

MIZZOU

W E E K L Y

University of Missouri-Columbia / Sept. 18, 1991

Important dates coming up this fall:

- Sept. 19 1991 Fall Convocation in Jesse Auditorium.
- Oct. 16 Voter registration deadline for the Nov. 5 referendum
- Oct. 19 Football homecoming against Oklahoma State
- Nov. 5 Polls open for vote on Proposition B

Lending a hand

Faculty in McNair program help minority undergraduates prepare for doctoral study.

As a mentor in the McNair program, Karen McCurdy, assistant professor of political science, has a chance to pass on a piece of valuable information to her students: You don't have to have a PhD to be involved in intellectual work.

Now in its third year on campus, the goal of the McNair program is to help minority students, as well as low-income, first-generation college students, prepare for doctoral study. Each year, approximately 20 juniors and seniors are teamed with faculty mentors for research and other scholarly activi-

ties. The individual attention from faculty helps equip these undergraduates with the academic tools they need to succeed in graduate school.

Mentors also are able to give students a glimpse behind the scenes of academic life, such as how to apply to graduate schools and finance that graduate education. "At the beginning of the term they're sort of shy, they're not sure what's going to happen," McCurdy says. "Students at big research universities are socialized to think 'You don't bug professors.'"

And there's a benefit for faculty as well — the chance to spend a few hours each week, one-on-one with bright students. "My classes are so big I don't often get that chance," McCurdy says. "It takes a lot of time to challenge someone. When you have 50 someones in a class you can't challenge all of them."

And because students attend a professional conference with their mentors, they get a chance to see that research can be more than tedious number-crunching. "After all the drudgery in the library and in front of a computer, they get to see the fun part of research," she says. "You get to go and talk to people about your work."

The program honors Ronald E. McNair, a physicist who died in the Challenger space shuttle accident, and is funded over the three years with a \$105,000 grant

from the U.S. Department of Education.

Vicki Curby, director of the McNair program and assistant director of the Learning Center, says the number of applications from interested students is growing steadily. A seven-member faculty panel reviews applications from students and faculty, and each year selects the 20 or so students who will participate.

McNair mentors for this academic year are: William Folk, professor of biochemistry; Karen McCurdy, assistant professor of political science; Michael Porter, associate professor of communications; Mark Ryan, associate professor of forestry; Peter Tipton, assistant professor of biochemistry; Abner Womack, professor of agricultural economics; John Stowe, professor of finance; Marilyn Coleman, professor of human development and family studies; Mary Bixby, adjunct assistant professor of curriculum and instruction; Thomas Phillips, assistant professor of biological sciences.

Johnetta Morrison, assistant professor of human development and family studies; Daniel Scroggins, associate professor of romance languages; Robert Collins, professor of history; Donald York, professor of physiology; David Geary, assistant professor of psychology; Ruth MacDonald, assistant professor of human nutrition and foods; Charles Nilon, assistant professor of wildlife biology; and Barbara Bank, associate professor of sociology.

Jim Southern, left, and Ken Toler team up to create a streamlined system for updating mailing lists while Mail Processor Lorne Beers grabs more booklets to be processed on a mechanized labeler.

Mail service's new
GOING
ZIP-Plus-4-Sort system
FIRST
could save thousands
CLASS
for MU departments.

It's not enough that the folks in Campus Mail Service have won three national awards in six years for cost-cutting innovations. They're out to save the University even more money.

The mail service, in conjunction with the UM System office of Information Technology, is introducing a ZIP-Plus-4-Sort mail system that could save MU departments an estimated \$112,000 yearly in postage and labor costs. The system also will ensure that more mail reaches its intended destination, and in a shorter amount of time.

There's one hitch: The changes will not take place automatically. "Departments will need to participate if they want to realize savings," says Jim Southern, manager of Campus Mail Service.

The announcement comes less than two months after MU received a \$1,000 award from the National Association of College and University Business Officers. Mizzou won the award for its new courier delivery

program, in which Campus Mail Service delivers MU-originated mail and parcels to major businesses and agencies in Columbia and Jefferson City. By bypassing the U.S. Postal Service in this regard, the program is saving the University about \$63,000 a year, Southern says.

This is the third \$1,000 award that mail service innovations have won for MU since 1985. "We're the only university in the country that has won three," Southern adds.

The ZIP-Plus-4-Sort system could win another one. The computer software package is being purchased by Information Technology and will be used with Campus Mail Service and the mail units on the other three campuses. "The system is costing us \$30,000, but we should make our money back four times over in the first year," says Ken Toler, director of the Central Computing Facility.

Here's how ZIP-Plus-4-Sort works:

Campus departments will be requested to put their mailing lists on a computer disk or

tape. The disks or tapes must be sent to Campus Computing, where the program will standardize the addresses and catch any mistakes. Departments will receive the lists back in correct ZIP-Plus-4 order and must print out the labels and submit the mail in the correct order, Southern says. "That's necessary for the sort," he adds.

Upon receiving the mail, Southern will be able to use Postal Service discounts that could save departments thousands of dollars. "We'll get a big break because the mail will be presorted by the correct ZIP," he says. "In addition, the computer program will see to it that we have fewer incorrect addresses. That's less mail that gets thrown away because it can't be delivered."

Another feature, called merge/purge, will allow several lists from a single department to be combined, resulting in additional savings from a larger single mailing. "Departments will need to keep their lists clean and up-to-date," Southern says. "But we think

that will happen more and more with time."

Departments will be charged a small fee for having their mailing lists run through ZIP-Plus-4-Sort. "But it's a bargain," Toler says. "We did one list of 187,000 addresses for \$15. That's nothing compared to what you'd save over a year's time."

Campus Mail Service is preparing for more improvements. The unit has taken over the bulk mail center from Printing Services, and will use it as the site for its new Mail Star inserting system. That operation will enable the mail service to insert computer-generated checks and similar items into envelopes mechanically, which will save MU in labor costs.

For now, though, Southern is concentrating on ZIP-Plus-4-Sort. He and Toler urge departments to contact the Help Desk at Campus Computing, 882-5000, with any questions. "Word-of-mouth is the key," Southern says. "Once people start talking and departments realize all the money they'll be saving, we'll start getting some responses."

Rob Hill photo

UNITED WAY DRIVE OPENS SEPT. 25

MU will kick off its 1991 United Way drive at 8 a.m. Sept. 25 in N201-202 Memorial Union.

