## Thelen finds movements 'preprogrammed' in babies

In the future doctors may diagnose abnormalities in babies by watching how they kick and rock, believes UMC psychologist Esther Thelen.

Based on her research here, Thelen concludes that normal babies are "pre-programmed" to kick, rock and perform similar motions in a certain pattern in order to develop the muscles and coordination needed for crawling and walking.

"All the normal infants we've studied perform almost identical rhythmic motions, and different motions appear in the same sequence," says Thelen, "so if an infant doesn't begin kicking after a certain period of time we have good reason to suspect a neurological or physical problem."

By establishing the pattern for healthy infants, and for ones with conditions such as cerebral palsy, doctors should be able to diagnose problems at a very early stage and begin treatment before the situation worsens, Thelen believes.

Observing 20 healthy babies twice a month for one year, she discovered that all exhibited the same motions. New activities, such as kicking both legs instead of just one, appeared in the same sequence in every infant.

Studying kicking patterns in month-old infants using a slow-motion recording system, Thelen, one of only a handful of scientists in the U.S. studying motor development in infants, found that the duration of the kick outstroke was constant from infant to infant. However, the

time the leg remained extended was variable, a pattern which closely resembles what happens when adults walk.

Putting these facts together led Thelen to conclude that infants are born with, or develop shortly after birth, the proper neural connections for walking.

There is increasing evidence from many sources that a highly specific and very well adjusted neural pattern for walking is present in babies all along, says Thelen, who notes that little research on locomotion in babies has been done since the 1930s.

"It is interesting that these very regular and predictable motions are present at an age when no other activity is so well-organized, except sucking," Thelen says.

## Staff award forms delivered with Mizzou

Nomination forms for staff recognition awards are being distributed with the March edition of Mizzou Monthly. The four \$750 awards, funded by the Alumni Development Fund, are to recognize outstanding UMC support staff members.

Faculty, staff or students can nominate as many full-time staff members for the awards as they wish but self-nominations will not be accepted. If more forms are needed, call Alan Jones, library gifts and exchange, 882-4757; or Brenda Procter, Center for Independent Study, 882-2491.

One award will be presented to a staff member in each of the four staff sub-groups: administrative/professional, secretarial/clerical, technical/paraprofessional and crafts/maintenance.

The awards ceremony and a reception at the Chancellor's residence for the award-winners will kickoff a special staff Recognition Week, April 21-25.

Deadline for nominations is March 21. Nominations should be sent by campus mail to Alan Jones, Gifts and Exchange, Ellis Library.

## Symposium salutes Meyer Reinhold

The Department of Classical Studies will recognize the contributions of Meyer Reinhold, professor to the University with "The Classical Spirit: A Symposium in Honor of Meyer Reinhold" April 11 and 12.

The symposium, which marks Reinhold's retirement from the University, includes two panels featuring classicists from around the country presenting papers in areas that engaged Reinhold during his 50-year career.

A cocktail party and banquet April 11 at the Campus Inn will feature Naphtali Lewis of Yale University, speaking on "Respite, Adspice and Prospice."

Before coming to UMC in 1967, Reinhold taught at Brooklyn College and Southern Illinois University. He is a fellow of the America Academy of Rome and Byler Distinguished Professor at UMC. After retiring, he will become a member of the Academy of Independent Scholars.

The symposium is also being sponsored by the Development Fund, the College of Arts and Sciences, the Graduate School and the Provost for Academic Affairs. For more information, contact the Department of Classical Studies, 882-3340.

## Can faculty and staff on unpaid leave continue their staff benefits?

The University's benefits program continues to cover employees on unpaid leave, regardless of where they may travel, including service or travel in foreign countries. Persons going on a leave of absence should get in touch with the staff benefits office and let us know whether to continue their benefits. They

also need to leave their forwarding addresses with us so we can send a statement each month for premiums due.

**Is it true that I have to enroll my spouse in the medical plan, whether I want to or not? Does it matter whether my spouse works for the University? Why can't I just enroll myself?**

Presently, if a faculty or staff member

enrolls in the University's medical benefits plan, he or she has to enroll all eligible dependents. If both spouses work for the University, however, each can enroll singly in his or her own plan. The premium charges are actually less this way.

You will be happy to know that one of the recommendations of the Retirement and Staff Benefits Committee recently

submitted to President Olson addressed the dependents issue. The committee stated that such a requirement was contrary to the culture of two-worker families of the 1980s, and recommended that it be changed, particularly since they say there is no cost associated with the change.

—Leroy Sharp  
Supervisor, UMC Staff Benefits

## Announcements

### Nominations sought for Byler Award

The Byler Award Committee is now inviting faculty nominations for the 1979-80 Byler Distinguished Professorship, according to associate provost Luverne Walton.

Members of the following departments are eligible to be nominated or to nominate faculty from their own or other departments: anthropology, art, art history and archaeology, classical studies, economics, English, Germanic and Slavic Studies, history, music, philosophy, political science, Romance languages, sociology, and speech and dramatic art.

Nominations should include a vita of the nominee and a signed statement describing how the nominee meets the criteria established by Dr. Byler of "outstanding character and ability in the faculty member's field."

Walton says to send nominations and supporting material to her at 114 Jesse Hall by April 1, 1980. A selection committee made up of three faculty appointed by the Dean of the College of Arts and Science will determine the award recipient.

The Byler Distinguished Professorship, established in 1968 by alumnus William H. Byler, is presented yearly at spring commencement.

### Blood drive today

An American Red Cross blood drive is being held today for the University community from 11 a.m. to 3 p.m. in Brewer Field House.

Blood donors may make reservations

## MIZZOU MONTHLY

Published the first Friday of every month except January and August by the Office of Internal Communication, University Relations Division, 329 Jesse Hall, with the cooperation of faculty and staff councils. News deadline is the last Friday of each month.

Advisory Board: Bob Rowland, David Hentges, Richard Hocks, Delmar Hatesohl, Luverne Walton, Brenda Procter, Mary Miller, Richard Lewis, Sandy Clark, Jimmie Brechbuhler, Ramona Howard.

Editor: Catherine Kernen  
882-6211

by calling Norman Lawnick at 882-7269. A goal of 75 pints of blood has been set for the drive.

### Going my way?

A staffer who drives to the Columbia campus from Jeff City would like to form a car pool. Work hours are 8 a.m. - 5 p.m. Call Janie Schultz, Computer Network, 882-2805.

### AMOCO teaching nominations requested

The AMOCO Foundation has again made funds available for the recognition of superior teaching at UMC. Two outstanding teachers of undergraduate students will be selected to receive awards of \$1,000 each, according to associate provost Luverne Walton. Nominations may originate from individual students or faculty or from departments.

Information about methods of selection, selection criteria, and procedures for making nominations is available from Walton's office, 882-6596.

### Search for songsters

The Columbia Choral Ensemble, an adult choral group open to everyone in the Columbia Community, is holding auditions for new members March 17 through 21.

The group rehearses on Tuesday evenings, from 7:30 to 9:30 p.m. at the Missouri United Presbyterian Church.

Persons interested in auditioning should contact director Christine Cox at 443-4308.

### Keller requests fast report turn-ins

Accidents that occur on the job should be reported immediately to avoid later problems collecting workmen's compensation, says safety representative Dave Keller.

When there is a delay in accident reports, it sometimes becomes difficult to establish whether the injury took place on the job.

To avoid that difficulty, Keller asks that employees immediately report any accident related to work to their supervisors.

