keith Crown, will be on display in the main lobby concourse through April 31.

FINE ARTS GALLERY: "Missouri Art Educators Exhibition" will be on display through Feb. 20. Hours are 9 a.m.-3 p.m. weekdays and 2-4 p.m. Sundays.

MUSEUM OF ART AND ARCHAEOLOGY: "Corinthian Vase Painters in Missouri" will be on display through March 1. Hours are 8 a.m.-5 p.m. Tuesday through Friday and noon-5 p.m. weekends.

MIZZOU PEOPLE

BOB BAILEY will begin his duties as director of development for the School of Law Feb. 16. He has been a Columbia municipal judge since 1983 and currently is a part-time academic counselor at the school.

LARRY KANTNER, professor of curriculum and instruction and Department of Art chair, was recognized in the current issue of the Penn State Alumni Profile for his national contributions to art education.

L.G. MOREHOUSE, professor of veterinary medicine, attended the Oct. 8 signing of the governor's proclamation that October is Missouri Porkfest Month. Morehouse also served on the Missouri Department of Agriculture advisory committee to state diagnostic laboratories Oct. 30 in Jefferson City. He was a consultant to the Commission of Agriculture of the Commonwealth of Pennsylvania on diagnostic laboratory facilities and functions Nov. 24-26 in Harrisburg, Pa. Morehouse also served as a consultant to the American Institute of Biological Sciences' National Academy of Science Dec. 1-3 in Washington. He and **BONNARD MOSELEY**, associate professor of veterinary medicine, attended the governor's conference on agriculture Dec. 15-16 at the Lodge of the Four Seasons in Lake of the Ozarks, Mo. Morehouse toured the Diagnostic Virology Laboratory for Animals Dec. 22 in Vienna, Austria.

CARL W. MORRIS, associate chair of mathematics, and **LYNDA MORTON**, mathematics training and development coordinator, attended the National Teaching

Assistants Conference Nov. 16-17 in Columbus, Ohio.

BONNARD MOSELEY, associate professor of veterinary medicine, attended a USDA meeting and a beef cattle parasite-control program Nov. 3-6 in Shreveport, La., and Forsyth, Mo., respectively.

MASOUD MOSTAFAVI, associate professor of electrical and computer engineering, attended the Sensing and Neutralizing Mines Symposium sponsored by the U.S. Army Belvoir Research, Development and Engineering Center and the Army Research Office Oct. 16-17 in Charleston, S.C.

EDWARD MULLEN, professor of Spanish, presented a paper at a meeting of the American Association of Teachers of Spanish and Portuguese last August in Madrid, Spain. His essay, "Simon Aguado's Entremes de los Negros," appeared in the fall 1986 issue of Comparative Drama.

MARY JO MURATORE, assistant professor of French, presented "Strategies of Imprecision in Maupassant's 'Une Vie'" at the 11th annual Colloquium on Literature and Film Sept. 26-27 in Morgantown, W. Va. Her article, "Corneille's Polyucte: The Divine Comedian," appeared in the summer 1986 issue of Symposium.

CLIFTON MURPHY, instructor in veterinary medicine, attended the American Embryo Transfer meeting Oct. 19-21 in Fort Worth, Texas.

KENNETH H. NIEMEYER, associate dean for academic and alumni affairs for the College of Veterinary Medicine, received its Alumnus of the Year award in November. The award is given to alumni who have shown outstanding contributions to the veterinary profession and to the community.

MICHAEL NOLAN, professor of rural sociology, **JERE GILLES**, associate professor of rural sociology, and **CONSTANCE MCCORKLE**, assistant professor of rural sociology, hosted the international Cross-Cooperative Research Support Program Conference in October in Columbia. It was called "Bringing People In: So-

cial Research in International Agricultural Development." Gillis presented "The Sociology of Range Management" and McCorkle presented "Veterinary Anthropology in the Small-Ruminant CRSP." CRSP is mandated by the Title XII Famine Prevention and Freedom-from-Hunger Act.

ROBERT M. O'CONNELL, associate professor of electrical and computer engineering, attended a symposium on optical materials for high-power lasers Nov. 3-5 in Boulder, Colo. He presented "Performance Characteristics of Beam Profiling Consisting of Various Solid-State Imaging Devices and an 8-Bit Image Processor."

LEROY OLSON, professor of veterinary medicine, presented "Detecting Carriers of Swine Dysentery in Swine" and "Comparison of Commercial TGE Vaccines for Immunizing Sows" at the fifth Congress of the Federation of Asian Veterinary Associations Oct. 18-21 in Kuala Lumpur, Malaysia. He participated as a member of the NC-116 technical committee on Avian Respiratory Disease Nov. 15 in Chicago. Olson also attended the Conference of Research Workers in Animal Diseases Nov. 15-18 in Chicago with **C.A. CARSON**, **LARRY MOREHOUSE**, **ROBERT SOLORZANO**, **EMMETT MCCUNE**, **JOHN BERG**, **BRUCE ROSENQUIST** and **ROBERT CORWIN**, professors of veterinary medicine; **BIMAL RAY**, assistant professor of veterinary medicine; **R.B. MILLER**, associate professor of veterinary medicine; **TANDRA CHAUDHURI**, research assistant professor of veterinary medicine; **SARA GREEN**, senior research lab technician; and **CHARLES KRUEGER**, research assistant.