Chancellor Haskell Monroe will speak, and the goal for this year will be announced. Regional chairmen and chairwomen will be introduced. Volunteers may pick up their packets at the kickoff.

DESERT STORM VETS TO BE HONORED

MU employees, students and alumni who served in Operation Desert Storm will be honored at the Oct. 5 football game with Memphis State.

Veterans of the conflict and their guests may buy reduced-price tickets for \$11 each. They will be honored at a pre-game luncheon buffet, and also during a Red, White and Blue Halftime featuring Marching Mizzou, a chorus of hundreds and an appearance by Maj. Gen. Burton Moore, BJ '63. For reservations, call 882-1989.

If you'd like to lend your voice to the event, Marching Mizzou is looking for singers. Call 882-3438, or attend a rehearsal at 6:30 p.m. Oct. 1 in Jesse Auditorium. Singers will not have to pay admission to the game.

SEMINAR TO FOCUS ON VIETNAM

"Voices from Vietnam," a three-day seminar on contemporary Vietnamese life, will take place at various sites on campus Sept. 24 through 26.

Four educators who have visited Vietnam recently will share their views through lectures, poetry readings, slide shows and movies. All events are free, with the exception of a breakfast with the seminar speakers. For a full listing, call Peace Studies at 882-7565.

CHECK OUT THE NEW LOOK

Payroll checks will have a new look beginning with the biweekly checks issued Sept. 25.

The redesign is an effort to economize. Instead of having the check and stub printed side by side, the new format will be a letter-sized sheet, with an easily detached check at the bottom.

Business Services is taking advantage of the redesign to provide more information on each check form that will help employees with their taxes at the end of the year.

Campus Computing

Task force examines salary issue

A task force is recommending changes in the way salary increases are given at the University, the Faculty Council was told Sept. 12.

"We discovered that the majority of departments across campus have no written policy regarding raises, and peer review in the process seems absent more than it is present," said Peter Markie, professor of philosophy and chairman of the council-authorized market and merit task force. "Many times, faculty do not know they have received a raise until they get their pink envelopes in September."

Task force recommendations include establishing salary increase guidelines in each department; including a faculty member's peers in a review of his or her raise; discussing the raise with the faculty member before it becomes official; establishing a "coherent salary policy" across campus; and including

cost-of-living adjustments and other data in guidelines for raises. "Merit should not be the sole concern," Markie added.

He urged the council to work with the Council of Deans and the Office of the Provost on the matter. "If we could implement some of these recommendations, it would do a lot for morale on campus," he said.

On other topics, the council:

■ was told that an election on faculty review of administrators could be held later this month or in early October. Council chairman Rob Logan, associate professor of journalism, told members that a complete mailing list of faculty is available, and that ballots could go out within the next two or three weeks. Faculty will be asked to approve seven propositions that call for, among other things, public debates and secret ballot referenda on the initial appointments of MU administrators, and annual, formal evaluations by faculty of administrators' and officers' performances.

■ was urged to remind colleagues to be careful when discussing Proposition B, especially in the classroom. "We can inform people of the various components of the measure, but we can't tell them how to vote," Logan told council members. Missourians will vote on Proposition B, the \$385 million education reform and funding measure, on Nov. 5.

Provost's reorganization plan will save money for Mizzou

The Office of the Provost is in the midst of a reorganization plan that will result in nearly \$200,000 in savings.

"The plan will enable us to become more efficient in regard to administration," says Provost Gerald Brouder. "It also will allow us to take funds formerly used for administration and redirect them back into teaching, research and service."

Jeff Chinn, vice provost for instruction, has resigned effective Jan. 1, 1992. He will continue at MU as an associate professor of political science, specializing in Soviet events. "This is an exciting time for scholars with an interest and expertise in Soviet domestic politics," Chinn says.

"Jeff's resignation affords us the opportunity to proceed with this plan," Brouder says. "But he will be sorely missed. He has made a number of significant contributions to this office and to the University, and I am pleased he will continue in a teaching and research role. He will be a valuable resource to this office."

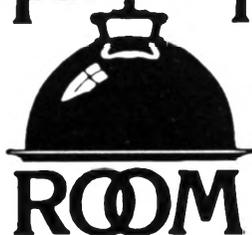

Brouder notes that when Lois DeFleur resigned as provost in 1991, there were five vice provosts. With the resignation last year of Robert Denhardt, vice provost for budget and operations, and now of Chinn, three vice provosts remain: Don Swoboda, extension; Judson Sheridan, research; and KC Morrison, minority affairs and faculty development. Denhardt and Chinn will not be replaced.

"We'll be asking the other three to take on a little more," Brouder says. "We also will reduce our support staff by one member. When you take the savings from the salaries and combine them with some other things we're doing, the total savings is about \$200,000."

Brouder notes that administrative streamlining is a major goal of the University's long-range plan. "The reality of the 1990s is that we may need to do more with less," he says. "We believe our office is doing its part."

MID-MISSOURI TUNING IN

KBIA, MU's public radio station, placed second in cumulative ratings among 350 across the nation, according to spring 1991 Arbitron audience estimates.

The Arbitron research showed that of 92,500 residents in the Columbia Metro Survey Area, 15,600 tune in to KBIA at least once a week. That's a cumulative rating of 16.9, a 21 percent increase over last year's estimate. It's also the station's highest-ever cumulative rating.

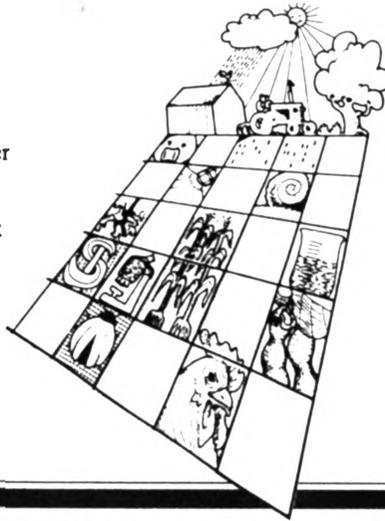

AGRICULTURE WEEK COMING UP

Find out how the College of Agriculture, Food and Natural Resources is "Changing Today for Tomorrow" at Agriculture Week, Sept. 22 through 28.

An exhibit of the latest in farm machinery will be from 8 a.m. to 3 p.m. Sept. 24 on Lowry Mall. Other events include a stickhorse rodeo, featuring a variety of contests and games, from 7 to 10 p.m. Sept. 24 at the Trowbridge Livestock Center.

