Working out the details

Committee ready to tackle general education plan after approval by faculty.

For nearly two years, a group of MU faculty and administrators put in long hours developing a set of general education requirements for undergraduates at Mizzou. Faculty overwhelmingly endorsed the \$2 million plan in a campuswide election last month, but in one sense the job is just starting.

Now, faculty and administrators across campus have to work out the nuts and bolts of the new requirements. Decisions have to be made on such things as which courses will make up the nine-hour "clusters" of related courses that students will be required to take outside their major areas.

Many of the courses spelled out in the general education plan are already in place. But in some departments, courses will have to be developed or modified to meet the requirements for such things as a second writing intensive course or the quantitative courses beyond college algebra.

"All departments that teach undergraduates are going to

be involved," says Jeff Chinn, vice provost for instruction. "This will cause a fair amount of curricular ferment, which I think is positive."

The general education plan will be phased in over five years, and the new requirements will be effective for entering freshmen in fall 1993. As approved by faculty, the plan calls for a committee on undergraduate education that has the responsibility for putting the new requirements in place, including approval of courses.

"That will be the committee responsible for taking what was voted in concept by faculty and turning it into reality," Chinn says.

The College of Arts and Science currently teaches the vast majority of general education courses for all students. Dean Larry Clark says departments in the college already are looking at ways to carry out the plan.

For instance, Clark says his college most likely will be the primary unit to implement the requirement for a quantitative course beyond college algebra. "We're putting together some pilot courses along those lines that will be offered this fall," Clark says, adding that a new director of the Campus Writing Program is expected to be on board by fall and will begin working on developing more writing intensive courses.

"There are some things in the general education plan that are very clear and don't need to be interpreted. So we'll get started on those right away," Clark says. For other requirements — like course clusters, undergraduate seminars and capstone courses — the next step at the college will be an "inventory of every department's curriculum to see if it would fit under the new approach to general education."

Paul Casey, associate professor of German, is chairman of the faculty committee that examined the cost of the new requirements and how they would be put in place. Casey says the committee "looked at what are the most feasible areas of the plan to be phased in, what is doable. We tried to look at things that won't cost the University a massive amount of money right off the bat."

Casey adds that his committee was conservative in estimating the cost of the new program. For instance, the most expensive portion of the plan is \$600,000 to pay undergraduate seminars with classes of 25 or fewer students taught by a ranked faculty member. But that cost estimate could be too high.

"We might find the costs come out slightly less than anticipated," Casey says. "In some areas we couldn't come up with exact figures. How do we know what an assistant professor of whatever will be making a few years down the road?"

And he stresses that the process for putting the new plan in place "should be done thoughtfully and slowly. We're not going to shift everything from day to night."

Linda Gilbert of MU's Business Services fields questions during a seminar of public relations for University employees.

First things first

Business Services seminar helps MU employees make a difference in customer service.

Tammy Latham was a bit skeptical at first. After all, she had worked at MU for 10 years and believed she was doing a good job. But the "Connections" class taught her some important things about customer service.

"You've got to remember that the customer — in most instances, this means the student — comes first," says Latham, chief clerk in Parking and Transportation Services. "This may be one of the first impressions they get of the University. You want to try to make it a good one."

And in some cases, that's not easy. Many of the people with whom Latham comes into

contact are angry — they've just received a parking ticket that they believe is not deserved. The "Connections" class taught Latham how to deal with those situations.

"You listen and you smile," she says. "You let them have their say. Then you explain your side and try to help in any way you can. These are things you're supposed to know, but you occasionally forget. This class helps you remember."

"Connections," a six-hour seminar, is being presented to all 360 employees in the 10 units in Business Services — a diverse group that includes Telecommunications, Accounting Services, Campus Mail Service and the Heames Center. "One element they share is that they all have customers," says Linda Gilbert, training coordinator in Business Services, who presents the seminars with Joy Overacre. "And we all could use some reminders on how to treat those customers."

Through lectures, video presentations and role-playing, MU employees ranging from

directors and administrative assistants to custodians and case workers learn how to deal with people. "You learn, for instance, that when a customer is upset, you don't cut them off; they need to have their say," Gilbert says. "And if they call on the phone with a problem, you honestly try to help them. Don't give them the runaround or pass them off onto someone else."

"For some employees, this may be the first time anyone has really explained these things in a way that makes sense."

The class has other benefits, says Marilyn Parry, assistant manager of Student Loan Collections. "My employees received a great morale boost," she says. "We felt the University was saying to us, 'You're important and we want you to know it.' Also, we got to know staff from other parts of the campus, and realized that their concerns are the same as ours."

Parry's office is another one that regularly deals with difficult customers, as it attempts to collect money owed to MU. "But

Rob Hill photo

it's a challenge to be as nice as you can," she says. "If you can calm down that caller or visitor, and make them happy, they'll pay you. And your problem with them will be solved."

While "Connections" is geared toward customer service — one of the goals is student retention — its ultimate appeal could be broader. "We'd encourage all departments at MU to take advantage of something like this," Gilbert says. "This is effective in dealing with co-workers, too, or with family and friends. You're talking about being kinder, more caring, treating people with respect. These are lessons for life."

Here's the answer

University employees in a number of offices are expecting questions from students and parents about a 12 percent increase in tuition that goes into effect this summer. What should you tell them?

"There are a few points we should try to get across," says Jackie Jones, director of Business Services. "First of all, tuition at MU covers only 28 percent of the average cost of educating a student. State appropriations cover 63 percent, and the rest comes from private funds and investments."

"But in the past 10 years, the percentage of the state budget appropriated to higher education has dropped steadily. If MU received the same percentage from the state as we did in 1979, we would have about \$28 million more. But that's not the case, and regrettably, the burden of financing public higher education slowly has shifted from the state to the students."

Jones says students and parents also should be told that MU is trying to raise more funds through a \$150 million capital campaign. "And the problem could be eased if the tax increase for education is approved," she says. "Missourians will vote on that issue Nov. 5."

HONORARY DEGREE NOMINEES SOUGHT

The committee on honorary degrees invites nominations for the December commencement. Additional honorary degree nominations for the August graduation program also may be submitted.

Only a new letter is required if a nominator wants to reintroduce a candidate whose file already has been submitted. Letters and other information should be addressed to Professor Mary Lago in 107 Tate Hall. With questions, call 882-6781.

RENEW YOUR MEMBERSHIP NOW

Members of the MU Retirees Association are being urged to renew their memberships before the end of the association year June 30.

The group had 721 members in May, an all-time high. This figure includes 102 people who signed up at the chancellor's annual luncheon for retired faculty and staff April 16.

Annual dues are \$5, and a lifetime membership costs \$50. The group is open to all retired MU or UM System faculty and staff. "The more retirees in the association, the better we can pursue our goals: support for the University and for its retirees," says President C.V. Ross, professor emeritus of animal sciences. With questions, call Rex Dillow, membership chairman, at 445-7183.

SUMMER FUN IS LOOKING UP

If you're looking for something different to do this summer, keep Laws Observatory in mind.

The observatory, atop the Physics Building, offers public viewing of the skies from 9 to 11 p.m. on clear Friday evenings. You'll be able to view the moon, planets and star groupings through the large telescope in the dome, while coordinator Chris Shelton explains the constellations. Or you can walk onto the roof and use telescopes there.

Best of all, it's free. For more information, call 882-5502.

LEARN HOW TO ADVANCE

Those wanting to move up the career ladder at Mizzou should remember the first working Monday of each month.

That's when Personnel Services/Affirmative Action presents "Gateway," a guide to the employment process. Sessions are from 12:15 to 1 p.m. in 130 Heinkel, and are geared to the current MU employee who wants to know more about job transfers or promotions. The next session will be July 1. To register, call 882-7976.

MU staff encouraged to promote better funding for education

Staff at Mizzou can help get out the word that higher education in Missouri needs more state funding. That was the message that Dave Lendt brought to a May 23 meeting of the Staff Advisory Council.

Lendt, director of University Relations for the UM System, updated council members on Proposition B, the \$385 million education package that will go to voters Nov. 5. He said staff members could talk with family and

wire during the last hour of the legislative session which ended May 17. Lendt called the action historic. "It signaled a turning point for attitudes in the General Assembly about higher education," he said. "This is a wonderful package, one that really is going to jump-start higher education in the state."

Lendt cited a recent survey showing that 65 percent of Missourians would vote for the measure, but he also sounded a note of cau-

tion: "We haven't raised a nickel in taxes yet. We don't have anything unless the electorate says we do in November," he said. "Our opposition has not even come out yet, and there will be some." If voters approve the education reform package, the University could see some new funds as early as July 1992.

Council member Linda Cook, administrative associate II in Extension Administration,

asked if Proposition B would translate into salary increases for University employees. Although it doesn't mention salaries, "80 percent of everything the University does is salaries," Lendt noted. "You don't provide improved services to the state without hiring people and paying a competitive salary."