DONNA OTTO, administrative nurse II, was appointed associate hospital director and director of nursing services at University Hospital and Clinics.

PERRY G. PARRIGIN, associate professor of music, presented an organ recital Nov. 9 at Calvary Episcopal Church in Sedalia, Mo.

MARGARET S. PEDEN, professor of

Spanish, presented lectures Nov. 5 at Oklahoma State University and Nov. 6 at the University of Oklahoma as part of the Mid-America State University Association Honor Lecturer program. Peden has been appointed to the editorial boards of Fiction Network and Tramoya.

PATRICK PERITORE, associate professor of political science, spoke about Brazil's transition to a democratic government at the Noel Gist Seminar on International Affairs Sept. 24 in Memorial Union. Peritore presented a paper, "Brazil's High-Tech Import Substitution Policy-The Market Reserve in Computers," at the Midwest Association of Latin American Studies Sept. 25-27 in St. Louis. He also was a member of a panel discussing the church in Latin America. Peritore had "Paulo Freire's Socialism and the Workers Party of Brazil" published in UFSI Reports, and "Feudalism, Critique of a Socioeconomic and Historiographical Model" appeared in the January 1987 issue of Alternatives.

BETTY PERKINS, chief clerk, was the Department of Residential Life Employee of the Month for November.

ELROY J. PETERS, professor of agronomy, was made an honorary member of the North Central Weed Control Conference. Honorary membership is the highest honor the conference bestows on its members, who hail from 14 states and four Canadian provinces. From 1956 until his recent retirement, Peters conducted studies of weed management in forages, especially the ecological aspects.

LEADELLE PHELPS, assistant professor of educational and counseling psychology, had a data-based article, "Use of an Abbreviated Version of the WISC-R with Learning Disabled Children," published in Psychology in the Schools.

GLENN PIERCE, associate professor of Italian, was elected secretary of the Midwest Modern Language Association for 1987 and president for 1988. He was a respondent in the Italian session of the MMLA meeting Nov. 6-7 in Chicago. He chaired a session at the national conference of the American Association of Italian Studies in April 1986 in Toronto.

Librarians **ISABEL PINTO**, **RUTH RILEY**, **PAULA ROPER** and **CATHERINE SEAGO** have been selected for Ellis Library's Intern-Scholar Leadership Development Program, funded by the Council on Library Resources. The purpose of the program is to give recently graduated librarians an expanded view of their profession, a better understanding of the university environment and to provide opportunities to develop leadership potential.

BRUCE R. PIRINGER, director of the Missouri Fire and Rescue Training Institute, attended the Training Resource and Data Exchange conference sponsored by the National Fire Academy Dec. 1-5 in Emmitsburg, Md.

GEORGEANNE PORTER, director of undergraduate admissions, wrote "Federal Republic of Germany," a guidebook to help American colleges and universities place German students in the American educational system.

MICHAEL J. PORTER, associate professor of communications, and **PAMELA BENOIT** and **WILLIAM BENOIT**, assistant professors of communication, presented "Displaying the Nature of Relationships in Media: An Analysis of Relationship Dimensions in 'Hill Street Blues'" at the Speech Communication Association convention Nov. 14 in Chicago.

MERL RAISBECK, assistant professor of veterinary medicine, presented "Hep-tachlor Contamination of Dairy, Beef and Swine: The Experience in Missouri" at the American Association of Veterinary Laboratory Diagnosticians meeting Oct. 19-21 in Louisville, Ky.

ROBIN REMINGTON, professor and chair of political science, has been appointed by the Council of the American Political Science Association to a three-year term on its committee on departmental services. Remington was one of seven American scholars to present a paper at the Wilson Center East European Program Yugoslav-American Conference, "Yugoslavia: Federal vs. Regional Relations" Sept. 4-6 in Washington, D.C. Her paper was called "Nonalignment: Federalization of Yugoslav Foreign

Policy?" She wrote a chapter on Yugoslavia for the 1986 Yearbook on International Communist Affairs. Remington participated in a Soviet-Third World workshop Sept. 25-26 at the University of Illinois-Champaign.

BARBARA REYS, assistant professor of curriculum and instruction, and **ROBERT REYS**, professor of curriculum and instruction, recently had a textbook, "Mental Math," published.