The supervisor is responsible for inves-

tigating the accident and taking steps to prevent the occurrence of another accident, and should also fill out form UM-UW3.

These steps and others are spelled out in detail in Section 10.4 of the "Business Policy and Procedure Manual," Keller says. Persons with questions should call Keller at 882-3476.

### Youth radio festival

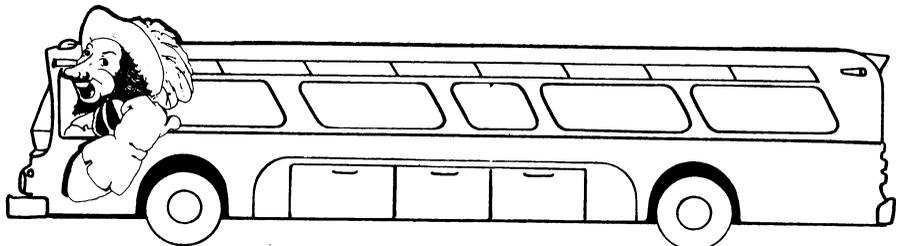

Young people between the ages of six and 21 will have a chance to write, direct and produce their own radio programs for the sixth annual "Young People's Radio Festival," conducted by radio

station KBIA.

Professional broadcasters and educators judge the best programs in four age categories and award first, second and third place cash prizes in each category.

Besides the cash prizes, each entrant will receive a free hamburger and fries from the McDonald's on the UMC campus which is underwriting the Young People's Radio Festival.

Entry blanks with guidelines on program content and recording techniques are available by sending a stamped, self-addressed envelope to KBIA, Box 758, Columbia, Mo., 65205.

### \$3 Shakespeare bus trips to Kansas City

A series of bus trips have been scheduled for persons wishing to see the exhibit, "Shakespeare: the Globe and the World" at the Nelson Gallery of Art in Kansas City. The exhibit, part of the Mid-America Shakespearean Chautauqua, features artifacts from Shakespeare's time and multi-media displays of Shakespeare's works. Bus fare is \$3 per person, and includes both transportation and the museum tour.

Project director Suzanne Carbery says the trips are possible through a grant from the National Endowment for the Humanities.

University buses will leave from the parking lot east of Hearnest at 8:30 a.m. and will make a stop in front of Memorial Union at 8:45 a.m. Cars can be parked in

the non-restricted area in the Hearnest lot. Buses will leave Kansas City at 2 p.m. for the return trip to Columbia.

Dates of the trips are the following:

Sat. March 22	Sat. April 12
Wed. March 26	Wed. April 16
Sat. March 29	Sat. April 19
Wed. April 2	Sat. April 26
Sat. April 5	

Checks for the tickets should be made payable to UMC; Carbery requests that groups pay with one check. In the event that a trip is cancelled, ticket holders will be notified in advance.

Persons can order tickets by mailing the form below to the "Chautauqua" office, or by stopping by the second floor of Kuhlman Court.

For more information, call 882-7750 or 882-7857.

# UMC rural sociologists to help increase Third World food output

To most Americans, raising goats and sheep may not hold much interest. But, to undernourished inhabitants of many Third World nations, these animals may mean the difference between life and death, according to UMC rural sociologists participating in a new agricultural program sponsored by the Agency for International Development.

Peru, Kenya, Brazil, Indonesia and possibly Morocco are the focus of an attempt to encourage production of sheep and goats, just one aspect of the overall AID program, according to Michael Nolan, chairman and associate professor of rural sociology.

"Our role is to insure that recommendations of other program participants, such as geneticists and veterinarians, are ones likely to be accepted by the people," Nolan says, "and that once accepted, they will have no unanticipated consequences."

The idea underlying the program, according to Nolan, is to apply American expertise to the problems of Third World peasants, many who exist barely above the starvation level. In a sense, by bringing expertise to the people, the program is really a kind of international land-grant program, Nolan feels.

"In order to do this effort justice we must have a very fundamental knowledge of each nation's agricultural system and the larger socio-cultural context," Nolan says. "We are in the process of establishing a Comparative Agriculture Reference Center here to pull together this information, and we'll be working with anthropologists and local experts in each country."

The first areas to be studied, beginning in 1980, are the Andean region of Peru and the tropics of Kenya. Sheep and goat production will be the major concern in both countries, but alpacas and llamas, indigenous to Peru, will also be included.

Small ruminants, such as sheep, are the poor man's animals because they can survive on diets that most larger livestock cannot. Consequently, they produce good quality protein from land where

crops can't be raised, Nolan says.

"In Kenya we hope to make sheep and goats an important part of the agricultural economy. There's a lot of plant residue, as from sugar cane, that could be fed to goats. The people now live primarily on cassava and maize, so goat meat and milk protein would really improve their nutrition," Nolan believes.

Essential to the success of any program like this is an understanding of the criteria on which local people base their decisions, Nolan emphasizes, because Western standards may not apply. For example, teaching people to raise goats is of little benefit if goat products are considered unappetizing.

"Peasant farming practices have developed over eons on the basis of what works. These people are rational and if convinced that a new idea is better, affordable and that it will increase their chances for survival, they will adopt it, given the opportunity.