On Sept. 25, there will be a children's barnyard from 8 a.m. to 3 p.m. at the Trowbridge center, and a volleyball tournament from 5 to 10 p.m. in Rothwell Gymnasium. Career Day will be from 10 a.m. to 2 p.m. Sept. 26 in N201-202 Memorial Union.

The week will conclude with the annual barnwarming dance for students and faculty Sept. 27.

MISSOURI REVIEW LOOKING FOR ENTRIES

The Missouri Review wants your short fiction, essays and poetry postmarked by Oct. 1 for its first literary prize contest.

A \$12 entry fee also entitles writers to a year's subscription of the magazine. Mail entries marked "fiction," "essay" or "poetry" to *The Missouri Review* Editor's Prize, 1507 Hillcrest Hall, Columbia, MO 65211.

There are three categories of cash prizes: short fiction, \$750; essay, \$750; and poetry, \$250. For each category, one winner will be published and three finalists will be announced in the spring issue.

Staff discuss Proposition B

The Staff Advisory Council, meeting Sept. 12, talked over ways that a proposed education reform and funding package could benefit staff at the University. Proposition B will go to Missouri voters Nov. 5, and if approved would provide \$190 million for higher education across the state.

Paulletta King, council chairwoman and administrative associate II in the Veterinary Diagnostic Lab, said the funding situation is critical for higher education. "If we don't get behind this and support it, some of us sitting around this table are no longer going to be employed by the University two years from now," she said.

It has been pointed out that Proposition B does not address salary increases. But George Russell, UM System president-designate, has said that a combination of revenue from Proposition B and increases in student fees will be required to restore salaries to a competitive level.

Larry Brooks, computing project manager with Campus Computing, told the council that a statewide group managing the Proposition B campaign, Missourians for Quality Education, is focusing on a voter registration drive before the Oct. 16 deadline. The University is assisting MQE by promoting voter registration on the MU campus. Brooks said volunteers who wished to help register voters on campus could contact the office of the Associated Students of the University of Missouri, or the group's director, Mary Anne

McCollum.

King cautioned that employees cannot campaign for the issue on University time. Brooks agreed. "You can tell them the facts, but don't tell them how to vote," he said.

In other action, the council:

- discussed the impact the new mandatory student health fee might have on staff. King said she had received several phone calls from staff members whose spouses

are students. The spouse must still pay the student health fee, even though he or she is carried on the staff member's University health insurance policy.

"I sympathize with people getting hit twice, having to pay a double premium," King said, adding that current policy does not allow waivers on the fee. Several council members disagreed. Steve Briscoe, council vice chairman and University Police sergeant, noted that the fee is an effort to provide better health service for students. "I don't know if that proposal would work if they gave everybody an option," Briscoe said.

heard a report from Sharon Stark, administrative assistant in educational administration and chairwoman of the campus day care committee. Stark said a day care survey conducted over the summer was completed and that her committee is reviewing the results.

agreed to recommend to Chancellor Haskell Monroe that a \$500 cash prize be awarded to winners of the annual Mick Deaver

Award and the Barbara Uehling Award. Recipients of the award are honored during Staff Recognition Week for working closely with students and for administrative excellence. Currently, both awards are honorary and do not include a monetary award. At first, several council members balked at awarding cash prizes to administrators during a week meant to honor staff. "I don't want it to overshadow or compete with the four awards given to staff members," King said.

heard a report from Donnie Landrum, locksmith with Campus Facilities and the council's representative to the Staff Development Awards committee. The awards promote personal or professional development by paying for staff to attend courses and workshops. Landrum said nearly 20 propos-

als already had been submitted. "In fact, we got a couple today," he added. "Things are starting to boom."

Staff Advisory Council

WORKING FOR YOU

Free Screenings

Diabetics concerned about kidney disease may want to visit MU's Renal Laboratory, N409 Medical Center.

The lab is offering free urine screenings for adult diabetics between 30 and 75. Diabetics are at risk for kidney disease, and urine tests can detect the disease in its early stages. The lab also offers a free treatment program for those identified at risk by the tests. With questions, call Sandra Johnston, R.N. or Alisa Lau, R.N. at 882-4758.

Nominate staff members for Staff Advisory Council

Take the time to make a difference at Mizzou — nominate a fellow staff member to represent you on MU's Staff Advisory Council. The council is now seeking nominations for its upcoming fall election when five new members will be selected to serve three-year terms.

The council was formed in 1978 to advise the chancellor on matters of concern to staff at MU. Council members are an important link between employees and the administration, providing information and many other services.

The council is made up of 16 members, with four members from each of the follow-

ing job classifications: administrative/professional, crafts/maintenance, secretarial/clerical, and technical paraprofessional.

To nominate someone, fill out the form below and return it by Sept. 30 to: Staff Advisory Council Election, 305 Jesse Hall. For more information, call Darlene Schroeder at 882-4269, or contact one of the Staff Council members listed in the campus telephone directory.

A slate of candidates will be prepared from the list of nominations. Ballots will be mailed to eligible staff in early November. Election results will be announced by Nov. 20.

WORRIED? ANXIOUS? NERVOUS?

Do you recognize these symptoms?

- Constantly worried for months
- Feeling keyed up and on edge
- Excessively anxious
- Trembling or shaking
- Dry mouth
- Irritable
- Restless
- Sweating, or cold clammy hands

If this describes you, you may be suffering from **Generalized Anxiety Disorder**. Men and women between the ages of 18 and 65 with no serious medical illnesses may qualify to participate in a free treatment program being conducted by the Department of Psychiatry at University Hospital and Clinics.

For more information, call Melanie Grafing at (314) 882-2511.

Yes, Proposition B is Senate Bill 353

Last spring, the principal issue in the Missouri General Assembly concerned Senate Bill 353, a plan to improve education, particularly higher education. This fall, talk centers around Proposition B, the \$385 million funding and reform package for education on which Missourians will vote Nov. 5.

Is it the same package?

"Essentially, yes," says Marty Oetting, legislative communications coordinator who works with the MU Alumni Association. "Senate Bill 353 went through a number of revisions before it was passed in mid-May by the General Assembly. A couple of weeks later, in conjunction with Missouri law, the legislation was assigned a letter for the election — which, in this case, is B.