LEONARD RISKIN, professor of law and director of the Center for the Study of Dispute Resolution, conducted a workshop on mediation for attorneys of the U.S. Court of Appeals. The workshop was sponsored by the Federal Judicial Center, the educational arm of the federal courts. He also moderated panels on dispute resolution in professional schools at the National Conference on Peacemaking and Conflict Resolution in Denver, and at a conference on dispute resolution in law schools, sponsored by the St. Louis University Law School.

JOHN R. ROBERTS, professor of English, attended the seventh annual Biennial Renaissance Conference, "The Muses Common-Weale: Poetry and Politics in the Earlier 17th Century," Oct. 17-18 at the Henry Ford Estate of the University of Michigan-Dearborn. Roberts served as a member of the conference screening committee.

JOHN J. ROBERTSON, assistant professor of veterinary medicine, and **KARL KRAUS**, intern, attended the American College of Veterinary Surgeons' 14th annual Veterinary Surgical Forum Oct. 27-29 in Chicago.

RICHARD ROBINSON, professor of curriculum and instruction, had an article, "Reading Research: Some Comments," published in the current issue of Reading Horizons. He also was chosen to serve on the Advisory Committee on Citizenship Education for the Missouri Bar Association for 1986-87.

MARVIN ROGERS, associate professor of political science, attended the Faculty Development Summer Institute Aug. 17-21 in eastern Canada. Faculty members from the University of Prince Edward Island and the University of South Carolina led the conference. It focused on ways to improve teaching, problems confronting freshmen and courses that the sponsoring institutions have developed to help students adjust to college. Rogers spoke to the Noel Gist Luncheon Seminar on International Affairs Sept. 18 in Memorial Union. His topic was "Militarism in Indonesia and the Cost of Stability."

GEORGE ROTTINGHAUS, assistant professor of veterinary medicine, served on the toxicology advisory committee and the committee on mycotoxins at the American Association of Veterinary Laboratory Diagnosticians meeting Oct. 19-24 in Louisville, Ky. Other veterinary medicine faculty attending the meeting were **ROBERT SOLORZANO**, professor, who served on the bluetongue virus committee; **LARRY THORNBURG**, associate professor; **J.E. WAGNER**, professor; **LARRY MOREHOUSE**, professor, who served as secretary/treasurer to the board of governors and as a member of the executive board of the U.S. Animal Health Association; **MARGARET TURK**, associate professor, who presented "Pathologic Changes in the Progression and Resolution of Equine Pharyngitis"; and **JAMES TURK**, associate professor, who presented "Prevalence of Swine Diseases at the Missouri Veterinary Medical Diagnostic Laboratory." Rottinghaus also presented posters at the 21st Midwest Regional American Chemical Society meeting Nov. 5-8 in Kansas City. The titles of the posters were "Sodium Hypochlorite Degradation of Zearalenone" and "Economical Method for Vomitin Removal from Scab Infected Wheat."

RALPH ROWLETT, professor of anthropology, presented "Evidence of Fire at Koobi Fora, Lake Turkana, at 1.8 Million Years Ago" at a symposium on early man held in May 1986 in Berkeley, Calif. He also directed archaeological field excavations of a Swiss village on the shore of Lake Neuchatel dating from the end of the Bronze Age and early Iron Age, about 800 B.C.

DORIS ROWLEY, KBIA business manager, has been elected to the Public Telecommunications Financial Managers Association board of directors for an 18-month term. Board members represent various kinds of licensees among public telecommunications entities. She has been an active member of PTFMA for six years and has served on several of its committees.

VINCENT ST. OMER, professor of veterinary medicine, presented "Postnatal Developmental Neurotoxicity of Secalonic Acid in Suckling Mice following Exposure Via Dam's Milk" at the 16th annual meeting of the Society for Neuroscience Nov. 8-16 in Washington, D.C.

SHEROD SANTOS, assistant professor of English, read poetry at Rhodes College in Memphis, Tenn., at the University of New Hampshire, at the University of Scranton in Pennsylvania, and at the Centennial Club in Nashville, Tenn., where he also gave a lecture, "The Modern Poet."

ELMER O. SCHLEMPER, professor of chemistry, and **MICHAEL S. TEMPESTA**, assistant professor of chemistry, recently gave lectures at the Pontificia Universidad Catolica del Peru in Lima, Peru, and at the Universidad Nacional San Antonio Abad del Cusco in Cusco, Peru.

DONALD SCHMIDT, professor of veterinary medicine, attended the American Society for Veterinary Clinical Pathology and the American College of Veterinary Pathologists meetings Dec. 1-5 in New Orleans. He submitted one case for the 1986 slide review session of the ASVCP, the diagnosis of which he defended. Schmidt and **STEVEN STOCKHAM**, assistant professor of veterinary medicine, submitted a second case, presented by Stockham.