On another topic, the council discussed a suggestion from a staff member in Telecommunications to develop a pilot program that would allow some staff members to work at home. After some debate, the council agreed to appoint a committee to gather more information about the feasibility of a work-at-home program. Mike Akers, general stores attendant for Materials Management, questioned whether the proposal would be fair to staff whose jobs don't allow them to work at home.

"Is any benefit we have 100 percent equitable?" asked Pauledta King, council chairwoman and administrative associate II in the Veterinary Diagnostic Lab. "I don't think it is a plan that will work for everyone, but is it a plan worth pursuing?"

Carol Smith, administrative assistant in agronomy, asked how staff would be supervised while working at home. "How would you control it?" Smith asked. "By output," King replied.

Carol Romano, library assistant I in the Health Sciences Library, questioned whether the freedom to work at home would come at the expense of more part-time jobs with reduced benefits for staff. "The application is very narrow, but the desire to do it is very broad. Everyone would want to do it," Romano said.

The council agreed to name Smith, Akers, and Steve Briscoe, council vice chairman and University Police sergeant, to a committee that will investigate the issue and report back in August.

Staff Advisory Council
WORKING FOR YOU

friends about the tax measure and "underscore the needs of higher education with examples that you know better than anyone else."

"The best thing you can do is go to the polls on Nov. 5," Lendt said. "If everyone in the higher education family — students, parents, alumni, employees and their families — vote for this, we're a long way down the road to passage."

After weeks of negotiation, the Missouri General Assembly agreed to put the issue on the ballot. With the support of Gov. John Ashcroft, the measure squeaked in under the

MU would benefit from Proposition B

Higher education in Missouri would gain an additional \$190 million if voters approve Proposition B in November. The legislation also contains \$190 million for elementary and secondary education and \$5 million for job training and development.

Mizzou officials are solidly in support of the package. Among the allocations to higher education would be program improvements, \$105.2 million; student financial aid, \$21.1 million; performance-based funding, \$11.5 million; expansion of community college service, \$21.8 million; research grants, \$11.2 million; minority scholarships, \$5 million; University Extension, \$1 million; and repair and maintenance of buildings, between \$13 million and \$48 million, with up to \$35 million of that coming from the sale of bonds. MU could gain as much as \$50

million from the measure by 1993.

"This is the most important issue facing the University this decade, and perhaps in our lifetimes," says Chancellor Haskell Monroe.

The money would come from a 3/8-cent sales tax, a 5-cent increase in the cigarette tax, a 10 percent tax on smokeless tobacco, an additional 1.5 percent tax on corporations with taxable income over \$100,000, and a limit on federal income tax deductions. This last part principally would affect households with incomes over \$50,000.

Missourians for Higher Education, a group of college and university officials, will lead the campaign. MU constituent groups — primarily students, parents and alumni — will play a vital part in that effort, and will meet next week to begin mapping out strategy.

Congratulations to the College of Agriculture, Food and Natural Resources May Employee of the Month

Teresa Newman
senior research laboratory technician
Plant Science Unit

This award is to promote excellence in performance and attitude and to recognize outstanding staff for their service and support of the College, the University of Missouri-Columbia and its mission.

Sponsored in part by Buck's Ice Cream.

FITNESS CLASS BEGINS NEXT WEEK

The next "Fitness for Living" program, offered through MU's Human Performance Laboratory, begins June 17.

Participants are given a scientific lab assessment of their physical fitness, then are put on an individualized exercise program that meets three times a week at the Student Recreation Center. The total cost is \$95. With questions or to sign up, call 882-6892 or 882-8321.

STENO SERVICES HAS A NEW NAME

After July 1, you can call SOS if you need help with office tasks.

On that date, Stenographic Services will change its name to Secretarial and Office Support Services, or SOS for short. "We hope our new name will better convey the wide range of services we provide," says Manager Dixie Lenau.

SOS will continue to offer word processing services and provide temporary office workers for your operation. The office is still in 28 Heinkel Bldg., and the phone number is 882-7701.

CHILD CARE SURVEYS DUE JUNE 30

A child care survey was distributed with biweekly and monthly paychecks May 22 and May 31.

The survey is being conducted by the Child Care Task Force. Faculty and staff members with children under 12 are requested to complete the entire survey. Those with older children or no children are asked to complete part of the survey.

Return the survey to Sharon Stark, 211 Hill Hall, by June 30.

Calling all departments

The deadline is approaching for all revised department and office listings to be returned for the 1991-92 campus telephone directory.

In May, Publications and Alumni Communication sent photocopies of last year's listings to campus, UM System and hospital administrators, deans, directors and department heads. Updated listings must be returned to the telephone directory coordinator by July 1.

Here are a few reminders to staff who are updating their unit's listing:

- Save time and reduce the possibility of error by typing all corrections, additions or deletions.

- To make our directory easier to use, units are asked to submit main listings and cross listings that are easily identifiable, particularly if a unit has changed its name since the last directory was published.

- Include a fax number, if applicable.
- Include all emeritus staff who have offices in your area.

- All academic units that have University of Missouri-Columbia extension departments and offices must have their listing approved by Linda Cook, 108 Whitten Hall, before forwarding to Publications.

- The cutoff date for making final changes to all office listings is Aug. 15. Therefore, please double check information carefully and send it through campus mail by July 1 to the Publications Office, 1100 University Place.

Names for the alphabetized faculty-staff section will be provided Sept. 1 by campus and hospital payroll offices from their data bases.

For this section, it is important that a Change of Address Form be filled out for:

- staff who have new campus or home addresses or telephone numbers

- staff whose address and telephone number in the current directory is incorrect

- staff whose home address and telephone number is now listed but should be restricted from being published in the directory

Return the Change of Address Form by Aug. 1 to the campus Payroll Office in 16 Jesse Hall, or to the University Hospital payroll office in 1W-41 Health Sciences Center. This is the only way these entries can be updated. Units may order the forms directly from General Stores.

With questions, call Sue Richardson at 882-7357.

MIZZOU WEEKLY

Vol. 12 No. 32

A publication of the University of Missouri-Columbia faculty and staff, published every Tuesday during the academic year and twice a month during the summer by Publications and Alumni Communication, a department of Development, University and Alumni Relations Division, 1100 University Place, 882-7357. News deadline is noon Tuesday the week before publication. Annual subscriptions are available for \$20.

Rob Logan

Susan Taylor

Logan, Taylor to lead council

Rob Logan, associate professor of journalism, has been elected chairman of the Faculty Council for the 1991-92 academic year. Susan Taylor, associate professor of nursing, has been re-elected vice chairwoman.

The elections were held May 9, after the final council meeting of the spring.

Eight faculty members will be new members of the council this fall. They are Eugene Lane, professor of classical studies; Kerby Miller, professor of history; Patricia Plummer, professor of chemistry; Christopher "Kit" Salter, professor of geography; Bob Birkenholz, associate professor of practical arts and vocational-technical education; John Miles, professor of mechanical

and aerospace engineering; John Bauer, professor of nephrology; and Brent Jones, associate professor of veterinary medicine and surgery. All will serve three-year terms.

In addition, two members were re-elected to the council for three-year terms. They are Warren Zahler, associate professor of biochemistry; and Donald York, professor of physiology.

Allen Hahn, professor of veterinary medicine and surgery, will continue as council chairman for three meetings this summer: June 11, July 11 and Aug. 1. Logan, who has been the council's observer of the Board of Curators this academic year, assumes the chairmanship at the Aug. 29 meeting.

\$335,093 raised for kids at University Hospital

The seventh annual Children's Miracle Network Telethon ended at 5 p.m. June 2 with a final total of \$335,093, or \$61,264 more than last year. All of the money raised in mid-Missouri goes to support children's services at University Hospital and Clinics' Children's Center.

"This year's total far surpassed our expectations," says Colleen Bartok, Children's Miracle Network coordinator. "It shows we in mid-Missouri want the very best medical care for our kids, and that's why the people of mid-Missouri opened up their hearts and gave so generously."

Nationally, more than 160 hospitals participated in the telethon, raising more than \$100 million for children's services. All the money raised at the local level stays in that community to benefit the participating children's hospital.

Organizations that contributed \$10,000 or more included the hospital's Service League Auxiliary, Wal-Mart Stores Inc., Kiwanis International, MediCredit, VFW Post 280, and the hospital's Pharmacy/IV Therapy Services. The auxiliary pledged \$60,000, which will help fund a pediatric respiratory endoscopy program at the Children's Center.

This year there were more than 80 "grand givers," who donated at least \$1,000. In addition, hospital staff members contributed more than \$40,000.

"It's hard to find a person whose life has not been touched by the Children's Center," Bartok says. "Whether it's a child, a friend's child or a neighbor, most everyone knows a family who has benefited from the care available here. I think that's one of the reasons the telethon is so successful."

YOU'RE INVITED

22 staff members receive grants for development

Staff at MU are grabbing an opportunity to grow. Twenty-two staff members will receive a total of \$15,300 in funding from the Staff Development Awards program to attend seminars, courses and workshops to enhance their professional or personal development.