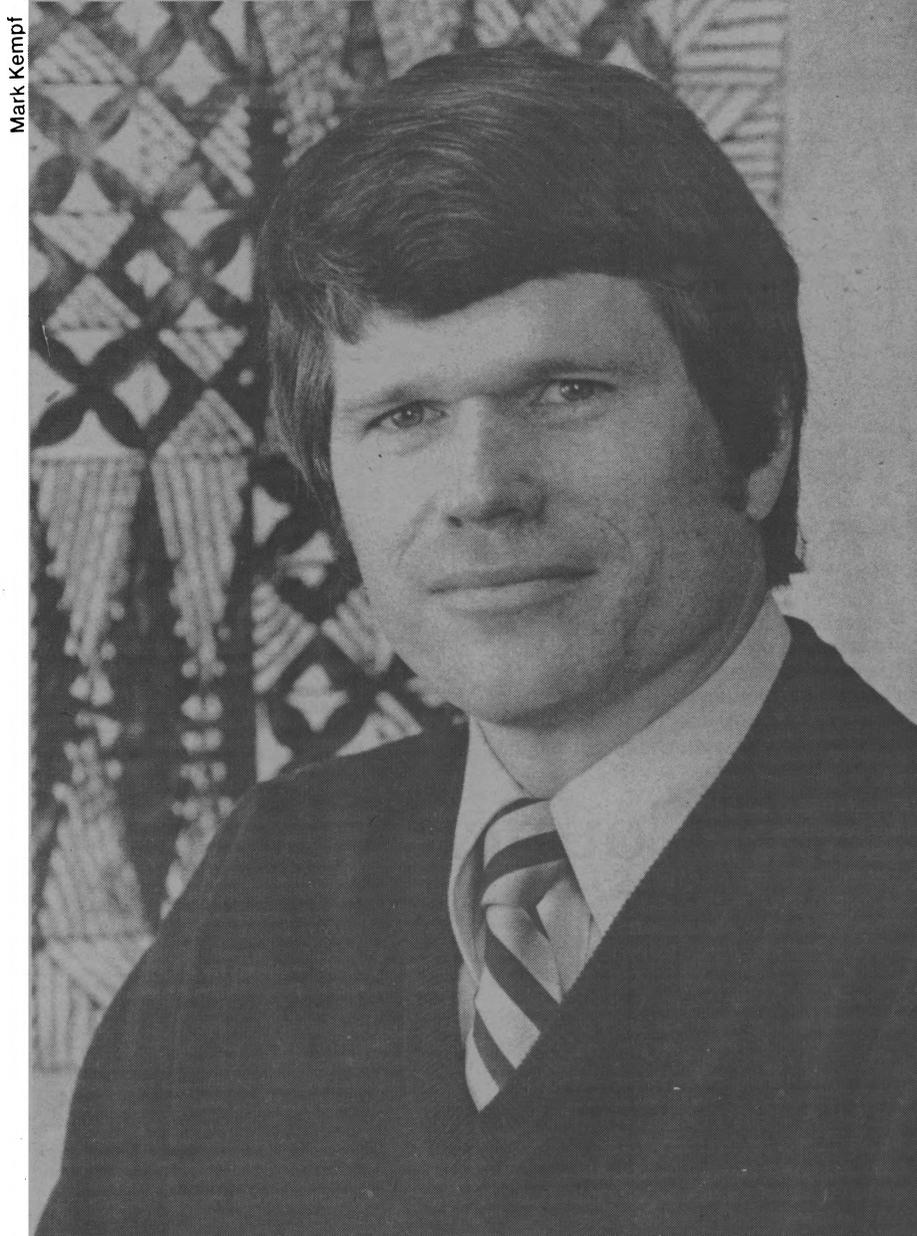

"That is why AID included rural sociologists in the program. (UMC rural sociologists are the only ones involved.) We are there to see who will benefit from new approaches, who is likely to adopt them and to foresee any unanticipated consequences," Nolan says.

UMC's rural sociology department brings some unique strengths to the job, Nolan believes, including an experienced faculty that is not "ivory tower," but which is able to communicate effectively with other program participants. Then too, most faculty members and many graduate students have already had international experience. Many graduate students are former Peace Corps volunteers, he says.

"Participation in a program like this is the sort of thing that distinguishes UMC from smaller institutions. We are living in a highly interdependent world, where for example, the weather in Russia influences the price of bread in America.

The AID program will provide UMC with approximately \$175,000 in grant money each year for five years.

—Larry Myers

Rural Sociology chairman Michael Nolan

## Staff benefits decisions expected this month

Recommendations that would strengthen the benefits program at the University and add approximately \$1 to \$1.5 million to the \$30 million spent annually on benefits are being studied by President James Olson and the chancellors of the system with a decision expected sometime this month.

No timetable has been set for action on the recommendations but legislative deadlines to get any approved recommendations included in the 1981-82 budget are approaching, according to Julia Baker, administrative manager of business operations and a member of the Retirement and Staff Benefits Committee that issued the recommendations.

What the 13-member committee of faculty and staff from all campuses recommended after more than a year of study include a new dental program with the employees and the University sharing the cost; a change in vesting requirements, the addition of cost of living increases to retirees and a plan that would provide supplementary compensation for those who wish to retire early.

The committee worked from a list of objectives and with the goal of long-range planning for the 1980s, Baker said. Changing lifestyles, inflation, and declining enrollment all played a part in the committee's decisions.

There are no assurances that the money for the recommendations will be available this year, Baker said. No money was set aside for benefits in this year's budget because it was known that the comprehensive self-study was going to be released.

The difficulty in making changes in plans and programs like the University's is that if a change is made in one plan it might have a great impact on another, she said. "Some things can't be figured in," she said. "This plan and others are made with an inflation level of 3 to 4 percent figured in. The rate for 1980 is predicted at 16.8, obviously nothing can keep up with that."

The committee recommended a plan and an alternate plan to change the vesting requirements — which are the minimum criteria needed to qualify for retirement benefits. One plan calls for elimination of the present rules of 35 years of age and 10 years of service to five years of service and no age requirement. If that plan is unacceptable, the committee recommends a graduated scale where employees would receive 50 percent of vesting after five years and an increase every year until 100 percent after 10 years.

The committee also recommended that if employees leave the university with vested benefits, a lump sum settlement be available if the amount is less than \$1,750. This takes into account that many workers do not stay in one job for 10 or 20 years but move around more now, Baker said. If the amount vested is less than \$1,750, it is just as well to let the employee take the money than to have the University keep it, she said.

The trend of a flexible workforce also moved the committee to suggest that the Employee Retirement Income Security Act (ERISA) rule of parity for broken service be adopted. An employee won't lose retirement benefits built up during a period if service is interrupted as long as the period of interruption doesn't exceed the years of prior service.

To help deal with the problem of declining enrollment, the committee recommended an optional supplementary compensation for early retirement. Baker explained that this plan would probably be carried out at the discretion of each campus and the dean or head of the department. Despite the extra money for the supplementary compensation, early retirements would generally free up more funds for departments.

Also, at present there is no cost of living adjustment in the retirement fund. While the committee considers a cost of

living increase every year and recommends an increase when needed, a new plan was recommended. The plan, tied to either the increases in the cost of living as determined by the Consumer Price Index or to not more than two-thirds of the percentage of the average salary increase for the actively employed, assures a more equitable program, Baker said.

In the medical benefits program, the committee recommended that employees not be required to enroll all dependents in the program, recognizing that a spouse might be employed elsewhere and enrolled in a different insurance plan.

While the details of the dental program, if approved, would be put out on a bid basis, the plan is conceived as a group plan with the maximum benefit available separately to each person covered under the plan at \$500 for each calendar year. The design would provide 100 percent of coverage for preventive and diagnostic dental treatment with other basic services such as crowns and prosthodontics covered to the extent of 50 percent.

The committee decided that the dental

## Faculty Council

Jan. 31, 1980

### Curators' Rap Session

Nominations were accepted for faculty participation in the Rap Session with the Board of Curators on April 15. The Executive Committee of the Faculty Council will make final determination of participants and submit names to the Chancellor.

### Academic Tenure Regulations Revisions

On behalf of a joint effort by the Academic Freedom and Grievance Committee and the Academic and Faculty Affairs Committee of Council, Richard Hoft, professor of electrical engineering, moved (seconded by Marvin Zatzman, professor of physiology) that the Faculty Council propose several changes in the Chancellors' Dec. 17, 1979 draft of the Academic Tenure Regulations. After much discussion and

several modification proposals, an amended series of changes were approved by the Council for recommendation to Chancellor Uehling.

### Chancellor's Visit with Council

Chancellor Uehling will meet with Council Feb. 21 to discuss progress of the Futures Committees and other matters as mutually agreed.

Feb. 21, 1980

### Visit with Chancellor Uehling

Chancellor Uehling reviewed the background of planning with reference to information gathering, goal setting and overall trends. She suggested that planning could be facilitated by a set of principles and an established process of decision-making. She emphasized her determination to find a consensus within the University to outline a set of common

directions for the University to be used as a basis for planning.

The establishment of the Academic and Institutional Futures Committees was reviewed and an explanation of their charges was outlined. The initial report is to delineate UMC institutional directions upon which planning principles will be based. These principles will be used to help make actual planning decisions.

The question of priorities was discussed extensively.

The problem of reallocation was addressed.

The Chancellor explained her feelings and intentions on the inventory and distribution of space.

The chancellor indicated she wanted a revision of the Academic Tenure Regulations that is approved by faculty, has reasonable expectations, and

provides adequate appeal and safeguards.

Regarding the budget process, the chancellor reported that new program requests are being evaluated with guidelines which incorporate some of the principles developed during the planning discussions.