"The problem," Oetting continues, "is that people read that the bill had passed, then the summer began and people started going on vacation. When they came back, there was talk about Proposition B but none about Senate Bill 353. A lot of people were confused."

Mary Anne McCollum, coordinator for the Associated Students of the University of Missouri, agrees. "I've talked to a number of people recently who wonder what happened to Senate Bill 353," she says. They ask, "Is it the same as Proposition B?" They were out of town or out of the state when the bill was assigned its letter."

McCollum notes that ASUM is registering voters for the Nov. 5 election. The organization also is deputizing faculty and staff across campus to register voters; the registration deadline is Oct. 16. If you want to

register voters or register to vote yourself, call 882-2701. Since the beginning of the school year, ASUM has registered more than 1,000 voters.

Proposition B would provide \$190 million for higher education, a like amount for elementary and secondary education, and \$5 million for job training and development. MU would benefit in a number of areas, including program improvements, research grants, scholarships, and repair and maintenance.

Oetting notes that Missourians for Quality Education, the group managing the campaign, is conducting a phone survey of 6,000 MU faculty and staff. MQE is about halfway through the survey. So far, 74 percent of those responding say they are in favor of the measure, and 40 percent have volunteered to help in the campaign. "That's good news," Oetting says.

MINORITIES ARE NEEDED

Q&A

Q. What is the justification for making all students pay the mandatory student health services fee of \$47.50 a semester, even those who have no desire to use Student Health Services? I'm a graduate student, and my husband and I carry health insurance through his company. I have no need of Student Health Services. Is there any way to get a waiver?

A. The student health fee was approved by the Board of Curators in January to better address the basic health care needs of students while they attend MU, says Ann Nadler, clinic manager at the Student Health Center. The action was taken after consulting with

students about their opinions and concerns.

The fee will allow the center to offer a wide range of convenient services and educational programs, Nadler adds, such as unlimited physician visits, as well as X-rays, lab tests and some over-the-counter medications at no additional charge. The center also employs a full-time health educator to help students learn about health care and how to take care of themselves later in life.

To insure the best possible programs, the Student Health Advisory Council was created to advise the center on operational issues and long-term planning. The council is made up of undergraduate and graduate students and already has been instrumental in getting the student voice heard, Nadler says.

No waivers have been granted at this time. With the health education component and over-the-counter medications at no charge, even students who do not see a medical provider can benefit from the center, Nadler says.

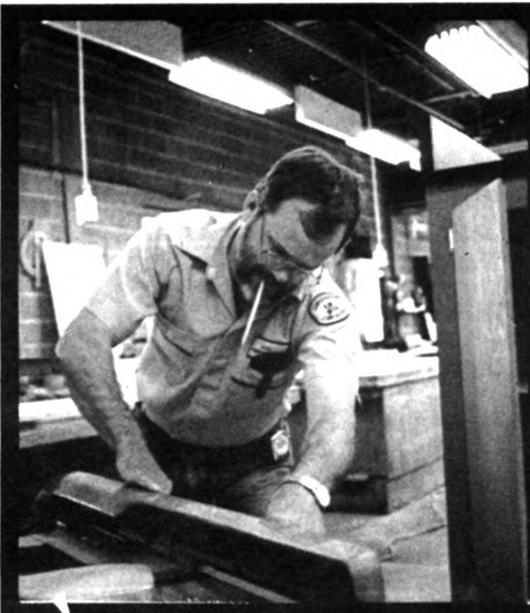

Customerized!

Campus Facilities' carpenters specialize in building or refinishing furniture based on your needs and specifications. And these days, that kind of specialized customer service is not easy to come by. But carpenter Morris Nichols knows that you live in your office, lab, conference room, etc. many hours each day, and it's important that your furniture meet your needs. Whether you just need a desk refinished or custom furniture built, Campus Facilities can handle the job.

Call 882-1170 for more information. Morris Nichols...another of

Building A Better Mizzou

"Ooh, this is great! We can do all kinds of fun stuff"

Karen Westin
Graduate Student
Supervisor, The Buildings of the United States Cartography Project
Geographic Resources Center
MU Department of Geography (MU DoG)

"I work for the Geographic Resources Center, which is part of the Department of Geography. We are a depository for all the census maps. We also do a lot of project work with Geographic Information Systems."

"We are starting to do some production cartography with the Macintosh. Our first big project is to do all the site maps for a book series called *The Buildings of the United States*. There are going to be 55 volumes, so that is probably seven to ten years work."

"We have already done one other book project and we know we have some other map projects in the future. Hopefully, as word spreads about the quality of our work, we will be doing more and more production cartography work."

"We have two Macintosh IIsi right now that are dedicated to this project and we should have another in a little while so that we can have three people working all the time."

"We digitize the paper maps of the region and use Adobe Streamline to trace the scans. We then clean up the traces and finish the map using Adobe Illustrator. Hopefully, we will soon be using a Summagraphics tablet to digitize the maps directly into Illustrator."

"When we print these maps to a hi-resolution output device like a Linotronic, we get genuine publication quality maps."

"The first time we did a map and got it printed out, we said, 'Ooh, this is great! We can do all kinds of fun stuff.'"

"I've only been using the Macintosh since January and it didn't take long for me to start making production quality maps."

Why do people love Macintosh?
 Ask them.

COMPUTER
SPECTRUM

T. A. Brady Commons, University of Missouri, (314) 882-2131

203 veteran employees to be honored

Faculty, staff and recent retirees with 25 years of service to MU will be honored at the 1991 Fall Convocation. The event will be at 1:30 p.m. Sept. 19 in Jesse Auditorium, and the MU community is invited.

Chancellor Haskell Monroe will welcome the group. Peter Raven, director of the Missouri Botanical Gardens and former member of the

Board of Curators, will be the guest speaker.

The 203 employees will receive a framed print of "Ol' Mizzou," a painting by the late Fred Shane, who was a member of the art faculty for more than 35 years. A reception will follow in the Jesse rotunda.

The following faculty, staff and retirees will be honored:

SCHEDULE OF COURSES

The official MU Schedule of Courses is published three times a year for MU's 24,000 students and 2,000 faculty by the Office of Publications at the University of Missouri-Columbia, 1100 University Place, Columbia, Mo. 65211 (314) 882-7358.

The Schedule is the only source for the courses, course teachers, class times and locations and, as such, is read by every student and faculty member. Each issue is distributed on two occasions: at preregistration and at regular registration.