The winners were selected by a committee of staff from across campus, and the recommendations were approved by the Staff Advisory Council on May 9. The committee reviewed 97 proposals requesting a total of \$163,000 in grants. Those who will receive the latest round of awards are:

Julie Chatman, graphic artist II in Student Development, \$936 to attend the University and College Designers Association annual design conference.

Lisa Cook, histologic technician at the Veterinary Diagnostic Lab, \$1,200 to attend the annual symposium of the National Society of Histotechnology.

Michele Frank, residence hall coordinator in Residential Life, \$315 for a course, "Creating Community in Residence Halls."

Tamara Goetz, senior research/laboratory technician in Animal Sciences, \$335 to attend a symposium at the annual meeting of the Society for the Study of Reproduction.

Brenda J. Jones, administrative assistant in Personnel Services, \$279 for a course, "Essentials of Supervision."

James M. Kilfoil, senior reactor operator at the Research Reactor, \$1,203 for a course, "Machinery Vibration Analysis."

Jean Kirch, residence hall coordinator in Residential Life, \$315 for a course, "Community Development."

Roberta Miller, senior secretary in Family Economics and Management, \$325 for a course, "Producing, Designing and Writing Newsletters."

Marie Paiva, library assistant I at Ellis Library, \$938 for a course at the Getty Conservation Institute on the care of historic photographs.

Sandy Perley, quality and menu control coordinator in Campus Dining Services, \$233 to attend a meeting of the National Association of College and University Food Services.

Al Sanders, mail service supervisor, and **Gary Johnson**, mail processing technician at Campus Mail Service, \$2,314 to attend the National Postal Forum.

Ernest Smith and Eddie Lane, roofers in Campus Facilities, \$2,500 for a course, "Roof Repair and Maintenance."

Valerie Smith, assistant manger of Loeb

Dining Hall, \$233 to attend a meeting of the National Association of College and University Food Services.

Suzanne Solari-Price, nurse practitioner at University Hospital and Clinics, \$1,170 for a course, "A Systematic Approach to Colposcopy."

Denise Twenter and Connie Coy, administrative assistants at the Counseling Center, \$298 for a course, "Building Budgeting Skills."

Rita Walther, senior graphic artist in Printing Services, \$513 for a course, "Intermediate/Advanced Macintosh Study."

Patricia Webber, audiology supervisor at University Hospital and Clinics, \$1,337 for a course on sign language education.

Michele Renee Ward, senior secretary at the School of Journalism, \$150 for a course, "Writing Proposals and Receiving Grants."

Jeffrey B. Wilcox, associate museum curator at the Museum of Art and Archaeology, \$709 to attend the Midwest Museums Conference.

Committee selected for education dean search

The search committee for the dean of the College of Education has been appointed.

W.R. Miller, dean since 1987, will retire from the deanship at the close of summer '91 session. A faculty member for more than 30 years, Miller served as associate dean for 10 years and department chairman for nine years.

During the coming year, he plans to do professional development activities, and later a publication for beginning college teachers.

Leading the search committee is Roger Harting, chairman and professor of educational administration. Other committee members are Ann Bell, manager of Business and

Fiscal Operations; Larry Clark, dean of the College of Arts and Science; Carolyn Dorsey, associate professor of higher and adult education and foundations; Norm Gysber, professor of educational and counseling psychology; Mary Hayes, executive staff assistant for Education Undergraduate Studies; Donna Kearns,

graduate student in special education; Gary Moore, president of the Education Student Council; Stuart Palonsky, professor of curriculum and instruction; Orlo Shroyer, EdSp '78, superintendent of the Chillicothe R-2 School District; Wendy Sims, assistant professor of curriculum and instruction; Bob Stewart, professor of practical arts and vocational-technical education; and Parris Watts, associate professor of health and physical education.

Oglesby to assist chancellor

James R. Oglesby, MS '69, PhD '72, director of campus planning and assistant professor of education at MU, has been selected assistant to Chancellor Haskell Monroe.

In his new position, Oglesby will be the chief of staff for the chancellor's office. He will participate in meetings with the chancellor and vice chancellors, and serve as an

adviser to Monroe. He also will assist the chancellor in representing Mizzou at meetings and speaking engagements in Columbia and throughout Missouri.

"Dr. Oglesby comes to this job with a thorough understanding of and acquaintance with this University and the community," Monroe says. "He has an outstanding reputation across the state and beyond, and

will serve as an excellent ambassador for MU."

Oglesby, who has been with the University 19 years, also is a member of the Columbia School Board and served in 1990 as president of the National School Boards Association and as a member of President Bush's education policy advisory committee.

Has this ever happened to you?

If so, then you know how frustrating it can be trying to communicate with someone who's left no forwarding address.

That's kind of what it's like when we need to help you with a system problem but don't know your VTAM address. Think of us as the post office, and your computer as your home address. When you report a system problem, we need to know your VTAM address in order to fix it. But sometimes, by the time you're already *having* a problem, there's no way of finding out your address.

That's why we're asking you to find out your VTAM address *before* a problem occurs. Once you connect to the mainframe, at the "Terminal Active on MIZZOU1 . . ." prompt, enter "UMCVMB LOGOFF". If you watch closely, you'll see a number appear briefly in the upper left-hand corner of your screen. Write this number on a label and display it in a prominent place on your computer. Anyone with a mainframe connection should do this, *even if you think you know your VTAM address*-it may have changed. This way, the next time you need help, we can deliver it *Federal Express™* to your doorstep.

If you need help in figuring out your VTAM address, call David Schiefer at 882-5170.

Editor's note: Edward H. Blaine, senior director of Searle Research and Development in St. Louis, delivered the following remarks at MU's undergraduate commencement May 11. Blaine, who holds three degrees from MU, also is adjunct professor of molecular biology and pharmacology at Washington University. He was an outstanding athlete at Mizzou, earning All-America status as a tackle on the football team in 1961, and later went on to play professional ball. *Mizzou Weekly* believes the entire campus community, not only graduating seniors, would enjoy Blaine's comments.

"Every true son, so happy hearted . . ."

From the moment Chancellor Monroe asked me to speak at your commencement, I've had an overwhelming desire to open this address with that line from the old Tiger fight song. I decided nothing could better express my feelings about being here today than that line.

I am a true son and so are you. You are, at this moment, already an inseparable part of this university. You are true sons and daughters, whether you come from Caruthersville, Parkway South, Knob Noster, Newark, N.J., or Kyoto, Japan. Although you have divergent backgrounds, you now have a common bond: education.

But education does not end. If you are to be an educated person, you must commit to education as a process, not as a goal — something that will allow you to change, develop and grow throughout your life. If today you know that you don't know, then you have reached that first hallmark of an educated person. It will lead you to continue the process of education — your commitment to education — throughout your life.

My first taste of commitment came when I arrived in Columbia. How well I remember coming to Columbia from Farmington, Mo. Farmington is a little town, in those days around 4,000 people, and a perfect place to grow up. I was full of enthusiasm, but a little naive. Fortunately, there was a group to identify with: the football team. The year 1958 was a time of transition for Missouri football. Don Faurot, the venerable coach for whom Faurot Field is named, had just stepped aside and was replaced by a brash young man named Devine. Dan Devine was to become the winningest coach in Missouri history and raise Tiger football to an all-time high. Devine was a great leader, but I couldn't tell it then. It took another legendary coach, Vince Lombardi of the Green Bay Packers, and 30 years for me to appreciate why Devine was a great coach. In a word, commitment. Devine was

committed that we would be a great team whether we understood or not.

Devine and Lombardi were never satisfied. I remember beating Dallas by 40 points and Lombardi had us running wind sprints the next morning because he thought we hadn't played well. They demanded excellence. When you had given all that you thought humanly possible, they asked for more. And they knew what a team was all about.

Team is an interesting concept. You might think of a team being composed of relatively unidentifiable members. But great teams are made up of great individuals, and sometimes it is the team that transforms the individuals. I make this point only because it should be clear that the individual, the individual spirit, is what is essential. Team gives the individual a context in which to excel.

I played on one of the greatest football teams ever fielded by the university; the 1960 squad was the only officially undefeated team in the history of the school. But what I remember most about playing football at Missouri was the quality of the players on that team. The two guards became successful chemical engineers; there was a future theoretical physicist who is now a member of the National Academy of Sciences; a surgeon-to-be; and the other tackle was a prominent lawyer in the making. Even our center, now the head football coach at Colorado, has gone on to fame and glory in spite of a problem with elementary math.

The point is, commitment made Dan Devine and Vince Lombardi great coaches. What made Clint Conaway and Roger deRoos from over in zoology, Jim Davis from the medical school, Dorothy Nightingale from chemistry, Tom Harris from the dean's office, and Tom McAfee from English — to name just a few who touched my life — great professors was their commitment to students like me and you.

