

MIZZOU

W E E K L Y

University of Missouri-Columbia / Sept. 29, 1993

Lending a hand

MU's United Way drive opens, with funds aiding 28 social service agencies.

Inspired by last year's record-breaking campaign, the University is ready again to raise money and awareness for the United Way. Last year, the University raised more money for the Columbia Area United Way than it ever had before. This year, the goal is \$233,111.

"We at MU are happy with our positive relationship with the Columbia community," says Chancellor Charles Kiesler. "Contributing to the United Way is one of the best ways for us to give back to the community." Kiesler and UM System President George Russell are honorary chairmen of the University's 1993 campaign.

The campaign has a new leadership structure this year,

called Tri-Chairs. They are Meg Jablonsky, manager of social services at University Hospitals and Clinics; Rose Porter, associate dean of nursing at MU; and Dave Lendt, director of UM System University Relations. This marks the first time three individuals have served as co-leaders. "The Tri-Chairs reflect the diversity of MU and the UM System," Porter says. "It is symbolic of the teamwork and cooperation involved."

She notes that money contributed to the United Way helps to fund 28 social service agencies in the Columbia area, ranging from day-care services for the needy to meals for the elderly. Last year, a total of 61,730 people in the area — 55,430 from Boone County — were helped in one way or the other by United Way agencies. "The beauty of it is that the money raised here, stays here," she says.

Jan Van Buren, assistant dean of human environmental sciences, will head Academic Region I. The goal to reach is \$67,602. Academic Region I is composed of the School of

Medicine, College of Engineering, College of Human Environmental Sciences, School of Journalism, College of Business and Public Administration, School of Library and Information Science, College of Education, Graduate School, and Research Centers.

In charge of Academic Region II's effort to raise \$55,947 is Pulletta King, manager of business services with the veterinary diagnostic lab. The region is made up of the College of Agriculture, Food and Natural Resources, College of Arts and Science, Division of Extension, College of Veterinary Medicine and the School of Nursing.

The Administrative Region will be led by Suzanne Holland, director of Student Development. The Administrative Region consists of Student Affairs, Alumni Relations and Development, Chancellor's Office, University Affairs, the Office of the Provost, Intercollegiate Athletics, Administrative Services, Business Services, Computing Services, Campus Facilities, MU Libraries, KOMU-TV and Personnel Services. The goal of the region is \$37,298.