### Announcements

Chairman West reported that representatives of faculty, staff and administration had met with Vice Chancellor Quattrocchi regarding concerns about the new WATS line policy and that Chancellor Quattrocchi was reconsidering the application of the new policy even for the March-to-May experimental period.

Respectfully submitted,  
J. M. Asplund, Recorder

## Staff Council

Feb. 14, 1980

Present: J. Brechbuhler, S. Clark, S. Cox, K. Groshong, R. Haffey, J. Ingersoll, P. Ives, A. Jones, V. Keith, R. Lewis, P. Mansfield, L. Miederhoff, J. Nichols, H. Sims.

Absent: M. Miller, B. Proctor.

The meeting was called to order by Chairman Steve Cox. The minutes were approved as mailed.

Cox read a letter from Chancellor Uehling in which she asked staff council to send a representative to a committee which will develop salary and wage guidelines. Kee Groshong volunteered.

Cox made appointments to the council's sub-committees. They are as follows:

**Recognition Committee:** A. Jones and V. Keith co-chairs; P. Ives, M. Miller, H. Sims;

**Communication Committee:** B. Procter, chair; R. Lewis, S. Clark, J. Brechbuhler, M. Miller;

**Election Committee:** R. Haffey, chair; J. Brechbuhler, P. Mansfield, J. Nichols;

**Compensation Committee:** K. Groshong, chair; L. Miederhoff, J. Nichols, J. Ingersoll, S. Clark.

A general discussion followed on appointing a Staff Development Committee. The council decided to appoint a standing

committee responsible for Budget Seminars and Personal Finance Classes. The committee will also investigate educational opportunities for staff and sabbaticals for professional staff. The following volunteered to serve on the **Staff Development Committee:** Kee Groshong and Libby Miederhoff, co-chairs; Richard Lewis, Pat Mansfield, Harold Sims and Steve Cox.

Cox asked the council for suggestions for special interest committees. Topics suggested for study included: a staff needs assessment survey; the feasibility of offering cash incentives for employee suggestions that are implemented; recommendations that might be made to Chancellor Uehling for Alumni Development Funds; the possibility of initiating a waste control management program. This program could also try to determine if there is an uneven distribution of manpower; employee rights; the feasibility of establishing a campus ombudsman; and improvement of the work environment.

Cox said he felt the two committees easiest to establish would be on a needs assessment survey and employee rights. In addition, Cox asked each council

member to turn in suggestions for special interest groups. It was decided that the special interest committees would be composed and chaired by non-council members, and that there would be one council member on each committee to serve as a liaison. Miederhoff suggested that an article outlining the committees be written for Mizzou and include an invitation to interested staff members to participate in these committees.

Cox asked Miederhoff to report on the status of the council's budget. Miederhoff said that she had received some estimates for expenses and asked for suggestions for other inclusions. She suggested that we wait until the end of FY1979/80 to establish the council's budget.

Cox asked Miederhoff to report on the work of the Resource Management Council (RMC). Miederhoff reported that the RMC has met twice and will begin meeting weekly. At present they are working on the 1981-82 budget which has a March 14 deadline; then they will begin work on the 1980/81 guidelines. This year, in addition to looking at what has been requested, the RMC will also see if possible allocations have been overlooked that should have been requested.

Chairman Alan Jones reported that the

Recognition Committee has suggested a program for staff recognition week. In addition to the four monetary awards to be presented, Cathy Kernen, manager of internal communication will be working with the council to publicize staff achievements. Also, the committee has set up four other programs for staff. They include: a talk by Walter Johnson on the economic aspects of the University as they affect staff; Ramona Howard, director of personnel, speaking on employee rights; and a "rap" session for questions and answers between Chancellor Uehling and staff. Jones said the committee, with the help of Kernen, also is trying to bring in a nationally known figure to speak. Jones outlined the mechanics of the nomination and selection process for selecting outstanding staff; the committee will ask faculty and students to serve with council members.

Miederhoff reported to the council that interviews for the Vice Chancellor for Administrative Services are being held and it is hoped that a decision will be made soon.

The meeting adjourned at 3:30 p.m.  
Next meeting: March 13, 1980; 1 p.m., S204 Memorial Union.

Patricia K. Ives, Recorder

### BENEFITS from page 3

program seemed to be the one additional area where the University was lacking and that developing a dental program is necessary to keep in step with the 1980s, Baker said.

During the 13 months the committee worked on the self-study, they compared the University's programs to others. The committee also engaged a consultant from Tillinghast, Nelson and Warren, who was experienced in benefit programs of educational institutions. Actuaries, forums open to the employees and the Columbia campus Faculty Council's Task Force on Staff Benefits all contributed to the committee's report.

Since the committee's report came out in February, Baker says she has received positive feedback about the committees recommendations. An added highlight has been an increased awareness among employees about what kinds of benefits are offered, she said.

The report, including tables and an evaluation of the existing programs, is available from the University Relations Division, 329 Jesse Hall, 882-6211.

—Carol Zuegner

## 1980 Staff Council Directory

Need to contact a member of staff council? The following is a listing of the 1980 staff council members, with campus mailing addresses and phone numbers:

Jimmie Brechbuhler, 223 Eckles, 882-7552;  
Sandy Clark, 112 Stephens Hall, 882-3436;  
Steve Cox (Chair), 110 Tucker Hall, 882-4068;  
Kee Groshong, 311 Jesse, 882-7547;  
Ron Haffey (Vice Chair), Vet Teaching Hospital — Room 108, 882-8348;  
Joy Ingersoll, Medical Records — Med Center, 882-8132;

Pat Ives (Recorder), Search/Catalog 113 Ellis Library, 882-4656;  
Alan Jones, Library — Gifts & Exchange, 882-4757;  
Vicky Keith, 1 Gentry Hall, 882-6621;  
Richard E. Lewis, 110 General Services/Electric Shop, 882-2638;  
Pat Mansfield, Purchasing — General Services, 882-3201;  
Libby Miederhoff, 23 Jesse, 882-2852;  
Mary K. Miller, Rollins Hall Cafeteria, 882-6815;  
Jerry Nichols, 110 General Services/Steam Shop, 882-8361;  
Brenda Proctor, 514 S. Fifth, 882-2491;  
Harold Sims, Power Plant — 110 General Services, 882-3477.

**E. Lee Forker** has joined the faculty of the UMC School of Medicine as professor of medicine and chief of the division of gastroenterology and liver disease. He came from the University of Iowa Hospital and Clinics where he had been chief of the liver service.

Forker succeeds Dr. Daniel Winship as chief of gastroenterology. Winship remains on the faculty as professor of medicine and now serves as chief of medical services at the Harry S Truman Veterans Administration Hospital.

Widely published as an investigator of liver physiology, Forker is the associate editor for liver physiology of the American Journal of Physiology and serves on the editorial board of the Society for Experimental Biology and Medicine.

Four persons who have made major contributions to society as engineering executives will be honored by the College of Engineering March 14. The annual Honor Awards for Distinguished Service in Engineering will go to the following:

**Stanley H. Fistedis**, manager of the engineering mechanics program, reactor analysis and safety division, Argonne National Laboratory, Argonne, Ill., who initiated and developed the technology for the containment of liquid-metal cooled faster breeder reactors.

**Robert E. Nebel**, vice president, Brown & Root Inc., Houston, Tex.; managing director, Brown & Root Proprietary, Ltd., Australia; and vice president and director, Panamanian subsidiary of Brown & Root, Inc. Nebel is an authority on business conditions related to engineering and construction in many different countries.