How well I remember Professor Lloyd Thomas. He taught physical chemistry. Now, for some of you non-science majors,

'The consensus No. 1 agenda item for the '90s? Education. Above all the others, education.'

physical chemistry might not sound like much. But at 7:40 in the morning on Tuesday, Thursday and Saturday, it was a challenge. And just to be certain we understood his commitment to us, Professor Thomas had a test every Saturday morning. He was committed to our success, even when we didn't know what success was all about. All of those professors, and the ones you've had like them, you will cherish in the years to come. They are the people you will remember because of their commitment to you.

You're looking into the 21st century. What are your commitments? Success. Greatness. Perhaps your view is more global — world peace, an end to hunger.

We have just emerged from another war. Although it was a great victory, a restoration of faith for many, it was terrible because all war is terrible. The cost is terrible when a single human life is lost. I'm a biologist and

I know something about animal behavior. It is difficult even to contemplate an end to war. Dominance and territoriality are compelling behaviors that were programmed long ago. Can we as compassionate human beings overcome those behaviors? Can we accept the challenge to change those behaviors?

We must contemplate an end to world hunger in our lifetimes. What are you willing to commit to such an undertaking?

This university has made a strong commitment. Food for the 21st Century brings together the best from our schools of Agriculture, Arts and Science, Human Environmental Sciences, Engineering, Medicine and Veterinary Medicine — a

'Those of us who preceded you in this education trust have not done a terrific job. We've been tight-fisted and mean, and the university has suffered.'

team. This university, marshalling all the tools of modern biotechnology, right now is creating novel ways to feed the world. Many of you will become partners in this program as you lead this country and the world into the future.

As wonderful and successful as this program is, the most difficult task is yet to be accomplished. To achieve such challenging goals, we must learn teamwork, learn to depend on one another. To understand depending on one another better, I recommend a brief foray into mountain climbing. Learn what it feels like to step off the edge with nothing between you and the abyss but a rope connected to your partner. Then know how it feels to be the other person, the one with the responsibility. The leader is the chance taker, the one you need to advance. But equally important is the belayer, the one who holds you when you fall.

And you will fall, make no mistake. Not on a mountainside, I hope, but somewhere, sometime, you will fall. I'm now a scientist who searches for new drugs to treat cardiovascular disease — high blood pressure, heart failure and others. It's an exciting life of constant discovery, but it is filled with failure. More than 99 percent of the discoveries we pursue fail to meet the rigid standards we demand of human medicine. In the pharmaceutical industry, for a basic discovery scientist to be associated with only one successful drug in a lifetime is very fortunate indeed. In this regard, I'm often reminded of the words of one of Mizzou's great coaches, Harry Smith. Harry said to me one time, "Run hard, and if you get knocked down, get up." Looking back from the perspective of basic research, the only thing I'd change in Coach Smith's advice would be to say *when* you get knocked down, not *if*.

To what can you be committed in the 1990s? I recently read a survey of 24 distinguished citizens who were asked the most important issues facing America in the '90s. It was a long list, and not every one agreed. The economy was high on the list, along with global leadership, shared values,

Crisscross the nation in the
nomadic fashion of a
GYPSY,
stop off in New York to view
Chapter Two,
and finally,
relax in Tuscumbia, Alabama,
for a visit with
**The Miracle
Worker.**

This summer the Department of Theater will present Festival '91, MU's professional summer repertory theater. This year's offerings are the musical, *Gypsy*; the comedy, *Chapter Two*; and the drama, *The Miracle Worker*. The season begins July 6 and runs through Aug. 3, in Rhynsburger Theater in the Fine Arts Building. Season tickets are \$17; \$15 for faculty, staff and retirees; and \$13 for students. The box office will open June 24. For information, call 882-PLAY.

University of Missouri-Columbia
June 11, 1991

Summer Semester Calendar

June 11 Tuesday

EIGHT-WEEK AND FIRST FOUR-WEEK
SUMMER SESSIONS BEGIN

LAW COURSE: "Where Angels Fear to
Tread: Tricky, Terrible and Taxing Issues
for Divorce Counsel" will begin at 8:30 a.m.
in Hulston Hall. Cost: \$95.

SCHOLARS DAY: Prospective students who
rank in the top 5 percent on their PSAT are
invited to attend informational sessions and
a luncheon. Call 882-0590.

FACULTY COUNCIL: Group will meet at
3:40 p.m. in S110 Memorial Union.

12 Wednesday

RECREATION/INTRAMURALS: Sessions
of beginning, intermediate and advanced
levels of rec-aerobics will start this week.
Cost: \$10 for 12 sessions, \$20 for 25
sessions. Call 882-2066.

COMPUTER SHOW: An office automation
show, featuring various types of computers,
will be from 9 a.m.-4 p.m. in N222-223
Memorial Union.

MIDDAY GALLERY EVENTS: The film
"Lost World of the Maya: Ancient
Civilization of Central America" will be
shown at 12:15 p.m. in the gallery at the
Museum of Art and Archaeology.

WOMEN'S CENTER: Gregory Westwood, a
certified transformational therapist, will
present "Introduction to Breathwork" at
7 p.m. in 229 Brady Commons.

13 Thursday

SHORT COURSE: "Primer in Environmental
Initiatives" will be held June 13-14 at the
Allis Plaza Hotel, 200 W. 12th St., Kansas
City. Cost: \$275. Call 882-7584 to register.

RETIREEES: The MU Retirees Association
will have a luncheon at 11:30 a.m. at the
Royal Fork Buffet in Columbia Mall.
Psychology Professor Donald H. Kausler
will speak on "Memory and Aging." Cost:
\$5.50. Call 445-5313.

WOMEN'S CENTER: Program coordinator
Bonnie Vegiard will present "Mirror,
Mirror" at noon in 229 Brady Commons.

STAFF COUNCIL: Group will meet at
1:15 p.m. in 234 Brady Commons.

14 Friday

DALTON RESEARCH SEMINAR: Karl
Nolph, professor of medicine, will present
"Ultrafiltration Kinetics in Peritoneal
Dialysis" at 3:30 p.m. in 133 Dalton
Research Center.

MSA/GPC FILM: "Dirty Dancing" will be
shown at 8:30 p.m. on Lowry Mall.

LAWS OBSERVATORY: The observatory,
atop the Physics Building, will be open from
9-11 p.m. for public viewing of the skies,
weather permitting.

15 Saturday

FIELD DAY: The Horticulture and Small
Grains Field Day will take place at the
Southwest Center, Mt. Vernon, Mo. Call
882-7695.

17 Monday

CAMPUS COMPUTING COURSE:
Introduction to DOS I (a) will be offered.
Call 882-2000.

WOMEN'S CENTER: Melanie Morgan,

director of Columbia's Voluntary Action
Center, will discuss services offered by her
organization at noon in 229 Brady
Commons.

MSA/GPC SUMMER MUSIC: A quartet will
perform at Brady Grill from noon-1 p.m.

18 Tuesday

CAMPUS COMPUTING COURSE:
Introduction to DOS I (b) will be offered.
Call 882-2000.

TELECOMMUNICATIONS: Terry Robb,
assistant manager of customer services for
Telecommunications, will review features of
MU's telephone system at 1:30 p.m. in
5 Telecommunications Bldg. Call 882-5800
to register.

RECREATION/INTRAMURALS: "Water
Exercise" will be offered from 5:30-
6:15 p.m. Tuesdays and Thursdays through
July 25 at the Natatorium, beginning today.
Cost: \$12. Sign up in 106 Rothwell.

WOMEN'S CENTER: The film "Beaches"
will be shown at 7 p.m. in 229 Brady
Commons.

19 Wednesday

CAMPUS COMPUTING COURSE:
Introduction to the Macintosh will be
offered. Call 882-2000.

INTERNATIONAL CONFERENCE:
Mizzou will be the host for the fourth
International Research Conference on
Reliability, scheduled today through June 22
in the Memorial Union. Cost: \$250. Call
882-8320.

FIELD DAY: Hay Day will take place at the
Forage Systems Research Center, Linneus,
Mo. Call 882-7695.

MIDDAY GALLERY EVENTS: Kit Salter,
professor and chairman of geography, will
speak on "The Geography of Sacred
Landscapes" at 12:15 p.m. in the gallery at
the Museum of Art and Archaeology.

RECREATION/INTRAMURALS: Phase I of
"Introduction to the Weight Room" will be
at 4 p.m. in 202 Rothwell. Cost: \$3. Sign up
in 106 Rothwell or call 882-2066.

WOMEN'S CENTER: Yoga instructor Didi
Ananda Locana will present "Who Is the
Progressive Woman?" at 7 p.m. in
229 Brady Commons.

UMKC EVENT: The Missouri Repertory
Theater will present "Villains" at 8 p.m.
evenings through June 30 at the Helen
Spencer Theater on the UM-Kansas City
campus. Call (816) 235-2700 for ticket
information.

MSA/GPC FILM: "The Big Easy" will be
shown at 8:30 p.m. in Ellis Aud.

20 Thursday

WOMEN'S CENTER: Collette Eichenberger,
community affairs director for Planned
Parenthood, will present "The Politics of
Birth Control" at noon in 229 Brady
Commons. Also, a lesbian roundtable will
be at 7 p.m. Call 882-6621 for location.