Circulation: 35,000

Deadlines:

Issue	Ad Order Deadline	Distribution Dates
Winter '92	Sept. 24, 1991	Oct. 18, 1991 Jan. 6, 1992
Summer '92	Jan. 29, 1992	Feb. 21, 1992 June 8, 1992
Fall '92	Feb. 19, 1992	March 13, 1992 Aug. 7, 1992

University Club readies for big year

The University Club is issuing an invitation to the campus community as it prepares for one of the most important years in its history.

"One of our goals is to have wide participation," says President Ruth Brent, associate professor and chairwoman of environmental design. "If you've been thinking of joining, now is the time to do it."

Brent notes that the University Club will have its own facility when the Donald W. Reynolds Alumni Center opens later this academic year. Club members will have dining and meeting privileges in the new center. "The dream is becoming a reality," she adds.

The University Club, established in 1893, provides an opportunity for faculty, staff, retirees and alumni to meet for social and educational activities. Current members unanimously have approved the transition to the new organizational structure, and Brent encourages them to invite colleagues to the club's luncheons this year. "We're planning good menus and a stimulating season of events," she says.

Luncheons this fall will be at 11:40 a.m. at the Alumni Center on Stadium Boulevard. Dates and speakers are: Sept. 23, Provost Gerald Brouder, "MU in the 1990s;" and Oct. 8, State Sen. Roger Wilson and Representatives Chris Kelly and Ken Jacob, "Proposition B." In addition, UM System President-designate George Russell will speak in November, on a date to be set. Club members also will attend the annual Christmas concert Dec. 8 in Jesse Auditorium. Mozart's *Requiem* will be performed at 8 p.m., and

members will have a reception before the concert at the Museum of Art and Archaeology.

Other officers are Thom Guthrie, director of the Donald W. Reynolds Alumni Center, vice president; Pulletta King, administrative associate II in the Veterinary Medicine Diagnostic Laboratory, secretary; Diane Oerly, director of Institutional Research and Planning, treasurer; and Chris Koukola, assistant vice chancellor for University Relations, past president. Members of the board of directors are Harvey Gosser, director of the Veterinary Medicine Diagnostic Laboratory, and John Bauman, professor of chemistry.

Bauman joined the MU faculty in 1961 and has been a member since that time. "I would particularly encourage new faculty and staff to join," he says. "It gives you the chance to meet University people from a variety of disciplines who you normally wouldn't meet during the course of the day."

Membership is \$10 for this year. Current plans call for fees to rise next year to \$120 for faculty, staff and alumni living in the Columbia area, and to \$60 for senior citizens. The principal reason for the large increase, Guthrie says, is because membership will include dining privileges at the new alumni center. Those who join the club now will have their \$25 initiation fee waived, Guthrie says.

Those wanting to join the club may sign up at the Sept. 23 luncheon. The cost for luncheons this year will be \$6 for members and \$7 for non-members and guests. To reserve your spot at the Sept. 23 event, call Guthrie at 882-0081 or 882-6611 by Sept. 20.

Reminder!

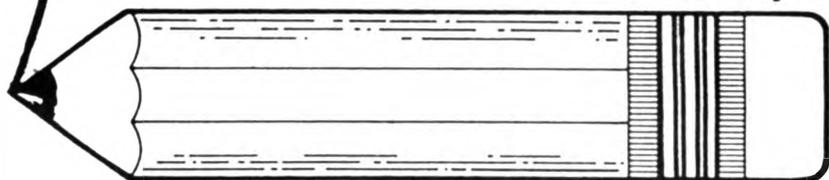

Mail in your **Staff Project Award** application form.

Over \$15,000 in proposals funded in this award period. Get your application in today!

If you have questions, call 882-4269 or 882-4247.

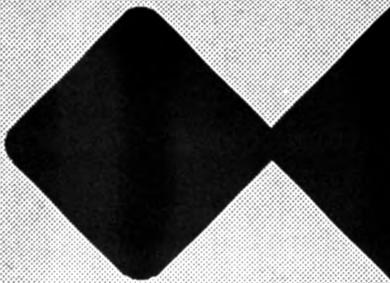

Send application to 305 Jesse Hall.

Deadline is noon, Oct. 1.

PARKING AND TRANSPORTATION SERVICES

107 SWALLOW
882-4568

Office Parking Permits (yellow hang tags) are being replaced with new permits that will expire in June 1992. Notices were sent to departments with instructions about acquiring replacement permits. If your department did not receive a notice, please call Sue Hamilton in our office. Office Parking Permits with an expiration date of Dec. 31, 1991, will be invalid after Oct. 1, 1991.

Reach 11,000 Mizzou Faculty, Staff and Retirees with an ad in Mizzou Weekly!

M I Z Z O U
PEOPLE

Coping," accepted for publication in *Behavioral Disorders*. Pullis is secretary of the executive committee of the Council for Children with Behavioral Disorders.

John C. Reid, professor of educational research and statistics, and **Joyce A. Mitchell**, director of the Medical Informatics Group, co-wrote "The Improvement of Learning in Computer-Assisted Instruction," which has been published in the *Journal of Educational Technology Systems*.

Have you been promoted, won an award or presented a paper recently? The 'People' column wants to know about it. Send your news to Terry Jordan at 1100 University Place. But please be patient; we receive many entries, and publish them in the order in which they are received.

Robert Habenstein, professor emeritus of sociology, organized and led a session on "Art, Aging and the Aging Artist" and presented "New Vision on the Art World" in April at the Midwest Sociological Society's annual meeting in Des Moines, Iowa.

Stevie Hoffman, professor of curriculum and instruction, is a member of the advisory committee for development of the Department of Elementary and Secondary Education's Practical Parenting Partnerships (K-12) Program, designed to increase parent involvement in educating children and youth. She also edited a special issue of *The Elementary School Journal* that focused on home-school partnerships.

Julie Hughes, assistant professor of higher and adult education and foundations, and **Judy Wedman**, associate professor of curriculum and instruction, presented "An Examination of Elementary Teachers Espoused Theories Diagnosis and Actions Related to Reading Instruction" at the annual meeting of the Association of Teacher Educators.

Ben Londeree and Parris Watts, associate professors of health and physical education, had an abstract, "The Effects of a Health Promotion Program on University Employees," accepted for presentation at the 1991 American Public Health Association's conference in Atlanta.