CHARLES D. SCHMITZ, professor and director of undergraduate studies and field experiences, and **LEADELLE PHELPS**, assistant professor of educational and counseling psychology, co-wrote "A Performance-based Cooperating Teacher Report" for the September-October issue of Journal of Teacher Education.

RICHARD C. SCHOFER, director of research and development and professor of special education, provided consultative assistance to the Lindbergh and St. Charles city school districts last spring. He assisted teachers in developing applications for participation in the Incentive for School Excellence Program, which was established under the 1985 Missouri Excellence in Education Act. He also provided instruction on the essentials of grant application writing and critiqued applications prior to their submission to the Missouri Department of Elementary and Secondary Education. He co-wrote "An Inquiry into Personnel Projections, Attrition and Certification in Special Education" for the November 1986 issue of Counterpoint.

ADOLF E. SCHROEDER, professor emeritus of Germanic studies, received the 1986 Outstanding Achievement Award in German-American studies at the 10th annual symposium of the Society for German-American Studies in Cincinnati. Schroeder was recognized for his devotion to the preservation of traditional German culture in Missouri and the Midwest, his publications on German cultural life and as a teacher of German language and literature.

WILLIAM A. SEYMOUR, assistant director of student development, and **DENISE SCHLAKE**, student services coordinator, presented "What Do You Think?—A Summer Orientation Questionnaire" at the National Orientation Directors' Association Conference Oct. 24 in Fort Worth, Texas.

TOM SHAUGHNESSY, director of libraries, was recently appointed to the advisory panel on text digitizing of the National Agriculture Library.

DANIEL SHAW, instructor in veterinary medicine, and **DAVID KNUDSEN**, research associate, accepted the C.L. Davis Foundation Veterinary Pathology Scholarship award at the American College of Veterinary Pathologists meeting Dec. 1-5 in New Orleans.

MARY-JEANETTE SMYTHE, associate professor of speech and dramatic art, presented "Can We Talk? A Meta-analytic Review of the Sex Differences in Language Literature" at the annual conference of the Organization for the Study of Language,

Gender and Communication Oct. 17 in Washington, D.C.

JEFFREY H. SNOW, assistant professor of educational and counseling psychology, has been awarded a University Research Council grant to study "Mnemonic Strategies with LD Children."

ROB SPIER, professor of anthropology, attended two meetings of the American Industries Association. The spring meeting was June 13-14 at Hofstra University in Hempstead, N.Y., and the fall meeting was Oct. 3-4 in Toronto. Spier also attended the annual meeting of the Board of Trustees of the Norwegian-American Museum Nov. 7-9 in Dallas.

BOB R. STEWART, professor of practical arts and vocational-technical education and coordinator of agricultural education, was recognized for his outstanding service in agricultural education by the teachers of agriculture in region four of the National Vocational Agricultural Teachers Association.

RALPH E. STEWART, professor and chair of health and physical education, was voted chairman-elect of the college division of the Missouri Association for Health, Physical Education, Recreation and Dance at its annual conference at the Lake of the Ozarks, Mo.

STEVEN STOCKHAM, assistant professor of veterinary pathology, attended the

executive board and annual meetings of the American Society for Veterinary Clinical Pathology Nov. 30 in New Orleans. He also attended the annual meeting of the American College of Veterinary Pathologists.

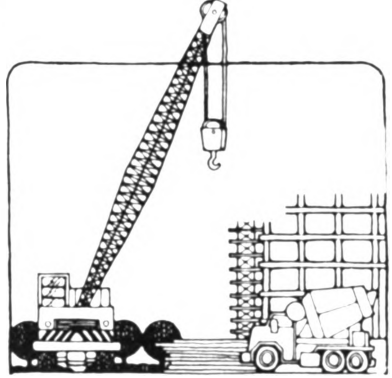

RICHARD W. THORESON, professor of educational and counseling psychology, has been awarded a University Research Council grant to study "The Impaired Professional."

LARRY THORNBURG, associate professor of veterinary medicine, presented "Effect of Formalin pH on Histochemical Demonstration of Copper in Canine Liver" at the annual meeting of the American College of Veterinary Pathologists Dec. 1-5 in New Orleans. He presented a short course on liver disease in dogs and cats Dec. 12-13 to the Wichita Veterinary Medical Association.

BILL THORNTON, lead mechanical trades specialist, earned Campus Facilities' December Employee of the Month award.

MARGARET TURK, associate professor of veterinary medicine, attended the foreign animal disease diagnostic lab training course Nov. 17-21 in Greenport, N.Y.

VERN G. WILLIAMSEN, professor of Spanish, presented "Translating the 'Comedia': Problems of Wit and Humor Exemplified" at the International Congress on Wit and Humor in the Arts Nov. 6-9 in Atlanta.