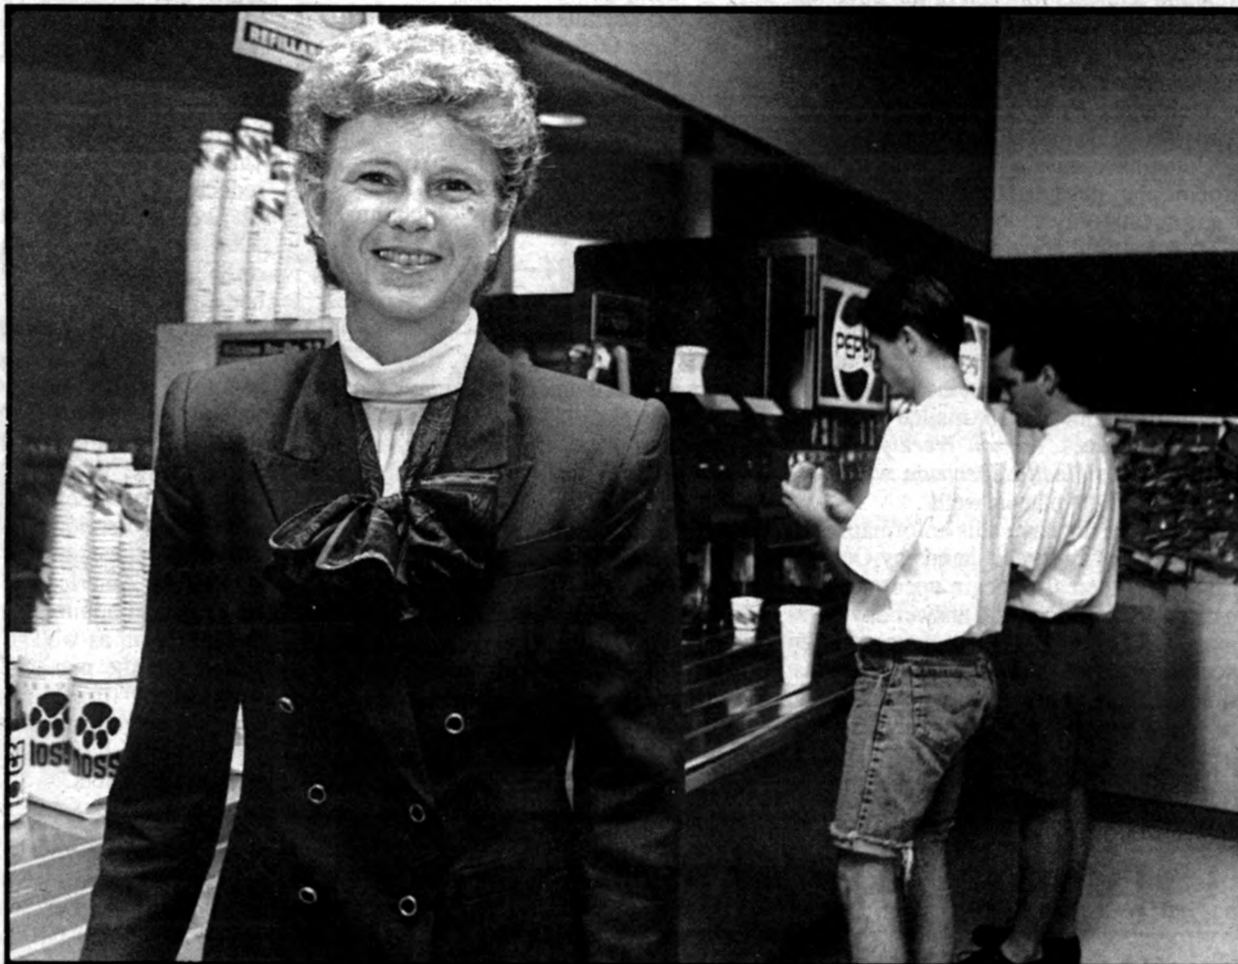

Leading the University Hospitals and Clinics' goal to \$23,311 are Bill George, manager of Pastoral Care; Denise Matroni, assistant manager of Human Resource Services at Ellis Fischel Cancer Center; and Toni Piper, senior secretary at Rusk Rehabilitation Center. The region is composed of Business and Support Services, Clinics, Ellis Fischel Cancer Center, Financial and Facility Services, Marketing/Fund Development, Patient Services, Rusk Rehabilitation Center and University Physicians.

In addition to serving as a tri-chair, Lendt will be in charge of the UM Region in its effort to raise \$23,311 and the Retirees' Region as it attempts to raise \$25,642. The UM Region consists of Academic Affairs, the Board of Curators, Management and Financial Services, Human Resource Services, Institutional Research, President's Office, Treasurer's Office, State Historical Society and Internal Auditing. The Retirees' Region will reach out to all MU and UM System retirees living in Boone and surrounding counties.

The campaign closes on Nov. 5, with an awards ceremony scheduled Dec. 1.

As the new director of Campus Dining Services, Julaine Kiehn has a plateful of goals for her unit.

Nancy O'Connor photo

Tasting success

Julaine Kiehn named director of Campus Dining Services.

The food service business these days is a lot different than it used to be. Ten or 15 years ago, you'd put one or two entrees in front of customers — most certainly meat dishes — toss in a salad and a side order or two, and that would be it.

"These days, people want choice," says Julaine Kiehn, the new director of Campus Dining Services. "They also want speed, quality and convenience." It's a big order to

fill, but Kiehn and her staff of 150 are filling it — and searching for new ways to improve the product.

While she may be the new director, Kiehn is no stranger to Mizzou. She began here in 1987 as assistant director of the dining service, and since last fall has been interim director. In those six years she has had a hand in a variety of improvements, some rather dramatic. Witness Eva J's, for instance, the

all-new, neon-lit dining hall in Johnston-Wolpers, which features salads, a pasta/potato bar, stir-fry foods, a deli bar, grilled sandwiches and desserts. It's just down the street from Hitt Street Market and the Subway, the Pershing Group's new operation designed for those who want to buy food and prepare it themselves, or would like a brand-name sandwich for lunch.

Brand names will play a larger part in Mizzou's food operation in the future, Kiehn says. She and her staff are preparing for a major change at Brady Commons, where food stations offering chicken, pizza, hamburgers, Mexican-style food, gourmet coffee and yogurt/ice cream will replace the old Brady Grill. The renovation will begin this winter, and most of the stations will be

run by brand-name operations. "We're still working out the details, so I can't say a lot more," she says. "But we're really excited about it."

Other changes may not be so obvious, but are there. Campus Catering has grown by leaps and bounds in the past five years, and is implementing a strategic plan to improve its service. Another convenience store, the Blair Oasis, will open in the Blair residence group this winter. A new program, Faculty Fellows, will offer free meals to faculty members who assist students in group study sessions in the Dobbs dining hall. "We want our students to be successful here, and are glad our operation can play a part in that," Kiehn says.