Michael Pullis, associate professor of special education, had a research article, "An Analysis of BD Teachers' Occupational Stress: Sources, Effects, and Strategies for

F O R T H E
RECORD

ID REQUIRED: A valid University ID card is required for all departmental purchases made with a University Bookstore requisition at the bookstore or Computer Spectrum. Bookstore employees no longer will call departments for verification when employees do not have IDs at the time of purchase. University Hospital and Can-Do Crew tags are not acceptable, and there is a \$500 limit on requisitions.

POSITION VACANCY: The State Historical Society of Missouri has an opening for assistant director. Basic duties are to assist

in editing and publishing the Missouri Historical Review. Position requires strong editing, research, writing, communication, grant writing and administrative skills. For application information write the society at 1020 Lowry St., Columbia, Mo. 65201, or call 882-7083.

WEIGHT WATCHERS AT WORK: This group is forming on campus, beginning with an informational meeting at noon today in the Gwynn Hall lounge. The group plans to meet Wednesdays from noon to 1 p.m. With questions call 443-6641.

The 'For the Record' column gives MU departments and units the opportunity to advertise used or unneeded equipment for sale. There is no charge for this service. Send your notice to John Beahler at 1100 University Place, or call 882-5918.

The University Hospital Graduate Series

University Hospital delivers more graduates than any other area hospital.

Allison Williams is just one of more than 2,000 babies born last year at University Hospital—that's nearly 600 more babies than any other hospital in mid-Missouri. And, like most of our deliveries, she's a healthy little miracle.

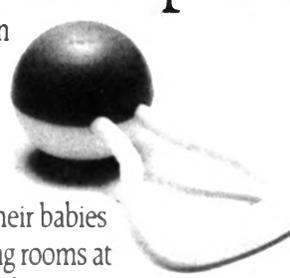

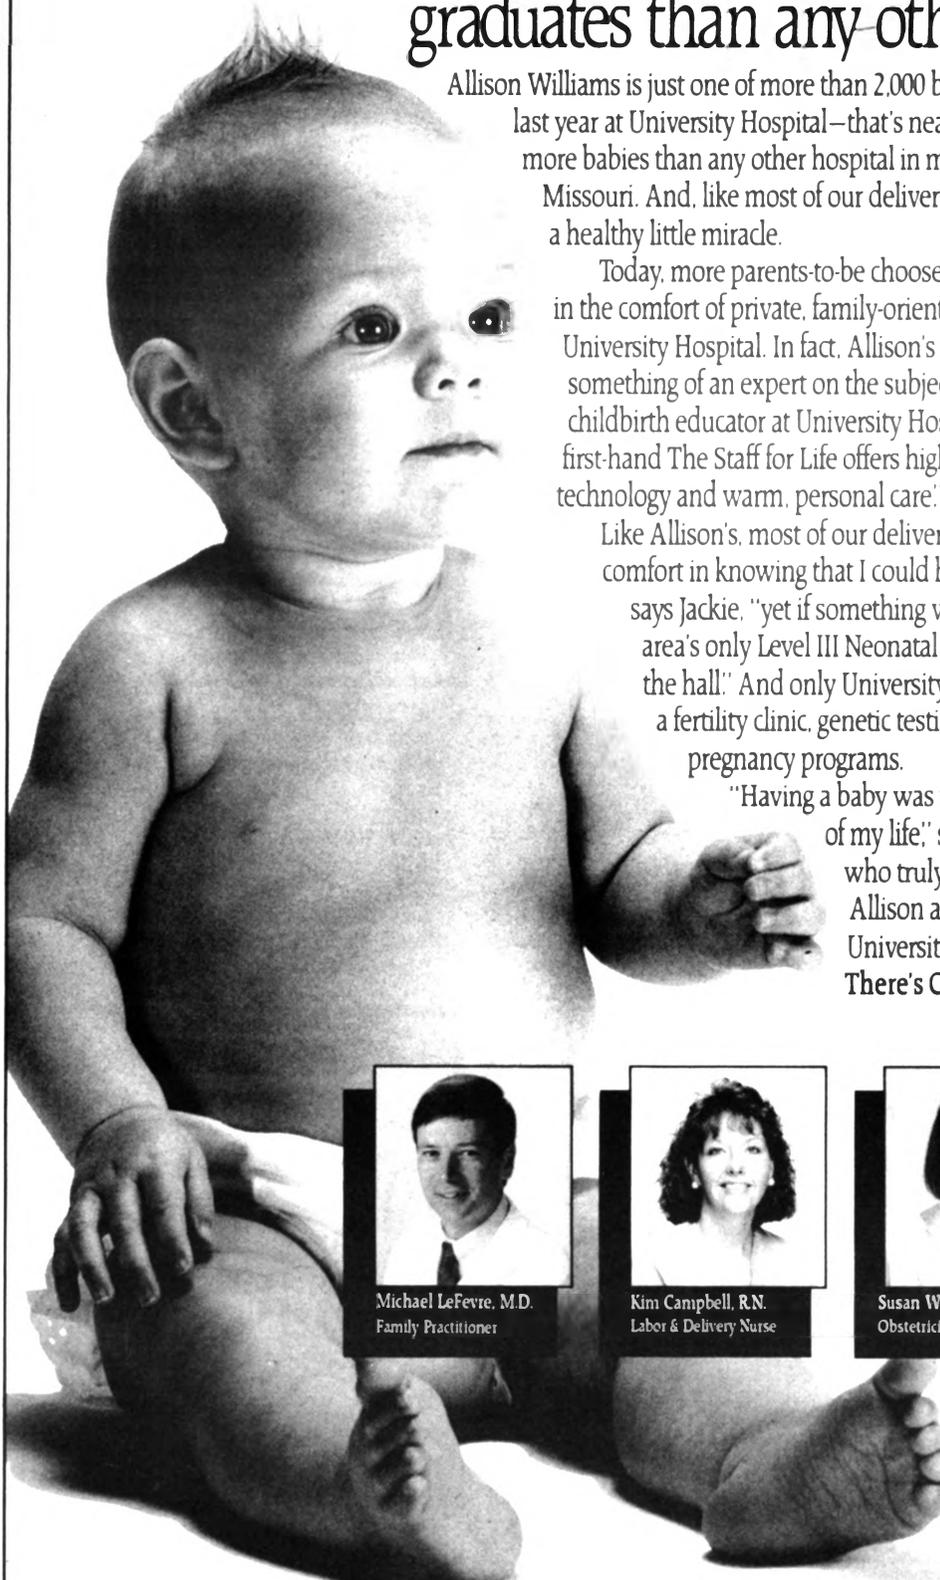

Today, more parents-to-be choose to have their babies in the comfort of private, family-oriented birthing rooms at University Hospital. In fact, Allison's mother, Jackie, is something of an expert on the subject. "As a registered nurse and childbirth educator at University Hospital," she explains, "I know first-hand The Staff for Life offers highly trained specialists, advanced technology and warm, personal care."