**Michelangelo Pedicini**, associate director of engineering, Procter & Gamble, Cincinnati, Ohio. Pedicini is head of P&G's project management department with responsibility for design, construction, start-up of new plants and major production facilities.

**Dorothy Simon**, corporate vice president for research and chief technical officer, AVCO, Greenwich, Conn., one of the scientists who pioneered research at DuPont on the fibers which became Orlon and Dacron.

**Philip Jen**, assistant professor of biological sciences, has been awarded the prestigious Research Career Development Award by the National Institute of Health.

The five-year award, worth approximately \$180,000 to the University, will pay Jen's salary, giving the biological sciences department more flexibility and Jen the opportunity to conduct research, says A. Eisenstark, professor and director of the department.

Jen has been on the UMC faculty since 1975. His current research interest is in the neurobehavioral study of the bisonar system of echolocating bats. The research involves studies on the avoidance of moving and stationary obstacles by bats and on the coordinated activities in the middle ear and laryngeal muscles of echolocating bats.

He has been a visiting research assistant at Washington University, and has had numerous papers published and presented in both English and Chinese.

**C. Edwin Vaughan**, associate professor and chair of sociology and rural sociology, has been named director of the UMC Center for Aging Studies. He has served as a member of the center's policy council, chaired the campus extension committee on aging and currently is the co-director of the Joint Centers for Aging Studies.

Vaughan replaces Lee Cary, who served as center director for four years. Cary will continue to participate in the center's training programs but requested to be relieved as director so that he could devote more time to teaching and research in regional and community affairs.

**Linda L. Collier** was recently appointed assistant professor of veterinary pathology in the College of Veterinary Medicine. Previously, she had been a research associate with the department of veterinary microbiology and pathology at Washington State University, where she received her Ph.D. in 1979. Collier was awarded the DVM degree with distinction from New York State College of Veterinary Medicine at Cornell in 1975. Her academic honors include Phi Kappa Phi and Phi Zeta.

**Dean L. Basel** has been appointed resident in the College of Veterinary Medicine's department of veterinary pathology. Previously, he was in a private mixed animal practice in Saginaw, Michigan. Basel received his DVM degree with honors from Michigan State University in 1978; he is a member of the Society of Phi Zeta and the American Association of Bovine Practitioners.

Shipley: Chairperson, advertising department

**Linda J. Shipley**, associate professor, has been appointed chair of the UMC School of Journalism's advertising department, according to Dean Roy M. Fisher. Shipley succeeds Frank L. Dobyms, who is on a sabbatical leave.

Shipley, on the UMC faculty since 1974, received her Ph.D. from the University of Pennsylvania, an M.A. from UMC and a B.A. from the University of Nebraska. She has been a research associate for Management Behavioral Sciences, Inc., New York, and Psychological Associates, St. Louis, Mo.

**Marjorie Barnes Bodard** has been named Woman of the Year by the Boone Belle's Chapter of the American Business Women's Association (ABWA). The announcement was made at the Chapter's monthly meeting Feb. 18.

Bodard, an administrative associate II in charge of budget and payroll for the UMC School of Medicine, has been with the University for 12 years, holding various positions in both the UMca and UMC central budget offices. She is a member of the Board of Directors of the Booneslick Chapter of the March of Dimes Birth Defects Foundation, has served as Area Chairman for the Mothers March on Birth Defects for two years, is Vice President of the Brown Station Road Neighborhood Association, serves on the School/Community Relations Committee at Blue Ridge School and the Minority Affairs Committee, UMC. She is currently Treasurer of the Boone Belle's Chapter of ABWA.

Annually, each ABWA chapter selects one of its members for the award.

**Leonard Douglas**, vice provost for extension, has been elected to the board of directors of the Council on Extension and Continuing Education of the National Association of State Universities and Land Grant Colleges.

Elected for the one-year term at a recent national convention, Douglas says his responsibilities include helping to plan programs that allow representatives from the institutions to meet to exchange ideas and supporting the development of extension and continuing education policies and programs. The council also advises the institutions on national legislation.

Douglas has been with the University since 1966 and has been assistant and associate dean of extension.

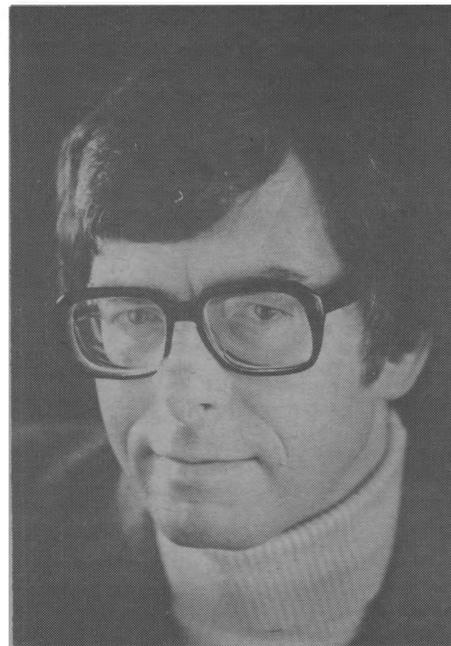

**Blake Danuser**, formerly assistant director of admissions, assumed the position of coordinator, employee relations March 1.

As coordinator, Danuser will report to Personnel/Employee Relations Director Ramona Howard, and will work in labor relations. He will also provide general support to Howard in analyzing policies and practices which affect the academic, service and support staff work environment.

Danuser received a bachelor's degree in English and M.Ed. in Higher and Adult Education from UMC, and a Ph.D. in Higher and Adult Education with support areas in law and administration in 1978 from UMC. From 1971 to 1973 he was assistant director of admissions and director of financial aid at The Lindenwood Colleges, St. Charles, Missouri. Since that time he served as assistant director of admissions at UMC.

**Charles W. Gehrke**, manager of UMC's Experiment Station Chemical Laboratories, was presented the Kenneth A. Spencer Award Feb. 14 by the Kansas City Section of the American Chemical Society.

The Spencer Award is presented each year to an individual who has made meritorious contributions to the field of agricultural and food chemistry. The award includes a medal and \$1,000 honorarium.

Lee: Director, health sciences relations

**Robert H. Lee**, health sciences writer for the University of Minnesota News Service, will join UMC April 1 as director of health sciences relations.

Lee has been a member of the University of Minnesota staff since 1967 when he established the Health Sciences Information Office there. He has handled liaison with news media and managed a variety of publications for both internal and external audiences.

He has twice served as acting director of the University of Minnesota News Service.

From 1963 to 1967, Lee was a newspaper reporter in Mitchell, S.D. and Austin, Minn. His journalism degree is from the University of Minnesota.

The position Lee will assume is a part of the reorganization of UMC university relations functions announced earlier this month by director of University Relations Sharon Yoder.

**Alan M. Yount**, library assistant I, Ellis Library, received a master's degree in library and information science from UMC in December. He graduated with honors and is eligible for Beta Phi Mu, the international library and information science honor society.

The following employees received promotions recently. At the Missouri Institute of Psychiatry: **Connie Cogswell**, from buyer to administrative associate II;

On the Columbia campus: **Tina Marie Acton**, from laboratory attendant to laboratory assistant; **Laura Adeline Allen**, from graduate practical nurse to L.P.N.; **Donna C. Boucher**, from clerk II to clerk typist II; **Marie Bramblett**, from accounting clerk to senior clerk; **Cynthia Brooks**, from staff nurse to head nurse; **Constance Cogswell**, from buyer to administrative associate II;

**Charlene Ingram**, from hospital unit clerk to staff assistant; **John R. Kemp**, from machinist to resident engineering technician; **Dorothy Marsh**, from operating room technician to certified operating room technician; **Kelly McHenry**, from television director to senior television director; **Gayle Meyer**, from graduate practical nurse to L.P.N.; **Fremont Mohme**, from custodian to housekeeping supervisor.