The new director says the University is still studying various options for dining operations at the Memorial Union. For now, the Union Cafe will stay. But that doesn't mean things are static. "We continue to improve our selections, based on customer suggestions," Kiehn says. "I've always thought of the Union Cafe as a place where you can get a good old-fashioned lunch, and a lot of our customers keep coming back because of that." Even within those parameters, though, subtle changes are at work. "When we serve pasta these days, we'll have a choice of a marinara or a meat sauce. At one time, it would have been only a meat sauce. And we always have at least one entree that is low in fat."

A registered dietitian, Kiehn was raised in Iowa, holds two degrees from Iowa State University, and taught high-school home economics after graduation. Her accomplishments at Mizzou are praised by Charles Schroeder, vice chancellor for Student Affairs. "She has demonstrated superior administrative leadership, tenacity and a thorough understanding of the complexities of a comprehensive university food service," he says. "She is the ideal choice for this position."

Kiehn gives the credit to her staff. "We are responsible for four dining halls, four snack bars, three convenience stores, two restaurants, and vending and catering services," she says. "To be successful in an operation this size, you must have a good staff. We do, and they make it work."

CAMPUS TO WELCOME VICE CHANCELLOR

Faculty, staff and students are invited to a campus welcome for Charles Schroeder, MU's new vice chancellor for Student Affairs, and his wife, Barbara.

The event will be from 4 to 6 p.m. Oct. 6 in the Great Room at the Reynolds Alumni Center. Chancellor Charles Kiesler and his wife, Teru Morton, will serve as hosts.

CHILD-CARE ANSWERS SOUGHT

A University child care task force needs your help in determining the level of interest in establishing a day-care center on campus.

Task force member Janet Waibel, administrative assistant in UM System University Relations, says a survey is being mailed to faculty and staff this week, and should be completed and returned by Oct. 15. "We know people are interested," Waibel says, "but we don't know, for instance, how much money they would be willing to pay for the service." Answers will help the task force determine whether it is feasible to issue a call for proposals.

She notes that the University had been negotiating earlier this year with the La Petite Academy of Kansas City to provide a facility, but those talks broke off when La Petite came under new ownership.

Waibel urges those with questions to contact a task force member: Rebecca Bohlmeyer, senior computer program analyst in UM Accounting; Claudia Jones, assistant director for Patient Services at University Hospital; Dennis Cesari, assistant vice president of UM Management Services; Larry Edwards, associate director of Campus Facilities; Jackie Jones, associate vice chancellor for MU Administrative Services; Sherry Kilgore, administrative assistant for the UM Treasurer; Catherine Volmert, administrative assistant in UM Management Services; or Waibel.

'BANNED' BOOKS ON DISPLAY

What do Nathaniel Hawthorne, Mark Twain, John Steinbeck, Stephen King, Gore Vidal and Madonna have in common? "Books by these authors have been banned or challenged in the past year," says Rob Bowling, supervisor of the general book department at University Bookstore.

The bookstore has created a special display for Banned Books Week, this week, and Bowling invites the University community to stop by. "We hope this observance will help people understand what happens when words and ideas are suppressed," he adds.

Staff discuss health plan

Changes that are coming to the University's medical insurance plan were the focus of discussion for the Staff Council Sept. 23. Chairman Bob Smith urged members to keep in touch with their constituents to see what concerns staff have about the new plan.

Smith noted that public meetings on campus beginning in mid-to-late

**Staff
Advisory
Council**
WORKING FOR YOU

October will give employees the opportunity to ask questions. "There are a lot of technical questions to be looked at and answered," said Smith, construction project manager with Campus Facilities.

Council member Jane Cooper, newcomer referral nurse at University Hospital's Health Information Center at Columbia Mall, said she has received a number of calls from staff who ask about the new health plan.

"They have questions about how it's going to work," Cooper said. "We understand there are still some details that haven't been worked out. People need to take it seriously and seek out information if they have questions. They should check with the staff benefits office or with their supervisors."

Staff should look at their individual situations when they select a health-care option, Cooper added. The impact of the various options might be different for staff members who are required to take expensive medication for a chronic health problem, or those who have children who attend out-of-state colleges.

Marjorie Marberry, accounting and budget manager at the School of Medicine, urged employees to read everything available on the new plan. "The whole managed care idea is not what people are used to doing," she said.

Cooper also noted that General American, the plan's administrator, is contacting area physicians now to recruit doctors for the point-of-service network, one of three options in the new health plan. Staff can call a toll-free number to suggest physicians for the network. "They are interested in getting feedback. Now is the time to call," she said. The toll-free number is 1-800-627-0607.

Employees, retirees to receive details of medical plan soon

Mizzou employees and retirees should have the full details of the University's new managed-care medical insurance plan by the middle of October, says Jim McGill, UM System vice president for Administrative Affairs.