21 Friday

WORKSHOP: The Desktop Electronic
Imaging Workshop will be May 21-22 in
Gannett Forum. Cost: \$65. Call 882-0348.

DALTON RESEARCH SEMINAR: Dean
Franklin, director of Dalton Research
Center, will speak at 3:30 p.m. in
133 Dalton Research Center.

MSA/GPC FILM: "E.T." will be shown at
8:30 p.m. at University Terrace Apartments,
Hospital and Monk drives.

LAWS OBSERVATORY: The observatory,
atop the Physics Building, will be open from
9-11 p.m. for public viewing of the skies,

Saturday and Sunday.

STATE HISTORICAL SOCIETY:
Works of George Caleb Bingham,
Missouri painter and politician, will be
on display through July. Included in
the collection is a recently discovered
Bingham painting, "View of Pike's
Peak from Greenland." The gallery, in
the east end of Ellis Library, is open
from 8:30 a.m.-4 p.m. Monday
through Friday. Also, "Fitzpatrick's
Editorial Cartoons" will be shown
through July in the north-south and
east-west corridors of the gallery. The
corridors are open from 8 a.m.-
4:30 p.m. Monday through Friday and
9 a.m.-4:30 p.m. Saturday.

UNIVERSITY HOSPITAL: "Wearable:
The Art of Ornament" will be shown
through June 30 on the hospital's main
lobby concourse.

22 Saturday

UMKC EVENT: The workshop "Women on
the Move" will be held from 9 a.m.-3 p.m.
at the UM-Kansas City Women's Center.
Event also will be held July 13 and 20. Call
(816) 235-1638.

MSA/GPC FILM: "E.T." will be shown at
8:30 p.m. at University Village Apartments,
south of Providence and Stewart roads.

24 Monday

CAMPUS COMPUTING COURSE:
Introduction to the Macintosh will be
offered. Call 882-2000.

UNIVERSITY HOSPITAL: Diane Mosher,
registered dietitian, will discuss "The
Well-Nourished Child" at 11 a.m. at the
Health Information Center in Columbia
Mall.

WOMEN'S CENTER: Adrienne Hoard,
associate professor of art, will present
"Color Me Wonderful" at noon in
229 Brady Commons.

MSA/GPC SUMMER MUSIC: A quartet will
perform at Brady Grill from noon-1 p.m.

CRAFT STUDIO: A six-week workshop,
basic woodworking, begins at 6:30 p.m. at
the studio, 203 Brady Commons. Classes
meet once a week. Call 882-2889.

25 Tuesday

CAMPUS COMPUTING COURSE:
Introduction to WriteNow will be offered.
Call 882-2000.

UNIVERSITY HOSPITAL: A blood glucose
screening will be from 1-6 p.m. at the
Health Information Center in Columbia
Mall. Eat a well-balanced meal two hours
before testing.

CRAFT STUDIO: Three five-week
workshops, beginning pot throwing, jewelry
casting and basic darkroom techniques,
begin at 6:30 p.m. at the studio, 203 Brady
Commons. Classes meet once a week. Call
882-2889.

WOMEN'S CENTER: The film "Babette's
Feast" will be presented at 7 p.m. in
229 Brady Commons.

26 Wednesday

CAMPUS COMPUTING COURSE:
Introduction to DOS I (a) will be offered.
Call 882-2000.

MIDDAY GALLERY EVENTS: Debbie
Pearsall, assistant professor of American
archaeology, will lecture on "Ancient
Sacred Sites of Peru" at 12:15 p.m. in the
gallery at the Museum of Art and
Archaeology.

RECREATION/INTRAMURALS: Phase II
of "Introduction to the Weight Room" will
be at 4 p.m. in 202 Rothwell. Cost: \$3. Sign
up in 106 Rothwell or call 882-2066.

CRAFT STUDIO: Two five-week workshops,
jewelry casting and weaving, begin at
6:30 p.m. at the studio, 203 Brady
Commons. Classes meet once a week. Call
882-2889.

WOMEN'S CENTER: "Uncommon
Festivals" will be presented at 7 p.m. in
229 Brady Commons.

MSA/GPC FILM: "Caddyshack" will be
shown at 8:30 p.m. in Ellis Aud.

27 Thursday

CAMPUS COMPUTING COURSE:
Introduction to DOS (b) will be offered.
Call 882-2000.

WOMEN'S CENTER: Katie Mooney, rape
educator, will present "The Myths and Facts
About Rape" at noon in 229 Brady
Commons.

STAFF COUNCIL: Group will meet at
1:15 p.m. in S204 Memorial Union.

CRAFT STUDIO: Five-week workshops in
beginning pot throwing begin at 3:30 and
6:30 p.m. at the studio, 203 Brady
Commons. In addition, a five-week stained
glass workshop begins at 6:30 p.m. Classes
meet once a week. Call 882-2889.

UNIVERSITY HOSPITAL: The sickle cell
support group will meet at 7 p.m. at the
Health Information Center in Columbia
Mall.

28 Friday

CAMPUS COMPUTING COURSE:
Introduction to the Internet will be offered.
Call 882-2000.

SHORT COURSE: "The Real Estate
Environmental Audit" will take place at the
Days Inn University Center, 1900 I-70
Drive S.W. Cost: \$150. Call 882-8880.

LAW COURSE: "Ethics," which fulfills the
three-hour Missouri Continuing Legal
Education "ethics credit" requirement, will
be presented at 11:45 a.m. in Hulston Hall.
Cost: \$50. Call 882-7251.

MSA/GPC FILM: "The Breakfast Club" will
be shown at 8:30 p.m. in Ellis Aud.

LAWS OBSERVATORY: The observatory,
atop the Physics Building, will be open from
9-11 p.m. for public viewing of the skies,
weather permitting.

July 1 Monday

CAMPUS COMPUTING COURSE:
Introduction to DOS II will be offered. Call
882-2000.

WOMEN'S CENTER: David Trinklein,
associate professor of horticulture, will
present "Indoor Plants: The Pollution
Solution" at noon in 229 Brady Commons.

MSA/GPC SUMMER MUSIC: A quartet will
perform at Brady Grill from noon-1 p.m.

PERSONNEL SERVICES: "Gateway," a
guide to the transfer and promotion process
at MU, will be offered from 12:15-1 p.m. in
130 Heinkel. To register, call 882-7976.

2 Tuesday

CAMPUS COMPUTING COURSE:

WordPerfect 2.01 for the Mac will be offered. Call 882-2000.

MSA/GPC SUMMER MUSIC: The Columbia Civic Band will perform jazz and patriotic music from 7-10 p.m. on Francis Quadrangle.

WOMEN'S CENTER: The film "Sophie's Choice" will be presented at 7 p.m. in 229 Brady Commons.

3 Wednesday

MIDDAY GALLERY EVENTS: John Owens, a graduate student, will speak on "Early Twentieth Century Illustrators" at 12:15 p.m. in the gallery at the Museum of Art and Archaeology.

4 Thursday

INDEPENDENCE DAY RECESS

5 Friday

SCHOOL OF FINE ARTS: The Department of Theater will present the musical "Gypsy" at 8 p.m. in Rhynsburger Theater. Cost: \$8, faculty/staff/retirees \$7, students/children \$6.

LAWS OBSERVATORY: The observatory, atop the Physics Building, will be open from 9-11 p.m. for public viewing of the skies, weather permitting.

6 Saturday

FIRST FOUR-WEEK SUMMER SESSION CLOSES

SCHOOL OF FINE ARTS: The Department of Theater will present the musical "Gypsy" at 8 p.m. in Rhynsburger Theater. Cost: \$8, faculty/staff/retirees \$7, students/children \$6.

8 Monday

SECOND FOUR-WEEK SUMMER SESSION BEGINS

CAMPUS COMPUTING COURSE: WordPerfect 2.01 for the Mac will be offered. Call 882-2000.

WOMEN'S CENTER: Law Professor Sandra Scott will discuss "Writing Your Living Will" at noon in 229 Brady Commons.

9 Tuesday

CAMPUS COMPUTING COURSE:

Introduction to DOS II will be offered. Call 882-2000.

WOMEN'S CENTER: The film "Shirley Valentine" will be shown at 7 p.m. in 229 Brady Commons.

SCHOOL OF FINE ARTS: The Department of Theater will present the Neil Simon comedy "Chapter Two" at 8 p.m. in Rhynsburger Theater. Cost: \$7, faculty/staff/retirees \$6, students/children \$5.

10 Wednesday

MIDDAY GALLERY EVENTS: Rebecca Stonesanders, a graduate student, will speak on "Museums in the Schools" at 12:15 p.m. in the gallery at the Museum of Art and Archaeology.

UMKC EVENT: "Can We Talk? Communication Between the Sexes" will be

presented from 7-9 p.m. at the UM-Kansas City School of Law. Event also will be held July 20. Cost: \$10. Call (816) 235-1638.