# Footnotes

A compilation of the activities of UMC faculty and staff

**Sarah Brown**, data entry operator I, will have been with the University 10 years in September.

**Linda Easley**, assistant manager for accounting services with the Office of the Vice-President for Administrative Affairs, has been with the University for 15 years in February.

**Elaine Schrader Gray**, fiscal assistant in the Missouri Kidney Program, will receive her 10 year service award from the University in September.

**Bob Brock**, director of the Memorial Union, will have worked 10 years for UMC in September.

**Department of Agricultural Economics**  
"The American Farm" by **Harold Breimyer**, professor, appears in the 1980 Year Book of Collier's Encyclopedia.

#### Campus-wide

Several faculty and staff members have contributed to a new book about the state, "Pause in Missouri." A project of the Missouri State Division of the American Association of University Women, the large paperback contains more than 100 illustrated articles about people, places and events.

**Paul Fisher**, professor of journalism, designed the book. **Carl Chapman**, professor of anthropology and his wife **Eleanor**, an archaeological illustrator, prepared a special section on "Archaeology and the Indians of Missouri."

Other contributors include: **Suzanne Fitzgerald Dunlap**, research associate in counseling and personnel services, as senior editor and career consultant; **Diane Brukardt**, acting director of Student Health Service, editor and regional liaison; **Katharine Payne**, chief, medical illustration section, pilot program specialist; **Betty Cook Rottmann**, senior information specialist, editor; **Vera Kroencke**, recently retired librarian, assistant editor-coordinator.

Sales of the book will benefit the AAUW Educational Foundation, which provides graduate fellowships for American and international women.

#### Department of Dairy Husbandry

**Irving Joshua**, assistant professor, has published "Development of a Specific Appetite for Calcium in Growing Broiler Chicks" in *British Poultry Science*, Vol. 20, pp. 481-90, 1979. He co-authored the paper with **Werner Mueller**, professor, Pennsylvania State University.

#### College of Education

**Carolyn Dorsey**, coordinator of black studies and assistant professor of higher education, recently served on a U.S. Office of Education panel reviewing applications for the office's special services for disadvantaged students program.

**Richard Robinson**, professor, wrote a guest editorial that appeared in the Winter, 1980 issue of *Reading Horizons*. The editorial, called "Thoughts on Books and Reading" included a sampling of more than 200 years' worth of thoughts famous people have had about reading and books. Robinson has also been invited to serve on the advisory board of *Reading Horizons*, which is published quarterly by the College of

**Phil Miller**, sergeant, University police, will have completed 16 years with the University this year.

**Esther Tiffany**, senior secretary with the Office of the Vice-President for Administrative Affairs, will receive her 15-year service award from the University in June.

**Harri Palmer**, senior secretary, will have been with the University 10 years in October.

**Billy Westbrook**, broadcast engineer II, will receive recognition from the University for 25 years' service this month.

Education of Western Michigan University.

**Floyd Delon**, professor, will deliver the keynote address at a conference sponsored by the National Association of Secondary School Principals, Feb. 17-19 in Tulsa, Okla. Theme of the conference is "Legal Update: What's Happening, What It Means."

#### Department of Extension Education

**Charles Campbell**, associate vice provost, will deliver the primary address on "Leadership Development" at an April 7 symposium for Springfield public school teachers.

#### College of Engineering

The College of Engineering has received a \$100,000 bequest from the estate of **James Dowell**, a former engineer with General Electric Co. in Pittsfield, Mass., and a 1926 graduate of UMC.

The gift will be used to establish the James C. Dowell Engineering Fund. Possible uses for the fund's income are establishment of student scholarships and/or a James C. Dowell Professor of Engineering.

#### Department of English

**Donald Drummond**, retired professor, has published *New and Selected Poems, 1938-1978*.

**John Foley**, associate professor, has published a review of David Bynum's *The Daemon in the Wood: A Study of Oral Narrative Patterns in the Slavic and East European Journal*.

**Timothy Materer**, professor, has published *Vortex: Pound, Eliot and Lewis* with the Cornell University Press.

**Russell Meyer**, assistant professor, has published two articles: "Fool and Fool Makers: Types of Comic Characters in Renaissance Literature" in the *Journal of the Rocky Mountain Medieval and Renaissance Association* and (with William Powers and John Cook) "The Effect of Compulsory Writing on Writing Apprehension," in *Research in the Teaching of English*.

**M. Gilbert Porter**, associate professor, has published an article on "Toby's Last Stand: The Evanescence of Commitment in *A Delicate Balance*" in *Theatre Journal*.

**John R. Roberts**, chairman and professor, has published *Essential Articles for the Study of George Herbert's Poetry* (Archon Books), the first collections of essays on Herbert ever published.

**John Foley**, associate professor, presented a paper on "Formulaic Befuddlement: Olde English and Indo-European Prosody" to the Oral/Traditional Arts session of the Rocky Mountain Modern Language Association in Albuquerque in October.

**Winifred Horner**, assistant professor, has been elected to the executive committee of the Division on the Teaching of Writing of the Modern Language Association.

**Mary Lago**, professor, read a paper on "Stereotypes Observed: Comments on India from E. M. Forster's Unpublished Letters," and presided at a panel on "Fictional Stereotypes in Novels About India" at the Eighth Annual South Asia Studies Conference at the University of Wisconsin-Madison in November.

**Russell Meyer**, assistant professor, has been selected as secretary-treasurer of the Spenser Society.

**John Roberts**, chairman and professor, conducted a panel for Ph.D. job-seekers and presented a paper on "Enumerative Bibliography: The Problems of Annotation" at the Modern Language Association meeting in San Francisco in December. In November, he was secretary of the bibliographical section at the Midwest Modern Language Association meeting in Indianapolis and was elected chairman of that section for 1980.

**Thomas Quirk**, visiting assistant professor, presented a paper on "Tribal Jurisdiction and Tony Hillerman's 'Dance Hall of the Dead'" at the Rocky Mountain Modern Language Association meeting in Albuquerque in October.

#### School of Health-Related Professions

**Kenneth Bopp**, lecturer, had a \$44,896 grant application approved by the Bureau of Health Manpower, Health Resources Administration in the Department of Health, Education and Welfare for Mid-Career Training in Health Administration/Planning.

Other faculty members of the Health Services Management Division who will be involved in the training program for practicing hospital planners are: **Jack Heil**, instructor; **Lanis Hicks**, assistant professor; **Dan Harris**, assistant professor; **Genie Shuller**, instructor and **Gayle Lane**, instructor.

#### Department of History

**Robert Rowland Jr.**, professor, presided at a session on "Archaeology and the Provinces of the Roman Empire" at the annual meeting of the American Philological Association in December 1979.

**Harold Crane**, conference assistant, Conferences & Short Courses, has worked 10 years for the University.

**J. Frank Roberts**, associate director of registrar and admissions, will receive his 25 year service award in September.

**Emma Heibel**, library clerk II, will receive her 10-year service award from the University in October.

**Bette Dorrel**, fiscal assistant with the Office of the Vice-President for Administrative Affairs, will have been with the University for 15 years in August.