Those details will include the monthly premium amounts for each of the three options: a health maintenance organization provided by University Hospital and University Physicians; a point-of-service plan provided by University Hospital, University Physicians, Boone Hospital Center and a network of Columbia-area physicians; and a catastrophic plan, designed for those who wish to insure against only major-cost illnesses. The information will provide case studies and give other particulars of how the various options would work.

A list of Columbia-area physicians who have agreed to participate in the point-of-service plan also will be included in the information, which will be mailed to faculty, staff and retirees. *Mizzou Weekly* and the UM System's *Health Spectrum* will carry the details of the plan as well.

"We hope to have this information in employees' and retirees' hands by Oct. 15, and shortly thereafter begin open meetings to discuss the options and answer any questions," McGill says. As was the case when the framework of the plan was unveiled last summer, there will be general meetings on the four campuses, as well as special meetings that may be requested by large departments. Some meetings will be held in the

Medical plan timeline

- **Mid-October** — Employees and retirees will receive full plan details by direct mail.
- **Late October to early November** — Open meetings will be held to discuss the plan and answer questions.
- **Late October to mid-November** — Employees and retirees may sign up for one of the three options.
- **Jan. 1, 1994** — New medical insurance plan goes into effect.

evening to accommodate as many employees as possible.

The sign-up period most likely will begin in late October and continue through mid-November. The plan goes into effect Jan. 1.

Ken Hutchinson, UM System associate vice president for Human Resource Services, stresses that the University's current Preferred Provider Organization plan will end on Dec. 31. "If employees and pre-age-65 retirees want medical insurance with the University, they must sign up for one of the three options," he adds. "Those who fail to do so will not have medical insurance with the University on Jan. 1." Post-age-65 retiree

enrollments will be handled automatically, if the retiree does not choose the catastrophic option.

Every effort is being made to identify faculty and staff who currently are on leave, to ensure that they receive the materials and have the chance to select an option. "We know that some are out of the country," Hutchinson says. "We're working with the deans and department heads to reach these people."

Under the new plan, which was approved by the Board of Curators Sept. 9, the University's overall health-care costs will be reduced approximately 9 percent next year. The cost is estimated at \$42.4 million for 1994, compared with \$46.2 million this year, or \$53.1 million for 1994 if the University had kept its PPO plan.

In most cases, premium amounts for the HMO and the point-of-service plan will be less than what employees and retirees are paying now under the PPO's \$250 deductible. "We're still fine-tuning the details," McGill says. "Some employees may not see premium decreases, but most will." Generally, HMO premiums will be lower than the point-of-service option.

General American, the University's current medical administrator, will administer the new plan as well. Express Scripts will administer the managed prescription drug portion of the plan, and American PsychManagement will administer the managed mental health and chemical dependency component.

Giving credit where due

Hometown Connection spreads the word of accomplishments by Mizzou students.

If you're a faculty or staff member with good news to share about a student, Lesley Nelson wants to hear from you.

Nelson, a senior advertising major from Pasadena, Calif., is coordinator of MU's Hometown Connection. This High School and Transfer Relations program aims to inform residents of the student's hometown of his or her achievements at Mizzou.

"We're looking for students who have received fellowships, special scholarships, awards, or otherwise have distinguished themselves academically," Nelson says. "We want to let their friends and relatives back home know how well they are doing. Plus, we know

that students like to be recognized."

When Nelson receives word of a student's accomplishments, she calls the student to receive other information and set up a photo session. The information is written into a news release, which is sent to the student's hometown newspaper, along with the photo-

graph. The Hometown Connection collects newspaper clippings, which are passed on to the student. "And we send a thank-you note to the faculty or staff member who told us about it," Nelson adds.

The Hometown Connection has sent a mailing to all departments, including an explanatory letter and form. Additional forms are available from Nelson at 219 Jesse Hall, or by calling 882-2456.

Or you can call in your news at that number.

"Not all students may know this service exists," Nelson says, "so we're counting on faculty and staff to help spread the word."

FOR THE
RECORD

STAFF DEVELOPMENT DEADLINE:
Applications for the latest round of Staff Development Awards must be received by Sept. 30. The grants will be available in November. With questions, call the Staff Council office at 882-4269.

MAMET PLAYS IN REPERTORY

You didn't see it on the regular schedule — the announcement was made only last week — but the Department of Theater is presenting something new this year. Associate Professor Richard Klepac will direct two David Mamet comedies that will be presented in repertory one weekend a month.