SCHOOL OF FINE ARTS: The Department of Theater will present the Neil Simon comedy "Chapter Two" at 8 p.m. in Rhynsburger Theater. Cost: \$7, faculty/staff/retirees \$6, students/children \$5.

MSA/GPC FILM: "The Color Purple" will be shown at 8:30 p.m. in Ellis Aud.

11 Thursday

CAMPUS COMPUTING COURSE:

Introduction to WordPerfect 5.1 will be offered. Call 882-2000.

STAFF COUNCIL: Group will meet at 1:15 p.m. in S204 Memorial Union.

FACULTY COUNCIL: Group will meet at 3:40 p.m. in S110 Memorial Union.

SCHOOL OF FINE ARTS: The Department of Theater will present the musical "Gypsy" at 8 p.m. in Rhynsburger Theater. Cost: \$8, faculty/staff/retirees \$7, students/children \$6.

12 Friday

WORKSHOP: "LS 410: Enhancing Whole Language through Children's Literature" will be presented today and July 13 in S204 Memorial Union. Cost: \$150. Call 882-9543.

SCHOOL OF FINE ARTS: The Department

of Theater will present the drama "The Miracle Worker" at 8 p.m. in Rhynsburger Theater. Cost: \$7, faculty/staff/retirees \$6, students/children \$5.

MSA/GPC FILM: "An American Tail" will be shown at 8:30 p.m. at University Village Apartments, south of Providence and Stewart roads.

LAWS OBSERVATORY: The observatory, atop the Physics Building, will be open from 9-11 p.m. for public viewing of the skies, weather permitting.

13 Saturday

UMKC EVENT: "Relationships: An Assertive Approach" will be presented from 9-11 a.m. at the South Branch Public Library, 75th and Grand in Kansas City. Event also will be held July 24. Cost: \$10. Call (816) 235-1638.

SCHOOL OF FINE ARTS: The Department of Theater will present the drama "The Miracle Worker" at 8 p.m. in Rhynsburger Theater. Cost: \$7, faculty/staff/retirees \$6, students/children \$5.

MSA/GPC FILM: "An American Tail" will be shown at 8:30 p.m. at University Terrace Apartments, Hospital and Monk drives.

14 Sunday

SCHOOL OF FINE ARTS: The Department

of Theater will present the musical "Gypsy" at 2 p.m. in Rhynsburger Theater. Cost: \$8, faculty/staff/retirees \$7, students/children \$6.

15 Monday

CAMPUS COMPUTING COURSE:

Introduction to WordPerfect 5.1 will be offered. Call 882-2000.

16 Tuesday

CAMPUS COMPUTING COURSE:

Introduction to Lotus 123 (a) will be offered. Call 882-2000.

SCHOOL OF FINE ARTS: The Department of Theater will present the Neil Simon comedy "Chapter Two" at 8 p.m. in Rhynsburger Theater. Cost: \$7, faculty/staff/retirees \$6, students/children \$5.

17 Wednesday

CAMPUS COMPUTING COURSE:

Introduction to Lotus 123 (b) will be offered. Call 882-2000.

MIDDAY GALLERY EVENTS: Neva Wood, a graduate student, will speak on "Images of Women" at 12:15 p.m. in the gallery at the Museum of Art and Archaeology.

CAMPUS COMPUTING COURSE: Introduction to MicroSoft Excel will be offered. Call 882-2000.

TELECOMMUNICATIONS: Terry Robb, assistant manager of customer services for Telecommunications, will review features of MU's telephone system at 1:30 p.m. in 5 Telecommunications Bldg. Call 882-5800 to register.

SCHOOL OF FINE ARTS: The Department of Theater will present the musical "Gypsy" at 8 p.m. in Rhynsburger Theater. Cost: \$8, faculty/staff/retirees \$7, students/children \$6.

19 Friday

SHOW-ME STATE GAMES: The opening ceremonies for the Show-Me State Games will be at 7 p.m. at the Hearnes Center.

SCHOOL OF FINE ARTS: The Department of Theater will present the drama "The Miracle Worker" at 8 p.m. in Rhynsburger Theater. Cost: \$7, faculty/staff/retirees \$6, students/children \$5.

MSA/GPC FILM: "Jaws" will be shown at 8:30 p.m. on Lowry Mall.

LAWS OBSERVATORY: The observatory, atop the Physics Building, will be open from 9-11 p.m. for public viewing of the skies, weather permitting.

20 Saturday

FIELD DAY: Home Gardener's Field Day will take place in New Franklin, Mo. Call 882-7695.

SCHOOL OF FINE ARTS: The Department of Theater will present Neil Simon's comedy "Chapter Two" at 8 p.m. in Rhynsburger Theater. Cost: \$7, faculty/staff/retirees \$6, students/children \$5.

21 Sunday

SCHOOL OF FINE ARTS: The Department of Theater will present the drama "The Miracle Worker" at 2 p.m. in Rhynsburger Theater. Cost: \$7, faculty/staff/retirees \$6, students/children \$5.

23 Tuesday

CAMPUS COMPUTING COURSE: Advanced WordPerfect: Tables will be offered. Call 882-2000.

FIELD DAY: An agricultural field day will take place at Ross Jones Sustainable Agricultural Farm, Plesna, Mo. Call 882-7695.

SCHOOL OF FINE ARTS: The Department of Theater will present the musical "Gypsy" at 8 p.m. in Rhynsburger Theater. Cost: \$8, faculty/staff/retirees \$7, students/children \$6.

24 Wednesday

MIDDAY GALLERY EVENTS: The video "Louise Nevelson in Process" will be shown at 12:15 p.m. in the gallery at the Museum of Art and Archaeology.

MSA/GPC FILM: "Lethal Weapon" will be shown at 8:30 p.m. in Ellis Aud.

SCHOOL OF FINE ARTS: The Department of Theater will present Neil Simon's comedy "Chapter Two" at 8 p.m. in Rhynsburger Theater. Cost: \$7, faculty/staff/retirees \$6, students/children \$5.

25 Thursday

STAFF COUNCIL: Group will meet at 1:15 p.m. in S204 Memorial Union.

SCHOOL OF FINE ARTS: The Department of Theater will present the drama "The Miracle Worker" at 8 p.m. in Rhynsburger Theater. Cost: \$7, faculty/staff/retirees \$6, students/children \$5.

26 Friday

SCHOOL OF FINE ARTS: The Department of Theater will present the musical "Gypsy" at 8 p.m. in Rhynsburger Theater. Cost: \$8, faculty/staff/retirees \$7, students/children \$6.

SHOW-ME RODEO: The Show-Me State Games Rodeo will begin at 8 p.m. at the Ashland Rodeo Arena, 513 N. Henry Clay Blvd. Cost: \$6, children \$3.

MSA/GPC FILM: An evening of Warner Brothers animated shorts will begin at 8:30 p.m. at University Terrace Apartments, Hospital and Monk drives.

LAWS OBSERVATORY: The observatory, atop the Physics Building, will be open from 9-11 p.m. for public viewing of the skies, weather permitting.

27 Saturday

FIELD DAY: Sweet Corn Field Day will take place at Powell Gardens, Lone Jack, Mo. Call 882-7695.

SCHOOL OF FINE ARTS: The Department of Theater will present Neil Simon's comedy "Chapter Two" at 8 p.m. in Rhynsburger Theater. Cost: \$7, faculty/staff/retirees \$6, students/children \$5.

MSA/GPC FILM: An evening of Warner Brothers animated shorts will be shown at 8:30 p.m. at University Village Apartments, south of Providence and Stewart roads.

28 Sunday

SCHOOL OF FINE ARTS: The Department of Theater will present Neil Simon's comedy "Chapter Two" at 2 p.m. in Rhynsburger Theater. Cost: \$7, faculty/staff/retirees \$6, students/children \$5.

29 Monday

FIELD DAY: Turfgrass Field Day will take place at MU's South Farm. Call 882-7695.

30 Tuesday

WORKSHOP: "Storytelling: Celebrating the Midwest," will be presented in Arrow Rock, Mo., today through Aug. 1. Workshop sponsored by the School of Library and Informational Science and University Extension. Cost: \$150. Call 882-9543.

SCHOOL OF FINE ARTS: The Department of Theater will present the drama "The Miracle Worker" at 8 p.m. in Rhynsburger Theater. Cost: \$7, faculty/staff/retirees \$6, students/children \$5.

31 Wednesday

MIDDAY GALLERY EVENTS: Angelia

Pannell, a graduate student, will speak on "Women in Art" at 12:15 p.m. in the gallery at the Museum of Art and Archaeology.

SCHOOL OF FINE ARTS: The Department of Theater will present Neil Simon's comedy, "Chapter Two," at 8 p.m. in Rhynsburger Theater. Cost: \$7, faculty/staff/retirees \$6, students/children \$5.

August 1 Thursday

FACULTY COUNCIL: Group will meet at 3:40 p.m. in S110 Memorial Union.

SCHOOL OF FINE ARTS: The Department of Theater will present the drama "The Miracle Worker" at 8 p.m. in Rhynsburger Theater. Cost: \$7, faculty/staff/retirees \$6, students/children \$5.