**Dennis Mueller**, associate professor, is co-director of the program and **Eldon Wahlers**, instructor of German, is the assistant director.

Schroeder is presently working on a \$7,500 grant from MCH preparing a slide-tape program on "Missouri Origins: The Landscape of Home."

Schroeder, who is second vice president of the Delta Phi Alpha, national German honorary society, spoke on "Toward the Development of a German Folklore Course" at the group's annual meeting in San Francisco Dec. 29. While he was in San Francisco, he also spoke on "Place Name Research in Missouri" at the annual meeting of the American Name Society, Dec. 30.

#### College of Home Economics

**Richard Helmick**, associate professor, spoke on "Experimental Uses of Computer Graphics in Interior Design and the Visual Arts" at an extension workshop called "Living With Change." The workshop was held in the J. C. Penney Building on the UMSL campus Nov. 1.

#### School of Medicine

**Robert Jackson**, professor emeritus of pediatrics, authored a three-part series of articles on "Insulin-Dependent Diabetes in Children and Young Adults," appearing in the scientific journal *Nutrition Today*.

#### Ophthalmology Department

The ophthalmology department has received a \$7,500 grant from Research to Prevent Blindness, Inc. Department chairman **Robert Burns** says the money will be used to aid the ophthalmology department's research efforts.

#### Research Reactor

**James Carni**, senior research specialist, **W. D. James**, senior research scientist and **S. R. Koirtzyhann** have published a paper "Stable Tracer Iron-58 Technique for Iron Utilization Studies" in *Analytical Chemistry* Vol. 52, 1980.

**Jon Meese**, senior research scientist, has been invited by the Missouri Academy of Science Conference in April to be the papers judge for engineering.

**Charles Nauert Jr.**, professor, has been named chairman of the Herbert Baxter Adams Prize Committee of the American Historical Association. This committee awards an annual cash prize to the author of the best book of the year published in the field of European history.

#### Department of Germanic and Slavic Studies

**Dennis Mueller**, associate professor of German, has been appointed bibliographer for the *Festschriften* section of the *Modern Language Association International Bibliography*, the major bibliographic tool in languages and literature.

He also presented a paper on "Games with Love and Death in the Works of Arthur Schnitzler" at the seventh annual Conference on Twentieth Century Literature in Louisville, Ky., in February, 1979. In March, 1979, he read a paper on "Patricia Highsmith and the Filming of Her Novels by Alfred Hitchcock and Wim Wenders. A Contrast in Cultural Difference Between the United States and Germany," at the Purdue Conference on Film.

**Naomi Ritter**, assistant professor of German, read a paper on "Pantomimes in the New Edition" at the annual meeting of the Modern Language Association of America in San Francisco Dec. 28. She also chaired and organized a panel on "The Circus Motif in Modern Literature" for the meeting.

**Adolf Schroeder**, professor of German, has received a \$3,053 grant from the Missouri Committee for the Humanities, Inc., to support a conference on "The Immigrant Experience: German Life in Missouri" April 18-19 in conjunction with the National Symposium of the Society for German American Studies, which is meeting at UMC.

#### Department of Romance Languages

**Margaret P. Sommers**, associate professor, has published an article, "The Cymbalum's Shepherdess: Mysticism or Satire?" in *Bibliothèque d'Humanisme et Renaissance*, XLI (1979).

**Allen Thiher**, associate professor, published an essay, "Mythe et modernisme," in *L.F. Celine IV (La Revue des Lettres Modernes)*, fall 1979.

**Michael Ugarte**, assistant professor, presented a paper, "La critica literaria de Juan Goytisolo," at the Congreso de la Novela de Posguerra in San Juan, Puerto Rico, in November.

#### Department of Sociology

**Judith Burke**, assistant professor, and **Donna Baudendistal**, MSW with the Special School District of St. Louis County, have been asked to present the Author's Forum at the Council on Social Work-Education-Annual Program meeting, as co-authors of "Family Therapy: Does It Perpetuate Sexism?"

**Barry Levin**, professor, chaired a session on Preventive Mental Health Services to Older People and presented a paper on the same subject with emphasis on ethnic minorities of color at the annual meeting of the American Public Health Association in New York City, Nov. 7.

**College of Veterinary Medicine**

**J. R. Coffman**, professor, presented "Equine Internal Medicine" and the Dean's All College Lecture "Laminitis" at Kansas State University, Manhattan, Nov. 2.

**C. J. Bierschwal**, professor, presented "Retained Placenta in the Dairy Cow" at the annual meeting of the American Association of Bovine Practitioners in San Antonio, Texas, Nov. 27-Dec. 1.

**M. J. Bojrab**, professor, presented "Superficial Cosmetic Surgery," "Disc Surgery," "Hernia" and "Surgery of the Head and Neck" to the New Orleans Veterinary Medical Association, New Orleans, La., Dec. 1.

**R. M. Corwin**, associate professor, presented "Controlling Parasites in Swine," for the Southwestern Illinois Swine Health Seminar in Belleville, Ill., Dec. 4.

**C. M. Trim**, associate professor, has published "Anesthesia and the Kidney" in *Comp Cont Educ* 1, 11:843-847.

**J. N. Berg**, associate professor, **L. J. Cruise**, instructor; **W. H. Fales**, assistant professor; **L. G. Morehouse**, professor and **R. L. Jones**, research associate, presented papers at the 60th annual meeting

Respiratory Problems in English Bulldogs" to the St. Louis Dog Breeders' Association, Nov. 27.

**D. C. Blenden**, professor, presented "Animal Bites and Rabies" to the Columbia Downtown Optimists' Club, Nov. 5. He appeared as the Chancellor's Emmissary.

**L. A. Corwin Jr.**, professor, presented "Veterinary Nuclear Medicine Experience at the University of Missouri" for the Veterinary Nuclear Medicine Program held at the University of Illinois, Champaign-Urbana, Nov. 14-16.

**S. G. Stoll**, associate professor, presented "External Splintage" at a three-hour seminar for the Kansas City VMA, Kansas City, Kan., Nov. 15.

**C. J. Bierschwal**, professor, presented five papers at the 17th annual International Stockman's School, held Jan. 6-10 in Tucson, Ariz. The papers were:

"Pregnancy Examination - Clinical Examination versus Milk Progesterone Assay," "Management of Postpartum Uterine Infections in the Dairy Cow," "Management of Anestrus-Physiologic (Cyclic) Type," "Management of Cystic Ovaries in the Dairy Cow," and "Prevention of Disease in the Newborn Dairy Calf."

**Mary Frances Potter**, administrative associate in the Journalism School dean's office, received recognition from the University for 10 years' service in February.

**Bettie Jean Koelling**, executive staff assistant in the Journalism School dean's office, will receive her 10-year service award from the University in July.

**Ruth Souder**, food service worker I, Memorial Union, will receive her 10-year award this month.

**Gary Cunningham**, library assistant I, will receive his 10-year service award from the University this month.

**Margy Harris**, student service advisor for the Center for Student Life, will have been with the University for 10 years in September.

**Helen Bachman**, supervisor of records and transcripts, has been with the University 10 years in February.

**Wanda Mae Wells**, administrative associate, will receive her 15-year service award from the University in September.

**Carolyn Kemper**, administrative secretary in the Graduate School office, has been with the University 10 years in February.

**A. B. Kier**, assistant professor, presented "Pathogenesis of Experimentally Induced Feline Cytotoxicosis" at the annual conference of Research Workers in Animal Disease in Chicago, Nov. 26.