Sexual Perversity in Chicago will be presented in the Memorial Union Auditorium Nov. 5 and 6, Jan. 21 and 22, and Feb. 4 and 5, and in the Corner Playhouse April 15 and 16. *Duck Variations* will be presented in the Memorial Union Auditorium Oct. 29 and 30, Jan. 28 and 29, and March 25 and 16,

and in the Corner Playhouse May 6 and 7. Several years ago, *Sexual Perversity in Chicago* was adapted into a movie, *About Last Night*, starring Demi Moore and Rob Lowe.

Tickets are \$3, with general admission seating. All performances begin at 8 p.m. For more information or to buy tickets, call 882-PLAY.

EXERCISE CLASSES HELP NEW MOMS

Exercise is especially important for a woman during the months before and after the birth of her baby. A prenatal exercise program can help make pregnancy easier, and a postpartum program involving the baby can meet the needs of the new mom while stimulating the development of the infant.

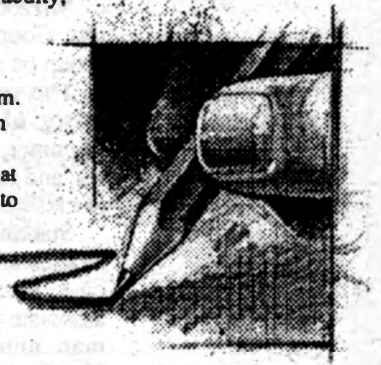

University Hospital and Clinics is now offering classes to pregnant women and new mothers. The four-week, eight-session classes are held from 6:45 to 8 p.m. Tuesdays and Thursdays at the Health Connection in Parkade Plaza, and the cost is \$25. Classes include aerobic activity, relaxation and breathing exercises, and infant massage. To register, call 882-8706.

WRITING-INTENSIVE SERIES BEGINS

The Campus Writing Program will present a new discussion series this year that uses case studies to reflect on teaching and learning in writing-intensive courses.

"The series, called 'Case in Point,' will be aimed at the experienced WI practitioner who has requested refresher opportunities," says director Marty Townsend. "New WI faculty, or those considering WI teaching, are welcome to participate with that in mind."

The first series, "Is There an Echo in Here?" will be presented from 3:40 to 5 p.m. today and Oct. 5 in 325 General Classroom Building. Jo Ann Vogt, learning resource specialist, will lead discussion on a case that examines the pitfalls of requiring students to revise their papers. The second case study will be presented Nov. 10 and 16.

LBC anniversary highlights 1993 Homecoming celebration

The silver anniversary of the Legion of Black Collegians is the centerpiece of Mizzou's Homecoming celebration this year. "The celebration of LBC's 25th anniversary marks a turning point in the history of the

African-American experience at MU," says Chancellor Charles Kiesler.

The festivities kick off with a multicultural extravaganza Oct. 14; will include a brunch, reception and a performance by current and

former members of LBC's gospel choir Oct. 16; and will conclude with a convocation ceremony Oct. 17. The convocation is in honor of blacks who were denied admission to MU in years past because of their race.

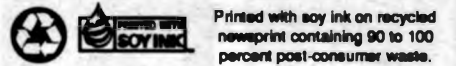

"This convocation is in their honor," says Aretha Jones, coordinator for the Black Alumni Organization. "We wish to invite them back to let them know we acknowledge the wrongdoing of those times."