2 Friday

EIGHT-WEEK AND SECOND FOUR-WEEK SUMMER SESSIONS CLOSE

SYMPOSIUM: The Undergraduate Research Science Symposium will be from 1:30-4 p.m. in N201-202 Memorial Union. The Division of Biological Sciences and the Chemistry Department are co-sponsors of the event.

COMMENCEMENT: The combined undergraduate and graduate ceremony will be at 4 p.m. at the Hearnes Center.

SCHOOL OF FINE ARTS: The Department of Theater will present the musical "Gypsy" at 8 p.m. in Rhynsburger Theater. Cost: \$8, faculty/staff/retirees \$7, students/children \$6.

LAWS OBSERVATORY: The observatory, atop the Physics Building, will be open from 9-11 p.m. for public viewing of the skies, weather permitting.

3 Saturday

SCHOOL OF FINE ARTS: The Department of Theater will present the musical "Gypsy" at 8 p.m. in Rhynsburger Theater. Cost: \$8, faculty/staff/retirees \$7, students/children \$6.

5 Monday

SEMINAR: The 10th annual Hazardous Waste Management Summer Institute will be today through Aug. 9 at the Ramada Inn, 1100 Vandiver Drive. Cost: \$550. Call 882-2087.

PERSONNEL SERVICES: "Gateway," a guide to the transfer and promotion process at MU, will be offered from 12:15-1 p.m. in 130 Heinkel. To register, call 882-7976.

6 Tuesday

CAMPUS COMPUTING COURSE: Advanced DOS (a) will be offered. Call 882-2000.

7 Wednesday

CAMPUS COMPUTING COURSE: Advanced DOS (b) will be offered. Call 882-2000.

JAM SESSION: The Cultural Heritage Center will present an old-time fiddlers' jam session from noon-1 p.m. in the Jesse Auditorium lobby.

8 Thursday

CAMPUS COMPUTING COURSE: Advanced Excel (Graphs) will be offered. Call 882-2000.

FIELD DAY: Pennewell Farm Field Day will take place at Palmyra, Mo. Call 882-7695.

STAFF COUNCIL: Group will meet at 1:15 p.m. in 234 Brady Commons.

9 Friday

MEETING: The Dictionary Society of North America will have its eighth biennial meeting today through Aug. 11 in 23 Ellis Library and in Ellis Aud. Event sponsored by the Western Historical Manuscript Collection and the English Department. Cost: \$20. Call 882-6028.

LAWS OBSERVATORY: The observatory, atop the Physics Building, will be open from 9-11 p.m. for public viewing of the skies, weather permitting.

13 Tuesday

CAMPUS COMPUTING COURSE: Advanced Lotus 123 (a) will be offered. Call 882-2000.

FIELD DAY: Timmons Farm Tour will be in Wheeling, Mo. Call 882-7695.

14 Wednesday

CAMPUS COMPUTING COURSE: Advanced Lotus 123 (b) will be offered. Call 882-2000.

JAM SESSION: The Cultural Heritage Center will present an old-time fiddlers' jam session from noon-1 p.m. in the Jesse Auditorium lobby.

15 Thursday

SHORT COURSE: The engineering course, "Wind Effects on Buildings and Structures," will be today and Aug. 16 at the Hyatt Regency Hotel in Kansas City. Cost: \$580. Call 882-3088.

16 Friday

LAWS OBSERVATORY: The observatory, atop the Physics Building, will be open from 9-11 p.m. for public viewing of the skies, weather permitting.

21 Wednesday

JAM SESSION: The Cultural Heritage Center will present an old-time fiddlers' jam session from noon-1 p.m. in the Jesse Auditorium lobby.

22 Thursday

STAFF COUNCIL: Group will meet at 1:15 p.m. in S204 Memorial Union.

23 Friday

LAWS OBSERVATORY: The observatory, atop the Physics Building, will be open from 9-11 p.m. for public viewing of the skies, weather permitting.

26 Monday

FALL SEMESTER BEGINS

ER TMENT

child care and the legal system. With all of these important issues, what do you think was first on the list? The consensus No. 1 agenda item for the '90s? Education. Above all the others, education.

And who has a better perspective on education than you? What is your commitment to education? Are you through? Is it all behind you? Is your attitude, "Boy, I'm glad I can get away from here!"?

You're in for a surprise. Your commitment to education is only beginning. Just as those 24 distinguished leaders and our governor and our president say education is the most pressing issue of the 90s, I hope you do, too.

This is your university. Now you own it. For awhile your parents did, but now it's yours. Who will assure that your children and your children's children can get a quality education?

Those of us who preceded you in this education trust have not done a terrific job. We've been tight-fisted and mean, and the university has suffered. You all know that we — and I refer to my generation — have not kept the education trust in Missouri. But we're trying to make up lost ground. Right now a major piece of legislation is being debated that can reverse the trend in support for education in our state.

You, of all people, know of the need and can carry that message to our fellow citizens across the state. But it's not enough to talk about doing something. We must do something.

"So what?" you say. "I'm out of here. And even if there is renewed support for the university, it's too late for me."

I say it's not. Today I offer you a

'Today I offer you a partnership. A partnership for the future of the University of Missouri-Columbia.'

partnership. A partnership for the future of the University of Missouri-Columbia.

I know that each of you could make a list of improvements that would enhance the opportunities for those students who come after you. Indeed, it's your opportunity and responsibility.

I have a final assignment for the class of 1991. When you leave here today, I challenge each of you to sit down and make that list. Send it to me in care of the chancellor's office. I promise that I'll organize and structure your requests and I will present them to the administration. I'll be your representative to see that your requests are not ignored — that you will have a voice in shaping the future of this university. I promise. That is my commitment to you. I hope you'll keep your partnership with me.

But it's springtime in Missouri, and you probably have never seen Columbia looking so good. Remember the words of Alistair Cooke: "No generation should take the world crisis so seriously that it forgets what we may have been designed for in the first place: finding work that's interesting, meeting someone to love who loves you back, sitting under a tree, hitting a ball, and bouncing a baby."

Good luck!

Building A Better Mizzou

The Many Faces of Campus Facilities

Can-Do-Crew

James Sadler
Assistant Professor of Art
University of Missouri-Columbia
Instructor of Graphic Design I-V

Imagine

These lettering designs were created by Mr. Sadler using the Macintosh and Adobe Illustrator.

"There's creative thinking and then there's creative working. In art the creative process develops by working with tools.

Before I started using the Mac, I thought that computers would be too logical to successfully accommodate the intuitive unfolding experience that artists are used to. Now into my third year with computer generated graphic design, I am astounded by it's potential.

And most important of all, it's not as intimidating as I expected. The term 'user friendly' is most apt and essential if there is to be room for imagination, creativity and intuition.

Instead of being limited to intrinsic variations on what the programmer put into the application, I find that artists can contribute uses for the programs far beyond what the programmers imagined. This is a true test of the usefulness of any tool. Congratulations Apple! You've designed a product that is as useful as a pencil."

Ask them.

Printing Services to open at new location June 24

Printing Services will be open for business at its new location, 2800 Maguire Blvd. in the LeMone Industrial Park area, on June 24. The industrial park is at AC and Highway 63 South, and the firm will be on the same street as Records Management Services and the University of Missouri Press.

Printing Services will continue to use Campus Mail Service, and the office phone numbers will not change.

"In addition to providing delivery for any

work we print, we also will pick up and deliver proofs, blueprints and incoming jobs," says Rick Wise, manager of customer services. "Our courier will pick up your job, give it to one of our customer service representatives — a particular one, if you wish — and then you will be called regarding the work. This is a different procedure than we've had before, and we want the campus to know about it."

An open house will be announced soon.

Smaller freshman class foreseen

Following last year's peak enrollment, Mizzou is expecting a reduction of about 350 to 380 in the freshman class this fall, Chancellor Haskell Monroe says.

The reduction in freshman enrollment is in keeping with MU's enrollment management plan of increasing graduate school recruitment and increasing undergraduate retention rates. "At this point, I do not expect a significant decrease in the overall student population at MU next year," Monroe told a news conference last month at the Memorial Union. "The changes we are seeing are in keeping with our long-range plan." The planning document calls for a smaller undergraduate population targeted at Missouri's top students and an increased emphasis on the graduate population.

Last year's record enrollment of 24,972 included a freshman class with the highest academic credentials in recent University history and an 80 percent retention rate for the previous two freshman classes.

Projections for a smaller freshman class this fall are based on two things: a decrease in the number of students who have applied and been admitted to MU as of May 1, compared with figures available as of May 1 last year, and on the number of students in last year's freshman class who would not be admissible under the stricter admissions policy that goes into effect this fall.

"The tighter admissions requirements would have prevented about 10 percent of our 1990 freshman class from enrolling," says Gary Smith, director of Admissions and Registrar.