**R. H. Lentsch**, resident associate, **J. E. Wegner**, professor, and **D. R. Owens** published "Comparison of Techniques for Primary Isolation of Respiratory Mycoplasma pulmonis from Rats" in *Infection and Immunity*, 2, 2:590-593.

**R. G. Elmore**, assistant professor, **R. S. Youngquist**, associate professor, **C. J. Bierschwal**, professor, **D. J. Kesler** and **H. A. Garverick** have published "Reproduction Hormones Associated with the Ovarian Cyst Response to GnRH" in *Therio*, 12, 2:109-114.

**D. Vaillancourt**, resident associate, **C. J. Bierschwal**, professor, **D. Ogwu**, resident associate, **R. G. Elmore**, assistant professor, **C. W. Martin**, professor, **R. S. Youngquist**, associate professor and **A. J. Sharp** have published "Correlation Between Pregnancy Diagnosis by Membrane Slip and Embryonic Mortality," *JAVMA*, 175, 2:466-468.

**College of Veterinary Medicine**

**W. Whittick**, associate professor, presented "Orthopedic Practice Tips and Workshop" at Toronto, Canada, Jan. 23.

**M. J. Bojrab**, professor, presented "Surgery of the

Respiratory System" at the 96th annual meeting of the Indiana VMA in Indianapolis, Jan. 26.

**P. K. Sharma**, dean of the faculty of veterinary science at Assam Agricultural University in India, visited the University in January. He toured departments in the colleges of Veterinary Medicine and Agriculture and spoke with faculty and administrators about the University's teaching, research and extension programs.

**C. J. Bierschwal**, professor, presented "First Aid for Calving" to cow-calf producers in the Lakes County Extension Area, Branson, Feb. 12.

**C. J. Bierschwal**, professor, presented "Herd Management During the Calving Season" for the Northeast Missouri Area Beef Producer Workshop, held in Downing, Jan. 30.

**D. G. Thawley**, assistant professor, presented "Role of Acquired Immunity in Disease Control Programs," at the USDA Workshop on Preventive Medicine held Feb. 2-6 in Fort Worth, Texas.

**H. E. Jensen**, professor presented "Acute Eye Problems" and "Ophthalmology for the General Practitioner" at the Iowa VMA meeting Feb. 3-5.

**L. C. Faulkner**, professor, and **M. H. Pineda** published "Biomedical Considerations," Chapter 7, pp. 56-80, in *The Handbook of Animal Welfare*, ed. by R. D. Allen and W. H. Westbrook, W. Garland STMP Press.

of the Conference of Research Workers in Animal Disease in Chicago, Nov. 26-27. Titles and authors of papers were:

"Ultrastructure of Fusobacterium necrophorum biotypes A, AB and B" — **Berg**.

"Ultrastructural Studies of Uveoscleral Flow in the Dog" — **Cruise**.

"Recovery of Streptomycin-Sensitive Contagious Equine Metritis Microorganism in Missouri" (co-authored by **B. Blackburn**, **R. Youngquist**, **W. Braun**, **L. Schlater** and **L. Morehouse**) and "An Investigation of Antibiotic Resistant Patterns of Pasturella spp. Recovered in Missouri from Cattle with a Shipping Fever Complex" (co-authored by **R. Miller**, **L. Kintner**, **S. Nelson** and **L. Selby**) — **Fales**.

"Pathogenesis of Experimentally Induced Feline Cytotoxicosis" (co-authored by **A. Kier**) — **Morehouse**.

"Evaluation of Brucella Specific Whole Blood Lymphocyte Transformation Test Responses for the Diagnosis of Brucella abortus Infection of Guinea Pigs" (co-authored by **G. Buening** and **W. Fales**) — **Jones**.

**R. L. Jones** also presented "Immunogenicity of Lipophilic-Coated Brucella Antigens in the Guinea Pig" (co-authored by **G. Bruening** and **W. Fales**) at the annual meeting of the Brucellosis Research Conference in Chicago, Nov. 23-25.

**J. D. Rhoades**, associate professor, presented "Infertility in the Bitch" to the Jefferson City Kennel Club, Nov. 27.

**M. J. Bojrab**, professor, presented "Upper

**C. Moore**, resident, presented "Ophthalmology for the General Practitioner" at the Northeast Missouri VMA meeting in Palmyra, Jan. 10.

**J. D. Rhoades**, associate professor, presented "Canine Nutrition" to the Kansas City Collie Club, Jan. 12 in Kansas City.

**L. A. Selby**, associate professor, **R. M. Corwin**, associate professor and **H. M. Hayes Jr.**, have published "Risk Factors Associated with Canine Heartworm Infection" in *JAVMA*, 176, 1:33-35.

**C. M. Trim**, associate professor, presented "Anesthesia and Intensive Care" as a three-hour seminar for the Southwest Missouri YMA, in Springfield, Jan. 5.

**B. D. Jones**, assistant professor, presented "The Use of Endoscopy in Small Animal Veterinary Medicine" to the Tennessee VMA in Memphis, Jan. 6.

**H. E. Jensen**, professor, has published "Canthus Closure" in *Compend Contin Educ Pract Vet*, 1 10:735-741 and "Keratitis Sicca and Parotid Duct Transplantation" in *Compend Contin Educ Pract Vet*, 1 9:721-726.

**P. Roudebush**, assistant professor and **J. Burns**, resident, have published "Pleural Effusion as a Sequela to Traumatic Diaphragmatic Hernias: A Review of Four Cases," *JAAHA*, 15, 6:699-706.

**Roudebush** also published "Laboratory Evaluation of Coagulopathies Due to Vitamin K Antagonism in the Dog: Three Case Reports," (co-authored with **R. A. Green** and **C. L. Barton**) in *JAAHA*, 15, 6:691-698.

**Harry Wilson**, broadcast engineer II, will have been with the University for 20 years in August.

**Mary Martin**, senior administrative assistant with the Office of the Vice-President for Administrative Affairs, will receive her 25-year service award from the University in June.

**Ellen Gage**, food service worker II in the Memorial Union, will complete 10 years with UMC in September.

**Kathryn Hartel**, administrative assistant in personnel services, will receive her 15-year service award from the University in December.

## Benches added in Jesse Hall

Waiting in Jesse Hall will be a little more comfortable now with the addition of 10 benches on the first and second floors. The long, natural wood seats offer a place to relax, chat or glance through a newspaper. The benches were funded through the student capital fee improvement fund and the office of the vice chancellor for administrative services.

# This week

All events are free unless otherwise noted.

## 7 Friday

**U.S. Supreme Court Justice Luncheon with William Rehnquist:** noon, Memorial Union. Price is \$2.50.

**Perspectives of Energy Course:** "Nuclear Energy," W. Miller, 1:40 p.m., 2-16 Agriculture.

**Horticulture seminar:** "Proper Use of Visuals," Dick Lee and Duane Dailey of the Agriculture education office, 3:40 to 4:40 p.m. 2-11 Agriculture Building.

**Psychiatry visiting speakers program:** "Mental Health Research: Current Policy Issues," Frank Sullivan, NIMH Research Advisory Group, 1 p.m., Kohler Aud., Missouri Institute of Psychiatry, 5400 Arsenal St., St. Louis.

**Women's Indoor Track:** AIAW National Indoor Championships, Hearnes Fieldhouse. Sessions at 3 and 8 p.m. Tickets are \$2. Call 882-2386.