MIZZOU WEEKLY

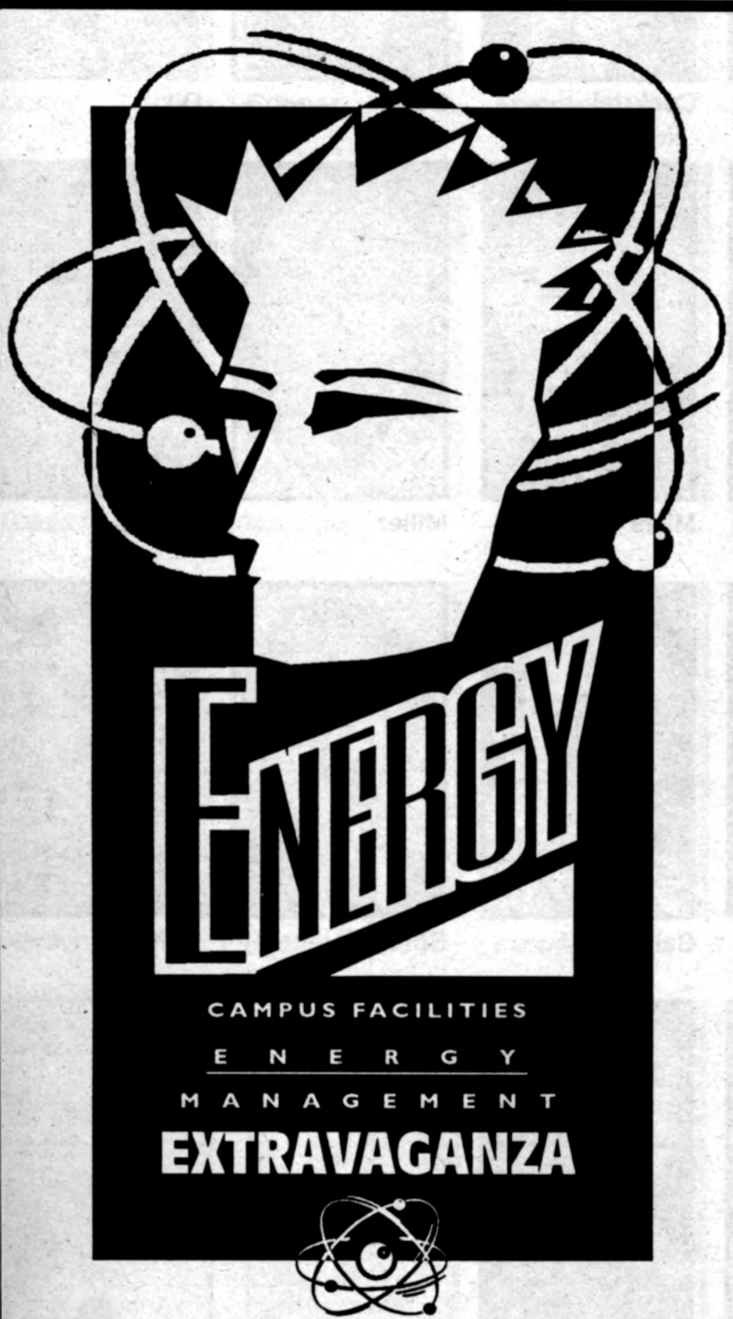

Vol. 15 No. 6

A publication of the University of Missouri-Columbia faculty and staff, published every Wednesday during the academic year and twice a month during the summer by Publications and Alumni Communication, a department of University Affairs, 407 Reynolds Alumni and Visitor Center, 882-7357. News deadline is noon Wednesday the week before publication. Annual subscriptions are available for \$20.

Council members represent faculty

Mizzou's faculty members select the Faculty Council to serve as a representative group on campus policy.

This year's chairman is Ed Hunvald, professor of law. Vice chairwoman is Pat Plummer, professor of chemistry and physics, and recorder is Eugene Lane, professor of classical studies.

Standing committee chairmen and chairwomen are: John Miles, professor of medicine, fiscal affairs; Hildegard Heymann, associate professor of food science and human nutrition, academic affairs; Jean Hamilton, associate professor of textile and apparel management, faculty affairs; Brent Jones, associate professor of veterinary medicine and surgery, student affairs; and Dean Schmidt, librarian IV at the Health Sciences Library, special projects.

Intercampus Faculty Council representatives are Hunvald, Plummer and Don Sievert, professor of philosophy. Sievert also serves as editor of *Faculty Forum*. Irv Cockriel, professor of education, is observer of the Board of Curators.

Members are:

■ Gary Allee, professor of animal science

- John Bauer, professor of medicine
- Hardeep Bhullar, associate professor of natural resources
- Bob Birkenholz, associate professor of practical arts and vocational-technical education
- Dale Blevins, professor of agronomy
- Irv Cockriel, professor of higher and adult education and foundations
- Vicki Conn, associate professor of nursing
- Jay Dix, associate professor of pathology
- Jean Hamilton, associate professor of textile and apparel management
- Hildegard Heymann, associate professor of food science and human nutrition
- Ed Hunvald, professor of law
- Brent Jones, associate professor of veterinary medicine and surgery
- Eugene Lane, professor of classical studies
- John Miles, professor of mechanical and aerospace engineering
- Kerby Miller, professor of history

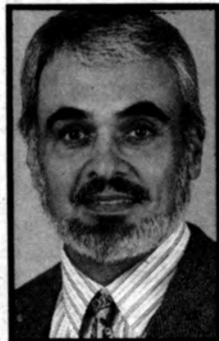

- Loren Nikolai, professor of accountancy
- Deborah Pearsall, associate professor of anthropology
- Larry Penney, associate professor of obstetrics and gynecology
- Glenn Pierce, associate professor of Romance languages
- Pat Plummer, professor of chemistry and physics
- Michael Prewitt, assistant professor of health related professions
- Kit Salter, professor and chairman of geography
- Dean Schmidt, librarian IV at the Health Sciences Library
- Dennis Sentilles, professor of mathematics
- Don Sievert, professor of philosophy
- Mary Ellen Sievert, associate professor of informational science
- Harry Tyrer, professor of electrical and computer engineering
- Betty Winfield, professor of journalism
- Don York, professor of physiology
- Warren Zahler, associate professor of biochemistry

Voice of the staff

MU's Staff Advisory Council has been around since 1978, representing the interests of administrative, service and support staff from across campus. The group serves as an advisory board to the chancellor.