Construction update

As of Tuesday, Jan. 27, 4,500 cubic yards of concrete had been poured at the University Avenue garage and 3,600 cubic yards at the Conley Avenue site. (A concrete truck holds approximately 7 cubic yards.)

Feb. 12, 1987, is the date of the next parking policy committee meeting in S7 Memorial Union at 3 p.m.

Reminder — Feb. 9, 10 and 11 are dates of the public hearings on the campus master plan.

Members of the Department Chairs and Directors Forum steering committee who attended a recent breakfast meeting are front row, Jim Dexter, neurology; second row from left, Don McGlothlin, School of Fine Arts and music; Forrest McGill, Museum of Art and Archaeology; Veralee Hardin,

special education; Ray Dockweiler, accountancy; third row from left, Tom Shaughnessy, libraries; Henry White, physics and astronomy; Kitty Dickerson, clothing and textiles; Charles Slivinsky, electrical and computer engineering; and Gerald Hitzhusen, recreation and park administration.

FORUM

Lab opens for protein sequencing

By Sam Araghi

University of Missouri-Columbia genetic researchers now have an important resource on campus to assist them with their work. The Protein Sequencing Laboratory is operational. The facility will serve investigators campuswide in all their related aspects of pure and applied biological scientific research.

Protein sequencing is essential to the ever-expanding field of biotechnology. The sequencing lab is able to take a protein and determine the structural sequence of amino acids. The unique amino acid sequence then outlines a corresponding genetic code equivalent to that protein. From the genetic code a researcher is able to identify and isolate the exact gene responsible for that protein.

More than \$190,000 worth of equipment has been purchased or donated to make this laboratory operational. Funding and donations for equipment have come from various sources, including the molecular biology program, the Development Fund and the Division of Biological Sciences. The molecular biology program also provides ongoing technical support for the sequencing lab.

During start-up testing, the facility instrumentation was put through a number of quality assurance tests. In blind tests, four small proteins/peptides were completely and correctly sequenced. In addition, four large proteins were correctly sequenced to a maximum of 45 amino acids. Since becoming operational, the lab has sequenced several proteins for researchers on campus.

In addition to protein sequencing, the laboratory is currently developing additional services. In the near future, the lab will provide the following services: protein purification, antibody isolation and gene isolation all using HPLC instrumentation. Additional services are planned, including large protein cleavage and deblocking, as well as optimized micro-scale SDS-PAGE separation of proteins with electroblotting of proteins onto an activated glass fiber paper to be directly transferred to the sequencer. The last services will partially solve a major limitation in microsequence analysis—the availability of sufficient starting material.

The sequencing laboratory is located in 402 Tucker Hall, telephone 882-2027. For information regarding sample requirements and order forms, contact me. The facility is open from 8 a.m.-5 p.m. weekdays.

Araghi is director of the protein sequencing laboratory.

Vol. 8 No. 18

A publication of the University of Missouri-Columbia faculty and staff, published every Friday during the academic year and twice a month during the summer by Publications and Alumni Communication, a department of Development, University and Alumni Relations Division, 1100 University Place, 882-7357. News deadline is noon Friday the week before publication. Annual subscriptions are available to retirees for \$10. Faculty Council and Staff Council communication committee members: Donald Anderson, Bob Derryberry, Gary Fields, Linda Holsinger, Gordon Kimber, C. Kirk Leeper, Mary Miller, Barbara Olson Smith and Donna Turner.

Broadening campus horizons

Forum for department chairs and directors fosters interaction and a sense of community.

The Department Chairs and Directors Forum fosters a sense of community within a large and diverse campus, says Professor Kitty Dickerson.

"It's an opportunity to be more informed about the campus and an opportunity to get to know the other department chairs and directors," says Dickerson, Clothing and Textiles Department chair and chair of the forum's steering committee.

tee. "It gives us a bigger picture of campus and University activities, broadens our horizons and keeps us up-to-date on the issues."

The steering committee, composed of representatives from each division, develops timely topics to present at the forum's breakfast meetings. "It's a tremendous credit to these people that they are willing to come out at 7 a.m. all in the name of doing their job better," Dickerson says.

The 114-member Department Chairs and Directors Forum has its roots in a University-sponsored academic leadership conference for new department chairs and other administrators held at the Lake of the Ozarks four years ago. Upon returning from the conference, the group successfully presented the idea for the forum to former Provost Ronald Bunn.

Steering committee member Jim Dexter,

professor and chair of neurology, values the opportunity for interaction with other disciplines. "It's nice to know about the College of Home Economics and the College of Engineering. We can get down to understanding other departments and how common our problems are, as well as understanding how good we are."

A host of administrators have visited the group, covering topics from retention to extension. The meetings are a chance to better understand the problems and procedures of the University, and to come in contact with administrators. But, perhaps more importantly, it's a chance to compare notes with peers.

"Where else do representatives from the museum, animal science and economics have an informal opportunity to talk?" asks Forrest McGill, director of the Museum of Art and Archaeology.