Like Allison's, most of our deliveries go smoothly. "There was comfort in knowing that I could have a normal, wonderful delivery," says Jackie, "yet if something went wrong, Allison and I had the area's only Level III Neonatal Intensive Care Unit right there across the hall." And only University Hospital offers unique services like a fertility clinic, genetic testing and counseling, and high-risk pregnancy programs.

"Having a baby was the most wonderful experience of my life," says Jackie, "and the support of people who truly cared made it even more special."

Allison and her parents can't imagine life without University Hospital.

There's Only One University Hospital.

ELECTRONIC INSTRUMENT LAB

CALENDAR

Send calendar items in Campus Mail to Michelle Holden, 1100 University Place, by noon Wednesday the week before publication. Events are free and open to the public unless otherwise noted.

Highlights

RAPE AWARENESS WEEK: Andrea Parrot of Cornell University will present "Sex at 7:00," at 7 p.m. Sept. 19 in Jesse Aud.

MSA/GPC CONCERT: Chicago bluesman Lonnie Brooks and his band will perform at 8 p.m. Sept. 20 in N201-202 Memorial Union.

HEARNES CENTER: Singer Amy Grant, with guests Kim Hill and Wes King, will perform at 8 p.m. Sept. 21 at the Hearnese Center. Cost: \$18.25 and \$20. Tickets available at the box office.

18 Wednesday

COMPUTER COURSE: Campus Computing will offer "Introduction to the Macintosh." Call 882-2000 to register.

NEW EMPLOYEE ORIENTATION: A seminar for new employees will be from 8:30 a.m.-noon in 146 Heinkel Bldg. Call 882-4859.

BIOMEDICAL RESEARCH DAY: The Coalition for Animals and Animal Research (CFAAR) will sponsor the "Celebration of Life" health fair from 9 a.m.-2 p.m. on Lowry Mall.

FOOTBALL LUNCHEON: Head Football Coach Bob Stull will discuss the 1991 season at a luncheon from noon-1 p.m. in the Tingle Tiger Lounge at Memorial Stadium. Cost: \$5. Call 882-2076.

RAPE AWARENESS WEEK: Maureen Gerrity Wheeler, attorney and coordinator in Student Legal Services, will present "Rape On Trial" at noon at the Women's Center, 229 Brady Commons.

MIDDAY GALLERY EVENT: Notley Hawkins, independent artist, will present "Ad Reinhardt: The New York School Revisited" at 12:15 p.m. at the Museum of Art and Archaeology.

SCHOOL OF MEDICINE: Charles Snow, of the University of Kentucky, will present

EXHIBITS

BINGHAM GALLERY: The annual Faculty Exhibition, featuring works by current MU art faculty, will be on display through Oct. 4. The opening reception will be from 4-6 p.m. Sept. 20. Hours: 10 a.m.-4 p.m. Monday through Friday and 2-4 p.m. Sunday. Gallery is in the Fine Arts Bldg.

BRADY COMMONS GALLERY: An exhibit featuring photography, graphics, drawings and paintings by Media Center students is being presented through Sept. 19. A closing reception will be from 4:30-6 p.m. Sept. 19 in the gallery. Hours: 10 a.m.-5 p.m. Monday through Friday and 10 a.m.-4 p.m. Saturday.

JESSE AUDITORIUM LOBBY: "Teams, Trucks, Tri-Motors, and Trains: the Transportation Paintings of Ollie C. Ziegler," showcasing the contributions Missouri has made to the history of transportation, is being presented through December.

MEMORIAL UNION DISPLAY CASE: "Reclaiming the Land," an exhibit on early erosion experiments, is on display through September. Exhibit compiled and presented by University Archives.

STATE HISTORICAL SOCIETY: The gallery, in the east end of Ellis Library, is featuring "Remember the War... 50 Years Ago," with oils and lithographs by Thomas Hart Benton and wartime editorial cartoons by Daniel Fitzpatrick; and "The Colored Engravings of Karl Bodmer," both through mid-December. The corridors are featuring "Salon Photographs by Andy Tau" and "Decades: 1882 to 1972, Editorial Cartoons," through mid-December. The gallery is open from 8:30 a.m.-4 p.m. Monday through Friday. The corridors are open from 8 a.m.-4:30 p.m. Monday through Friday and 9 a.m.-4:30 p.m. Saturday.

WOMEN'S CENTER: "Mixed Media" by Jennifer Taylor is showing through Sept. 30, and an exhibit by survivors of sexual assault is on display through Sept. 20 in 229 Brady Commons.

"Biochemical Alterations in B Cells Induced as a Consequence of Direct Contact With Helper T Cells" at 1:40 p.m. in M640 Medical Sciences Bldg.

PLANT PATHOLOGY: James Theuri will present "Decline of Specific Infectivity of Bean Pod Mottle Virus (BPMV) as Influenced by the Host and Environment" at 3:30 p.m. in 200 Waters Hall.

RAPE AWARENESS WEEK: Jessica Hinz, Women's Center rape education intern, and Deb Goldfine, Women's Center counseling intern, will present "Someone You Know: How to Help a Friend," at 4 p.m. in 233 Brady Commons. "Sex, Lies and Videorapes II" will be presented by Jessica Hinz; Laura Hacquard, coordinator in the Women's Center; and Allyson Hawkins, rape education coordinator, at 7 p.m. in the Arts and Science Aud.

ECOLOGY AND EVOLUTION SEMINAR: "Evolution of Vertebral Number in Garter Snakes" will be presented by Steven Arnold, of the University of Chicago, at 7:30 p.m. in 106 Lefevre Hall.

MSA/GPC SPECIAL EVENT: The Parsons Dance Company will perform at 8 p.m. in Jesse Aud. Cost: \$13, \$10 students.