The 16 council members are elected by their peers to serve three-year terms. The council meets twice a month to discuss issues of concern to staff, and meetings are open to the public. There are four members from each of the four job categories at MU. Officers for the 1993-1994 academic year are Bob Smith, chairman; JoAnn Williamson, vice chairwoman; and Evelyn Gallup, recorder.

Members are:

- Susan Coats, staff nurse II with University Hospital and Clinics
- Jane Cooper, newcomer referral nurse specialist with University Hospital and Clinics
- Stan Freeman, electrician with Residential Life
- Evelyn Gallup, data entry operator II with Accounting Services
- Kay Glass, radiation therapist at Ellis Fischel Cancer Center

- Karen Maddox, administrative assistant with Campus Dining Services
- Marjorie Marberry, accounting and budget manager at the School of Medicine
- Kenneth Martinez, hospital security officer II at University Hospital and Clinics
- Ann Nadler, clinic manager at the Student Health Center
- Karen Neese, licensed practical nurse at the Student Health Center
- Robyn Pursifull, pharmacy technician II at Ellis Fischel Cancer Center
- Eric Shepherd, sergeant with University Police
- Bob Smith, construction project manager with Campus Facilities
- Donna Taylor-Stearns, administrative assistant in the Department of Anatomy and Neurobiology
- John Van Hook, maintenance service attendant with University Hospital and Clinics
- JoAnn Williamson, administrative assistant with Ellis Fischel Cancer Center

Focus on Faculty Seminar Series

Computers are playing an increasing role in academics. In response to the growth in the use of computing resources at MU, Campus Computing has added the following seminars, designed especially for faculty members, to our regular short course series. Call us at 882-2000 to enroll.

Using Gopher on the Internet

October 1, 1:30 - 4:30 pm
226 Heinkel Building

This course is designed to show how the Internet Gopher can be used to locate information on the Internet.

Using Telnet To Access Remote Computers

October 8, 1:30 - 4:30 pm
226 Heinkel Building

This class demonstrates the use of telnet for on-line access to remote computers. Use of card catalogs will be demonstrated by Mike Muchow of Ellis Library.

Accessing Research and Grants Information

October 15, 1:30 - 4:30 pm
226 Heinkel Building

Dola Haessig of the Office of Research will demonstrate means of accessing information about grants and research opportunities on-line.

Campus Computing

HELP SPREAD THE NEWS!

The MU Hometown Connection is designed to promote a positive image of MU. News releases will be sent to students' hometown newspapers to publicize their accomplishments on campus. If you know of students that deserve special recognition, let us know! Please send the information or call :

CALENDAR

Send calendar items in Campus Mail to John Hilderbrand, 407 Reynolds Center, by noon Wednesday the week before publication. Events are free and open to the public unless otherwise noted.

EXHIBITS 29 Wednesday

ROGERS GALLERY: "Virtual Place" by Birgit Wassmuth, associate professor of journalism, a collage of photographs, computer art and maps, is on display at the gallery in Stanley Hall through Oct. 29.

BINGHAM GALLERY: "A Spiritual Appreciation of Simple Realities: Drawings by Rose Gonnella" is on display at the gallery in the Fine Arts Building through Nov. 12.

JESSE HALL ROTUNDA: "A Golden Age of German-American Culture: Hermann, Mo., 1895-1920" is on display through September. Exhibit features historic photographs by Edward J. Kemper, printed from the original glass plates by Oliver Schuchard, professor of art.

MUSEUM OF ART AND ARCHAEOLOGY: "The Stories of Gods and Goddesses: Mythological Themes in Western Art," is on display through Nov. 21. "Selections from the Permanent Collection of Ancient Art" is on display through June 1994. The museum, in Pickard Hall, is open from 9 a.m.-5 p.m. Tuesday through Friday and noon-5 p.m. Saturday and Sunday.

SCHOOL OF NURSING: "In the Beginning," an exhibit featuring materials relating to the history of the school, 1901-07, is on display in the main lobby until November. Exhibit is presented by the University of Missouri Archives.

STATE HISTORICAL SOCIETY: The works of the late Lawrence McKinin, who taught at Mizzou from 1948 through 1979, are on display in the gallery through mid-December. The Peter Mayo editorial cartoon collection is on display in the north-south corridor, and "Decades: 1883 to 1963, Editorial Cartoons," is on display in the east-west corridor, both through mid-December. The gallery, in the east end of Ellis Library, is open from 8:30 a.m.-4 p.m. Monday through Friday. The corridors are open from 8 a.m.-4:30 p.m. Monday through Friday and 9 a.m.-4:30 p.m. Saturday.