This fall's class will be the first one af-

ected by the stricter standards, which require a slightly higher combination of class rank, ACT score and the 15 units of prescribed high school course work. "Between these three indicators, I believe our admission standards do a good job of predicting who will succeed at MU," Smith says.

As in recent years, officials anticipate that the new class will have an increase in quality students. So far, there have been about 5 to 6 percent more admitted freshmen who are in the top 20 percent of their high school class when compared with last year.

Prior to the May 15 enrollment deadline, 282 black undergraduate students had been admitted to the University. As of May 15 last year, 335 black students had been admitted. The actual number of black freshmen who enrolled in the fall of 1990 was 198.

Enrollment in the Graduate School is still open, and graduate school officials hope to maintain steady growth, as experienced in recent years. Graduate enrollment has increased from 4,472 in 1986 to 5,036 last year. Applications for this fall are up by 14 percent over the same period last year. A total of 3,159 students had applied by May 1991, compared with 2,714 by May 1990.

Graduate enrollment at MU is expected to reach 6,000 by 1996, says Judson Sheridan, vice provost for research and dean of the Graduate School. "Our recruitment efforts began by specifically targeting minority students," he says. "But there has been a spillover effect in that we have had a recruiting presence at other Big Eight schools and at other Missouri schools that we did not have before."

LABORATORY FOR FERTILITY AND CRYOBIOLOGY

Semen Donors Wanted

The laboratory is seeking semen donors for its sperm bank program. The program is confidential and all donors will be compensated.

As a potential donor, you will undergo non-invasive screening procedures to insure good health and fertility potential. You must be between the ages of 20 and 40. If you are interested, call 882-7199.

Q&A

Q. Shortly before the end of the semester, I went to my car in the University Avenue garage and found an advertisement from a local dentist tucked under my windshield wiper. It looked like every car in the garage had the same flier placed on the windshield. Is it legal to put fliers like this on cars parked in University garages or parking lots?

A. It's not illegal to place fliers on car windshields on campus, but it is against University regulations, says Patsy Higgins, manager in Business Services. MU's policy against posting fliers says: "No posters, signs or other articles shall be . . . attached to any part of . . . University buildings or light posts, telephone poles, trees, trash receptacles, or automobile windshields except as approved" by University officials. Higgins says she contacts businesses that violate the policy. "I consider it serious. I call those folks immedi-

ately to try and get it stopped," she says.

Q. Wasn't the Universal Group Life Insurance program for University employees supposed to send its members a quarterly statement? I still haven't received one. Does Metropolitan Life, the company that issues the policies, send out the statements, or does the University?

A. Metropolitan Life, the insurance carrier for the University's Group Universal Life coverage, will issue annual statements to participating employees, says Ron Monroe, manager of Faculty and Staff Benefits. The statements will be issued directly by Metropolitan Life to the participants during the end of March each year. These statements will reflect the account activity for the preceding calendar year. At other times, participating employees may obtain immediate information on their account by calling Metropolitan Life at 1-800-523-2984.

Send your questions about campus matters to Mizzou Weekly, 1100 University Place. You must include your name and phone number so we can reach you, if necessary. All questions remain anonymous. Mizzou Weekly will not answer unsigned questions.

PARKING AND TRANSPORTATION SERVICES

107 SWALLOW
882-4568

Paving projects will take place this summer in the following parking lots:

- South half of WC14
- WC11, south of Mail Room
- RC9, west of Fifth St.
- Drive to SG6
- SG3 at Procurement Warehouse
- Drive to WG6
- Portions of SG4, east of Hearnes

A water well will be constructed in WC6.

Please call our office if you have questions.

FOR THE RECORD

SUMMER HOURS: In addition to offices listed in the May 7 *Mizzou Weekly*, these offices and departments are observing summer hours of 7:30 a.m. to 4 p.m.: Continuing Professional Education, Food Science and Nutrition (in Eckles Hall), Patents and Licensing, Personnel Services/Affirmative Action, Vice Chancellor for Administrative Services, Vice Provost for Instruction, and Vice Provost for Minority Affairs and Faculty Development. Open from 8 a.m. to 4:30 p.m. is Food Science and Nutrition in the Agriculture Building. Open from 7:30 a.m. to 5 p.m. are the Office of the Provost and the Office of the Provost/Academic Budget Office.

POSITION OPEN: The Department of Textile and Apparel Management Extension is seeking an assistant or associate professor

for a 12-month tenure or non-tenure track appointment, effective Sept. 1. The faculty member would serve as coordinator of the Missouri Textile and Apparel Center (MO-TEC), a center to assist Missouri manufacturers and retailers of textile, apparel and related products. Send application, vitae, transcripts and three letters of recommendation by Aug. 1 to Nancy Fair, 137 Stanley Hall, or call 882-7317. MU is an equal opportunity employer.

FISCAL CLOSING: The closing schedule for the fiscal year ending June 30 is as follows:

Vouchers — All approved vouchers to be charged to accounts under a June 30 date should be received in Accounting by 4 p.m. June 28.

IDOs, job orders and Printing Services work authorizations — All approved IDOs received by Accounting no later than 4 p.m. June 28 will be processed under a June 30 date; Campus Facilities job orders to be encumbered under a June 30 date must be received by Campus Facilities no later than 4 p.m. June 28; Printing Services work authorizations to be encumbered under a

June 30 date must be received by Printing Services by 4 p.m. June 26.

Purchase order requisitions — Bid item requisitions must have been received by Procurement/Materials Management by May 6 to be encumbered under a June 30 date; requisitions that do not require bidding must be received by Procurement/Materials Management by 4 p.m. June 24 to be encumbered under a June 30 date. Note: Procurement/Materials Management is accepting requisitions now for fiscal year 1992.

Store Room — To be charged against 1990-91 funds, stores requisitions must be received in the Store Room by noon June 27.

Journal vouchers — JVs and Request for Correction (UM-UW Form 59) must be received by Accounting Services no later than 4 p.m. June 28, except for closing adjustments.

ACCREDITATION: Mizzou's Health Sciences Management program has been reaccredited through 1999 by the Accrediting Commission on Education for Health Services Administration. The

program was recognized for the quality and creativity of its academic offerings.

FELLOWSHIPS AVAILABLE: Applications are being accepted for the 1992 leadership development program sponsored by the National Center for Food and Agricultural Policy in Washington D.C. The program consists of two two-week sessions, from Jan. 28 through Feb. 12 and from March 1 through 14. As many as 25 fellowships will be awarded to mid-career professionals working in a field related to food and agriculture to enhance their understanding of the issues and processes by which policy is formed and carried out. For application forms, write: LDP, NCFAP, Resources for the Future, 1616 P Street, N.W., Washington, D.C. 20036.

PROGRAM HONORED: University Extension's Missouri Rural Innovation Institute received the 1991 Creative Program Award from the National University Continuing Education Association April 21 in Miami. The award recognizes MRII's efforts to use University resources to help rural leaders improve their communities.

MIZZOU PEOPLE

History Professors **Thomas B. Alexander**, **Susan Porter Benson**, **Noble E. Cunningham Jr.**, **Arvah E. Strickland** and **Steven A. Watts** attended the annual meeting of the Organization of American Historians April 11 to 14 in Louisville, Ky. Benson presented "Holding the Purse Strings: Wives, Husbands and Consumption in Working-Class Families, 1880-1940," and Watts presented "Texts, Subtexts and Contexts:

Social and Cultural Meanings of the Early American Novel."

Jeff Adams, an instructor in journalism and assistant director of the Electronic Imaging Laboratory, will travel to South Africa this summer to conduct electronic imaging workshops for the alternative press — the black press that has emerged within the past five years. The locations of the workshops are at Rhodes University, the University of the Western Cape and in Johannesburg.

Trenton Boyd, librarian IV, has been accepted into the Academy of Health Information Professionals.

Robert Busch, professor of special education, and **Ronald Gillam**, assistant profes-

or of communicative disorders, have received a grant from the Department of Education for Missouri TIKES, or Training Individuals to Care for Exceptional Students: A Collaborative Demonstration Project.

Lisa Canchola, assistant supervisor in custodial services, was selected Employee of the Month for May by Campus Facilities.

Sherry Folsom-Meek, assistant professor of health and physical education, had "Extraocular Functioning of Nonhandicapped and Learning Disabled Male Elementary School Children" accepted for publication in the August issue of *Clinical Kinesiology: Journal of the American Kinesiotherapy Association*.

LETTERS

Editor:

We would like to thank everyone throughout the campus who assisted Student Financial Aid during the process of recovering after the fire that destroyed our office on April 23.

Without your cooperation, understanding and assistance, we never could have been operational again so quickly. Your support is appreciated.

Joe Camille, director, and the financial aid staff

When life's little emergencies throw you a fast one...

Don't take any chances. Head for the Emergency Center at University Hospital. It's the only place to go when you need the most professional, well-trained and fully-staffed emergency center in Columbia. In fact, the Emergency Center at University Hospital is the only Level One Trauma Center in mid-Missouri.

So when life's little emergencies throw you a fast one, make the Emergency Center at University Hospital your first choice for emergency care.