An open invitation:

We are Campus Dining Services, a department of the University now in charge of food service in the Memorial Union, Brady Commons and satellite snack bars.

Customer satisfaction is very important to us. That is why we have helped organize an advisory group made up of long-time customers of the campus food service centers. The object is not only to restore what used to be a good system, but improve on it.

If you have any comments pertinent to the advisory committee, or would like to be a part of the group, feel free to contact Lorraine Kalen, manager of Campus Dining Services, at 882-4005 or Jack Timmons, associate professor of community development, at 882-8395.

We hope to hear from you soon, and see you often.

Law, medicine start admissions programs

Especially bright high-school seniors who aspire to be attorneys or physicians should take note of two new admissions programs at Mizzou. Qualified participants in these programs will not be required to take the Law School Admission Test or the Medical College Admission Test.

The Law School's automatic admission policy applies to eligible Missouri high-school seniors. To qualify, seniors must receive an ACT composite score of 25 or better and graduate in the top 10 percent of their class, or receive a composite score of 29 on the ACT; maintain an honors-level grade-point average in undergraduate school; and earn an undergraduate degree from Mizzou.

"We're hoping that this is one more method of recruitment to attract Missouri's best and brightest scholars to attend the University of Missouri," says Bob Bailey, academic counselor.

The preprofessional scholars program in the School of Medicine and the Honors College shares the goal of attracting bright students. High-school seniors with a minimum SAT score of 1300 or an ACT score of 30 are eligible to apply. Selected applicants will be invited for interviews at the School of Medicine. Students chosen to participate in the preprofessional scholars program will be given provisional acceptance into Medical School.

While undergraduates, participants must take 20 hours of Honors College courses in addition to specified science courses and earn a minimum 3.3 grade-point average.

Participants in either program who do not meet the required levels of performance in undergraduate school may still apply to Law School or Medical School through the standard admissions process.

For more information about the Law School admissions program, call the school's admissions office at 882-8269. For information on the Medical School program call Nancy Soloman, associate dean for students, at 882-2923, or Ed Kaiser, Honors College director, at 882-3893.

JOBS

Recorded listings of new campus and UM job openings are available 24 hours a day. For professional vacancies call 882-2345; for secretarial/clerical positions call 882-2041; and for technical/service/maintenance openings call 882-2916.

Anyone with UMCVMB CMS computer access may view campus and UM vacancies by logging on and entering command jobs. For more information or to apply for a job, contact Personnel Services, 201 S. Seventh St., west entrance, at 882-7976.

For information on job openings at University Hospital and Clinics, contact the hospital Personnel Department, 1W42 UMCHC, telephone 882-8186.

For more information on the following teaching and research positions, contact the appropriate individual listed below. All positions are contingent upon funding and enrollment.

Accountancy: Assistant professor, deadline May 31. Contact Ray Dockweiler, 882-4463.

Educational and counseling psychology: Department chair and professor, deadline Feb. 15. Contact C. David Roberts, 882-3807.

Graduate School: Vice provost for research and graduate dean, deadline April 1. Contact Sam Werner, 882-7664.

Law: Director of continuing legal education and lecturer, deadline Feb. 15. Contact Kenneth Dean, 882-6488.

Management: Assistant or associate professor-business policy and strategy, deadline Feb. 18. Contact Allen Slusher, 882-7472.

Obstetrics and gynecology: Assistant professor, deadline April 15. Contact David Hall, 882-7937.

Ophthalmology: Post doctoral fellow, deadline Feb. 6. Contact Beryl Ortwerth, 882-1027.

Special education: Associate professor-behavior disorders, deadline April 15. Contact Sharon Huntze, 882-3741.

Agriculture plans facilities upgrade

The College of Agriculture is in preliminary planning stages to construct a 200,000-square-foot structure. The building would bring many of the college's departments and programs together in a single building and upgrade the quality of facilities.

About 50,000 square feet of the building would house the School of Forestry, Fisheries and Wildlife. The remainder of the building would be devoted to the departments of Agronomy, Plant Pathology, Entomology and Horticulture, and the Food for the 21st Century and molecular biology programs, both tagged for eminence by the Board of Curators' long-range plan.

The new facility would be located between Woodland and Floral Gardens and McKee Field in the southeast part of campus. Dean Roger Mitchell says funding for the project, estimated at \$40 million, would come from the state and private sources.

"This is a long-term project. Right now the resources of the state may be limited, but we've seen that in the long term they do invest in quality facilities like the Law School building and the library," Mitchell says. "A request may not succeed in a given year, but things do get done."

HOK Architectural Firm of St. Louis is working with a University architect to assess the needs of each department. Once the project is funded, the building may be built in phases over five to seven years.

Classified ad section offered

As a service to readers, Mizzou Weekly now accepts classified advertising. The classified advertising section is open only to faculty and staff members.