UNIVERSITY HOSPITAL: The eighth annual Staff for Life Art Show, featuring basketry, ceramics, drawings, fibers, paintings, photography, printmaking, sculpture and stained glass, is on display through Sept. 30 in the University Hospital and Ellis Fischel Cancer Center lobbies.

ENGINEERING EXTENSION: A three-day professional engineer preparation course begins today and runs through Oct. 1 in the Memorial Union. Cost: \$595. Call Linda Rodden at 882-3088.

MEDICAL INFORMATICS GROUP: "High Performance Computing for the Sciences" will be discussed by Gordon Springer, associate professor of computer science, at 11:30 a.m. in 606 Lewis Hall.

PHYSIOLOGY SEMINAR: "Renal and Cardiovascular Studies in Hibernators" will be discussed by Marvin Zatzman of the Department of Physiology at 2:40 p.m. in M437 Medical Sciences Bldg.

CAMPUS WRITING PROGRAM: "Is There an Echo in Here?" a case study examining the pitfalls of requiring students to revise their papers, will be presented from 3:40-5 p.m. in 325 General Classroom Bldg. The second session will be Oct. 5, at the same place and time.

WOMEN'S CENTER: "Lesbian Identities In Community: Presentation To The American Folklore Society" will be presented at 7 p.m. in 229 Brady Commons.

MUSE MEETING: The Columbia Area Macintosh Users group will meet at 7 p.m. in 214 Neff.

PEACE STUDIES FILM: *Romero* will be shown at 7 p.m. in 40A Arts and Science Bldg.

BIOLOGICAL SCIENCES SEMINAR: John Doebley of the University of Minnesota will present "Genetics, Development and the Morphological Evolution of Maize" at 7:30 p.m. in 106 Lefevre Hall.

30 Thursday

CHOLESTEROL HEALTH TESTS: University Hospital will offer lipid profiles

from 8 a.m.-noon at the Health Information Center in Columbia Mall. Cost: \$20. A total cholesterol screening is available from 3-5:30 p.m. at the same location. Cost: \$14.

RURAL SOCIOLOGY LECTURE: Gejza Blaas, director of the Institute for Agricultural Economics in Bratislava, Slovakia, will discuss "Agricultural Restructuring and Privatization Issues in Slovakia" at 3:30 p.m. in 3 Hulston Hall.

FACULTY COUNCIL: Group will meet at 3:40 p.m. in S110 Memorial Union.

UNIVERSITY HOSPITAL: The sickle cell support group will meet at 7 p.m. at the Health Information Center in Columbia Mall.

FINE ARTS SERIES: The Department of Theater will present the comedy *On the Verge*, directed by Woody Hood, at 8 p.m. in the Corner Playhouse. Cost: \$5. Call 882-7529.

October 1 Friday

RECREATION/INTRAMURALS: A 5-K run will be held today. Sign up in 320 Student Recreation Center, or call 882-2066.

MARGARET MANGEL LECTURESHIP SERIES: Three lectures are scheduled today as part of this annual event, presented by the College of Human Environmental Sciences. Maggie Finefrock, former director of Harmony in a World of Difference, a Kansas City agency, will present "Finding Harmony in a World of Difference" at 9:40 a.m. in the Reynolds Center. Daryl Hobbs, director of the Office of Social and Economic Data Analysis at MU, will discuss "Demographic and Social Trends Shaping Our Society" at 1:40 p.m. in the Reynolds Center. The keynote address, "Composing Our Differences," will be presented by Mary Catherine Bateson, president of the Institute for Intercultural Studies in New York City, at 3:40 p.m. in Jesse Aud. A reception and banquet will be held at the Reynolds Center, beginning at 5:30 p.m. Reservations are required for the banquet. Call 882-6227.

MSA/GPC EVENT: An international coffee hour will be held at 2:30 p.m. in A022 Brady Commons.

ENTOMOLOGY SEMINAR: John Ikerd, professor of agricultural economics extension, will present "Sustainable Agriculture: A Systems Approach" at

Across the United States of [CENSORED], a supposedly [CENSORED] country, hundreds of perfectly legitimate works of literature, recognized globally for their [CENSORED] merit have been and are being censored from the public. Fanatical [CENSORED] groups are trying (and succeeding) to dictate what you [CENSORED]. What is good. What is pornography. What they believe to be worthwhile. Join us in celebrating great [CENSORED] that have previously fallen [CENSORED] the category of 'banned books' throughout the history of this ridiculously repressive and destructive [CENSORED].

IDIOCY IS UNHEALTHY!

BANNED BOOKS WEEK, SEPT.26 THRU OCT.2, CELEBRATING THE FREEDOM TO READ.