MSA/GPC FILM: *Black Like Me* will be shown at 8 p.m. in Ellis Aud. Cost: \$1.50 public, free for MU students with ID.

RETIREES: The MU Retirees Association will meet at 9 a.m. in Memorial Union Aud. Topics will include long-term health insurance and parking.

HEALTH INFORMATION CENTER: Rusk Rehabilitation Center will recognize National Rehabilitation Week by providing information from the American Disabilities Association at 10 a.m. at the center in the Columbia Mall.

RAPE AWARENESS WEEK: Luci Lee, psychologist at the Center for Family and Individual Counseling, will present "Rape in the Family" at noon at the Women's Center, 229 Brady Commons.

FALL CONVOCATION: Faculty, staff and recent retirees with 25 years of service will be honored at 1:30 p.m. in Jesse Aud. Peter Raven, director of the Missouri Botanical Gardens and a former member of the Board of Curators, will speak. A reception will follow in the Jesse Hall rotunda.

PUBLIC POLICY DIALOGUES: The Office of Public Policy Resources will sponsor "Integrating Natural Resources and Environmental Resource Policy Issues" from 3:30-5 p.m. in S206 Memorial Union.

BIOCHEMISTRY SEMINAR: Vern L. Schramm, professor of biochemistry at the Albert Einstein College of Medicine, will present "Transition State Analysis for Enzymes of Nucleotide and Nucleoside Metabolism" at 3:40 p.m. in 18 Tucker Hall.

NUTRITION RESEARCH SEMINAR: John Erdman, professor of food science and nutrition at the University of Illinois-Urbana, will present "Beta-carotene: Animal Models to Study its Metabolism" at 3:40 p.m. in 103 Animal Sciences Center.

RAPE AWARENESS WEEK: See Highlights.

MID-MISSOURI PEACEWORKS: Mark Haim, Peaceworks director, will present "Energy, Peace and the Environment," at 7:30 p.m. in S206 Memorial Union.

RELIGIOUS STUDIES: David Griffin, professor of philosophy and theology at

Your Passport to Save

The Performance Passport offers four admissions to any of our concerts. You can redeem these coupons for any of the performances you want. That's four tickets for just \$60--or \$15 a ticket. What a deal! Buy your Passports and get great seats September 16-20 by redeeming them at the Jesse Box Office for the performances of your choice. Individual tickets are available September 23-27. Get ready for a season of exciting performances from the Concert Series.

ATTENTION:

Faculty and Undergraduate Advisers

All undergraduate students who have completed **60 to 75** hours of course credit **will be required** to take the Undergraduate Assessment Test (C-BASE) **before registering for next semester.** This requirement has been established by the University Board of Curators and must be completed.*

REGISTRATION:

Students should register between 8 a.m. and 5 p.m. at 208 Brady between Sept. 18 and Oct. 11 for a specific examination time. Students should register early to assure a convenient testing time.

EXAMINATION TIMES:

DAY	DATE	TIME
Monday	Sept. 30	1:30 p.m. to 5:30 p.m.
Tuesday	Oct. 1	6 p.m. to 10 p.m.
Wednesday	Oct. 2	1:30 p.m. to 5:30 p.m.
Wednesday	Oct. 2	6 p.m. to 10 p.m.
Thursday	Oct. 3	1:30 p.m. to 5:30 p.m.
Thursday	Oct. 3	6 p.m. to 10 p.m.
Saturday	Oct. 5	8 a.m. to noon
Monday	Oct. 7	1:30 p.m. to 5:30 p.m.
Tuesday	Oct. 8	6 p.m. to 10 p.m.
Wednesday	Oct. 9	1:30 p.m. to 5:30 p.m.
Wednesday	Oct. 9	6 p.m. to 10 p.m.
Thursday	Oct. 10	1:30 p.m. to 5:30 p.m.
Thursday	Oct. 10	6 p.m. to 10 p.m.
Saturday	Oct. 12	8 a.m. to noon

* UNIVERSITY POLICY:

1. Students must have earned **45** credit hours prior to sitting for the examination.
2. All students who have earned **more than 75** credit hours prior to Fall Semester 1991 are exempt from taking the examination.
3. Students who have taken **C-BASE previously** to gain professional standing in the **College of Education** have already completed this requirement.
4. Transfer students who have earned **60 or more** credit hours must take the examination.
5. Students readmitted to MU who earned **75 or fewer** credit hours when last enrolled prior to Fall Semester 1991 must take the examination.

TAILGATE VI

Sixth Annual Tailgate Party and Game

Saturday, September 28, 1991. Reservation deadline: Thursday, September 26.

We're teaming-up to get steamed-up for the Tigers at this special shindig . . .

WHEN AND WHERE: 10:30 - 12:30 Tailgate party
South side parking lot of Hearnes.
1:00 Kickoff MU vs Indiana
Faurot Field

WHAT:

- lots of food & beverages. . . free gifts. . . great fun!
- special guests including former Mizzou leading rusher and consensus first-team all-Big Eight selection Tony Galbreath; several players from Norm Stewart's 1991 Tiger basketball team; the Tiger cheerleaders; the Golden Girls; and Missouri's mascot, Truman the Tiger
- reserved game tickets with special block seating for employees of The Can Do Crew and The Staff for Life

COST: \$10.00 per person, tailgate party and MU-Indiana football game
\$3.00 tailgate party only

Get your tickets now (while the supply lasts). . . and join the fun at our sixth annual tailgate party! Sales are limited to employees (including their immediate family members) of the Hospital & Clinics and Administrative Services. Employees of the University Hospital & Clinics may purchase tickets at: the UHC Personnel Office; the Rock Quarry Accounting Office; and the Ellis Fischel Personnel Office. Sales outlets for Administrative Services employees include: the General Services Building (Campus Facilities); the Heinkel Building (Campus Computing); Room 311 Jesse Hall; Printing Services; and KOMU-TV.

TONY GALBREATH. . . Former Mizzou Co-captain and leading rusher during the 1974 and 1975 seasons. After achieving first-team all-Big Eight honors for the Tigers, Tony went on to an outstanding thirteen year career in the NFL playing for the New Orleans Saints, the Minnesota Vikings and the New York Giants — and contributed to the Giants victory in Super Bowl XXI. MU fans voted last year to make Tony a member of the Tigers' 25-man, all century team. Come meet Tony Galbreath as he comes back to ol' Mizzou!