"This service allows faculty and staff to reach 11,600 other Mizzou Weekly readers," says advertising coordinator Sherrill Harsh. Examples of classified advertising categories include buy/sell/trade, real estate for sale or rent, personals, car pool and services.

The ads are limited to a 30-word maximum at a cost of \$3. A home phone number is required for all classified ads. A check, payable to the University of Missouri, must accompany typed ads and be sent in campus mail to Mizzou Weekly, 1100 University Place, Attn: Sherrill. No ads will be accepted over the phone or without payment. Mizzou Weekly reserves the right to refuse any advertising.

The advertising deadline is Wednesday the week prior to publication. For example, an ad to be published Feb. 20 is due Feb. 11.

University departments that have equipment to sell to other departments may continue to place notices free of charge in Mizzou Weekly's For the Record column.

Staff
Recognition
Week '87
April 6-10

Display Talents

Entries will be displayed March 29-April 10 in the Brady Commons Craft Studio and Art Gallery.

Entry form must be received by March 20. Due to limited space, only one entry will be allowed per person.

Awards ceremony is April 3.

Yes, I want to enter the 1987 Staff Recognition Week Art Competition.

Return completed entry form by March 20 to S.E. Buuck, 2-64 Agriculture Bldg. Bring entry to Brady Commons Craft Studio between March 23-27. Entries must be labeled on back.

CALENDAR

Send calendar items in Campus Mail to Scott Wyman, Mizzou Weekly, 1100 University Place, by noon Friday the week before publication. Events are free and open to the public unless otherwise noted.

Highlights

MSA MUSICAL: "One Mo' Time" will be presented at 8 p.m. Feb. 6 in Jesse Aud. Cost: \$7 faculty/staff, \$5 students.

FACULTY RECITAL SERIES: Carleton Spotts, cellist, and Janice Wenger, pianist, will perform at 8 p.m. Feb. 7 in the Fine Arts Recital Hall.

BASKETBALL DOUBLEHEADER: Women will play Kansas at 5:45 p.m. Feb. 11 in the Hearnes Bldg. Cost: \$3 faculty/staff, \$2 students. Men's game against Kansas will begin at 7:35 p.m. Cost: \$5.50-\$8 faculty/staff, \$4-\$6 students.

PURINA CAT CLASSIC: Gymnastics team will meet Penn State, Arizona, Auburn and Kentucky at 7 p.m. Feb. 13-14 in the Hearnes Bldg. Cost: \$3 faculty/staff, \$2 students.

6 Friday

AG SCIENCE WEEK SEMINAR: "Swine Day Conference" will begin at 9 a.m. at the Trowbridge Livestock Center. Breakfast will be served at 7 a.m. Cost: \$10. To register call John Rea at 882-7327.

BUSINESS SERVICES SEMINAR: Libby Miederhoff, manager of Accounting Services, will present sessions on accounting forms and procedures at 10 a.m. and 1:30 p.m. in S203 Memorial Union. To register call 882-4859.

BUDGET HEARING: Open session on

1988-89 budget will be held from 10-11:15 a.m. in N214-215 Memorial Union.

MISSOURI INSTITUTE OF PSYCHIATRY: Seymour L. Halleck, professor of psychiatry at Washington University, will present "Patient's Rights and the Physician's Liability" at 1 p.m. in St. Louis State Hospital Kohler Bldg. Aud., 5400 Arsenal St., St. Louis.

STUDENT RECITAL: Barbara Garrett, bassoonist, will perform at 7 p.m. in the Fine Arts Recital Hall.

MSA FILM: "Legal Eagles," rated PG, will be shown at 7 and 9:30 p.m. in Ellis Aud. Cost: \$2.

MSA MUSICAL: See Highlights.

SEE THE STARS: Weather permitting, the Laws Observatory on the roof of the Physics Bldg. will be open from 8-10 p.m.

7 Saturday

AG SCIENCE WEEK: Missouri Pork Producers Association and Missouri Pork Council of Women will hold their delegate session this morning at the Hilton Inn, 2200 I-70 Drive S.W. The Mizzou Boar Test Sale will be held at 2 p.m. in the Trowbridge Livestock Center.

CAMPUS COMPUTING SHORT COURSE: "Beginning CMS" will be presented from 9 a.m.-noon in 210 Brady Commons. To enroll call 882-2112.

MASTER CLASS SERIES: Carleton Spotts, cellist, will lead the class at 2:40 p.m. in the Fine Arts Recital Hall.

MSA FILM: "Legal Eagles," rated PG, will be

shown at 7 and 9:30 p.m. in Jesse Aud. Cost: \$2.

FACULTY RECITAL SERIES:

See Highlights.

MSA FILM: "The Exorcist," rated R, will be shown at midnight in Jesse Aud. Cost: \$1.50.

8 Sunday

SEMINAR: The 13th "Rate Symposium on Pricing Electric, Gas and Telecommunications Services" will be presented through Feb. 11 at Union Station in St. Louis. Cost: \$400. Call 882-8253.

RECEPTION: The Fine Arts Department will host an award presentation and reception from 2-4 p.m. in honor of the Missouri Art Educators Exhibition in the Fine Arts Gallery.

MSA FILM: "Blithe Spirit," not rated, will be shown at 8 p.m. in Memorial Union Aud. Cost: 50 cents.

9 Monday

SEMINAR: "Amino Acid Analysis Short Course" will be held from 8 a.m.-5 p.m. in the Agriculture Bldg. Cost: \$765. Call 882-8253.

PENNEY-MISSOURI TV COMPETITION JUDGING: Event will be held from 9 a.m.-5 p.m. today and Feb. 10 in the Neff Committee Room.

WOMEN'S CENTER: India McCanse, director of education for Planned Parenthood of Central Missouri, will present "Personal Decisions," an update on state and national abortion legislation, at noon in the Women's Center, 1 Gentry Hall.

MASTER PLAN HEARING: Session will be held from noon-2 p.m. in Memorial Union Aud.

CAMPUS COMPUTING SHORT COURSE: "Intermediate CMS" will be held from 2:40-4:30 p.m. through Feb. 13 in 106 Lefevre Hall. To enroll call 882-2112.

CAMPUS COMPUTING SHORT COURSE: "Orientation to the PC" will be held from 2:40-4:30 p.m. through Feb. 13 in 116 Lefevre Hall. To enroll call 882-2112.

BIOCHEMISTRY SEMINAR SERIES: Lloyd A. Horrocks of The Ohio State University College of Medicine will present "Recent Developments in Ether-Type Glycerophospholipids: Metabolism and Analytical Methods (Plasmalogens and Platelet Activating Factor)" at 3:40 p.m. in 322 Chemistry Bldg. Refreshments will be served at 3:30 p.m.

CPCC ADULT EVENING SEMINAR: "Issues of the Working Couple" will be held from 7-8:30 p.m. Mondays through Feb. 23 at the Career Planning and Placement Center, 220 Noyes Hall. To register call 882-6803.

MASTER PLAN HEARING: Session will be held from 7-9 p.m. in Geology Bldg. Aud.

LECTURE: J. Wilson Myers will present "Balloon Archaeology in Greece and Crete" at 8 p.m. in 106 Pickard Hall. Event is sponsored by Archaeological Institute of America.

FACULTY RECITAL SERIES: Missouri Arts Quintet will perform at 8 p.m. in the Fine Arts Recital Hall.

MSA FILM: "Two English Girls," not rated, will be shown at 8 p.m. in Memorial Union Aud. Cost: \$1.

MSA SPECIAL EVENT: Comedian Eddy Strange will perform at 8 p.m. in Memorial Union Lounge.

10 Tuesday

LECTURE: "The State of the University's Action Plan" will be presented by Duane Stucky, interim chancellor, at an 11:30 a.m. luncheon meeting of the Columbia Chamber of Commerce at the Columbia Hilton Inn, 2200 I-70 Drive S.W.

MASTER PLAN HEARING: Session will be held from noon-2 p.m. in M105 Medical School Aud.

MASTER PLAN HEARING: Session will be held from 4-6 p.m. in Geology Bldg. Aud.

CENTRAL AMERICA FILM SERIES: "The Pentagon Republic" and "Faces of War" will be shown at 7 p.m. in Gannett Aud.

11 Wednesday

MIDDAY GALLERY EVENT: George Mooney, local musician, will perform "Improvisation of Icarus and Other Musical Flights" at 12:25 p.m. in Pickard Hall.

MASTER PLAN HEARING: Session will be held from 12:40-2 p.m. in Memorial Union Aud.

SEMINAR: A workshop on how to prepare an entry for the "Best of Missouri's Hands" catalog will be held from 1-9 p.m. at the Ramada Inn, 4016 Frederick Ave., St. Joseph, Mo. Cost: \$10 per person, \$17 for couples or business partners. To register contact a county extension center.

CPCC: "See Yourself as Others See You," practice job interviews, will be held at 1:40, 2:40 and 3:40 p.m. at the Career Planning and Placement Center, 110 Noyes Hall.

Need Multiple Copies at Night or on Weekends?

Grants, manuscripts and proposals are not always written between 9 and 5. If you are working on projects in the evening or on weekends and "quick copy" is closed come to

Ellis Library Copy Service

On the second floor of the main library

We can run multiple copies, collate, and staple for you, all for only 5¢ a copy.

And, of course, we can also reduce, enlarge, make 11x17 copies and colored paper copies.

Hours: M-FRI 8-11 PM
SAT 9-9 PM
